**COUNTY GOVERNMENTS  
BUDGET IMPLEMENTATION REVIEW REPORT**

**FIRST QUARTER OF FY 2025/26**

**NOVEMBER, 2025**

## FOREWORD

The County Governments' Budget Implementation Review Report (CBIRR) for the first quarter of FY 2025/26 provides an analysis of the budget performance of the forty-seven County Governments. It examines various aspects, including receipts into the County Revenue Fund, issues related to the exchequer, expenditures, and funds absorption relative to the approved budget. Additionally, the report tracks pending bills and revenue arrears. It identifies key issues that hindered budget implementation during the period and offers recommendations to address these challenges.

This report is prepared per Article 228 (6) of the Constitution, which mandates the Controller of Budget to submit a report on the implementation of the budgets of the National and County Governments to each House of Parliament every four months. Furthermore, it aligns with Section 9 of the Controller of Budget Act, 2016, which outlines the required contents of budget implementation reports. The report serves as a means for the Controller of Budget to disseminate information on budget implementation at the County Government level, as stipulated in Section 39(8) of the Public Finance Management Act, 2012.

To compile this report, financial and non-financial data were reviewed and analysed, including reports submitted to the Controller of Budget under Sections 166 and 168 of the Public Finance Management Act. It draws on data from the Integrated Financial Management Information System and the approved FY 2025/26 budgets. Continuous monitoring of budget implementation by the Office of the Controller of Budget further enhanced the findings of this report.

This report will be valuable to the Legislature and Executive branches of County Governments, as well as the public, by increasing awareness of budget implementation and improving the management of public funds. I encourage the public and other stakeholders to use this report to scrutinise how County Governments are utilising public funds.

The preparation of this report was made possible through the dedication and hard work of the Controller of Budget staff and County Government personnel, whom I would like to acknowledge and greatly appreciate.

The report is also available at <https://cob.go.ke/>.

FCPA Dr Margaret Nyakang'o, CBS

CONTROLLER OF BUDGET

## EXECUTIVE SUMMARY

This is the first-quarter County Budget Implementation Review Report (CBIRR) for FY 2025/26, covering the period from July 2025 to September 2025. The report is prepared in fulfilment of the requirements of Article 228(6) of the Constitution of Kenya, 2010 and Section 9 of the Controller of Budget Act, 2016. It provides an overview of budget implementation across all 47 County Governments during the period under review by analysing revenue and expenditure performance. In addition, it highlights the challenges experienced and provides appropriate recommendations for future improvements.

The combined County Governments' budgets for FY 2025/26, as approved by the County Assemblies, amounted to Kshs.603.72 billion, comprising Kshs.217.80 billion (36 per cent) allocated to development expenditure and Kshs.385.92 billion (64 per cent) allocated to recurrent expenditure. The allocation for development expenditure conforms to section 107(2)(b) of the PFM Act, 2012, the Public Finance Management (PFM) Act, 2012 requirement, which mandates that at least 30 per cent of the budget be dedicated to development expenditure.

To finance the FY 2025/26 budget, the County Governments expect to receive Kshs.415 billion as equitable share of revenue raised nationally; raise Kshs.93.89 billion from ordinary own sources of revenue, including Facility Improvement Fund (FIF)/Appropriation in Aid (A-I-A) of Kshs.29.17 billion; receive Kshs.68.21 billion as County additional conditional allocations from the National Government and Development Partners and utilise Kshs.26.62 billion of unspent funds carried forward from FY 2024/25.

The total available funds to the County Governments in the first quarter of FY 2025/26 amounted to Kshs.107.27 billion. This amount comprised of Kshs.66.13 billion as equitable share of revenue raised nationally, which was authorized for withdrawal from Consolidated Fund to respective County Revenue Funds (CRF) accounts by the Controller of Budget (CoB) in line with Article 206(4) of the constitution; Kshs.26.32 billion as cash balances brought forward from FY 2024/25; and Kshs.13.94 billion as revenue generated from own source revenue, which included Facility Improvement Fund (FIF)/Appropriation in Aid (A-I-A) of Kshs.5.45 billion.

During the reporting period, the County Governments received a total of Kshs.13.94 billion from own revenue sources, which accounted for 15 per cent of the annual own revenue target of Kshs.93.89 billion. This represented an increase of 10 per cent compared to a similar period of FY 2024/25, when the County Governments cumulatively received a total of Kshs.12.68 billion. The Counties that achieved the higher proportion of their local revenue collection to their respective annual revenue targets were Samburu County at 40 per cent, Garissa County at 36 per cent, Narok County at 35 per cent, Kitui and Mombasa Counties at 22 per cent each, Vihiga and Baringo Counties at 21 per cent each and Homa Bay and Lamu Counties at 20 per cent each. Conversely, the Counties with the lowest proportion of their local revenue collection to their respective annual revenue targets included Uasin Gishu and Kisumu Counties, both attaining 10 per cent, Kwale County at 9 per cent, Nandi County at 7 per cent, Siaya County at 6 per cent and Kericho County at 4 per cent. This poor performance is primarily attributed to shortfalls in ordinary OSR collections, except for Kisumu County, which experienced significant revenue losses from FIF owing to the elevation of Jaramogi Oginga Odinga Teaching and Referral Hospital to Level Six, which has since been handed over to the National Government.

The total outstanding revenue arrears as at 30<sup>th</sup> September, 2025, amounted to Kshs.156.23 billion. This included Kshs.113.90 billion in ordinary Own Source Revenue arrears, Kshs.7.05 billion in Facility Improvement Financing arrears, and Kshs.35.28 billion related to the September equitable share. The situation significantly impedes liquidity, making it challenging for the Counties to implement the FY 2025/26 budget effectively.

In the first quarter of FY 2025/26, the Controller of Budget authorised the withdrawal of Kshs.66.13 billion from the Consolidated Fund to the various County Revenue Fund (CRF) accounts as the Counties' equitable share of revenue raised nationally, in line with Article 206(4) of the Constitution of Kenya, 2010.

The Controller of Budget also authorised the withdrawal of Kshs.54.25 billion from the County Revenue Fund (CRF) accounts to the County Operational Accounts for the County Governments. Of this amount, Kshs.50.55 billion (93 per cent) was for recurrent activities, and Kshs.3.70 billion (7 per cent) was for development activities.

The County Governments' cumulative expenditure in the period under review amounted to Kshs.55.15 billion. This expenditure consisted of Kshs.51.46 billion (93 per cent) for recurrent activities and Kshs.3.69 billion (7 per cent) for development activities. The expenditure represented an absorption rate of 9 per cent of the

aggregate annual County Governments' budget, a slight decrease from the 10 per cent achieved in a similar period of FY 2024/25.

The Counties that attained the highest overall absorption rates of their annual budgets were Isiolo at 21 per cent (on Vote-on-Account), Kitui at 18 per cent, and Machakos, Nyeri, and Uasin Gishu, each at 14 per cent. On the other hand, Turkana and Laikipia recorded the lowest aggregate absorption rates, at 5 per cent each, followed by Tana River, Nyandarua, and Kericho, each at 4 per cent.

In the first quarter of FY 2025/26, the County Governments' development expenditure amounted to Kshs.3.69 billion, translating to an absorption rate of 2 per cent of their aggregate annual development budget of Kshs.220.46 billion. This represented a decline from a 3 per cent absorption rate realised in a similar period of FY 2024/25, when the County Governments' cumulative expenditure on development activities was Kshs.6.71 billion against an annual development budget estimate of Kshs.205.33 billion. Isiolo County achieved the highest absorption rate of its approved development budget at 15 per cent (on Vote-on-Account), followed by Kirinyaga County at 7 per cent, and Machakos, Mandera, Murang'a, Kitui and Makueni Counties, each attaining 5 per cent. Conversely, the following 20 Counties reported zero absorption on development expenditure in the reporting period under review, i.e., Kericho, Tana River, Turkana, Bomet, Siaya, Trans Nzoia, Baringo, Kilifi, Kwale, Kajiado, Kisumu, Mombasa, Vihiga, Busia, West Pokot, Bungoma, Uasin Gishu, Wajir, Laikipia and Kisii Counties.

The County Governments' recurrent expenditure during the period under review amounted to Kshs.51.47 billion, accounting for 13 per cent of the annual County Governments' budget for recurrent activities, which is consistent with the absorption rate recorded in a similar period in FY 2024/25 when expenditure for recurrent activities was Kshs.48.96 billion against aggregate recurrent budget estimates of Kshs.371.40 billion. The expenditure comprised Kshs.43.70 billion (85 per cent) on compensation to employees and Kshs.7.76 billion (15 per cent) on operations and maintenance.

The County Assemblies incurred Kshs.289.61 million on MCAs' sitting allowances against an approved annual budget allocation for MCAs' sitting allowances of Kshs.2.00 billion, translating to 14 per cent of the approved MCAs sitting allowance budget, and a decline from an absorption rate of 15 per cent realised in the similar period of FY 2024/25, when Kshs.290.23 million was incurred.

In the first quarter of FY 2025/26, the County Governments reported outstanding trade payables stock of Kshs.177.47 billion comprising Kshs.125.67 billion for recurrent activities and Kshs.51.79 billion for development activities. The Counties with significant trade payables stock included Nairobi City at Kshs.82.89 billion, Kilifi at 9.70 billion, Kiambu at Kshs.6.47 billion, Machakos at Kshs.5.80 billion, Narok at Kshs.5.43 billion, Bungoma at Kshs.4.25 billion, and Wajir at Kshs.3.71 billion.

During the reporting period, the Controller of Budget identified several challenges that hindered effective budget execution, including (i) Delay in submission of County Appropriation Acts, Budget Books, and Governors' Warrants for FY 2025/26 to the Controller of Budget, (ii) Delay by the Parliament to enact the Governments Additional Allocations Bill 2025, (iii) Delay by the National Treasury to disburse the Equitable Share of Revenue raised nationally, (iv) Underperformance in Own-Source revenue collection, (v) Increased Overdependence on Funding from Facility Improvement Financing, (vi) High levels of trade payables, (vii) Low expenditure on development programmes, (viii) Lapsing of Established Fund Regulations and (ix) Delay in submission of Financial and Non-Financial Reports to the Controller of Budget.

The Controller of Budget recommends several actions to enhance budget implementation at the County level for FY 2025/26. County Governments should ensure the timely submission of Appropriation Acts, Budget Books, and Governors' Warrants by July 1 to facilitate prompt fund releases. Additionally, the Parliament should expedite the enactment of the County Governments Allocation Act to ensure timely transfers from the National Government. The National Treasury needs to adhere to a strict disbursement schedule and ensure disbursement to County Revenue Funds by the 15th of the month. County Governments should strengthen revenue collection efforts, reduce reliance on single revenue streams, prioritise settling trade payables, increase development expenditure, extend regulations on established funds which are lapsing or have lapsed, and comply with legal requirements for submitting financial and non-financial reports to the Controller of Budget. These measures will collectively enhance effective budget implementation and County development.

## KEY HIGHLIGHTS

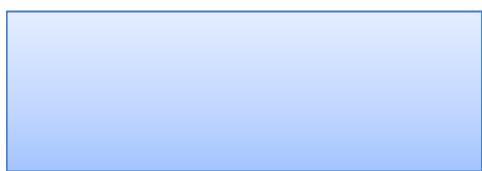

### FY 2025/26 County Governments' Approved Budget Estimates

Kshs. 217.80 billion

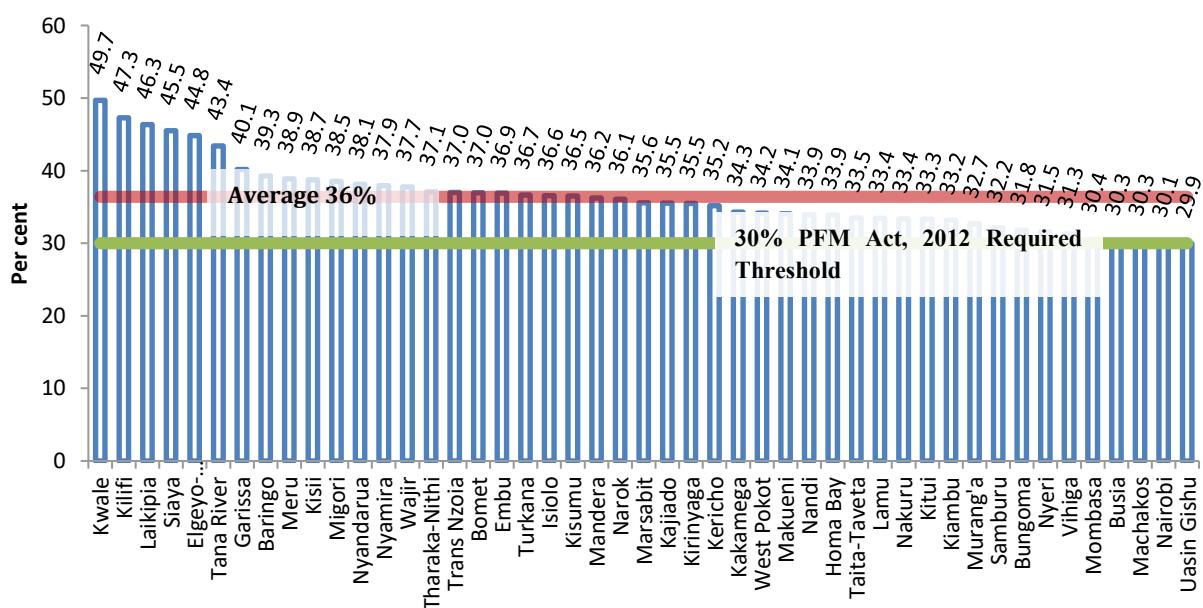

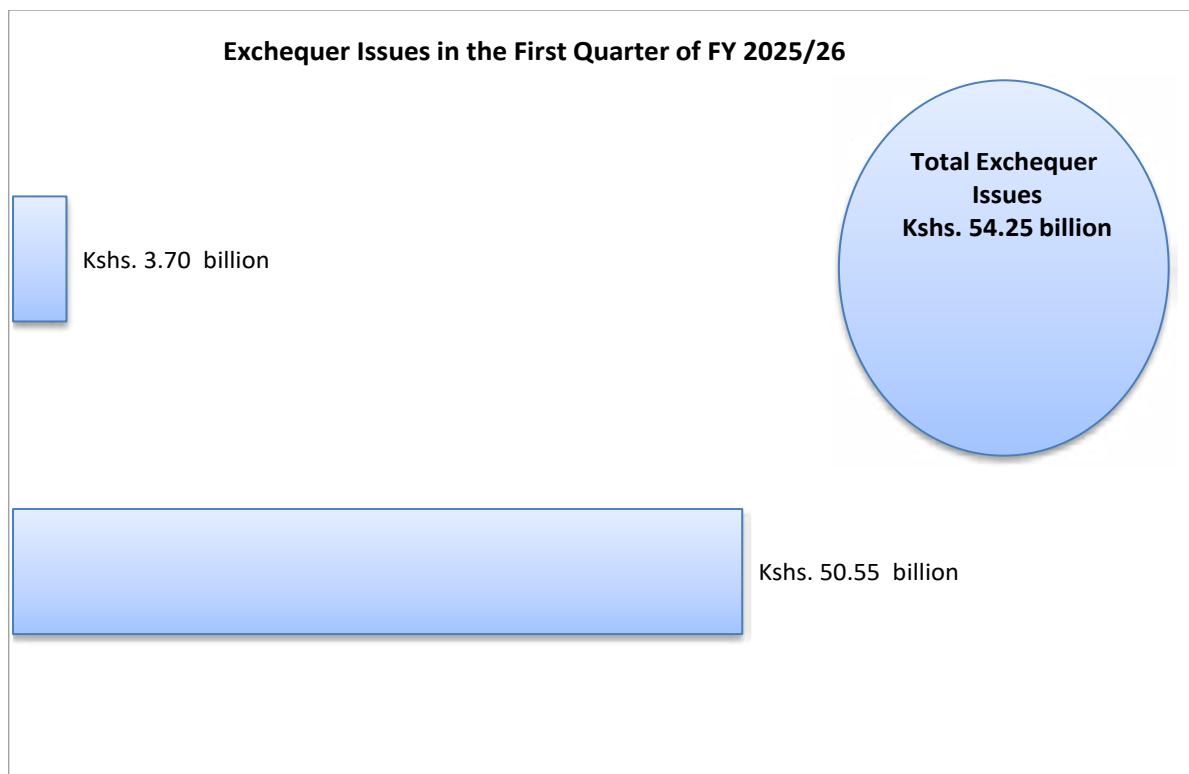

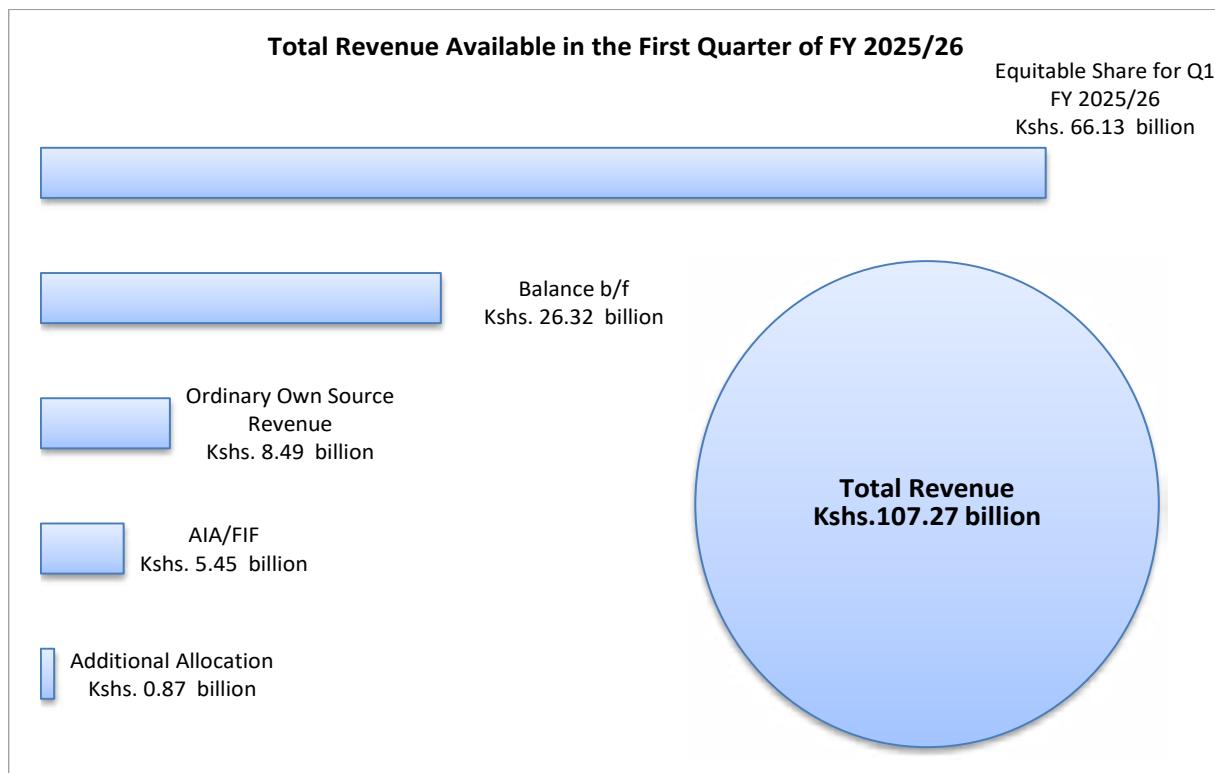

**Total Approved  
Estimates  
Kshs. 603.72 billion**

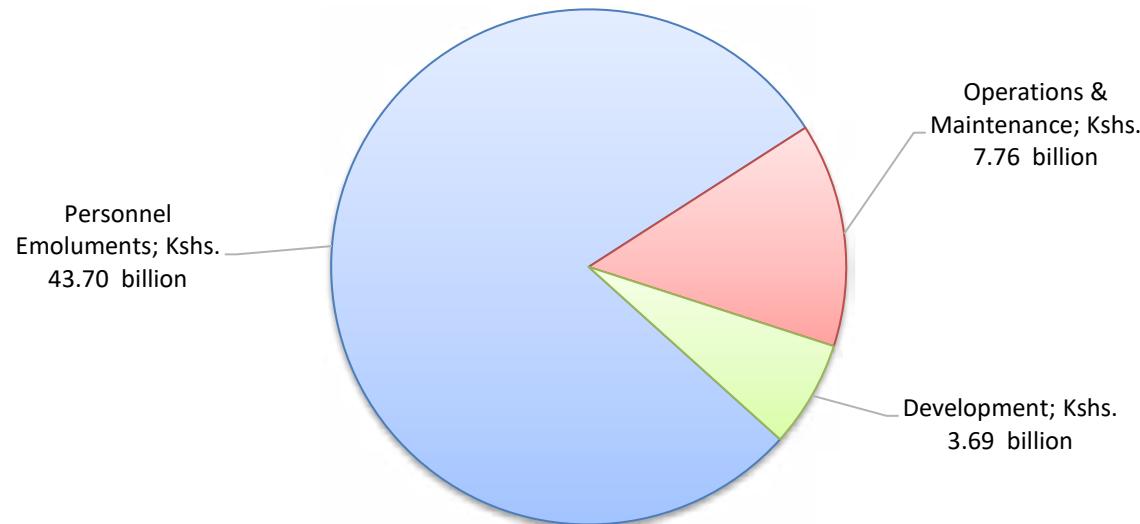

Kshs. 385.92 billion

### FY 2025/26 County Governments' Development Budget Allocation as a Percentage of Total Budget

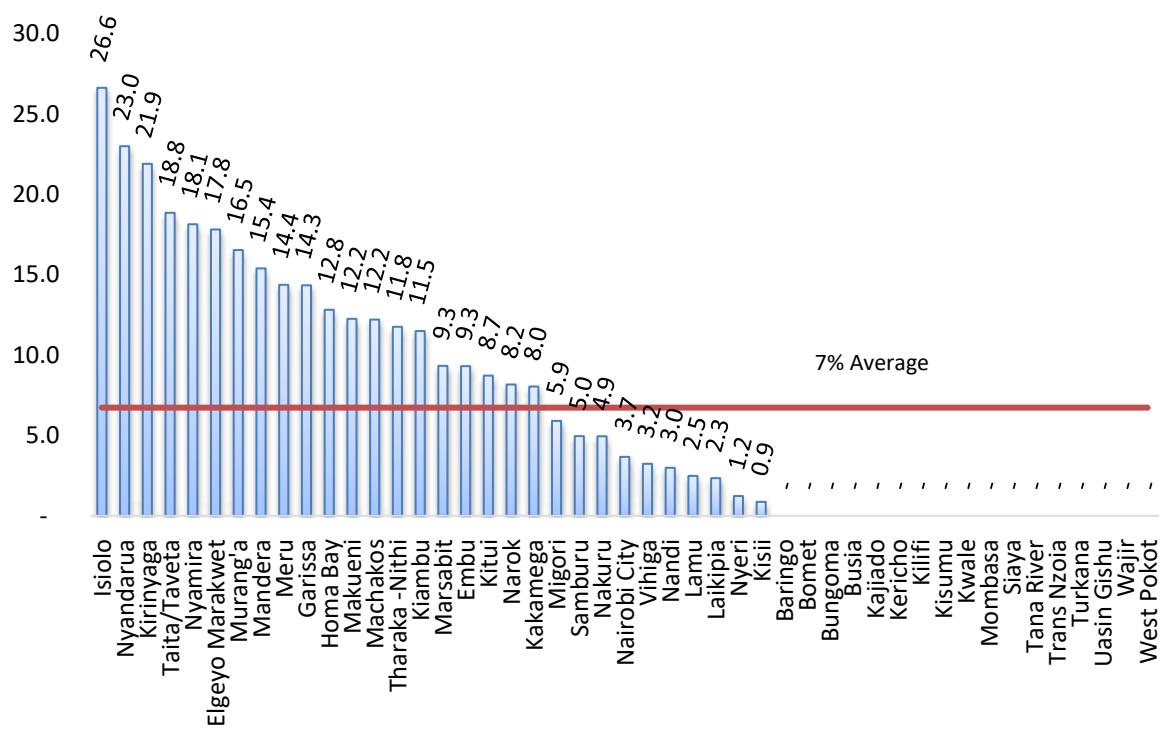

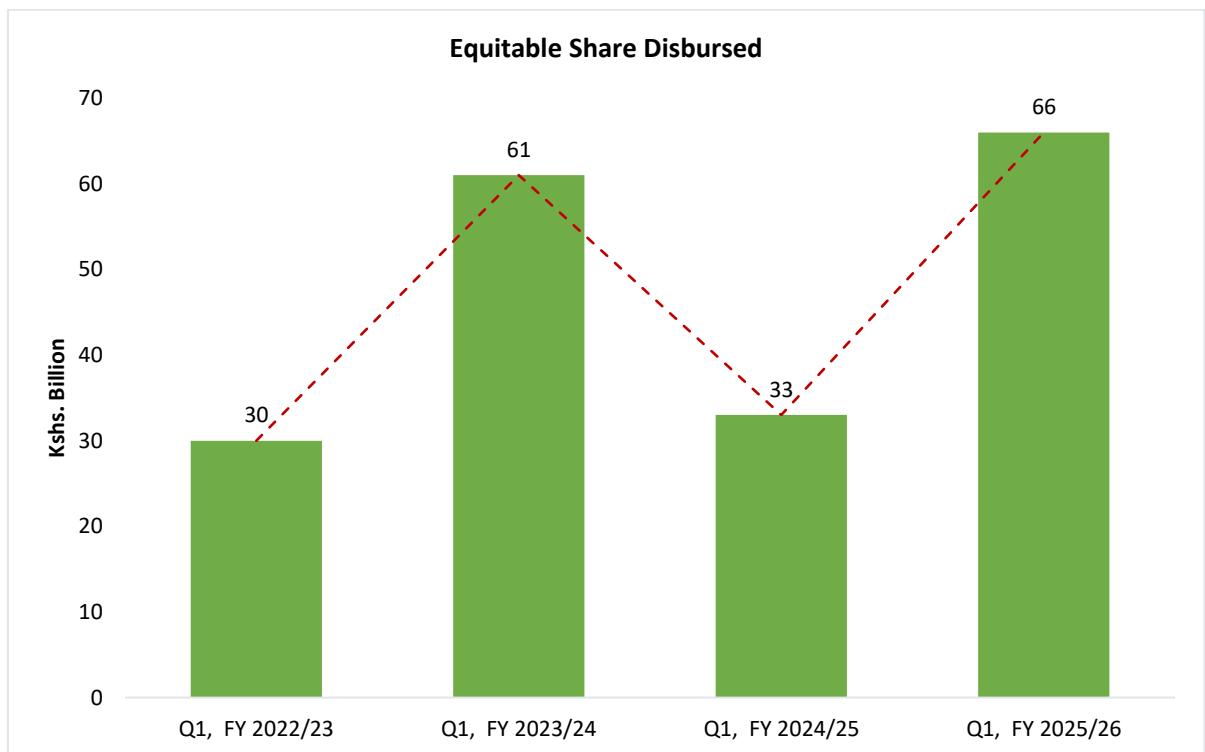

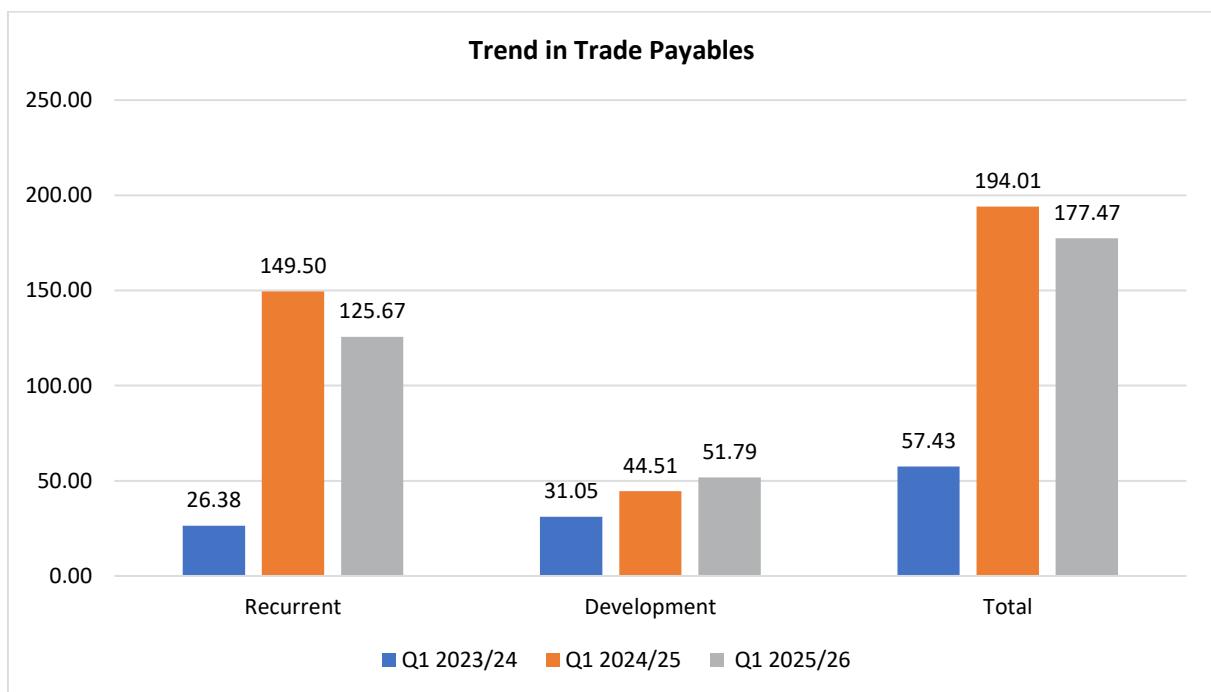

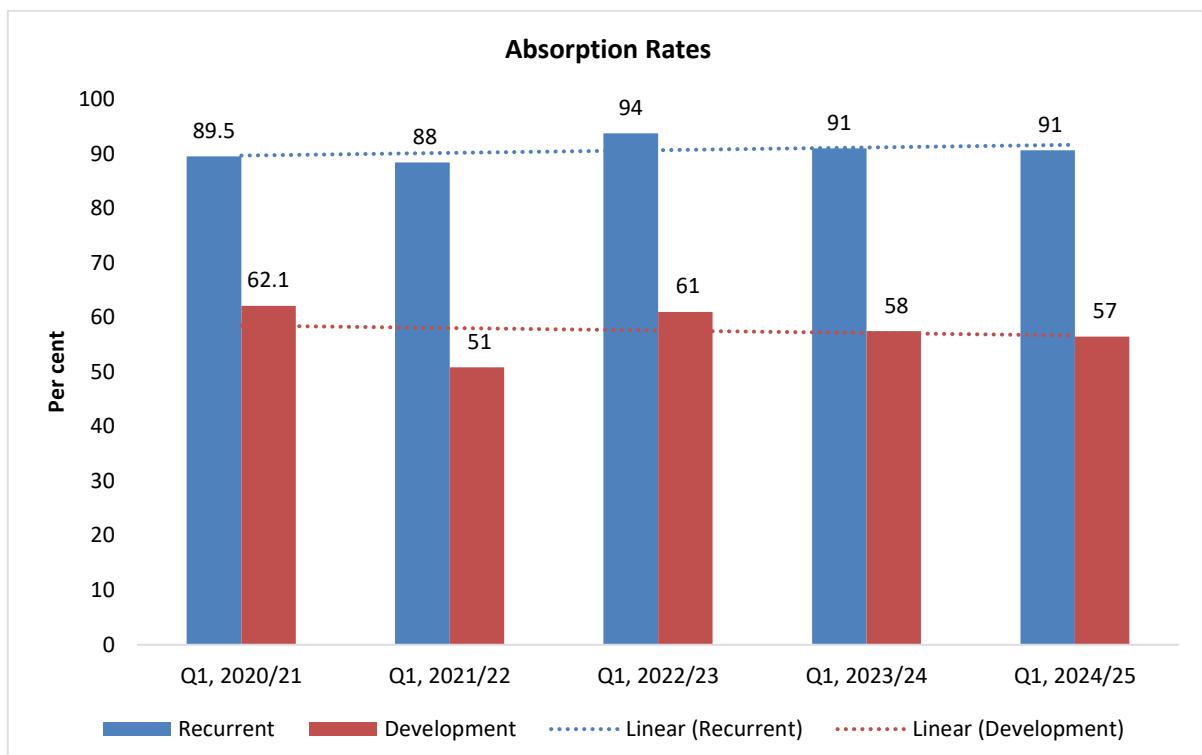

### Expenditure by Economic Classification in the First Quarter of FY 2025/26

### County Governments' Development Expenditure as a Percentage of Total Expenditure in the First Quarter of FY 2025/26

# 1. INTRODUCTION

The Controller of Budget (CoB) is established under Article 228 of the Constitution of Kenya to oversee and report on the implementation of budgets for the National and County Governments. According to Article 228(6) of the Constitution and Section 9 of the Controller of Budget (CoB) Act, 2016, the CoB is required to submit a report to each house of Parliament on budget implementation every four months.

The County Budget Implementation Review Report (CBIRR) for the first quarter of FY 2025/26 encompasses the period from July 2025 to September 2025. The report analyses information on own-source revenue, transfers received from the National Government and Development Partners, and total expenditures for the first quarter of FY 2025/26. It further tracks the settlement of trade payables and revenue arrears for the first quarter of FY 2025/26. The CBIRR is based on financial reports submitted to the CoB by County Treasuries, in line with Sections 166 and 168 of the Public Finance Management (PFM) Act 2012, data obtained from the Integrated Financial Management Information System (IFMIS), and information gathered by the CoB during the monitoring and evaluation of budget implementation. This report utilises an absorption rate to measure performance, calculated as a percentage of actual expenditure against the approved budget estimates for the first quarter.

The report is structured into various chapters. Chapter One provides an introduction, while Chapter Two analyses the budget performance of County Governments for the first quarter of FY 2025/26. Chapter Two discusses the performance of County Governments in generating own-source revenue, including an analysis of outstanding revenue. Chapter Two also discusses actual expenditure compared with budget estimates for recurrent and development costs in a similar period in FY 2024/25. It also provides a summary of programme and sub-programme performance. A summary of the trade payables for the forty-seven County Governments as of September 30, 2025, is also included in this Chapter. The absorption rate indicates performance and is calculated as a percentage of actual expenditure relative to the approved budget estimates for the first quarter.

Chapter Three presents a detailed report by individual Counties, discussing budget performance across recurrent and development expenditures, exchequer issues, and actual spending, which is categorised into Compensation of Employees, Operations and Maintenance, and Development Expenditure. Additionally, the Chapter analyses development projects undertaken in the first quarter of FY 2025/26.

Chapter Four summarises the key challenges identified by the CoB in the budget implementation process for Counties during the first quarter of FY 2025/26. The report also includes recommendations to enhance the effective and efficient implementation of budgets and promote best practices. Chapter Five concludes the report.

## **2. FINANCIAL ANALYSIS OF COUNTY BUDGET IMPLEMENTATION FOR FIRST QUARTER OF FY 2025/26**

### **2.1. Introduction**

This chapter presents the financial analysis of the aggregated County budget implementation for the first quarter of FY 2025/26, covering the period from July 2025 to September 2025.

### **2.2. Revenue Analysis**

The combined budgets of the County Governments, approved by the County Assemblies, amounted to Kshs.603.72 billion, comprising Kshs.217.80 billion (36 per cent) allocated to development expenditure and Kshs.385.92 billion (64 per cent) to recurrent expenditure.

Aggregately, County Governments are expected to receive their equitable share of nationally raised revenue for FY 2025/26, amounting to Kshs.415.00 billion. Own Source Revenue is estimated at Kshs.93.06 billion, including Appropriations in Aid (A-i-A) and Facility Improvement Financing (FIF) of Kshs.26.57 billion and ordinary OSR of Kshs.66.50 billion. County Governments projected Additional Allocations of Kshs.68.21 billion, while the unspent balances from FY 2024/25 were projected at Kshs.26.62 billion.

#### **2.2.1 Revenue Outturn**

The total funds available to the County Governments in the first quarter of FY 2025/26 amounted to Kshs.107.27 billion. This included Kshs.66.13 billion in the equitable share of revenue raised nationally for FY 2025/26; own-source revenue collection of Kshs.13.94 billion, which includes A-i-A/FIF of Kshs.5.45 billion, and ordinary OSR of Kshs.8.49 billion. The Counties also reported additional allocations of Kshs.874.88 million, with cash balances brought forward from FY 2024/25 of Kshs.26.32 billion.

#### **2.2.2 Own-Source Revenue**

During the reporting period, County Governments received a total of Kshs.13.94 billion from their own-source revenue (OSR), which was 15 per cent of the annual target of Kshs.93.89 billion. The realised OSR is higher than the Kshs.12.68 billion received in a similar period in FY 2024/25. An analysis of the own-source revenue collection from July 2025 to September 2025 is shown in Table 2.1

**Table 2.1: Own Source Revenue Collection in the First Quarter of FY 2025/26**

County	Target (Kshs.Million)			Actual Realised (Kshs.Million)			Performance (%)

Source: County Treasuries

An analysis of own-source revenue (OSR), including the Facility Improvement Financing (FIF), as a proportion of the annual OSR target reveals that ten Counties achieved an OSR performance of 20 per cent, with three Counties exceeding an average of 25 per cent in the first quarter. These top performers are Samburu County, with an OSR of 40 per cent; Garissa County, 36 per cent; and Narok County, 35 per cent. Key factors contributing to this success include strong performance in tourism-related streams in Samburu and Narok Counties, as well as good FIF performance in Garissa County.

On the other hand, six Counties reported an OSR performance of 10 per cent or lower. These Counties are Uasin Gishu (10 per cent), Kisumu (10 per cent), Kwale (9 per cent), Nandi (7 per cent), Siaya (6 per cent), and Kericho (4 per cent). The low performance in these Counties is largely attributable to poor results in ordinary OSR, except for Kisumu County, which recorded a low FIF performance due to revenue losses associated with the elevation of Jaramogi Oginga Odinga Teaching and Referral Hospital to Level Six, which has since been handed over to the National Government.

For the Counties that have shown improvement, the Controller of Budget encourages them to maintain their commendable performance in the remaining period of FY 2025/26. Conversely, for the Counties whose own-source revenue performance has fallen short, the Controller of Budget recommends that both the Executive and the Assembly conduct a comprehensive review and enhance their revenue strategies for the remainder of FY 2025/26. A detailed analysis of own-source revenue by stream for each County is available in Chapter Three.

### 2.2.3 Revenue Arrears

As of September 30, 2025, the total outstanding arrears amounted to Kshs.156.23 billion. This figure includes Kshs.113.90 billion in ordinary Own Source Revenue arrears, Kshs.7.05 billion in Facility Improvement Financing arrears, and Kshs.35.28 billion related to the September equitable share. A detailed breakdown of these revenue arrears is presented in Table 2.2.

**Table 2.2: Summary of County Governments' Revenue Arrears**

Source: County Treasuries

As of September 30, 2025, Nairobi City County had the highest arrears, totalling Kshs.67.01 billion, which represents 43 per cent of the overall revenue arrears. Mombasa County reported Kshs.13.54 billion in arrears (9 per cent), Nakuru County had Kshs.13.64 billion (9 per cent), and Kajiado County recorded Kshs.12.91 billion (10 per cent). This overall situation regarding arrears underscores persistent challenges in revenue mobilisation, which constrain liquidity.

## 2.3. Funds Released to the Counties

### 2.3.1 Funds Released from the Consolidated Fund to the Counties

In the period under review, the CoB approved the transfer of Kshs.66.13 billion as the equitable share of revenue raised nationally from the Consolidated Fund to the various County Revenue Funds (CRFs) per Article 206(4) of the Constitution of Kenya, 2010. Chapter Three provides a detailed analysis of the released equitable share to each County.

### 2.3.2 Funds Released to the County Operational Accounts

The CoB authorised withdrawals of Kshs.54.25 billion from the County Revenue Funds to the County Operational Accounts, comprising Kshs.50.55 billion (93 per cent) for recurrent expenditure and Kshs.3.70 billion (7 per cent) for development expenditure. This was a decrease from the Kshs.55.11 billion authorised in a similar period in FY 2025/26. Chapter Three provides a detailed analysis of the funds released to each County.

## 2.4. Expenditure Analysis

In the first quarter of the FY 2025/26, County Governments spent a total of Kshs.55.15 billion, which corresponds to an overall absorption rate of 9 per cent of the total annual budget for County Governments, set at Kshs.603.72 billion. This marks a decrease from an absorption rate of 10 per cent recorded in the same period of FY 2024/25, when total expenditures amounted to Kshs.55.68 billion against a budget of Kshs.576.73 billion.

Recurrent expenditure was Kshs.51.46 billion, accounting for 13 per cent of the annual recurrent budget. A similar 13 per cent performance in recurrent expenditure absorption was observed in the same period of FY 2024/25. Conversely, development expenditure totalled Kshs.3.69 billion, representing an absorption rate of 2 per cent, which is a slight decrease from the 3 per cent reported in the same period in FY 2024/25. Table 2.3 presents an analysis of expenditures by economic classification for the first quarter of FY 2025/26.

**Table 2.3: Expenditure by Major Economic Classification in the First Quarter of FY 2025/26**

Source: CoB and County Treasuries

A review of cumulative expenditures by economic classification revealed that Kshs.43.70 billion (79 per cent) was spent on Compensation to Employees, Kshs.7.76 billion (14 per cent) on Operations and Maintenance, and Kshs.3.69 billion (7 per cent) on Development Expenditures.

#### 2.4.1 Development Expenditure

The County Governments spent Kshs.3.69 billion on development activities, representing an absorption rate of 2 per cent of the annual development budget of Kshs.218.99 billion. Table 2.4 analyses County budget allocations, expenditures, and absorption rates during the period under review.

**Table 2.4: County Budget Allocation, Expenditure, and Absorption Rate for the First Quarter of FY 2025/26**

Source: CoB and County Treasuries

An analysis of development expenditures reveals that the County Governments with the highest absorption rates were: Isiolo at 15 per cent, Kirinyaga at 7 per cent, and Machakos, Mandera, Murang'a, Kitui, and Makueni, all at 5 per cent. Worth noting is that Isiolo is operating on a Vote-on-Account. In contrast, 20 County Governments reported zero development expenditure absorption levels during the review period. Chapter Three provides a detailed analysis of the implementation of development expenditures in these Counties.

#### 2.4.2 Recurrent Expenditure

Counties collectively spent Kshs.51.47 billion on recurrent expenditure, accounting for 93 per cent of their total expenditure. This amount represented 13 per cent of the annual recurrent budget for County Governments. Five Counties demonstrated strong recurrent absorption rates of 20 per cent or more: Isiolo (24 per cent), Kitui (24 per cent), Uasin Gishu (20 per cent), Nyeri (20 per cent), and Bungoma (20 per cent). Notably, Isiolo is operating on a Vote-on-Account basis. Conversely, 14 County Governments reported recurrent performance levels of 10 per cent or lower, as shown in Table 2.4. Chapter Three provides a detailed analysis of recurrent expenditure by County.

#### 2.4.3 Review of MCA Sitting Allowances

County Assemblies spent Kshs.289.6 million on MCAs' sitting allowances against an approved budget of Kshs.2.00 billion during the reporting period. This reflects a low absorption rate of 14 per cent, signalling weak execution of the approved spending plans. Table 2.5 shows the budgetary allocation and expenditure on MCAs' and Speakers' sitting allowances for the first quarter of FY 2025/26.

**Table 2.5: MCA's Budget Allocation, Expenditure and Absorption Rate for the First Quarter of FY 2025/26**

Source: County Treasuries

Expenditure performance on MCAs' sitting allowances varied significantly across Counties, with West Pokot, Taita-Taveta, and Nandi registering high utilisation levels, while Laikipia, Kirinyaga, and Nyandarua recorded minimal absorption, and seven Counties reported no expenditure despite budget provisions.

#### 2.4.4 Trade Payables as of September 30 2025

A pending bill is an unsettled financial obligation at the end of a financial year. It arises when an entity fails to settle invoiced amounts for goods and services that were adequately procured, delivered, or rendered at the end of the financial year.

As of September 30, 2025, County Governments reported outstanding trade payables totalling Kshs.177.47 billion. This amount includes Kshs.125.67 billion for recurrent activities and Kshs.51.79 billion for development activities. The trade payables for the County Executive as of this date were Kshs.171.92 billion, while the trade payables for the Assemblies amounted to Kshs.5.55 billion. Table 2.6 shows more details on trade payables.

**Table 2.6: Trade Payables for the Counties as of September 30 2025**

Source: County Treasuries

Several County Governments did not adhere to their scheduled payment plans for outstanding bills (refer to Chapter Three for more details). According to Regulation 55(2)(b) of the Public Finance Management (County Governments) Regulations, 2015, County Governments should prioritise the settlement of all eligible trade payables in the budget as a first charge for the FY 2025/26.

An analysis of the aged trade payables for County Governments as of September 30, 2025, revealed that the outstanding bills amount to Kshs.46.83 billion (26 per cent) under one year, Kshs.24.12 billion (14 per cent) for bills aged between one and two years, Kshs.19.62 billion (11 per cent) for bills aged between two and three years, and Kshs.85.15 billion (48 per cent) for bills older than three years. A summary of this ageing analysis is presented in Table 2.7.

**Table 2.7: County Governments Trade Payables Ageing Analysis as of September 30 2025**

**N/B:** Counties marked with an asterisk (\*) have discrepancies between the trade payables data submitted as of September 30, 2025, in Table 2.6 and Table 2.7. Reasons range from non-submission of ageing analysis by one arm of the County Government, or inconsistent data submission

## 2.4.5 County-Established Funds

Section 116 of the Public Finance Management (PFM) Act 2012 permits County Governments to establish additional public funds, provided that these are approved by both the County Executive Committee and the County Assembly. According to Regulation 197(1)(i) of the Public Finance Management (County Governments) Regulations 2015, County Governments can create public funds with a lifespan of up to 10 years, unless the County Assembly extends this period. In the review period, the Controller of Budget (CoB) noted, as indicated

in Table 2.8, seventy-nine pieces of fund legislation that have either lapsed or are nearing lapsing in accordance with Regulation 197(1)(i) of the PFM (County Governments) Regulations.

### 3. BUDGET PERFORMANCE BY COUNTY GOVERNMENT

#### 3.1. County Government of Baringo

##### 3.1.1 Overview of FY 2025/26 Budget

The Baringo County Approved Budget for FY 2025/26 is Kshs.9.54 billion. It comprises Kshs 3.75 billion (39 per cent) and Kshs.5.79 billion (61 per cent) allocation for development and recurrent programmes, respectively. The budget estimates represent an increase of Kshs.1.3 billion (16 per cent) from the FY 2024/25 budget, which comprised a development budget of Kshs.2.4 billion and a recurrent budget of Kshs.5.7 billion. The increase in the budget was primarily attributed to the rise in own-source revenue.

The Baringo County budget is to be financed from various revenue sources. These include: the equitable share of revenue raised nationally of Kshs.7 billion (73 per cent), additional allocations of Kshs.461 million (5 per cent), a cash balance of Kshs.1.3 billion (14 per cent) brought forward from FY 2024/25, and Kshs.737 million (7 per cent) to be received as own-source revenue. The own-source revenue includes Kshs.320 million (3 per cent) as Facility Improvement Fund (revenue from health facilities),Kshs.331.9 million (3 per cent) as ordinary own-source revenue and Kshs.85.8 million(1 per cent) as other revenues(municipality). A breakdown of the additional allocations is shown in Table 3.1.

##### 3.1.2 Revenue Performance

During the first Quarter of FY 2025/26, the County received Kshs.1.64 billion in revenue. This amount represented an increase of 27 per cent compared to the amount received in a similar period in FY 2024/25 of Kshs.1.19 billion. The total revenue consisted of Kshs.1.13 billion from the equitable share of revenue raised nationally, own-source revenue (OSR) collection of Kshs.136.22 million. Additionally, the County had a cash balance of Kshs.366.14 million from FY 2024/25. The total OSR collection of Kshs.136.22 million included the Facilities Improvement Fund (FIF) of Kshs.96.73 million, Ksh.6.76 million as other revenues(municipality) and Kshs.39.31 million from other OSR sources. Table 3.1 summarises the total revenue available to the County Government during FY 2025/26.

The County has governing legislation on the operation of the facility improvement fund. Figure 1 provides a detailed breakdown of revenue, showing a breakdown of each shilling received.

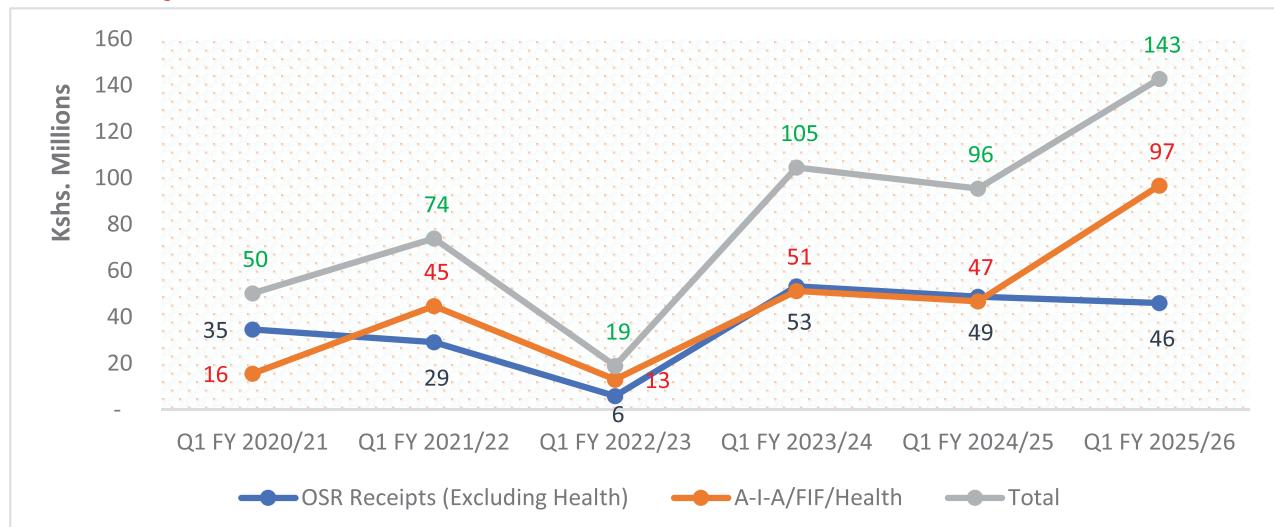

**Figure 1: Baringo County Composition of Each Shilling Received in the First Quarter of FY 2025/26**

*Source: Baringo County Treasury*

The equitable share of revenue raised nationally, balance brought forward, and OSR contributed 69 per cent, 22 per cent, and 6 per cent, respectively, of the total receipts for the reporting period. Figure 2 shows the collection trend in own-source revenue from the First Quarter of FY 2020/21 to the First Quarter of FY 2025/26.

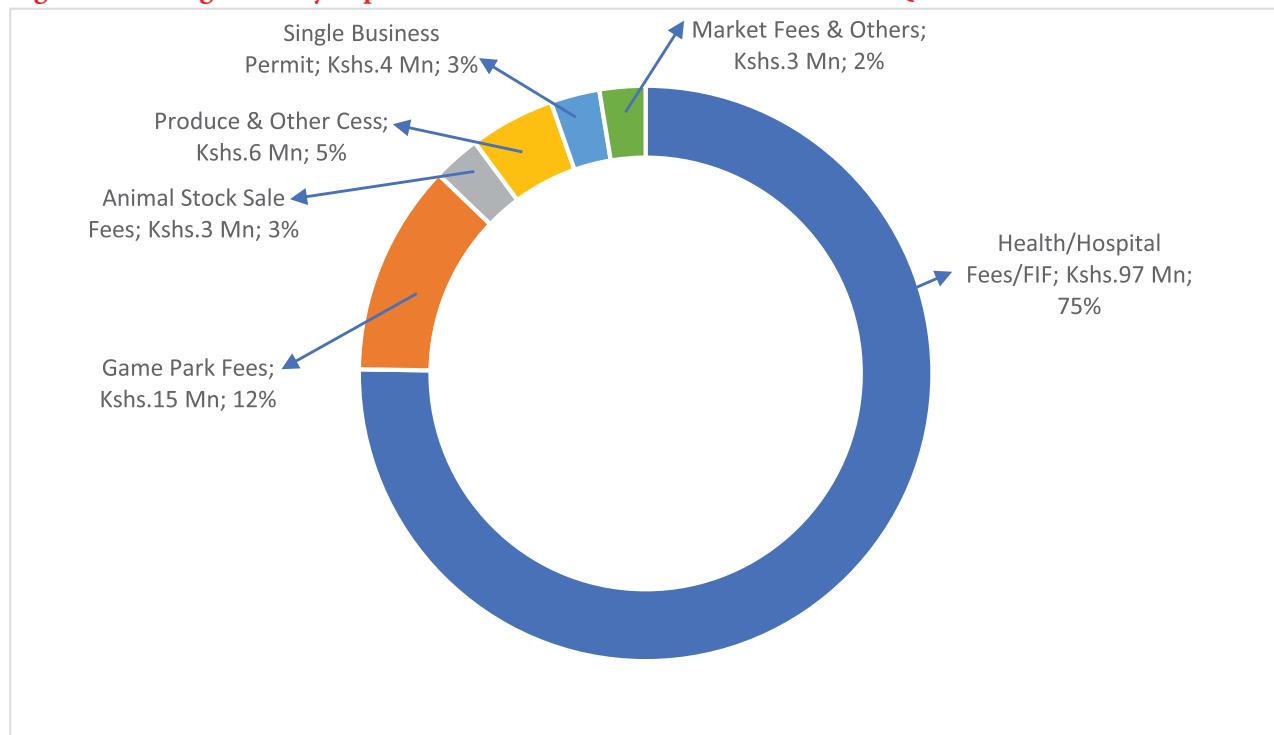

**Figure 2: Baringo County Trend in Own-Source Revenue Collection from the First Quarter of FY 2020/21 to the First Quarter of FY 2025/26**

*Source: Baringo County Treasury*

During the First Quarter of FY 2025/26, the County received Kshs.142.98 million from its revenue sources, including FIF. This amount was an increase of 50 per cent compared to Kshs.95.50 million realised in a similar period in FY 2024/25, and was 21 per cent of the annual target and 12 per cent of the equitable revenue share disbursed. The increase in OSR was attributed to automation and systems reforms, especially in hospitals, markets and cess collection points. The revenue streams which contributed the highest OSR receipts are shown in Figure 3.

**Figure 3: Baringo County Top Own Source Revenue Streams in the First Quarter of FY 2025/26**

*Source: Baringo County Treasury*

As shown in Figure 3, the highest revenue stream, at Kshs.97 million, was from hospital revenue accounting for 75 per cent of the total OSR receipts. The County Government indicated that it has automated all revenue streams.

### 3.1.3 Revenue Arrears

As of 1<sup>st</sup> July 2025, the County reported revenue arrears of Kshs.430.47 million. Table 3.2 presents a breakdown of the County's revenue arrears.

**Table 3.2: Baringo County Revenue Arrears as of 30 September 2025**

No	Revenue Stream	Revenue Arrears as of 1 July 2025 (Kshs.)	Progress made in FY 2025/26			Revenue Arrears as of 30 September 2025 (Kshs.)

Source: Baringo County Treasury

As of 30 September 2025, the revenue arrears totalled to Kshs.392.66 million, comprising Kshs.301.74 for ordinary source revenue (76 per cent) and facility improvement fund of Kshs.90.91 million (23 per cent). The measures instituted by the County to collect the outstanding arrears in FY 2025/26 include waivers.

### 3.1.4 Borrowing by the County

The County government did not borrow any amount during the Quarter.

### 3.1.5 Exchequers Approved

The Controller of Budget approved withdrawals of Kshs.688.54 million from the CRF account during the reporting period, which comprised Kshs.688.54 million (100 per cent) for recurrent programmes. Analysis of the recurrent exchequers released indicates that Kshs.649.94 million was towards employee compensation and Kshs.18.60 million for operations and maintenance expenditure.

The operations and maintenance exchequer analysis indicates that 5 per cent was for domestic travel. The domestic travel exchequer amounted to Kshs.0.94 million for County Assembly.

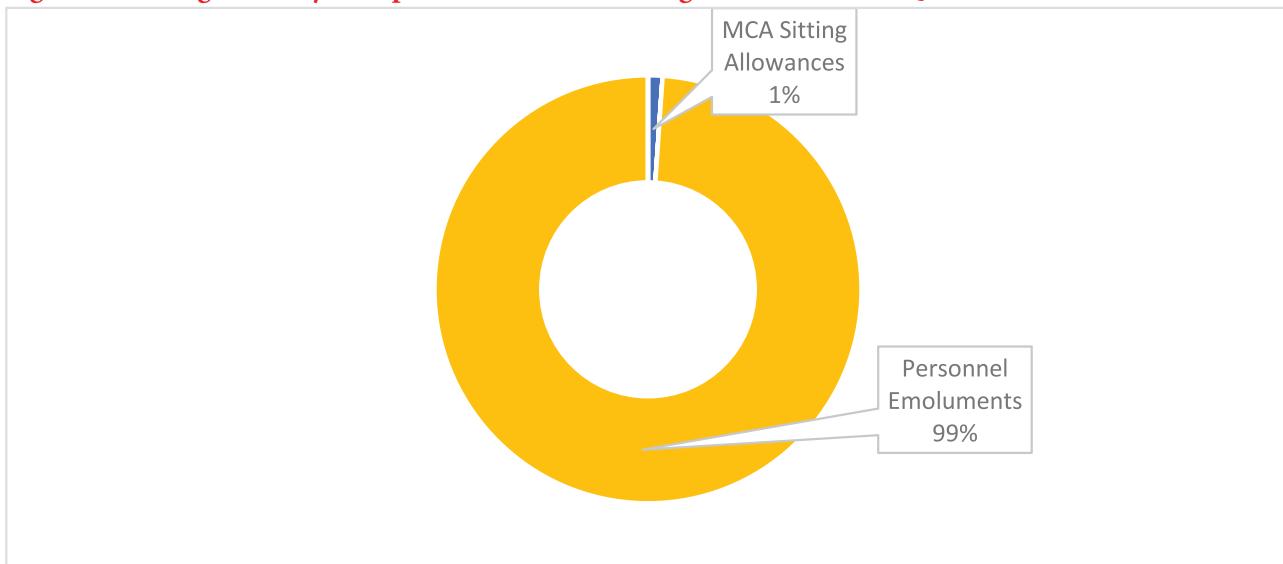

As of September 30, 2025, the County Government's cash balance in the CRF account was Kshs.952.7 million.

### 3.1.6 Expenditure Review

The County spent Kshs.649.94 million on recurrent programmes in the reporting period. The expenditure represented 97 per cent of the total funds released by the CoB. It comprised Kshs.649.94 million for recurrent programmes. Expenditure on recurrent expenditure represented 11 per cent of the annual recurrent expenditure budget.

The following chart provides a detailed breakdown of expenditure, showing relative composition of each shilling spent.

**Figure 4: Baringo County Composition of Each Shilling Paid in the First Quarter of FY 2025/26**

**Source:** Baringo County Treasury

As shown in Figure 4, the highest expenditure category is personnel emoluments, accounting for 99 per cent of the total expenditure for the reporting period.

### 3.1.7 Settlement of Trade Payables

As of 1<sup>st</sup> July 2025, the County reported trade payables totalling Kshs.477.14 million. This amount included Kshs.395.6 million from the County Executive and Kshs.81.53 million from the County Assembly. The trade payables from the County Executive consisted of Kshs.178.30 million for recurrent expenditures and Kshs.217.31 million for development expenditures, while the County Assembly had Kshs.81.53 million as recurrent expenditure. The Executive and Assembly did not settle any trade payables during the period. Therefore, the outstanding bills were Kshs.477.14 million as of 30 September 2025. Table 3.3 provides additional details of trade payables.

However, there are variances on trade payables figures as earlier submitted to Controller of Budget and trade payables as reported in the financial statement for County Executive and Assembly respectively.

**Table 3.3: Baringo County Trade Payables as of 30<sup>th</sup> September 2025**

**Source:** Baringo County Treasury

The Executive and Assembly did not settle any trade payables during the period. Therefore, the outstanding bills were Kshs.477.14 million as of 30 September 2025. Table 3.4 and Table 3.5 present the ageing of the total outstanding bills as of 30 September 2025 for the County Executive and Assembly, which were Kshs.395.61 million and Kshs.81.53 million.

Source: Baringo County Treasury

As shown in Table 3.4 and Table 3.5, the majority of the Executives and Assembly's payables are less than one year old, with Assembly's payables being recurrent, and Executives' payables have a slightly higher proportion of development payables to recurrent payables. We urge both entities to avoid the occurrence of new payables, and they use FIFO in settling the existing payables.

### 3.1.8 Expenditure by Economic Classification

During the reporting period, the County Executive incurred Kshs.575.20 million for compensation of employees. Similarly, the County Assembly spent Kshs.74.74 million on compensation of employees as shown in Table 3.6.

**Table 3.6: Baringo County Summary of Budget and Expenditure by Economic Classification**

Expenditure Classification	Revised Budget (Kshs.)		Expenditure (Kshs.)		Absorption (%)	
	County Executive	County Assembly	County Executive	County Assembly	County Executive	County Assembly
<b>Total Recurrent Expenditure</b>	<b>3,684,636,683</b>	<b>452,816,878</b>	<b>575,197,443</b>	<b>74,741,933</b>	<b>16</b>	<b>17</b>

Source: Baringo County Treasury

### 3.1.9 Expenditure on Compensation of Employees

During the period under review, the expenditure on employee compensation totalled Kshs.649.94 million. The percentage of compensation of employees to revenue was 97 per cent. This expenditure on employee compensation shows an increase compared to the Kshs.522.39 million reported in a similar period in FY 2024/25. Of this total, Kshs.465.6 million related to the Health Sector employees, which accounted for 72 per cent of the overall employees' compensation.

Figure 5 shows the compensation trend of employees' expenditures as a percentage of total revenue received from the First Quarter of FY 2020/21 to the First Quarter of FY 2025/26.

**Figure 5: Percentage of Employee Compensation to Total Revenue Received from the First Quarter of FY 2020/21 to the First Quarter of FY 2025/26**

Source: Baringo County Treasury

According to Figure 5, the ratio of the total wage bill to revenue ranged from 80 per cent to 100 per cent during the first quarters of the financial years 2020/21 to 2025/26. The County Executive utilised 100% of their revenue to cover the wage bill, while the Assembly allocated 80 per cent for the same purpose in the first quarter of FY 2025/26. This indicates that priority is given to settling the wage bill over other activities in the initial three months of each financial year.

Further analysis indicated that PE costs amounting to Kshs.649.94 million were processed through the Human Resource Information System (HRIS). During the period, no manual payroll was processed.

The County Assembly spent Kshs.7.20 million on committee sitting allowances for the 46 MCAs against the annual budget allocation of Kshs.50.78 million. The average monthly sitting allowance was Kshs.52,162 per MCA. The County Assembly has 25 House Committees.

### 3.1.10 Expenditure on Operations and Maintenance

During the reporting period, the County had no expenditure on operations and maintenance.

### 3.1.11 Unbundling “Other Operating Expenses” Under Operations and Maintenance Expenditures

The budget performance report submitted to the Controller of Budget for the first quarter of FY 2025/26 shows that the County had no expenditure under “other Operating expenses”.

### 3.1.12 County-Established Funds

Section 116 of the PFM Act 2012 allows County Governments to establish other public funds, subject to approval from the County Executive Committee and the County Assembly. The County allocated Kshs.63.15 million to County-Established funds in FY 2025/26 representing less than 1 per cent of the County's overall budget. Further, the County allocated Kshs.20 million to the Emergency Fund (less than 1 per cent of the total budget) in line with Section 110 of the PFM Act, 2012.

Table 3.7 summarises each established Fund's budget allocation and performance during the reporting period.

**Table 3.7: Performance of Baringo County Established Funds in the First Quarter of FY 2025/26**

S/No.	Name of the Fund	Year Established	Approved Budget Allocation in FY 2025/26 (Kshs.)	Exchequer Issues in First Quarter of FY 2025/26 (Kshs.)	Actual Expenditure in the First Quarter of FY 2025/26 (Kshs.)	Cumulative disbursements to the Fund (Kshs)	Submission of Financial Statements (Yes/No.)

<b>Total</b>			<b>63,150,000</b>			<b>10,000 litres</b>	

*Source: Baringo County Treasury*

During the reporting period, the CoB did receive quarterly financial reports from Baringo County Executive Car Loan Fund Administrators, as indicated in Table 3.7.

Regulation 197(1)(i) of the Public Finance Management (County Governments) Regulations, 2015, allows County Governments to establish public funds with a lifespan capped at 10 years unless extended by the County Assembly. In FY 2025/26, the CoB established that the lifespan of the Emergence Ward office County SME Fund , Bursary Fund, Youth and Women Fund, Cooperative Development Fund, County PWD Fund, Lake Bogori10,000-litres and County Assembly Car and Mortgage Fund had lapsed. Consequently, the CoB did not approve any requests for withdrawals to support the operations of the lapsed funds.

The County government uses commercial bank accounts to operate the above-established Funds contrary to Regulations 82(1)(b) of the PFM (County Governments) Regulations, 2015, which requires that County Government bank accounts must be opened and maintained at the Central Bank of Kenya.

### 3.1.13 County Corporations

The County has reported only one County corporation, which was allocated Kshs.3.50 million in FY 2025/26. There was no expenditure reported during the period under review as shown in Table 3.8.

**Table 3.8: Performance of Baringo County Corporations in the First Quarter of FY 2025/26**

### 3.1.14 Expenditure on Domestic and Foreign Travel

During this period, no expenditures were incurred or reported for domestic or foreign travel.

### 3.1.15 Facility Improvement Financing

During the review period, the County reported collections of Kshs.96.73 million as FIF, which was 30 per cent of the annual target of Kshs.320 million. The collected amount was retained and utilised at source in line with the Facility Improvement Financing Act, 2023. The County has developed regulations to operationalise the FIF Act of 2023.

The health facilities did not provide a report on the utilisation of the FIF during the reporting period, contrary to Section 18 (e) of the FIF Act, 2023. The expenditure by the health facilities amounted to Kshs.55.15 million, as shown in Table 3.9.

**Table 3.9: Baringo County Health Facilities Expenditure Performance in FY 2025/26**

No.	Health Facility	Number of Facilities	Approved Budget (Kshs.)	Actual Expenditure (Kshs.)	Absorption rate (%)

### 3.1.16 Development Expenditure

In the review period, the County neither incurred nor reported expenditure on development programmes.

The County reported 16 stalled development projects as of 30 September 2025, with an estimated value of Kshs.217.44 million, of which Kshs.126.84 million has already been paid. The stalled projects are shown in Table 3.10.

**Table 3.10: Baringo County Stalled Projects as of 30 September 2025**

No	Project Name	Project Location	Estimated Value of the Project (Kshs.)	Amount Paid on the stalled project	Outstanding Balance as of 30 September 2025	Percentage of Completion Before Stalling of the Project	Reason for Project Stalling

Source: Baringo County Treasury

Analysis of expenditure by departments shows that no Department recorded expenditure on the development budget. The Department of Public Service Administration, ICT & E-Government, had the highest percentage of recurrent expenditure to budget at 14.6 per cent.

### 3.1.18 Budget Execution by Programmes and Sub-Programmes

The sub-programme with the highest level of recurrent implementation was the ICT and E-Government sub-programme under the Department of County Public Service Administration, with an implementation rate of 16 per cent. This was followed by the General Administration, Planning, and Support Services sub-programme under the County Assembly, which had an implementation rate of 12 per cent.

### 3.1.19 Accounts Operated in Commercial Banks

Regulation 82(1)(b) of the PFM (County Governments) Regulations, 2015, requires that County Government bank accounts be opened and maintained at the Central Bank of Kenya. The only exemption is for imprest bank accounts for petty cash and revenue collection bank accounts.

Further, Regulation 82(4) of the Public Finance Management (PFM) Act requires accounting officers to obtain written authorisation from the County Treasury before opening a commercial bank account. Additionally, Regulation 82(5) of the Public Finance Management (County Governments) Regulations, 2015, requires the County Treasury to submit a copy of the letter authorising an accounting officer to open a commercial bank account to the Controller of Budget.

The County Government operated 263 accounts with commercial banks, including ten accounts for Established Funds, one revenue accounts, two grant accounts.

The County Treasury did not submit copies of authorisation letters to the Controller of Budget for the opening of commercial bank accounts, as required by Regulation 82(5) of the Public Finance Management (County Governments) Regulations, 2015.

### 3.1.20 Key Observations and Recommendations

In the course of overseeing and reporting on the implementation of the County budget, the CoB identified the following challenges, which hampered effective budget implementation;

- i. The County Treasury's late submission of financial reports to the Controller of Budget affected the timely preparation of the budget implementation report, on 30<sup>th</sup> October, 2025.
- ii. The underperformance of own-source revenue at Kshs.39.49 million against an annual target of Kshs.331.94 million, representing 12 per cent of the financial year target
- iii. No development performance in the review period, as the County had no expenditure on development activities, achieving a zero per cent absorption rate
- iv. Regulation 197(1)(i) of the Public Finance Management (County Governments) Regulations, 2015, limits the lifespan of public funds to 10 years unless extended by the County Assembly. As of 30 September 2025, the Emergency Fund, County SME Fund, Bursary Fund, Youth and Women Fund, Cooperative Development Fund, County PWD Fund, Lake Bogoria Grants and County Assembly Car and Mortgage Fund had lapsed, making them ineligible for further withdrawals.
- v. Non-submission of copies of authorisation letters for opening commercial bank accounts as per Regulation 82(5) of the Public Finance Management (County Governments) Regulations, 2015.
- vi. The County has stalled projects valued at Kshs.217.44 million, with Kshs.126.84 million paid (58 per cent). The stalling of the projects is attributed to varying reasons, including inadequate funding.

- vii. The County reported OSR arrears of Kshs.392.66 million, comprising ordinary OSR arrears of Kshs.301.75 million and FIF (SHIF) arrears of Kshs.152.05 million. These revenue arrears limited funding for County activities.

The County should implement the following recommendations to improve budget execution:

- i. *The County Treasury should ensure the timely preparation and submission of financial reports to the Office of the Controller of Budget per the timelines prescribed in Section 166 of the PFM Act, 2012.*
- ii. *The County should address its own-source revenue performance to ensure the approved budget is fully financed. Appropriate austerity measures should be implemented to ensure expenditure commitments are aligned with available revenue.*
- iii. *The County should implement strategies to increase development expenditures in FY 2025/26.*
- iv. *The County should ensure timely review and extension of public funds whose lifespan is nearing expiration to prevent operational disruptions. Additionally, any expenditure from lapsed funds should cease immediately, and legal mechanisms should be followed to re-establish or wind up such funds in compliance with the Public Finance Management Act.*
- v. *The County Treasury should ensure it submits copies of authorisation letters to OCoB for opening commercial bank accounts to enhance accountability and oversight.*
- vi. *The County Executive should prioritise and fast-track feasible stalled projects in the budget, ensuring they are monitored for completion. Additionally, enhancing cash flow forecasting and commitment controls is essential to start projects only with secured funding, along with maintaining a register for multi-year obligations to align projects with the budget.*
- vii. *The County needs to develop strategies to collect these outstanding arrears to improve budget implementation.*

## 3.2. County Government of Bomet

### 3.2.1 Overview of FY 2025/26 Budget

The Bomet County Approved Budget for FY 2025/26 is Kshs.10.85 billion. It comprises Kshs.4.0 billion (37 per cent) and Kshs.6.82 billion (63 per cent) allocation for development and recurrent programmes, respectively. The budget estimates represent an increase of Kshs.984.08 million (10 per cent) from the FY 2024/25 budget, which comprised a development budget of Kshs.3.36 billion and a recurrent budget of Kshs.6.47 billion. The increase in the budget was primarily attributed to the high balance carried forward from FY 2024/25 of Kshs.743 million. The budget is to be financed from various revenue sources. These include; the equitable share of revenue raised nationally of Kshs.7.45 billion (69 per cent), additional allocations of Kshs.1.73 billion (16 per cent), a cash balance of Kshs.743 million (7 per cent) brought forward from FY 2024/25, and Kshs.897 million (8 per cent) to be generated as own-source revenue. A breakdown of the additional allocations is shown in Table 3.12.

### 3.2.2 Revenue Performance

During the first quarter of FY 2025/26, the County received Kshs.1.54 billion in revenue. This amount represented an increase of 51 per cent compared to the amount received in a similar period in FY 2024/25 of Kshs.1.1 billion. The total revenue consisted of Kshs.595.78 million from the equitable share of revenue raised nationally, additional allocations from the national government and development partners of Kshs.102.55 million, as well as own-source revenue (OSR) collection of Kshs.97.16 million. Additionally, the County had a cash balance of Kshs.743 million from FY 2024/25. The total OSR collection of Kshs.97.16 million included Facilities Improvement Financing (FIF) of Kshs.89.87 million, and Kshs.7.29 million from other OSR sources. Table 3.12 summarises the total revenue available to the County Government during FY 2025/26.

The County is yet to finalise the approval process for the governing regulations to operationalise the Facility Improvement Fund (FIF). The draft regulations are pending approval at the County Assembly.

Figure 6 provides a detailed breakdown of receipts, showing a breakdown of each shilling received.

**Figure 6: Bomet County Composition of Each Shilling Received in the First Quarter of FY 2025/26**

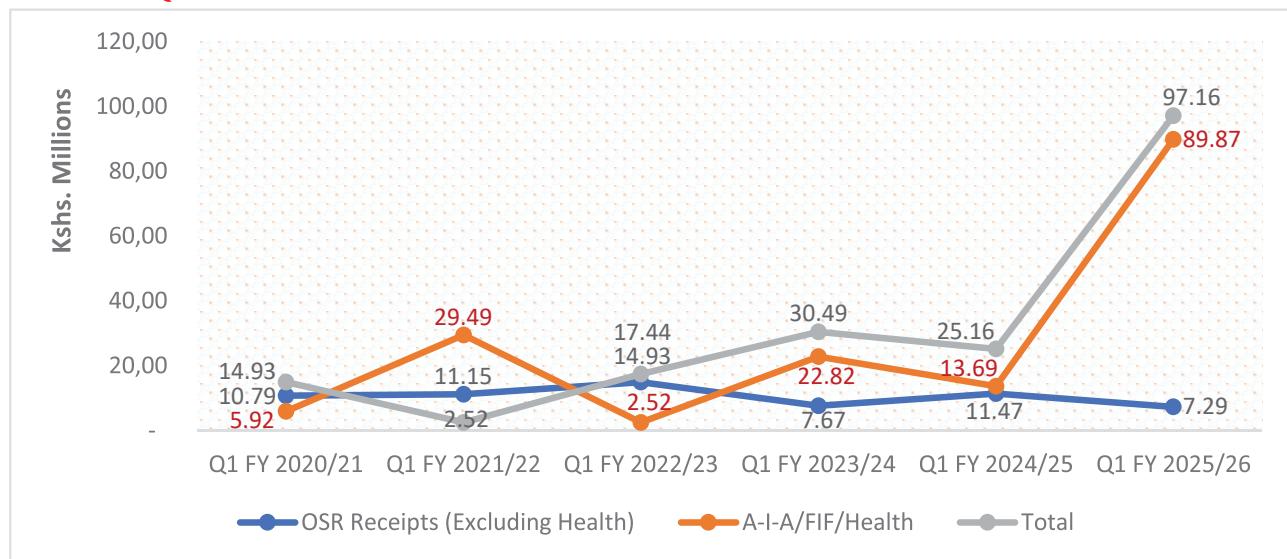

*Source: Bomet County Treasury*

The balance brought forward, equitable share of revenue raised nationally and OSR contributed 23 per cent 66 per cent and 6 per cent respectively of the total receipts for the reporting period.

Figure 7 shows the collection trend in own-source revenue from the First Quarter of FY 2020/21 to the First Quarter of FY 2025/26.

**Figure 7: Bomet County Trend in Own-Source Revenue Collection from the First Quarter of FY 2020/21 to the First Quarter of FY 2025/26**

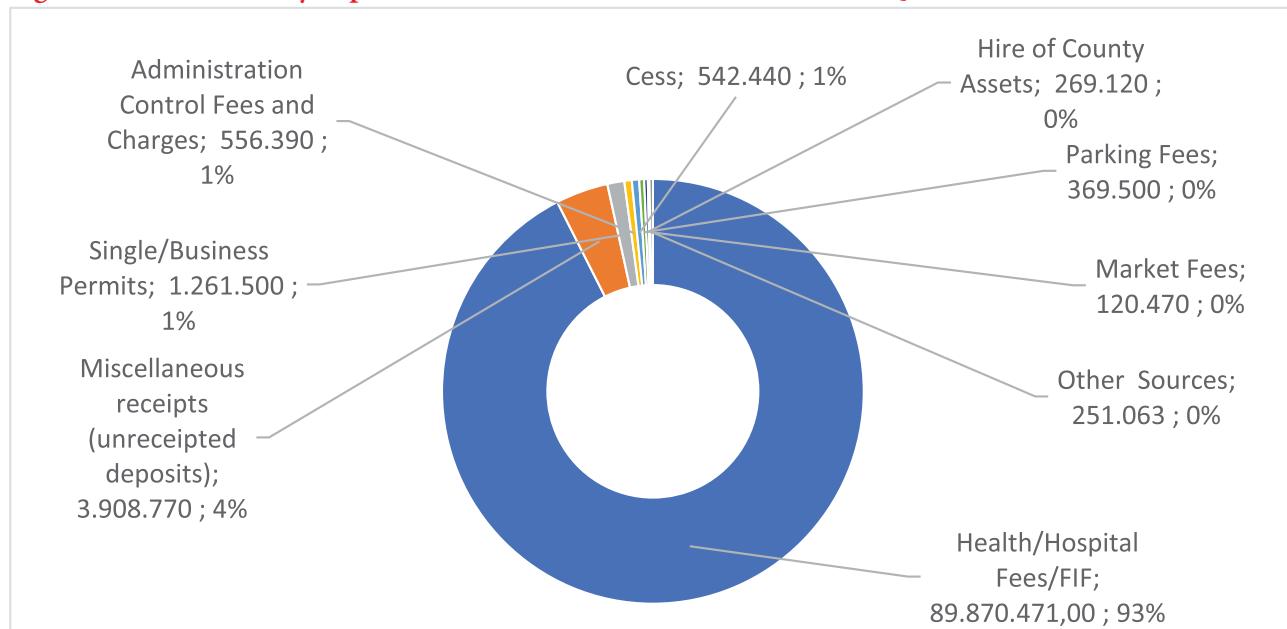

*Source: Bomet County Treasury*

During the First Quarter of FY 2025/26, the County generated Kshs.97.16 million from its revenue sources, including FIF. This amount was an increase of 286 per cent compared to Kshs.25.16 million realised in a similar period in FY 2024/25, and was 10 per cent of the annual target and was 8 per cent of the equitable revenue share disbursed.

The increase in collection was attributed to improved collection under FIF as a result of the operationalisation of FIF Act

The revenue streams which contributed the highest OSR receipts are shown in Figure 8.

**Figure 8: Bomet County Top Own Source Revenue Streams in the First Quarter of FY 2025/26**

Source: Bomet County Treasury

As shown in Figure 8, the highest revenue stream, at Kshs.89.17 million, was from FIF accounting for 93 per cent of the total OSR receipts. The County Government is yet to automate revenue streams.

### 1.1.1 Revenue Arrears

As of 1<sup>st</sup> July 2025, the County reported revenue arrears of Kshs.144.28 million. The County did not submit the updated status to the CoB as of 30<sup>th</sup> September 2025. Table 3.13 presents a breakdown of the County's revenue arrears.

**Table 3.13: Bomet County Revenue Arrears as of 30 September 2025**

Revenue Stream	Revenue Arrears as of 30 June 2025 (Kshs.)	Progress made in Q1 FY 2025/26			Revenue Arrears as of 30 September 2025 (Kshs.)
		Waivers (Kshs)	Arrears received in the financial year (Kshs)	Arrears earned in Q1 FY 2025/26 (Kshs)	
a	b	c	d	f=a-b-c+d	
Ordinary Own Sources of Revenue	-	-	-	-	-
Facility Improvement Fund (FIF)	144,284,683	-	-	-	144,284,683

<b>Total</b>	<b>144,284,683</b>	<b>-</b>	<b>-</b>	<b>-</b>	<b>144,284,683</b>

Source: Bomet County Treasury

As of 30 September 2025, the reported revenue arrears totalled to Kshs.144.28 million, being arrears brought forward from the FY 2024/25.

### 3.2.3 Borrowing by the County

Bomet County did not submit borrowing records to support its operations during the reporting period.

### 3.2.4 Exchequers Approved

The Controller of Budget approved withdrawals of Kshs.587.08 million from the CRF account during the reporting period, which comprised was for recurrent programmes. Analysis of the recurrent exchequers released indicates that Kshs.334.38 million was towards employee compensation and Kshs.252.69 million for operations and maintenance expenditure.

The operations and maintenance exchequer analysis indicates that 15 per cent was for domestic travel and 7 per cent for foreign travel. The domestic travel exchequer amounted to Kshs.38.51 million and included Kshs.3.75 million for the County Executive and Kshs.34.77 million for the County Assembly. The foreign exchequer totalled Kshs17.88 million incurred by the County Assembly.

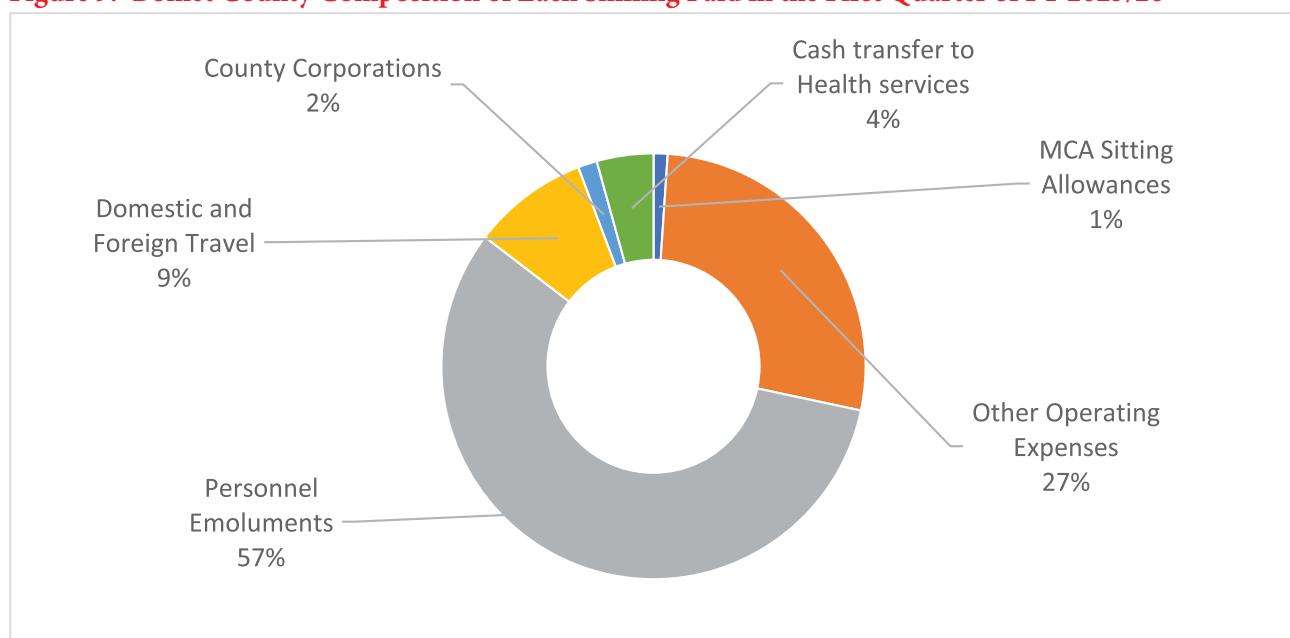

As of September 30, 2025, the County Government's cash balance in the CRF account was Kshs.866.16 million.

### 3.2.5 Expenditure Review

The County spent Kshs.633.8 million on recurrent programmes in the reporting period. The expenditure represented 108 per cent of the total funds released by the CoB and was spent on recurrent programmes. The County did not submit the reason(s) for the over-expenditure.

The following chart provides a detailed breakdown of expenditure, showing relative composition of each shilling spent.

**Figure 9: Bomet County Composition of Each Shilling Paid in the First Quarter of FY 2025/26**

Source: Bomet County Treasury

As shown in Figure 9, the three highest expenditure categories were Personnel emoluments, Other operating expenses, and Domestic and foreign travel, which contributed 57 per cent, 27 per cent, and 9 per cent of total expenditure for the reporting period, respectively.

### 3.2.6 Settlement of Trade Payables

As of 1<sup>st</sup> July 2025, the County reported trade payables totalling Kshs.1.52 billion. This amount included Kshs.1.46 billion from the County Executive and Kshs.65.87 million from the County Assembly. The trade payables from the County Executive consisted of Kshs.599.97 million for recurrent expenditures and Kshs.857.4 million for development expenditures.

During the reporting period, the County Executive and County Assembly did not settle any trade payables. The outstanding trade payables as of 30th September 2025 was Kshs.1.46 billion for County Executive and Kshs.65.87 million for County Assembly. Table 3.14 provides additional details of trade payables.

**Table 3.14: Bomet County Trade Payables as of 30<sup>th</sup> September 2025**

	County Entity	Development (Kshs.)	Recurrent (Kshs.)	Total (Kshs.)
As at 1 July 2025 (End of FY 2024/25)	County Executive	857,398,556.00	599,970,751.00	1,457,369,307.00
	County Assembly	45,807,600.00	20,063,977.00	65,871,577.00

	County Assembly	45,807,600.00	20,063,977.00	65,871,577.00
	<b>Total</b>	<b>903,206,156.00</b>	<b>620,034,728.00</b>	<b>1,523,240,884.00</b>

*Source:* Bomet County Treasury

The County Executive and the Assembly submitted a trade payables payment plan, committing to pay Kshs.1.46 billion and Kshs.65.87 million, respectively, between the Second quarter and the fourth quarter in the FY 2025/26. Accordingly, the County Executive and County Assembly did not report payment of trade payables in the First quarter

Table 3.15 and Table 3.16 present the ageing of the total outstanding bills as of 30 September 2025 for the County Executive and Assembly, which were Kshs.1.46 billion and Kshs.65.87 million, respectively.

*Source:* Bomet County Treasury

The County Executive and County Assembly committed to settling trade payables on a FIFO basis. A trade payables payment plan was shared with OCoB for tracking of the payments. In the reporting period, the two entities did not report payment of trade payables.

### 3.2.7 Expenditure by Economic Classification

During the reporting period, the County Executive incurred Kshs.288.55 million for compensation of employees and Kshs.214.63 million for operations and maintenance. The County Executive did not report any development expenditure in the period.

Similarly, the County Assembly spent Kshs.73.06 million on compensation of employees and Kshs.57.56 million on operations and maintenance, and reported nil expenditure on development activities, as shown in Table 3.17.

**Table 3.17: Bomet County Summary of Budget and Expenditure by Economic Classification**

Expenditure Classification	Approved Budget (Kshs.)		Expenditure (Kshs.)		Absorption (%)	
	County Executive	County Assembly	County Executive	County Assembly	County Executive	County Assembly

### 3.2.8 Expenditure on Compensation of Employees

During the period under review, the expenditure on employee compensation totalled Kshs.361.6 million. The percentage of compensation of employees to revenue was 20 per cent. This expenditure on employee compensation shows a decrease compared to the Kshs.606.7 million reported in a similar period in FY 2024/25. Of this total, Kshs.113.12 million related to the Health Sector employees, which accounted for 31 per cent of the overall employees' compensation. The decrease in expenditure reported for compensation on employees is attributed to delay in budget uploading and procurement upload challenges posed by the new system.

Figure 10 shows the compensation trend of employees' expenditures as a percentage of total revenue received from the First Quarter of FY 2020/21 to the First Quarter of FY 2025/26.

**Figure 10: Percentage of Employee Compensation to Total Revenue Received from the First Quarter of FY 2020/21 to the First Quarter of FY 2025/26**

Source: Bomet County Treasury

Figure 10 shows that the executive ratio of wage bill to revenue in the first quarter of FY2025/26 rose to 90 per cent compared to the FY 2024/25 when the ratio was 74 per cent. On the other hand the ratio of wage bill to revenue for the County Assembly grew from 44 per cent on FY 2024/25 to 57 per cent in the first quarter of FY 2025/26

Further analysis indicated that PE costs amounting to Kshs.342.69 million were processed through the Human Resource Information System (HRIS). In contrast, Kshs.18.92 million was processed through manual payroll, which accounted for 5 per cent of the total PE cost.

The manual payroll comprised salaries for 7 staff not onboarded into the Human Resource Information System (HRIS), salaries for 114 casual staff, top-up allowances for security personnel, gratuity remittances to pension schemes for staff on contract, and LAPTRUST/LAPFUND Pension Contributions, as shown in Table 3.18.

**Table 3.18: Breakdown of Bomet County Manual Payroll**

Breakdown of Manual Payroll			
Category	County Executive	County Assembly	Total
Salaries for staff paid outside Human Resource Information System (HRIS)	-	6,146,778.00	6,146,778.00
Salaries for casual staff	-	10,374,000.00	10,374,000.00
Gratuity for contract staff		2,398,376.00	2,398,376.00
<b>Total</b>	-	<b>18,919,154.00</b>	<b>18,919,154.00</b>

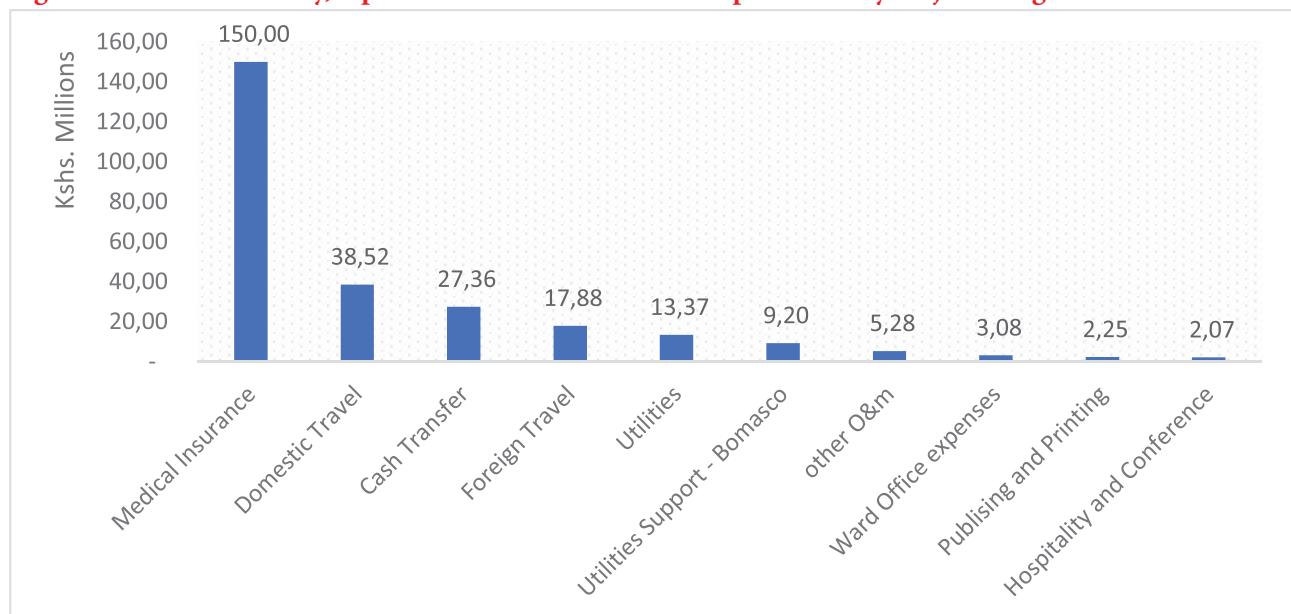

Source: Bomet County Treasury

The County Assembly spent Kshs.6.8 million on committee sitting allowances for the 39 MCAs against the annual budget allocation of Kshs.35.9 million. The average monthly sitting allowance was Kshs.58,086 per MCA. The County Assembly has 21 House Committees.

### 3.2.9 Expenditure on Operations and Maintenance

During the reporting period, the County spent Kshs.272.19 million on operations and maintenance, representing an increase of 198 per cent compared to FY 2024/25, when the County spent Kshs.91.33 million. Figure 11 summarises the Operations and Maintenance expenditure by major categories.

**Figure 11: Bomet County, Operations and Maintenance Expenditure by Major Categories**

Source: Bomet County Treasury

Medical Insurance recorded the highest expenditure at Ksh.150 million followed by Domestic travel at Ksh.38.52 million. The County transferred Ksh.27.36 million to entities which was the third highest expenditure item under operations and maintenance.

### **3.2.10 Unbundling “Other Operating Expenses” Under Operations and Maintenance Expenditures**

The budget performance report submitted to the Controller of Budget for the first quarter of FY 2025/26 shows that the County spent Kshs.5.28 million under “other Operating expenses” translates to 2 per cent of the cumulative operations and maintenance expenditure of Kshs.272.19 million. The disaggregated items under the “Other Operating Expenses” category are shown in Table 3.19.

**Table 3.19: Breakdown of “Other Operating Expenses” under O&M Expenditures**

Code	Item	Budget (Kshs)	Expenditure (Kshs.)
2640499	Other Operating expenses- Community Participation, civic education, stakeholder forums and other citizen engagements	24,000,000.00	5,280,000.00
2210203	Courier and Postal Service	120,000.00	2,020.00
<b>Total</b>		<b>24,120,000.00</b>	<b>5,282,020.00</b>

### **3.2.11 County-Established Funds**

Section 116 of the PFM Act 2012 allows County Governments to establish other public funds, subject to approval from the County Executive Committee and the County Assembly. The County allocated Kshs.110 million to County-Established funds in FY 2025/26, or 1 per cent of the County’s overall budget. Further, the County did not allocate funds to the Emergency Fund in line with Section 110 of the PFM Act, 2012 as the Emergency Funds Act had expired. Table 3.20 summarises each established Fund’s budget allocation and performance during the reporting period.

**Table 3.20: Performance of Bomet County Established Funds in the First Quarter of FY 2025/26**

S/No.	Name of the Fund	Year Established	Approved Budget Allocation in FY 2025/26 (Kshs.)	Exchequer Issues in First Quarter of FY 2025/26 (Kshs.)	Actual Expenditure in the First Quarter of FY 2025/26 (Kshs.)	Cumulative disbursements to the Fund (Kshs)	Submission of Financial Statements (Yes/No)
	County Executive Established Funds						
1.	Bomet County Bursary Fund	2021	85,000,000	0	0	590,458,915	No
2.	Bomet County Executive Car Loan and Mortgage Fund	2014	0	0	0	124,813,880	No
	County Assembly Established Funds						
3	Bomet County Assembly Car Loan and Mortgage Fund	2017	25,000,000	0	0	483,307,071	No
	<b>Total</b>		<b>110,000,000</b>	<b>0</b>	<b>0</b>	<b>1,198,579,866</b>	

*Source:* Bomet County Treasury

During the reporting period, the CoB did not receive quarterly financial reports from the three Fund Administrators, as indicated in Table 3.20, contrary to the requirement of Section 168 of the PFM Act, 2012.

Regulation 197(1)(i) of the Public Finance Management (County Governments) Regulations, 2015, allows County Governments to establish public funds with a lifespan capped at 10 years unless extended by the County Assembly. In FY 2025/26, the CoB established that the lifespan of the Bomet County Executive Mortgage and car Loan Fund had lapsed. Consequently, the CoB did not approve any requests for withdrawals to support the operations of the lapsed funds.

### 3.2.12 County Corporations

The County has 3 County Corporations, which were allocated Kshs.150.45 million in FY 2025/26. The transfers to the corporations in the review period amounted to Kshs.9.20 million, as shown in Table 3.21.

**Table 3.21: Performance of Bomet County Corporations in the First Quarter of FY 2025/26**

S/No.	Name of the Corporation	Approved Budget Allocation in FY 2025/26 (Kshs.)	Exchequer Issues (Kshs.)	Actual Transfers in FY 2025/26 (Kshs.)	Cumulative Transfers to the Corporation since its inception (Kshs.)
1	Bomet Municipality	66,750,000	0	0	33,102,820
2	Sotik Municipality	3,700,000	0	0	0
3	Bomwasco	80,000,000	9,200,000	9,200,000	186,000,000
	Total	150,450,000	9,200,000	9,200,000	219,102,820

*Source:* Bomet County Treasury

### 3.2.13 Expenditure on Domestic and Foreign Travel

Expenditure on domestic travel amounted to Kshs.38.52 million and comprised Kshs.34.77 million spent by the County Assembly and Kshs.3.75 million by the County Executive. Expenditure on foreign travel amounted to Kshs.17.88 million was incurred by the County Assembly, while the County Executive did not report any foreign travel expenditure. Expenditure on foreign travel is summarised in Table 3.22.

**Table 3.22: Summary of Expenditure on Foreign Travel in the First Quarter of FY 2025/26**

Arm of County Government	Number of Officers Travelled	Date travelled	Purpose of the travel	Destination	Total Costs of the Travel in (Kshs.)
County Assembly	25	13 <sup>th</sup> to 23 <sup>rd</sup> September 2025	2nd- Edition of the RAID Okavango Region	Angola	17,884,505
<b>Total</b>					<b>17,884,505</b>

*Source:* Bomet County Treasury and Bomet County Assembly

Under the operations and maintenance costs, there was no reported expenditure on garbage collection and legal fees.

### 3.2.14 Facility Improvement Financing

During the review period, the County reported collections of Kshs.89.87 million as FIF, which was 31 per cent of the annual target of Kshs.290 million. The collected amount was retained and utilised at source in line with the Facility Improvement Financing Act, 2023. The County has however, not approved regulations to operationalise the FIF Act of 2023.

The health facilities spent Kshs.140.35 million out of a budget of Kshs.395 million. This expenditure covered 162 facilities, which included 6 level four hospitals, 29 level two facilities, and 127 level three facilities.

### 3.2.15 Development Expenditure

In the review period, the County did not report expenditure on development programmes. This compares to Ksh.74.66 million spent in a similar period of FY 2024/25.

The County did not report stalled projects in the period.

### 3.2.16 Budget Performance by Department

Table 3.23 summarises the approved budget allocation, expenditure and absorption rate by departments in the period under review.

**Table 3.23: County, Budget Allocation and Absorption Rate by Department**

Department	Budget Allocation (Kshs.Millions)		Exchequer Issues (Kshs.Millions)		Expenditure (Kshs.Millions)		Expenditure to Exchequer Issues (%)		Absorption rate (%)	
	Rec	Dev	Rec	Dev	Rec	Dev	Rec	Dev	Rec	Dev

Source: Bomet County Treasury

Analysis of expenditure by departments shows that the Department of County Assembly recorded the highest absorption rate of recurrent budget at 17 per cent, followed by the Department of Finance Economic planning and ICT at 14 per cent and Adminstration and Public Service recorded 11 per cent.

### 3.2.17 Budget Execution by Programmes and Sub-Programmes

The recurrent sub-programmes with the highest levels of budget implementation, based on absorption rates, were: Office of the Speaker and Legislative services in County Assembly at 15,674 per cent and 41 per cent respectively, followed by Financing to healthcare facilities in the Department of Health at 36 per cent of the budget allocation. No explanation was offered for the overexpenditure in the speaker's office. Several programs reported a zero-absorption rate during the review period. No program reported a development absorption rate in the first quarter of FY 2025/26

### 3.2.18 Accounts Operated in Commercial Banks

Regulation 82(1)(b) of the PFM (County Governments) Regulations, 2015, requires that County Government bank accounts be opened and maintained at the Central Bank of Kenya. The only exemption is for imprest bank accounts for petty cash and revenue collection bank accounts.

Further, Regulation 82(4) of the Public Finance Management (PFM) Act requires accounting officers to obtain written authorisation from the County Treasury before opening a commercial bank account. Additionally, Regulation 82(5) of the Public Finance Management (County Governments) Regulations, 2015, requires the County Treasury to submit a copy of the letter authorising an accounting officer to open a commercial bank account to the Controller of Budget.

The County Government operated 148 accounts with commercial banks, including 131 accounts for Health Facilities, four accounts for Established Funds, one revenue account, seven special-purpose accounts (additional allocations), four imprest accounts, one recurrent operational account, and one development operational account.

The County Treasury did not submit copies of authorisation letters to the Controller of Budget for opening commercial bank accounts as per Regulation 82(5) of the Public Finance Management (County Governments) Regulations, 2015.

### 3.2.19 Key Observations and Recommendations

In the course of overseeing and reporting on the implementation of the County budget, the CoB identified the following challenges, which hampered effective budget implementation;

- i. The County Treasury's late submission of financial reports to the Controller of Budget affected the timely preparation of the budget implementation report, which was received on 19<sup>th</sup> November 2025.
- ii. Own-source revenue underperformed at Kshs.7.3 million against an annual target of Kshs.607.5 million, representing 1.2 per cent of the financial year target against an expected performance of 25 per cent.
- iii. There was a high level of trade payables, which amounted to Kshs.1.52 billion as of 30<sup>th</sup> September, 2025
- iv. Fund Administrators failed to submit quarterly financial and non-financial reports to the CoB within the timelines provided by law, which is against the requirement of Section 168 of the PFM Act, 2012. The reports for the Bursary Fund, County Executive Car Loan and Mortgage Fund and County Assembly Car Loan and Mortgage Fund were not submitted to the CoB as of 15 October 2025.

The County should implement the following recommendations to improve budget execution:

- i. *The County Treasury should ensure the timely preparation and submission of financial reports to the Office of the Controller of Budget per the timelines prescribed in Section 166 of the PFM Act, 2012.*
- ii. *The County should address its own-source revenue performance to ensure the approved budget is fully financed. Appropriate austerity measures should be implemented to ensure expenditure commitments are aligned with available revenue.*
- iii. *The County Leadership should address the situation of trade payables to ensure that genuine bills are paid promptly in the remaining financial year. Further, compliance with the Trade Payables Action Plan should be enforced.*
- iv. *The CECMF should follow up to ensure Fund Administrators prepare and submit statutory reports in line with the PFM Act, 2012.*

## 3.3. County Government of Bungoma

### 3.3.1 Overview of FY 2025/26 Budget

The Bungoma County Approved Budget for FY 2025/26 is Kshs.15.93 billion. It comprises Kshs.5.06 billion (32 per cent) and Kshs.10.86 billion (68 per cent) allocations for development and recurrent programmes, respectively. The budget estimates represent an increase of Kshs.336.96 million (2 per cent) from the FY 2024/25 budget, which comprised a development budget of Kshs.4.97 billion and a recurrent budget of Kshs.10.62 billion. The increase in the budget was primarily attributed to growth in the Equitable share, conditional allocations, and the Facility Improvement Fund.

The budget is to be financed from various revenue sources. These include; the equitable share of revenue raised nationally of Kshs.11.69 billion (73 per cent), additional allocations of Kshs.2.27 billion (14 per cent), and generate Kshs.1.97 billion (13 per cent) as gross own source revenue. The own-source revenue includes Kshs.1.30 billion (66 per cent) as Facility Improvement Fund (revenue from health facilities) and Kshs.671.06 million (34 per cent) as ordinary own-source revenue. A breakdown of the additional allocations is shown in Table 3.24.

### 3.3.2 Revenue Performance

During the first quarter of FY 2025/26, the County received Kshs.2.93 billion in revenue. This amount represented an increase of 42 per cent compared to the amount received in a similar period in FY 2024/25 of Kshs.2.06 million. The total revenue consisted of Kshs.1.9 billion from the equitable share of revenue raised nationally, additional allocations from the national government, and development partners of Kshs.61.54 million, as well as own-source revenue (OSR) of Kshs.285.72 million. Additionally, the County had a cash balance of Kshs.686.93 million from FY 2024/25 which was not budgeted. The total OSR collection of Kshs.285.71 million

included Facilities Improvement Financing (FIF) of Kshs.172.04 million, Kshs.69.87 million from other OSR sources, and Kshs.43.80 million from SHIF. Table 3.24 summarises the total revenue available to the County Government during FY 2025/26.

**Table 3.24: Bungoma County, Revenue Performance in FY 2025/26**

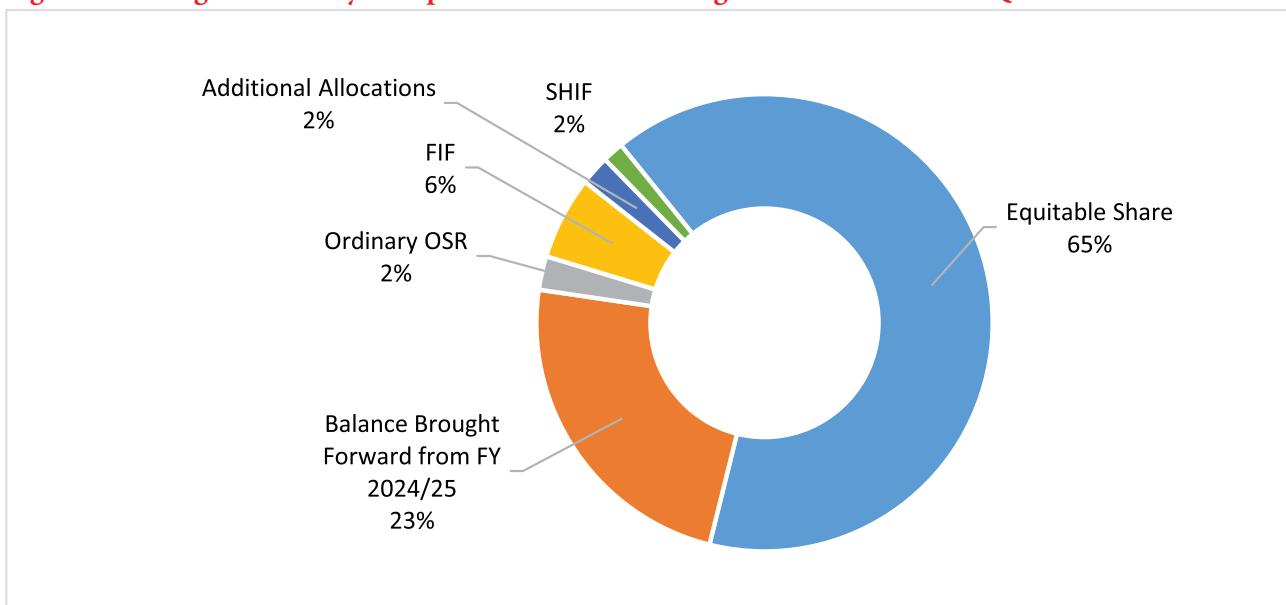

S/No.	Revenue Category	Budget Allocation (Kshs)	Actual Revenue (Kshs.)	Performance (%)

The County is yet to finalise the approval process for the governing legislation to operationalise the Facility Improvement Fund (FIF). Figure 12 provides a detailed breakdown of receipts, showing a breakdown of each shilling received.

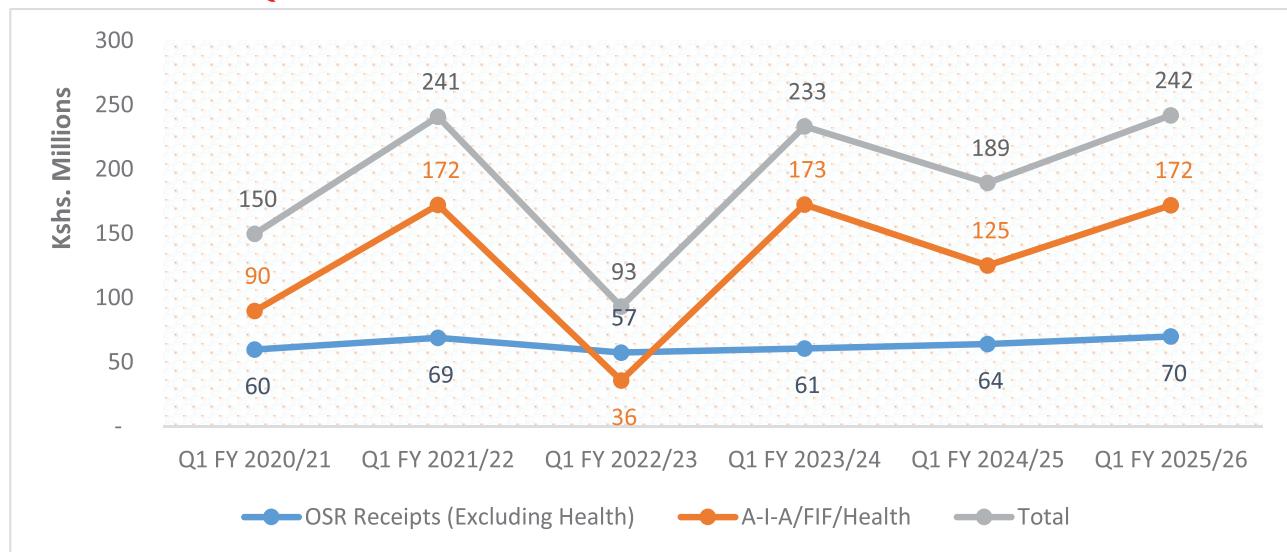

**Figure 12: Bungoma County Composition of Each Shilling Received in the First Quarter of FY 2025/26**

Source: Bungoma County Treasury

The equitable share of revenue raised nationally, balance brought forward, and OSR contributed 65 per cent, 23 per cent, and 8 per cent, respectively, of the total receipts for the reporting period. Figure 13 shows the collection trend in own-source revenue from the First Quarter of FY 2020/21 to the First Quarter of FY 2025/26.

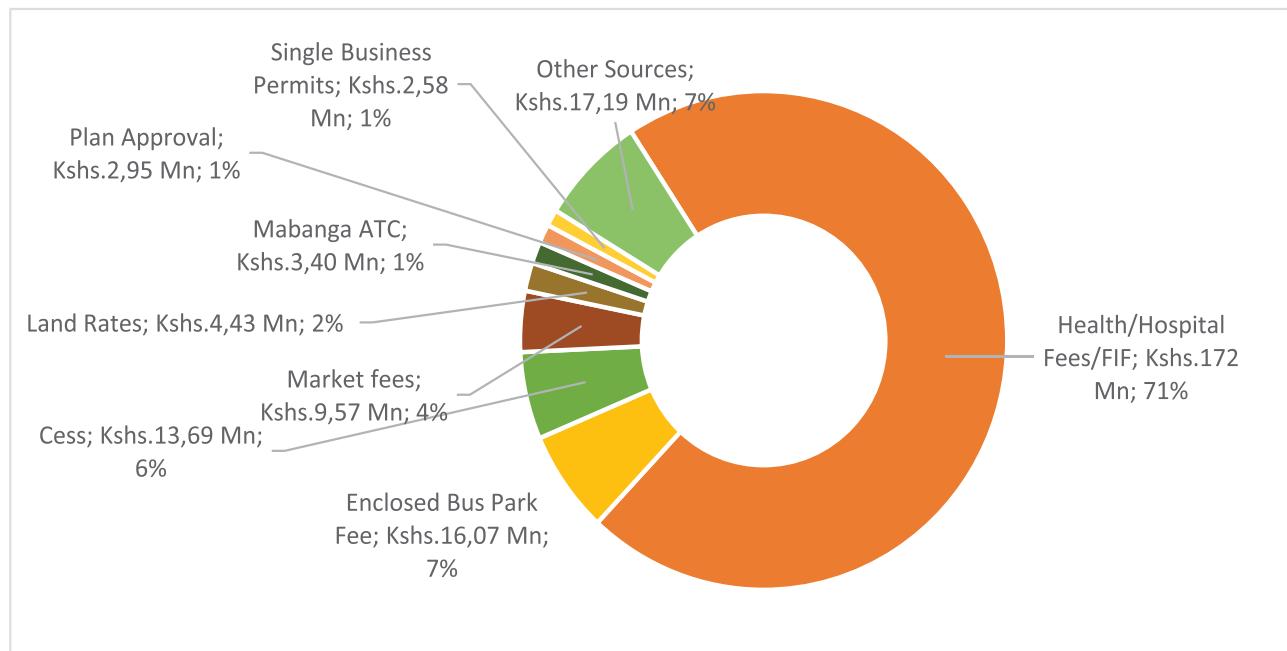

**Figure 13: Bungoma County Trend in Own-Source Revenue Collection from the First Quarter of FY 2020/21 to the First Quarter of FY 2025/26**

Source: Bungoma County Treasury

During the First Quarter of FY 2025/26, the County generated Kshs.285.72 million from its revenue sources, including FIF. This amount was an increase of 28 per cent compared to Kshs.189.2 million realised in a similar period in FY 2024/25, and was 12 per cent of the annual target and 13 per cent of the equitable revenue share disbursed. The revenue streams that contributed the highest OSR receipts are shown Figure 14.

**Figure 14: Bungoma County Top Own Source Revenue Streams in the First Quarter of FY 2025/26**

Source: Bungoma County Treasury

As shown in Figure 14, the highest revenue stream, at Kshs.172.05 million, was from Health /Hospital Fees/FIF, accounting for 71 per cent of the total OSR receipts. The County Government indicated that it has automated 48 out of 52 revenue streams.

### 3.3.3 Revenue Arrears

As of 1<sup>st</sup> July 2025, the County reported revenue arrears of Kshs.660.67 million, this amount increased to Kshs.1.67 billion as of 30<sup>th</sup> September 2025. Table 3.2 presents a breakdown of the County's revenue arrears.

**Table 3.25: Bungoma County Revenue Arrears as of 30 September 2025**

No	Revenue Stream	Revenue Arrears as of 1 July 2025 (Kshs.)	Progress made in FY 2025/26			Revenue Arrears as of 30 September 2025 (Kshs.)

Source: Bungoma County Treasury

As of 30 September 2025, the revenue arrears totalled to Kshs.1.66 billion, comprising Kshs.1.01 billion (61 per cent) for Equitable Share of Revenue Raised Nationally, Kshs.299.70 million (18 per cent) for Ordinary Own Sources of Revenue and Kshs.358.55 million for facility improvement fund (21 per cent). The measures instituted by the County to collect the outstanding arrears in FY 2025/26 include enforcement actions against defaulters, stricter compliance monitoring, and follow-up on unpaid obligations to ensure improved revenue performance.

During the period under review Kshs.2.42 million was collected as land rates arrears and no cess arrears were collected.

### 3.3.4 Borrowing by the County

The County did not borrow any funds during the period under review.

### 3.3.5 Exchequers Approved

The Controller of Budget approved withdrawals of Kshs.2.14 billion from the CRF account during the reporting period, which comprised Kshs.50.73 million (2 per cent) for development programmes and Kshs.2.09 billion (98 per cent) for recurrent programmes. Analysis of the recurrent exchequers released indicates that Kshs.2.02 billion was towards employee compensation and Kshs.125.11 million for operations and maintenance expenditure.

The operations and maintenance exchequer analysis indicates that 49 per cent was for domestic travel and 2.2 per cent for foreign travel. The domestic travel exchequer amounted to Kshs.61.25 million and included Kshs.57.77 million for the County Executive and Kshs.3.48 million for the County Assembly. The foreign travel exchequer totalled Kshs.2.75 million, comprising Kshs.2.0 million for the County Executive and Kshs.0.75 million for the County Assembly.

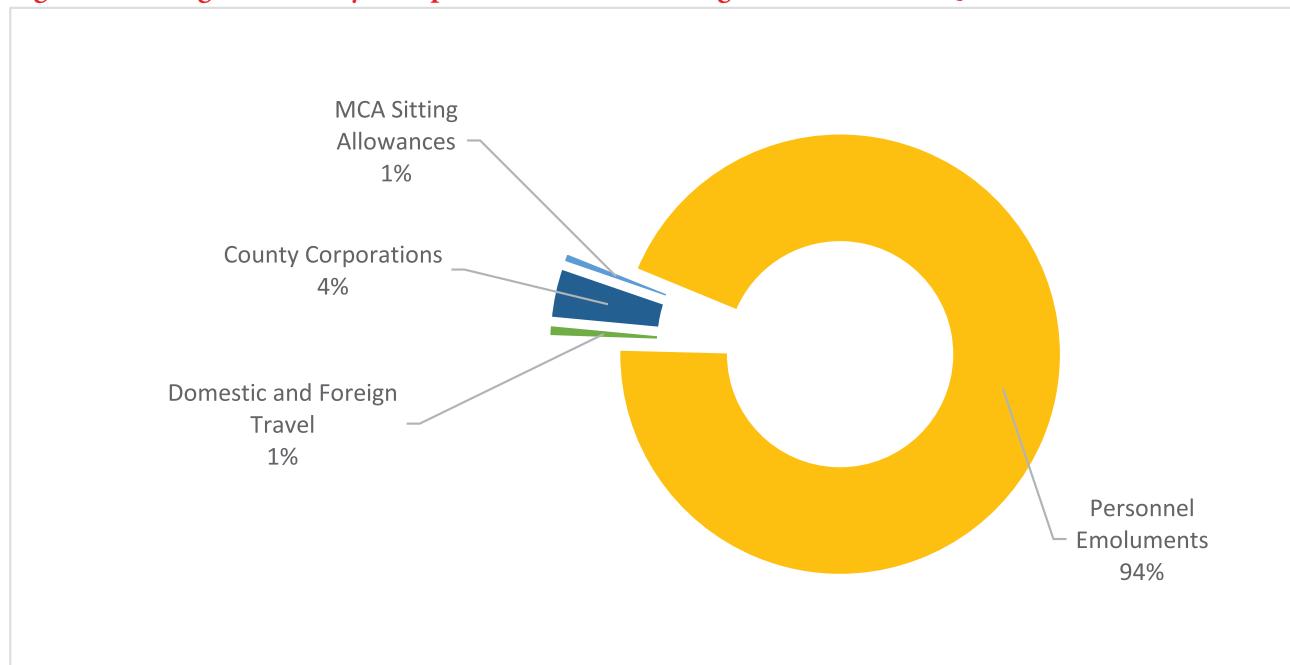

As of September 30, 2025, the County Government's cash balance in the CRF account was Kshs.566.73 million.

### 3.3.6 Expenditure Review

The County spent Kshs.2.14 billion for recurrent programs, which was 100 per cent of the funds released by the CoB and accounted for 20 per cent of the annual recurrent expenditure budget.

The following chart provides a detailed breakdown of expenditure, showing the relative composition of each shilling spent.

**Figure 15: Bungoma County Composition of Each Shilling Paid in the First Quarter of FY 2025/26**

Source: Bungoma County Treasury

As shown in Figure 15, the three highest expenditure categories were Personnel Emoluments, transfers to County Corporations, and Domestic and Foreign Travel, which contributed 94 per cent, 4 per cent, and 1 per cent of total expenditure for the reporting period, respectively.

### 3.3.7 Settlement of Trade Payables

As of 1<sup>st</sup> July 2025, the County reported trade payables totalling Kshs.5.21 billion. This amount included Kshs.5.19 billion from the County Executive and Kshs.16.36 million from the County Assembly. The trade payables from the County Executive consisted of Kshs.2.95 billion for recurrent expenditures and Kshs.2.24 billion for development expenditures.

During the reporting period, the County Executive settled trade payables amounting to Kshs.940.84 million, for recurrent programmes. On the other hand, the County Assembly settled trade payables worth Kshs.14.64 million, for recurrent activities. The outstanding trade payables as of 30th September 2025 were Kshs.4.25 billion for the County Executive and Kshs.1.72 million for the County Assembly. Table 3.26 provides additional details of trade payables.

**Table 3.26: Bungoma County Trade Payables as of 30<sup>th</sup> September 2025**

		County Entity	Development (Kshs.)	Recurrent (Kshs.)	Total (Kshs.)

Source: Bungoma County Treasury

The County Executive and the Assembly submitted a trade payables payment plan, committing to pay Kshs.1.30 billion and Kshs.4.09 million, respectively, in the first quarter of FY 2025/26. The County Executive did not adhere to this payment plan, as it cleared Kshs.940.84 million.

Table 3.27 present the ageing of the total outstanding bills as of 30 September 2025 for the County Executive and Assembly, which were Kshs.4.25 billion.

**Table 3.27: Bungoma County Executive Trade Payables Ageing Analysis as of 30 September 2025**

The Bungoma County Assembly Trade Payables Ageing Analysis as of 30 September 2025 was Kshs.1.72 million. The County should adopt IBEC's trade payables action plan tracker templates to manage, track, and report on its trade payables and their status.

### 3.3.8 Expenditure by Economic Classification

During the reporting period, the County Executive incurred Kshs.1.90 billion for compensation of employees, Kshs.92.85 million for operations and maintenance, and no development expenditure. Similarly, the County Assembly spent Kshs.123.89 million on compensation of employees, Kshs.32.26 million on operations and maintenance, and reported no development expenditure during the period under review, as shown in Table 3.28.

**Table 3.28: Bungoma County Summary of Budget and Expenditure by Economic Classification**

Expenditure Classification	Revised Budget (Kshs.)		Expenditure (Kshs.)		Absorption (%)	
	County Executive	County Assembly	County Executive	County Assembly	County Executive	County Assembly
<b>Total Recurrent Expenditure</b>	<b>9,894,291,357</b>	<b>969,221,694</b>	<b>1,988,356,285</b>	<b>156,145,890</b>	<b>20</b>	<b>16</b>

### 3.3.9 Expenditure on Compensation of Employees

During the period under review, the expenditure on employee compensation totalled Kshs.2.02 billion. The percentage of compensation of employees to revenue was 68 per cent of the available revenue of Kshs.2.93 billion during the period. This expenditure on employee compensation shows an increase compared to the Kshs.866.07 million reported in a similar period of FY 2024/25. Of this total, Kshs.693.80 million for Health Sector employees, accounting for 34 per cent of overall employees' compensation.

Figure 16 shows the compensation trend of employees' expenditures as a percentage of total revenue received from the First Quarter of FY 2020/21 to the First Quarter of FY 2025/26.

**Figure 16: Percentage of Employee Compensation to Total Revenue Received from the First Quarter of FY 2020/21 to the First Quarter of FY 2025/26**

Source: Bungoma County Treasury

Further analysis indicated that PE costs amounting to Kshs.2.02 billion were processed through the Human Resource Information System (HRIS). In contrast, Kshs.4.30 million was processed through manual payroll, which accounted for less than 1 per cent of the total PE cost.

The manual payroll comprised salaries for 135 staff not onboarded into the Human Resource Information System (HRIS), salaries for 15 casual staff, salaries for 3 Speaker's Partisan staff, and salaries for 1 Board Member and Sitting Allowances, as shown in Table 3.29.

**Table 3.29: Breakdown of Bungoma County Manual Payroll**

Category	County Assembly (Kshs.)
Salaries for 135 ward Staff paid outside the Human Resource Information System (HRIS)	3,190,736
Salaries for 15 Casual Staff	221,070
Salary for 1 Board Member and Sitting Allowances	699,000
Speaker's 3 Partisan Staff	193,845
<b>Total</b>	<b>4,304,651</b>

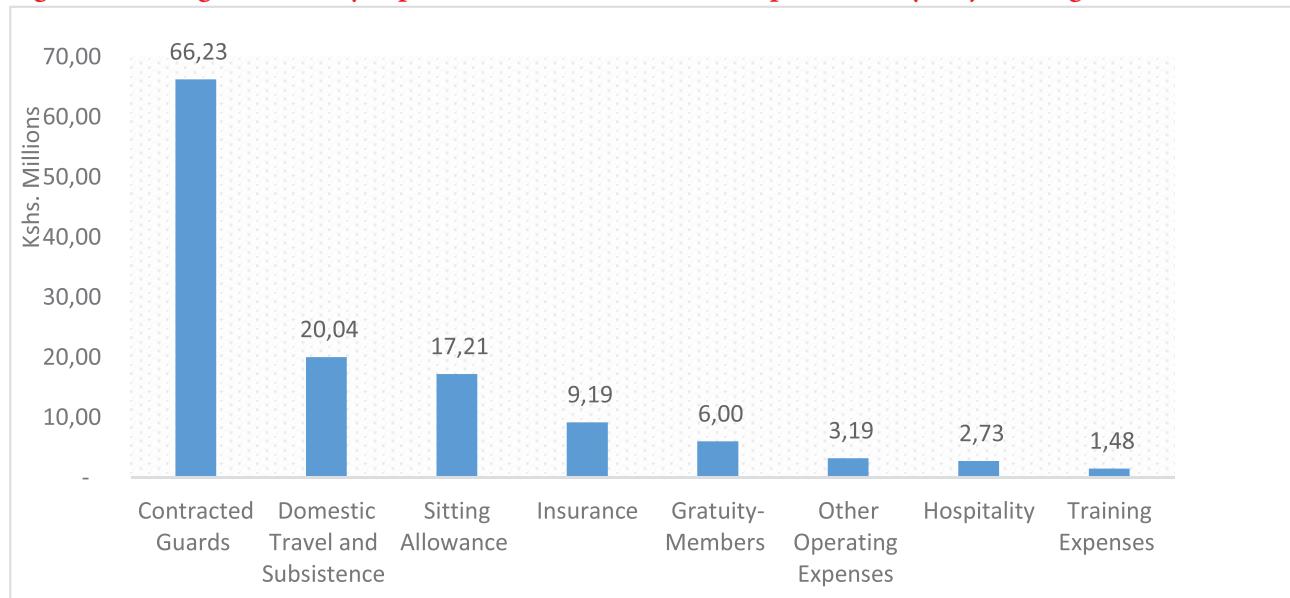

Source: Bungoma County Assembly

The County Assembly spent Kshs.17.20 million on committee sitting allowances for the 63 MCAs against the annual budget allocation of Kshs.51.23 million. The average monthly sitting allowance was Kshs.91,075 per MCA. The County Assembly has 24 House Committees.

### 3.3.10 Expenditure on Operations and Maintenance

During the reporting period, the County spent Kshs.125.11 million on operations and maintenance, representing a decrease of 10.4 per cent compared to FY 2024/25, when the County spent Kshs.139.61 million. Figure 17 summarises the Operations and Maintenance expenditure by major categories.

**Figure 17: Bungoma County, Operations and Maintenance Expenditure by Major Categories**

Source: Bungoma County Treasury

The contracted guards of Kshs.66.73 million relates to costs incurred on garbage collection.

### 3.3.11 Unbundling “Other Operating Expenses” Under Operations and Maintenance Expenditures

The budget performance report submitted to the Controller of Budget for the first quarter of FY 2025/26 shows that the County spent Kshs.3.19 million under “other Operating expenses” translating to 3 per cent of the cumulative operations and maintenance expenditure of Kshs.125.11 million. The disaggregated items under the “Other Operating Expenses” category are shown in Table 3.30.

**Table 3.30: Breakdown of “Other Operating Expenses” under O&M Expenditures**

Item	Budget (Kshs)	Expenditure (Kshs.)
Membership Fees, Dues and Subscriptions to Professional and Trade Bodies	120,000	5,000
Temporary Committee Expenses	1,416,500	535,200
Temporary Committee Expenses	2,289,000	863,200
Other Capital Grants and Transfers	37,500,000	1,759,600
Pre-feasibility, Feasibility and Appraisal Studies	20,000,000	31,500
	<b>61,325,500</b>	<b>3,194,500</b>

### 3.3.12 County-Established Funds

Section 116 of the PFM Act 2012 allows County Governments to establish other public funds, subject to approval from the County Executive Committee and the County Assembly. The County allocated Kshs.200.25 million to County-established funds in FY 2025/26, or 1 per cent of the County’s overall budget. This allocation includes Kshs.100 million to the Emergency Fund (less than 1 per cent of the total budget) in line with Section 110 of the PFM Act, 2012. Table 3.31 summarises each established Fund’s budget allocation and performance during the reporting period.

**Table 3.31: Performance of Bungoma County Established Funds in the First Quarter of FY 2025/26**

S/No.	Name of the Fund	Year Established	Approved Budget Allocation in FY 2025/26 (Kshs.)	Exchequer Issues in First Quarter of FY 2025/26 (Kshs.)	Actual Expenditure in the First Quarter of FY 2025/26 (Kshs.)	Cumulative disbursements to the Fund (Kshs)	Submission of Financial Statements (Yes/No.)
<b>County Executive Established Funds</b>							
1	Scholarships and Other Educational Benefits	2014	40,000,000		747,408	1,864,000,000	Yes
2	Trade Loan	2014	20,000,000		263,567	135,551,583	Yes
3	Women Empowerment Fund	2015	5,125,000				No
4	Disability Empowerment Fund	2016	5,125,000				No
5	Youth Empowerment Fund	2015	30,000,000				No
	Emergency Fund	2019	100,000,000	2,889,600	314,878	345,753,627	Yes

2	MCAs’ Car Loan and Mortgage Scheme Fund	2014			714,355	314,606,924	Yes
	<b>Total</b>		<b>200,250,000</b>	<b>2,889,600</b>	<b>2,738,796</b>	<b>2,914,984,080</b>	

*Source:* Bungoma County Treasury and Bungoma County Assembly

During the reporting period, the CoB did not receive quarterly financial reports from the Youth Empowerment Fund, the Women Empowerment Fund, and the Disability Empowerment Fund Administrators, as indicated in Table 3.31, contrary to the requirement of Section 168 of the PFM Act, 2012. The administration costs of the Funds were within the 3 per cent limit of the Fund budget set in Regulation 197(1)(d) of the Public Finance Management (County Governments) Regulations, 2015.

Regulation 197(1)(i) of the Public Finance Management (County Governments) Regulations, 2015, allows County Governments to establish public funds with a lifespan capped at 10 years unless extended by the County Assembly. During the reporting period, the CoB established that the lifespan of the Trade Loan Fund, the MCAs' Car Loan and Mortgage Scheme Fund, the Education Support Scheme, and the Youth and Women Fund had lapsed.

### 3.3.13 County Corporations

The County has one County Corporation, which was allocated Kshs.402.77 million in FY 2025/26. Their total expenditure for the review period amounted to Kshs.57.18 million, as shown in Table 3.32.

**Table 3.32: Performance of Bungoma County Corporations in the First Quarter of FY 2025/26**

S/ No.	Name of the Corporation	Approved Budget Allocation in FY 2025/26 (Kshs.)	Exchequer Issues (Kshs.)	Revenue collected in the First Quarter of FY 2025/26 (Kshs.)	Actual Expenditure in First Quarter of FY 2025/26 (Kshs.)	Cumulative Transfers to the Corpo- ration since its inception (Kshs.)
1	Bungoma Water and Sewerage Plc-BWASCO	402,772,238		58,066,766	57,183,438	
	Total	402,772,238		58,066,766	57,183,438	

*Source:* Bungoma County Treasury

The County Treasury did not provide the cumulative transfers to the Bungoma Water and Sewerage Company since its inception.

### 3.3.14 Expenditure on Domestic and Foreign Travel

Expenditure on domestic travel amounted to Kshs.20.04 million and comprised Kshs.7.16 million spent by the County Assembly and Kshs.12.88 million by the County Executive. Expenditure on foreign travel amounted to Kshs.0.39 million by the County Assembly. Expenditure on foreign travel is summarised in Table 3.33.

**Table 3.33: Summary of Expenditure on Foreign Travel in the First Quarter of FY 2025/26**

Arm of County Gov- ernment	Number of Officers Trav- elled	Date travelled	Purpose of the travel	Destination	Total Costs of the Travel in (Kshs.)
County Assembly	5	29 <sup>th</sup> August 2025 to 30th August 2025	Facilitation to the Second UMUKUUKA 111 Royal Anniversary Dinner 2025	Uganda	388,759
<b>Total</b>					<b>388,759</b>

*Source:* Bungoma County Assembly

### 3.3.15 Facility Improvement Financing

During the review period, the County reported collections of Kshs.172.05 million as FIF, which was 13 per cent of the annual target of Kshs.1.29 billion. The collected amount was retained and utilised at source in line with the Facility Improvement Financing Act, 2023. The County, however, has not developed regulations to operationalise the FIF Act of 2023.

The expenditure by health facilities amounted to Kshs.165.72 million, as shown in Table 3.34.

**Table 3.34: Bungoma County Health Facilities Expenditure Performance in FY 2025/26**

No.	Health Facility	Number of Facilities	Approved Budget (Kshs.)	Actual Expenditure (Kshs.)	Absorption rate (%)
1	Level 5 Hospital	2	671,296,847	99,876,955	15
2.	Level 4 Hospital	8	402,773,175	19,438,301	5
3.	Level 2& 3 Health Facilities	180	221,000,001	46,404,117	23
	<b>Total</b>		1,295,070,023	165,719,372	13

*Source:* Bungoma County Treasury

### 3.3.16 Development Expenditure

In the First Quarter of FY 2025/26, the County Government did not report any development expenditures, compared to a similar period in FY 2024/25, when the County spent Kshs.89.43 million.

### 3.3.17 Budget Performance by Department

Table 3.35 summarises the approved budget allocation, expenditure and absorption rate by departments in the period under review.

**Table 3.35: Bungoma County, Budget Allocation and Absorption Rate by Department**

Source: Bungoma County Treasury

Analysis of expenditure by departments shows that the County Secretary recorded the highest absorption rate of the Recurrent budget at 30 per cent, followed by the Department of Tourism, Forestry, and Environment at 20 per cent. In comparison, Kimilili Municipality had the lowest at less than 1 per cent.

### 3.3.18 Budget Execution by Programmes and Sub-Programmes

The recurrent sub-programmes with the highest levels of budget implementation, based on absorption rates, were: Climate Change Institutional Support Grant in the Department of Environment, Tourism and Climate Change at 55 per cent, Administrative Services in the Department of Public Administration at 54 per cent and Employee Compensation in the Department of County Secretary at 30 per cent of the budget allocation. No development absorption was reported during the review period.

### 3.3.19 Accounts Operated in Commercial Banks

Regulation 82(1)(b) of the PFM (County Governments) Regulations, 2015, requires that County Government bank accounts be opened and maintained at the Central Bank of Kenya. The only exemption is for imprest bank accounts for petty cash and revenue collection bank accounts.

Further, Regulation 82(4) of the Public Finance Management (PFM) Act requires accounting officers to obtain written authorisation from the County Treasury before opening a commercial bank account. Additionally, Regulation 82(5) of the Public Finance Management (County Governments) Regulations, 2015, requires the County Treasury to submit a copy of the letter authorising an accounting officer to open a commercial bank account to the Controller of Budget.

The County Government operated 301 accounts in commercial banks, including 145 accounts for Health Facilities and Dispensaries, 14 accounts for Level 4 and 5 Hospitals, 116 accounts for Vocational Training Centres, 16 accounts for Established Funds, 6 accounts for the County Assembly operations and 4 revenue accounts.

The County Treasury did not submit copies of authorisation letters to the Controller of Budget for opening 295 commercial bank accounts as per Regulation 82(5) of the Public Finance Management (County Governments) Regulations, 2015.

### 3.3.20 Key Observations and Recommendations

In the course of overseeing and reporting on the implementation of the County budget, the CoB identified the following challenges, which hampered effective budget implementation;

- i. The County Treasury's late submission of financial reports to the Controller of Budget affected the timely preparation of the budget implementation report, which was received on 22<sup>nd</sup> October, 2025.
- ii. The underperformance of own-source revenue at Kshs.285.72 million against an annual target of

- Kshs.1.97 billion, representing 15 per cent of the financial year target, instead of the expected 25per cent.
- iii. The County Treasury failed to appropriate the unspent cash balance from the previous financial year, which amounted to Kshs.686.93 million.
  - iv. Regulation 197(1)(i) of the Public Finance Management (County Governments) Regulations, 2015, limits the lifespan of public funds to 10 years unless extended by the County Assembly. As of 30 September 2025, the lifespan of the Trade Loan Fund, MCAs' Car Loan and Mortgage Scheme Fund, Education Support Scheme, and Youth and Women Fund had lapsed, making them ineligible for further withdrawals.
  - v. Fund Administrators failed to submit quarterly financial and non-financial reports to the CoB within the timelines provided by law, which is against the requirement of Section 168 of the PFM Act, 2012. The reports for the Youth and Women Fund and the Disability Fund were not submitted to the CoB as of 15 October 2025.
  - vi. High level of trade payables, which amounted to Kshs.4.25 billion as of 30 September 2025. Further, there was non-adherence to the payment plan for the trade payables by the County Treasury.
  - vii. Use of manual payroll. Personnel emoluments amounting to Kshs.4.30 million for 135 staff not onboarded into the Human Resource Information System (HRIS), salaries for 15 casual staff, wages for 3 Speaker' Partisan staff, and salary for 1 Board Member and Sitting Allowances were processed through manual payroll, accounting for less than 1 per cent of the total payroll cost. Manual payroll is prone to abuse and may result in the loss of public funds.
  - viii. Non-submission of copies of authorisation letters for opening commercial bank accounts as per Regulation 82(5) of the Public Finance Management (County Governments) Regulations, 2015.
  - ix. The County reported revenue arrears totalling Kshs.1.66 billion, including Kshs.1 billion in equitable share allocation for September 2025, Kshs.302.12 million in ordinary OSR, and Kshs.358.55 million in FIF from SHIF. These arrears have constrained the County's funding in the review period.

The County should implement the following recommendations to improve budget execution:

- i. *The County Treasury should ensure the timely preparation and submission of financial reports to the Office of the Controller of Budget per the timelines prescribed in Section 166 of the PFM Act, 2012.*
- ii. *The County should address its own-source revenue performance to ensure the approved budget is fully financed. Appropriate austerity measures should be implemented to ensure expenditure commitments are aligned with available revenue.*
- iii. *The County Treasury should prepare a Supplementary budget to appropriate the unspent cash balances from the previous financial year.*
- iv. *The County should ensure timely review and extension of public funds whose lifespan is nearing expiration to prevent operational disruptions. Additionally, any expenditure from lapsed funds should cease immediately, and legal mechanisms should be followed to re-establish or wind up such funds in compliance with the Public Finance Management Act.*
- v. *The CECMF should follow up to ensure Fund Administrators prepare and submit statutory reports in line with the PFM Act, 2012.*
- vi. *The County Leadership should address the situation of trade payables to ensure that genuine bills are paid promptly in the remaining financial year. Further, compliance with the Trade Payables Action Plan should be enforced.*
- vii. *The Government requires that salaries be processed through the HRIS system, and the County is advised to fast-track the acquisition of Unified Personnel Numbers for their staff. The County Public Service Board should regulate staff engagement on contract and casual workers as provided under Section 74 of the County Governments Act 2012. Furthermore, strict adherence to the approved staff establishment should be maintained.*
- viii. *The County Treasury should ensure it submits copies of authorisation letters to OCoB for opening commercial bank accounts to enhance accountability and oversight.*
- ix. *The County needs to develop strategies to collect these outstanding arrears to improve budget implementation.*

## 3.4. County Government of Busia

### 3.4.1 Overview of FY 2025/26 Budget

The Busia County Approved Budget for FY 2025/26 is Kshs.10.04 billion. It comprises Kshs.3.04 billion (30 per cent) and Kshs.7.00 billion (70 per cent) allocations for development and recurrent programmes, respectively. The budget estimates represent a decrease of Kshs.732.4 million (7 per cent) from the FY 2024/25 budget, which comprised a development budget of Kshs.3.36 billion and a recurrent budget of Kshs.6.85 billion. The budget decrease was primarily due to a decline in the unspent cash balance from FY 2024/25.

The budget is to be financed from various revenue sources. These include the equitable share of revenue raised nationally, amounting to Kshs.7.86 billion (78.0 per cent), additional allocations of Kshs.936.65 million (10 per cent), a cash balance of Kshs.531.81 million (5.0 per cent) brought forward from FY 2024/25, and Kshs.707.27 million (7.0 per cent) generated as own-source revenue. A breakdown of the additional allocations is shown in Table 3.36.

### 3.4.2 Revenue Performance

During the first quarter of FY 2025/26, the County received Kshs.1.89 billion in revenue. This amount represented a decrease of 12.0 per cent compared to the amount received in a similar period in FY 2024/25 of Kshs.2.15 billion. The total revenue consisted of Kshs.1,275.29 million from the equitable share of revenue raised nationally and the own-source revenue (OSR) collection of Kshs.122.13 million. Additionally, the County had a cash balance of Kshs.531.81 million from FY 2024/25. The total OSR collection of Kshs.87.12 million included Facilities Improvement Financing (FIF) of Kshs.43.67 million, and Kshs.35.00 million from other OSR sources. Table 3.36 summarises the total revenue available to the County Government during FY 2025/26.

**Table 3.36: Busia County, Revenue Performance in FY 2025/26**

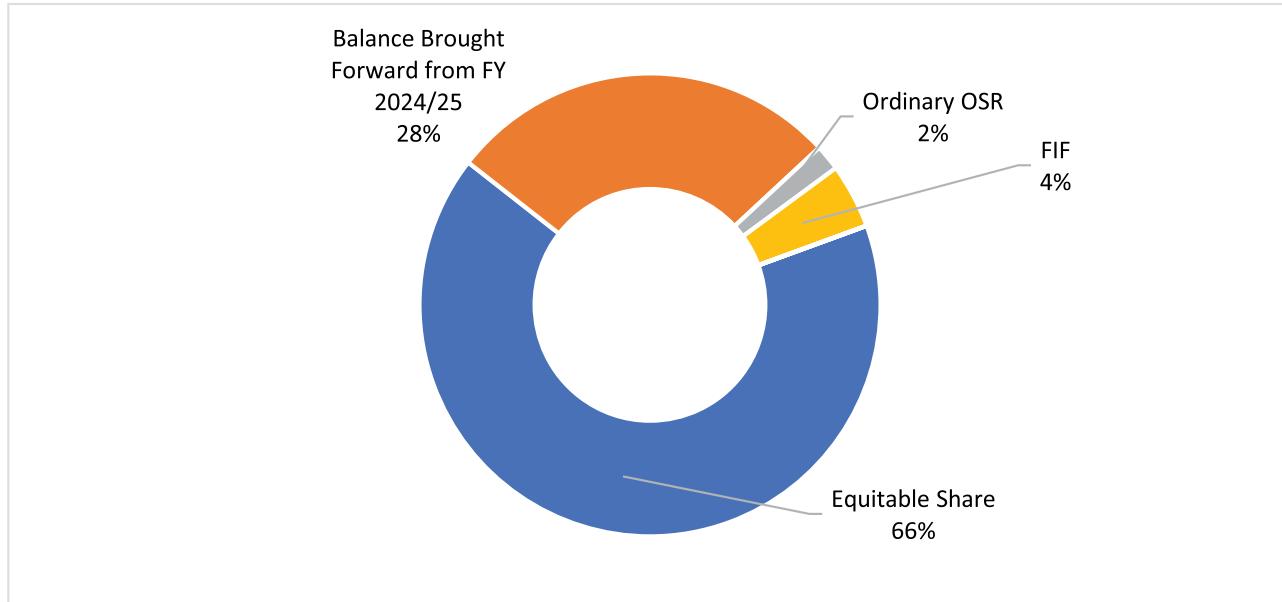

S/No.	Revenue Category	Budget Allocation (Kshs)	Actual Revenue (Kshs.)	Performance (%)

The County has governing legislation on the operation of FIF. Figure 18 provides a detailed breakdown of receipts, showing a breakdown of each shilling received.

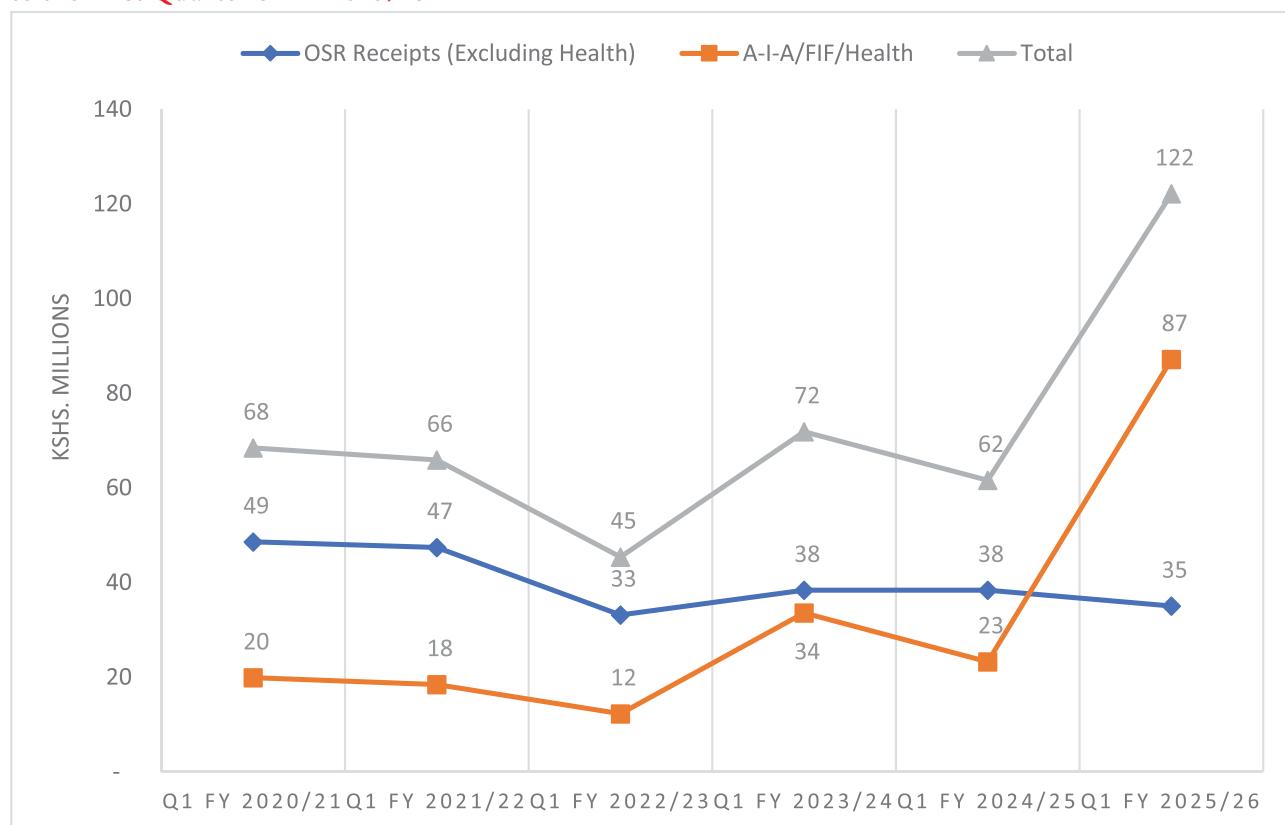

**Figure 18: Busia County Composition of Each Shilling Received in the First Quarter of FY 2025/26**

Source: Busia County Treasury

The equitable share of revenue raised nationally, balance brought forward, and OSR contributed 66 per cent, 28 per cent and 6 per cent, respectively of the total receipts for the reporting period. Figure 19 shows the collection trend in own-source revenue from the First Quarter of FY 2020/21 to the First Quarter of FY 2025/26.

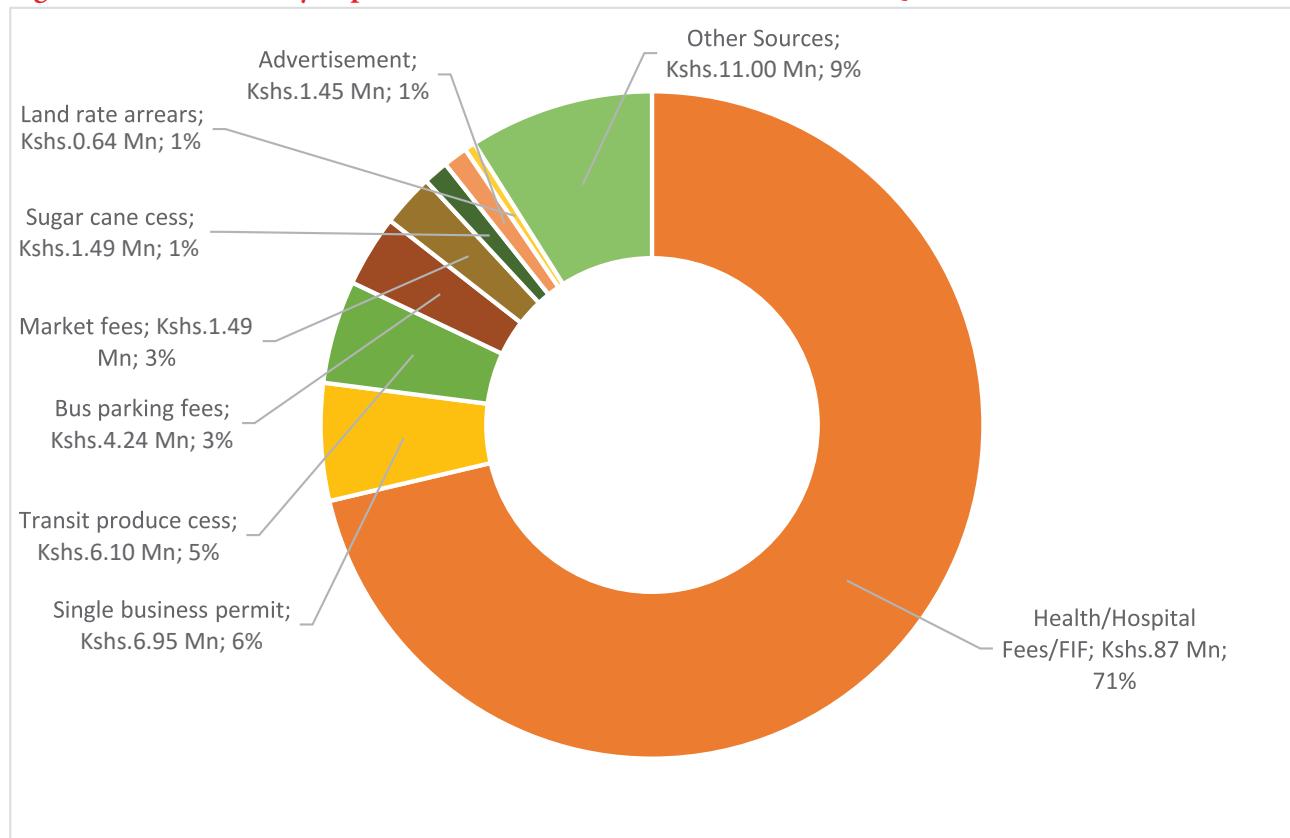

**Figure 19: Busia County Trend in Own-Source Revenue Collection from the First Quarter of FY 2020/21 to the First Quarter of FY 2025/26**

Source: Busia County Treasury

During the First Quarter of FY 2025/26, the County generated Kshs.122.13 million from its revenue sources, including FIF. This amount represented a 97 per cent increase compared to the Kshs.61.89 million realised in a similar period in FY 2024/25 and accounted for 17 per cent of the annual target and 10 per cent of the equitable revenue share disbursed. The increase in OSR was attributed to increased FIF collections. The revenue streams that contributed the highest OSR receipts are shown in Figure 20.

**Figure 20: Busia County Top Own Source Revenue Streams in the First Quarter of FY 2025/26**

Source: Busia County Treasury

As shown in Figure 20, the highest revenue stream, at Kshs.87 million, was from the Facility Improvement Fund, accounting for 71 per cent of the total OSR receipts.

### 3.4.3 Revenue Arrears

As of 1<sup>st</sup> July 2025, the County reported revenue arrears of Kshs.746.58 million, this amount increased to Kshs 1.41 billion as of September 30, 2025. Table 3.37 presents a breakdown of the County's revenue arrears.

**Table 3.37: Busia County Reve nue Arrears as of 30 September 2025**

Source: Busia County Treasury

As of 30 September 2025, the revenue arrears totalled to Kshs.1.58 billion, comprising Kshs.676.31 million for the equitable share of revenue raised nationally, Kshs.626.46 million from additional allocations, and Kshs.107.41 million from the Facility Improvement Fund.

#### 3.4.4 Borrowing by the County

The County Government of Busia did not disclose any borrowing during the reporting period.

#### 3.4.5 Exchequers Approved

The Controller of Budget approved withdrawals of Kshs.1.19 billion from the CRF account during the reporting period, which was entirely for recurrent programmes. Analysis of the recurrent exchequers released indicates that Kshs.1.02 billion was towards employee compensation and Kshs.136.69 million for operations and maintenance expenditure.

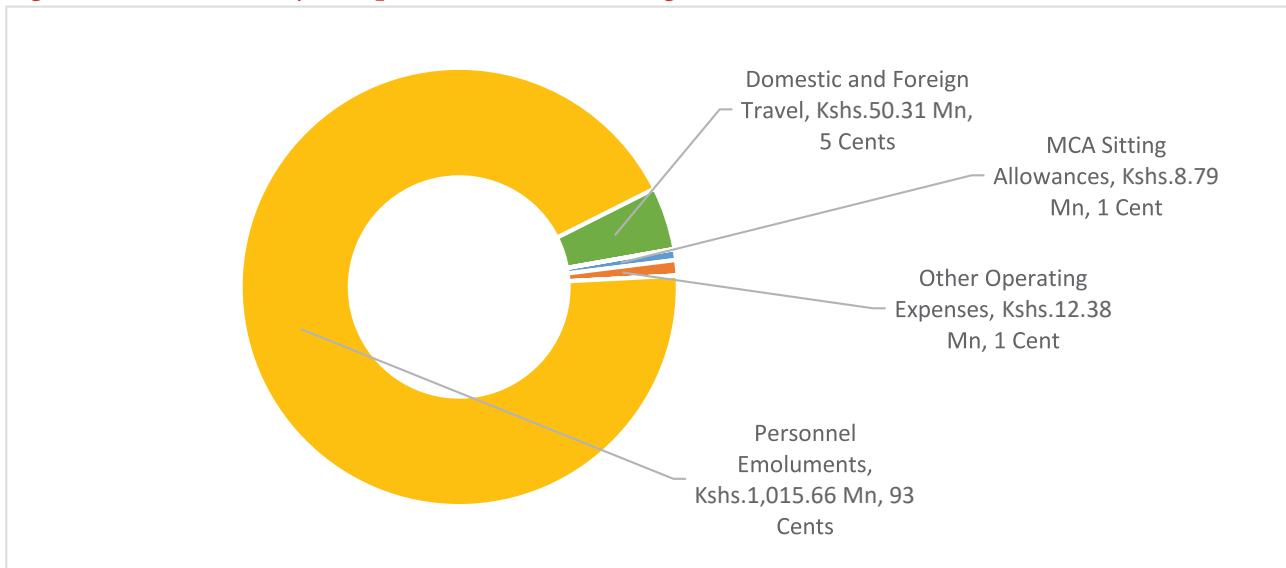

The operations and maintenance exchequer analysis indicate that 67 per cent was for domestic travel and 1.4 per cent for foreign travel. The domestic travel exchequer amounted to Kshs.66.87 million and included Kshs.46.11 million for the County Executive and Kshs.20.76 million for the County Assembly. The foreign exchequer totalled Kshs.2.03 million entirely for the County Executive.

As of September 30, 2025, the County Government's cash balance in the CRF account was Kshs.789.39 million.

#### 3.4.6 Expenditure Review

The County spent Kshs.1.15 billion on recurrent programmes in the reporting period. The expenditure represented 97 per cent of the total funds released by the CoB. There was no expenditure on development programmes, while recurrent expenditure represented 17 per cent of the annual recurrent expenditure budget. Figure 21 provides a detailed breakdown of expenditure, showing the relative composition of each shilling spent.

**Figure 21: Busia County Composition of Each Shilling Paid in the First Quarter of FY 2025/26**

Source: Busia County Treasury

As shown in Figure 21, the three highest expenditure categories were personnel emoluments, domestic and foreign travel, other operations & maintenance expenses, and MCAs' sitting allowance, contributing 93 per cent, 5 per cent, 1 per cent, and 1 per cent, respectively, of total recurrent expenditure for the reporting period.

### 3.4.7 Settlement of Trade Payables

As of 1<sup>st</sup> July 2025, the County reported trade payables totalling Kshs.3.26 billion. This amount included Kshs.2.64 billion from the County Executive and Kshs.620.48 million from the County Assembly. The trade payables from the County Executive consisted of Kshs.1.38 billion for recurrent expenditures and Kshs.1.26 billion for development expenditures. The trade payables for the County Assembly were entirely for recurrent activities.

During the reporting period, the County Executive and Assembly did not settle any trade payables. The outstanding trade payables as of 30th September 2025 were therefore Kshs.2.64 billion for the County Executive and Kshs.620.48 million for the County Assembly. Table 3.38 provides additional details of trade payables.

**Table 3.38: Busia County Trade Payables as of 30th September 2025**

Source: Busia County Treasury

The County Executive and the Assembly submitted a trade payables payment plan, committing to pay Kshs.660.31 million and Kshs.155.12 million, respectively, in the first quarter of FY 2025/26. The County did not adhere to this payment plan.

Table 3.39 and Table 3.40 present the ageing of the total outstanding bills as of 30 September 2025 for the County Executive and Assembly, which were Kshs.3.26 billion.

**Table 3.39: Busia County Executive Trade Payables Ageing Analysis as of 30 September 2025**

Category	Ageing analysis (Amount in Kshs.)				Total
	Under one year	1-2 years	2-3 years	Over 3 years	
<b>Development Trade Payables</b>	<b>591,152,235</b>	<b>317,983,854</b>	<b>58,434,914</b>	<b>291,328,942</b>	<b>1,258,899,945</b>

*Source: Busia County Treasury*

As illustrated in Table 3.39, 68 per cent of Busia Executive payables are less than two years old. Nonetheless, there is a need to clear the backlog of 22 per cent of payables that are over three years old.

**Table 3.40: Busia County Assembly Trade Payables Ageing Analysis as of 30 September 2025**

Category	Ageing analysis (Amount in Kshs.)				Total
	Under one year	1-2 years	2-3 years	Over 3 years	
<b>Development Trade Payables</b>	<b>0</b>	<b>0</b>	<b>0</b>	<b>0</b>	<b>0</b>
<i>Recurrent Trade Payables (Goods &amp; Services)</i>	20,405,793	4,297,490	5,734,779	2,476,638	32,914,700

<b>Total Recurrent Trade Payables</b>	<b>221,735,893</b>	<b>384,436,981</b>	<b>11,831,865</b>	<b>2,476,634</b>	<b>620,481,376</b>
<b>% of Total</b>	<b>35.0%</b>	<b>62.0%</b>	<b>2.0%</b>	<b>0.5%</b>	<b>100%</b>

*Source: Busia County Treasury*

Under the ageing analysis, bills over 3 years account for 18 per cent of the total trade payables. If the Busia County Government had used the FIFO method to settle trade payables, those over 3 years old would have been settled. The County Government of Busia did not adhere to its trade payables payment plan as submitted to the Controller of Budget at the start of FY 2025/26.

### 3.4.8 Expenditure by Economic Classification

During the reporting period, the County Executive incurred Kshs.950.85 million for compensation of employees, and Kshs.85.08 million for operations and maintenance. Similarly, the County Assembly spent Kshs.64.81 million on compensation of employees, and Kshs.51.61 million on operations and maintenance, as shown in Table 3.41.

**Table 3.41: Busia County Summary of Budget and Expenditure by Economic Classification**

Expenditure Classification	Revised Budget (Kshs.)		Expenditure (Kshs.)		Absorption (%)	
	County Executive	County Assembly	County Executive	County Assembly	County Executive	County Assembly
<b>Total Recurrent Expenditure</b>	<b>5,828,623,137</b>	<b>859,382,566</b>	<b>1,035,930,732</b>	<b>116,424,074</b>	<b>18.0</b>	<b>14.0</b>

### 3.4.9 Expenditure on Compensation of Employees

During the period under review, the expenditure on employee compensation totalled Kshs.1.02 billion. The percentage of compensation of employees to revenue was 54.0 per cent of the available revenue during the period of Kshs.1.87 billion. This expenditure on employee compensation shows an increase compared to the Kshs.681.35 million reported in a similar period in FY 2024/25. Of this total, Kshs.477.35 million for Health Sector employees, accounting for 47 per cent of overall employees' compensation. This increase was due to the implementation of an HR reform requiring payroll expenditure to be processed through IFMIS before funds are requested.

Figure 22 shows the trend in employees' compensation as a percentage of total revenue from the First Quarter of FY 2020/21 to the First Quarter of FY 2025/26.

**Figure 22: Percentage of Employee Compensation to Total Revenue Received from the First Quarter of FY 2020/21 to the First Quarter of FY 2025/26**

Source: Busia County Treasury

As shown in Figure 22, the both County Executive and Assembly apportioned slightly above 50 per cent of their revenues in the first three months of FY 2025/26 towards compensation of employees. Both entities exceeded the 35 per cent ceiling set by Regulation 25(1)(b) of the PFM (County Governments) Regulations 2015, highlighting that employee compensation was prioritised over other expenditures in the review period

Further analysis indicated that PE costs amounting to Kshs.1.0 billion were processed through the Human Resource Information System (HRIS). In contrast, Kshs.59.25 million was processed through manual payroll, which accounted for 5.8 per cent of the total PE cost.

The manual payroll comprised salaries for 60 staff not onboarded into the Human Resource Information System (HRIS), salaries for 991 casual staff, stipend for 2190 community health promoters, and gratuity remittances to pension schemes for 224 staff on contract, as shown in Table 3.42.

**Table 3.42: Breakdown of Busia County Manual Payroll**

Sno.	Description of Manual Payroll	Amount (Kshs.)
1	Salaries for staff yet to be onboarded into HRIS	17,630,867
2	Salaries for casual staff	23,515,007
3	Community health promoters'	10,950,000
4	Gratuity for contract staff	7,156,428

Sno.	Description of Manual Payroll	Amount (Kshs.)
5	Total	59, 252, 302

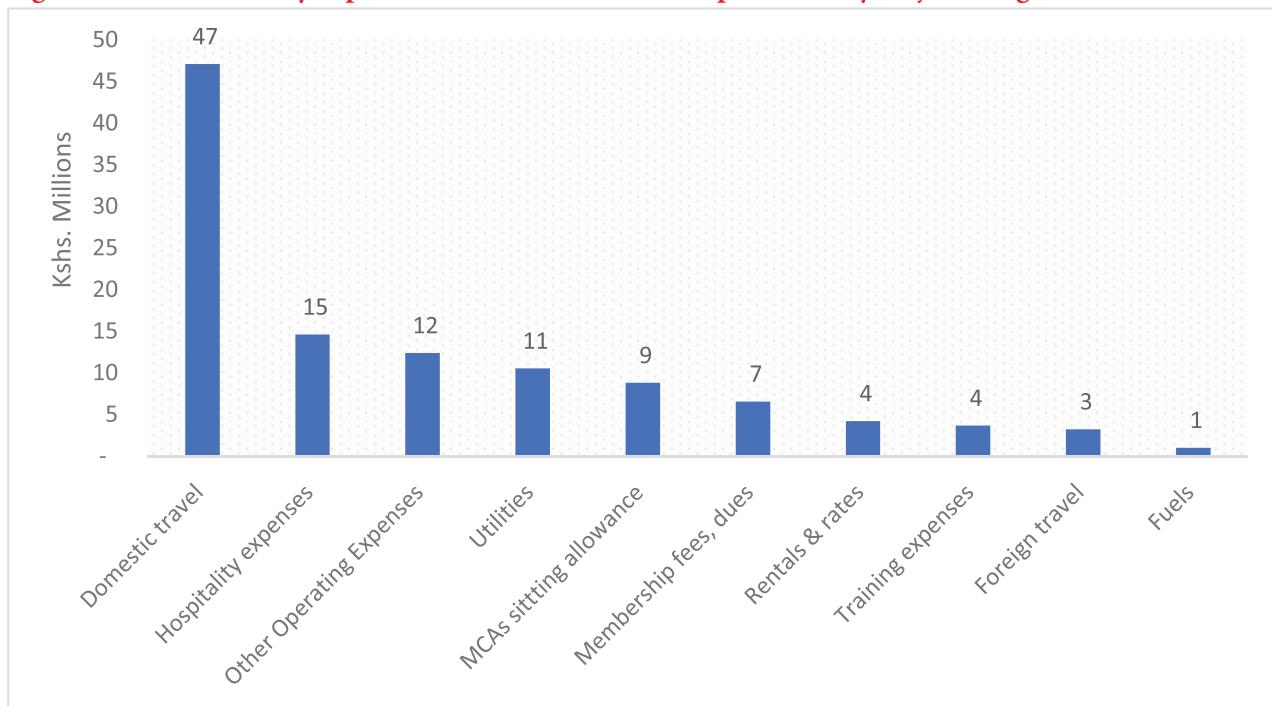

Source: Busia County Treasury

The County Assembly spent Kshs.8.79 million on committee sitting allowances for the 53 MCAs against the annual budget allocation of Kshs.70.81 million. The average monthly sitting allowance was Kshs.54, 255 per MCA. The County Assembly has 19 House Committees.

#### 3.4.10 Expenditure on Operations and Maintenance

During the reporting period, the County spent Kshs.136.69 million on operations and maintenance, representing a decrease of 74 per cent compared to a similar period of FY 2024/25, when the County spent Kshs.516.34 million. Figure 23 summarises the Operations and Maintenance expenditure by major categories.

Figure 23: Busia County, Operations and Maintenance Expenditure by Major Categories

Source: Busia County Treasury

#### 3.4.11 Unbundling “Other Operating Expenses” Under Operations and Maintenance Expenditures

The budget performance report submitted to the Controller of Budget for the first quarter of FY 2025/26 shows that the County spent Kshs.12.28 million under “other Operating expenses” translates to 9.0 per cent of the cumulative operations and maintenance expenditure of Kshs.136.69 million. The disaggregated items under the “Other Operating Expenses” category are shown in Table 3.43.

Table 3.43: Breakdown of “Other Operating Expenses” under O&M Expenditures

Code	Item	Budget (Kshs)	Expenditure (Kshs.)
2211399	Other operating expenses-others	4,100,000	1,394,000
2211399	Other operating expenses-others	95,004,260	10,982,366
	<b>Total</b>	<b>99, 104, 260</b>	<b>12, 276, 366</b>

Source: Busia County Treasury

A review of the other expense items in the table revealed that some expenditures with clear, unique budget codes were erroneously aggregated under the “Other Operating Expenses” category.

### 3.4.12 County-Established Funds

Section 116 of the PFM Act 2012 allows County Governments to establish other public funds, subject to approval from the County Executive Committee and the County Assembly. The County allocated Kshs.73.5 million to County-Established funds in FY 2025/26, or 1.0 per cent of the County's overall budget. The County did not allocate any funds to the Emergency Fund contrary to the requirement of Section 110 of the PFM Act, 2012. Table 3.44 summarises each established Fund's budget allocation and performance during the reporting period.

**Table 3.44: Performance of Busia County Established Funds in the First Quarter of FY 2025/26**

S/No.	Name of the Fund	Year Established	Approved Budget Allocation in FY 2025/26 (Kshs.)	Exchequer Issues in First Quarter of FY 2025/26 (Kshs.)	Actual Expenditure in the First Quarter of FY 2025/26 (Kshs.)	Cumulative disbursements to the Fund (Kshs)	Submission of Financial Statements (Yes/No.)
<b>County Executive Established Funds</b>							
1	Agriculture development fund	2015	-	-	-	90,000,000	No
2	Bursaries and scholarships	2014	61,000,000	-	-	117,800,000	No

4	County Executive Revolving Fund	2017	0	-	-	222,000,000	No
<b>County Assembly Established Funds</b>							
1	County Assembly revolving fund	2014	-	-	-	641,249,842	
	<b>Total</b>		<b>73,500,000</b>			<b>1,229,854,842</b>	

**Source:** Busia County Treasury

During the reporting period, the CoB did not receive quarterly financial reports from all Fund Administrators, as indicated in Table 3.44, contrary to the requirement of Section 168 of the PFM Act, 2012. Regulation 197(1) (i) of the Public Finance Management (County Governments) Regulations, 2015, allows County Governments to establish public funds with a lifespan capped at 10 years unless extended by the County Assembly. In FY 2025/26, the CoB established that the lifespan of all the Fund had lapsed.

### 3.4.13 County Corporations

The County has one County Corporation, which did not have any budgetary allocation in FY 2025/26, as shown in Table 3.45.

**Table 3.45: Performance of Busia County Corporations in the First Quarter of FY 2025/26**

S/ No.	Name of the Corporation	Approved Budget Allocation in FY 2025/26 (Kshs.)	Exchequer Issues (Kshs.)	Actual Transfers in FY 2025/26 (Kshs.)	Cumulative Transfers to the Corporation since its inception (Kshs.)

	<b>Total</b>	<b>0</b>	<b>0</b>	<b>0</b>	<b>13,500,000</b>

**Source:** Busia County Treasury

### 3.4.14 Expenditure on Domestic and Foreign Travel

Expenditure on domestic travel amounted to Kshs.47.09 million and comprised Kshs.22.48 million spent by the County Assembly and Kshs.24.61 million by the County Executive. Expenditure on foreign travel amounted to Kshs.3.22 million and comprised Kshs.0.54 million by the County Assembly and Kshs.2.68 million by the County Executive. Expenditure on foreign travel is summarised in Table 3.46.

**Table 3.46: Summary of Expenditure on Foreign Travel in the First Quarter of FY 2025/26**

Arm of County Government	Number of Officers Travelled	Date travelled	Purpose of the travel	Destination	Total Costs of the Travel in (Kshs.)
County Executive	4	1 <sup>st</sup> July to 15 <sup>th</sup> August 2025	Attending the UN General Assembly meeting	New York	2,026, 300
<b>Total</b>					<b>2,026, 300</b>

Source: Busia County Treasury and Busia County Assembly

### 3.4.15 Facility Improvement Financing

During the review period, the County reported collections of Kshs.87.12 million as FIF, which was 29 per cent of the annual target of Kshs.302.7 million. The collected amount was retained and utilised at source in line with the Facility Improvement Financing Act, 2023. The County has developed regulations to operationalise the FIF Act of 2023.

The expenditure by the health facilities amounted to Kshs.6.43 million, as shown in Table 3.47.

**Table 3.47: Busia County Health Facilities Expenditure Performance in FY 2025/26**

No.	Health Facility	Number of Facilities	Approved Budget (Kshs.)	Actual (Kshs.)	Expenditure	Absorption rate (%)
1.	Level 4 Hospital	6	246, 365, 428	5, 406, 780		2
2.	Level 3 Facility	16	43, 739, 737	320, 000		1
3.	Level 2 Facility	72	17, 390, 685	70, 000		0.4
	<b>Total</b>		<b>307, 495, 850</b>	<b>6, 426, 780</b>		<b>2</b>

Source: Busia County Treasury

### 3.4.16 Development Expenditure

In the review period, the County did not report any expenditure on development programmes, compared to a similar period of FY 2024/25, when the County spent Kshs.328.59 million. The decline in development expenditure was attributed to the delay in resolving the budget stalemate between the two arms of government. The budget was assented to on 7<sup>th</sup> August 2025 and uploaded on IFMIS on 28th August 2025.

The County did not report any stalled development projects as of 30<sup>th</sup> September 2025.

### 3.4.17 Budget Performance by Department

Table 3.48 summarises the approved budget allocation, expenditure, and absorption rate by departments in the period under review.

**Table 3.48: Busia County, Budget Allocation and Absorption Rate by Department**

Department	Budget Allocation (Kshs.Million)		Exchequer Issues (Kshs.Million)		Expenditure (Kshs. Million)		Expenditure to Exchequer Issues (%)		Absorption rate (%)

Source: Busia County Treasury

Analysis of expenditure by departments shows that the Department of Health and Sanitation recorded the highest absorption rate of recurrent budget at 30 per cent, followed by the Department of Finance & Economic Planning at 20 per cent. There was no expenditure under the development budget.

### 3.4.18 Budget Execution by Programmes and Sub-Programmes

The recurrent sub-programmes with the highest levels of budget implementation, based on absorption rates, were: General administration and support services in the Department of Health and sanitation at 31 per cent, General administration, policy planning and support services in the Department of Finance and economic planning at 19.0 per cent, General administration and support services in the Department of Public service management at 16 per cent, and General administration and support services at County Assembly at 14.0 per cent of the budget allocation. No development absorption was reported during the review period.

### 3.4.19 Accounts Operated in Commercial Banks

Regulation 82(1)(b) of the PFM (County Governments) Regulations, 2015, requires that County Government bank accounts be opened and maintained at the Central Bank of Kenya. The only exemption is for imprest bank accounts for petty cash and revenue collection bank accounts.

Further, Regulation 82(4) of the Public Finance Management (PFM) Act requires accounting officers to obtain written authorisation from the County Treasury before opening a commercial bank account. Additionally, Regulation 82(5) of the Public Finance Management (County Governments) Regulations, 2015, requires the County Treasury to submit a copy of the letter authorising an accounting officer to open a commercial bank account to the Controller of Budget.

The County Government operated 57 accounts in commercial banks, including 49 accounts for Health Facilities, 2 for Established Funds, 1 revenue account, 2 special-purpose accounts (for additional allocations), and 3 for imprest operations.

The County Treasury did not submit copies of authorisation letters to the Controller of Budget for opening 57 commercial bank accounts as per Regulation 82(5) of the Public Finance Management (County Governments) Regulations, 2015.

### **3.4.20 Key Observations and Recommendations**

In the course of overseeing and reporting on the implementation of the County budget, the CoB identified the following challenges, which hampered effective budget implementation;

- i. The underperformance of own-source revenue at Kshs.122.13 million against an annual target of Kshs.707.27 million, representing 17.0 per cent of the financial year target.
- ii. Low development performance in the review period as the County incurred Kshs.0.00 million on development activities, achieving a 0.0 per cent absorption rate.
- iii. Regulation 197(1)(i) of the Public Finance Management (County Governments) Regulations, 2015, limits the lifespan of public funds to 10 years unless extended by the County Assembly. As of 30 September 2025, the lifespan of the Education and Scholarship Benefits Fund and the Car Loan and Mortgage Fund had lapsed, making them ineligible for further withdrawals.
- iv. Fund Administrators failed to submit quarterly financial and non-financial reports to the CoB within the timelines provided by law, which is against the requirement of Section 168 of the PFM Act, 2012. Reports for all funds were not submitted to the CoB as of 15 October 2025.
- v. High level of trade payables, which amounted to Kshs.3.26 billion as of 30 September 2025. Further, there was non-adherence to the payment plan for the trade payables by the County Treasury.
- vi. Use of manual payroll. Personnel emoluments amounting to Kshs.59.25 million for 60 staff not onboarded into HRIS and 991 casual staff were processed through manual payroll, accounting for 5.8 per cent of the total payroll cost. Manual payroll is prone to abuse and may result in the loss of public funds.
- vii. Non-submission of copies of authorisation letters for opening commercial bank accounts as per Regulation 82(5) of the Public Finance Management (County Governments) Regulations, 2015.
- viii. The County reported Kshs.12.28 million under “*other operating expenses*,” accounting for 9.0 per cent of total operation and maintenance costs. The review revealed that this category was misused to record items with specific budget item codes, distorting the cost structure, reducing financial transparency, and weakening accountability in public fund management.

The County should implement the following recommendations to improve budget execution:

- i. *The County should address its own-source revenue performance to ensure the approved budget is fully financed. Appropriate austerity measures should be implemented to ensure expenditure commitments are aligned with available revenue.*
- ii. *The County should implement strategies to increase development expenditures in FY 2025/26.*
- iii. *The County should ensure timely review and extension of public funds whose lifespan is nearing expiration to prevent operational disruptions. Additionally, any expenditure from lapsed funds should cease immediately, and legal mechanisms should be followed to re-establish or wind up such funds in compliance with the Public Finance Management Act.*
- iv. *The CECMF should follow up to ensure Fund Administrators prepare and submit statutory reports in line with the PFM Act, 2012.*
- v. *The County Leadership should address the situation of trade payables to ensure that genuine bills are paid promptly in the remaining financial year. Further, compliance with the Trade Payables Action Plan should be enforced.*
- vi. *The Government requires that salaries be processed through the HRIS system, and the County is advised to fast-track the acquisition of Unified Personnel Numbers for their staff. The County Public Service Board should regulate staff engagement on contract and casual workers as provided under Section 74 of the County Governments Act 2012. Furthermore, strict adherence to the approved staff establishment should be maintained.*
- vii. *The County Treasury should ensure it submits copies of authorisation letters to OCoB for opening commercial bank accounts to enhance accountability and oversight.*
- viii. *The County Treasury should adhere to the approved budget classification framework by ensuring that all expenditures are recorded under their specific budget codes rather than being aggregated under the “Other Operating Expenses” category.*

## 3.5. County Government of Elegyo-Marakwet

### 3.5.1 Overview of FY 2025/26 Budget

The Elgeyo Marakwet County Approved Budget for FY 2025/26 is Kshs.8.85 billion. It comprises Kshs.3.97 billion (45 per cent) and Kshs.4.88 billion (55 per cent) allocations for development and recurrent programmes, respectively. The budget estimates represent an increase of Kshs.949.74 million (12 per cent) from the FY 2024/25 budget, which comprised a development budget of Kshs.3.15 billion and a recurrent budget of Kshs.4.75 billion. The increase in the budget was primarily attributed to the budgeting of additional allocation brought forward from the previous financial year.

The budget is to be financed from various revenue sources. These include the equitable share of revenue raised nationally, amounting to Kshs.5.04 billion (57 per cent), additional allocations of Kshs.1.43 billion (16 per cent), a cash balance of Kshs.1.91 billion (22 per cent) brought forward from FY 2024/25, and Kshs.457.42 million (5 per cent) to be received as own-source revenue. A breakdown of the additional allocations is shown in Table 3.49.

### 3.5.2 Revenue Performance

During the first Quarter of FY 2025/26, the County received Kshs.2.86 billion in revenue. This amount represented an increase of 44 per cent compared to the amount received in a similar period in FY 2024/25 of Kshs.1.27 billion. The total revenue consisted of Kshs.870.76 million from the equitable share of revenue raised nationally, and own-source revenue (OSR) collection of Kshs.80.96 million. Additionally, the County had a cash balance of Kshs.1.91 billion from FY 2024/25. The total OSR collection of Kshs.80.95 million included Facilities Improvement Financing (FIF) of Kshs.68.81 million, and Kshs.12.14 million from other OSR sources. Table 3.49 summarises the total revenue available to the County Government during FY 2025/26.

**Table 3.49: Elgeyo Marakwet County, Revenue Performance in FY 2025/26**

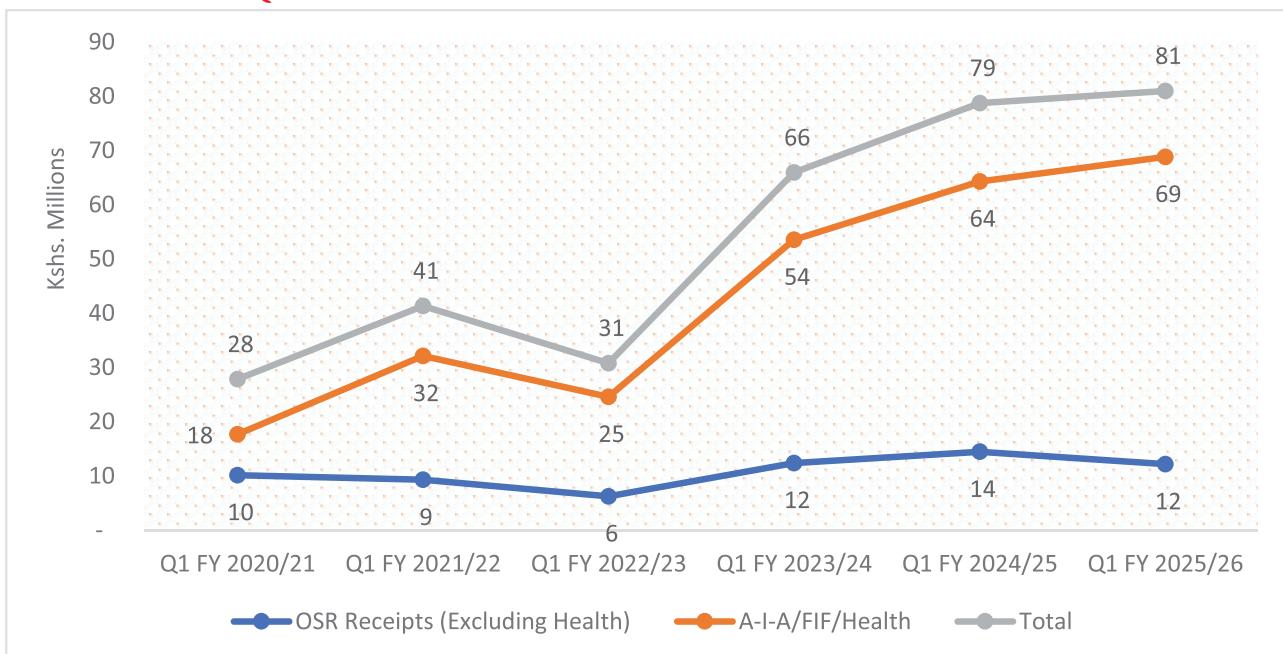

**Figure 24: Elgeyo Marakwet County Composition of Each Shilling Received in the First Quarter of FY 2025/26**

Source: Elgeyo Marakwet County Treasury

The balance brought forward, equitable share of revenue raised nationally, and OSR contributed 67 per cent, 31 per cent and 2 per cent, respectively, of the total receipts for the reporting period. Figure 25 shows the collection trend in own-source revenue from the First Quarter of FY 2020/21 to the First Quarter of FY 2025/26.

**Figure 25: Elgeyo County Trend in Own-Source Revenue Collection from the First Quarter of FY 2020/21 to the First Quarter of FY 2025/26**

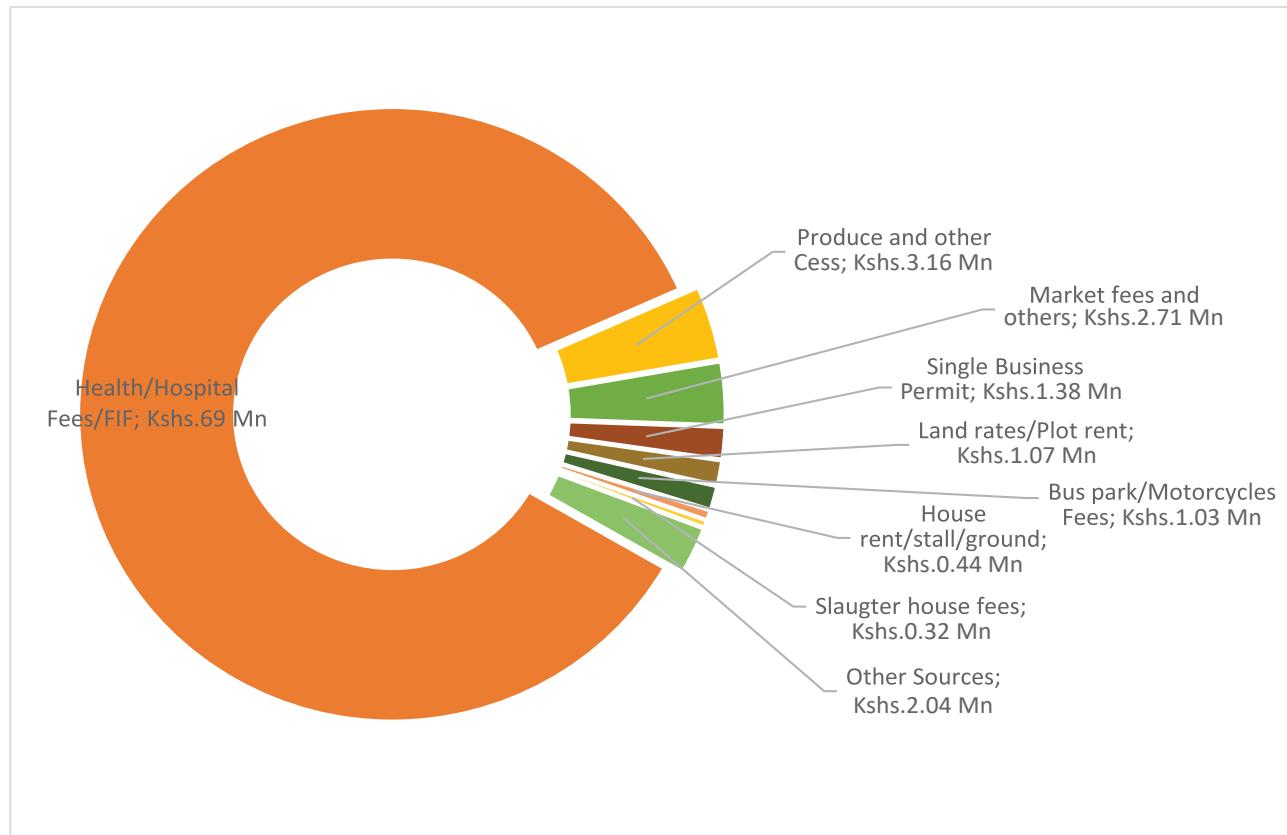

Source: Elgeyo County Treasury

During the First Quarter of FY 2025/26, the County received Kshs.80.95 million from its revenue sources, including FIF. This amount was an increase of 2.7 per cent compared to Kshs.78.81 million realised in a similar period in FY 2024/25, which was 18 per cent of the annual target and 9 per cent of the equitable revenue share disbursed.

The increase in OSR was attributed to automating three more revenue streams and increasing taxpayer engagement. The revenue streams which contributed the highest OSR receipts are shown in Figure 26.

**Figure 26: Elgeyo Marakwet County Top Own Source Revenue Streams in the First Quarter of FY 2025/26**

Source: Elgeyo Marakwet County Treasury

As shown in Figure 26, the highest revenue stream, at Kshs.68.81 million, was from Health/FIF, accounting for 85 per cent of the total OSR receipts. The County Government indicated that it has automated 13 out of 16 revenue streams.

### 3.5.3 Revenue Arrears

As of 1<sup>st</sup> July 2025, the County reported revenue arrears of Kshs.173.12 million, this amount decreased to Kshs.172.05 million as of 30<sup>th</sup> September 2025. Table 3.50 presents a breakdown of the County's revenue arrears.

**Table 3.50: Elgeyo Marakwet County Revenue Arrears as of 30 September 2025**

No	Revenue Stream	Revenue Arrears as of 1 July 2025 (Kshs.)	Progress made in FY 2025/26			Revenue Arrears as of 30 September 2025 (Kshs.)
			Waivers (Kshs)	Arrears received in the financial year (Kshs)	Arrears earned in First Quarter of FY 2025/26 (Kshs)	
	a	b	c	d	f=a-b-c+d	
A	Ordinary Own Sources of Revenue					
1	Plot Rent	84,208,348		891,184		83,317,164
2	Land rates	88,912,704		174,845		88,737,859
	Sub-Total	173,121,052		1,066,029		172,055,023
	Total	173,121,052		1,066,029		172,055,023

Source: Elgeyo Marakwet County Treasury

As of 30 September 2025, the revenue arrears totalled to Kshs.173.12 million, comprising Kshs.83.32 million for plot rent (49 per cent) and Kshs.88.74 million for land rates(51 per cent). The measures instituted by the County to collect the outstanding arrears in FY 2025/26 include sensitising taxpayers and taking legal action against defaulters.

### **3.5.4 Borrowing by the County**

The County did not have any borrowing during the period under review.

### **3.5.5 Exchequers Approved**

The Controller of Budget approved withdrawals of Kshs.743.51 million from the CRF account during the reporting period, which comprised Kshs.743.51 million (100 per cent) for recurrent programmes. Analysis of the recurrent exchequers released indicates that Kshs.705.83 million was towards employee compensation and Kshs.37.67 million for operations and maintenance expenditure.

The operations and maintenance exchequer analysis indicates that 15 per cent was for domestic travel, and there was no foreign travel. The domestic travel exchequer amounted to Kshs.14.74 million and included Kshs.0.09 million for the County Executive and Kshs.14.65 million for the County Assembly. There was no foreign travel exchequer for the period under review.

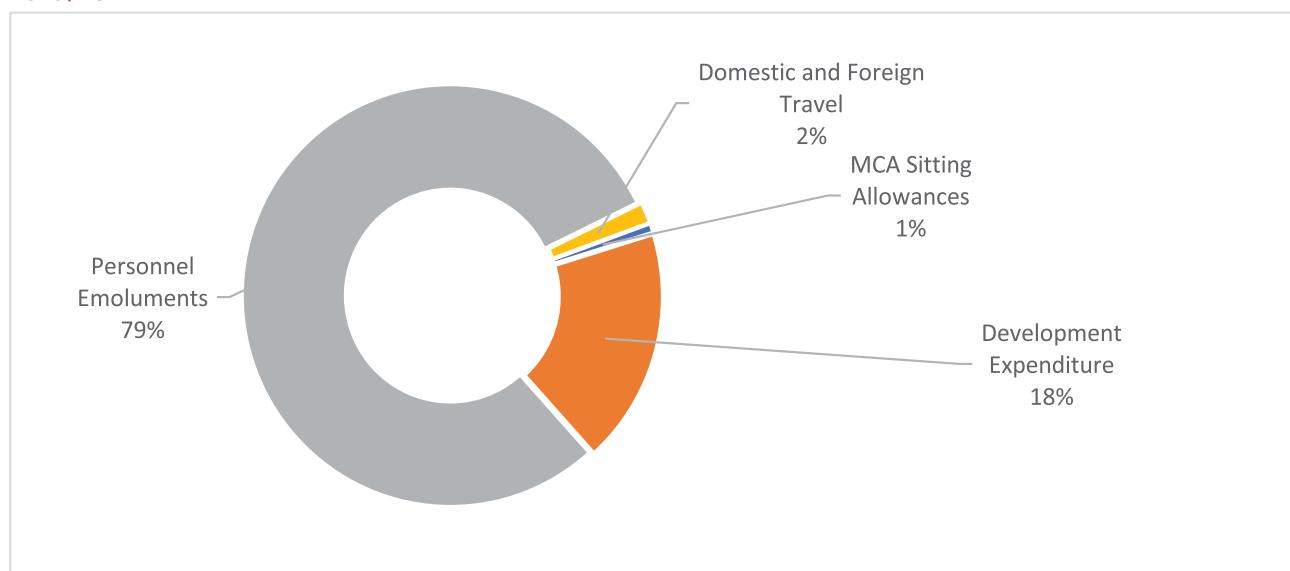

As of September 30, 2025, the County Government's cash balance in the CRF account was Kshs.141,542,655.

### **3.5.6 Expenditure Review**

The County spent Kshs.904.90 million on development and recurrent programmes in the reporting period. The expenditure represented 122 per cent of the total funds released by the CoB. It comprised Kshs.161.04 million for development programmes and Kshs.743.86 million for recurrent programmes. Expenditure on development programmes represented an absorption rate of 4 per cent, while recurrent expenditure represented 15 per cent of the annual recurrent expenditure budget.

The following chart provides a detailed breakdown of expenditure, showing the relative composition of each shilling spent.

**Figure 27: Elgeyo Marakwet County Composition of Each Shilling Paid in the First Quarter of FY 2025/26**

Source: Elgeyo County County Treasury

As shown in Figure 27, the three highest expenditure categories were Personnel Emoluments, Development, and Domestic Travel, which contributed 79, 18, and 2 per cent of the total expenditure for the reporting period.

### **3.5.7 Settlement of Trade Payables**

As of 1<sup>st</sup> July 2025, the County reported trade payables totalling Kshs.17.49 million. This amount was entirely from the County Executive, as the County Assembly reported no trade payables. The trade payables from the County Executive consisted of Kshs.8.42 million for recurrent expenditures and Kshs.9.07 million for development expenditures.

During the reporting period, the County Executive did not settle any trade payables. The outstanding trade payables as of 30th September 2025 were Kshs.17.49 million for the County Executive. Table 3.51 provides additional details of trade payables.

**Table 3.51: Elgeyo Marakwet County Trade Payables as of 30<sup>th</sup> September 2025**

		County Entity	Development (Kshs.)	Recurrent (Kshs.)	Total (Kshs.)
As at 1 July 2025 (End of FY 2024/25)	a	County Executive	9,074,260	8,418,682	17,492,942
		County Assembly		-	-
		Total	9,074,260	8,418,682	17,492,942
Outstanding trade payables as of 30 September 2025	e=a-c <sup>a,b</sup>	County Executive	9,074,260	8,418,682	17,492,942
		County Assembly			-
		Total	9,074,260	8,418,682	17,492,942

*Source: Elgeyo Marakwet County Treasury*

The County Executive submitted a trade payables payment plan, committing to pay Kshs.17.49 million in the first quarter of FY 2025/26. The County adhered to this payment plan, as it had indicated its commencement date of payment as the second quarter of FY 2025/26

Table 3.52 present the ageing of the total outstanding bills as of 30 September 2025 for the County Executive, which were Kshs.17.49 million

**Table 3.52: Elgeyo Marakwet County Executive Pending Bill Ageing Analysis as of 30 September 2025**

Category	Ageing analysis (Amount in Kshs.)				Total
	Under one year	1-2 years	2-3 years	Over 3 years	
Development Trade Payables	6,874,262	2,299,999	0	0	9,074,260
Recurrent Trade Payables (Goods & Services)	8,418,682				8,418,682
Recurrent Trade Payables (Salary Arrears and Statutory Deductions)					0
Recurrent Trade Payables (Staff Claims)					0
<b>Total Recurrent Trade Payables</b>	<b>8,418,682</b>	<b>0</b>	<b>0</b>	<b>0</b>	<b>8,418,682</b>
<b>Total Trade Payables</b>	<b>15,292,943</b>	<b>2,199,999</b>	<b>0</b>	<b>0</b>	<b>17,492,942</b>
<b>% of Total</b>	<b>87.4</b>	<b>12.6</b>	<b>%</b>	<b>%</b>	<b>100%</b>

*Source: Elgeyo-Marakwet County Treasury*

As shown in Table 3.52, all Executives' payables are less than 2 years old. The Executive should continue to adhere to their payables payment plan to settle the remaining payables.

### 3.5.8 Expenditure by Economic Classification

During the reporting period, the County Executive incurred Kshs.629.08 million for compensation of employees, Kshs.12.74 million for operations and maintenance, and Kshs.161.04 million for development activities. Similarly, the County Assembly spent Kshs.76.75 million on employee compensation and Kshs.24.93 million on operations and maintenance, as shown in Table 3.53.

**Table 3.53: Elgeyo Marakwet County Summary of Budget and Expenditure by Economic Classification**

Expenditure Classification	Revised Budget (Kshs.)		Expenditure (Kshs.)		Absorption (%)	
	County Executive	County Assembly	County Executive	County Assembly	County Executive	County Assembly
<b>Total Recurrent Expenditure</b>	<b>4,198,322,379</b>	<b>682,127,598</b>	<b>642,180,955</b>	<b>101,675,829</b>	<b>15</b>	<b>15</b>
Compensation of Employees	2,922,246,310	367,644,374	629,435,173	76,748,788	22	21

### 3.5.9 Expenditure on Compensation of Employees

During the period under review, the expenditure on employee compensation totalled Kshs.706.18 million. The percentage of compensation of employees to revenue was 25 per cent. This expenditure on employee compensation shows an increase compared to the Kshs.694.24 million reported in a similar period in FY 2024/25. Of this total, Kshs.310.85 million related to the Health Sector employees, which accounted for 44 per cent of the overall employees' compensation.

Figure 28 shows the compensation trend of employees' expenditures as a percentage of total revenue received from the First Quarter of FY 2020/21 to the First Quarter of FY 2025/26.

**Figure 28: Percentage of Employee Compensation to Total Revenue Received from the First Quarter of FY 2020/21 to the First Quarter of FY 2025/26**

Source: Elgeyo Marakwe County Treasury

Figure 28 illustrates that the County Executive allocated 49 per cent to 35 per cent of revenue for employee emoluments, indicating funds for other activities. In contrast, the County Assembly dedicated 75 per cent of its revenue to employee compensation in the first quarter of FY 2025/26, reflecting a focus on recurrent services over development.

Further analysis indicated that PE costs amounting to Kshs.613.08 billion were processed through the Human Resource Information System (HRIS). In contrast, Kshs.92.75 million was processed through manual payroll, which accounted for 13 per cent of the total PE cost.

The manual payroll comprised salaries for 917 staff not onboarded into the Human Resource Information System (HRIS) and gratuity remittances to pension schemes for staff on contract, as shown in Table 3.54.

**Table 3.54: Breakdown of Elgeyo Marakwet County Manual Payroll**

Sno.	Description of Manual Payroll	Amount (Kshs.)
	Salaries for staff yet to be onboarded into HRIS	89,235,508
	Gratuity for contract staff	3,514,342
	<b>Total</b>	<b>92,749,850</b>

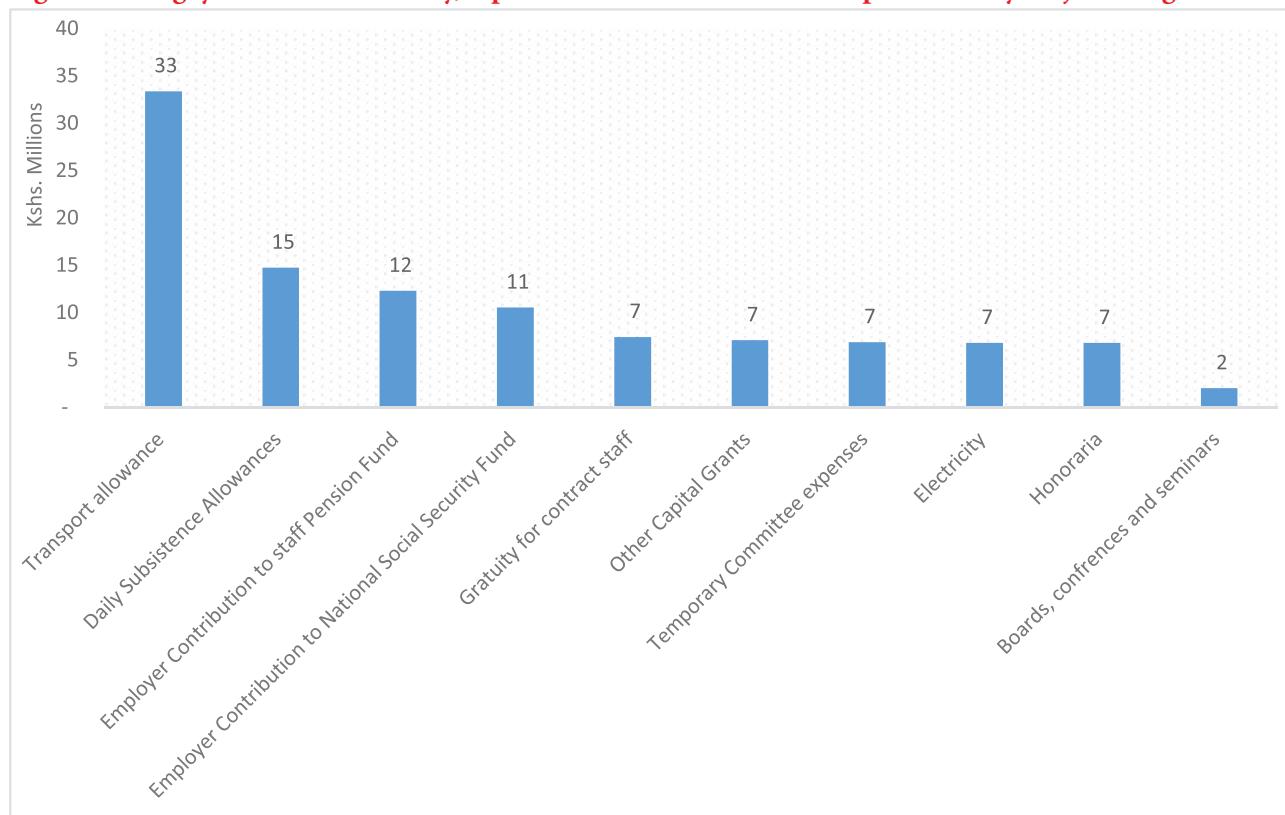

Source: Elgeyo Marakwet County Treasury

The County Assembly spent Kshs.6.79 million on committee sitting allowances for the 34 MCAs, against the annual budget allocation of Kshs.30.31 million. The average monthly sitting allowance was Kshs.66,554 per MCA. The County Assembly has 18 House Committees.

### 3.5.10 Expenditure on Operations and Maintenance

During the reporting period, the County spent Kshs.37.67 million on operations and maintenance, representing a decrease of 33 per cent compared to FY 2024/25, when the County spent Kshs.49.97 million. Figure 29 summarises the Operations and Maintenance expenditure by major categories.

**Figure 29: Elgeyo Marakwet County, Operations and Maintenance Expenditure by Major Categories**

*Source:* Elgeyo Marakwet County Treasury

### 3.5.11 County-Established Funds

Section 116 of the PFM Act 2012 allows County Governments to establish other public funds, subject to approval from the County Executive Committee and the County Assembly. The County allocated Kshs.117.92 million to County-established funds in FY 2025/26, or 1 per cent of the County's overall budget. Furthermore, the County allocated Kshs.2.7 million to the Emergency Fund (less than 1 per cent of the total budget) in line with Section 110 of the PFM Act, 2012. Table 3.55 summarises each established Fund's budget allocation and performance during the reporting period.

**Table 3.55: Performance of Elgeyo Marakwet County Established Funds in FY 2024/25**

S/No.	Name of the Fund	Approved Budget Allocation in FY 2025/26 (Kshs.)	Exchequer Issues in First Quarter of FY 2025/26 (Kshs.)	Actual Expenditure in First Half of FY 2025/26 (Kshs.)	Cumulative disbursements to the Fund (Kshs)	Submission of Annual Financial Statements (Yes/No.)
<b>County Executive Established Funds</b>

Source: Elgeyo Marakwet County

During the reporting period, the CoB did not receive quarterly financial reports from The Elgeyo Marakwet Alcoholic Drinks Control Fund and Elgeyo Marakwet Education Bursary Funds, as indicated in Table 3.55, contrary to the requirement of Section 168 of the PFM Act, 2012.

Regulation 197(1)(i) of the Public Finance Management (County Governments) Regulations, 2015, allows County Governments to establish public funds with a lifespan capped at 10 years unless extended by the County Assembly. During the reporting period, the CoB established that the lifespan of the Elgeyo Marakwet County Education Fund, the County Executive Car and Mortgage Loan Fund and the Elgeyo Marakwet County MCA's and Staff Car Loan and Mortgage Fund had lapsed. The Elgeyo Marakwet(County Assembly) Catering Services Revolving Fund had lapsed. Consequently, the CoB did not approve any requests for withdrawals to support the operations of the lapsed funds.

### 3.5.12 County Corporations

The County did not have any corporations for the period under review. Expenditure on Domestic and Foreign Travel

Expenditure on domestic travel amounted to Kshs.14.74 million and comprised Kshs.14.65 million spent by the County Assembly and Kshs.0.09 million by the County Executive. There was no foreign travel for either the County Executive or the County Assembly during the period under review.

### 3.5.13 Facility Improvement Financing

During the review period, the County reported collections of Kshs.68.81 million as FIF, which was 20 per cent of the annual target of Kshs.350.0 million. The collected amount was retained and utilised at source in line with the Facility Improvement Financing Act, 2023. The County, however, has not developed regulations to operationalise the FIF Act of 2023.

The expenditure by the health facilities amounted to Kshs.54.96 million, as shown in Table 3.56.

**Table 3.56: Elgeyo Marakwet County Health Facilities Expenditure Performance in FY 2025/26**

No.	Health Facility	Number of Facilities	Approved Budget (Kshs.)	Actual (Kshs.)	Expenditure	Absorption rate (%)
1.	Level 5 Hospital	1	254,598,165	38,803,517	15	
2.	Level 4 Hospital	9	95,401,835	16,160,730	17	
	<b>Total</b>	<b>10</b>	<b>350,000,000</b>	<b>54,964,247</b>	<b>16</b>	

*Source: Elgeyo Marakwet County Treasury*

### 1.1.2 Development Expenditure

During the review period, the County reported spending Kshs.161.04 million on development programmes, an increase compared to FY 2024/25, when the County did not report development expenditure. Table 3.57 summarises the development projects with the highest expenditure in the reporting period.

The increase in development expenditure was attributed to budgeting for roll-overs, which enabled the County to spend funds from Special Purpose Accounts.

**Table 3.57: Elgeyo Marakwet County, List of Development Projects with the Highest Expenditure**

No.	Sector	Project Name	Project Loca-tion	Ex-pected Com-ple-tion Date	Contract sum (Kshs)	Amount paid in FY 2025/26 (Kshs.)	Cumulative Expendi-ture as of 30 Septem-ber 2025	Imple-mentation status (%)

1	KISPII	Vending platforms and High Mast Flood lights	Chebiemit		30,000,000	3,508,393		On going
2		Roads and Drainage System	Cheptonei and Kabiemit		350,000,000	157,534,556		On going

*Source: Elgeyo Marakwet County Treasury*

The County reported two stalled development projects as of 30 September 2025, with an estimated value of Kshs.98.74 million, of which Kshs.60.79 has already been paid. However, the National Government has taken over Kamariny Stadium and a contractor is on site. The stalled projects are shown in Table 3.58.

**Table 3.58: Elgeyo County Stalled Projects as of 30 September 2025**

Project Name	Project Loca-tion	Estimated Value of the Project (Kshs.)	Amount Paid on the stalled project	Outstanding Balance as of 30 September 2025	Percentage of Completion Before Stalling of the Project	Reason for Project Stalling

County Public Service Board	62.81	-	9.53	-	9.53	-	100	-	15.2	-
<b>TOTAL</b>	<b>4,880.59</b>	<b>3,967.01</b>	<b>743.86</b>	<b>-</b>	<b>743.86</b>	<b>161.04</b>	<b>100</b>	<b>-</b>	<b>15.2</b>	<b>4.0</b>

Source: Elgeyo Marakwet County Treasury

Analysis of expenditure by departments shows that only the Department of Lands, Housing, Physical Planning, and Urban Development recorded an absorption rate of the development budget at 18.3 per cent. The Department of Lands, Housing, Physical Planning and Urban Development had the highest percentage of recurrent expenditure to budget at 19.8 per cent, while the Department of Sports, Youth Affairs, Culture, Children and Social Services had the lowest at 9.1per cent.

### 3.5.15 Budget Execution by Programmes and Sub-Programmes

The development sub-programmes with the highest levels of budget implementation, based on absorption rates, were Urban Infrastructure in the Department of Lands, Housing, Physical Planning and Urban Development at 20 per cent of the budget allocation. Conversely, the recurrent sub-programmes with the highest levels of budget implementation, based on absorption rates, were: General administration and support services in the Department of Education and Technical Training at 22 per cent, General Administration and support services in the Department of Health services at 21 per cent, General Administration and Support services in the Department of Lands, Housing, Physical planning and Urban Development at 20 per cent, and General Administration and support services in the department of Finance and Economic Planning at 20 per cent of the budget allocation.

### **3.5.16 Accounts Operated in Commercial Banks**

Regulation 82(1)(b) of the PFM (County Governments) Regulations, 2015, requires that County Government bank accounts be opened and maintained at the Central Bank of Kenya. The only exemption is for imprest bank accounts for petty cash and revenue collection bank accounts.

Further, Regulation 82(4) of the Public Finance Management (PFM) Act requires accounting officers to obtain written authorisation from the County Treasury before opening a commercial bank account. Additionally, Regulation 82(5) of the Public Finance Management (County Governments) Regulations, 2015, requires the County Treasury to submit a copy of the letter authorising an accounting officer to open a commercial bank account to the Controller of Budget.

The County Government operated 162 accounts in commercial banks, including 113 accounts for Health Facilities, nine accounts for Established Funds, six revenue accounts, 30 special-purpose accounts (for additional allocations), two salary accounts, one County Treasury Imprest Account, and one County Assembly account.

The County Treasury did not submit copies of authorisation letters to the Controller of Budget for opening 162 commercial bank accounts, as required by Regulation 82(5) of the Public Finance Management (County Governments) Regulations, 2015.

### **3.5.17 Key Observations and Recommendations**

In the course of overseeing and reporting on the implementation of the County budget, the CoB identified the following challenges, which hampered effective budget implementation;

- i. The County Treasury's late submission of financial reports to the Controller of Budget affected the timely preparation of the budget implementation report, which was received on 24<sup>th</sup> October, 2025
- ii. The underperformance of own-source revenue at Kshs.80.95 million against an annual target of Kshs.457.43 million, representing 18 per cent of the financial year target.
- iii. Low development performance in the review period as the County incurred Kshs.161.04million on development activities, achieving a 4 per cent absorption rate.
- iv. Regulation 197(1)(i) of the Public Finance Management (County Governments) Regulations, 2015, limits the lifespan of public funds to 10 years unless extended by the County Assembly. As of 30 September 2025, the lifespan of the Elgeyo Marakwet County Executive Car and Mortgage Revolving Fund, Elgeyo Marakwet County Education Fund, Elgeyo Marakwet County Alcoholic Drinks Control Fund, Elgeyo Marakwet County Assembly MCA's and Staff Car Loan and Mortgage Fund and the Elgeyo Marakwet (County Assembly) Catering Services Revolving Fund had lapsed, making them ineligible for further withdrawals.
- v. Non-submission of copies of authorisation letters for opening commercial bank accounts as per Regulation 82(5) of the Public Finance Management (County Governments) Regulations, 2015.

The County should implement the following recommendations to improve budget execution:

- i. *The County Treasury should ensure the timely preparation and submission of financial reports to the Office of the Controller of Budget per the timelines prescribed in Section 166 of the PFM Act, 2012.*
- ii. *The County should address its own-source revenue performance to ensure the approved budget is fully financed. Appropriate austerity measures should be implemented to ensure expenditure commitments are aligned with available revenue.*
- iii. *The County should implement strategies to increase development expenditures in FY 2025/26.*
- iv. *The County should ensure timely review and extension of public funds whose lifespan is nearing expiration to prevent operational disruptions. Additionally, any expenditure from lapsed funds should cease immediately, and legal mechanisms should be followed to re-establish or wind up such funds in compliance with the Public Finance Management Act.*
- v. *The County Treasury should ensure it submits copies of authorisation letters to OCoB for opening commercial bank accounts to enhance accountability and oversight.*

## 3.6. County Government of Embu

### 3.6.1 Overview of FY 2025/26 Budget

The Embu County Approved Budget for FY 2025/26 is Kshs.8.99 billion. It comprises Kshs.3.32 billion (37 per cent) and Kshs.5.67 billion (63 per cent) allocations for development and recurrent programmes, respectively. The budget estimates represent an increase of Kshs.456.70 million (5 per cent) from the FY 2024/25 budget, which comprised a development budget of Kshs.2.82 billion and a recurrent budget of Kshs.5.71 billion. The increase in the budget was primarily attributed to the rise in the balances brought forward from FY 2024/2025.

The budget is to be financed from various revenue sources. These include; the equitable share of revenue raised nationally of Kshs.6.08 billion (68 per cent), additional allocations of Kshs.981.40 million (11 per cent), a cash balance of Kshs.566.92 million (6 per cent) brought forward from FY 2024/25, and Kshs.1.36 billion (15 per cent) to be received as own-source revenue. A breakdown of the additional allocations is shown in Table 3.60.

### 3.6.2 Revenue Performance

During the first Quarter of FY 2025/26, the County received Kshs.1.71 billion in revenue. This amount represented an increase of 197 per cent compared to the amount received in a similar period in FY 2024/25 of Kshs.578.97 million. The total revenue consisted of Kshs.942.64 million from the equitable share of revenue raised nationally, nil additional allocations from the national government and development partners, as well as own-source revenue (OSR) collection of Kshs.207.18 million. Additionally, the County had a cash balance of Kshs.566.92 million from FY 2024/25. The total OSR collection of Kshs.207.18 million included Facilities Improvement Financing (FIF) of Kshs.153.61 million, Appropriation in Aid (AiA) of Kshs.265.72 thousand and Kshs.53.57 million from other OSR sources. Table 3.60 summarises the total revenue available to the County Government during FY 2025/26.

**Table 3.60: Embu County, Revenue Performance in FY 2025/26**

Source: Embu County Treasury

The performance of Ordinary Own Source Revenue (OSR) and Appropriations in Aid (AIA) registered low outturns of 8 per cent and 0.5 per cent, respectively, representing less than 10 per cent performance against the annual targets. This subdued performance is primarily attributed to the fact that the first quarter of the financial year traditionally marks a low season for revenue collection due to limited economic activity and delayed implementation of key revenue-generating initiatives. Nonetheless, performance is projected to improve significantly in the subsequent quarters as economic activities pick up and revenue mobilisation strategies are fully rolled out.

The County has the Embu County Health Facilities Improvement Fund legislation on the operation of ordinary A-I-A and FIF. Figure 30 provides a detailed breakdown of receipts, showing a breakdown of each shilling received.

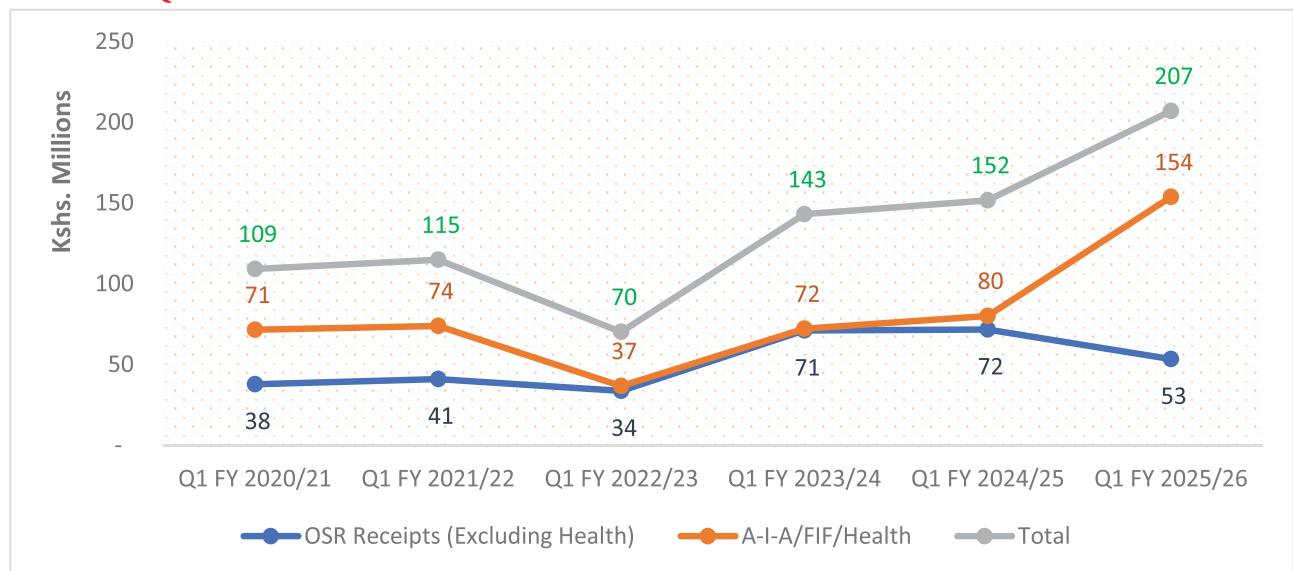

**Figure 30: Embu County Composition of Each Shilling Received in the First Quarter of FY 2025/26**

Source: Embu County Treasury

The equitable share of revenue raised nationally, the balance brought forward, and OSR contributed 55, 33, and 3 per cent, respectively, of the total receipts for the reporting period. Figure 31 shows the collection trend in own-source revenue from the First Quarter of FY 2020/21 to the First Quarter of FY 2025/26.

**Figure 31: Embu County Trend in Own-Source Revenue Collection from the First Quarter of FY 2020/21 to the First Quarter of FY 2025/26**

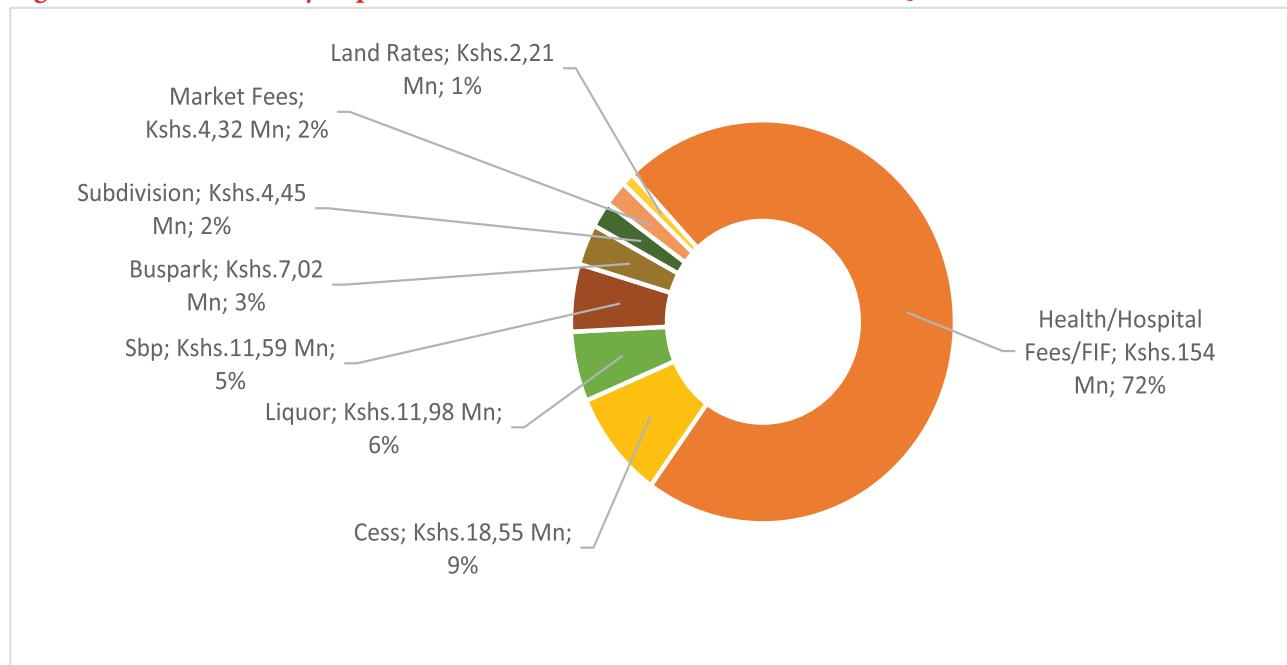

Source: Embu County Treasury

During the First Quarter of FY 2025/26, the County generated Kshs.206.91 million from its revenue sources, including FIF. This amount was an increase of 36 per cent compared to Kshs.151.63 million realised in a similar period in FY 2024/25, and was 15 per cent of the annual target and 22 per cent of the equitable revenue share disbursed.

The increase in FIF can be attributed to various strategies put in place by the County that include the Establishment and Operationalisation of the Facility Improvement Fund (FIF), regular procurement and distribution of drugs and non-pharmaceutical commodities to ensure uninterrupted service delivery, and strengthening of internal controls that include enhancing financial and administrative controls to improve accountability, transparency, and efficiency. Further Staff motivation, mindset Transformation, and Teamwork by promoting positive behavioural change, improving staff morale, and fostering a culture of collaboration and collective responsibility.

The revenue streams that contributed the most to OSR receipts are shown in Figure 32.

**Figure 32: Embu County Top Own Source Revenue Streams in the First Quarter of FY 2025/26**

*Source: Embu County Treasury*

As shown in Figure 32, the highest revenue stream, at Kshs.154.00 million, was from Health/Hospital Fees/FIF, accounting for 74 per cent of the total OSR receipts. The County Government indicated that it has automated 20 out of 22 revenue streams.

### 3.6.3 Revenue Arrears

As of 30 September 2025, the County had no revenue arrears.

### 3.6.4 Borrowing by the County

The County Government did not borrow any funds during the reporting period.

### 3.6.5 Exchequers Approved

The Controller of Budget approved withdrawals of Kshs.541.47 million from the CRF account during the reporting period, which comprised Kshs.50.40 million (9 per cent) for development programmes and Kshs.491.07 million (91 per cent) for recurrent programmes. Analysis of the recurrent exchequers released indicates that Kshs.402.09 million was towards employee compensation and Kshs.88.98 million for operations and maintenance expenditure.

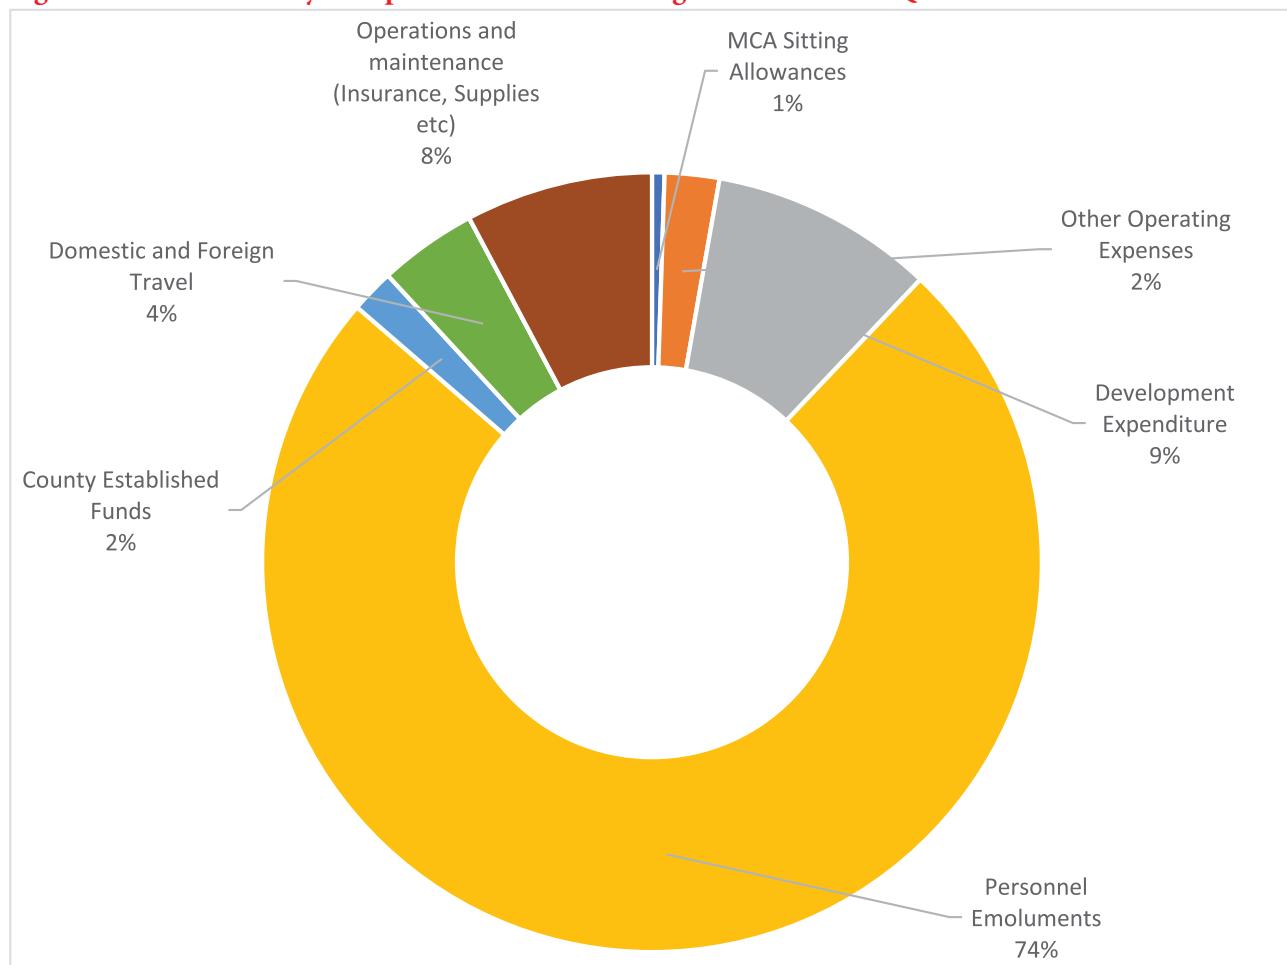

The operations and maintenance exchequer analysis indicates that 25 per cent was for domestic travel. There was no foreign travel expenditure in the review period. The domestic travel exchequer amounted to Kshs.22.07 million and included Kshs.6.22 million for the County Executive and Kshs.15.85 million for the County Assembly. As of September 30, 2025, the County Government's cash balance in the CRF account was Kshs.555.83 million.

### 3.6.6 Expenditure Review

The County spent Kshs.541.47 million on development and recurrent programmes during the reporting period. The expenditure represented 100 per cent of the total funds released by the CoB. It comprised Kshs.50.40 million for development programmes and Kshs.491.07 million for recurrent programmes. Expenditure on development programmes accounted for 2 per cent, while recurrent expenditure accounted for 10 per cent of the annual recurrent expenditure budget.

The following chart provides a detailed breakdown of expenditure, showing the relative composition of each shilling spent.

**Figure 33: Embu County Composition of Each Shilling Paid in the First Quarter of FY 2025/26**

Source: Embu County Treasury

As shown in Figure 33, the three highest expenditure categories were Personnel Emoluments, Development Expenditure, and Domestic Travel, which contributed 74 per cent, 9 per cent, and 4 per cent of total expenditure for the reporting period.

### 3.6.7 Settlement of Trade Payables

As of 1<sup>st</sup> July 2025, the County reported trade payables totalling Kshs.1.25 billion. This amount included Kshs.1.21 billion from the County Executive and Kshs.35.21 million from the County Assembly. The trade payables from the County Executive consisted of Kshs.561.84 million for recurrent expenditures and Kshs.648.51 million for development expenditures.

During the reporting period, the County Executive settled trade payables amounting to Kshs.119.64 million for recurrent programmes. On the other hand, the County Assembly settled trade payables worth Kshs.14.92 million for recurrent activities. The outstanding trade payables as of 30th September 2025 was Kshs.1.48 billion for County Executive and Kshs.20.29 million for County Assembly. Table 3.61 provides additional details of trade payables.

**Table 3.61: Embu County Trade Payables as of 30th September 2025**

Period	County Entity	Development (Kshs.)	Recurrent (Kshs.)	Total (Kshs.)
As at 1 July 2025 (End of FY 2024/25)	County Executive	648,508,025	561,836,303	1,210,344,328

*Source: Embu County Treasury*

The County Executive and the Assembly submitted trade payables payment plans, committing to pay Kshs.382.61 million and Kshs.10.48 million, respectively, in FY 2025/26. The County adhered to this payment plan, as it cleared Kshs.119.64 million for the Executive and Kshs.14.92 million for the Assembly.

Table 3.62 and Table 3.63 present the ageing of the total outstanding bills as of 30 September 2025 for the County Executive and Assembly, which were Kshs.1.50 billion.

**Table 3.62: Embu County Executive Trade Payables Ageing Analysis as of 30 September 2025**

Category	Ageing analysis (Amount in Kshs.)				Total
	Under one year	1-2 years	2-3 years	Over 3 years

*Source: Embu County Treasury*

The Ageing Analysis of Trade Payables for the County Executive indicates that the majority of the outstanding bills, amounting to Kshs.840.61 million, fall within the category of over three years old. This is followed by trade payables totalling Kshs.366.75 million incurred during the FY 2024/2025. The final category comprises bills aged between one and two years, with an outstanding amount of Kshs.273.22 million.

**Table 3.63: Embu County Assembly Trade Payables Ageing Analysis as of 30 September 2025**

Category	Ageing analysis (Amount in Kshs.)				Total (Kshs.)

*Source: Embu County Assembly*

The outstanding trade payables for the County Assembly of Embu amount to Kshs.20.29 million, all of which were incurred during the FY 2024/2025 and therefore fall within the one-year category. According to the Trade

Payables Action Plan submitted by the County Assembly, a total of Kshs.10.48 million is earmarked for settlement within the current financial year.

### 3.6.8 Expenditure by Economic Classification

During the reporting period, the County Executive incurred Kshs.375.26 million for employee compensation, Kshs.60.81 million for operations and maintenance, and Kshs.50.40 million for development activities. Similarly, the County Assembly spent Kshs.26.82 million on employee compensation and Kshs.28.18 million on operations and maintenance. The County Assembly had no expenditure on development activities. The expenditure is categorised by economic classification in Table 3.64

**Table 3.64: Embu County Summary of Budget and Expenditure by Economic Classification**

### 3.6.9 Expenditure on Compensation of Employees

During the period under review, the expenditure on employee compensation totalled Kshs.402.09 million. The compensation-to-revenue ratio was 43 per cent. This expenditure on employee compensation shows an increase compared to the Kshs.327.63 million reported in a similar period in FY 2024/25. Of this total, Kshs.105.57 million was related to Health Sector employees, which accounted for 26 per cent of the overall employees' compensation.

Figure 34 shows the trend in employees' compensation as a percentage of total revenue from the First Quarter of FY 2020/21 to the First Quarter of FY 2025/26.

**Figure 34: Percentage of Employee Compensation to Total Revenue Received from the First Quarter of FY 2020/21 to the First Quarter of FY 2025/26**

Source: Embu County Treasury

As shown in Figure 34, the County Assembly apportioned 52 per cent of its first quarter of FY 2025/26 inflows towards compensation of employees, while the Executive apportioned 40 per cent. Both entities exceeded the 35 per cent ceiling set by Regulation 25(1)(b) of the PFM (County Governments) Regulations 2015, highlighting that employee compensation was prioritised over other expenditures in the review period.

Further analysis revealed that PE costs totalling Kshs.416.48 million were processed through the Human Resource Information System (HRIS). In contrast, Kshs.12.38 million was processed through manual payroll, accounting for 3 per cent of the total PE cost.

The manual payroll comprised top-up allowances for security personnel, gratuity remittances to pension schemes for staff on contract and LAPTRUST/LAPFUND Pension Contributions, as shown in Table 3.65.

**Table 3.65: Breakdown of Embu County Manual Payroll**

Category	County Executive (Kshs.)	County Assembly (Kshs.)	Total (Kshs.)
Salaries for casual staff	271,200		271,200
Top-up Allowances for security officers	1,309,378	2,158,000	3,467,378
LAPTRUST/LAPFUND Pension Contributions	-	1,136,165	1,136,165
Gratuity for contract staff	7,492,287		7,492,287
<b>Total</b>	<b>9,072,865</b>	<b>3,294,165</b>	<b>12,367,030</b>

Source: Embu County Treasury

The County Assembly spent Kshs.2.80 million on committee sitting allowances for the 31 MCAs, against the annual budget allocation of Kshs.27.92 million. The average monthly sitting allowance was Kshs.30,136 per MCA. The County Assembly has 27 House Committees.

### 3.6.10 Expenditure on Operations and Maintenance

During the reporting period, the County spent Kshs.88.98 million on operations and maintenance, representing an increase of 170 per cent compared to FY 2024/25, when the County spent Kshs.32.97 million. The disaggregated items under the “Other Operating Expenses” category are shown in Table 3.66.

**Table 3.66: Breakdown of “Other Operating Expenses” under O&M Expenditures**

Code	Item	Budget (Kshs)	Expenditure (Kshs.)
2211399-00001001-0701013660-36600001	Public Participation	17,800,000	615,000
2211399-00001001-0701013660-36600001	General Office Operations	24,000,000	3,831,356
2211399-00001001-0701013660-36600001	Community Health Promoters (1563) Stipend	107,190,000	7,792,500
<b>Total</b>		<b>292,408,600</b>	<b>12,238,856</b>

Source: Embu County Treasury

A review of the other expense items listed in the table did not reveal any inconsistencies:

### 3.6.11 County-Established Funds

Section 116 of the PFM Act 2012 allows County Governments to establish other public funds, subject to approval from the County Executive Committee and the County Assembly. The County allocated Kshs.310.54 million to County-Established funds in FY 2025/26, or 3 per cent of the County’s overall budget. Furthermore, the County allocated Kshs.20.00 million to the Emergency Fund (0.22 per cent of the total budget), which is not in line with Section 110 of the PFM Act, 2012. Table 3.67 summarises each established Fund’s budget allocation and performance during the reporting period.

**Table 3.67: Performance of Embu County Established Funds in the First Quarter of FY 2025/26**

S/No.	Name of the Fund	Year Established	Approved Budget Allocation in FY 2025/26 (Kshs.)	Exchequer Issues in First Quarter of FY 2025/26 (Kshs.)	Actual Expenditure in the First Quarter of FY 2025/26 (Kshs.)	Cumulative disbursements to the Fund (Kshs)	Submission of Financial Statements (Yes/ No.)

Source: Embu County Treasury

During the reporting period, the CoB received all the quarterly financial reports from all the Fund Administrators, as indicated in Table 3.67. This is in line with the requirement of Section 168 of the PFM Act, 2012. All the administration costs of all the Funds were within the 3 per cent limit of the Fund budget set in Regulation 197(1)(d) of the Public Finance Management (County Governments) Regulations, 2015.

Regulation 197(1)(i) of the Public Finance Management (County Governments) Regulations, 2015, allows County Governments to establish public funds with a lifespan capped at 10 years unless extended by the County Assembly. In FY 2025/26, the CoB established that the lifespan of the Embu County Youth Trust Fund, the Embu County Bursary Fund and the County Assembly of Embu Car Loan and Mortgage (MCAs) had lapsed. Consequently, the CoB did not approve any requests for withdrawals to support the operations of the lapsed funds.

### **3.6.12 County Corporations**

The County has no corporations; hence, no budgetary allocation was made.

### **3.6.13 Expenditure on Domestic and Foreign Travel**

Expenditure on domestic travel amounted to Kshs.22.07 million and comprised Kshs.15.85 million spent by the County Assembly and Kshs.6.22 million by the County Executive. There was no expenditure on foreign travel in the reporting period.

*Under the operations and maintenance costs, “other expenses” include Kshs.6.17 million on garbage collection (Facility Improvement Fund-FIF) and Kshs.19.46 million related to legal fees, dues, arbitration, and compensation payments.*

### **3.6.14 Facility Improvement Financing**

During the review period, the County reported collections of Kshs.153.61 million as FIF, which was 26 per cent of the annual target of Kshs.600.00 million. The collected amount was retained and utilised at source in line with the Facility Improvement Financing Act, 2023. The County has developed regulations to operationalise the FIF Act of 2023.

The expenditure by health facilities amounted to Kshs.153.61 million, as shown in Table 3.68.

**Table 3.68: Embu County Health Facilities Expenditure Performance in FY 2025/26**

No.	Health Facility	Number of Facilities	Approved Budget (Kshs.)	Actual Expenditure (Kshs.)	Absorption rate (%)
1	Level Five Hospital	1	426,800,000	109,709,719	26

**Source:** Embu County Treasury

### **3.6.15 Development Expenditure**

In the review period, the County reported spending Kshs.50.40 million on development programmes, representing a decrease of 32 per cent compared to FY 2024/25, when the County spent Kshs.73.63 million. Table 3.69 summarises the development projects with the highest expenditure in the reporting period.

The decline in development expenditure was attributed to challenges associated with the transition and adaptation to the newly introduced e-GP system at the onset of the financial year.

**Table 3.69: Embu County, List of Development Projects with the Highest Expenditure**

S>No.	Project Name	Project Location		Project Commencement Date	Expected Date of Completion of the Project	Contract Sum (Kshs.)	Total Funding in the FY 2025/26 (Kshs.) Source: Embu County Treasury

Analysis of expenditure by departments shows that the Department of Finance and Economic Planning recorded the highest absorption rate of development budget at 34 per cent, followed by the Department of Trade, Tourism, Investment & Industrialisation at 9 per cent. The Department of Office of Governor had the highest percentage of recurrent expenditure to budget at 33 per cent, while several Departments (Trade and Tourism, Agriculture, Water, Embu Level 5, Infrastructure, Public Works and Housing, Education, Science and Technology, Youth Empowerment and Sports and Gender Empowerment, Lands, Physical Planning and Urban Development & Water, Embu County Revenue Authority (ECRA), Embu Municipal Board and County Attorney) had no expenditure incurred at 0 per cent.

### 3.6.17 Budget Execution by Programmes and Sub-Programmes

The development sub-programmes with the highest levels of budget implementation, based on absorption rates, were: General Administration Planning and Support Services, Economic Policy and County Planning, Revenue Management, Financial Management, Monitoring and Evaluation and Research and Statistics in the Department of Finance and Economic Planning at 34 per cent, Administrative Support Services, Trade development and Promotion, Industrial Development and Investment and Tourism Development in the Department of Trade, Tourism, Investment and Industrialization at 9 per cent, General Administration, Planning and Support Services, Locally Led Climate Action Program, Locally Led Climate Action Program and Locally Led Climate Action Program at 3 per cent of the budget allocation. Conversely, the recurrent sub-programmes with the highest levels of budget implementation, based on absorption rates, were: General Administration Planning and Support Services and County Leadership and Coordination in the Department of Office of Governor at 33 per cent, General Administration Planning and Support Services in the Department of County Public Service Board at 25 per cent, General Administration Planning and Support Services, Public Service, ICT Infrastructure, Disaster Risk Reduction Management and Kenya Devolution Support Programme in the Department of Public Service Devolution and ICT at 22 per cent, and General Administration, Planning and Support Services and Legislation, Representation and Legislative Oversight at 8 per cent of the budget allocation.

### 3.6.18 Accounts Operated in Commercial Banks

Regulation 82(1)(b) of the PFM (County Governments) Regulations, 2015, requires that County Government

bank accounts be opened and maintained at the Central Bank of Kenya. The only exemption is for imprests bank accounts for petty cash and revenue collection bank accounts.

Further, Regulation 82(4) of the Public Finance Management (PFM) Act requires accounting officers to obtain written authorisation from the County Treasury before opening a commercial bank account. Additionally, Regulation 82(5) of the Public Finance Management (County Governments) Regulations, 2015, requires the County Treasury to submit a copy of the letter authorising an accounting officer to open a commercial bank account to the Controller of Budget.

The County Government operated 46 various valid accounts in commercial banks, including accounts for Health Facilities, vocational training centres, established funds, revenue accounts, special-purpose accounts (for additional allocations), and others.

The County Treasury submitted copies of the authorisation letters to the Controller of Budget for the opening of all commercial bank accounts, as per Regulation 82(5) of the Public Finance Management (County Governments) Regulations, 2015.

### **3.6.19 Key Observations and Recommendations**

In the course of overseeing and reporting on the implementation of the County budget, the CoB identified the following challenges, which hampered effective budget implementation;

- i. The underperformance of own-source revenue at Kshs.53.30 million against an annual target of Kshs.712.49 million, representing 7 per cent of the financial year target.
- ii. The County Treasury's late submission of financial reports to the Controller of Budget affected the timely preparation of the budget implementation report, which was received on 27<sup>th</sup> October 2025.
- iii. Low development performance in the review period as the County incurred Kshs.50.40 million on development activities, achieving a 2 per cent absorption rate.
- iv. Regulation 197(1)(i) of the Public Finance Management (County Governments) Regulations, 2015, limits the lifespan of public funds to 10 years unless extended by the County Assembly. As of 30 September 2025, the lifespan of the Embu County Youth Trust Fund, the Embu County Bursary Fund, and the County Assembly of Embu Car Loan and Mortgage (MCAs) had lapsed, making them ineligible for further withdrawals.
- v. High level of trade payables, which amounted to Kshs.1.50 billion as of 30 September 2025. Further, there was non-adherence to the payment plan for the trade payables by the County Treasury.

The County should implement the following recommendations to improve budget execution:

- i. *The County should address its own-source revenue performance to ensure the approved budget is fully financed. Appropriate austerity measures should be implemented to ensure expenditure commitments are aligned with available revenue.*
- ii. *The County Treasury should ensure the timely preparation and submission of financial reports to the Office of the Controller of Budget per the timelines prescribed in Section 166 of the PFM Act, 2012.*
- iii. *The County should implement strategies to increase development expenditures in FY 2025/26.*
- iv. *The County should ensure timely review and extension of public funds whose lifespan is nearing expiration to prevent operational disruptions. Additionally, any expenditure from lapsed funds should cease immediately, and legal mechanisms should be followed to re-establish or wind up such funds in compliance with the Public Finance Management Act.*
- v. *The County Leadership should address the situation of trade payables to ensure that genuine bills are paid promptly in the remaining financial year. Further, compliance with the Trade Payables Action Plan should be enforced.*

## 3.7. County Government of Garissa

### 3.7.1 Overview of FY 2025/26 Budget

The Garissa County Approved Budget for FY 2025/26 is Kshs.12.91 billion. It comprises Kshs.5.18 billion (40 per cent) and Kshs.7.72 billion (60 per cent) allocation for development and recurrent programmes, respectively. The budget estimates represent an increase of Kshs.907.36 million (8 per cent) from the FY 2024/25 budget, which comprised a development budget of Kshs.4.66 billion and a recurrent budget of Kshs.7.34 billion. The increase in the budget was primarily attributed to the rise in big balance brought forward and increase in FIF collections.

The budget is to be financed from various revenue sources. These include; the equitable share of revenue raised nationally of Kshs.8.88 billion (69 per cent), additional allocations of Kshs.1.59 billion (12 per cent), a cash balance of Kshs.2 billion (15per cent) brought forward from FY 2024/25, and Kshs.450 million (4 per cent) generated as own-source revenue. A breakdown of the additional allocations is shown in Table 3.71.

### 3.7.2 Revenue Performance

During the first Quarter of FY 2025/26, the County received Kshs.2.39 billion in revenue. This amount represented an increase of 2 per cent compared to the amount received in a similar period in FY 2024/25 of Kshs.2.35 billion. The total revenue consisted of Kshs.1.42 billion from the equitable share of revenue raised nationally, own-source revenue (OSR) collection of Kshs.160.51 million. Additionally, the County had a unspent funds of Kshs.815.15 million from FY 2024/25. The total OSR collection of Kshs.160.51 million included Facilities Improvement Financing (FIF) of Kshs.147.26 million, and Kshs.13.25 million from other OSR sources. Table 3.71 summarises the total revenue available to the County Government during FY 2025/26.

The County has governing legislation on the operation of ordinary A-I-A and FIF. Figure 35 provides a detailed breakdown of Revenue, showing the amount received for each shilling.

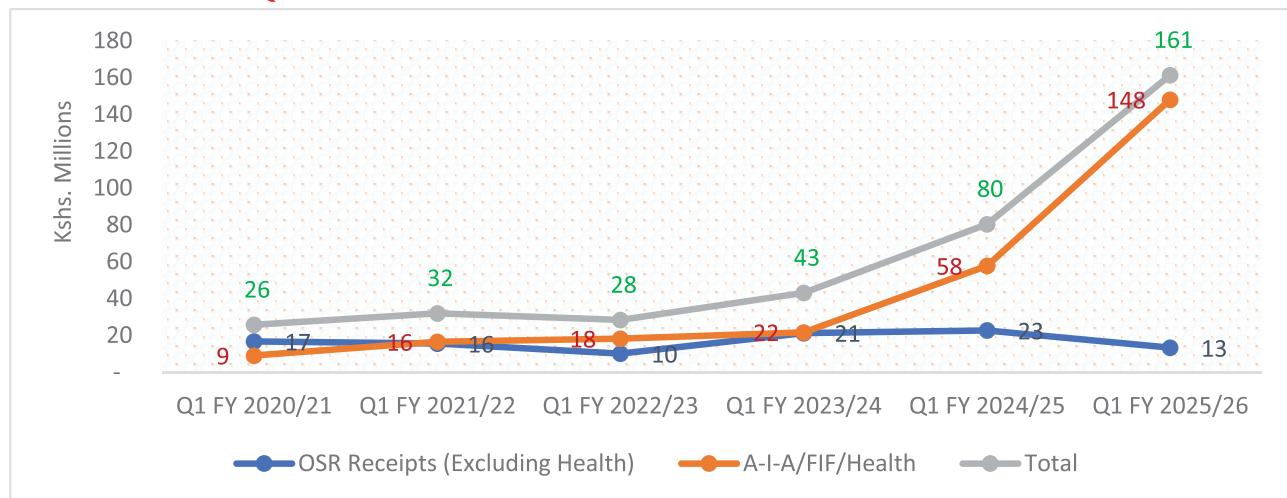

**Figure 35: Garissa County Composition of Each Shilling Received in the First Quarter of FY 2025/26**

Source: Garissa County Treasury

The equitable share of revenue raised nationally and OSR contributed 59 and one per cent respectively of the total Revenue for the reporting period. Figure 36 shows the collection trend in own-source revenue from the First Quarter of FY 2020/21 to the First Quarter of FY 2025/26.

**Figure 36: Garissa County Trend in Own-Source Revenue Collection from the First Quarter of FY 2020/21 to the First Quarter of FY 2025/26**

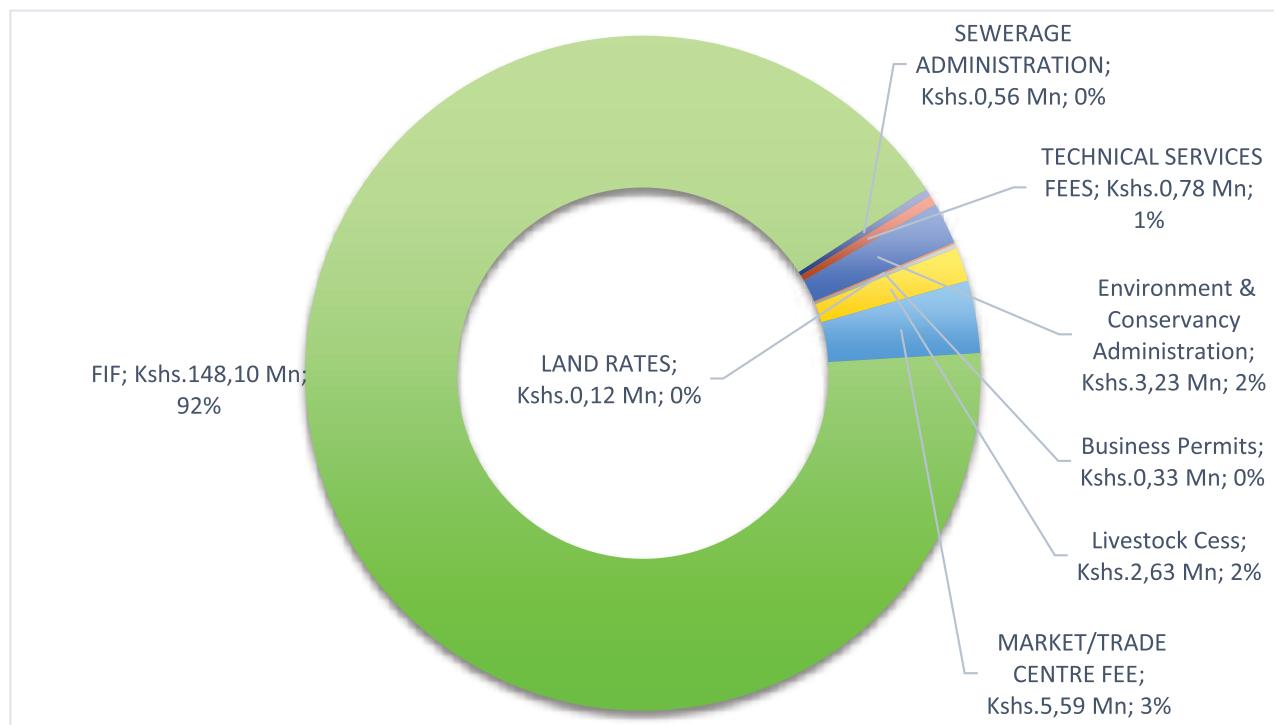

Source: Garissa County Treasury

During the First Quarter of FY 2025/26, the County generated Kshs.161.35 million from its revenue sources, including FIF. This amount was an increase of 101 per cent compared to Kshs.80.47 million realised in a similar period in FY 2024/25, and was 36 per cent of the annual target and 11 per cent of the equitable revenue share disbursed.

The increase in OSR was attributed to collections from FIF, driven by an increase in enrolment of SHA by County residents. Similarly, the decline in the ordinary OSR was caused by severe droughts in the County, thereby negatively affecting cess collections from Livestock. Additionally, the executive order, which gave municipalities the authority to collect fees and levies, has negatively impacted the performance and the reporting of revenues collected from various revenue streams.

The revenue streams that contributed the most to OSR Revenue are shown in Figure 37.

**Figure 37: Garissa County Top Own Source Revenue Streams in the First Quarter of FY 2025/26**

Source: Garissa County Treasury

As shown in Figure 37, the highest revenue stream, at Kshs.148.10 million, was from the Facility Improvement Fund (FIF), accounting for 92 per cent of the total OSR Revenue. The County Government indicated that it has not automated any revenue streams.

### 3.7.3 Revenue Arrears

As of 1<sup>st</sup> July 2025, the County reported revenue arrears of Kshs.193.52 million, this amount increased to Kshs.1.06 billion as of 30<sup>th</sup> September 2025. Table 3.72 presents a breakdown of the County's revenue arrears.

**Table 3.72: Garissa County Revenue Arrears as of 30 September 2025**

No	Revenue Stream	Revenue Arrears as of 1 July 2025 (Kshs.)	Progress made in FY 2025/26			Revenue Arrears as of 30 September 2025 (Kshs.)

	<b>Total</b>	<b>193,520,405</b>	<b>0</b>	<b>0</b>	<b>867672437</b>	<b>1,061,192,842</b>

Source: Garissa County Treasury

As of 30 September 2025, the revenue arrears totalled to Kshs.1.06 billion, comprising Kshs.754.61million for the equitable share (71 per cent) and Kshs 306.58 million for SHIF (29 per cent). The measures instituted by the County to collect the outstanding arrears in FY 2025/26 include following-up, constituting payment arrangements with the SHA and initiation of a litigation process to compel the authority to clear the long-outstanding arrears.

Additionally, the County should procure an Automated Revenue Collection System, recruit qualified and initiate capacity-building programmes for revenue staff. Further, the County should develop a clear and guiding framework that will resolve the issues surrounding revenue collections and its utilization at the source by the municipalities.

### 3.7.4 Borrowing by the County

Garissa County Executive/ Assembly reported nil credit facility with bank(s).

### 3.7.5 Exchequers Approved

The Controller of Budget approved withdrawals of Kshs.1.11 billion from the CRF account during the reporting period, which comprised Kshs.162.57 million (15 per cent) for development programmes and Kshs.950.35 million (85 per cent) for recurrent programmes. Analysis of the recurrent exchequers released indicates that Kshs.852.24 million was towards employee compensation and Kshs.98.11 million for operations and maintenance expenditure.

The operations and maintenance exchequer analysis indicate that there was neither domestic travel nor foreign travel exchequer. As of September 30, 2025, the County Government's cash balance in the CRF account was Kshs.810.79 million.

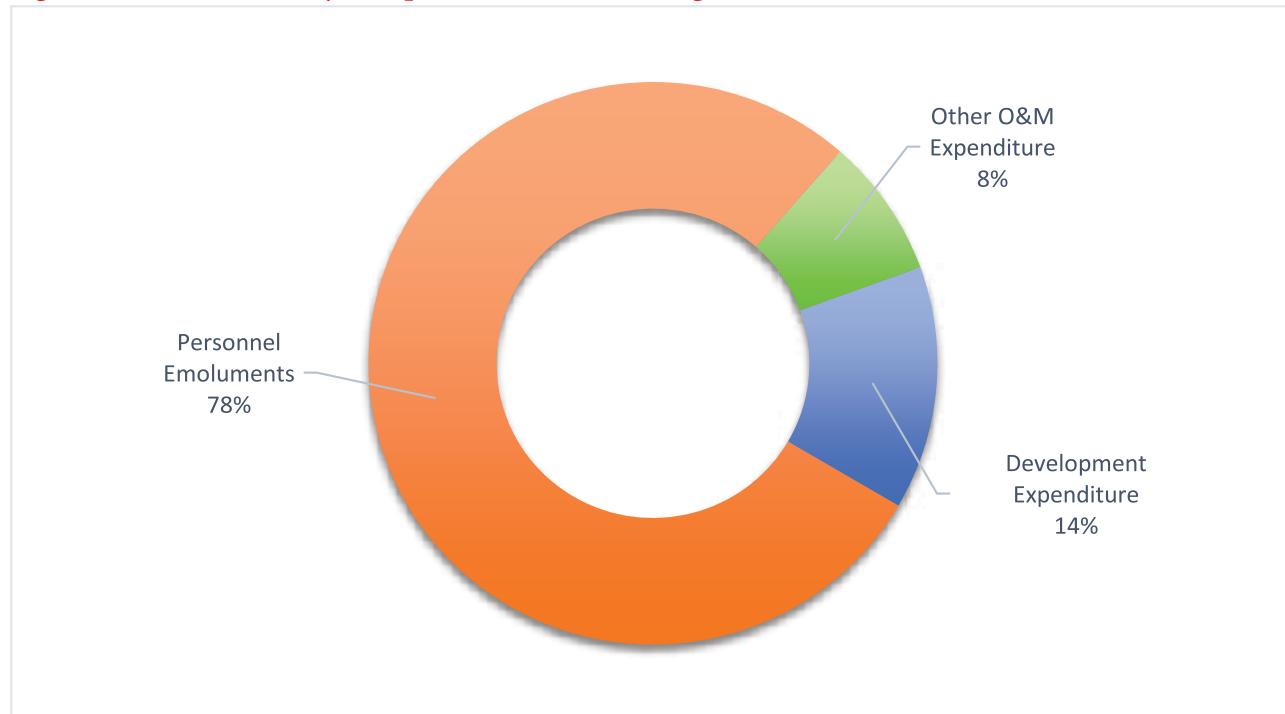

### 3.7.6 Expenditure Review

The County spent Kshs.1.09 billion on development and recurrent programmes in the reporting period. The expenditure represented 98 per cent of the total funds released by the CoB. It comprised Kshs.155.61 million for development programmes and Kshs.930.10 million for recurrent programmes. Expenditure on development

programmes accounted for 3 per cent of the annual development budget, while recurrent expenditure accounted for 12 per cent of the annual development and recurrent budgets, respectively.

The following chart provides a detailed breakdown of expenditure, showing relative composition of each shilling spent.

**Figure 38: Garissa County Composition of Each Shilling Paid in the First Quarter of FY 2025/26**

Source: Garissa County Treasury

As shown in Figure 38, the three highest expenditure categories were Personnel Emolument, Development Expenditure, and Other O&M Expenditure, which contributed 78 per cent, 14 per cent, and 8 per cent of total expenditure for the reporting period, respectively.

### 3.7.7 Settlement of Trade Payables

As of 1<sup>st</sup> July 2025, the County reported Trade Payables totalling Kshs.2.59 billion. This amount included Kshs.2.42 billion from the County Executive and Kshs.161.26 million from the County Assembly. The Trade Payables from the County Executive consisted of Kshs.747.21 million for recurrent expenditures and Kshs.1.68 billion for development expenditures.

During the reporting period, the County Executive settled Trade Payables amounting to Kshs.156.36 million, comprising Kshs.0.75 million (1 per cent) for recurrent programmes and Kshs.155.61 million (99 per cent) for development programmes. On the other hand, the County Assembly did not settle any Trade Payables during the reporting period. The outstanding Trade Payables as of 30th September 2025 was Kshs.2.27 billion for County Executive and Kshs.161.26 million for County Assembly. Table 3.73 provides additional details of Trade Payables.

**Table 3.73: Garissa County Trade Payables as of 30<sup>th</sup> September 2025**

		County Entity	Development (Kshs.)	Recurrent (Kshs.)	Total (Kshs.)

		County Assembly	45,001,334	116,262,839	161,264,173
		Total	1,566,835,489	862,714,439	2,429,549,928

Source: Garissa County Treasury

The County Executive and the Assembly submitted a Trade Payables payment plan, committing to pay Kshs.166 million and Kshs.30 million, respectively, in FY 2025/26. The County did not adhere to this payment plan, as it cleared Kshs156.36 million for the Executive, and the Assembly cleared nil.

Table 3.74 and Table 3.75 present the ageing of the total outstanding bills as of 30 September 2025 for the County Executive and Assembly, which were Kshs.2.43 billion.

**Table 3.74: Garissa County Executive Trade Payables Ageing Analysis as of 30 September 2025**

Category	Ageing analysis (Amount in Kshs.)				Total
	Under one year	1-2 years	2-3 years	Over 3 years

Source: Garissa County Treasury

The Garissa County Executive is facing a severe and chronic Trade Payables crisis, with a total debt of Kshs.2.27 billion. The situation is critically worse than that of the County Assembly. The most alarming feature is the age of the debt: 35% (Kshs.797 million) is over three years old, indicating a long-standing, unaddressed problem. The Executive's debt is 14 times larger than the Assembly's, pointing to fundamental issues in budget execution, cash flow management, and fiscal discipline within the executive branch.

Garissa County Executive side had development Trade Payables amounting to Kshs.1.52 billion (67.0 per cent of Total). This is the largest category, spread across all ageing periods, with a significant Kshs.284 million over 3 years old. This implies stalled projects and unpaid contractors, widespread project abandonment, active and costly litigation from contractors, and severe reputational damage, making it difficult and expensive to attract credible bidders for future projects.

**Table 3.75: Garissa County Assembly Pending Bill Ageing Analysis as of 30 September 2025**

Category	Ageing analysis (Amount in Kshs.)				Total
	Under one year	1-2 years	2-3 years	Over 3 years	
Development Trade Payables	37,635,1120	7,366,222	0	0	45,001,334
Recurrent Trade Payables (Goods & Services)	16,217,956				16,217,956

Total Recurrent Trade Payables	103,920,039	12,342,800	0	0	116,262,839
Total Trade Payables	141,555,151	19,709,022		0	161,264,173

Category	Ageing analysis (Amount in Kshs.)				Total6
	Under one year	1-2 years	2-3 years	Over 3 years	
% of Total	88%	12%	%	%	100%

Source: Garissa County Treasury

Garissa County Assembly has a total of Kshs.141.56 million in Trade Payables. A significant majority of this debt (88 per cent) is less than two years old, which is a positive indicator. However, the sheer size of the debt, particularly the Kshs.87.70 million in salary arrears and statutory deductions, raises serious concerns about the institution's financial management, cash flow, and legal/employee welfare obligations.

The vast majority of the debt is relatively recent. This suggests the problem is a current cash flow issue rather than a legacy of long-term neglect. It is easier to manage and clear recent debts.

Delays in paying contractors can lead to project stalls, costly litigation, and a loss of trust with the business community, making it harder and more expensive to secure contractors in the future.

### 3.7.8 Expenditure by Economic Classification

During the reporting period, the County Executive spent Kshs.751.88 million for compensation of employees, Kshs.79.63 million for operations and maintenance, and Kshs.155.61 million for development activities. Similarly, the County Assembly spent only on compensation of employees Kshs.98.60 million, as shown in Table 3.76

**Table 3.76: Garissa County Summary of Budget and Expenditure by Economic Classification**

Expenditure Classification	Revised Budget (Kshs.)		Expenditure (Kshs.)		Absorption (%)

### 3.7.9 Expenditure on Compensation of Employees

During the period under review, the expenditure on employee compensation totalled Kshs.850.47 million. The percentage of compensation of employees to revenue was 36 per cent. This expenditure on employee compensation shows an increase compared to the Kshs.806.20 million reported in a similar period in FY 2024/25. Of this total, Kshs.206.36 million related to the Health Sector employees, which accounted for 24 per cent of the overall employees' compensation.

Further analysis indicated that PE costs amounting to Kshs.793.11 million were processed through the Human Resource Information System (HRIS). In contrast, Kshs.57.36 million was processed through manual payroll, which accounted for seven per cent of the total PE cost.

The manual payroll comprised salaries for 195 staff not onboarded into the Human Resource Information System (HRIS), salaries for 508 casual staff, top-up allowances for security personnel, gratuity remittances to pension schemes for staff on contract, and LAPTRUST/LAPFUND Pension Contributions, as shown in Table 3.77.

**Table 3.77: Breakdown of Garissa County Manual Payroll**

Sno.	Description of Manual Payroll	Amount (Kshs.)
1	Salaries for staff yet to be onboarded into HRIS	15,700,025.68
2	Salaries for casual staff	9,977,990.131
3	Top-up Allowances for Security Officers	1,287,228.91
4	LAPTRUST/LAPFUND Pension Contributions	24,130,616.59
5	Gratuity for contract staff	2,298,755
6	Youth	2,019,341.31
7	Community Health Workers	717,170.39
8	MCA	1,230,975
	<b>Total</b>	<b>57,362,103</b>

Source: Garissa County Treasury

The County Assembly did not spend on committee sitting allowances for the MCAs against the annual budget allocation of Kshs.78.30 million. The average monthly sitting allowance was zero per MCA. The County Assembly has House Committees.

### 3.7.10 Expenditure on Operations and Maintenance

During the reporting period, the County spent Kshs.79.63 million on operations and maintenance, representing a decrease of 76 per cent compared to FY 2024/25, when the County spent Kshs.338.83 million. Figure 39 summarises the Operations and Maintenance expenditure by major categories.

**Figure 39: Garissa County, Operations and Maintenance Expenditure by Major Categories**

Source: Garissa County Treasury

Operations and Maintenance expenditure shows that **Grants & Transfers** dominated at 45 per cent, mainly funding hospitals, GAWASCO, and municipalities. This was followed by **Specialised Materials & Supplies** at 29.5 per cent, covering core activities like medical and construction supplies, and **Goods and Services** at 19.7 per cent, which supported routine operational costs such as utilities, office supplies, and professional services.

### 3.7.11 Unbundling “Other Operating Expenses” Under Operations and Maintenance Expenditures

Garissa County budget performance report submitted to the Controller of Budget for the first quarter of FY 2025/26 did not incur any of the “other Operating expenses”.

### 3.7.12 County-Established Funds

Section 116 of the PFM Act 2012 allows County Governments to establish other public funds, subject to approval from the County Executive Committee and the County Assembly. The County allocated Kshs.90 million to County-Established funds in FY 2025/26, or 0.75 per cent of the County’s overall budget. Further, the County allocated Kshs.40 million to the Emergency Fund (less than 1 per cent of the total budget) in line with Section 110 of the PFM Act, 2012. Table 3.78 summarises each established Fund’s budget allocation and performance during the reporting period.

**Table 3.78: Performance of Garissa County Established Funds in the First Quarter of FY 2025/26**

S/No.	Name of the Fund	Year Es-tablished	Approved Budget Allocation in FY 2025/26 (Kshs.)	Exchequer Issues in First Quarter of FY 2025/26 (Kshs.)	Actual Ex-penditure in the First Quarter of FY 2025/26 (Kshs.)	Cumulative disbursements to the Fund (Kshs)	Submission of Financial Statements (Yes/No.)
<b>County Executive Established Funds</b>

<b>Total</b>			<b>90,000,000</b>	<b>0</b>	<b>0</b>	<b>1,409,969,431</b>	

Source: Garissa County Treasury

During the reporting period, the CoB did receive quarterly financial reports from all the Fund Administrators, as indicated in Table 3.78, as per the requirement of Section 168 of the PFM Act, 2012. The County disclosed that administration costs of the all the Funds were within the 3 per cent limit of the Fund budget set in Regulation 197(1)(d) of the Public Finance Management (County Governments) Regulations, 2015.

Regulation 197(1)(i) of the Public Finance Management (County Governments) Regulations, 2015, allows County Governments to establish public funds with a lifespan capped at 10 years unless extended by the County Assembly. In FY 2025/26, the CoB established that the lifespan of all **the Funds** had not lapsed.

### 3.7.13 County Corporations

The County has only one operational Corporation, which was allocated Kshs.50 million in FY 2025/26. The second one is still in the final stages before it commences. The total expenditure for the review period was nil, as shown in Table 3.79.

**Table 3.79: Performance of Garissa County Corporations in the First Quarter of FY 2025/26**

S/No.	Name of the Corporation	Approved Budget Allocation in FY 2025/26 (Kshs.)	Exchequer Issues (Kshs.)	Actual Transfers in FY 2025/26 (Kshs.)	Cumulative Transfers to the Corporation since its inception (Kshs.)

2	Garissa Rural Water and Sewerage Company	0	0	0	0
<b>Total</b>		<b>50,000,000</b>	<b>0</b>	<b>0</b>	<b>345,000,000</b>

Source: Garissa County Treasury

### 3.7.14 Expenditure on Domestic and Foreign Travel

Expenditure on domestic travel and on foreign travel was nil during the reporting period.

### 3.7.15 Facility Improvement Financing

During the review period, the County reported collections of Kshs.148.10 million as FIF, which was 59 per cent of the annual target of Kshs.252 million. The collected amount was retained and utilised at source in line with the Facility Improvement Financing Act, 2023. The County has developed regulations to operationalise the FIF Act of 2023.

The expenditure by the health facilities amounted to Kshs.143.91 million, as shown in Table 3.80.

**Table 3.80: Garissa County Health Facilities Expenditure Performance in FY 2025/26**

No.	Health Facility	Number of Facilities	Approved Budget (Kshs.)	Actual (Kshs.)	Expenditure	Absorption rate (%)
1.	Level 5 Hospital	1	189,881,368.80	111,596,042	59	
2.	Level 4 Hospital	7	62,118,631.22	32,309,627	52	
	<b>Total</b>		<b>252,000,000</b>	<b>143,905,669</b>		<b>57</b>

**Source:** Garissa County Treasury

Note: The County did not provide data for levels 3 & 2

### 3.7.16 Development Expenditure

In the review period, the County reported spending Kshs.155.61 million on development programmes, representing a decrease of 64 per cent compared to FY 2024/25, when the County spent Kshs.428.61 million. Table 3.81 summarises the development projects with the highest expenditure in the reporting period.

The decline in development expenditure was attributed to delays in fund disbursements and squabbles between the National Treasury and the County government over E procurement, which led to a prolonged legal battle still before the court, hindering County operations.

**Table 3.81: Garissa County, List of Development Projects with the Highest Expenditure**

No.	Sector	Project Name	Project Location	Expected Completion Date	Contract sum (Kshs)	Amount paid in FY 2025/26 (Kshs.)	Cumulative Expenditure as of 30 September 2025	Implementation status (%)

*Source: Garissa County Treasury*

Analysis of expenditure by departments shows that the Department of Trade, Investments and Enterprise Development recorded the highest absorption rate of development budget at 76 per cent, followed by the Department of Culture, Gender, Youth and Sports at 24 per cent. The Department of County Affairs, Public Service and Intergovernmental Relations had the highest percentage of recurrent expenditure to budget at 30 per cent, while the Department of Health and Sanitation had the lowest at 8 per cent.

### 3.7.18 Budget Execution by Programmes and Sub-Programmes

An analysis of expenditure by sub-programme reveals that the Fisheries Services within the Department of Agriculture, Livestock, and Pastoral Affairs had the highest absorption rate at 100 per cent. This was followed by Administrative and Support Services under the Department of Trade, Investments, and Enterprise Development, which recorded a development budget absorption rate of 22 per cent. Social Protection under the Department of Culture, Gender, Youth, and Sports had an absorption rate of 30 per cent.

In terms of recurrent expenditure, many sub-programmes—including Education, Water, and County Executive Services—showed low overall absorption of development funds, indicating significant underutilization of allocated resources.

### 3.7.19 Accounts Operated in Commercial Banks

Regulation 82(1)(b) of the PFM (County Governments) Regulations, 2015, requires that County Government bank accounts be opened and maintained at the Central Bank of Kenya. The only exemption applies to imprest bank accounts for petty cash and to revenue collection bank accounts.

Further, Regulation 82(4) of the Public Finance Management (PFM) Act requires accounting officers to obtain written authorisation from the County Treasury before opening a commercial bank account. Additionally, Regulation 82(5) of the Public Finance Management (County Governments) Regulations, 2015, requires the County Treasury to submit a copy of the letter authorising an accounting officer to open a commercial bank account to the Controller of Budget.

The County Government operated 26 accounts in commercial banks, including 12 accounts for Health Facilities, two accounts for Vocational Training Centres, five accounts for Established Funds, one revenue account, one special-purpose account (additional allocations), and four accounts for departmental operations

The County Treasury submitted copies of the authorisation letters to the Controller of Budget for the opening of 26 commercial bank accounts, as per Regulation 82(5) of the Public Finance Management (County Governments) Regulations, 2015.

### **3.7.20 Key Observations and Recommendations**

In the course of overseeing and reporting on the implementation of the County budget, the CoB identified the following challenges, which hampered effective budget implementation;

- i. The County Treasury's late submission of financial reports to the Controller of Budget affected the timely preparation of the budget implementation report, which was received on 18<sup>th</sup> November, 2025.
- ii. Low development performance in the review period as the County incurred Kshs.155.61 million on development activities, achieving three per cent absorption rate.
- iii. High level of Trade Payables, which amounted to Kshs.2.42 billion as of 30 September 2025. Further, there was non-adherence to the payment plan for the Trade Payables by the County Treasury.
- iv. A significant portion of the County's development projects, valued at Ksh 283.54 million, has stalled, with contractor desertion and administrative disputes leading to low completion rates and underutilization of funds.
- v. The under-performance of ordinary OSR at Kshs.12.25 million against an annual target of Kshs.198 million, representing 7 per cent of the financial year target, below the expected 25 per cent.

The County should implement the following recommendations to improve budget execution:

- i. *The County Treasury should ensure the timely preparation and submission of financial reports to the Office of the Controller of Budget per the timelines prescribed in Section 166 of the PFM Act, 2012.*
- ii. *The County should implement strategies to increase development expenditures in FY 2025/26.*
- iii. *The County Leadership should address the situation of Trade Payables to ensure that genuine bills are paid promptly in the remaining financial year. Further, compliance with the Trade Payables Action Plan should be enforced.*
- iv. *The County should urgently address stalled projects by resolving disputes, re-engaging or replacing contractors, and strengthening project oversight to ensure timely completion and safeguard public resources.*
- v. *The County should address its ordinary OSR performance to ensure the approved budget is fully financed. Appropriate austerity measures should be implemented to ensure expenditure*

## **3.8. County Government of Homa Bay**

### **3.8.1 Overview of FY 2025/26 Budget**

The Homa Bay County Approved Budget for FY 2025/26 is Kshs.12.19 billion. It comprises Kshs.4.13 billion (34 per cent) and Kshs.8.06 billion (66 per cent) allocation for development and recurrent programmes, respectively. The budget estimates represent a decrease of Kshs.945.40 million equivalent to a decrease of 7 per cent from the FY 2024/25 budget of Kshs.13.13 billion, which comprised a development budget of Kshs.5.19 billion and a recurrent budget of Kshs.7.94 billion.

The budget is to be financed from various revenue sources, including the equitable share of revenue raised nationally, amounting to Kshs.8.54 billion (70 per cent), additional allocations of Kshs.1.65 billion (14 per cent), share of equalisation funds of Kshs.124 million (1per cent), a cash balance of Kshs.243.75 million (2 per cent) brought forward from FY 2024/25, and Kshs.1.63 billion (13 per cent) to be generated as own-source revenue. The own-source revenue comprised Kshs.566.18 million to be deposited into the CRF and Kshs.1.06 billion as Facility Improvement Fund (revenue from health facilities) to be spent at source. A breakdown of the additional allocations is shown in Table 3.84.

### 3.8.2 Revenue Performance

During the first Quarter of FY 2025/26, the County received Kshs.1.81 billion in revenue. This amount represented an increase of 7 per cent compared to the amount received in a similar period in FY 2024/25 of Kshs.1.68 billion. The total revenue consisted of Kshs.1.39 billion from the equitable share of revenue raised nationally, additional allocations from the national government and development partners of Kshs.102.34 million as well as own-source revenue (OSR) collection of Kshs.322.32 million. Additionally, the County had a cash balance of Kshs.106 million from FY 2024/25.

The total OSR collection of Kshs.322.32 million included Facilities Improvement Financing (FIF) of Kshs.246.91 million, and Kshs.75.40 million from other OSR sources. Table 3.84 summarises the total revenue available to the County Government during FY 2024/25.

**Table 3.84: Homa Bay County, Revenue Performance in FY 2025/26**

Source: Homa Bay County Treasury

Note: The balance brought forward from FY 2024/25 includes Kshs.102.34 million relating to additional allocations (conditional grants) from FY 2024/25.

It is worth noting that the County Assembly enacted the Homa Bay County Facility Improvement Fund Act, 2023, which enabled County health facilities to collect and retain revenue paid as user fees to offset operational, management, and capital costs.

Figure 40 provides a detailed breakdown of receipts, showing a breakdown of each shilling received.

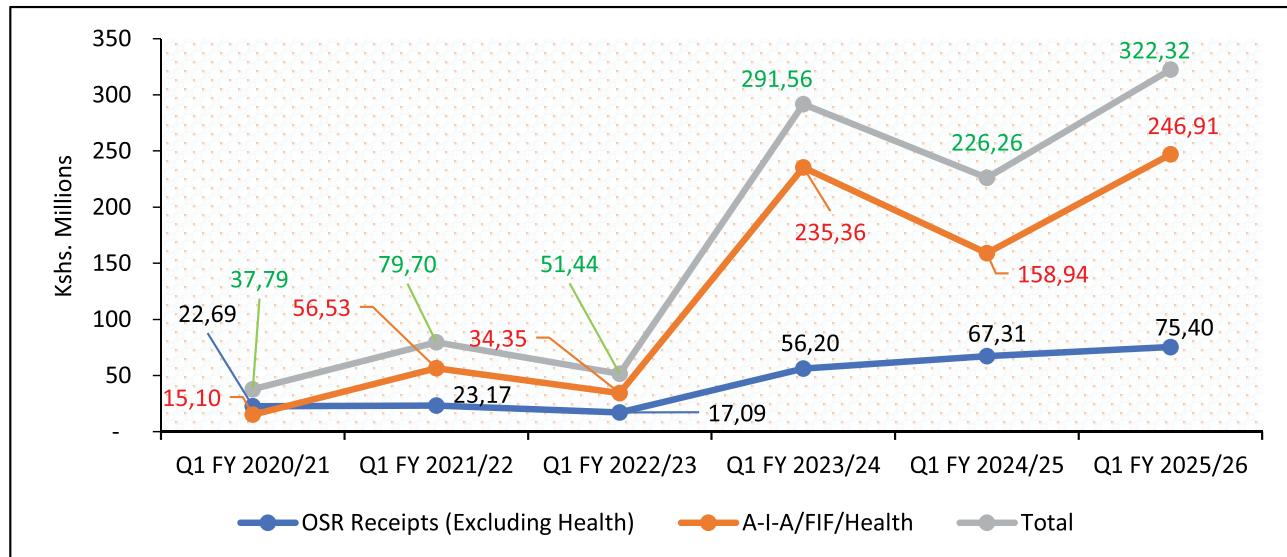

**Figure 40: Homa Bay County Composition of Each Shilling Received in the First Quarter of FY 2025/26**

Source: Homa Bay County Treasury

The equitable share of revenue raised nationally, Facility Improvement Fund (FIF), and balance brought forward contributed 76 per cent, 14 per cent, and 6 per cent, respectively, of the total receipts for the reporting period. Figure 41Figure 2 shows the collection trend in own-source revenue from the First Quarter of FY 2020/21 to the First Quarter of FY 2025/26.

**Figure 41: Homa Bay County Trend in Own-Source Revenue Collection from the First Quarter of FY 2020/21 to the First Quarter of FY 2025/26**

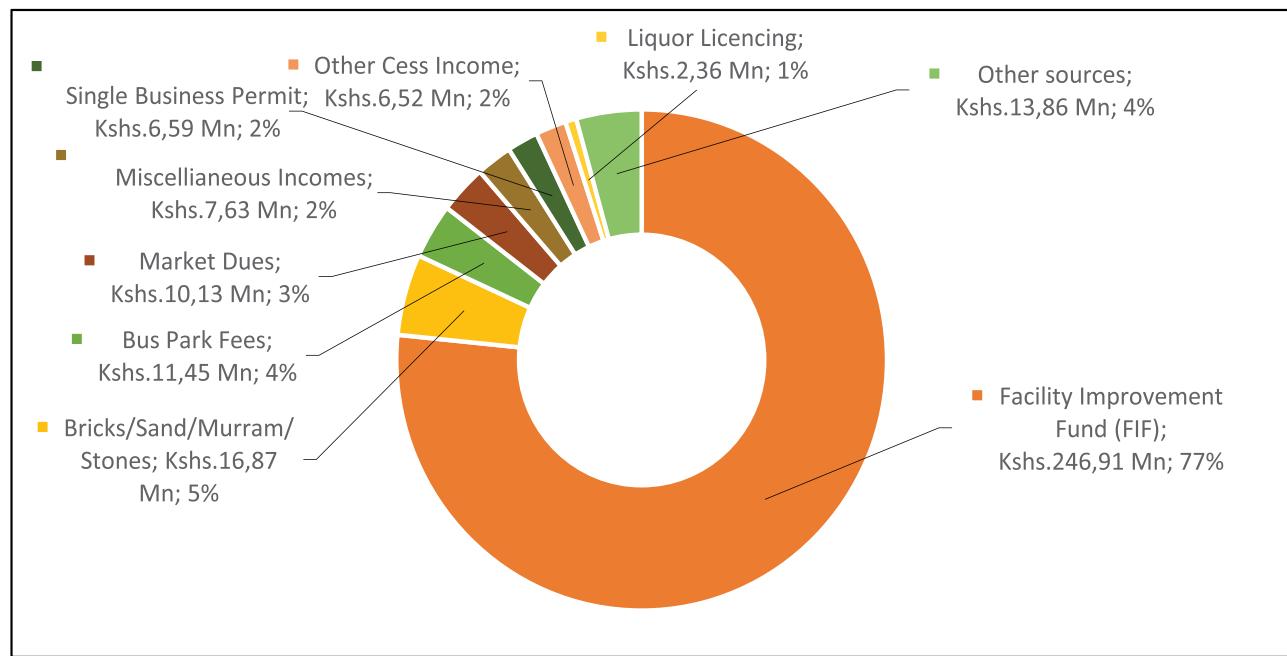

Source: Homa Bay County Treasury

During the First Quarter of FY 2025/26, the County generated Kshs.322.32 million from its revenue sources, including FIF. This amount was an increase of 42 per cent compared to Kshs.226.26 million realised in same period in FY 2024/25, and was 20 per cent of the annual target and 23 per cent of the equitable revenue share disbursed.

The revenue streams which contributed the highest OSR receipts are shown in Figure 42

**Figure 42: Homa Bay County Top Own Source Revenue Streams in the First Quarter of FY 2025/26**

Source: Homa Bay County Treasury

As shown in Figure 42, the highest revenue stream, at Kshs.246.91 million, was from the Facility Improvement Fund (F.I.F), accounting for 77 per cent of the total OSR receipts. The County Government has automated all the revenue streams.

### 3.8.3 Revenue Arrears

As of 1<sup>st</sup> July 2025, the County reported revenue arrears of Kshs.26.35 million, this amount reduced to Kshs.23.27 million as of 30<sup>th</sup> September 2025. Table 3.85 presents a breakdown of the County's revenue arrears.

**Table 3.85: Homa Bay County Revenue Arrears as of 30 September 2025**

No	Revenue Stream	Revenue Arrears as of 1 July 2025 (Kshs.)	Progress made in FY 2025/26			Revenue Arrears as of 30 September 2025 (Kshs.)
			Waivers (Kshs)	Arrears received in the financial year (Kshs)	Arrears earned in First Quarter of FY 2025/26 (Kshs)	
	a	b	c	d	E=a-b-c+d	
<b>A</b>	<b>Ordinary Own Sources of Revenue</b>					
1	Cess	1,038,410	-	1,038,410		-
2	Land rates	25,314,569		2,048,202		23,266,367
	<b>Total</b>	<b>26,352,979</b>	<b>-</b>	<b>3,086,612</b>		<b>23,266,367</b>

Source: Homa Bay County Treasury

As of 30 September 2025, the total revenue arrears amounted to Kshs.23.27 million, all of which related to land rates. The County has issued demand letters to defaulters as part of its efforts to collect the outstanding arrears in FY 2025/26.

### 3.8.4 Borrowing by the County

The County Executive, in accordance with the Authorisation from the County Assembly, entered into an agreement with Equity Bank (K) Limited for the advance payroll management overdraft facility. The agreement provided for the advance Payroll Management Overdraft facility at an interest rate of 1.5 per cent and an excise duty of 20 per cent on the interest and bank charges. As of 30<sup>th</sup> September 2025, the outstanding payroll management overdraft facility from Equity Bank (K) limited amounted to Kshs.471.48 million.

We also note that the County Government of Homa Bay entered into a tenant purchase agreement, on 6<sup>th</sup> May, 2024, with the County Pension Fund (CPF) for the construction of the Homa Bay County Headquarters and ancillary facilities, i.e. the Ampitheatre and the Ushuru Centre. The total project cost of Kshs.820 million, with a monthly repayment of Kshs.17,250,000 over a period of four years.

### 3.8.5 Exchequers Approved

The Controller of Budget approved withdrawals of Kshs.803.50 million from the CRF account during the reporting period, which comprised Kshs.102.34 million (13 per cent) for development programmes and Kshs.701.16 million (87 per cent) for recurrent programmes. Analysis of the recurrent exchequers released indicates that Kshs.615.67 million was towards employee compensation and Kshs.85.49 million for operations and maintenance expenditure.

The operations and maintenance withdrawal requests analysis indicates that 43 per cent was for domestic travel, accommodation and subsistence allowance. The domestic travel exchequer amounted to Kshs.36.83 million, all of which were incurred by the County Assembly. The County entities did not submit any withdrawal request for foreign travel, accommodation and subsistence allowance.

As of September 30, 2025, the County Government's cash balance in the CRF account was Kshs.738.04 million.

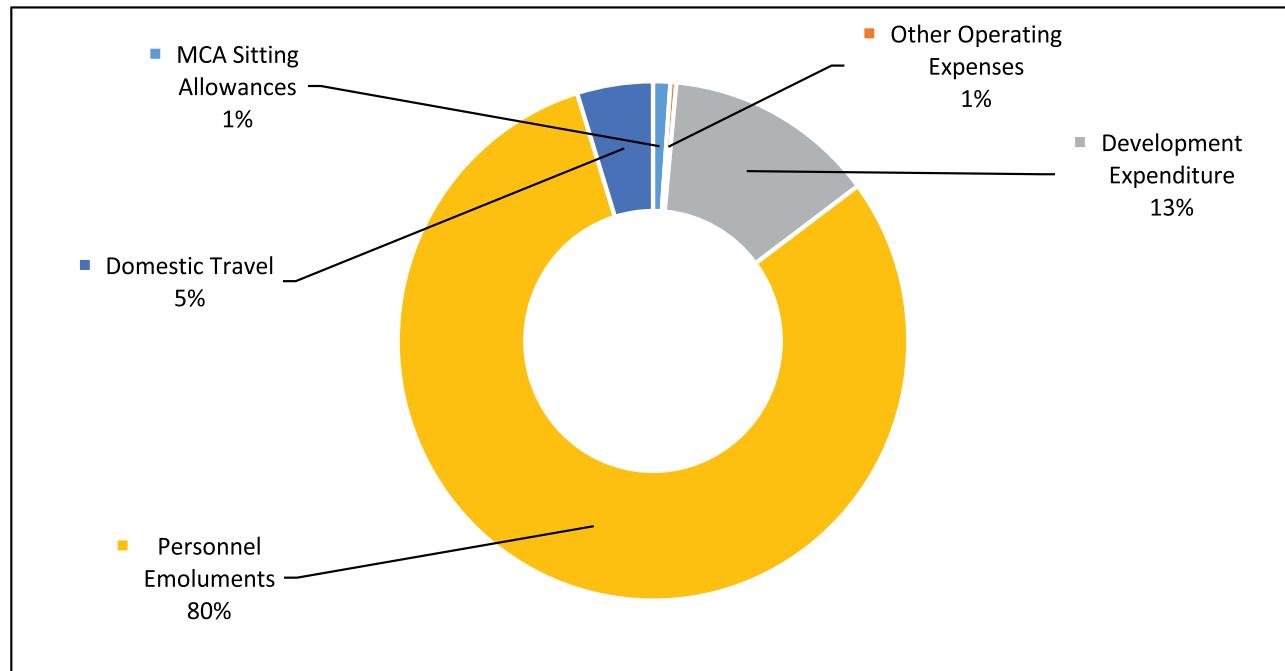

### 3.8.6 County Expenditure Review

The County spent Kshs.798.75 million on development and recurrent programmes in the reporting period. The expenditure represented 99 per cent of the total funds released by the CoB. It comprised Kshs.102.34 million for development programmes and Kshs.696.41 million for recurrent programmes. Expenditure on development

programmes represented an absorption rate of 2 per cent, while recurrent expenditure represented 9 per cent of the annual recurrent expenditure budget.

Figure 43 provides a detailed breakdown of expenditure, showing the relative composition of each shilling spent.

**Figure 43: Homa Bay County Composition of Each Shilling Paid in the First Quarter of FY 2025/26**

Source: Homa Bay County Treasury

As shown in Figure 43, the three highest expenditure categories were personnel emoluments. Development expenditure and domestic travel contributed 77, 13 and 5 per cent of total expenditure for the reporting period, respectively.

### 3.8.7 Settlement of Pending Bills

As of 1<sup>st</sup> July 2025, the County reported pending bills totaling Kshs.2.43 billion. This amount included Kshs.2.11 billion from the County Executive and Kshs.319.71 million from the County Assembly. The pending bills from the County Executive consisted of Kshs.857.91 million for recurrent expenditures and Kshs.1.25 billion for development expenditures while the pending bills from the County Assembly consisted of Kshs.119.01 million for recurrent expenditures and Kshs.200.70 million for development expenditures.

During the reporting period, the County Executive settled pending bills amounting to Kshs.613.83 million, all for recurrent activities. In contrast, the County Assembly did not settle any pending bills. The outstanding pending bills as of 30th September 2025 was Kshs.1.49 billion for County Executive and Kshs.319.71 million for County Assembly. Table 3.86 provides additional details of pending bills.

**Table 3.86: Homa Bay County Pending Bills as of 30 September 2025**

	County Entity	Development	Recurrent	Total
As at 1 July 2025 (End of FY 2024/25)	County Executive	1,248,313,280	857,909,645	2,106,222,924
	County Assembly	200,703,178	119,006,988	319,710,166
	Total	1,449,016,457	976,916,633	2,425,933,090

Source: Homa Bay County Treasury

The County Executive submitted a payment plan for pending bills. The County Executive noted that they will consistently settle pending bills of varying amounts with each tranche of the equitable share of revenue raised nationally as per the plan. In contrast, the County Assembly did not submit its pending bills payment plan. Table 3.87 and Table 3.88 present the ageing of the total outstanding bills as of 30 September 2025, for the County Executive and County Assembly, which was Kshs.1.81 billion.

**Table 3.87: Homa Bay County Executive Pending Bill Ageing Analysis as of 30 September 2025**

### 3.8.8 Expenditure by Economic Classification

The County Executive incurred Kshs.577.28 million for compensation of employees, Kshs.44.09 million for operations and maintenance, and Kshs.102.34 million for development activities. Similarly, the County Assembly spent Kshs.38.39 million on compensation of employees, Kshs.36.65 million on operations and maintenance. The County Assembly did not incur any expenditure on the development activities, as shown in Table 3.89.

**Table 3.89: Homa Bay County Summary of Budget and Expenditure by Economic Classification**

Expenditure Classification	Original Budget (Kshs.)		Expenditure (Kshs.)		Absorption (%)	
	County Executive	County Assembly	County Executive	County Assembly	County Executive	County Assembly
<b>Total Recurrent Expenditure</b>	<b>7,022,296,202</b>	<b>1,032,734,503</b>	<b>621,364,342</b>	<b>75,041,570</b>	<b>9</b>	<b>7</b>

### 3.8.9 Expenditure on Compensation of Employees

During the period under review, expenditure on employee compensation totalled Kshs.615.67 million, accounting for 30 per cent of the available revenue. This expenditure on employee compensation showed a decrease of 42 per cent from Kshs.1.06 billion reported in the same period in FY 2024/25. Of this total, Kshs.300.21 million related to Health Sector employees, which accounted for 49 per cent of the overall employees' compensation. The decrease in PE expenditure in the reporting period, compared to the same period in FY 2024/25, is attributable to the delay by the National Treasury in disbursing the equitable share of revenue raised nationally for August 2025 and September 2025.

Figure 44 shows the compensation trend of employees' expenditures as a percentage of total revenue received from the First Quarter of FY 2020/21 to the First Quarter of FY 2025/26.

**Figure 44: Percentage of Employee Compensation to Total Revenue Received from the First Quarter of FY 2020/21 to the First Quarter of FY 2025/26**

Source: Homa Bay County Treasury

Further analysis indicated that PE costs amounting to Kshs.610.86 million were processed through the Human Resource Information System (HRIS). On the other hand, Kshs.14.24 million was processed through manual payroll, accounting for 2 per cent of the total PE cost.

The manual payrolls comprised salaries for the County Assembly staff who are yet to be onboarded into the Government Human Resource Information System (HRIS), as well as gratuity remittances to pension schemes for staff on contract, and LAPTRUST/LAPFUND Pension Contributions, as shown in Table 3.90.

**Table 3.90: Breakdown of Homa Bay County Manual Payroll**

Sno.	Description of Manual Payroll	Amount (Kshs.)
1	Salaries for the County Assembly staff who were yet to be onboarded into HRIS	1,155,510.00
2	LAPTRUST/LAPFUND Pension Contributions	7,525,068.35
3	Gratuity for contract staff	5,556,574.00
	<b>Total</b>	<b>14,237,152.35</b>

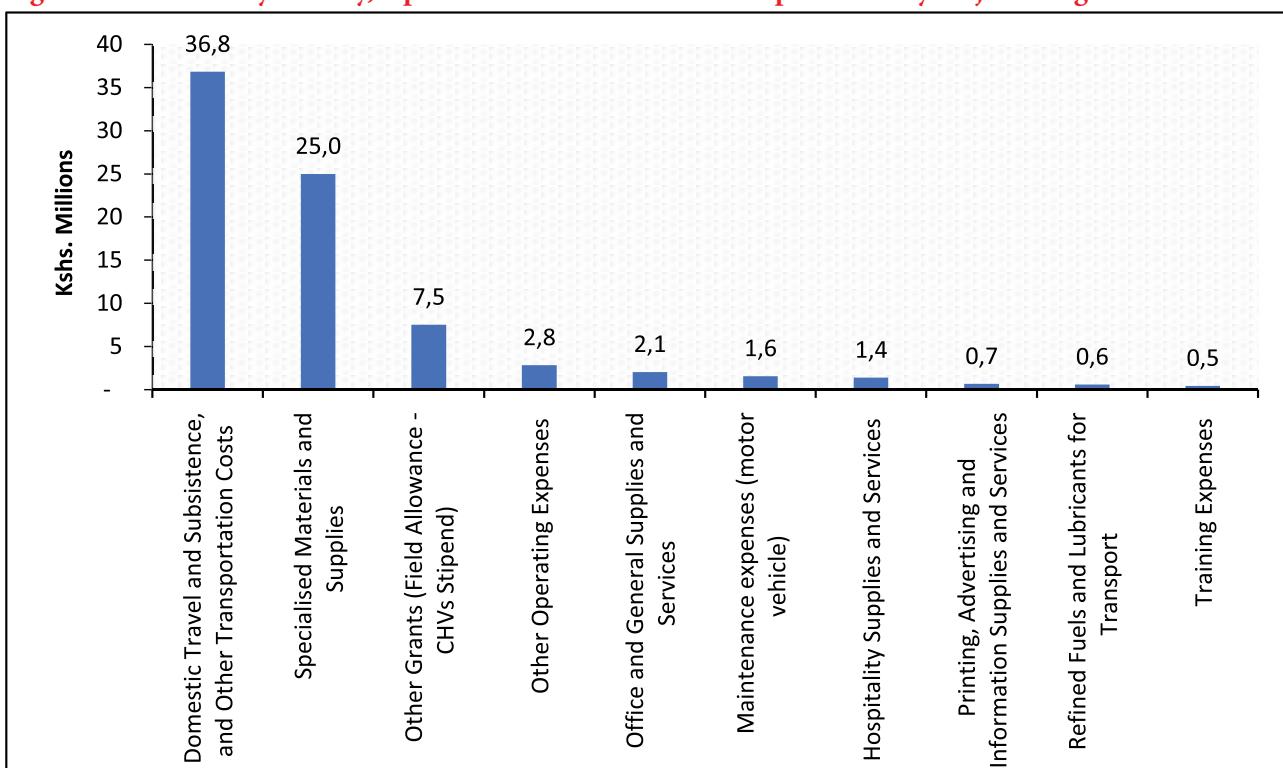

Source: Homa Bay County Treasury

The County Assembly spent Kshs.8.38 million on committee sitting allowances for the 54 MCAs against the annual budget allocation of Kshs.45.68 million. The average monthly sitting allowance was Kshs.50,810 per MCA. The County Assembly has 22 House Committees.

### 3.8.10 Expenditure on Operations and Maintenance

During the reporting period, the County spent Kshs.80.74 million on operations and maintenance, representing a decrease of 62 per cent compared to the same period in FY 2024/25, when the County spent Kshs.214.91 million. Figure 45 summarises the Operations and Maintenance expenditure by major categories.

**Figure 45: Homa Bay County, Operations and Maintenance Expenditure by Major Categories**

Source: Homa Bay County Treasury

### 3.8.11 County-Established Funds

Section 116 of the PFM Act 2012 allows County Governments to establish other public funds, subject to approval from the County Executive Committee and the County Assembly. The County allocated Kshs.401.88 million to County-Established funds in FY 2025/26, or 3 per cent of the County's overall budget. Further, the County allocated Kshs.17.23 million to the Emergency Fund (less than 1 per cent of the total budget) in line with Section 110 of the PFM Act, 2012. Table 3.91 summarises each established Fund's budget allocation and performance during the reporting period.

**Table 3.91: Performance of Homa Bay County Established Funds in the First Quarter of FY 2025/26**

S/No.	Name of the Fund	Year Established	Approved Budget Allocation in FY 2025/26 (Kshs.)	Exchequer Issues in First Quarter of FY 2025/26 (Kshs.)	Actual Expenditure in the First Quarter of FY 2025/26 (Kshs.)	Submission of Financial Statements (Yes/No.)
<b>County Executive Established Funds</b>						
1	Homa Bay County Bursary Fund	2015	215,000,000	-	-	Yes
2	Homa Bay Emergency Fund	2016	17,231,742	-	-	Yes

<b>Total</b>			<b>401,880,797</b>	-	-	

Source: *Homa Bay County Treasury*

During the reporting period, the CoB did not receive quarterly financial reports from the Homa Bay County Assembly Car Loan and Mortgage Scheme Fund Administrator, as indicated in Table 3.91, contrary to the requirement of Section 168 of the PFM Act, 2012.

Regulation 197(1)(i) of the Public Finance Management (County Governments) Regulations, 2015, allows County Governments to establish public funds with a lifespan capped at 10 years unless extended by the County Assembly. In FY 2025/26, the CoB established that the lifespans of the Homa Bay County Bursary Fund and the Homa Bay County Alcoholic Drinks Control Fund are nearing expiration, thus necessitating a timely review and extension of these public funds to prevent operational disruptions. The two established funds will expire on 31<sup>st</sup> December 2025.

### 3.8.12 County Corporations

The County Government of Homa Bay has one County Corporation, namely the Homa Bay County Water and Sanitation Company Limited (HOMAWASCO). We note that the County allocated Kshs.15 million as capital transfers to HOMAWASCO under the water supply and management services programme. However, the County did not make any capital transfers nor incur any expenditure on the Corporation.

### 3.8.13 Expenditure on Domestic and Foreign Travel

Expenditure on domestic travel amounted to Kshs.36.8 million, all of which was incurred by the County Assembly. The County Entities did not incur any expenditure on foreign travel during the reporting period.

### 3.8.14 Facility Improvement Financing

During the review period, the County reported collections of Kshs.246.91 million as FIF, which was 23 per cent of the annual target of Kshs.1.06 billion. The collected amount was retained and utilised at source in line with the Facility Improvement Financing Act, 2023, as well as the Homa Bay County Facility Improvement Fund Act, 2023, which allowed the County's health facilities to collect and retain revenue paid as user fees to defray operational, management, and capital costs.

The expenditure by the health facilities amounted to Kshs.197.08 million, as shown in Table 3.92.

**Table 3.92: Homa Bay County Health Facilities FIF Performance in FY 2025/26**

Nº.	Health facility	Number of Facilities	Approved Budget (Kshs.)	Actual Expenditure (Kshs.)	Absorption rate (%)
1	Level 5 Hospital	1	274,000,000	37,758,744.00	14
2	Level 4 Hospitals	23	757,000,000	130,868,152.83	17
3	Level 2 and Level 3 Health facilities	207	19,906,505	28,453,998.00	143
	Total		1,064,906,565	197,080,894.83	19

Source: Homa Bay County Treasury

### 3.8.15 Development Expenditure

In the review period, the County reported spending Kshs.102.34 million on development programmes, compared to FY 2024/25, when the County did not incur any expenditure on development activities. Table 3.93 summarises the development projects with the highest expenditure in the reporting period.

**Table 3.93: Homa Bay County, List of Development Projects with the Highest Expenditure**

No	Sector	Project Name	Project Location	Budget allocation (Kshs)	Contract sum (Kshs)	Amount paid in FY 2025/26 (Kshs.)	Implementation status (%)
<b>Donor Funded Projects</b>

Source: Homa Bay County Treasury

Analysis of expenditure by departments shows that the County Department of Lands, Physical Planning, Housing and Urban Development recorded the highest absorption rate of its development budget at 12 per cent, followed by the County Department of Water, Sanitation, Irrigation, Environment, Energy and Climate Change at 7 per cent. The County Department of Public Health and Medical Services had the highest percentage of recurrent expenditure to its budget at 12 per cent, while Kendu Bay Municipal Board, Ndhiwa Municipal Board, and Oyugis Bay Municipal Board each had the lowest at 3.5 per cent.

### 3.8.17 Budget Execution by Programmes and Sub-Programmes

The sub-programmes with the highest levels of budget implementation based on absorption rates were Report writing services in the County Assembly Service Board at 57.1 per cent; Administrative Support Services in the Department of Trade, Industry, Tourism, Cooperative Development and Marketing at 17.1 per cent; Settlements Upgrading Services in the Department of Lands, Housing, Urban Development and Physical Planning at 13.3 per cent and Administrative Support Services in the Department of Education, Human Capital Development and Vocational Training at 13.2 per cent.

### **3.8.18 Accounts Operated in Commercial Banks**

Regulation 82(1)(b) of the PFM (County Governments) Regulations, 2015, requires that County Government bank accounts be opened and maintained at the Central Bank of Kenya. The only exemption is for imprest bank accounts for petty cash and revenue collection bank accounts.

Further, Regulation 82(4) of the Public Finance Management (PFM) Act requires accounting officers to obtain written authorisation from the County Treasury before opening a commercial bank account. Additionally, Regulation 82(5) of the Public Finance Management (County Governments) Regulations, 2015, requires the County Treasury to submit a copy of the letter authorising an accounting officer to open a commercial bank account to the Controller of Budget.

The County Executive operated 274 in commercial banks, including 207 accounts for Level two and three Health Facilities; 24 accounts for Level four and level 5 Health Facilities, 35 accounts for Vocational Training Centres, 5 accounts for Established Funds and FIF, 2 salary processing accounts and 1 revenue account. On the other hand, the County Assembly operated 4 commercial bank accounts.

The County Treasury did not submit copies of authorisation letters to the Controller of Budget for opening the commercial bank accounts as required by Regulation 82(5) of the Public Finance Management (County Governments) Regulations, 2015.

### **3.8.19 Key Observations and Recommendations**

In the course of overseeing and reporting on the implementation of the County budget, the CoB identified the following challenges, which hampered effective budget implementation;

- (i) A high wage bill accounted for 30 per cent of the County's total revenue amounting to Kshs.2.06 billion, realised in the first quarter of FY 2025/26, which is above the ceiling provided in law.
- (ii) The underperformance of own-source revenue at Kshs.332.23 million against an annual target of Kshs.1.63 billion, representing 20 per cent of the financial year target
- (iii) High level of pending bills which amounted to Kshs.1.81 billion as of 30 September, 2025.
- (iv) Low development performance in the review period as the County incurred Kshs.102.34 million on development activities, achieving a 2 per cent absorption rate
- (v) The Fund Administrator of the Homa Bay County Assembly Car Loan and Mortgage Scheme Fund failed to submit quarterly financial and non-financial reports to the COB within the timelines provided by law, which is against the requirement of Section 168 of the PFM Act, 2012.
- (vi) The County government uses commercial bank accounts for operations contrary to Regulations 82(1) (b) of the PFM (County Governments) Regulations, 2015, which requires that County government bank accounts must be opened and maintained at the Central Bank of Kenya. The commercial bank accounts are for County-established funds, salary processing and operations.
- (vii) Non-submission of copies of authorisation letters for opening commercial bank accounts as per Regulation 82(5) of the Public Finance Management (County Governments) Regulations, 2015.

The County should implement the following recommendations to improve budget execution:

- i. *The County Public Service Board should establish an optimal staffing structure to ensure expenditure on personnel emoluments complies with Regulation 25 (1) (b) of the Public Finance Management (County Governments) Regulations, 2015.*
- ii. *The County should address its own-source revenue performance to ensure the approved budget is fully financed. Appropriate austerity measures should be implemented to ensure expenditure commitments are aligned with available revenue.*

- iii. *The County Leadership should address the situation of pending bills to ensure that genuine bills are paid promptly within the financial year. Further, compliance with the Pending Bills Action Plan should be enforced.*
- iv. *The County should implement strategies to increase development expenditures in FY 2025/26.*
- v. *The CECMF should follow up to ensure Fund Administrators prepare and submit statutory reports in line with the PFM Act, 2012.*
- vi. *The County Government should ensure that bank accounts are opened and operated at the Central Bank of Kenya as required by the law. However, imprest bank accounts for petty cash and own-source revenue collection accounts are exempted.*
- vii. *The County Treasury should ensure it submits copies of authorisation letters to OCOB for opening commercial bank accounts to enhance accountability and oversight.*

### **3.9. County Government of Isiolo**

#### **3.9.1 Overview of FY 2025/26 Budget**

The Isiolo County Vote on Account for FY 2025/26 is Kshs.3.40 billion. It comprises Kshs.1.24 billion (37 per cent) and Kshs.2.16 billion (63 per cent) allocation for development and recurrent programmes, respectively. The budget estimates are 50 per cent of the FY 2024/25 budget, which comprised a development budget of Kshs.2.48 billion and a recurrent budget of Kshs.4.32 billion. The Vote On Account is due to the ongoing FY 2025/26 budget stalemate.

The budget is to be financed from various revenue sources. These include; the equitable share of revenue raised nationally of Kshs.5.63 billion (76 per cent), additional allocations of Kshs.1.01 billion (14 per cent), a cash balance of Kshs.450.12 million (6 per cent) brought forward from FY 2024/25, and Kshs.375.21 million (5 per cent) to be received as own-source revenue. A breakdown of the additional allocations is shown in Table 3.95.

#### **3.9.2 Revenue Performance**

During the first Quarter of FY 2025/26, the County received Kshs.1.38 billion in revenue. This amount represented a 49 per cent increase compared to the amount received in a similar period in FY 2024/25, amounting to Kshs.926.27 million. The total revenue consisted of Kshs.869.00 million from the equitable share of revenue raised nationally, own-source revenue (OSR) collection of Kshs.62.71 million. Additionally, the County had a cash balance of Kshs.449.48 million from FY 2024/25. The total OSR collection of Kshs.62.71 million included Facilities Improvement Financing (FIF) of Kshs.13.51 million, and Kshs.49.20 million from other OSR sources. Table 3.95 summarises the total revenue available to the County Government during FY 2025/26.

**Table 3.95: Isiolo County, Revenue Performance in FY 2025/26**

Source: Isiolo County Treasury

The County does not have governing legislation on the operation of ordinary A-I-A and FIF. Figure 46 provides a detailed breakdown of receipts, showing a breakdown of each shilling received.

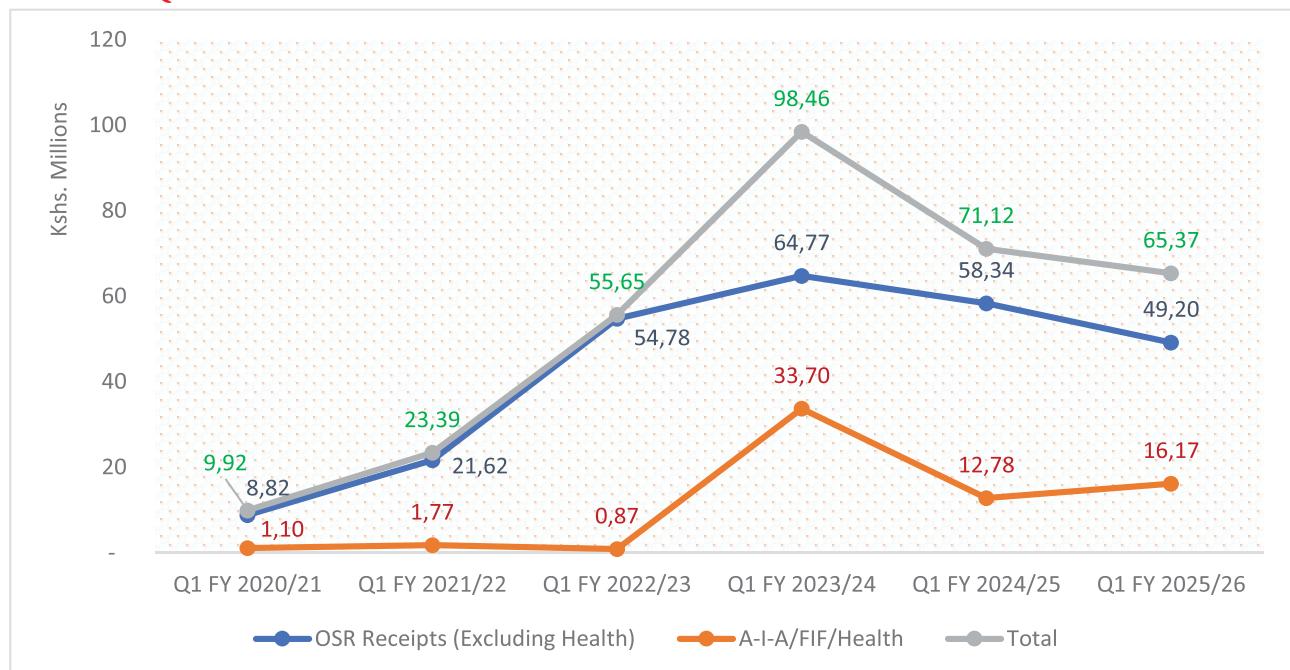

**Figure 46: Isiolo County Composition of Each Shilling Received in the First Quarter of FY 2025/26**

Source: Isiolo County Treasury

The equitable share of revenue raised nationally and OSR contributed 63 and 3 per cent respectively of the total receipts for the reporting period. Figure 47 shows the collection trend in own-source revenue from the First Quarter of FY 2020/21 to the First Quarter of FY 2025/26.

**Figure 47: Isiolo County Trend in Own-Source Revenue Collection from the First Quarter of FY 2020/21 to the First Quarter of FY 2025/26**

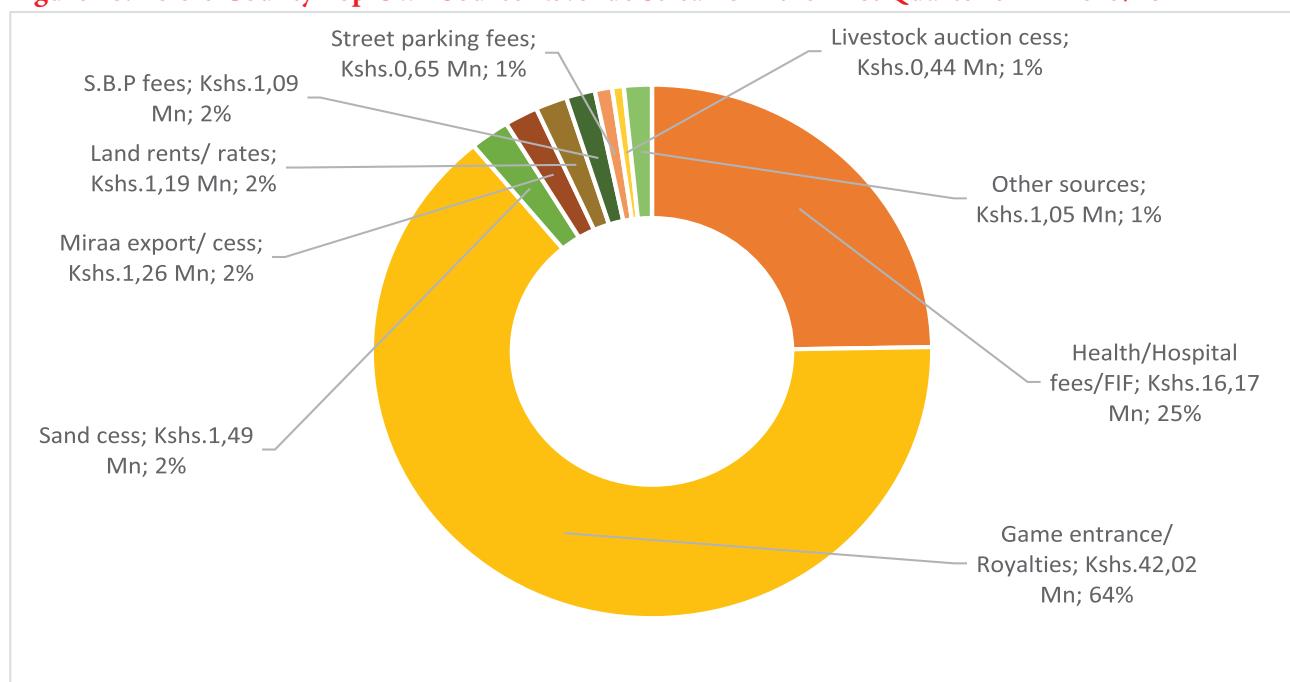

*Source: Isiolo County Treasury*

During the First Quarter of FY 2025/26, the County received Kshs.65.37 million from its revenue sources, including FIF. This amount was a decrease of 8 per cent compared to Kshs.71.12 million realised in a similar period in FY 2024/25, and was 17 per cent of the annual target and 8 per cent of the equitable revenue share disbursed.

The revenue streams which contributed the highest OSR receipts are shown in Figure 48.

**Figure 48: Isiolo County Top Own Source Revenue Streams in the First Quarter of FY 2025/26**

*Source: Isiolo County Treasury*

As shown in Figure 48, the highest revenue stream, at Kshs.42.02 million, was from Game entrance/Royalties, accounting for 64 per cent of the total OSR receipts. The County Government indicated that it has automated 2 revenue streams out of 24.

### 3.9.3 Revenue Arrears

As of 1<sup>st</sup> July 2025, the County reported revenue arrears of Kshs.210.83 million, this amount remained the same as of 30<sup>th</sup> September 2025. Table 3.96 presents a breakdown of the County's revenue arrears.

**Table 3.96: Isiolo County Revenue Arrears as of 30 September 2025**

No	Revenue Stream	Revenue Arrears as of 1 July 2025 (Kshs.)	Progress made in FY 2025/26			OSR Arrears as of 30 September 2025 (Kshs.)
			Waivers (Kshs)	Arrears paid in the financial year (Kshs)	Arrears earned in First Quarter of FY 2025/26 (Kshs)	
	a	b	c	d	f=a-b+c+d	
D	Ordinary Own Sources of Revenue					
1	Land rent/ rates	210,834,650	0	0	0	210,834,650
	Total	210,834,650	0	0	0	210,834,650

Source: *Isiolo County Treasury*

As of 30 September 2025, the revenue arrears totalled Kshs.210.83 million, all for Land rent/ rates. The County is yet to share the measures it will institute to collect the outstanding arrears in FY 2025/26.

### 3.9.4 Borrowing by the County

The County government did not report any borrowing in the period under review.

### 3.9.5 Exchequers Approved

The Controller of Budget approved withdrawals of Kshs.823.77 million from the CRF account during the reporting period, all on recurrent programmes. Analysis of the recurrent exchequers released indicates that Kshs.592.68 million was towards employee compensation and Kshs.40 million for operations and maintenance expenditure.

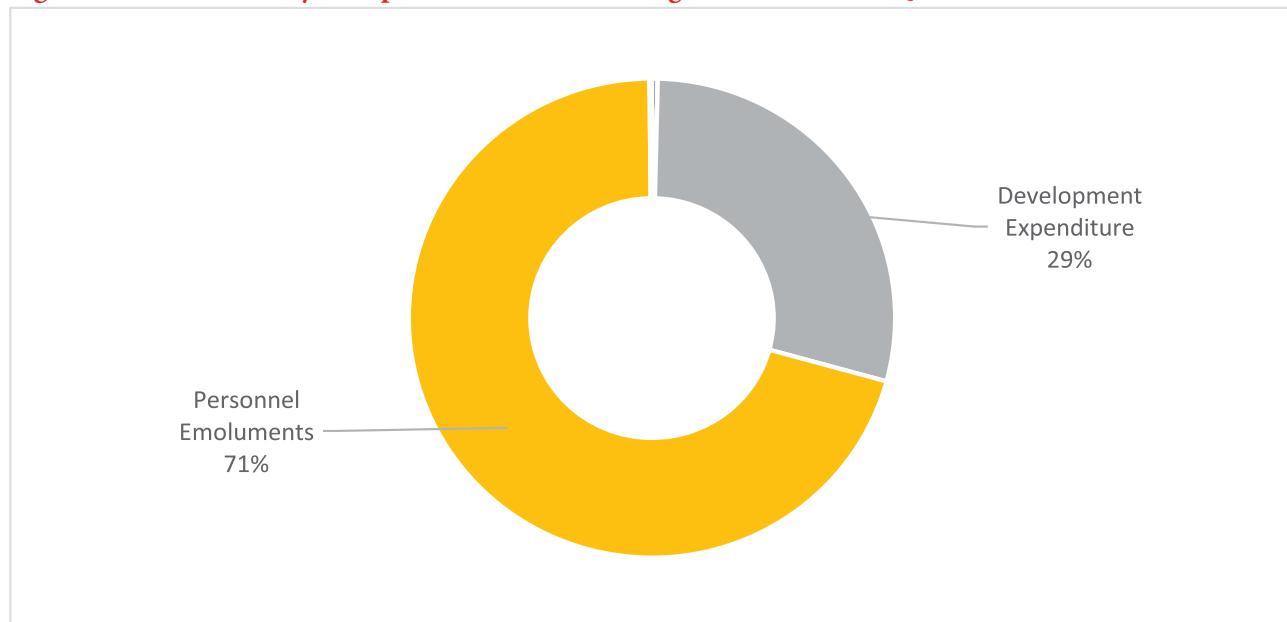

The operations and maintenance exchequer analysis indicate that 2 per cent was for domestic travel. The domestic travel exchequer amounted to Kshs.14.2 million all for the County Assembly. As of September 30, 2025, the County Government's cash balance in the CRF account was Kshs.593.37 million.

### 3.9.6 Expenditure Review

The County spent Kshs.718.07 million on development and recurrent programmes in the reporting period. The expenditure represented 87 per cent of the total funds released by the CoB. It comprised Kshs.191.09 million for development programmes and Kshs.526.98 million for recurrent programmes. Expenditure on development programmes represented an absorption rate of 15 per cent, while recurrent expenditure represented 24 per cent of the annual recurrent expenditure Vote-On-Account budget.

The following chart provides a detailed breakdown of expenditure, showing relative composition of each shilling spent.

**Figure 49: Isiolo County Composition of Each Shilling Paid in the First Quarter of FY 2025/26**

*Source: Isiolo County Treasury*

As shown in Figure 49, the two highest expenditure categories were Personnel Emoluments and Development Expenditure contributing 71 and 29 per cent of total expenditure for the reporting period.

### 3.9.7 Settlement of Trade Payables

As of 1<sup>st</sup> July 2025, the County reported trade payables totalling Kshs.1.49 billion. This amount included Kshs.1.48 billion from the County Executive and Kshs.13.91 million from the County Assembly. The trade payables from the County Executive consisted of Kshs.1.28 billion for recurrent expenditures and Kshs.199.94 million for development expenditures.

During the reporting period, the County Executive settled trade payables amounting to Kshs.377.19 million, comprising Kshs.191.09 million development and Kshs.186.10 million for recurrent programmes. On the other hand, the County Assembly did not settle any trade payables in the reporting period. The outstanding trade payables as of 30th September 2025 was Kshs.1.10 billion for County Executive and Kshs.13.91 million for County Assembly. Table 3.97 provides additional details of trade payables.

**Table 3.97: Isiolo County Trade Payables as of 30<sup>th</sup> September 2025**

*Source: Isiolo County Treasury*

The County Executive submitted a trade payables payment plan, committing to pay Kshs.916.45 million in FY 2025/26. The County Assembly is yet to share their trade payables payment plan. The County Executive did not adhere to this payment plan, as it cleared Kshs.377.19 million.

Table 3.98 and Table 3.99 present the ageing of the total outstanding bills as of 30 September 2025 for the County Executive and Assembly, which were Kshs.1.10 billion and Kshs.13.91 million respectively.

**Table 3.98: Isiolo County Executive Trade Payables Ageing Analysis as of 30 September 2025**

Category	Ageing analysis (Amount in Kshs.)				Total
	Under one year	1-2 years	2-3 years	Over 3 years

Table 3.99 shows that 100 per cent of the Executive's payables and older than two years. We recommend that the County use FIFO as it settles its existing payables.

### 3.9.8 Expenditure by Economic Classification

During the reporting period, the County Executive incurred Kshs.411.47 million for compensation of employees, Kshs.18.23 million for operations and maintenance, and Kshs.191.09 million for development activities, while the County Assembly incurred Kshs.55.58 million for compensation of employees and Kshs.41.70 million for operations and maintenance, as shown in Table 3.100.

**Table 3.100: Isiolo County Summary of Budget and Expenditure by Economic Classification**

Expenditure Classification	Vote On Account Budget (Kshs.)		Expenditure (Kshs.)		Absorption (%)	
	County Executive	County Assembly	County Executive	County Assembly	County Executive	County Assembly
<b>Total Recurrent Expenditure</b>	<b>1,908,910,964</b>	<b>249,925,736</b>	<b>429,702,957</b>	<b>97,281,096</b>	<b>23</b>	<b>39</b>
Compensation of Employees	1,114,186,856	165,358,646	411,472,357	55,580,191	37	34
Operations and Maintenance	794,724,109	84,567,090	18,230,600	41,700,905	2	49

<b>Total</b>	<b>3,117,776,617</b>	<b>284,925,736</b>	<b>620,791,877</b>	<b>97,281,096</b>	<b>20</b>	<b>34</b>

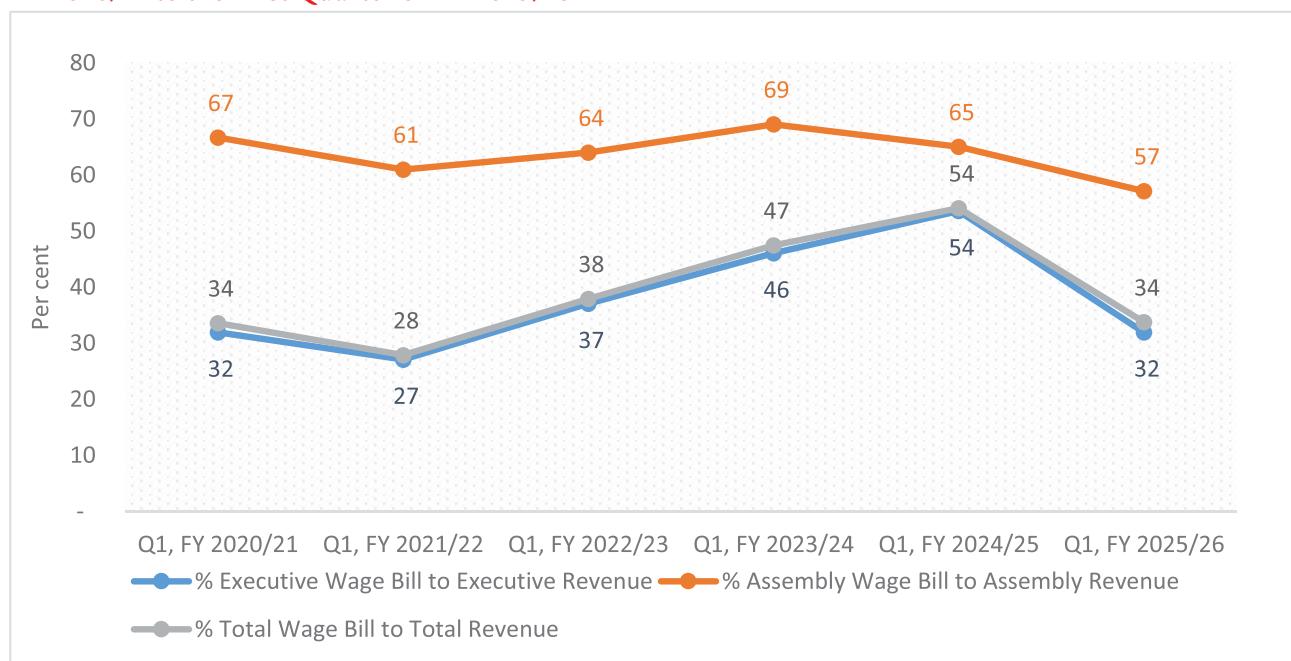

Source: Isiolo County Treasury

### 3.9.9 Expenditure on Compensation of Employees

During the period under review, the expenditure on employee compensation totalled Kshs.467.05 million. The percentage of compensation of employees to revenue was 34 per cent. This expenditure on employee compensation shows a decrease of 17 per cent compared to the Kshs.538.90 million reported in a similar period in FY 2024/25. Of this total, Kshs.355.70 million related to the Health Sector employees, which accounted for 76.2 per cent of the overall employees' compensation.

Figure 50 shows the compensation trend of employees' expenditures as a percentage of total revenue received from the First Quarter of FY 2020/21 to the First Quarter of FY 2025/26.

**Figure 50: Percentage of Employee Compensation to Total Revenue Received from the First Quarter of FY 2020/21 to the First Quarter of FY 2025/26**

Source: Isiolo County Treasury

As illustrated in Figure 50, the County Assembly allocated 57 per cent of its revenue to employee compensation in the first quarter of FY 2025/26, while the Executive allocated 32 per cent. The delay in finalising the budget process left the County with minimal time for budget implementation in the first quarter of FY 2025/26, resulting in a significant balance in the County Revenue Fund.

Further analysis revealed that all personnel costs incurred by the County Executive, totalling Kshs.582.21 million were processed through the Human Resource Information System (HRIS). In contrast, Kshs.6.84 million, representing 1 per cent of total personnel expenditure, was processed through a manual payroll system. This amount differs from the Kshs.467.05 million detailed in the itemised expenditure report provided by the Coun-

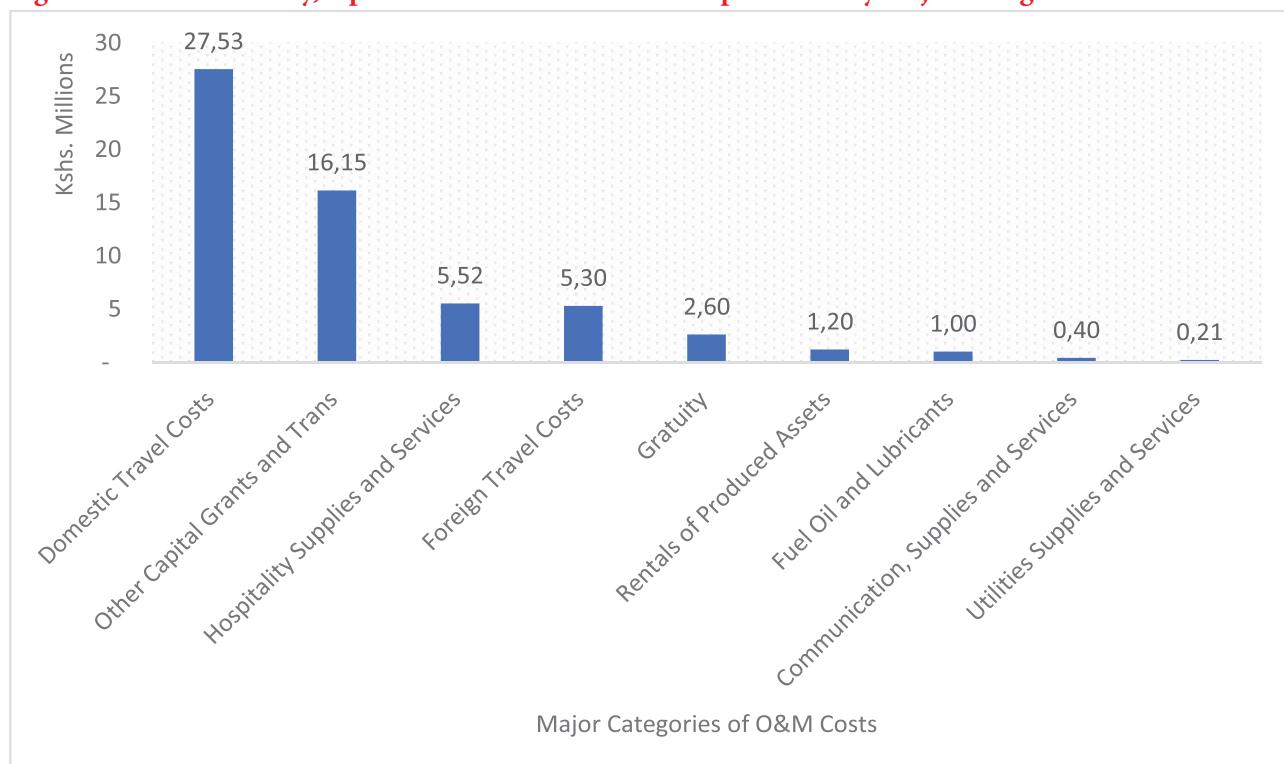

ty Treasury. The County Treasury should reconcile these records to ensure consistent reporting of similar items.

Additionally, the County Assembly spent Kshs.2.51 million on committee sitting allowances for the 18 Members of the County Assembly (MCAs), compared to an annual budget allocation of Kshs.5.25 million. This results in an average monthly sitting allowance of Kshs.46,478 per MCA. The County Assembly has 11 House Committees.

### 3.9.10 Expenditure on Operations and Maintenance

During the reporting period, the County spent Kshs.59.93 million on operations and maintenance, representing an increase of 40 per cent compared to FY 2024/25, when the County spent Kshs.42.88 million. Figure 51 summarises the Operations and Maintenance expenditure by major categories.

**Figure 51: Isiolo County, Operations and Maintenance Expenditure by Major Categories**

*Source: Isiolo County Treasury*

### 3.9.11 County-Established Funds

Section 116 of the PFM Act 2012 allows County Governments to establish other public funds, subject to approval from the County Executive Committee and the County Assembly. The County allocated Kshs.92.53 million to County-Established funds in FY 2025/26, or 3 per cent of the County's overall budget. Further, the County allocated Kshs.55 million to the Emergency Fund (2 per cent of the total budget) in line with Section 110 of the PFM Act, 2012. Table 3.101 summarises each established Fund's budget allocation and performance during the reporting period.

**Table 3.101: Performance of Isiolo County Established Funds in the First Quarter of FY 2025/26**

S/No.	Name of the Fund	Year Established	Vote on Account FY 2025/26 (Kshs.)	Exchequer Issues in First Quarter of FY 2025/26 (Kshs.)	Actual Expenditure in the First Quarter of FY 2025/26 (Kshs.)	Cumulative disbursements to the Fund (Kshs)	Submission of Financial Statements (Yes/ No.)
<b>County Executive Established Funds</b>							
1	Emergency fund	2021	55,000,000	0	0	541,418,164	Yes
2	Bursary Fund	2015	35,000,000	0	0	380,000,000	Yes
<b>County Assembly Established Funds</b>							
1	County Assembly Mortgage and Car Loan Fund	2018	2,530,000		0	64,500,000	No
	<b>Total</b>		<b>92,530,000</b>	<b>0</b>	<b>0</b>	<b>985,918,164</b>	

Source: *Isiolo County Treasury*

During the reporting period, the CoB did not receive quarterly financial reports from the Isiolo County Assembly Mortgage and Car Loan Fund Administrators, as indicated in Table 3.101, contrary to the requirement of Section 168 of the PFM Act, 2012.

### 3.9.12 County Corporations

The County has two Corporations that received no funds from the main budget for FY 2025/26, and there were no reported expenditures by these corporations during the review period.

**Table 3.102: Performance of Isiolo County Corporations in the First Quarter of FY 2025/26**

S/No.	Name of the Corporation	Approved Budget Allocation in FY 2025/26 (Kshs.)	Exchequer Issues (Kshs.)	Actual Transfers in FY 2025/26 (Kshs.)	Cumulative Transfers to the Corporation since its inception (Kshs.)
1	Isiolo Water and Sewerage Company	-	-	-	-
2	Ewaso Ng'iro North Development Authority	-	-	-	-
	<b>Total</b>

### 3.9.13 Expenditure on Domestic and Foreign Travel

Expenditure on domestic travel amounted to Kshs.27.53 million and comprised Kshs.26.46 million spent by the County Assembly and Kshs.1.07 million by the County Executive. Expenditure on foreign travel amounted to Kshs.5.30 million all by the County Assembly. Breakdown on foreign travel was not yet provided by the time of publishing this report.

The County did not report any expenditures on garbage collection, as well as legal fees, dues, arbitration, and compensation payments, during the review period.

### 3.9.14 Facility Improvement Financing

During the review period, the County reported collections of Kshs.16.17 million as FIF, which was 19 per cent of the annual target of Kshs.85 million. The collected amount was retained and utilised at source in line with the Facility Improvement Financing Act, 2023. The County has, however, not developed regulations to operationalise the FIF Act of 2023.

The expenditure by the health facilities amounted to Kshs.16.78 million, as shown in Table 3.103.

**Table 3.103: Isiolo County Health Facilities Expenditure Performance in FY 2025/26**

No.	Health Facility	Number of Facilities	Approved Budget (Kshs.)	Actual (Kshs.)	Expenditure	Absorption rate (%)
1.	Level 5 Hospital (Isiolo County Referral Hospital)	1	17,076,048.00	16,780,153.40	16,780,153.40	98
	<b>Total</b>		17,076,048.00	16,780,153.40	16,780,153.40	98%

*Source:* Isiolo County Treasury

The County did not provide report for its other County health facilities during the review period

### 3.9.15 Development Expenditure

In the review period, the County reported spending Kshs.191.08 million on development programmes, representing an increase of 1544 per cent compared to FY 2024/25, when the County spent Kshs.11.63 million. Table 3.104 summarises the development projects with the highest expenditure in the reporting period.

The increase in development expenditure was attributed to the settlement of trade payables.

**Table 3.104: Isiolo County, List of Development Projects with the Highest Expenditure**

Source: Isiolo County Treasury

Analysis of expenditure by departments shows that the Department of Finance, Economic Planning, Special Programs, Revenue and Cohesion recorded the highest absorption rate of development budget at 55.3 per cent, while all other departments did not record any development expenditure in the review period. The Department of Health Services had the highest percentage of recurrent expenditure to budget at 47.6 per cent, followed by the Department of Municipal Administration at 40.5 per cent.

### 3.9.17 Budget Execution by Programmes and Sub-Programmes

The development sub-programmes with the highest levels of budget implementation, based on absorption rates, were: Accounting Services in the Department of Finance, Economic Planning, Special Programs, Revenue and Cohesion at 99 per cent. Conversely, the recurrent sub-programmes with the highest levels of budget implementation, based on absorption rates, were the Primary Health Care program in the Department of Medical Services at 94 per cent of the budget allocation. Several sub-programmes reported a zero absorption rate during the review period, including preventive and promotive health services under the Department of Health's Preventive and Promotive Services.

### 3.9.18 Accounts Operated in Commercial Banks

Regulation 82(1)(b) of the PFM (County Governments) Regulations, 2015, requires that County Government bank accounts be opened and maintained at the Central Bank of Kenya. The only exemption is for imprest bank accounts for petty cash and revenue collection bank accounts.

Further, Regulation 82(4) of the Public Finance Management (PFM) Act requires accounting officers to obtain written authorisation from the County Treasury before opening a commercial bank account. Additionally, Regulation 82(5) of the Public Finance Management (County Governments) Regulations, 2015, requires the County Treasury to submit a copy of the letter authorising an accounting officer to open a commercial bank account to the Controller of Budget.

The County Government operated 68 accounts with commercial banks, including 45 accounts for Health Facilities, three accounts for Established Funds, four revenue accounts, six special purpose accounts (additional allocations), and ten accounts for operations.

The County Treasury did not submit copies of authorisation letters to the Controller of Budget for opening commercial bank accounts as per Regulation 82(5) of the Public Finance Management (County Governments) Regulations, 2015.

### 3.9.19 Key Observations and Recommendations

In the course of overseeing and reporting on the implementation of the County budget, the CoB identified the following challenges, which hampered effective budget implementation;

- i. Ongoing litigations on the Isiolo County FY 2025/26 approved budget estimates, resulting in relying on Vote-On-Account as a temporary measure for the County government to cater for essential expenses.
- ii. Fund Administrators failed to submit quarterly financial and non-financial reports to the CoB within the timelines provided by law, which is against the requirement of Section 168 of the PFM Act, 2012. The reports for the County Assembly Mortgage and Car Loan Fund, were not submitted to the OCoB as of 15 October 2025.
- iii. The County Treasury's late submission of financial reports to the Controller of Budget affected the timely preparation of the budget implementation report, which was received on 31<sup>st</sup> October 2025 for the County Executive and 17<sup>th</sup> Nov 2025 for the County Assembly.
- iv. The underperformance of own-source revenue at Kshs.65.37 million against an annual target of Kshs.375.21 million, representing 17.4 per cent of the financial year target.
- v. High level of trade payables, which amounted to Kshs.1.10 billion as of 30 September 2025. Further, there was non-adherence to the payment plan for the trade payables by the County Treasury.
- vi. The County reported revenue arrears of Kshs.210.83 million on ordinary OSR which is entirely on land rent/rates arrears Kshs.210.83 million. These revenue arrears limited funding for County activities.
- vii. The County has stalled projects valued at Kshs.1.47 billion, with Kshs.1.05 billion paid (71 per cent). The stalling of the projects is attributed to varying reasons, including lack of budget allocation.

The County should implement the following recommendations to improve budget execution:

- i. *The County Government and the interested parties should fast-track settlement of litigation issues on the County's FY 2025/26 budget estimates.*
- ii. *The CECMF should follow up to ensure Fund Administrators prepare and submit statutory reports in line with the PFM Act, 2012.*
- iii. *The County Treasury should ensure the timely preparation and submission of financial reports to the Office of the Controller of Budget per the timelines prescribed in Section 166 of the PFM Act, 2012.*
- iv. *The County should address its own-source revenue performance to ensure the approved budget is fully financed. Appropriate austerity measures should be implemented to ensure expenditure commitments are aligned with available revenue.*
- v. *The County Leadership should address the situation of trade payables to ensure that genuine bills are paid promptly in the remaining financial year. Further, compliance with the Trade Payables Action Plan should be enforced.*
- vi. *The County needs to develop strategies to collect these outstanding arrears to improve budget implementation.*
- vii. *The County Executive should prioritise and fast-track feasible stalled projects in the budget, ensuring they are monitored for completion. Additionally, enhancing cash flow forecasting and commitment controls is essential to start projects only with secured funding, and to maintain a register of multi-year obligations to align projects with the budget.*

### 3.10. County Government of Kajiado

#### 3.10.1 Overview of FY 2025/26 Budget

The Kajiado County Approved Budget for FY 2025/26 is Kshs.13.78 billion. It comprises Kshs.4.89 billion (35.5 per cent) and Kshs.8.88 billion (65 per cent) allocation for development and recurrent programmes, respectively. The budget estimates represent an increase of Kshs.988.99 million (8 per cent) from the FY 2024/25 budget, which comprised a development budget of Kshs.3.84 billion and a recurrent budget of Kshs.8.95 billion. The increase in the budget was primarily attributed to the additional allocation brought forward from the previous financial year.

The budget is to be financed from various revenue sources. These include: the equitable share of revenue raised nationally of Kshs.8.89 billion (65 per cent), additional allocations of Kshs.3.20 billion (23 per cent), Appropriation in Aid of Kshs.480 million (4 per cent) and Kshs.1.2 billion (9 per cent) to be received as own-source revenue. A breakdown of the additional allocations is shown in Table 3.107.

#### 3.10.2 Revenue Performance

During the first Quarter of FY 2025/26, the County received Kshs.1.72 billion in revenue. This amount represented an increase of less than 1 per cent compared to the amount received in a similar period in FY 2024/25 of Kshs.1.54 billion. The total revenue consisted of Kshs.1.42 billion from the equitable share of revenue raised nationally, additional allocations from the national government and development partners of Kshs.113.57 million, as well as own-source revenue (OSR) collection of Kshs.179.48 million. Additionally, the County had a cash balance of Kshs.2.62 million from FY 2024/25. The total OSR collection of Kshs.179.48 million included Facilities Improvement Financing (FIF) of Kshs.69.89 million, and Kshs.109.59 million from other OSR sources. Table 3.107 summarises the total revenue available to the County Government during FY 2025/26.

The County has a governing legislation on the operation of ordinary A-I-A and FIF. Figure 52 provides a detailed breakdown of revenue, showing the amount received for each shilling.

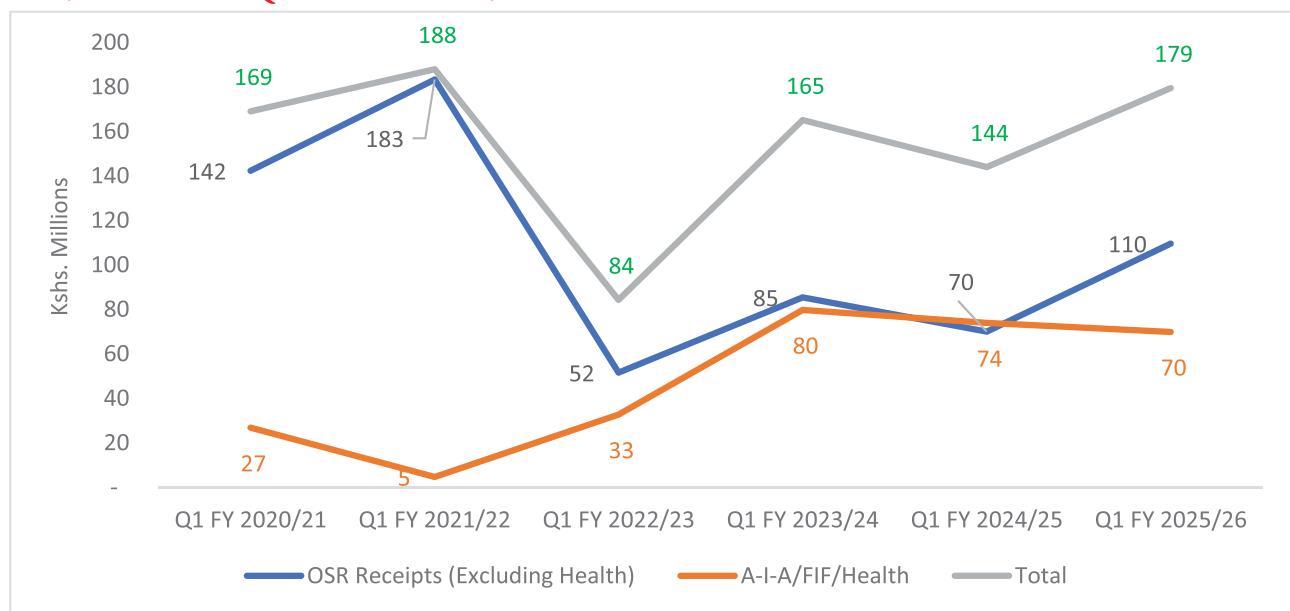

**Figure 52: Kajiado County Composition of Each Shilling Received in the First Quarter of FY 2025/26**

*Source: Kajiado County Treasury*

The equitable share of revenue raised nationally, additional allocations, and OSR contributed 83 per cent, 7 per cent, and 6 per cent, respectively, to total receipts for the reporting period. Figure 53 shows the collection trend in own-source revenue from the First Quarter of FY 2020/21 to the First Quarter of FY 2025/26.

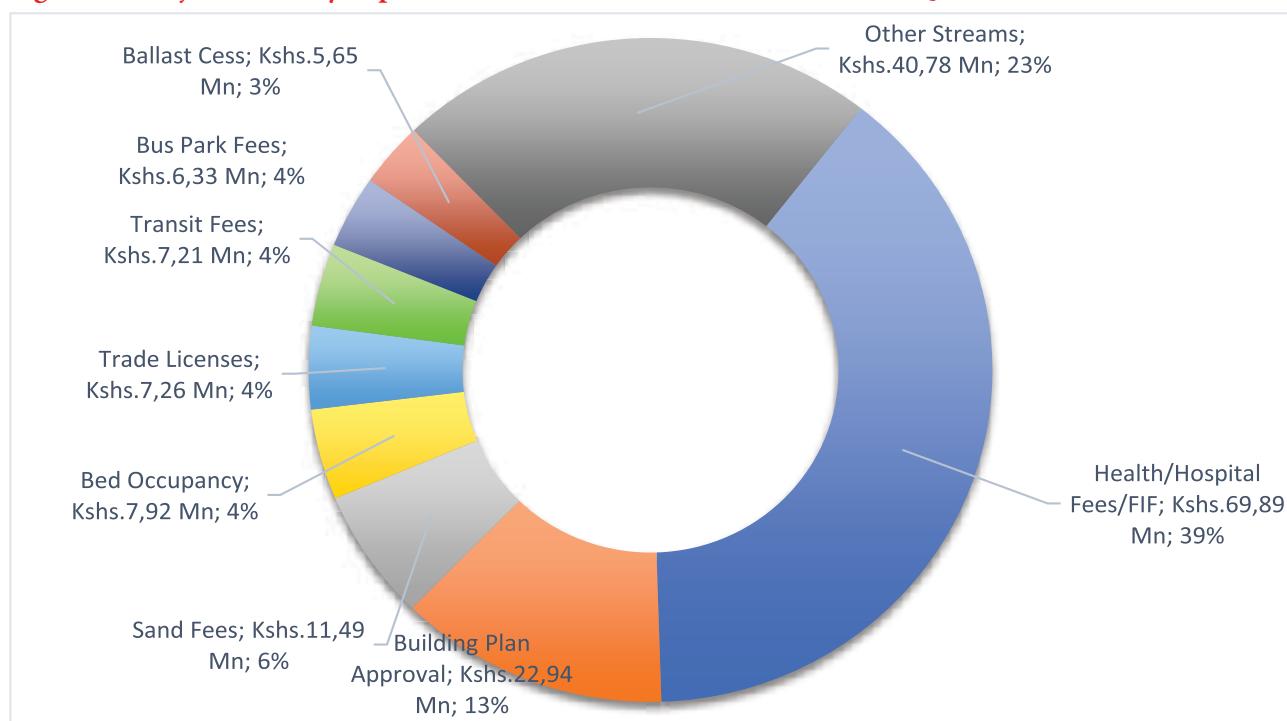

**Figure 53: Kajiado County Trend in Own-Source Revenue Collection from the First Quarter of FY 2020/21 to the First Quarter of FY 2025/26**

*Source: Kajiado County Treasury*

During the First Quarter of FY 2025/26, the County generated Kshs.179.48 million from its revenue sources, including FIF. This amount was an increase of 25 per cent compared to Kshs.143.91million realised in a similar period in FY 2024/25, and was 11 per cent of the annual target and 13 per cent of the equitable revenue share disbursed. The revenue streams that contributed the most to OSR receipts are shown in Figure 54.

**Figure 54: Kajiado County Top Own Source Revenue Streams in the First Quarter of FY 2025/26**

Source: Kajiado County Treasury

As shown in Figure 54, the highest revenue stream, at Kshs.69.89 million, was from Health/Hospital Fees/FIF, accounting for 39 per cent of the total OSR receipts. The County Government indicated that it has automated 20 (twenty) revenue streams out of 21(twenty-one).

### 3.10.3 Revenue Arrears

As of 1<sup>st</sup> July 2025, the County reported revenue arrears of Kshs.12.09 billion, this amount increased to Kshs.12.91 billion as of 30<sup>th</sup> September 2025. Table 3.108 presents a breakdown of the County's revenue arrears.

**Table 3.108: Kajiado County Revenue Arrears as of 30 September 2025**

As of 30 September 2025, the revenue arrears totalled to Kshs.12.91 billion, comprising Kshs.756.01 million for Equitable share (6 per cent), Kshs.11.96 billion (93 per cent) for own source revenue and Kshs.198.96 million for Facility Improvement Funds (2 per cents). The measures instituted by the County to collect the outstanding arrears in FY 2025/26 include the appointment of a new receiver of debts and the contracting of new debt recovery agents, known as the Regional Business Connection.

### 3.10.4 Borrowing by the County

There was no short-term borrowing during the period under review.

### 3.10.5 Exchequers Approved

The Controller of Budget approved withdrawals of Kshs.1.15 billion from the CRF account during the reporting period, which comprised Kshs.103.67 million (9 per cent) for development programmes and Kshs.1.05 billion (91 per cent) for recurrent programmes. Analysis of the recurrent exchequers released indicates that Kshs.850.93 million was towards employee compensation and Kshs.196.39 million for operations and maintenance expenditure.

The operations and maintenance exchequer analysis indicates that 47 per cent was for domestic travel and 2 per cent for foreign travel. The domestic travel exchequer amounted to Kshs.92.65 million and included Kshs.37.38 million for the County Executive and Kshs.55.27 million for the County Assembly. The foreign exchequer totalled Kshs.3.50 million, which was incurred by the County Assembly.

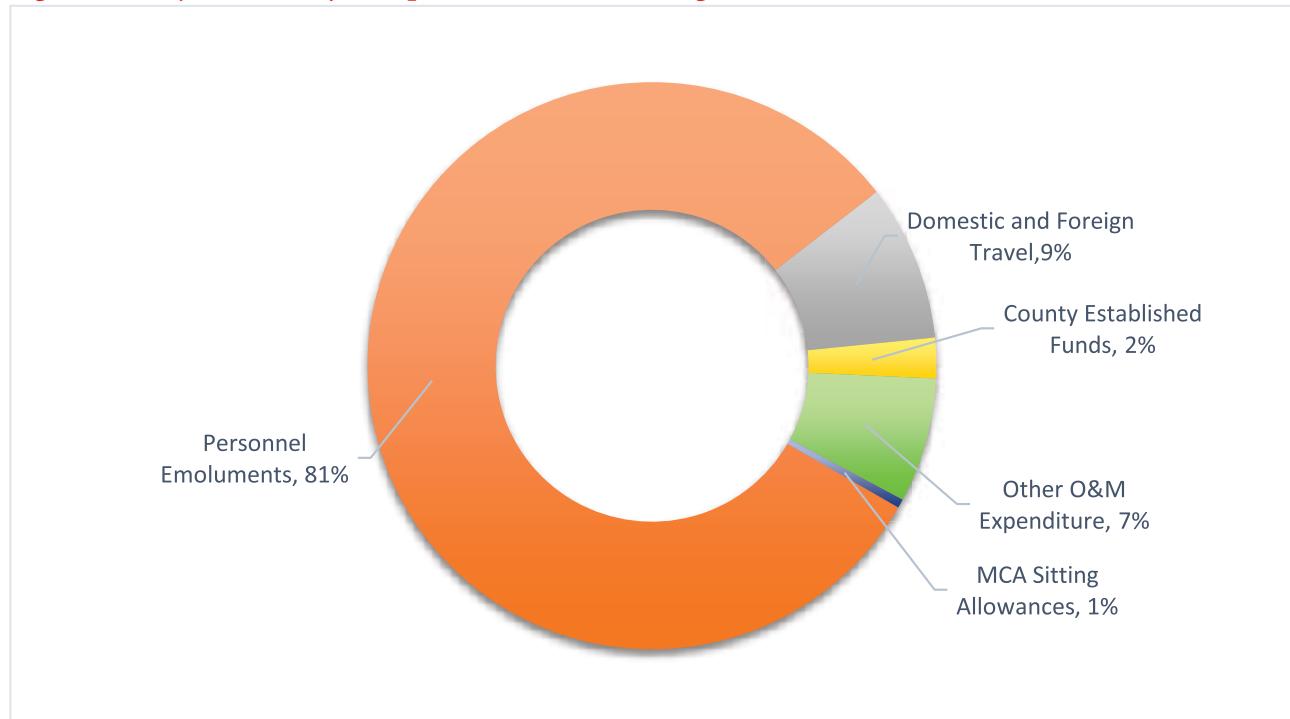

As of September 30, 2025, the County Government's cash balance in the CRF account was Kshs.501.20 million.

### 3.10.6 Expenditure Review

The County spent Kshs.1.05 billion on recurrent programmes and nil towards development programmes in the reporting period. Recurrent expenditure accounted for 12 per cent of the annual recurrent budget.

The following chart provides a detailed breakdown of expenditure, showing the relative composition of each shilling spent.

**Figure 55: Kajiado County Composition of Each Shilling Paid in the First Quarter of FY 2025/26**

Source: Kajiado County Treasury

As shown in Figure 55, the highest expenditure categories were Personnel Emolument, Daily Travel and Foreign Subsistence, Other Operation and Maintenance, County Established Funds, and MCA's sitting allowance, contributing 81 per cent, 9 per cent, 7 per cent, 2 per cent and 1 per cent of total expenditure for the reporting period.

### 3.10.7 Settlement of Trade Payables

As of 1<sup>st</sup> July 2025, the County reported trade payables totalling Kshs.2.78 billion. This amount included Kshs.2.65 billion from the County Executive and Kshs.130.44 million from the County Assembly. The trade payables from the County Executive consisted of Kshs.1.21 billion for recurrent expenditures and Kshs.1.44 billion for development expenditures.

During the reporting period, there were no settled trade payables by the County Executive and Assembly. The outstanding trade payables as of 30th September 2025 were Kshs.2.65 billion for the County Executive and Kshs.130.44 million for the County Assembly. Table 3.109 provides additional details of trade payables.

### 3.10.8 Expenditure by Economic Classification

During the reporting period, the County Executive incurred Kshs.793.53 million for compensation of employees, and Kshs.126.94 million for operations. Similarly, the County Assembly spent Kshs.56.96 million on compensation of employees, Kshs.69.89 million on operations and maintenance, and no expenditure was incurred on development activities, as shown in Table 3.112.

**Table 3.112: Kajiado County Summary of Budget and Expenditure by Economic Classification**

Expenditure Classification	Revised Budget (Kshs.)		Expenditure (Kshs.)		Absorption (%)	
	County Executive	County Assembly	County Executive	County Assembly	County Executive	County Assembly
<b>Total Recurrent Expenditure</b>	<b>8,009,571,506</b>	872,493,878	920,463,243	126,845,773	11	15

### 3.10.9 Expenditure on Compensation of Employees

During the period under review, the expenditure on employee compensation totalled Kshs.850.50 billion. The compensation-to-revenue ratio was 49.5 per cent. This expenditure on employee compensation shows a decrease compared to the Kshs.899.5 million reported in a similar period in FY 2024/25. Of this total, Kshs.386.9 million was related to Health Sector employees, accounting for 45.5 per cent of the overall employees' compensation.

Figure 56 shows the trend in employees' compensation as a percentage of total revenue from the First Quarter of FY 2020/21 to the First Quarter of FY 2025/26.

**Figure 56: Percentage of Employee Compensation to Total Revenue Received from the First Quarter of FY 2020/21 to the First Quarter of FY 2025/26**

Source: Kajiado County Treasury

Further analysis indicated that PE costs amounting to Kshs.836.96 billion were processed through the Human Resource Information System (HRIS). In contrast, Kshs.13.53 million was processed through manual payroll, which accounted for 2 per cent of the total PE cost.

The manual payroll comprised salaries for 13 staff not onboarded into the Human Resource Information System (HRIS), gratuity remittances to pension schemes for staff on contract, LAPTRUST/LAPFUND Pension Contributions, Salaries for the MCA's partisan staff, Salaries for Interns, and Nita Contribution, as shown in Table 3.113.

**Table 3.113: Breakdown of Kajiado County Manual Payroll**

Sno.	Description of Manual Payroll	Amount (Kshs.)
1	Salaries for staff yet to be onboarded into HRIS	1,575,803
2	LAPTRUST/LAPFUND Pension Contributions	2,829,202
3	Gratuity for contract staff	8,309,244
4	Salaries for the MCA'S Partisan Staff	588,848
5	Salaries for Interns	200,000
6	Nita Contribution	31,700
	<b>Total</b>	<b>13,534,797</b>

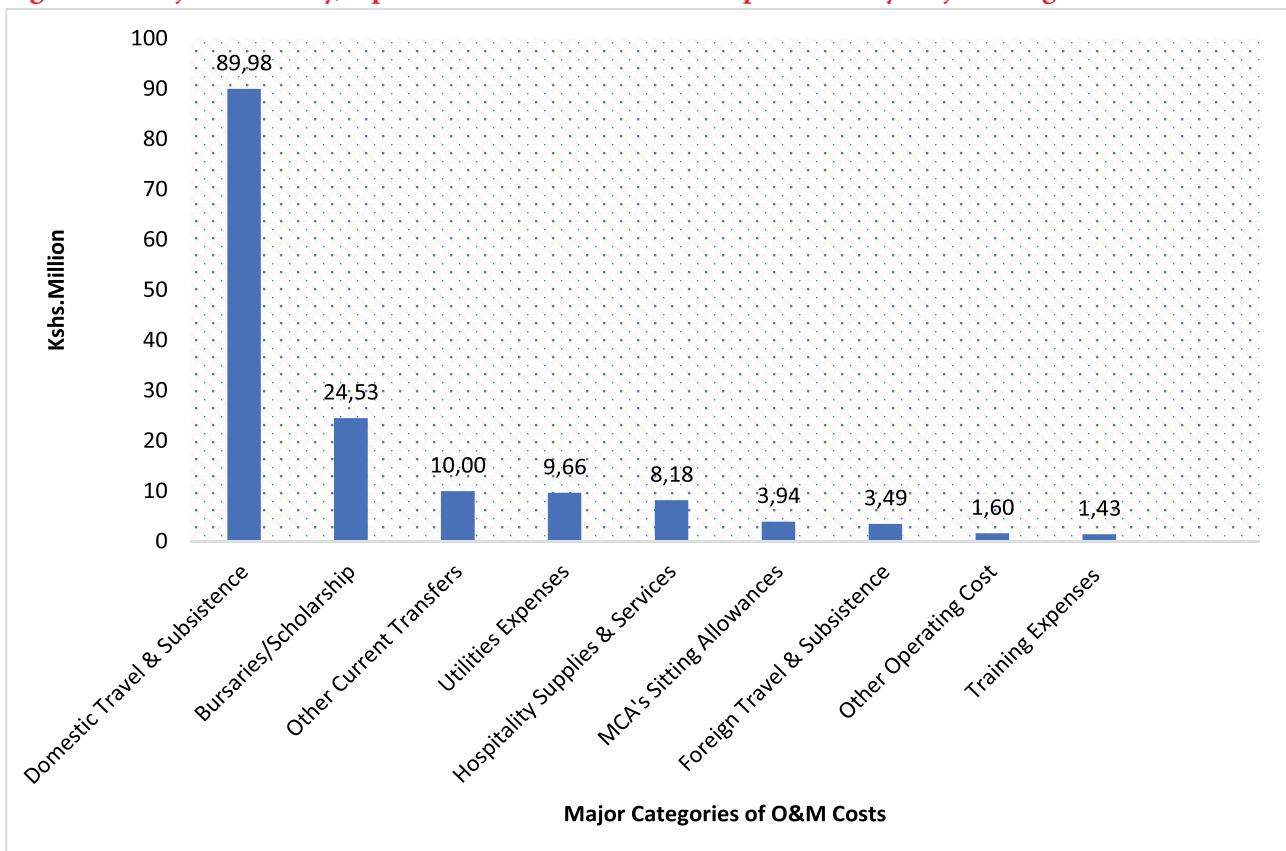

Source: Kajiado County Treasury

The County Assembly spent Kshs.3.94 million on committee sitting allowances for the 42 MCAs against the annual budget allocation of Kshs.32 million. The average monthly sitting allowance was Kshs.31,254 per MCA. The County Assembly has 20 House Committees.

### 3.10.10 Expenditure on Operations and Maintenance

During the reporting period, the County spent Kshs.196.82 million on operations and maintenance, representing a decrease of 29.4 per cent compared to FY 2024/25, when the County spent Kshs.278.7 million. Figure 57 summarises the Operations and Maintenance expenditure by major categories.

**Figure 57: Kajiado County, Operations and Maintenance Expenditure by Major Categories**

Source: Kajiado County Treasury

### 3.10.11 Unbundling “Other Operating Expenses” Under Operations and Maintenance Expenditures

The budget performance report submitted to the Controller of Budget for the first quarter of FY 2025/26 shows that the County spent Kshs.1.6 million under “*other Operating expenses*” translates to 0.8 per cent of the cumulative operations and maintenance expenditure of Kshs.196.82 million. The disaggregated items under the “*Other Operating Expenses*” category is shown in Table 3.114.

**Table 3.114: Breakdown of “Other Operating Expenses” under O&M Expenditures**

Code	Item	Budget (Kshs)	Expenditure (Kshs.)
2211310	Ward Office	9,600,000	1,600,000
	<b>Total</b>	<b>9,600,000</b>	<b>1,600,000</b>

### 3.10.12 County-Established Funds

Section 116 of the PFM Act 2012 allows County Governments to establish other public funds, subject to approval from the County Executive Committee and the County Assembly. The County allocated Kshs.370 million to County-Established funds in FY 2025/26, or 2.7 per cent of the County’s overall budget. Further, the County allocated Kshs.100 million to the Emergency Fund (less than 1 per cent of the total budget) in line with Section 110 of the PFM Act, 2012. Table 3.115 summarises each established Fund’s budget allocation and performance during the reporting period.

**Table 3.115: Performance of Kajiado County Established Funds in the First Quarter of FY 2025/26**

S>No.	Name of the Fund	Year Established	Approved Budget Allocation in FY 2025/26 (Kshs.)	Exchequer Issues in First Quarter of FY 2025/26 (Kshs.)	Actual Expenditure in the First Quarter of FY 2025/26 (Kshs.)	Cumulative disbursements to the Fund (Kshs)	Submission of Financial Statements (Yes/No.)
<b>County Executive Established Funds</b>							
1	Educational Benefits-Scholarship	2016	200,000,000	50,000,000	24,526,400	1,130,000,000	Yes

Source: Kajiado County Treasury

During the reporting period, the CoB did not receive quarterly financial reports from Emergency, Executive Car Loan and Mortgage, Kajiado Youth and Sport, Liquor, Kajiado County Women Empowerment, Kajiado County Veterinary Service Development and MCA’s Car Loan and Mortgage Fund Administrators, as indicated in Table 3.115, contrary to the requirement of Section 168 of the PFM Act, 2012. The County disclosed that administration costs of the Liquor Funds were above the 3 per cent limit of the Fund budget set in Regulation 197(1)(d) of the Public Finance Management (County Governments) Regulations, 2015.

Regulation 197(1)(i) of the Public Finance Management (County Governments) Regulations, 2015, allows County Governments to establish public funds with a lifespan capped at 10 years unless extended by the County Assembly. In FY 2025/26, the CoB established that the lifespan of the **Liquor and Emergency/Disaster Fund** had lapsed. Consequently, the CoB did not approve any requests for withdrawals to support the operations of the lapsed funds.

### 3.10.13 County Corporations

The County has seven corporations, which were allocated Kshs.20 million in FY 2025/26. No expenditure was reported for the period under review, as shown in Table 3.116.

**Table 3.116: Performance of Kajiado County Corporations in the First Quarter of FY 2025/26**

S/No.	Name of the Corporation	Approved Budget Allocation in FY 2025/26 (Kshs.)	Exchequer Issues (Kshs.)	Actual Transfers in FY 2025/26 (Kshs.)	Cumulative Transfers to the Corporation since its inception (Kshs.)

### 3.10.14 Expenditure on Domestic and Foreign Travel

Expenditure on domestic travel amounted to Kshs.89.98 million and comprised Kshs.43.81 million spent by the County Assembly and Kshs.46.17 million by the County Executive. Expenditure on foreign travel amounted to Kshs.3.49 million, which was entirely spent by the County Assembly. Expenditure on foreign travel is summarised in Table 3.117.

**Table 3.117: Summary of Expenditure on Foreign Travel in the First Quarter of FY 2025/26**

Arm of County Government	Number of Officers Travelled	Date travelled	Purpose of the travel	Destination	Total Costs of the Travel in (Kshs.)
County Assembly	6	11 <sup>th</sup> to 16 August 2025	A workshop on the Hansard Association conference	Ghana	1,697,381
County Assembly	2	13 <sup>th</sup> to 21 <sup>st</sup> July, 2025	A workshop on Financial Management and Oversight Training	Singapore	1,257,560
County Assembly	1	13 <sup>th</sup> to 21 <sup>st</sup> July, 2025	A workshop on the Kenya Legislative Caucus	Russia	532,068
<b>Total</b>					<b>3,487,009</b>

### 3.10.15 Facility Improvement Financing

During the review period, the County reported collections of Kshs.69.89 million as FIF, which was 15.9 per cent of the annual target of Kshs.440 million. The collected amount was retained and utilised at source in line with the Facility Improvement Financing Act, 2023. The County has developed regulations to operationalise the FIF Act of 2023.

The expenditure by health facilities amounted to Kshs.166.64 million, as shown in Table 3.118.

**Table 3.118: County Health Facilities Expenditure Performance in FY 2025/26**

No.	Health Facility	Number of Facilities	Approved Budget (Kshs.)	Actual (Kshs.)	Expenditure	Absorption rate (%)
1.	Ngong Sub-County Hospital	1	55,265,184	7,332,738	13.3

### 3.10.16 Development Expenditure

During the review period, the County did not report any spending on development programmes, as no expenditures were recorded in a similar period in FY 2024/25. As of 30 September 2025, the County did not report any stalled development projects.

### 3.10.17 Budget Performance by Department

Table 3.119 summarises the approved budget allocation, expenditure and absorption rate by departments in the period under review.

**Table 3.119: Kajiado County, Budget Allocation and Absorption Rate by Department**

Source: Kajiado County Treasury

Analysis of expenditure by departments shows that no absorption was incurred for development expenditures during the period under review. The Department of Education, Youth and Sport had the highest percentage of recurrent expenditure to budget at 15.6 per cent, while the Department of County Attorney had the lowest at 3.4 per cent.

### 3.10.18 Budget Execution by Programmes and Sub-Programmes

The development sub-programmes had no absorption for the period under review. Conversely, the recurrent sub-programmes with the highest levels of budget implementation, based on absorption rates, were: Budget Coordination and management in the Department of County Treasury at 49 per cent, Internal Audit in the Department of County Treasury at 25 per cent, General Administration, Planning and Supporting Service in the Department of Gender, Culture, Cooperative, Tourism and Wildlife at 23 per cent, and Legislation, Representation and Oversight at 20 per cent of the budget allocation.

### 3.10.19 Accounts Operated in Commercial Banks

Regulation 82(1)(b) of the PFM (County Governments) Regulations, 2015, requires that County Government bank accounts be opened and maintained at the Central Bank of Kenya. The only exemption is for imprest bank accounts for petty cash and revenue collection bank accounts.

Further, Regulation 82(4) of the Public Finance Management (PFM) Act requires accounting officers to obtain written authorisation from the County Treasury before opening a commercial bank account. Additionally, Regulation 82(5) of the Public Finance Management (County Governments) Regulations, 2015, requires the County Treasury to submit a copy of the letter authorising an accounting officer to open a commercial bank account to the Controller of Budget.

The County Government operated 172 accounts in commercial banks, including 137 accounts for Health Facilities, one account for Vocational Training Centres, ten accounts for Established Funds, two revenue accounts and twenty-two special-purpose accounts (additional allocations.)

The County Treasury did not submit copies of authorisation letters to the Controller of Budget for opening 167 commercial bank accounts, as required by Regulation 82(5) of the Public Finance Management (County Governments) Regulations, 2015.

### 3.10.20 Key Observations and Recommendations

In the course of overseeing and reporting on the implementation of the County budget, the CoB identified the following challenges, which hampered effective budget implementation;

- i. The underperformance of own-source revenue at Kshs.179.48 million against an annual target of Kshs.1.68 billion, representing 10.7 per cent of the financial year target.
- ii. No development performance in the review period as the County incurred zero expenditures on development activities, achieving a nil development absorption rate.
- iii. Unspent funds from FY 2024/25 were not refunded into the CRF account, resulting in actual expenditures exceeding the approved exchequer in several departments, as shown in Table 3.119.
- iv. Regulation 197(1)(i) of the Public Finance Management (County Governments) Regulations, 2015, limits the lifespan of public funds to 10 years unless extended by the County Assembly. As of 30 September 2025, the lifespan of the Liquor Fund and the Emergency Fund had lapsed, making them ineligible for further withdrawals.
- v. Fund Administrators failed to submit quarterly financial and non-financial reports to the CoB within the timelines provided by law, which is against the requirement of Section 168 of the PFM Act, 2012. The reports for the Emergency Fund, Liquor Fund, Executive car loan and Mortgage, Kajiado County Youth and Sport Fund, Kajiado County Women Empowerment Fund and MCA's Car loan and Mortgage Fund were not submitted to the CoB as of 15 July 2025.
- vi. High level of trade payables, which amounted to Kshs.2.78 billion as of 30 September 2025. Further, the County Treasury failed to adhere to the payment plan for trade payables .
- vii. Use of manual payroll. Personnel emoluments amounting to Kshs.13.53 million for 1.58 staff not onboarded into HRIS, Kshs.2.83 million for LAPTRUST/LAPFUND, Kshs.8.31million as gratuities for the staff on contract, Kshs.588,848 as salaries for MCA's partisan staffs, Kshs.200,000 as salaries for interns and Kshs.31,700 paid as Nita Contribution, were processed through manual payroll, accounting for 1.6 per cent of the total payroll cost. Manual payroll is prone to abuse and may result in the loss of public funds.
- viii. Non-submission of copies of authorisation letters for opening commercial bank accounts as per Regulation 82(5) of the Public Finance Management (County Governments) Regulations, 2015.
- ix. The County reported revenue arrears of Kshs.12.91 billion, comprising Kshs.11.96 billion for ordinary OSR (with Magadi Soda having an arrear of Kshs.1.054 billion) and a FIF arrear of Kshs.198.96 million. These revenue arrears limited funding for County activities in the review period.

The County should implement the following recommendations to improve budget execution:

- i. *The County should address its own-source revenue performance to ensure the approved budget is fully financed. Appropriate austerity measures should be implemented to ensure expenditure commitments are aligned with available revenue.*
- ii. *The County should implement strategies to increase development expenditures in FY 2025/26.*
- iii. *The County Treasury should ensure unspent funds from the previous financial year are deposited into the CRF Account in line with Section 136 of the PFM Act 2012.*
- iv. *The County should ensure timely review and extension of public funds whose lifespan is nearing expiration to prevent operational disruptions. Additionally, any expenditure from lapsed funds should cease immediately, and legal mechanisms should be followed to re-establish or wind up such funds in compliance with the Public Finance Management Act.*
- v. *The CECMF should follow up to ensure Fund Administrators prepare and submit statutory reports in line with the PFM Act, 2012.*
- vi. *The County Leadership should address the situation of trade payables to ensure that genuine bills are paid promptly in the remaining financial year. Further, compliance with the Trade Payables Action Plan should be enforced.*
- vii. *The Government requires that salaries be processed through the HRIS system, and the County is advised to fast-track the acquisition of Unified Personnel Numbers for their staff. The County Public Service Board should regulate staff engagement on contract and casual workers as provided under Section 74 of the County Governments Act 2012. Furthermore, strict adherence to the approved staff establishment should be maintained.*

- viii. *The County Treasury should ensure it submits copies of authorisation letters to OCoB for opening commercial bank accounts to enhance accountability and oversight.*
- ix. *The County needs to develop strategies to collect these outstanding arrears to improve budget implementation.*

## 3.11. County Government of Kakamega

### 3.11.1 Overview of FY 2025/26 Budget

The Kakamega County Approved Budget for FY 2025/26 is Kshs.18.15 billion. It comprises Kshs.6.22 billion (34 per cent) and Kshs.11.93 billion (66 per cent) allocation for development and recurrent programmes, respectively. The budget estimates represent an increase from Kshs.17.65 billion (3 per cent) from the FY 2024/25 budget, which comprised a development budget of Kshs.5.40 billion and a recurrent budget of Kshs.12.24 billion. The increase in the budget was primarily attributed to the rise in national sharable revenue by Kshs.598.53 million.

The budget is to be financed from the various revenue sources, including the equitable share of revenue raised nationally, of Kshs.13.48 billion (75 per cent), additional allocations of Kshs.1.58 billion (9 per cent), a cash balance of Kshs.794.71 million (4 per cent) brought forward from FY 2024/25, and Kshs.2.20 billion (12 per cent) to be generated as own-source revenue. A breakdown of the additional allocations is shown in Table 3.120.

### 3.11.2 Revenue Performance

During the first Quarter of FY 2025/26, the County received Kshs.2.91 billion in revenues to fund its development and recurrent activities. This amount represented an increase of 6 per cent compared to the amount received in a similar period in FY 2024/25 of Kshs.2.75 billion. The total revenue consisted of Kshs.2.20 billion from the equitable share of revenue raised nationally. Other revenue streams included own-source revenue (OSR) collection of Kshs.240.37 million, which comprised Facilities Improvement Financing (FIF) of Kshs.174.57 million, and Kshs.65.80 million from other OSR sources. The balances brought forward for FY2024/25 in CRF and other special-purpose accounts as at 30<sup>th</sup> June 2025 were Kshs.468.56 million. Table 3.120 summarises the total revenue available to the County Government during FY 2025/26.

Figure 58 provides a detailed breakdown of revenues, showing the amount received for each shilling.

**Figure 58: Kakamega County Composition of Each Shilling Received in the First Quarter of FY 2025/26**

Source: Kakamega County Treasury

The equitable share of revenue raised nationally, balance brought forward, and gross own source revenues contributed 76 per cent, 16 per cent and 8 per cent, respectively, of the total revenues for the reporting period. The County has a governing legislation on the operation of FIF. Figure 2 shows the collection trend in own-source revenue from the First Quarter of FY 2020/21 to the First Quarter of FY 2025/26.

**Figure 59: Kakamega County Trend in Own-Source Revenue Collection from the First Quarter of FY 2020/21 to the First Quarter of FY 2025/26**

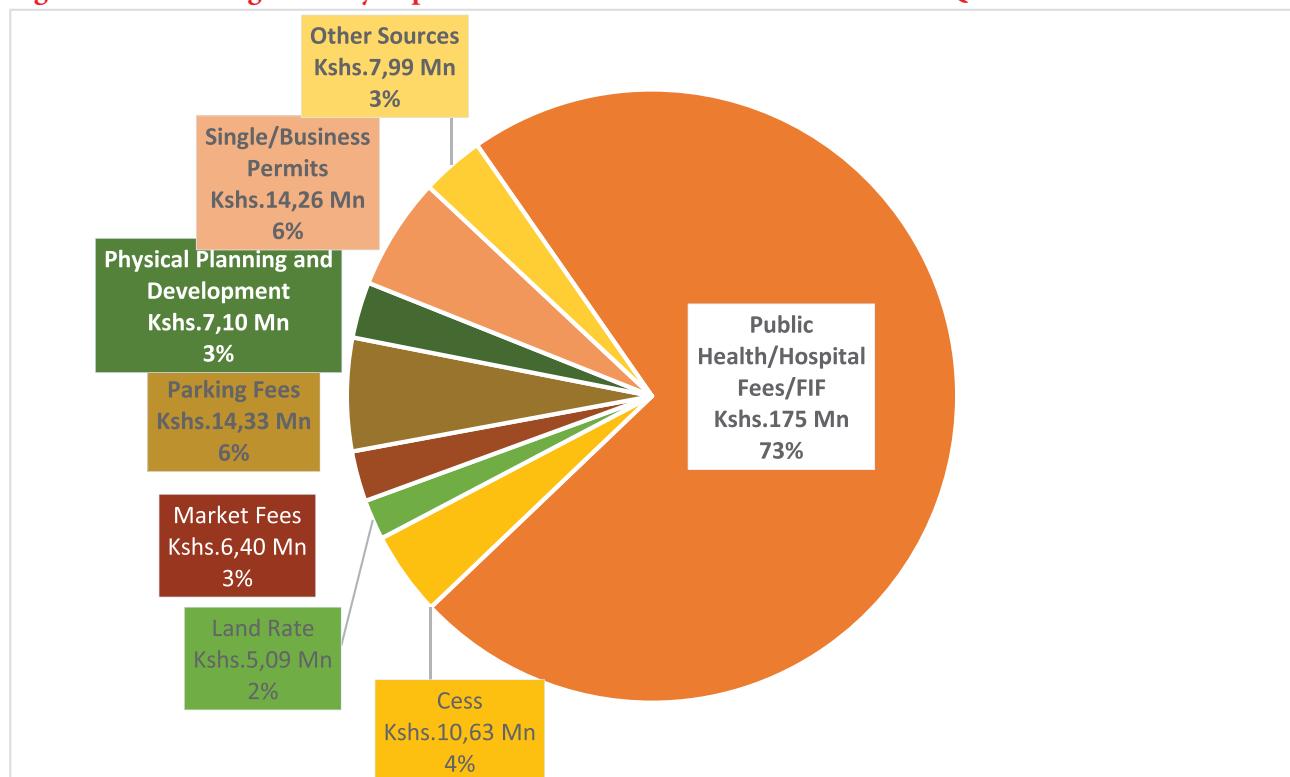

Source: Kakamega County Treasury

During the First Quarter of FY 2025/26, the County received Kshs.240.37 million from its revenue sources, including FIF. This amount was a decrease of 24 per cent compared to Kshs.318.20 million realised in a similar period in FY 2024/25, and was 11 per cent of the annual target and 11 per cent of the equitable revenue share disbursed.

Further analysis indicates that the first-quarter revenue performance reveals a significant and immediate fiscal challenge, driven by a dramatic decline in core Own Source Revenue (OSR). While total Q1 revenue peaked impressively at Kshs.318 million in FY 2024/25, it has since contracted to Kshs.240 million in the current quarter (FY 2025/26). This instability is entirely attributable to the non-health OSR receipts, which suffered a catastrophic collapse from Kshs.176 million to just Kshs.66 million in first quarter of FY 2025/26, indicating a major failure in the County's collection machinery. In stark contrast, the A-I-A/FIF/Health revenue stream demonstrates financial resilience, with steady growth reaching Kshs.175 million in the same period, suggesting that while the operational revenue base for general services is faltering, funding for crucial health services remains robust. This sharp divergence requires immediate intervention to stabilise the core OSR base and prevent the current collection inefficiency from undermining overall service delivery. The decrease in OSR was attributed to the temporary closure of sugar companies, which caused a reduction in cess fees, reduced advertisements due to the use of online alternatives, and the use of rapid response measures on the collection of single business permit fees in June 2025, which reduced fees collectable for the last half of the calendar year.

The revenue streams that contributed the most to OSR receipts are shown in Figure 60.

**Figure 60: Kakamega County Top Own Source Revenue Streams in the First Quarter of FY 2025/26**

Source: Kakamega County Treasury

As shown in Figure 60, the highest revenue stream, at Kshs.175 million, was from Public Health and Facility Improvement Financing, accounting for 73 per cent of the total OSR receipts. The County Government indicated that it has automated 6 of 17 revenue streams.

### 3.11.3 Revenue Arrears

As of 1<sup>st</sup> July 2025, the County reported revenue arrears of Kshs.1.52 billion, this amount decreased to Kshs.1.26 billion as of 30<sup>th</sup> September 2025. Table 3.121 presents a breakdown of the County's revenue arrears.

**Table 3.121: Kakamega County Revenue Arrears as of 30 September 2025**

Revenue Stream	Revenue Arrears as of 30 June 2025 (Kshs.) a	Waivers (Kshs) b	Progress made in Q1 FY 2025/26 Arrears received in the financial year (Kshs) c	Arrears earned in Q1 FY 2025/26 (Kshs) d	Revenue Arrears as of 30 September 2025 (Kshs.) f=a-b-c+d
Ordinary Own Sources of Revenue	1,066,141,099		6,534,484	5,707,814	<b>1,065,314,429</b>
SHA	237,630,456		189,157,701	0	<b>48,472,755</b>
SHIF	35,686,362		0	12,466,907	<b>48,153,269</b>
NHIF	176,821,378		80,067,354	0	<b>96,754,024</b>
<b>Sub-Total</b>	<b>1,516,279,295</b>	-	<b>275,759,539</b>	<b>18,174,721</b>	<b>1,258,694,477</b>

Source: Kakamega County Treasury

As of 30 September 2025, the revenue arrears comprised only the principal amount, as the County Treasury did not expressly report any accrued interest or penalties. The measures instituted by the County to collect outstanding arrears in FY 2025/26 include sending reminder notices and enforcing land rates as the public seeks approvals.

#### 3.11.4 Borrowing by the County

Kakamega County did not disclose any existing credit facility. However, both arms of the government have signed a renewable salary Memorandum of Understanding (MoU) with commercial banks to manage monthly salary payments.

#### 3.11.5 Exchequers Approved

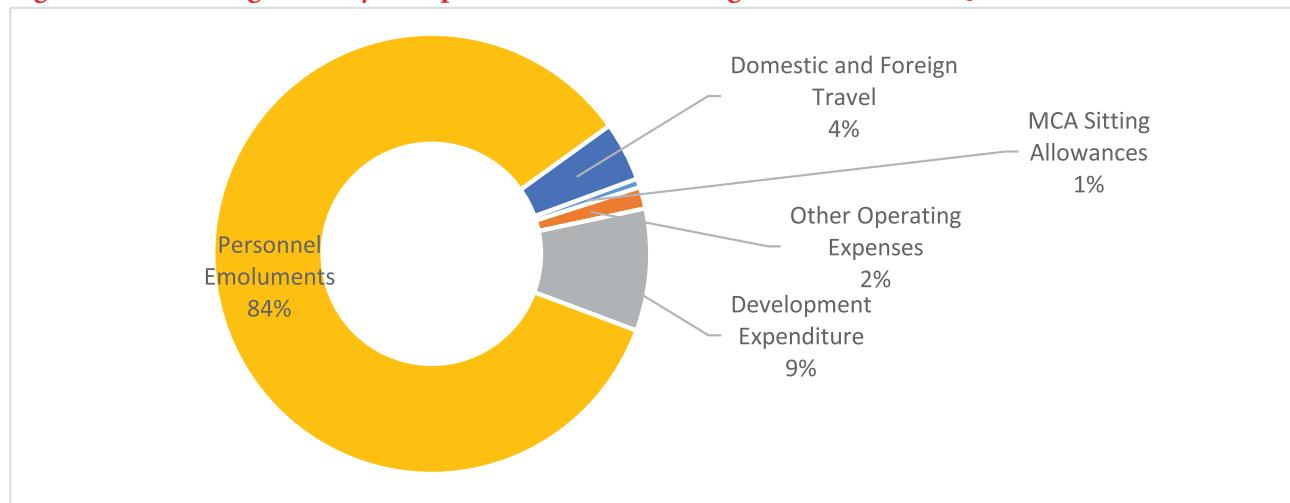

The Controller of Budget approved withdrawals of Kshs.1.79 billion from the CRF account during the reporting period, which comprised Kshs.133.68 million (7 per cent) for development programmes and Kshs.1.66 billion (93 per cent) for recurrent programmes. Analysis of the recurrent exchequers released indicates that Kshs.1.31 billion was towards employee compensation and Kshs.346.91 million for operations and maintenance expenditure. The operations and maintenance exchequer analysis indicate that 11 per cent was for Daily subsistence allowance amounting to Kshs.37.55 million. This was requested by the County Assembly was for domestic travels only.

As of the 30th September 2025, the County Government's cash balance in the CRF account was Kshs.1.37 billion, whereas the National shareable revenue of Kshs.1.09 billion had been disbursed to CRF on 22<sup>nd</sup> September 2025.

#### 3.11.6 County Expenditure Review

The County spent Kshs.2.25 billion on development and recurrent programmes in the reporting period. The expenditure represented 126 per cent of the total funds released by the CoB. It comprised Kshs.180.90 million for development programmes and Kshs.2.07 billion for recurrent programmes. Expenditure on development programmes represented an absorption rate of 3 per cent, while recurrent expenditure represented 17 per cent of the annual recurrent expenditure budget. Figure 61 provides a detailed breakdown of expenditure, showing the relative composition of each shilling incurred.

**Figure 61: Kakamega County Composition of Each Shilling Paid in the First Quarter of FY 2025/26**

Source: Kakamega County Treasury

As shown in Figure 61, the three highest expenditure categories were Personnel emoluments, Development expenditure and Domestic and foreign travel costs, contributing 84 per cent ,9 per cent and 4 per cent of total expenditure for the reporting period.

### 3.11.7 Settlement of Trade Payables

As of 1<sup>st</sup> July 2025, the County reported trade payables totalling Kshs.2.17 billion. This amount included Kshs.1.71 billion from the County Executive and Kshs.454.41 million from the County Assembly. The trade payables from the County Executive consisted of Kshs.773.65 million for recurrent expenditures and Kshs.938.25 million for development expenditures.

During the reporting period, the County Assembly reviewed the trade payables to Kshs.685.19 million, which comprised of Kshs.521.35 million for recurrent activities and Kshs.163.84 million for development activities. Table 3.122 provides additional details of County trade payables.

**Table 3.122: Kakamega County Trade Payables as of 30 September 2025**

Details	Trade Payables as of 1 July 2025 (Kshs.)	Trade Payables scheduled to be settled in Q1 of FY 2025/26 according to the action plan (Kshs.)	Actual Settled Trade Payables in the First Quarter of FY 2025/26 (Kshs.)	Outstanding Trade Payables as of 30 September 2025 (Kshs.)
	A	B	C	D=A-C
<b>County Executive</b>				
Recurrent	773,646,906	35,000,000		773,646,906

Development				163,839,515
<b>Total</b>	<b>454,414,971</b>	<b>-</b>	<b>-</b>	<b>685,192,025</b>

Source: Kakamega County Treasury

The County Executive submitted a trade payable payment plan, committing to pay Kshs.80 million, in first quarter of FY 2025/26. However, the County Assembly did not submit the trade payable payment plan within the reporting period. The County Executive did not adhere to this payment plan.

Table 3.123 presents the ageing of the County Assembly outstanding bills as of 30 September 2025, which amounted to Kshs.685.19 million.

**Table 3.123: Kakamega County Assembly Pending Bill Ageing Analysis as of 30 September 2025**

Category	Ageing analysis (Amount in Kshs.)				Total
	Under one year	1-2 years	2-3 years	Over 3 years

<b>% of Total</b>	<b>32%</b>	<b>36%</b>	<b>6%</b>	<b>25%</b>	<b>100%</b>

*Source: Kakamega County Assembly*

The County Assembly should prepare a pending bill settlement plan on a First-in, First-out basis to pay the older bills first. In addition, the County Treasury should adhere to the submitted settlement plan submitted to COB and timely submit the ageing analysis by the end of each quarter to show progress in payments.

### 3.11.8 Expenditure by Economic Classification

During the reporting period, the County Executive spent Kshs.1.55 billion on employee compensation, Kshs.198.40 million on operations and maintenance, and Kshs.180.90 million on development activities. Similarly, the County Assembly spent Kshs.151.44 million on compensation of employees, Kshs.171.15 million on operations and maintenance, as shown in Table 3.124Table 3.6

**Table 3.124: Kakamega County Summary of Budget and Expenditure by Economic Classification**

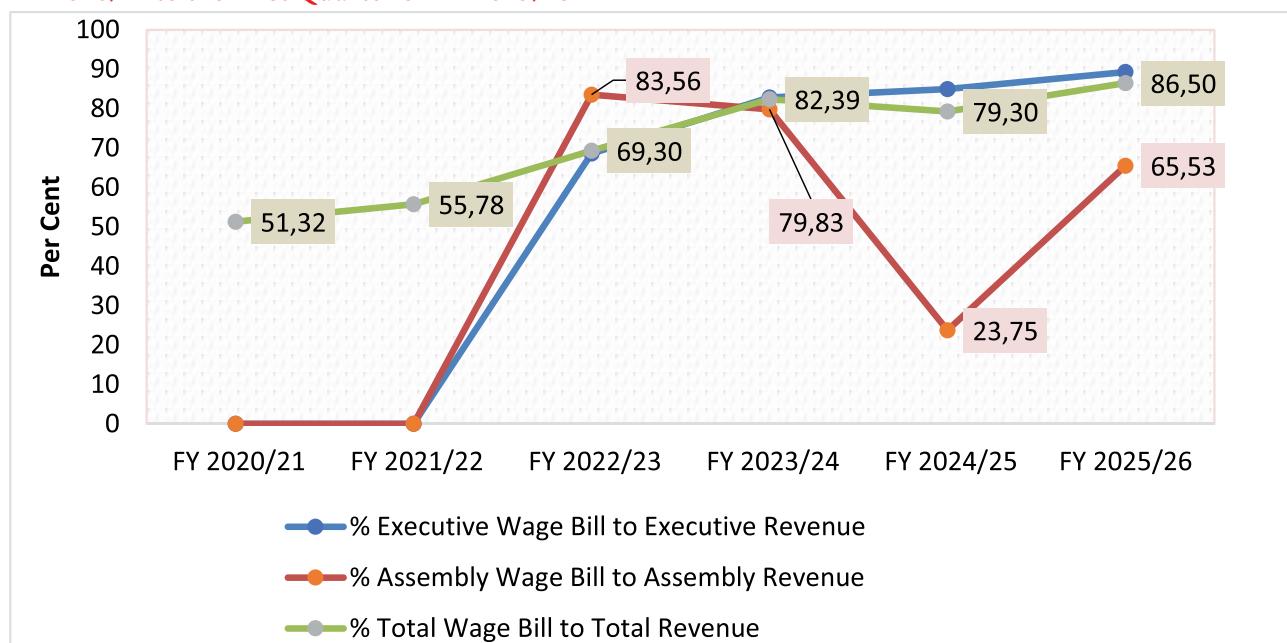

Expenditure Classification	Revised Budget (Kshs.)		Expenditure (Kshs.)		Absorption (%)	
	County Executive	County Assembly	County Executive	County Assembly	County Executive	County Assembly
<b>Total Recurrent Expenditure</b>	<b>10,551,592,991</b>	<b>1,375,643,000</b>	<b>1,746,670,014</b>	<b>322,589,652</b>	<b>17</b>	<b>23</b>
Compensation of Employees	6,050,000,000	700,402,043	1,548,269,603	151,436,353	<b>26</b>	<b>22</b>
Operations and Maintenance	4,501,592,991	675,240,957	198,400,411	171,153,299	<b>4</b>	<b>25</b>
<b>Development Expenditure</b>	<b>6,226,725,064</b>	-	<b>180,903,230</b>	-	<b>3</b>	<b>0</b>
<b>Total</b>	<b>27,329,911,046</b>	<b>2,751,286,000</b>	<b>3,674,243,257</b>	<b>645,179,305</b>	<b>13</b>	<b>23</b>

*Source: Kakamega County Treasury*

### 3.11.9 Expenditure on Compensation of Employees

During the period under review, the expenditure on employee compensation totalled Kshs.1.70 billion. The compensation-to-revenue ratio was 86 per cent. This expenditure on employee compensation shows a decrease compared to the Kshs.2.10 billion reported in a similar period in FY 2024/25. Figure 62 shows the trend in employees' compensation as a percentage of total revenue from the First Quarter of FY 2020/21 to the First Quarter of FY 2025/26.

**Figure 62: Percentage of Employee Compensation to Total Revenue Received from the First Quarter of FY 2020/21 to the First Quarter of FY 2025/26**

Source: Kakamega County Treasury

The FY 2025/26 has registered the **highest ratio of total wage bill to total revenue received** over the five-year period spanning FY 2020/21 to FY 2025/26. Further analysis reveals a **consistent increase in the total wage bill as a percentage of total revenue throughout this period**.

While the overall trend has been upward, the Assembly's wage bill-to-revenue ratio has been unstable between FY 2020/21 and FY 2025/26.

A notable deviation occurred in FY 2024/25, which recorded a **significant, sudden decrease** in this ratio, dropping sharply from 80 to 24. This decline indicates a **substantial increase in Assembly revenue** relative to the prior financial year's performance.

Further analysis indicated that PE costs amounting to Kshs.1.67 billion were processed through the Human Resource Information System (HRIS), while Kshs.26.92 million was processed through manual payroll, which accounted for 2 per cent of the total PE cost.

The manual payroll comprised salaries for 28 ward staff not onboarded into the HRIS, salaries for 15 casual staff, and 2 board members' Contractual Allowance, beside the employer's contribution of gratuity remittances to pension schemes for staff and state officers on contract, that is LAPTRUST and LAPFUND Pension Contributions, as shown in Table 3.125.

**Table 3.125: Breakdown of Kakamega County Assembly Manual Payroll**

Category	County Assembly (Kshs.)
Employer's Contribution Pension/ Gratuity Dues	15,690,881
Special Salary	6,124,655
Employer's Contribution - Housing Levy	2,089,082
Employer's Contribution - NSSF	1,326,060
Partisan Staff - Ward	854,500
Contractual Allowance	549,500
Casuals Wages	145,000
Employer's Contribution - NITA	67,100
Interns' Stipend	48,000
Domestic Allowance	30,000
<b>Total</b>	<b>26,924,777</b>

Source: Kakamega County Treasury

The County Assembly spent Kshs.13.25 million on committee sitting allowances for the 89 MCAs against the annual budget allocation of Kshs.154.87 million. The average monthly sitting allowance was Kshs.49,617 per MCA. The County Assembly has 26 House Committees.

### 3.11.10 County-Established Funds

Section 116 of the PFM Act 2012 allows County Governments to establish other public funds, subject to approval from the County Executive Committee and the County Assembly. The financial statements of the funds revealed that the County allocated Kshs.1.95 billion to County-Established funds in FY2025/26, or 11 per cent of the County's overall budget. Further, the County allocated Kshs.100 million to the Emergency Fund (1 per cent of the total budget) in line with Section 110 of the PFM Act, 2012. Table 3.126 summarises each established Fund's budget allocation and performance during the reporting period.

**Table 3.126: Performance of Kakamega County Established Funds in the First Quarter of FY 2025/26**

No	Name of the Fund	Year Established	Approved Budget Allocation in FY 2025/26 (Kshs.)	Exchequer Issues in First Quarter of FY 2025/26 (Kshs.)	Actual Expenditure in the First Quarter of FY 2025/26 (Kshs.)	Cumulative disbursements to the Fund (Kshs)	Submission of Annual FS as of 31.03.2025 (Yes/No)
1	Emergency Fund	2018	100,022,001	0	1,996,408		Yes
2	Kakamega County Facility Improvement Fund	2022	952,294,392	222,195,541	214,242,793		Yes
3	Kakamega County Climate Change Fund	2020	645,993,850	43,606,229	12,408,756	345,781,854	Yes

<b>Total</b>			<b>1,951,977,225</b>	<b>298,145,380</b>	<b>238,285,240</b>	<b>432,111,854</b>	

Source: Kakamega County Treasury

During the reporting period, the CoB did not receive quarterly financial reports, prepared on accrual basis, from County Assembly Car Loan & Mortgage Fund Administrators, as indicated in Table 3.126, contrary to the requirement of Section 168 of the PFM Act, 2012. The funds administration costs of were within the 3 per cent limit of the Fund budget set in Regulation 197(1)(d) of the Public Finance Management (County Governments) Regulations, 2015.

Regulation 197(1)(i) of the Public Finance Management (County Governments) Regulations, 2015, allows County Governments to establish public funds with a lifespan capped at 10 years unless extended by the County Assembly. In FY 2025/26, the CoB established that the lifespan of the **Kakamega County Alcoholic Drinks Control Fund and County Assembly Car Loan & Mortgage Fund** had lapsed. Consequently, the CoB did not approve any requests for withdrawals to support the operations of the lapsed funds.

### 3.11.11 County Corporations

The County has five municipalities, four County Corporations and agencies, and two water companies which were allocated Kshs.452,275,138 million in FY 2025/26 as per the body corporates' financial statements. Their total expenditure for the review period amounted to Kshs.19 million, as shown in Table 3.127.

**Table 3.127: Performance of Kakamega County Corporations in the First Quarter of FY 2025/26**

### 3.11.12 Expenditure on Operations and Maintenance

Figure 63 summarises the Operations and Maintenance expenditure by major categories.

**Figure 63: Kakamega County, Operations and Maintenance Expenditure by Major Categories**

Source: Kakamega County Treasury

The breakdown of “Other Operating Expenses” in the above graph is provided in Table 3.128.

**Table 3.128: The “other Operating Expenses breakdown**

IFMIS code	Economic Item & Title	Entity	Gross Approved Estimates FY 2025/26 (Kshs.)	1 <sup>st</sup> Quarter Expenditure FY2025/26
2211301	Bank service commissions	County Assembly	100,000	2,142
2211301	Bank service commissions	County Executive	30,000	3,162
2211305	Contracted guards and cleaning services	County Assembly	6,300,000	1,134,500
2211306	Membership fees, subscriptions	County Assembly	5,000,000	115,275
2211308	Legal fees, arbitration	County Assembly	14,000,000	2,260,344
2211309	Ward Office Operations	County Assembly	97,344,000	28,326,704
<b>Total</b>			<b>122,774,000</b>	<b>31,842,127</b>

**Sources:** Kakamega County Treasury and Kakamega County Assembly

Expenditure on domestic travel amounted to Kshs.75.07 million and comprised Kshs.70.45 million spent by the County Assembly and Kshs.4.62 million by the County Executive. Expenditure on foreign travel amounted to Kshs.12.18 million and comprised Kshs.11.94 million by the County Assembly and Kshs.239,437 by the County Executive. Expenditure on foreign travel is summarised in Table 3.129 Table 3.22

**Table 3.129: Summary of Expenditure on Foreign Travel in FY 2025/26**

Arm of County Government	Number of Officers Travelled	Date travelled	Purpose of the travel	Destination	Total Costs of the Travel in First Quarter off FY 2025/26 (Kshs.)
County Assembly	1	22 <sup>nd</sup> Feb-1 <sup>st</sup> March 2025	EALASCA games	Kampala	228,080
County Assembly	2	5 <sup>th</sup> -11 <sup>th</sup> Sep 2025	Annual PBO meeting	Nigeria	400,000
County Assembly	23	22 <sup>nd</sup> Feb-1 <sup>st</sup> March 2025	EALASCA games	Kampala	11,310,898
<b>Total</b>					<b>11,938,978</b>

**Source:** Kakamega County Assembly

From the Table 3.129, it can be observed that the County Assembly arm of the County Government reported a total expenditure of Kshs.11,938,978 for three international travel instances during the First Quarter of the Fiscal Year 2025/26, involving a total of 26 officers. The most significant expense was a trip to Kampala for the EALASCA games, which took place from February 22nd to March 1st, 2025. This single trip involved 23 officers and cost Kshs.11,310,898. During the same EALASCA games period, one other officer also travelled to Kampala, incurring an expense of Kshs.228,080. Additionally, two officers travelled to Nigeria between September 5th and 11th, 2025, to attend the Annual PBO meeting, at a total cost of Kshs.400,000.

### 3.11.13 Facility Improvement Financing

During the review period, the County reported collections of Kshs.174.57 million as FIF, which was 14 per cent of the annual target of Kshs.1.24 billion. The collected amount was retained and utilised at source in line with the Facility Improvement Financing Act, 2022. The County has however, not developed the regulations to operationalise the FIF Act of 2023.

The expenditure by the health facilities amounted to Kshs.223.23 million, as shown in Table 3.130

**Table 3.130: Kakamega County Health Facilities Expenditure Performance in FY 2025/26**

No.	Health Facility	Number of Facilities	Approved Budget (Kshs.)	Actual Expenditure (Kshs.)	Absorption rate (%)
1.	Level 5 Hospital	1	966,240,000	79,870,141	8
2.	Level 4 Hospital	15	570,443,977	90,357,722	16
3.	Level 3 Facility	59	89,000,000	20,451,000	23
4.	Level 2 Facility	122	39,400,000	32,549,000	83
	<b>Total</b>		<b>1,665,083,977</b>	<b>223,227,863</b>	<b>13</b>

**Source:** Kakamega County Treasury

Considering the table above, the expenditure performance of Kakamega County Health Facilities in FY 2025/26 shows that an Approved Budget of Kshs.1,665,083,977 resulted in an Actual Expenditure of Kshs.223.23 million, leading to an overall budget absorption rate of 13. The majority of the budget was allocated to the high-level facilities, with the 1 Level 5 Hospital receiving Kshs.966,240,000, and the 15 Level 4 Hospitals receiving Kshs.570,443,977. In contrast, the 59 Level 3 Facilities and 122 Level 2 Facilities were allocated significantly smaller portions, at Kshs.89,000,000 and Kshs.39,400,000, respectively.

Analysis of absorption rates across the facility tiers reveals a clear inverse relationship between the size of the allocation and the utilisation rate. The Level 5 Hospital and Level 4 Hospitals, which commanded the largest budgets, recorded the lowest expenditure rates at 8 per cent and 16 per cent respectively. Conversely, the smaller facilities demonstrated higher efficiency: Level 3 Facilities achieved a 23 per cent absorption rate, and the 122 Level 2 Facilities, despite having the smallest total budget, utilised their funds most effectively, recording the highest performance with an 83%absorption rate.

### **3.11.14 Development Expenditure**

In the review period, the County reported spending Kshs.180.90 million on development programmes, representing an increase of 8 per cent compared to FY 2024/25, when the County spent Kshs.167.26 million. Table 3.131 Table 3.57summarises the development projects with the highest expenditure in the reporting period.

The increase in development expenditure was attributed to improved disbursement of national sharable revenue by National Treasury.

**Table 3.131: TKakamega County, List of Development Projects with the Highest Expenditure**

No	Sector	Project Name	Project Location	Contract sum (Kshs)	Cumulative project expenditure as of 30 <sup>th</sup> Sep 2025 (Kshs.)
1	Transport and Infrastructure	Major Roads- Ingots- Navakholo Chebuyusi in Navakholo	Navakholo	100,000,000	61,402,828
2	Agriculture	National Agricultural Value Chain Development Project (NVCDP)- Commercialisation of five value chains (Dairy, Poultry, Apiculture, Avocado and Banana)	County Wide	151,515,152	108,427,702
3	Agriculture	Transfer to KDDC- Completion Smart Farms	County Wide	35,000,000	8,750,000
4	Water and Environment	Climate Change Management	County Wide	553,132,836	2,322,700
<b>Total</b>				<b>839,647,988</b>	<b>180,903,230</b>

*Source:* Kakamega County Treasury

Table 3.131 show a significant variance in utilisation rates, resulting in an overall expenditure of Kshs.180.90 million against a combined Contract Sum of Kshs.839.65 million, yielding an aggregate utilization rate of only 22 per cent. While the National Agricultural Value Chain Development Project (NVCDP) and the Major Roads project demonstrated strong performance, utilizing 72 per cent and 61 per cent of their respective contracts, the overall rate is heavily suppressed by the Climate Change Management project. This single project holds the largest commitment (Kshs.553.13 million) but has only recorded an expenditure of Kshs.2.32 million, translating to a critically low utilisation rate of less than 1 per cent.

The County did not disclose on stalled projects as of 30th September 2025.

### **3.11.15 Budget Performance by Department**

Table 3.132 summarises the approved budget allocation, expenditure and absorption rate by departments in the period under review.

**Table 3.132: Kakamega County, Budget Allocation and Absorption Rate by Department**

Department	Budget Allocation (Kshs. Millions)		Exchequer Issues (Kshs. Millions)		Expenditure (Kshs.Millions)		Expenditure to Exchequer Issues (%)		Absorption rate (%)

<b>Total</b>	<b>11,927</b>	<b>6,227</b>	<b>1,714</b>	<b>134</b>	<b>2,069</b>	<b>196</b>	<b>121</b>	<b>147</b>	<b>17</b>	<b>3</b>

Source: Kakamega County Treasury

Analysis of expenditure by departments shows that the Department of Agriculture, Livestock, Fisheries & Co-operatives recorded the highest absorption rate of development budget at 19 per cent, followed by the Department of Transport, Infrastructure, Public Works and Energy at 4 per cent. The Department of Public Service and Administration and the County Assembly had the highest recurrent expenditure-to-budget ratio at 23 per cent, while the Department of Education, Science & Technology had the lowest.

Further analysis shows that the Kakamega County budget performance is characterised by critically low overall expenditure, signalling a severe systemic failure to implement the financial plan, particularly within capital projects. The total **Development Absorption Rate is only 3 per cent**, confirming that nearly all allocated funds intended for infrastructure, growth, and long-term service improvements are stalled, resulting in minimal tangible impact for the community. While the overall **Recurrent Absorption is also low at 17 per cent**, the failure is most pronounced in key service delivery departments: **Health Services** recorded only 4 per cent recurrent absorption. The only notable exception is the **Agriculture, Livestock, Fisheries & Co-operatives** department, which managed a 19 per cent development absorption rate, demonstrating that limited capital progress is heavily concentrated in the agricultural sector while the majority of County government functions remain financially inactive.

### 3.11.16 Budget Execution by Programmes and Sub-Programmes

The reported program and sub-program reports revealed that some department totals were not aligned with the line budget and the Appropriation Act 2025. These departments include; social services, transport and water departments. Further the County treasury should build capacity in development and reporting on program based budgeting.

The budget execution data by programme and sub-programme highlights a severe dichotomy in performance between the recurrent and development expenditure lines.

The development sub-programmes with the highest levels of budget implementation, based on absorption rates, were: the Sub Total for the Department of ICT, E-Government & Communication at 9.2 per cent Major Roads- Ingotse-NavakholoChebuyusi in Navakholo in the Road Bitumen Standards Program (Transport) at 0.6

per cent and Climate Change Management in the Department of Climate Change at 0.4 per cent of the budget allocation. Conversely, the recurrent sub-programmes with the highest levels of budget implementation, based on absorption rates, were: County Youth Service and Women Empowerment Program in the Department of Youth Development at 24.8 per cent Human Resource Management in the Department Public Service Administration at 23.7 per cent, Legislative Services in the County Assembly at 23.5 per cent, and Operations and Maintenance in the ICT, E-Government & Communication at 9.2 per cent of the budget allocation.

### **3.11.17 Accounts Operated in Commercial Banks**

Regulation 82(1)(b) of the PFM (County Governments) Regulations, 2015, requires that County Government bank accounts be opened and maintained at the Central Bank of Kenya. The only exemption is for imprest bank accounts for petty cash and revenue collection bank accounts.

Further, Regulation 82(4) of the Public Finance Management (PFM) Act requires accounting officers to obtain written authorisation from the County Treasury before opening a commercial bank account. Additionally, Regulation 82(5) of the Public Finance Management (County Governments) Regulations, 2015, requires the County Treasury to submit a copy of the letter authorising an accounting officer to open a commercial bank account to the Controller of Budget.

The County Government operated 177 accounts in commercial banks, including 32 accounts for Health Facilities, 65 accounts for Vocational Training Centres, 80 accounts operated by County Treasury for Established Funds, revenue accounts, special-purpose accounts (additional allocations), and Sub County administrative accounts.

The County Treasury did not submit copies of authorisation letters to the Controller of Budget for opening 177 commercial bank accounts as per Regulation 82(5) of the Public Finance Management (County Governments) Regulations, 2015.

### **3.11.18 Key Observations and Recommendations**

In the course of overseeing and reporting on the implementation of the County budget, the CoB identified the following challenges, which hampered effective budget implementation;

- i. The County Treasury's late submission of financial reports to the Controller of Budget affected the timely preparation of the budget implementation report, which was received on 13<sup>th</sup> November 2025.
- ii. The underperformance of own-source revenue at Kshs.240.37 million against an annual target of Kshs.2.20 billion, representing 11 per cent of the financial year target.
- iii. Low development performance in the review period as the County incurred Kshs.180.90 million on development activities, achieving a 3 per cent absorption rate.
- iv. The County is diverting funds duly approved by COB to other expenditures as shown in Table 3.132. In addition, the table reveals that there are significant expenditures of unspent funds from FY 2024/25 that were not refunded into the CRF account, some of which were in Special Purpose Accounts, resulting in actual expenditures exceeding the approved exchequer in several departments.
- v. Regulation 197(1)(i) of the Public Finance Management (County Governments) Regulations, 2015, limits the lifespan of public funds to 10 years unless extended by the County Assembly. As of 30 September 2025, the lifespan of the Kakamega County Alcoholic Drinks Control Fund and County Assembly Car Loan & Mortgage Fund had lapsed, making them ineligible for further withdrawals.
- vi. County Assembly Car Loan & Mortgage Fund Administrator failed to submit quarterly financial and non-financial reports to the CoB within the timelines provided by law, which is against the requirement of Section 168 of the PFM Act, 2012. The quarterly financial and non-financial report was not submitted to the CoB as of 15<sup>th</sup> October 2025.

- vii. High level of trade payables, which amounted to Kshs.2.40 billion as of 30 September 2025. Further, there was non-adherence to the payment plan for the trade payables by the County Treasury and non-submission of the trade payables repayment plan by the County Assembly.
- viii. Use of manual payroll by the County Assembly. Personnel emoluments amounting to Kshs.26.92 million for 28 staff not onboarded into HRIS, 2 board members and 15 casual staff were processed through manual payroll, accounting for 2 per cent of the total County payroll cost. Manual payroll is prone to abuse and may result in the loss of public funds.
- ix. Non-submission of copies of authorisation letters for opening commercial bank accounts as per Regulation 82(5) of the Public Finance Management (County Governments) Regulations, 2015.
- x. The County reported revenue arrears of Kshs.1.26 billion comprising ordinary OSR of Kshs.1.07 billion, and FIF (SHA, CHIF and NHIF) of Kshs.193.38 million. These revenue arrears limited funding for County activities.

The County should implement the following recommendations to improve budget execution:

- i. *The County Treasury should ensure the timely preparation and submission of financial reports to the Office of the Controller of Budget per the timelines prescribed in Section 166 of the PFM Act, 2012.*
- ii. *The County should address its own-source revenue performance to ensure the approved budget is fully financed. Appropriate austerity measures should be implemented to ensure expenditure commitments are aligned with available revenue.*
- iii. *The County should implement strategies to increase development expenditures in the remaining period of FY 2025/26.*
- iv. *The County Treasury should ensure they utilize funds on activities duly approved by COB during exchequer approval process and all unspent funds from the previous financial year are deposited into the CRF Account in line with Section 136 of the PFM Act 2012 unless exempted through an Act of parliament.*
- v. *The County should ensure timely review and extension of public funds whose lifespan is nearing expiration to prevent operational disruptions. Additionally, any expenditure from lapsed funds should cease immediately, and legal mechanisms should be followed to re-establish or wind up such funds in compliance with the Public Finance Management Act.*
- vi. *The CECMF should follow up to ensure County Assembly Fund Administrator prepare and submit statutory reports in line with the PFM Act, 2012.*
- vii. *The County Leadership should address the situation of trade payables to ensure that genuine bills are paid promptly in the remaining financial year. Further, compliance with the Trade payables Action Plan should be enforced.*
- viii. *The Government requires that salaries be processed through the HRIS system, and the County is advised to fast-track the acquisition of Unified Personnel Numbers for their staff. The County Public Service Board should regulate staff engagement on contract and casual workers as provided under Section 74 of the County Governments Act 2012. Furthermore, strict adherence to the approved staff establishment should be maintained.*
- ix. *The County Treasury should ensure it submits copies of authorisation letters to OCoB for opening commercial bank accounts to enhance accountability and oversight.*
- x. *The County needs to develop strategies to collect these outstanding arrears to improve budget implementation.*

## 3.12. County Government of Kericho

### 3.12.1 Overview of FY 2025/26 Budget

The Kericho County Approved Budget for FY 2025/26 is Kshs.10.03 billion. It comprises Kshs.3.53 billion (35 per cent) and Kshs.6.51 billion (65 per cent) allocation for development and recurrent programmes, respectively. The budget estimates represent an increase of Kshs.278.02 million (3 per cent) from the FY 2024/25 budget, which comprised a development budget of Kshs.3.56 billion and a recurrent budget of Kshs.6.19 billion. The increase/in the budget was primarily attributed to the rise in Own Source Revenue Projections.

The budget is to be financed from various revenue sources. These include the equitable share of revenue raised nationally of Kshs.7.18 billion (7 per cent), additional allocations of Kshs.1.26 billion (13 per cent), and Kshs.1.60 billion (16 per cent) to be received as own-source revenue. A breakdown of the additional allocations is shown in Table 3.133.

### 3.12.2 Revenue Performance

During the first Quarter of FY 2025/26, the County received Kshs.1.21 billion in revenue. The total revenue consisted of Kshs.1.15 billion from the equitable share of revenue raised nationally as well as own-source revenue (OSR) collection of Kshs.64.82 million. Additionally, the County had a cash balance of Kshs.1.33 million from FY 2024/25. The total OSR collection of Kshs.64.82 million included Facilities Improvement Financing (FIF) of Kshs.23.25 million, and Kshs.40.23 million from other OSR sources. Table 3.133 summarises the total revenue available to the County Government during FY 2025/26.

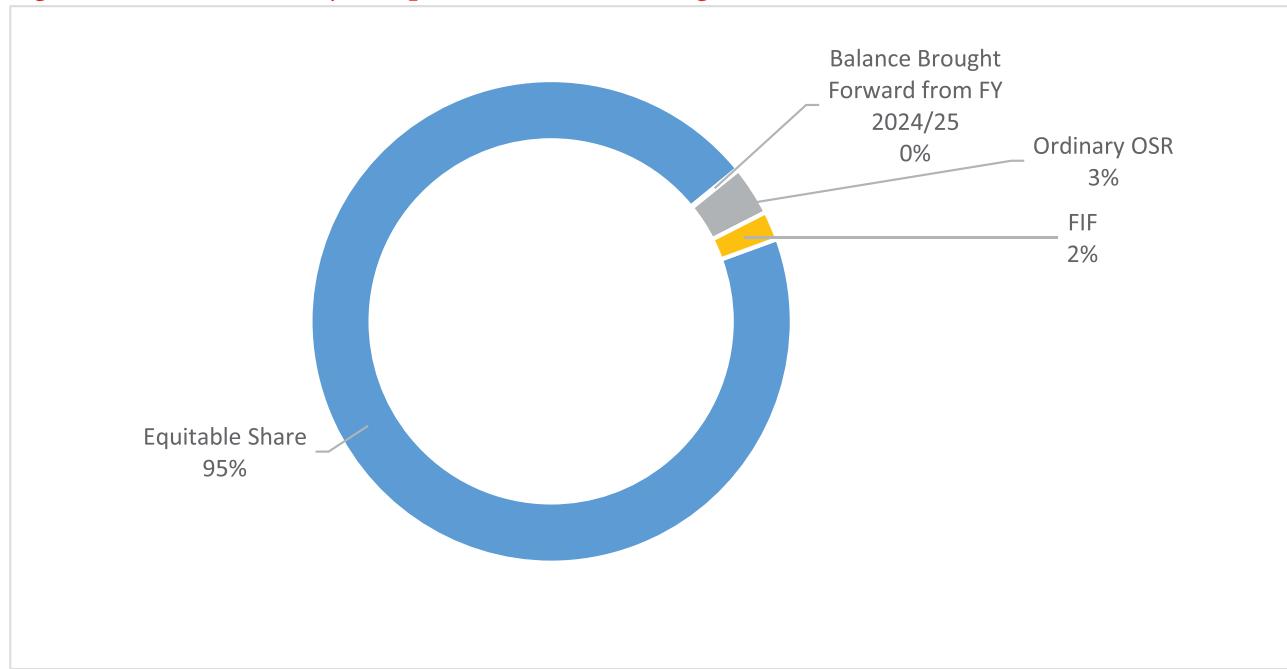

**Table 3.133: Kericho County, Revenue Performance in FY 2025/26**

Category	Annual Budget Allocation (Kshs)	Actual Revenue (Kshs)	Performance (%)
A. Equitable Share	7,178,668,356	1,147,063,071	16

Figure 64 provides a detailed breakdown of receipts, showing a breakdown of each shilling received.

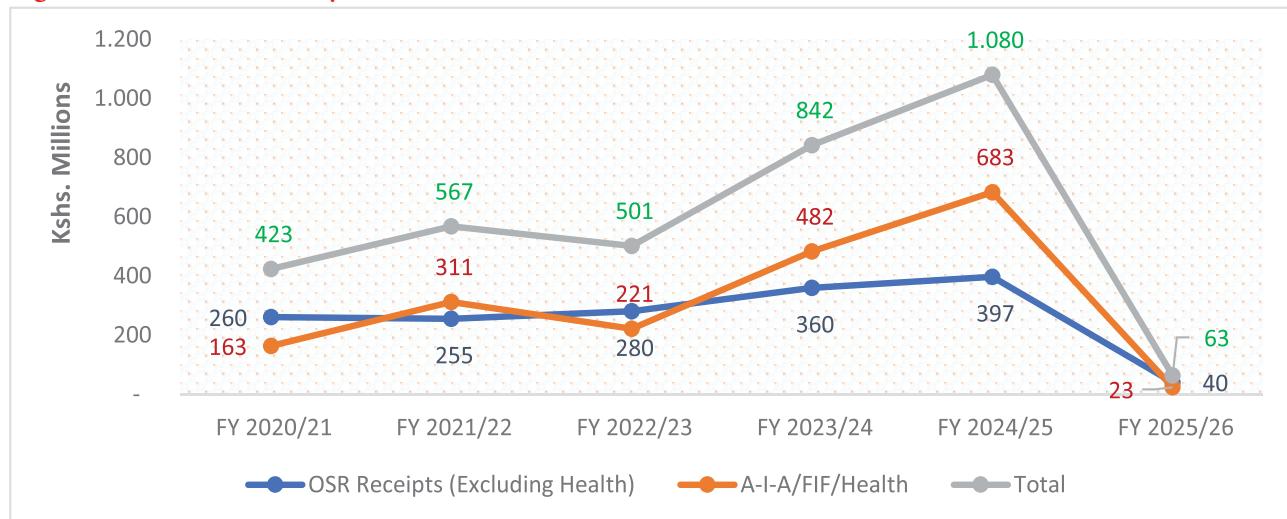

**Figure 64: Kericho County Composition of Each Shilling Received in the First Quarter of FY 2025/26**

*Source: Kericho County Treasury*

The equitable share of revenue raised nationally, OSR, and FIF contributed 95 per cent, 3 per cent, and 2 per cent, respectively, of the total receipts for the reporting period.

**Figure 65: Kericho County Trend in Own-Source Revenue Collection.**

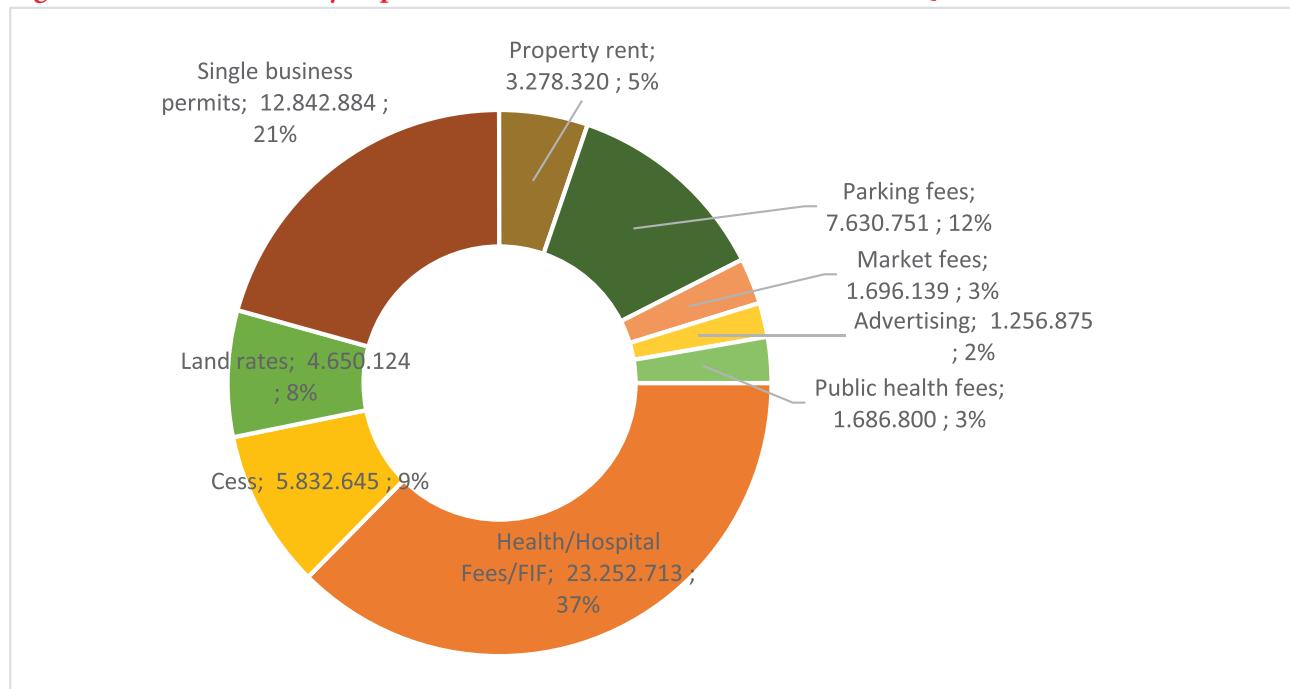

*Source: Kericho County Treasury*

During the First Quarter of FY 2025/26, the County received Kshs.64.82 million from its revenue sources, including FIF 4 per cent of the annual target and 6 per cent of the equitable revenue share disbursed.

The revenue streams which contributed the highest OSR receipts are shown in Figure 66.

**Figure 66: Kericho County Top Own Source Revenue Streams in the First Quarter of FY 2025/26.**

Source: Kericho County Treasury

As shown in Figure 66, the highest revenue stream, at Kshs.23 million, was from Health/Hospital Fees/FIF, accounting for 36 per cent of the total OSR receipts. The County Government indicated that it has automated 13 out of 15 revenue streams.

### 3.12.3 Revenue Arrears

As of 1<sup>st</sup> July 2025, the County reported revenue arrears of Kshs.198.55 million, this amount increased to Kshs.198.55 million as of 30<sup>th</sup> September 2025. Table 3.134 presents a breakdown of the County's revenue arrears.

**Table 3.134: Kericho County Revenue Arrears as of 30 September 2025**

Revenue Stream	Revenue Arrears as of 30 June 2025 (Kshs.)	Progress made in Q1 FY 2025/26			Revenue Arrears as of 30 September 2025 (Kshs.)
		Waivers (Kshs)	Arrears received in the financial year (Kshs)	Arrears earned in Q1 FY 2025/26 (Kshs)	
	a	b	c	d	f=a-b-c+d
Ordinary Own Sources of Revenue	198,550,055	-	-	-	198,550,055
<b>Total</b>	<b>198,550,055</b>	<b>-</b>	<b>-</b>	<b>-</b>	<b>198,550,055</b>

Source: Kericho County Treasury

As of 30 September 2025, the revenue arrears totalled to Kshs.198 million. The measures instituted by the County to collect the outstanding arrears in FY 2025/26 include the Issuance of business permits upon clearance of land rates and the Issuance of eviction notices.

### 3.12.4 Borrowing by the County

The County did not have any borrowing as of 30<sup>th</sup> September 2025.

### 3.12.5 Exchequers Approved

The Controller of Budget approved withdrawals of Kshs.413.01 million from the CRF account during the reporting period, which was (100 per cent) for recurrent programmes. Analysis of the recurrent exchequers released indicates that Kshs.378.48 million was towards employee compensation and Kshs.34.52 million for operations and maintenance expenditure.

The operations and maintenance exchequer analysis indicates that 8 per cent was for domestic travel and 1 per cent for foreign travel. The domestic travel exchequer amounted to Kshs.29.66 million and included Kshs.0 million for the County Executive and Kshs.29.66 million for the County Assembly. The foreign exchequer totalled Kshs.3.26 million, comprising Kshs.0 million for the County Executive and Kshs.3.26 million for the County Assembly.

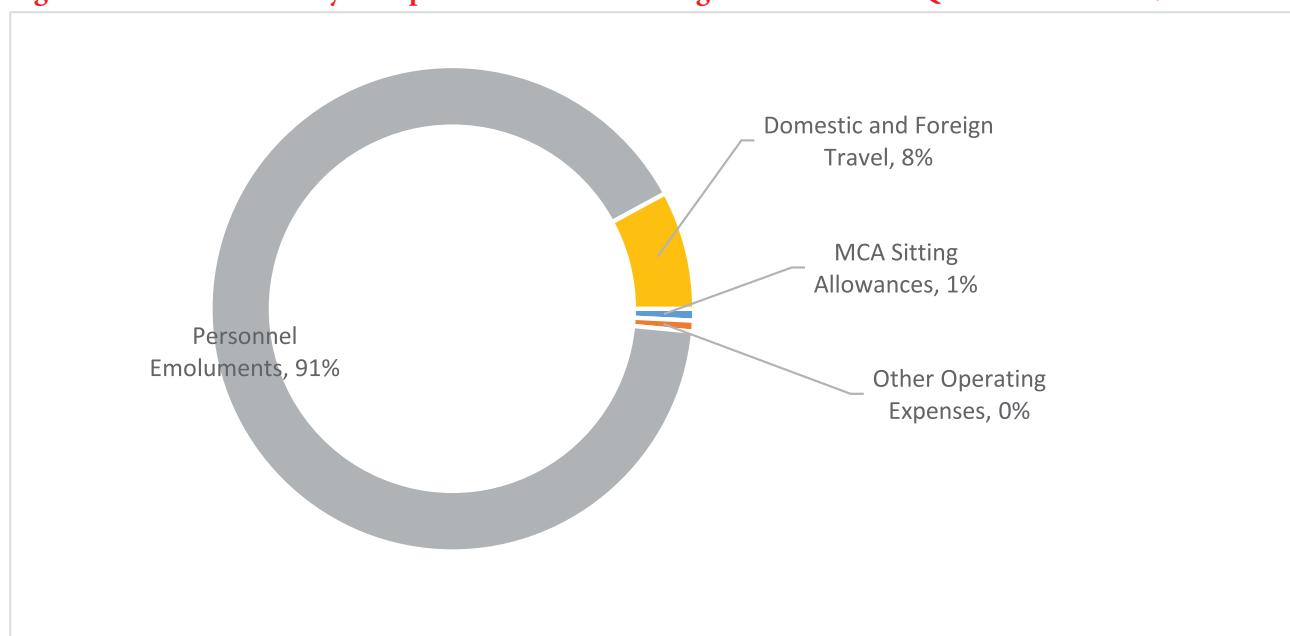

As of September 30, 2025, the County Government's cash balance in the CRF account was Kshs.623.44 million.

### 3.12.6 Expenditure Review

The County spent Kshs.413.01 million on recurrent programmes in the reporting period. The expenditure represented 100 per cent of the total funds released by the CoB. It comprised nil for development programmes and Kshs.413.01 million for recurrent programmes. Expenditure on development programmes represented an absorption rate of zero per cent, while recurrent expenditure represented 6 per cent of the annual recurrent expenditure budget.

The following chart provides a detailed breakdown of expenditure, showing relative composition of each shilling spent.

**Figure 67: Kericho County Composition of Each Shilling Paid in the First Quarter of FY 2025/26**

Source: Kericho County Treasury

As shown in Figure 67, the highest expenditure categories were Personnel Emoluments and Domestic and Foreign Travel, which contributed 91 per cent and 8 per cent of the total expenditure for the reporting period.

### 3.12.7 Settlement of Trade Payables

As of 1<sup>st</sup> July 2025, the County reported trade payables totalling Kshs.2.04 billion. This amount included Kshs.2.03 billion from the County Executive and Kshs.13.20 million from the County Assembly. The trade payables from the County Executive consisted of Kshs.661.29 million for recurrent expenditures and Kshs.1.40 billion for development expenditures.

During the reporting period, the County Executive and County Assembly did not settle any outstanding trade payables. Table 3.135 provides additional details of trade payables.

**Table 3.135: Kericho County Trade Payables as of 30<sup>th</sup> September 2025**

	County Entity	Development (Kshs.)	Recurrent (Kshs.)	Total (Kshs.)
As at 1 July 2025 (End of FY 2024/25)	County Executive	1,367,004,160	661,291,275	2,028,295,435
	County Assembly	13,206,900	-	13,206,900
	Total	1,380,211,060	661,291,275	2,041,502,335
Outstanding trade payables as of 30 September 2025 (Kshs.)	County Executive	1,367,004,160	661,291,275	2,028,295,435
	County Assembly	13,206,900	-	13,206,900
	Total	1,380,211,060	661,291,275	2,041,502,335

*Source: Kericho County Treasury*

The County Executive and the Assembly submitted a trade payables payment plan, committing to pay Kshs 2,058 million and Kshs.13.20 million, respectively, in FY 2025/26. The County did not adhere to this payment plan, as it failed to settle any trade payables during the review period.

Table 3.136 and Table 3.137 present the ageing of the total outstanding bills as of 30 September 2025 for the County Executive and Assembly, which were Kshs 2.02billion.

**Table 3.136: Kericho County Executive Pending Bill Ageing Analysis as of 30 September 2025**

Category	Ageing analysis (Amount in Kshs.)				Total

Neither the Executive nor the Assembly settled payables in the review period; we urge them to adhere to their payable payment plan in the remaining period of FY 2025/26.

### 3.12.8 Expenditure by Economic Classification

During the reporting period, the County Executive incurred Kshs.300.19 million for compensation of employees and did not report any expenditure for operations and maintenance, and development activities. Similarly, the County Assembly spent Kshs.78.29 million on compensation of employees, Kshs.34.52 million on operations and maintenance, and nil for development activities, as shown in Table 3.138.

**Table 3.138: Kericho County Summary of Budget and Expenditure by Economic Classification**

Expenditure Classification	Revised Budget (Kshs.)		Expenditure (Kshs.)		Absorption (%)	
	County Executive	County Assembly	County Executive	County Assembly	County Executive	County Assembly
<b>Total Recurrent Expenditure</b>	<b>5,694,826,855</b>	<b>811,439,308</b>	300,189,693	112,827,100	5	14

### 3.12.9 Expenditure on Compensation of Employees

During the period under review, the expenditure on employee compensation totalled Kshs.378.48 million. The percentage of compensation of employees to revenue was 30 per cent. Of this total, Kshs.183.55 million was related to Health Sector employees, which accounted for 50.42 per cent of the overall employees' compensation.

Figure 68 shows the compensation trend of employees' expenditures as a percentage of total revenue received from the First Quarter of FY 2020/21 to the First Quarter of FY 2025/26.

**Figure 68: Percentage of Employee Compensation to Total Revenue Received.**

Source: Kericho County Treasury

Figure 68 illustrates that the County Executive allocated between 38 per cent and 42 per cent of revenue for employee emoluments, indicating that funds were available for other activities. On the other hand, the County Assembly allocated between 53 per cent and 37 per cent of its revenue to settle employee compensation.

Further analysis indicated that PE costs amounting to Kshs.333.54 million were processed through the Human Resource Information System (HRIS). In contrast, Kshs.45.02 million was processed through manual payroll, which accounted for 12 per cent of the total PE cost.

The manual payroll comprised salaries for staff not onboarded into the Human Resource Information System (HRIS), salaries for 25.91 million for casual staff, 2.29 million top-up allowances for security personnel, 9.16 million gratuity remittances to pension schemes for staff on contract, and 7.65 million LAPTRUST/LAPFUND Pension Contributions, as shown in Table 3.139.

**Table 3.139: Breakdown of Kericho County Manual Payroll**

Sno.	Description of Manual Payroll	Amount (Kshs.)
	Salaries for casual staff	25,916,834
	Top-up Allowances for security officers	2,290,501
	LAPTRUST/LAPFUND Pension Contributions	7,659,221
	Gratuity for contract staff-ward staff	2,044,140
	Gratuity for contract staff-Mcas	2,943,162
	Gratuity for contract staff-executive	4,173,827
	<b>Total</b>	<b>45,027,686</b>

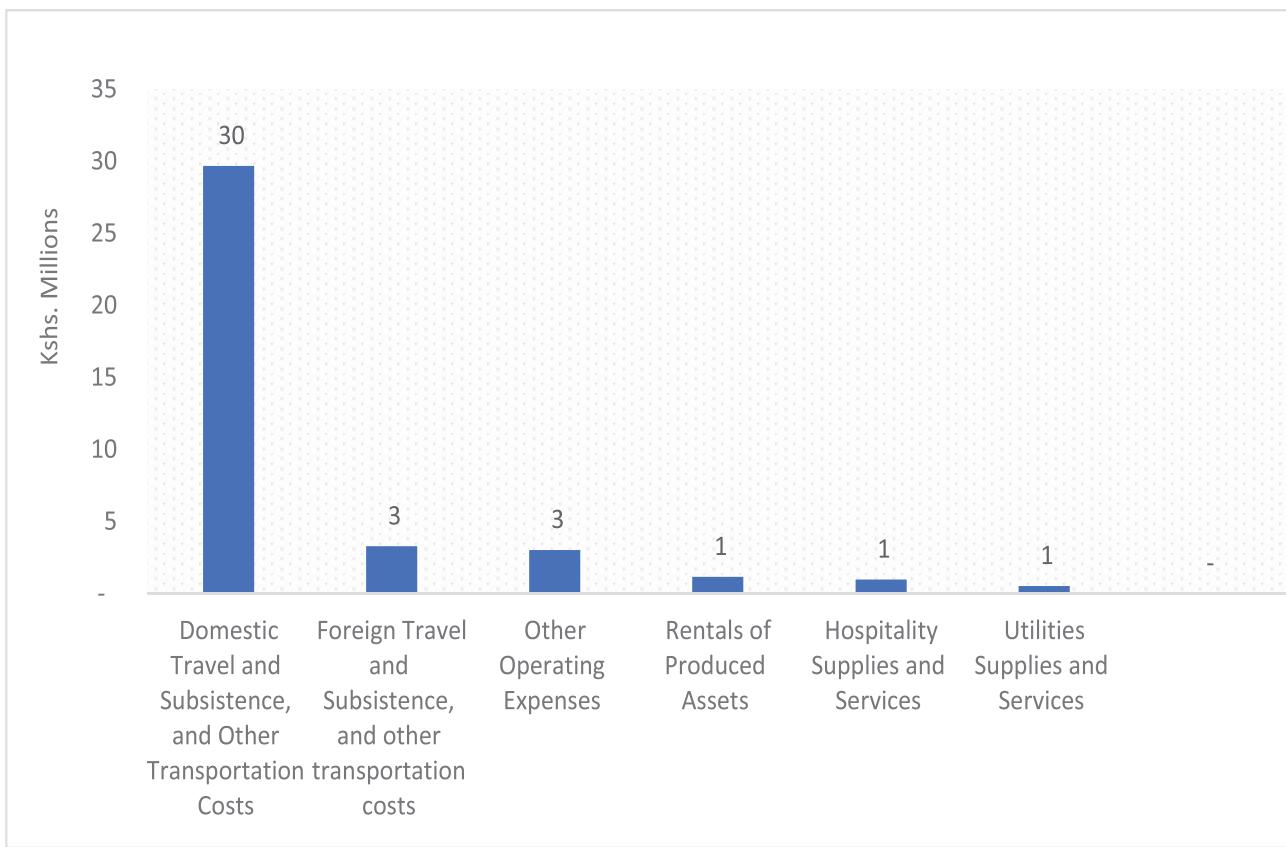

Source: Kericho County Treasury

The County Assembly spent Kshs.3.28 million on committee sitting allowances for the 48 MCAs against the annual budget allocation of Kshs.29.3 million. The average monthly sitting allowance was Kshs.22,790 per MCA. The County Assembly has 16 House Committees.

### 3.12.10 Expenditure on Operations and Maintenance

During the reporting period, the County spent Kshs.34.52 million on operations and maintenance. Figure 69 summarises the Operations and Maintenance expenditure by major categories.

**Figure 69: Kericho County, Operations and Maintenance Expenditure by Major Categories**

Source: Kericho County Treasury.

### 3.12.11 Unbundling “Other Operating Expenses” Under Operations and Maintenance Expenditures

The budget performance report submitted to the Controller of Budget for the first quarter of FY 2025/26 shows that the County spent Kshs.3.01 million under “other Operating expenses” translates to 9 per cent of the cumulative operations and maintenance expenditure of Kshs.34.52 million. The disaggregated items under the “Other Operating Expenses” category are shown in Table 3.140.

**Table 3.140: Breakdown of “Other Operating Expenses” under O&M Expenditures**

Code	Item	Budget (Kshs)	Expenditure (Kshs.)
2211399	Debt Resolution	8,500,000	
2211301	Bank Service Commission and Charges	100,000	
2211305	Contracted Guards and Cleaning Services	33,344,168

### 3.12.12 County-Established Funds

Section 116 of the PFM Act 2012 allows County Governments to establish other public funds, subject to approval from the County Executive Committee and the County Assembly. The County allocated Kshs.353 million to County-Established funds in FY 2025/26, or 3.02 per cent of the County’s overall budget. Further, the County allocated Kshs.10 million to the Emergency Fund (.1 per cent of the total budget) in line with Section 110 of the PFM Act, 2012. Table 3.141 summarises each established Fund’s budget allocation and performance during the reporting period.

**Table 3.141: Performance of Kericho County Established Funds in the First Quarter of FY 2025/26**

S/No.	Name of the Fund	Year Established	Approved Budget Allocation in FY 2025/26 (Kshs.)	Exchequer Issues in First Quarter of FY 2025/26 (Kshs.)	Actual Expenditure in the First Quarter of FY 2025/26 (Kshs.)	Cumulative disbursements to the Fund (Kshs)	Submission of Financial Statements (Yes/No.)
		<b>County Executive Established Funds</b>					
	Kericho County Car Loan	2015	10,000,000			44,780,000	yes
	Kericho County Emergency Fund	2014	10,000,000			346,200,113	yes
	Kericho County Climate Change Fund	2021	303,142,898			384,391,024	yes

	<b>Total</b>		<b>353,142,898</b>	<b>0</b>	<b>0</b>	<b>2,641,891,444</b>	

*Source:* Kericho County Treasury

During the reporting period, the CoB received quarterly financial reports from all Fund Administrators, as indicated in Table 3.141, as required by Section 168 of the PFM Act, 2012.

Regulation 197(1)(i) of the Public Finance Management (County Governments) Regulations, 2015, allows County Governments to establish public funds with a lifespan capped at 10 years unless extended by the Coun-

ty Assembly. In FY 2025/26, the CoB established that the lifespan of **the 6 Fund** had lapsed. Consequently, the CoB did not approve any requests for withdrawals to support the operations of the lapsed funds.

### 3.12.13 County Corporations

The County has two County corporations, which were allocated Kshs 2 million in FY 2025/26 as shown in Table 3.142.

**Table 3.142: Performance of Kericho County Corporations in the First Quarter of FY 2025/26**

S/No.	Name of the Corporation	Approved Budget Allocation in FY 2025/26 (Kshs.)	Exchequer Issues (Kshs.)	Actual Transfers in FY 2025/26 (Kshs.)	Cumulative Transfers to the Corporation since its inception (Kshs.)

### 3.12.15 Facility Improvement Financing

During the review period, the County reported collections of Kshs.23.52 million as FIF, which was 3.21 per cent of the annual target of Kshs.724.24 million. The collected amount was retained and utilised at source in line with the Facility Improvement Financing Act, 2023. The County has developed regulations to operationalise the FIF Act of 2023.

The expenditure by the health facilities amounted to Kshs.116.16 million, as shown in Table 3.144.

**Table 3.144: Kericho County Health Facilities Expenditure Performance in FY 2025/26**

No.	Health Facility	Number of Facilities	Approved Budget (Kshs.)	Actual (Kshs.)	Expenditure	Absorption rate (%)
1.	Kericho County Referral Hospital	1	322,046,493.63	29,154,460.50	4

### 3.12.16 Development Expenditure

In the review period, the County reported spending nil on development programmes. The decline in development expenditure was attributed to introduction of the EGP system and its users.

The County reported 20 stalled development projects as of 30 September 2025, with an estimated value of Kshs.321 million, of which Kshs.95.3 has already been paid. The stalled projects are shown in Table 3.145.

**Table 3.145: Kericho County Stalled Projects as of 30 September 2025**

Project Name	Project Location	Estimated Value of the Project (Kshs.)	Amount Paid on the stalled project	Outstanding Balance as of 30 June 2025	Percentage of Completion Before Stalling of the Project	Reason for Project Stalling

Source: Kericho County Treasury

Analysis of expenditure by departments shows that the County Assembly recorded the highest absorption rate of recurrent budget at 14 per cent, followed by the Department of Agriculture, Livestock & Cooperative Development at 6.6 per cent.

### **3.12.18 Budget Execution by Programmes and Sub-Programmes**

The recurrent sub-programmes with the highest levels of budget implementation, based on absorption rates, were Speaker's office in the Department of County Assembly at 16 per cent, Clerk's Office in the Department of County Assembly at 13 per cent, Crop Development and Management in the Department of Agriculture, Livestock And Fisheries at 14 per cent, of the budget allocation. No development expenditures were reported by any programmes during the review period.

### **3.12.19 Accounts Operated in Commercial Banks**

Regulation 82(1)(b) of the PFM (County Governments) Regulations, 2015, requires that County Government bank accounts be opened and maintained at the Central Bank of Kenya. The only exemption is for imprest bank accounts for petty cash and revenue collection bank accounts.

Further, Regulation 82(4) of the Public Finance Management (PFM) Act requires accounting officers to obtain written authorisation from the County Treasury before opening a commercial bank account. Additionally, Regulation 82(5) of the Public Finance Management (County Governments) Regulations, 2015, requires the County Treasury to submit a copy of the letter authorising an accounting officer to open a commercial bank account to the Controller of Budget.

The County Government operated 245 accounts in commercial banks, including 184 accounts for Health Facilities, 26 accounts for Vocational Training Centres, 11 accounts for Established Funds, 1 revenue accounts, 14 special purpose accounts (additional allocations), and 7 accounts for municipalities.

The County Treasury submitted copies of authorisation letters to the Controller of Budget for opening all commercial bank accounts as per Regulation 82(5) of the Public Finance Management (County Governments) Regulations, 2015.

### **3.12.20 Key Observations and Recommendations**

In the course of overseeing and reporting on the implementation of the County budget, the CoB identified the following challenges, which hampered effective budget implementation;

- i. The County Treasury's late submission of financial reports to the Controller of Budget affected the timely preparation of the budget implementation report, which was received on 6<sup>th</sup> November, 2025.
- ii. The underperformance of own-source revenue at Kshs.40 million against an annual target of Kshs.870 million, representing 5 per cent of the financial year target. If performance is below 25 per cent of the annual target.
- iii. Low development performance in the review period as the County incurred nil on development activities, achieving a zero per cent absorption rate. If performance is below 25 per cent of the annual target.
- iv. Fund Administrators failed to submit quarterly financial and non-financial reports to the CoB within the timelines provided by law, which is against the requirement of Section 168 of the PFM Act, 2012. The reports for the Kericho County Emergency Fund, emergency Fund and mortgage Fund were not submitted to the CoB as of 15 July 2025.
- v. High level of trade payables, which amounted to Kshs.2.02 billion as of 30 September 2025. Further, there was non-adherence to the payment plan for the trade payables by the County Treasury.
- vi. Use of manual payroll. Personnel emoluments amounting to Kshs.45 million for 135 staff not onboarded into HRIS and 89 casual staff were processed through manual payroll. Manual payroll is prone to abuse and may result in the loss of public funds.
- vii. Non-submission of copies of authorisation letters for opening commercial bank accounts as per Regulation 82(5) of the Public Finance Management (County Governments) Regulations, 2015.
- viii. The County reported OSR arrears of Kshs.198.55 million. These revenue arrears limited funding for County activities.

- ix. The County has stalled projects valued at Kshs.321.26 million, for various reasons. This implies delays in achieving desired objectives and potential loss of value for money.

The County should implement the following recommendations to improve budget execution:

- i. *The County Treasury should ensure the timely preparation and submission of financial reports to the Office of the Controller of Budget per the timelines prescribed in Section 166 of the PFM Act, 2012.*
- ii. *The County should address its own-source revenue performance to ensure the approved budget is fully financed. Appropriate austerity measures should be implemented to ensure expenditure commitments are aligned with available revenue.*
- iii. *The County should implement strategies to increase development expenditures in FY 2025/26.*
- iv. *The CECMF should follow up to ensure Fund Administrators prepare and submit statutory reports in line with the PFM Act, 2012.*
- v. *The County Leadership should address the situation of trade payables to ensure that genuine bills are paid promptly in the remaining financial year. Further, compliance with the Trade Payables Action Plan should be enforced.*
- vi. *The Government requires that salaries be processed through the HRIS system, and the County is advised to fast-track the acquisition of Unified Personnel Numbers for their staff. The County Public Service Board should regulate staff engagement on contract and casual workers as provided under Section 74 of the County Governments Act 2012. Furthermore, strict adherence to the approved staff establishment should be maintained.*
- vii. *The County Treasury should ensure it submits copies of authorisation letters to OCoB for opening commercial bank accounts to enhance accountability and oversight.*
- viii. *The County needs to develop strategies to collect these outstanding arrears to improve budget implementation.*
- ix. *The County Executive should prioritise and fast-track feasible stalled projects in the budget, ensuring they are monitored for completion. Additionally, enhancing cash flow forecasting and commitment controls is essential to start projects only with secured funding, along with maintaining a register for multi-year obligations to align projects with the budget.*

### **3.13. County Government of Kiambu**

#### **3.13.1 Overview of FY 2025/26 Budget**

The Kiambu County Approved Budget for FY 2025/26 is Kshs.23.81 billion. It comprises Kshs.7.90 billion (33 per cent) and Kshs.15.91 billion (67 per cent) allocations for development and recurrent programmes, respectively. The budget estimates represent an increase of Kshs.326.39 million (one per cent) from the FY 2024/25 budget, which comprised a development budget of Kshs.7.96 billion and a recurrent budget of Kshs.15.52 billion. The increase in the budget was primarily attributed to the rise in Trade Payables.

The budget is to be financed from various revenue sources. These include the equitable share of revenue raised nationally, amounting to Kshs.13.07 billion (54 per cent), additional allocations of Kshs.2.75 billion (12 per cent), Kshs.403 million as cash balance brought forward from FY 2024/25, and Kshs.7.98 billion (34 per cent) to be generated as own-source revenue. A breakdown of the additional allocations is shown in Table 3.147.

#### **3.13.2 Revenue Performance**

During the first Quarter of FY 2025/26, the County received Kshs.3.41 billion in revenue. This amount was an increase of 15 per cent compared to the amount received in a similar period in FY 2024/25 of Kshs.2.90 billion. The total revenue consisted of Kshs.2.09 billion from the equitable share of revenue raised nationally, as well as own-source revenue (OSR) collection of Kshs.920.61 million. Additionally, the County had a cash balance of Kshs.403.20 million from FY 2024/25. The total OSR collection of Kshs.920.61 million included Facilities Improvement Financing (FIF) of Kshs.330.32 million, and Kshs.590.29 million from other OSR sources. Table 3.147 summarises the total revenue available to the County Government during FY 2025/26.

The County has governing legislation on the operation of ordinary A-I-A and FIF, known as the Kiambu County Health Services Act of 2019. Figure 70 provides a detailed breakdown of Revenue, showing a breakdown of each shilling Received.

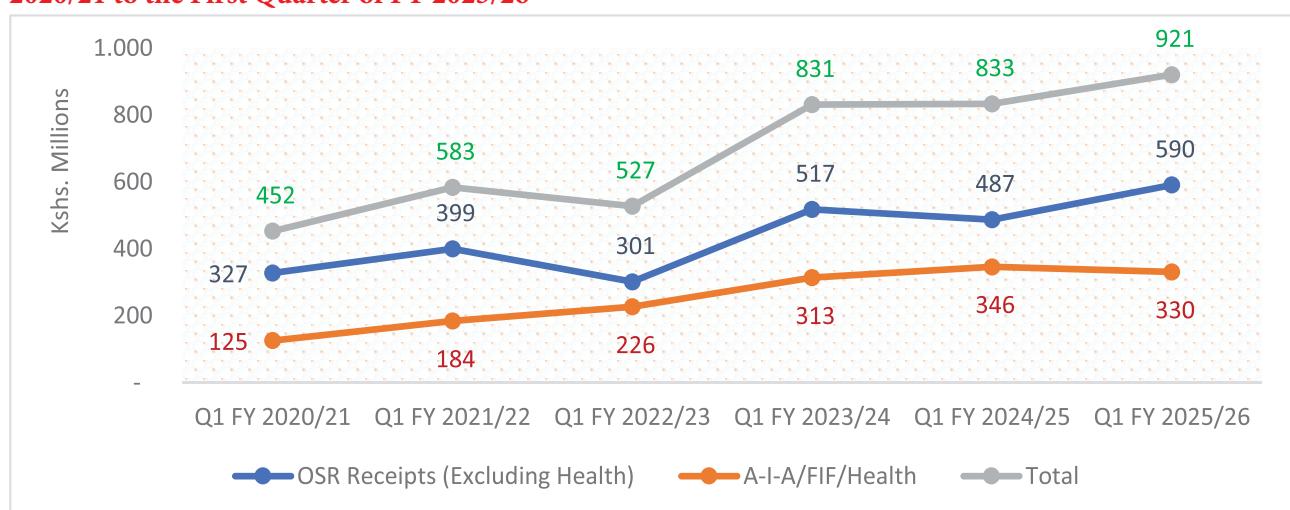

**Figure 70: Kiambu County Composition of Each Shilling Received in the First Quarter of FY 2025/26**

Source: Kiambu County Treasury

The equitable share of revenue raised nationally and OSR contributed 61 and 27 per cent, respectively, of the total Revenue for the reporting period. Figure 71 shows the collection trend in own-source revenue from the First Quarter of FY 2020/21 to the First Quarter of FY 2025/26.

**Figure 71: Kiambu County Trend in Own-Source Revenue Collection from the First Quarter of FY 2020/21 to the First Quarter of FY 2025/26**

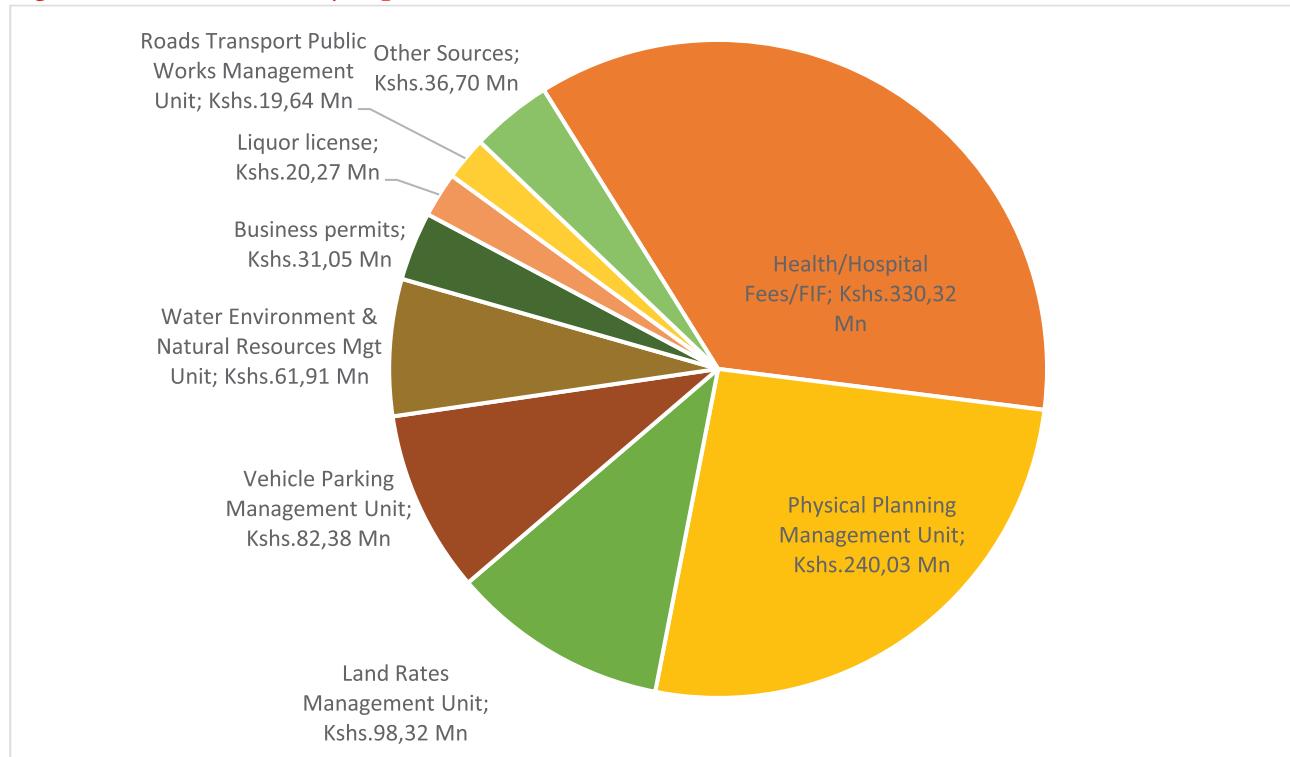

Source: Kiambu County Treasury

During the First Quarter of FY 2025/26, the County received Kshs.920.61 million from its revenue sources, including FIF. This amount was an increase of 11 per cent compared to Kshs.832.92 million realised in a similar period in FY 2024/25, and was 12 per cent of the annual target and 44 per cent of the equitable revenue share disbursed.

The increase in OSR was attributed to the integration of the ERP system of revenue collection with M-Pesa and the banking system, which has sealed the loopholes of revenue loss.

The revenue streams which contributed the highest OSR Revenue are shown in Figure 72.

**Figure 72: Kiambu County Top Own Source Revenue Streams in the First Quarter of FY 2025/26**

Source: Kiambu County Treasury

As shown in Figure 72, the highest revenue stream, at Kshs.330.32 million, was from FIF, accounting for 36 per cent of the total OSR Revenue. The County Government indicated that it has automated all revenue streams.

### 3.13.3 Revenue Arrears

As of 1<sup>st</sup> July 2025, the County reported revenue arrears of Kshs.5.66 billion, this amount decreased to Kshs.5.61 million as of 30<sup>th</sup> September 2025. Table 3.148 presents a breakdown of the County's revenue arrears.

**Table 3.148: Kiambu County Revenue Arrears as of 30 September 2025**

No	Revenue Stream	Revenue Arrears as of 1st July 2025 (Kshs.)	Progress made in FY 2024/25			Revenue Arrears as of 30th September 2025 (Kshs.)

Source: Kiambu County Treasury

As of 30 September 2025, the revenue arrears totalled to Kshs.5.61 billion, comprising Kshs.4.96 billion for Land Rates, Kshs.466.08 million for SHA and Kshs.183.77 million for Property Rent. The measures instituted by the County to collect the outstanding arrears in FY 2025/26 include follow-ups and reinforcements.

### **3.13.4 Borrowing by the County**

The County does not have any borrowing.

### **3.13.5 Exchequers Approved**

The Controller of Budget approved withdrawals of Kshs.1.96 billion from the CRF account during the reporting period, which comprised Kshs.209.47 million (11 per cent) for development programmes and Kshs.1.74 billion (89 per cent) for recurrent programmes. An analysis of the recurrent exchequers released indicates that Kshs.1.06 billion was towards employee compensation and Kshs.691.23 million for operations and maintenance expenditure.

The operations and maintenance exchequer analysis indicates that 8 per cent was for domestic travel foreign travel. The domestic travel exchequer amounted to Kshs.57.23 million and included Kshs.14.43 million for the County Executive and Kshs.42.80 million for the County Assembly.

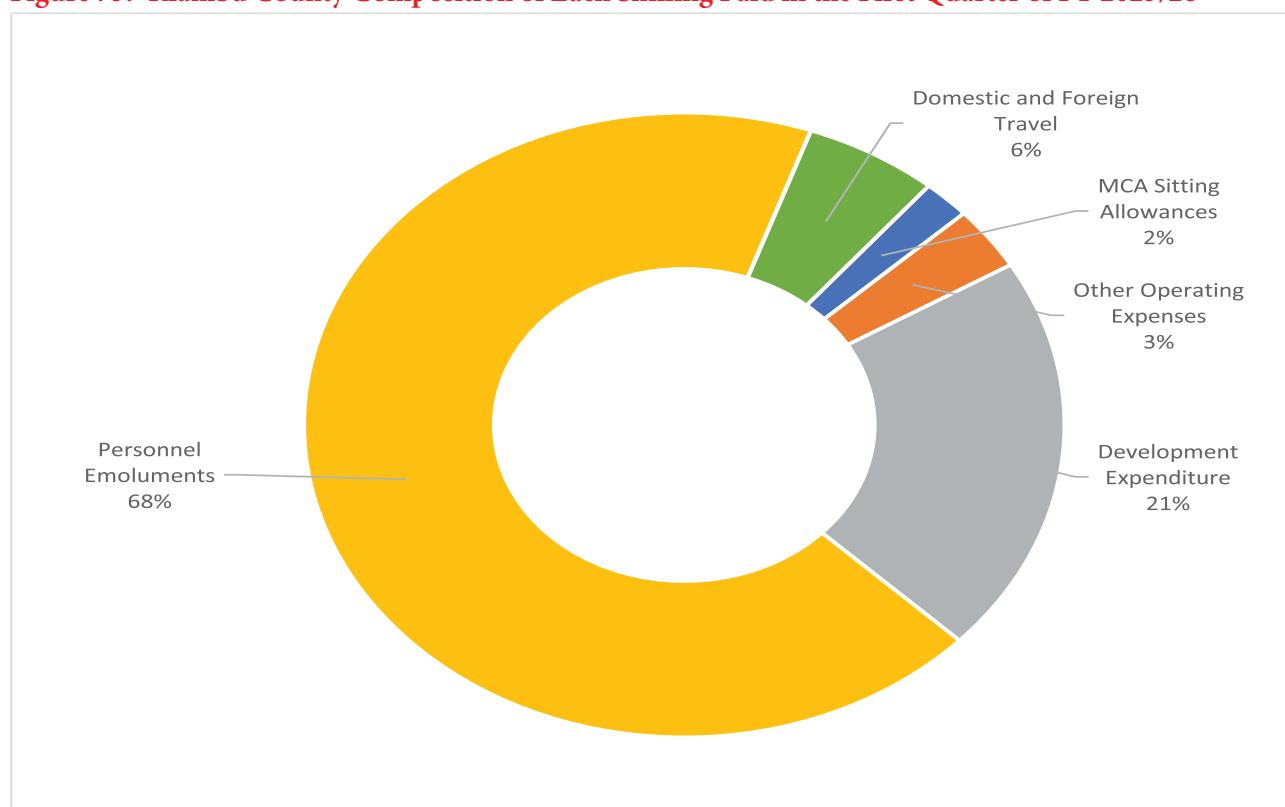

As of September 30, 2025, the County Government's cash balance in the CRF account was Kshs.1.23 billion.

### **3.13.6 Expenditure Review**

The County spent Kshs.1.80 billion on development and recurrent programmes in the reporting period. The expenditure represented 92 per cent of the total funds released by the CoB. It comprised Kshs.206.67 million for development programmes and Kshs.1.59 billion for recurrent programmes. Expenditure on development programmes represented an absorption rate of 3 per cent, while recurrent expenditure represented 9 per cent of the annual recurrent expenditure budget.

The following chart provides a detailed breakdown of expenditure, showing the relative composition of each shilling spent.

**Figure 73: Kiambu County Composition of Each Shilling Paid in the First Quarter of FY 2025/26**

**Source:** Kiambu County Treasury

As shown in Figure 73, the three highest expenditure categories were Personnel Emoluments, Development Expenditure, and Domestic Travel Expenditure, which contributed 68 per cent, 21 per cent, and 6 per cent of the total expenditure for the reporting period, respectively.

### 3.13.7 Settlement of Trade Payables

As of 1<sup>st</sup> July 2025, the County reported Trade Payables totalling Kshs.6.65 billion. This amount included Kshs.6.37 billion from the County Executive and Kshs.275.25 million from the County Assembly. The Trade Payables from the County Executive consisted of Kshs.3.29 billion for recurrent expenditures and Kshs.3.08 billion for development expenditures.

During the reporting period, the County Executive settled Trade Payables amounting to Kshs 111.13 million, which comprised 44.21million (40 per cent) for recurrent programmes and Kshs.66.92 million (60 per cent) for development programmes. On the other hand, the County Assembly did not settle any Trade Payables during the reporting period. The outstanding Trade Payables as of 30th September 2025 were Kshs.6.26 billion for the County Executive and Kshs.275.25 million for the County Assembly. Table 3.149 provides additional details of Trade Payables.

**Table 3.149: Kiambu County Trade Payables as of 30<sup>th</sup> September 2025**

*Source: Kiambu County Treasury*

The County Executive and the Assembly submitted a Trade Payables payment plan, committing to pay Kshs.300 million and Kshs.44.11 million, respectively, in Q1 of FY2025/26. The County did not adhere to this payment plan, as it cleared only Kshs.111.13 million for the Executive and nil for the Assembly.

Table 3.150 and Table 3.151 presents the ageing of the total outstanding bills as of 30 September 2025 for the County Executive and Assembly, which were Kshs.6.54 billion.

**Table 3.150: Kiambu County Executive Trade Payables Ageing Analysis as of 30 September 2025**

*Source: Kiambu County Assembly*

The County Assembly had a cumulative of Kshs.215.88 million in trade payables of which Kshs.31.21 million were under development expenditure and Kshs.184.68 million for recurrent activities.

### 3.13.8 Expenditure by Economic Classification

During the reporting period, the County Executive incurred Kshs.581.70 billion for compensation of employees, Kshs.853.30 million for operations and maintenance, and Kshs.206.67 million for development activities. Similarly, the County Assembly spent Kshs.100.01 million on compensation of employees, Kshs.57.23 million on operations and maintenance, and nil on development activities, as shown in Table 3.152.

**Table 3.152: Kiambu County Summary of Budget and Expenditure by Economic Classification**

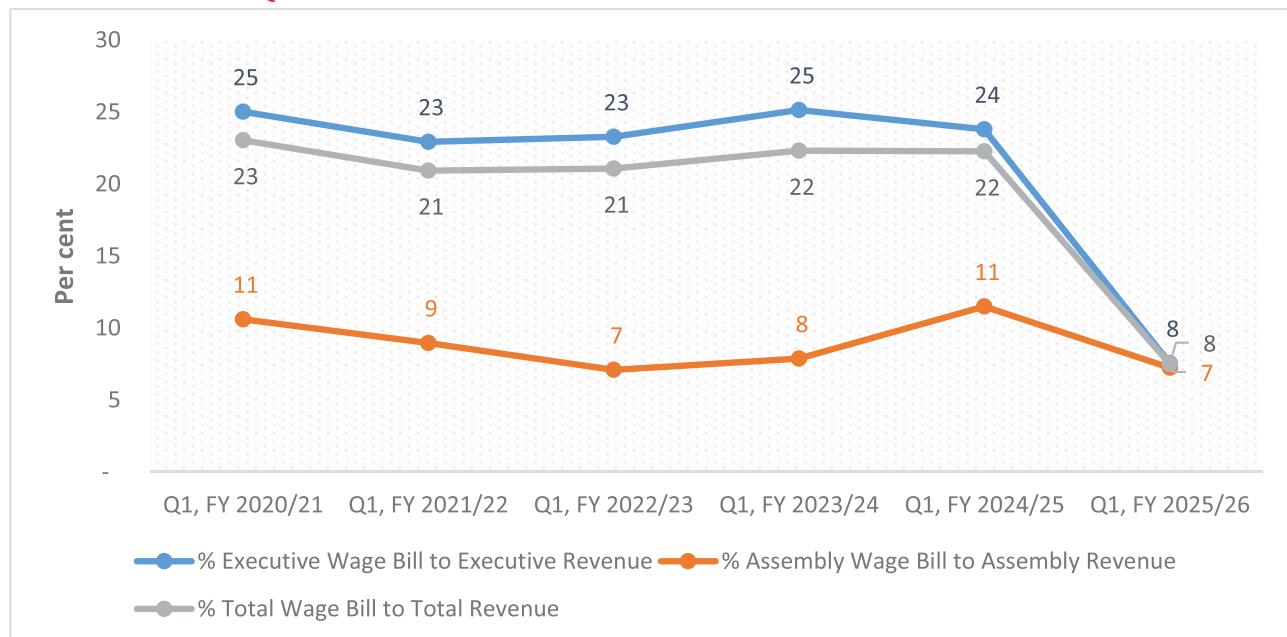

Expenditure Classification	Approved Budget (Kshs.)		Expenditure (Kshs.)		Absorption (%)	
	County Executive	County Assembly	County Executive	County Assembly	County Executive	County Assembly
<b>Total Recurrent Expenditure</b>	<b>15,911,121,868</b>	<b>1,885,362,517</b>	<b>1,434,996,177</b>	<b>157,231,637</b>	<b>9</b>	<b>8</b>

### 3.13.9 Expenditure on Compensation of Employees

During the period under review, the expenditure on employee compensation totalled Kshs.681.70 million. The percentage of compensation of employees to revenue was 3 per cent. This expenditure on employee compensation shows a decrease of 41 per cent compared to the Kshs.1.15 billion reported in a similar period in FY 2024/25. Of this total, Kshs.294.05 million related to the Health Sector employees, which accounted for 51 per cent of the overall employees' compensation. The decrease in compensation to employees is due to the delay in payment of August and September salaries arising from the delayed release of national shareable revenue.

**Figure 74: Percentage of Employee Compensation to Total Revenue Earned from the First Quarter of FY 2020/21 to the First Quarter of FY 2025/26**

Source: Kiambu County Treasury

Figure 74 shows a decline in employee compensation against total revenue from 23 per cent in Quarter 1 of FY 2020/21 to 8 per cent in quarter 1 of FY 2025/26. The employee compensation incurred during the reporting period did not include personnel emoluments for the months of August and September, hence low expenditure compared to previous periods.

Further analysis revealed that PE costs totalling Kshs.625.19 million were processed through the Human Resource Information System (HRIS). In contrast, Kshs.56.52 million was processed through manual payroll, which accounted for 9 per cent of the total PE cost.

The manual payroll comprised salaries for 4220 staff not onboarded into the Human Resource Information System (HRIS), who are casual workers, top-up allowances for 346 security personnel, gratuity remittances to pension schemes for staff on contract, and LAPTRUST/LAPFUND Pension Contributions, as shown in Table 3.153.

**Table 3.153: Breakdown of Kiambu County Manual Payroll**

Category	County Executive	County Assembly	Total
Salaries for casual staff	55,731,341		55,731,341
Top-up Allowances for security officers	13,375,694		13,375,694
LAPTRUST/LAPFUND Pension Contributions	2,729,222	2,861,438	5,590,660
Gratuity for contract staff	8,761,796	250,864	9,012,660
Gratuity for members		5,248,500	5,248,500
Total	80,598,053	8,360,802	88,958,855

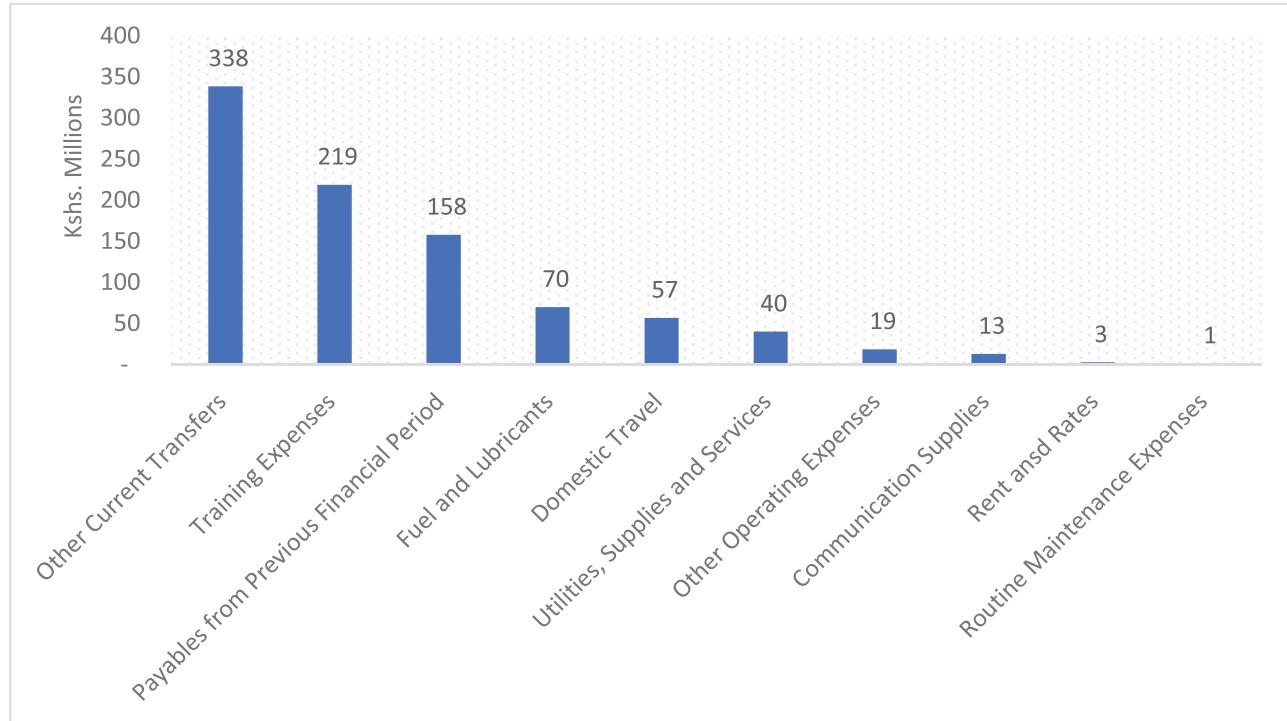

Source: Kiambu County Treasury

The County Assembly spent Kshs.20.35 million on committee sitting allowances for the 89 MCAs against the annual budget allocation of Kshs.75 million. The average monthly sitting allowance was Kshs.76,202 per MCA. The County Assembly has 23 House Committees.

### 3.13.10 Expenditure on Operations and Maintenance

During the reporting period, the County spent Kshs.910.52 million on operations and maintenance, representing an increase of 32 per cent compared to FY 2024/25, when the County spent Kshs.692.38 million. Figure 75 summarises the Operations and Maintenance expenditure by major categories.

**Figure 75: Kiambu County, Operations and Maintenance Expenditure by Major Categories**

Source: Kiambu County Treasury

### 3.13.11 Unbundling “Other Operating Expenses” Under Operations and Maintenance Expenditures

The budget performance report submitted to the Controller of Budget for the first quarter of FY 2025/26 shows that the County spent Kshs.18.72 million under “other Operating expenses” translates to 2 per cent of the cumulative operations and maintenance expenditure of Kshs.910.52 million. The disaggregated items under the “Other Operating Expenses” category are shown in Table 3.154.

**Table 3.154: Breakdown of “Other Operating Expenses” under O&M Expenditures**

Code	Item	Budget (Kshs)	Expenditure (Kshs.)
2211301	Bank Service Commission and Charges	75,020,600	11,393,026
2211308	Legal Dues/Fees, Arbitration	26,970,000	1,784,341
2211313	Security Operations	12,207,620	1,185,141
2211399	Other Operating Expenses-Others	102,264,972	3,540,816
2211309	Management Fees	46,200,000	795,800
2211306	Membership Fees, Dues and Subscriptions to Professional Bodies and Trade Unions	130,720	20,000
<b>Total</b>		<b>262,793,912</b>	<b>18,719,124</b>

Source: Kiambu County Treasury

A review of the other expense items listed in the table revealed that some expenditures with existing budget codes were instead charged under the “Other Operating Expenses, others” category. These include payment for catering services, refunds on air tickets, refunds of rent erroneously deducted from pay slips, and other similar expenses.

### 3.13.12 County-Established Funds

Section 116 of the PFM Act 2012 allows County Governments to establish other public funds, subject to approval from the County Executive Committee and the County Assembly. The County allocated Kshs.3.03 billion to County-Established funds in FY 2025/26, or 13 per cent of the County’s overall budget. Furthermore, the County allocated Kshs.60 million to the Emergency Fund (0.3 per cent of the total budget) in line with Section

110 of the PFM Act, 2012. Table 3.155 summarises each established Fund's budget allocation and performance during the reporting period.

**Table 3.155: Performance of Kiambu County Established Funds in the First Quarter of FY 2025/26**

S/No.	Name of the Fund	Year Established	Approved Budget Allocation in FY 2025/26 (Kshs.)	Exchequer Issues in First Quarter of FY 2025/26 (Kshs.)	Actual Expenditure in the First Quarter of FY 2025/26 (Kshs.)	Submission of Financial Statements (Yes/No)

Source: *Kiambu County Treasury*

During the reporting period, the CoB Earned quarterly financial reports from all Fund Administrators, as indicated in Table 3.155, in line with the requirement of Section 168 of the PFM Act, 2012.

Regulation 197(1)(i) of the Public Finance Management (County Governments) Regulations, 2015, allows County Governments to establish public funds with a lifespan capped at 10 years unless extended by the County Assembly. In FY 2025/26, the CoB established that the lifespan of the **Kiambu County Assembly Car Loan & Mortgage Scheme Fund and the Kiambu County Executive Car Loan & Mortgage Scheme Fund** had lapsed.

### 3.13.13 County Corporations

The County has five County corporations, which were allocated Kshs.75 million in FY 2025/26. There was no reported expenditure during the first quarter.

### 3.13.14 Expenditure on Domestic and Foreign Travel

Expenditure on domestic travel amounted to Kshs.56.94 million and comprised Kshs.42.80 million spent by the County Assembly and Kshs.14.14 million by the County Executive. There was no expenditure on foreign travel.

### 3.13.15 Facility Improvement Financing

During the review period, the County reported collections of Kshs.330.32 million as FIF, which was 4 per cent of the annual target of Kshs.7.98 billion. The collected amount was retained and utilised at source in line with the Facility Improvement Financing Act, 2023. The County has a governing legislation on the operation of FIF, known as the Kiambu County Health Services Act of 2019.

The expenditure by health facilities amounted to Kshs.291.66 million, as shown in Table 3.156.

**Table 3.156: Kiambu County Health Facilities Expenditure Performance in FY 2025/26**

No.	Health Facility	Number of Facilities	Approved Budget (Kshs.)	Actual Expenditure (Kshs.)	Absorption rate (%)
1	Level 5 Hospitals	3	1,743,165,447	204,812,480	12
2	Level 4 Hospitals	11	466,457,887	69,777,892	15
3	Level 2 and 3 Hospitals	93	190,376,666	17,068,976	9
	<b>Total</b>	<b>107</b>	<b>2,400,000,000</b>	<b>291,659,349</b>	<b>12</b>

*Source: Kiambu County Treasury*

The County has a total of 107 facilities which include 3 level 5 hospitals, 11 level 4 hospitals and 93 level 2 and 3 hospitals. The highest absorption rate was incurred by the level 4 hospitals at 15 per cent.

### 3.13.16 Development Expenditure

In the review period, the County reported incurring Kshs.206.67 million on development programmes, representing a decrease of 48 per cent compared to FY 2024/25, when the County incurred Kshs.401.05 million. Table 3.157 summarises the development projects with the highest expenditure in the reporting period.

The decline in development expenditure was attributed to the introduction of the e-Government Procurement System (e-GP), which halted the implementation of the procurement plan.

**Table 3.157: Kiambu County, List of Development Projects with the Highest Expenditure**

Source: Kiambu County Treasury

An analysis of expenditure by department shows that the Department of Agriculture, Livestock & Cooperatives recorded the highest absorption rate of development budget at 13 per cent, followed by the Department of Health Services at 8 per cent. The Department of Roads, Transport & Public Works had the highest percentage of recurrent expenditure to budget at 14 per cent, while the Departments of County Public Service Board and Youth Affairs, Sports & Communication had the lowest at 5 per cent.

### 3.13.18 Budget Execution by Programmes and Sub-Programmes

The development sub-programmes with the highest levels of budget implementation, based on absorption rates, were: Administration & Financial Support in the Department of Administration & Public Service at 27 per cent, Crop Development, Irrigation & Marketing Services in the Department of Agriculture, Livestock and Co-Operative Development at 21 per cent, and Curative Services in the Department of Health Services at 8 per cent of the budget allocation. Conversely, the recurrent sub-programmes with the highest levels of budget implementation, based on absorption rates, were: Urban Areas and Administration Management in the Department of Land, Housing, Physical Planning, Municipal Administration & Urban Development at 23 per cent, ICT Services in the Department of Finance, ICT & Economic Planning at 22 per cent, and Representation Services in the County Assembly at 20 per cent.

### 3.13.19 Accounts Operated in Commercial Banks

Regulation 82(1)(b) of the PFM (County Governments) Regulations, 2015, requires that County Government bank accounts be opened and maintained at the Central Bank of Kenya. The only exemption is for imprest bank accounts for petty cash and revenue collection bank accounts.

Further, Regulation 82(4) of the Public Finance Management (PFM) Act requires accounting officers to obtain written authorisation from the County Treasury before opening a commercial bank account. Additionally, Regulation 82(5) of the Public Finance Management (County Governments) Regulations, 2015, requires the County Treasury to submit a copy of the letter authorising an accounting officer to open a commercial bank account to the Controller of Budget.

The County Government operated 73 accounts in commercial banks, including 16 accounts for Health Facilities, 1 account for Water Service Providers, nine accounts for Established Funds, 25 revenue accounts, and 22 special-purpose accounts (for additional allocations).

The County Treasury did not submit copies of authorisation letters to the Controller of Budget for opening 73 commercial bank accounts, as required by Regulation 82(5) of the Public Finance Management (County Governments) Regulations, 2015.

### 3.13.20 Key Observations and Recommendations

In the course of overseeing and reporting on the implementation of the County budget, the CoB identified the following challenges, which hampered effective budget implementation;

- i. The County Treasury's late submission of financial reports to the Controller of Budget affected the timely preparation of the budget implementation report, with the last report Earned on 29<sup>th</sup> October 2025.
- ii. The underperformance of own-source revenue at Kshs.920.61 million against an annual target of Kshs.7.98 billion, representing 12 per cent of the financial year target.
- iii. Low development performance in the review period as the County incurred Kshs.206.67 million on development activities, achieving a 3 per cent absorption rate.
- iv. Regulation 197(1)(i) of the Public Finance Management (County Governments) Regulations, 2015, limits the lifespan of public funds to 10 years unless extended by the County Assembly. As of 30 September 2025, the lifespan of the Emergency Fund, the Kiambu County Assembly Car Loan & Mortgage Scheme Fund and the Kiambu County Executive Car Loan & Mortgage Scheme Fund had lapsed, making them ineligible for further withdrawals.
- v. High level of Trade Payables, which amounted to Kshs.6.47 billion as of 30 September 2025. Furthermore, the County Treasury does not maintain a uniform database of Trade Payables, and there is no action plan in place for settling these bills. In addition, there were inconsistencies in the actual payables from previous financial years under Figure 75and Table 3.149.
- vi. Non-submission of copies of authorisation letters for opening commercial bank accounts as per Regulation 82(5) of the Public Finance Management (County Governments) Regulations, 2015.
- vii. Some expenditures with existing budget codes were instead charged under the "Other Operating Expenses, others" category.
- viii. Construction of the County Assembly archives and Members' welfare facility, valued at Kshs.40 million, has stalled since 2021, currently at 20 per cent completion due to lack of exchequer disbursements.
- ix. The County reported accrued revenues of Kshs.5.61 billion, including Kshs.5.14 billion in ordinary Own Source Revenue (OSR) and Kshs.466.08 million from the Facility Improvement Financing(FIF). These arrears limit funding for County activities.

The County should implement the following recommendations to improve budget execution:

- i. *The County Treasury should ensure the timely preparation and submission of financial reports to the Office of the Controller of Budget per the timelines prescribed in Section 166 of the PFM Act, 2012.*
- ii. *The County should address its own-source revenue performance to ensure the approved budget is fully financed. Appropriate austerity measures should be implemented to ensure expenditure commitments are aligned with available revenue.*
- iii. *The County should implement strategies to increase development expenditures in FY 2025/26.*
- iv. *The County should ensure timely review and extension of public funds whose lifespan is nearing expiration to prevent operational disruptions. Additionally, any expenditure from lapsed funds should cease immediately, and legal mechanisms should be followed to re-establish or wind up such funds in compliance with the Public Finance Management Act.*
- v. *The County Leadership should address the situation of Trade Payables to ensure that genuine bills are paid promptly in the remaining financial year. Further, compliance with the Trade Payables Action Plan should be enforced. In addition, a consistent and updated database on the settled payables should be maintained.*
- vi. *The County Treasury should ensure it submits copies of authorisation letters to OCoB for opening commercial bank accounts to enhance accountability and oversight.*
- vii. *The County Treasury should adhere to the approved budget classification framework by ensuring that all expenditures are recorded under their specific budget codes rather than being aggregated under the "Other Operating Expenses" category.*

- viii. *The County Assembly should settle outstanding payments upon receiving exchequer releases to resume work on the stalled project. It needs to enhance cash flow forecasting and commitment controls to ensure projects start only with secured funding, while maintaining a register to track multi-year obligations and align projects with the budget.*
- ix. The County needs to develop strategies to collect these outstanding arrears to improve budget implementation. All waivers should also be documented according to Regulation 64 of the Public Finance Management (County Governments) Regulations 2015.

### **3.14. County Government of Kilifi**

#### **3.14.1 Overview of FY 2025/26 Budget**

The Kilifi County Approved Budget for FY 2025/26 is Kshs.19.88 billion. It comprises Kshs.9.40 billion (47 per cent) and Kshs.10.48 billion (53 per cent) allocation for development and recurrent programmes, respectively. The budget estimates represent a decrease of Kshs.1.53 billion (7 per cent) from the FY 2024/25 budget, which comprised a development budget of Kshs.11.44 billion and a recurrent budget of Kshs.9.97 billion. The decrease in the budget was primarily attributed to the failure to include the balance brought forward from the previous financial year, 2024/2025.

The budget is to be financed from various revenue sources. These include the equitable share of revenue received nationally, amounting to Kshs.12.70 billion (64 per cent), additional allocations of Kshs.4.80 billion (24 per cent) and Kshs.2.38 billion (12 per cent) to be received as own-source revenue. A breakdown of the additional allocations is shown in Table 3.160.

#### **3.14.2 Revenue Performance**

During the first Quarter of FY 2025/26, the County received Kshs.2.45 billion in revenue. This amount represented an increase of 153 per cent compared to the amount received in a similar period in FY 2024/25 of Kshs.965.48 million. The total revenue consisted of Kshs.2.06 billion from the equitable share of revenue raised nationally, as well as the own-source revenue (OSR) collection of Kshs.390.82 million. Additionally, the total OSR collection of Kshs.390.82 million included Facilities Improvement Financing (FIF) of Kshs.137.17 million, and Kshs.253.65 million from other OSR sources. Table 3.160 summarises the total revenue received to the County Government during FY 2025/26.

**Table 3.160: Kilifi County, Revenue Performance in FY 2025/26**

The County has a governing legislation on FIF. Figure 76 provides a detailed breakdown of revenues, showing a breakdown of each shilling received.

**Figure 76: Kilifi County Composition of Each Shilling Received in the First Quarter of FY 2025/26**

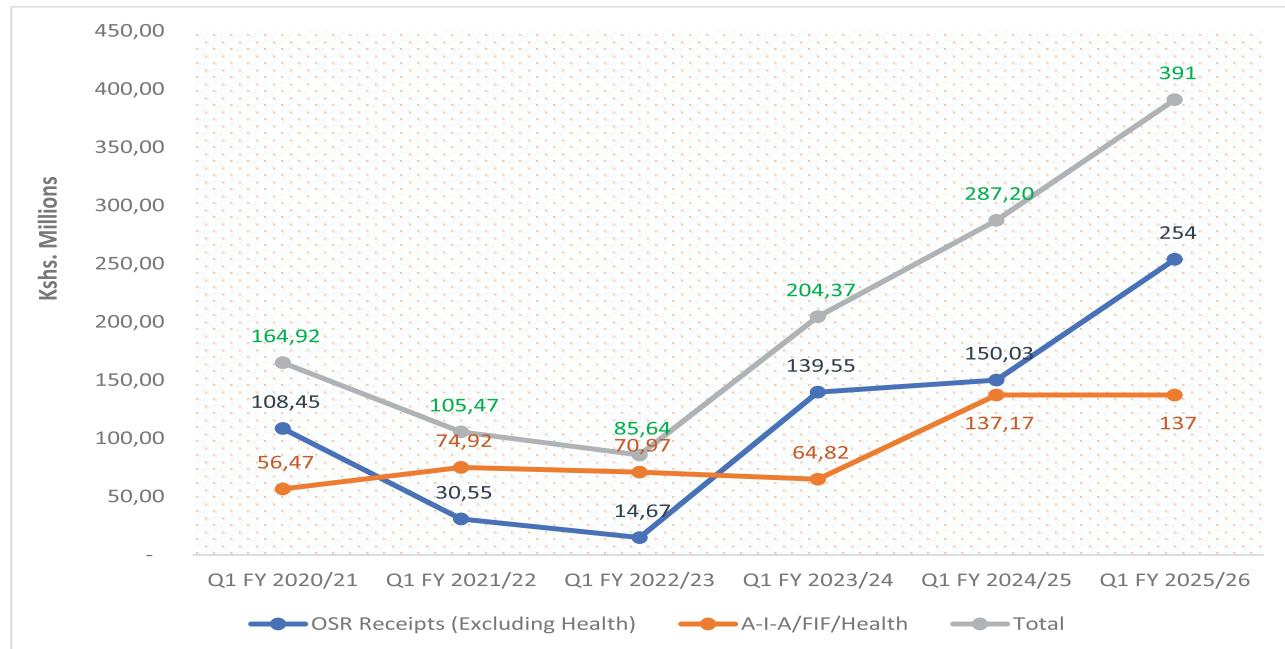

Source: Kilifi County Treasury

The equitable share of revenue received nationally, OSR, and FIF contributed 84, 10, and 6 per cent, respectively, of the total revenues for the reporting period.

Figure 77 shows the collection trend in own-source revenue from the First Quarter of FY 2020/21 to the First Quarter of FY 2025/26.

**Figure 77: Kilifi County Trend in Own-Source Revenue Collection from the First Quarter of FY 2020/21 to the First Quarter of FY 2025/26**

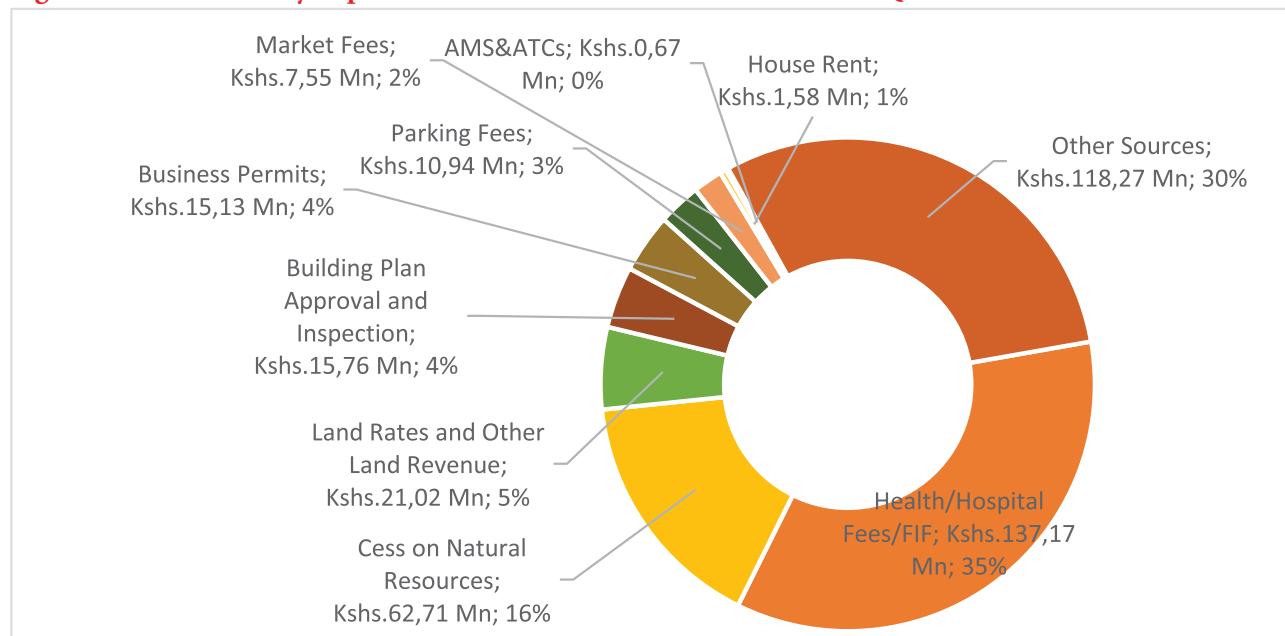

Source: Kilifi County Treasury

During the First Quarter of FY 2025/26, the County received Kshs.390.82 million from its revenue sources, including FIF. This amount was an increase of 69 per cent compared to Kshs.231.03 million realised in a similar period in FY 2024/25, and was 16 per cent of the annual target and 19 per cent of the equitable revenue share disbursed.

The increase in OSR was attributed to the timely procurement of essential medical drugs, which contributed to an increase in FIF.

The revenue streams which contributed the highest OSR receipts are shown in Figure 78.

**Figure 78: Kilifi County Top Own Source Revenue Streams in the First Quarter of FY 2025/26**

Source: Kilifi County Treasury

As shown in Figure 78, the highest revenue stream, at Kshs.118.27 million, was from other consolidated sources, accounting for 30 per cent of the total OSR receipts.

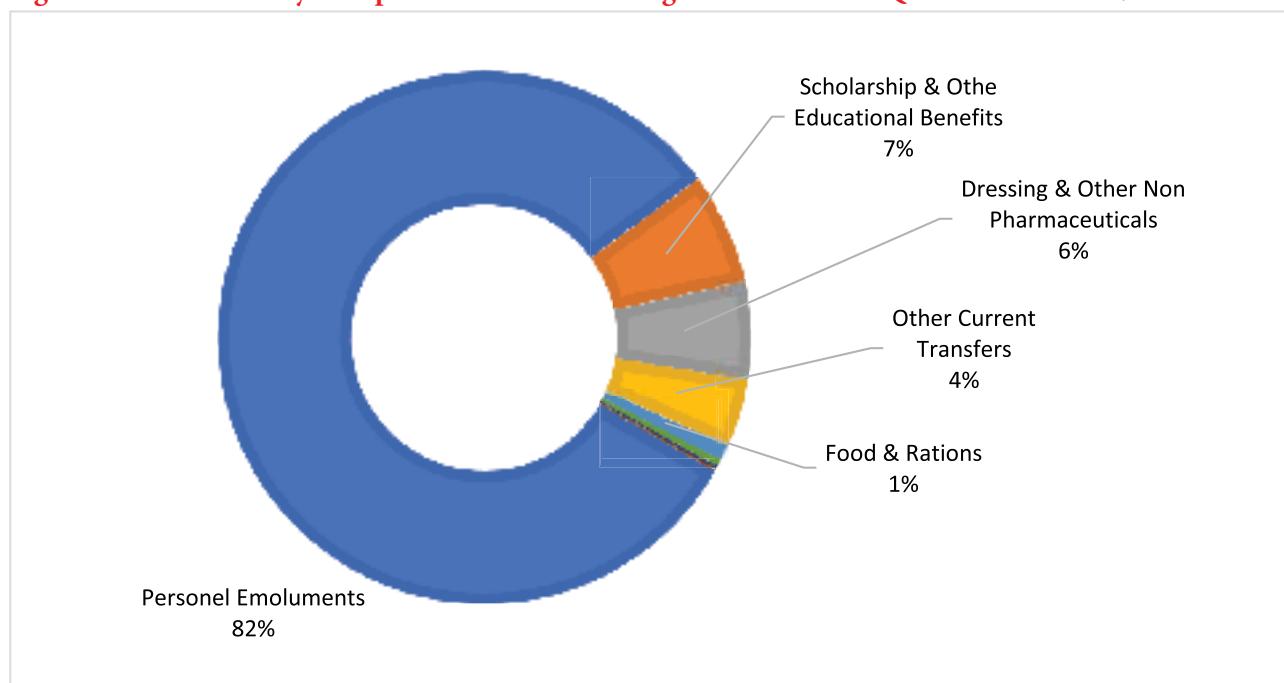

The Controller of Budget approved withdrawals of Kshs.923.99 million from the CRF account during the reporting period. The approved withdrawal was Kshs.923.99 million (100 per cent) was for recurrent programmes. Analysis of the recurrent exchequers released indicates that Kshs.923.99 million was towards employee compensation.

As of September 30, 2025, the County Government's cash balance in the CRF account was Kshs.1.25 billion.

### 3.14.3 Expenditure Review

The County spent Kshs.1.47 billion on development and recurrent programmes in the reporting period. The expenditure represented 159 per cent of the total funds released by the CoB. It comprised Kshs.1.47 billion for recurrent programmes.

**Figure 79: Kilifi County Composition of Each Shilling Paid in the First Quarter of FY 2025/26**

Source: Kilifi County Treasury

As shown in Figure 79, the three highest expenditure categories were personnel emoluments, scholarships and other educational benefits, and dressing and other non-pharmaceutical equipment, contributing 82 per cent, 7 per cent, and 6 per cent of the total expenditure for the reporting period.

### 3.14.4 Settlement of Trade Payables

As of 1<sup>st</sup> July 2025, the County reported trade payables totalling Kshs.9.25 billion. This amount included Kshs.9.19 billion from the County Executive and Kshs.63.66 million from the County Assembly. The trade payables from the County Executive consisted of Kshs.3.82 billion for recurrent expenditures and Kshs.5.37 billion for development expenditures.

The outstanding trade payables as of 30th September 2025 were Kshs.9.59 billion for the County Executive and Kshs.105.62 million for the County Assembly. Table 3.161 provides additional details of trade payables.

**Table 3.161: Kilifi County Trade Payables as of 30<sup>th</sup> September 2025**

The County Executive and the Assembly submitted a trade payables payment plan, committing to pay Kshs.895.79 million and Kshs.13.33 million, respectively, in the first quarter of the FY 2025/26. The County did not adhere to this payment plan, as it did not pay any trade payables in the reporting period.

Table 3.162 and Table 3.163 present the ageing of the total outstanding payables as of 30 September 2025 for the County Executive and Assembly, which were Kshs.9.69 billion.

### 3.14.5 Expenditure by Economic Classification

During the reporting period, the County Executive incurred Kshs1.13 billion for compensation of employees, Kshs.272.92 million for operations and maintenance. Similarly, the County Assembly incurred Kshs.74.39 million on compensation of employees as shown in Table 3.164.

**Table 3.164: Kilifi County Summary of Budget and Expenditure by Economic Classification**

### 3.14.6 Expenditure on Compensation of Employees

During the period under review, the expenditure on employee compensation totalled Kshs.1.20 billion. The compensation-to-revenue ratio was 130 per cent. This expenditure on employee compensation shows an increase compared to the Kshs.1.00 billion reported in a similar period in FY 2024/25. Of this total, Kshs.640.91 million related to the Health Sector employees, which accounted for 53 per cent of the overall employees' compensation

Figure 80 shows the compensation trend of employees' expenditures as a percentage of total revenue received from the First Quarter of FY 2020/21 to the First Quarter of FY 2025/26.

**Figure 80: Percentage of Employee Compensation to Total Revenue Received from the First Quarter of FY 2020/21 to the First Quarter of FY 2025/26**

Source: Kilifi County Treasury

As shown in Figure 80, the County Assembly apportioned all its inflows in the first quarter of FY 2025/26 towards compensation of employees while the Executive apportioned 49 per cent. Both entities exceeded the 35 per cent ceiling set by Regulation 25(1)(b) of the PFM (County Governments) Regulations 2015, highlighting that employee compensation was prioritised over other expenditures in the review period.

Further analysis indicated that PE costs amounting to Kshs.1.17 billion were processed through the Human Resource Information System (HRIS). In contrast, Kshs.32.76 million was processed through manual payroll, which accounted for 3 per cent of the total PE cost as shown in Table 3.165Table 3.18.

**Table 3.165: Breakdown of Kilifi County Manual Payroll**

Category	County Executive	County Assembly	Total
Salaries for casual staff-Ward offices		2,503,833	2,503,833
Community Health Workers	30,252,500		
<b>Total</b>	<b>30,252,500</b>	<b>2,503,833</b>	<b>32,756,333</b>

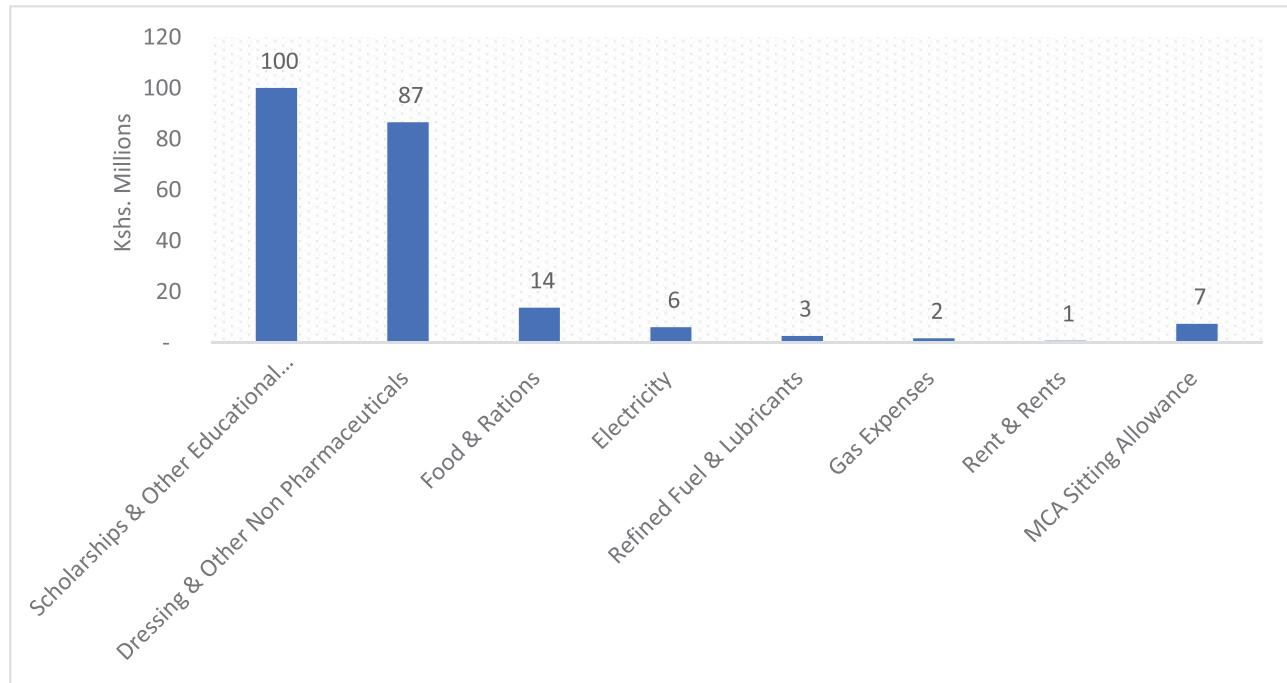

Source: Kilifi County Treasury

The County Assembly incurred Kshs.7.40 million on committee sitting allowances for the 56 MCAs against the annual budget allocation of Kshs.64.00 million. The average monthly sitting allowance was Kshs.44,068 per MCA. The County Assembly has 23 House Committees.

### 3.14.7 Expenditure on Operations and Maintenance

During the reporting period, the County spent Kshs.272.92 million on operations and maintenance, representing an increase of 315 per cent compared to FY 2024/25, when the County incurred Kshs.65.71 million. Figure 81 summarises the Operations and Maintenance expenditure by major categories.

**Figure 81: Kilifi County, Operations and Maintenance Expenditure by Major Categories.**

### 3.14.8 County-Established Funds

Section 116 of the PFM Act 2012 allows County Governments to establish other public funds, subject to approval from the County Executive Committee and the County Assembly. The County allocated Kshs.1.59 billion to County-established funds in FY 2025/26, or 8 per cent of the County's overall budget. Furthermore, the County allocated Kshs.250.00 million to the Emergency Fund (1 per cent of the total budget) in line with Section 110 of the PFM Act, 2012. Table 3.166 summarises each established Fund's budget allocation and performance during the reporting period.

**Table 3.166: Performance of Kilifi County Established Funds in the First Quarter of FY 2025/26**

### 3.14.9 County Corporations

The County has two County Corporations, which were allocated Kshs.1.5 billion in FY 2025/26. No expenditure was incurred during the reporting period, as shown in Table 3.167.

**Table 3.167: Performance of Kilifi County Corporations in the First Quarter of FY 2025/26**

### 3.14.10 Facility Improvement Financing

During the review period, the County reported collections of Kshs.137.17 million as FIF, which was 27 per cent of the annual target of Kshs.500 million. The collected amount was retained and utilised at source in line with the Facility Improvement Financing Act, 2023. The County has developed regulations to operationalise the FIF Act of 2023.

The expenditure by health facilities amounted to Kshs.133.30 million, as shown in Table 3.168.

**Table 3.168: Kilifi County Health Facilities Expenditure Performance in FY 2025/26**

No.	Health Facility	Number of Facilities	Approved Budget (Kshs.)	Actual (Kshs.)	Expenditure	Absorption rate (%)

Source: Kilifi County Treasury

The Department of Early Childhood Education & Vocational Training had the highest percentage of recurrent expenditure to budget at 26 per cent, while the Department of Water Services had the lowest at less than 1 per cent.

Several departments reported zero absorption rates, primarily due to delays in uploading their budgets to the new Electronic Government Procurement (EGP) system.

### **3.14.12 Budget Execution by Programmes and Sub-Programmes**

The recurrent sub-programmes with the highest levels of budget implementation, based on absorption rates, were: General administration, planning & support Services in the Department of Early Childhood Development Education & Vocational Training at 26 per cent, ward scholarship administration in the Department of Early Childhood Development Education & Vocational Training at 25 per cent, general administration, planning & support services in the Department of Agriculture at 18 per cent, and general administration, planning & support services in the Department of Trade at 15 per cent of the budget allocation. No development expenditures were reported by any programmes during the review period.

### **3.14.13 Accounts Operated in Commercial Banks**

Regulation 82(1)(b) of the PFM (County Governments) Regulations, 2015, requires that County Government bank accounts be opened and maintained at the Central Bank of Kenya. The only exemption applies to imprest bank accounts for petty cash and to revenue collection bank accounts.

Further, Regulation 82(4) of the Public Finance Management (PFM) Act requires accounting officers to obtain written authorisation from the County Treasury before opening a commercial bank account. Additionally, Regulation 82(5) of the Public Finance Management (County Governments) Regulations, 2015, requires the County Treasury to submit a copy of the letter authorising an accounting officer to open a commercial bank account to the Controller of Budget.

The County government uses commercial bank accounts to operate the above-established public funds, contrary to Regulation 82(1)(b) of the PFM (County Governments) Regulations, 2015, which requires that County government bank accounts must be opened and maintained at the Central Bank of Kenya.

The County Treasury did not submit copies of the authorisation letters to the Controller of Budget for the opening of commercial bank accounts, as required by Regulation 82(5) of the Public Finance Management (County Governments) Regulations, 2015.

### **3.14.14 Key Observations and Recommendations**

In the course of overseeing and reporting on the implementation of the County budget, the CoB identified the following challenges, which hampered effective budget implementation;

- i. The County Treasury's late submission of financial reports to the Controller of Budget affected the timely preparation of the budget implementation report, which was received on 27<sup>th</sup> October 2025
- ii. The underperformance of own-source revenue at Kshs.390.82 million against an annual target of Kshs.2.38 billion, representing 16 per cent of the financial year target.
- iii. Low development performance in the review period as the County incurred no expenditure on development activities.
- iv. Unspent funds from FY 2024/25 were not refunded into the CRF account, resulting in actual expenditures exceeding the approved exchequer in several departments, as shown in Table 3.169.
- v. High level of trade payables, which amounted to Kshs.9.69 billion as of 30 September 2025. Further, there was non-adherence to the payment plan for the trade payables by the County Treasury.
- vi. Use of manual payroll. Personnel emoluments amounting to Kshs.32.76 million for staff not onboarded into HRIS and casual staff were processed through manual payroll, accounting for 3 per cent of the total payroll cost. Manual payroll is prone to abuse and may result in the loss of public funds.

- vii. Non-submission of copies of authorisation letters for opening commercial bank accounts as per Regulation 82(5) of the Public Finance Management (County Governments) Regulations, 2015.

The County should implement the following recommendations to improve budget execution:

- i. *The County Treasury should ensure the timely preparation and submission of financial reports to the Office of the Controller of Budget per the timelines prescribed in Section 166 of the PFM Act, 2012.*
- ii. *The County should address its own-source revenue performance to ensure the approved budget is fully financed. Appropriate austerity measures should be implemented to ensure expenditure commitments are aligned with available revenue.*
- iii. *The County should implement strategies to increase development expenditures in FY 2025/26.*
- iv. *The County Treasury should ensure unspent funds from the previous financial year are deposited into the CRF Account in line with Section 136 of the PFM Act 2012.*
- v. *The County Leadership should address the situation of trade payables to ensure that genuine bills are paid promptly in the remaining financial year. Further, compliance with the Trade payables Action Plan should be enforced.*
- vi. *The Government requires that salaries be processed through the HRIS system, and the County is advised to fast-track the acquisition of Unified Personnel Numbers for their staff. The County Public Service Board should regulate staff engagement on contract and casual workers as provided under Section 74 of the County Governments Act 2012. Furthermore, strict adherence to the approved staff establishment should be maintained.*
- vii. *The County Treasury should ensure it submits copies of authorisation letters to OCoB for opening commercial bank accounts to enhance accountability and oversight.*

### **3.15. County Government of Kirinyaga**

#### **3.15.1 Overview of FY 2025/26 Budget**

The Kirinyaga County Approved Budget for FY 2025/26 is Kshs.8.01 billion. It comprises Kshs.2.84 billion (35 per cent) and Kshs.5.16 billion (65 per cent) allocation for development and recurrent programmes, respectively. The budget estimates represent an increase of Kshs.75.57 million (1 per cent) from the FY 2024/25 budget, which comprised a development budget of Kshs.2.99 billion and a recurrent budget of Kshs.4.93 billion. The increase in the budget was primarily attributed to the rise in Equitable Share of Revenue.

The budget is to be financed from various revenue sources. These include; the equitable share of revenue raised nationally of Kshs.6.15 billion (77 per cent), additional allocations of Kshs.1.05 billion (13 per cent), a cash balance of Kshs.34.61 million (0.43 per cent) brought forward from FY 2024/25, and Kshs.764.00 million (10 per cent) to be generated as own-source revenue. A breakdown of the additional allocations is shown in Table 3.170.

#### **3.15.2 Revenue Performance**

During the first Quarter of FY 2025/26, the County received Kshs.139.68 million in revenue. This amount represented an increase of 26.75 per cent compared to the amount received in a similar period in FY 2024/25 of Kshs.110.20 million. The total revenue consisted of Kshs.1478.21 million from the equitable share of revenue raised nationally, as well as own-source revenue (OSR) collection of Kshs.139.68 million. Additionally, the County had a cash balance of Kshs.34.61 million from FY 2024/25. The total OSR collection of Kshs.139.68 million included Facilities Improvement Financing (FIF) of Kshs.91.76 million, and Kshs.47.92 million from other OSR sources. Table 3.170 summarises the total revenue available to the County Government during FY 2025/26.

**Table 3.170: Kirinyaga County, Revenue Performance in FY 2025/26**

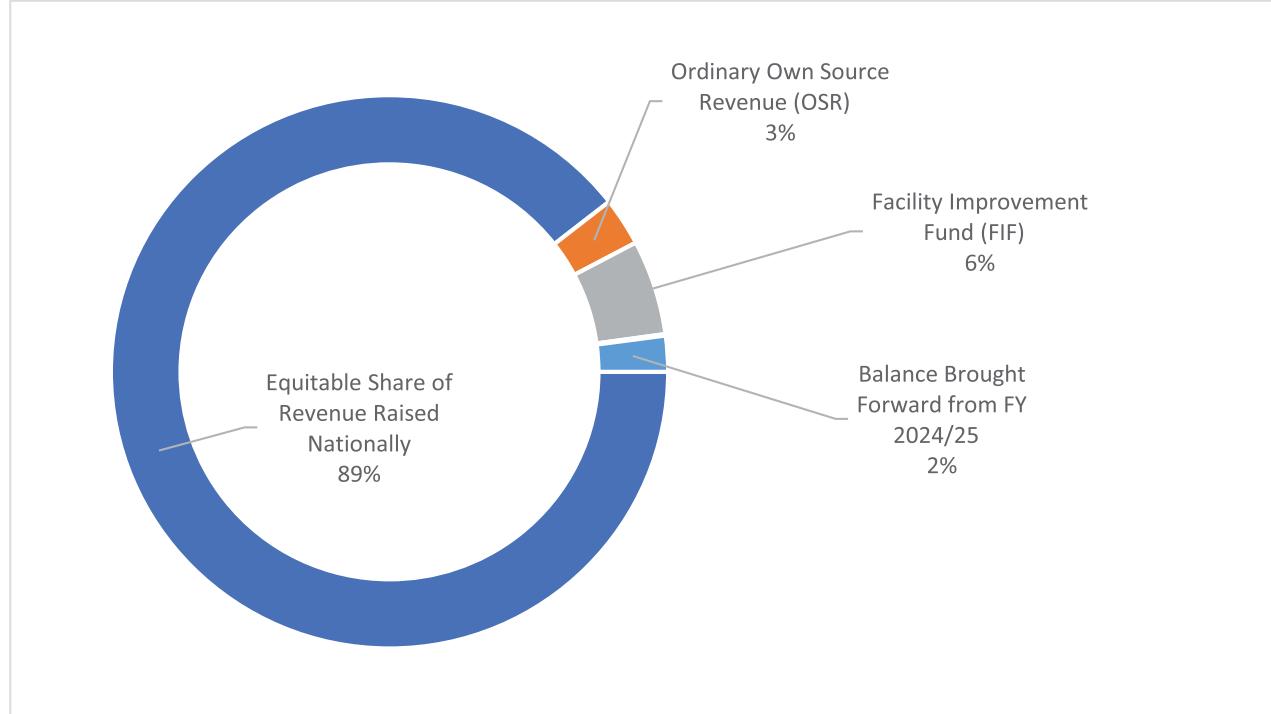

S/No.	Revenue Category	Budget Allocation (Kshs)	Actual Receipts (Kshs.)	Actual Receipts as Percentage of Budget Allocation (%)

Figure 82 provides a detailed breakdown of receipts, showing a breakdown of each shilling received.

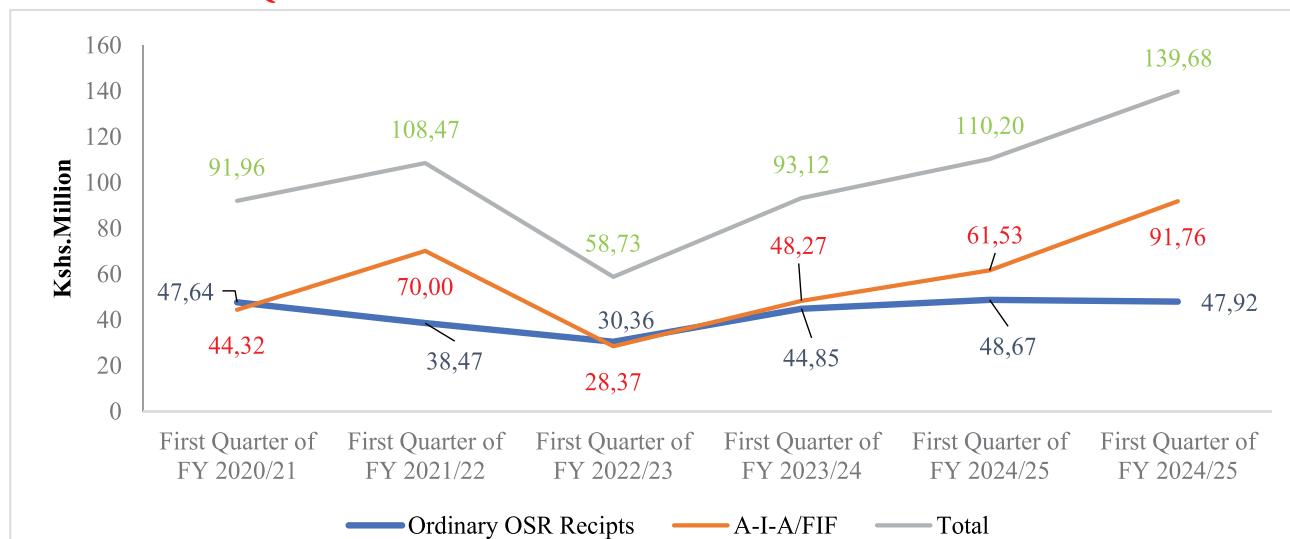

**Figure 82: Kirinyaga County Composition of Each Shilling Received in the First Quarter of FY 2025/26**

*Source: Kirinyaga County Treasury*

The equitable share of revenue raised nationally, FIF, and OSR contributed 89 per cent, 6 per cent, and 3 per cent, respectively, to total receipts for the reporting period. Figure 83 shows the collection trend in own-source revenue from the First Quarter of FY 2020/21 to the First Quarter of FY 2025/26.

**Figure 83: Kirinyaga County Trend in Own-Source Revenue Collection from the First Quarter of FY 2020/21 to the First Quarter of FY 2025/26**

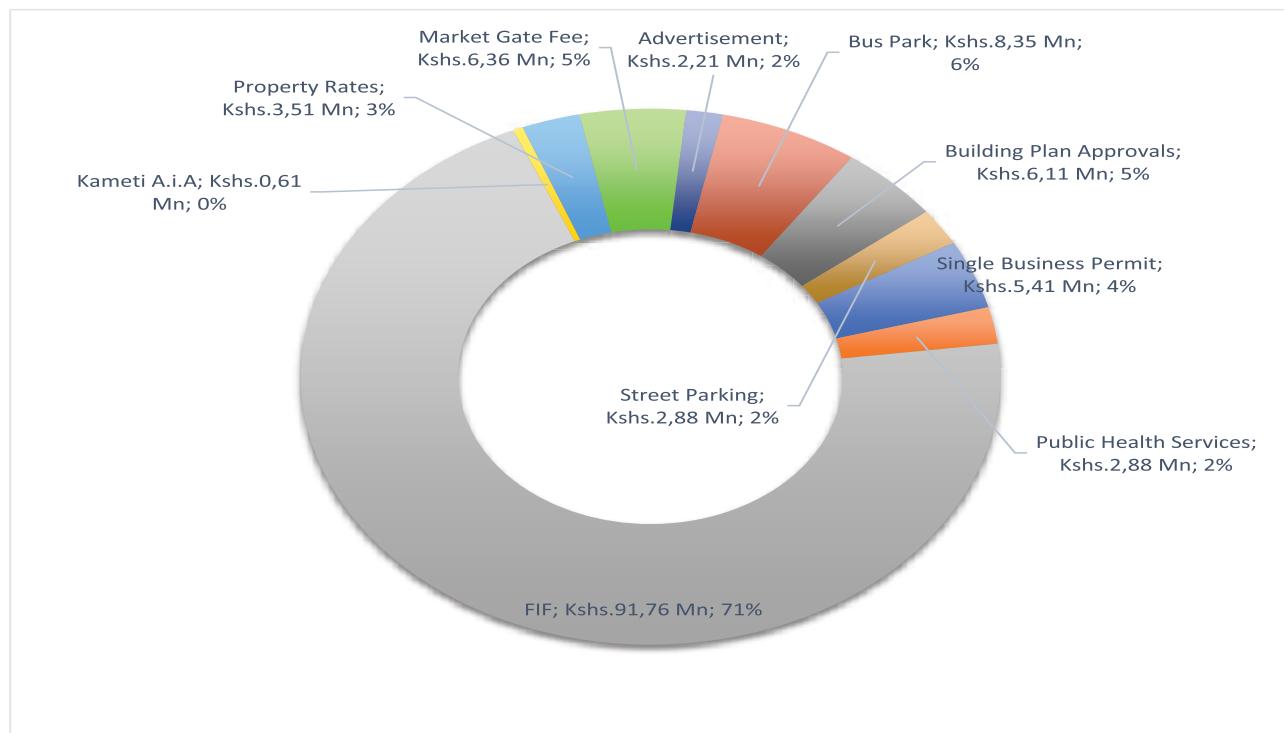

*Source: Kirinyaga County Treasury*

During the First Quarter of FY 2025/26, the County received Kshs.139.68 million from its revenue sources, including FIF. This amount was an increase of 26.75 per cent compared to Kshs.110.20 million realised in a similar period in FY 2024/25, and was 18.28 per cent of the annual target and 9.45 per cent of the equitable revenue share disbursed.

The increase in OSR was attributed to the full operation of the FIF financing act and a mapping exercise conducted of businesses within the County. The revenue streams which contributed the highest OSR receipts are shown in Figure 84.

**Figure 84: Kirinyaga County Top Own Source Revenue Streams in the First Quarter of FY 2025/26**

Source: Kirinyaga County Treasury

As shown in Figure 84, the highest revenue streams were from FIF (Kshs.91.76 million) and from Bus Park (Kshs.8.35 million), accounting for 71 per cent and 18 per cent of the total OSR receipts. The County Government indicated that it has automated 21 of 21 revenue streams.

### 3.15.3 Revenue Arrears

As of 1<sup>st</sup> July 2025, the County reported nil revenue arrears.

### 3.15.4 Borrowing by the County

Neither the Kirinyaga County Executive nor the Assembly has a credit facility with any bank.

### 3.15.5 Exchequers Approved

The Controller of Budget approved withdrawals of Kshs.868.57 million from the CRF account during the reporting period, which comprised Kshs.201.77 million (23 per cent) for development programmes and Kshs.666.80 million (77 per cent) for recurrent programmes. Analysis of the recurrent exchequers released indicates that Kshs.408.31 million was towards employee compensation and Kshs.258.47 million for operations and maintenance expenditure.

The operations and maintenance exchequer analysis indicates that 5.75 per cent was for domestic travel and 0.20 per cent for foreign travel. The domestic travel exchequer amounted to Kshs.14.85 million for the County Executive. The foreign exchequer totalled Kshs.0.51 million, entirely for the County Executive.

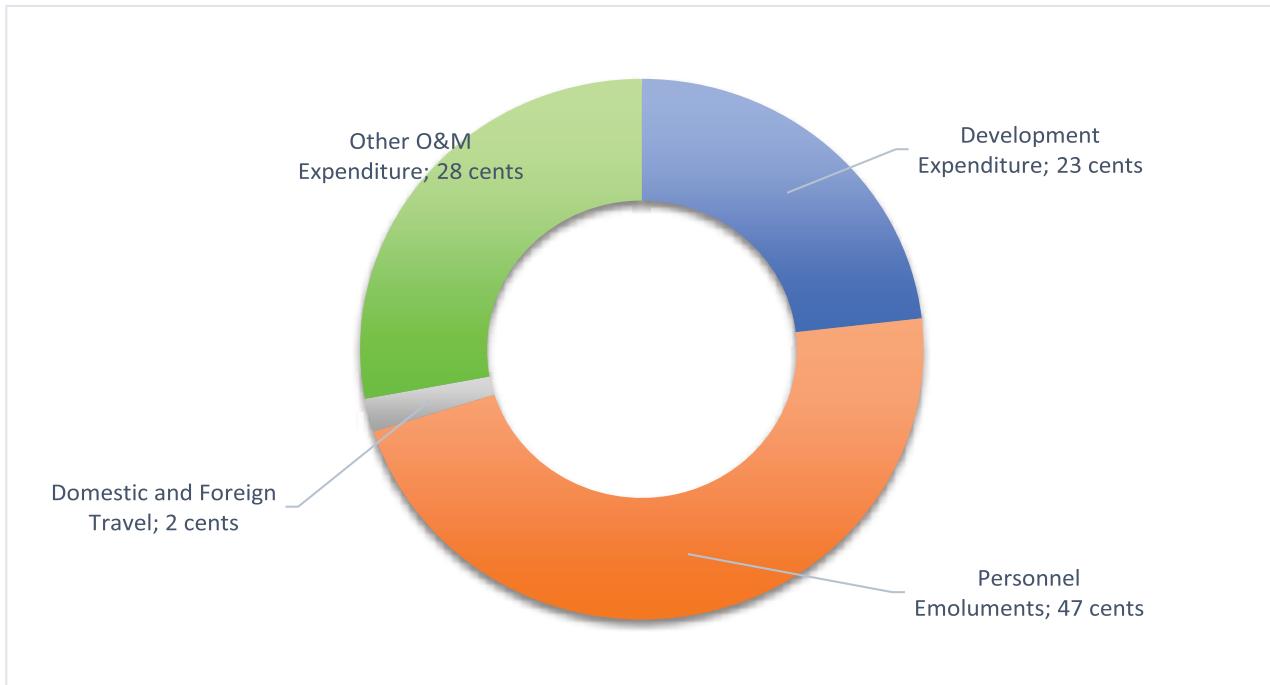

As of September 30, 2025, the County Government's cash balance in the CRF account was Kshs.569.49 million.

### 3.15.6 Expenditure Review

The County spent Kshs.868.57 million on development and recurrent programmes in the reporting period. The expenditure represented 100 per cent of the total funds released by the CoB. It comprised Kshs.201.77 million for development programmes and Kshs.666.80 million for recurrent programmes. Expenditure on development programmes represented an absorption rate of 8 per cent, while recurrent expenditure represented 15 per cent of the annual recurrent expenditure budget.

The following chart provides a detailed breakdown of expenditure, showing the relative composition of each shilling spent.

**Figure 85: Kirinyaga County Composition of Each Shilling Paid in the First Quarter of FY 2025/26**

**Source:** Kirinyaga County Treasury

As shown in Figure 85, the three highest expenditure categories were Personal Emoluments, Other O&M Expenditure, and Development Expenditure, which contributed 47 per cent, 28 per cent, and 23 per cent of total expenditure for the reporting period, respectively.

### 3.15.7 Settlement of Trade Payables

As of 1<sup>st</sup> July 2025, the County reported trade payables totalling Kshs.794.80 million. This amount was attributed to County Executive trade payables. The trade payables from the County Executive consisted of Kshs.417.62 million for recurrent expenditures and Kshs.377.18 million for development expenditures.

During the reporting period, the County Executive settled trade payables amounting to Kshs.29.72 million, comprising Kshs.28.52 million (96 per cent) for recurrent programmes and Kshs.1.20 million (4 per cent) for development programmes. The outstanding trade payables as of 30th September 2025 were Kshs.765.08 million for the County Executive. The County Assembly has no trade payables. Table 3.171 provides additional details of trade payables.

**Table 3.171: Kirinyaga County Trade Payables as of 30<sup>th</sup> September 2025**

		County Entity	Development (Kshs.)	Recurrent (Kshs.)	Total (Kshs.)
As at 1 July 2025 (End of FY 2024/25)	a	County Executive	377,177,533	417,623,727	794,801,261
Pending bills scheduled to be settled in Q1 of FY 2025/26 according to the action plan	b	County Executive	12,500,000	12,500,000	25,000,000
Amount paid in FY 2025/26	c	County Executive	1,200,110	28,516,253	29,716,363

### 3.15.8 Expenditure by Economic Classification

During the reporting period, the County Executive incurred Kshs.408.31 million for compensation of employees, Kshs.258.47 million for operations and maintenance, and Kshs.201.77 million for development activities. The County Assembly did not report any expenditure in the review, as shown Table 3.173

**Table 3.173: Kirinyaga County Summary of Budget and Expenditure by Economic Classification**

Expenditure Classification	Revised Budget (Kshs.)		Expenditure (Kshs.)		Absorption (%)	
	County Executive	County Assembly	County Executive	County Assembly	County Executive	County Assembly
<b>Total Recurrent Expenditure</b>	<b>4,446,764,901</b>	<b>717,134,062</b>	<b>666,799,806</b>		<b>15%</b>	
Compensation of Employees	2,700,961,274	333,624,824	408,313,746		15%

### 3.15.9 Expenditure on Compensation of Employees

During the period under review, the expenditure on employee compensation totalled Kshs.408.31 million. The percentage of compensation of employees to revenue was 9 per cent. This expenditure on employee compensation shows. a decrease compared to the Kshs.411.36 million reported in a similar period in FY 2024/25. Of this total, Kshs.207.52 million related to the Health Sector employees, which accounted for 50 per cent of the overall employees' compensation.

Figure 86 shows the trend in employees' compensation as a percentage of total revenue from the First Quarter of FY 2020/21 to the First Quarter of FY 2025/26.

**Figure 86: Percentage of Employee Compensation to Total Revenue Received from the First Quarter of FY 2020/21 to the First Quarter of FY 2025/26**

Source: Kirinyaga County Treasury

Further analysis indicated that PE costs amounting to Kshs.375.33 million were processed through the Human Resource Information System (HRIS). In contrast, Kshs.32.98 million was processed through manual payroll, which accounted for 8 per cent of the total PE cost.

The manual payroll comprised salaries for next of kin of deceased, salaries for an average of 600 casual staff, salaries and stipends for 853 community health promoters, gratuity remittances to pension schemes for staff on contract, and contracted guards budgeted under compensation of temporary employee Economic item, as shown in Table 3.174.

**Table 3.174: Breakdown of Kirinyaga County Manual Payroll**

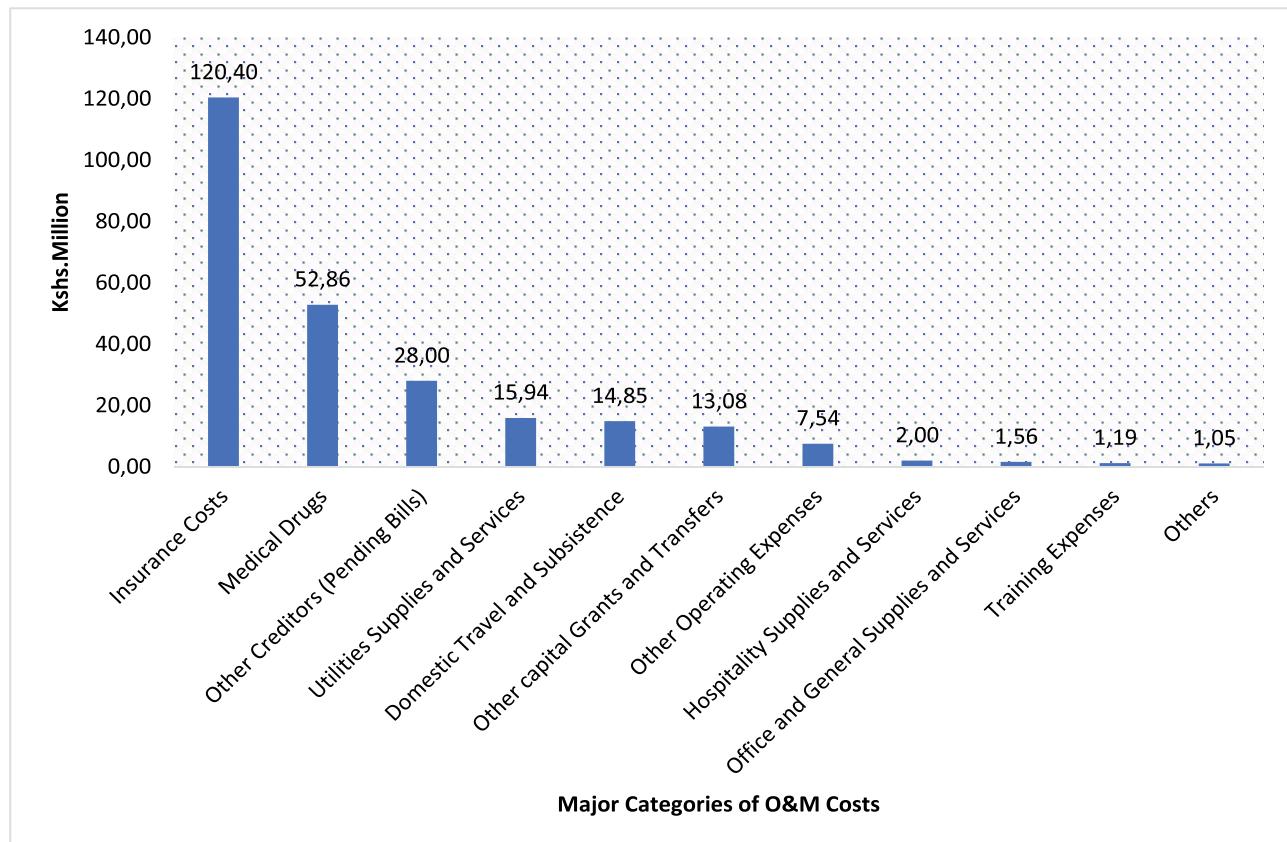

Sno.	Description of Manual Payroll	Amount (Kshs.)
	Salaries for Next of Kin of Deceased	33,712
	Salaries for casual staff	15,104,957
	Gratuity for contract staff	8,967,436
	Community Health Promoters	4,265,000
	Contracted Guards	2,808,800
	SHA/SHIF	1,805,842
	<b>Total</b>	<b>32,985,747</b>

Source: Kirinyaga County Treasury

### 3.15.10 Expenditure on Operations and Maintenance

During the reporting period, the County spent Kshs.258.47 million on operations and maintenance, representing an increase compared to a similar period in FY 2024/25, when the County spent Kshs.129.19 million. Figure 87 summarises the Operations and Maintenance expenditure by major categories.

**Figure 87: Kirinyaga County, Operations and Maintenance Expenditure by Major Categories**

Source: Kirinyaga County Treasury

### 3.15.11 Unbundling “Other Operating Expenses” Under Operations and Maintenance Expenditures

The budget performance report submitted to the Controller of Budget for the first quarter of FY 2025/26 shows that the County spent Kshs.7.54 million under “other Operating expenses” translates to 2.92 per cent of the cumulative operations and maintenance expenditure of Kshs.258.47 million. The disaggregated items under the “Other Operating Expenses” category are shown in Table 3.175.

**Table 3.175: Breakdown of “Other Operating Expenses” under O&M Expenditures**

Code	Item	Budget (Kshs)	Expenditure (Kshs.)
2211306	Membership Fees, Dues and Subscriptions to Professional and Trade Bodies (CoG & CEREB)	5,466,400	69,000
2211308	Legal Fees	37,500,000	0
2211311	Contracted technical Services	300,000	0
2211313	Security Operations	18,970,000	1,527,300
	<b>Total</b>	<b>62,236,400</b>	<b>1,596,300</b>

Source: Kirinyaga County Treasury

### 3.15.12 County-Established Funds

Section 116 of the PFM Act 2012 allows County Governments to establish other public funds, subject to approval from the County Executive Committee and the County Assembly. The County allocated Kshs.508.35 million to County-Established funds in FY 2025/26, or 6.35 per cent of the County’s overall budget. Further, the County allocated Kshs.26.00 million to the Emergency Fund (less than 1 per cent of the total budget) in line with Section 110 of the PFM Act, 2012. Table 3.176 summarises each established Fund’s budget allocation and performance during the reporting period.

**Table 3.176: Performance of Kirinyaga County Established Funds in the First Quarter of FY 2025/26**

S/No.	Name of the Fund	Year Es-tablished	Approved Budget Allocation in FY 2025/26 (Kshs.)	Exchequer Issues in First Quar-ter of FY 2025/26 (Kshs.)	Actual Expen-diture in the First Quarter of FY 2025/26 (Kshs.)	Cumulative disbursements to the Fund (Kshs)	Submis-sion of Financial Statements (Yes/No.)
		<b>County Executive Established Funds</b>

	<b>Total</b>		<b>507,849,000</b>	<b>92,368,852</b>	<b>39,700,225</b>	<b>1,138,898,534</b>	

Source: *Kirinyaga County Treasury*

During the reporting period, the CoB received all quarterly financial reports from all Fund Administrators, as indicated in Table 3.176, contrary to the requirement of Section 168 of the PFM Act, 2012. The County disclosed that no administration costs of the Funds were above the 3 per cent limit of the Fund budget set in Regulation 197(1)(d) of the Public Finance Management (County Governments) Regulations, 2015.

Regulation 197(1)(i) of the Public Finance Management (County Governments) Regulations, 2015, allows County Governments to establish public funds with a lifespan capped at 10 years unless extended by the County Assembly. During the review period, the CoB determined that the Funds' lifespan had not lapsed.

### 3.15.13 County Corporations

The County has two County Corporations, which were allocated Kshs.55.50 million in FY 2025/26. There was no expenditure for the review period, as shown in Table 3.177.

**Table 3.177: Performance of Kirinyaga County Corporations in the First Quarter of FY 2025/26**

S/No.	Name of the Corporation	Approved Budget Allocation in FY 2025/26 (Kshs.)	Exchequer Issues (Kshs.)	Actual Trans-fers in FY 2025/26 (Kshs.)	Cumulative Transfers to the Corporation since its inception (Kshs.)

### 3.15.14 Expenditure on Domestic and Foreign Travel

Expenditure on domestic travel amounted to Kshs.15.37 million incurred by the County Executive. Expenditure on foreign travel amounted to Kshs.0.51 million by the County Executive. Expenditure on foreign travel is summarised in Table 3.178.

**Table 3.178: Summary of Expenditure on Foreign Travel in the First Quarter of FY 2025/26**

Arm of County Government	Number of Officers Travelled	Date travelled	Purpose of the travel	Destination	Total Costs of the Travel in (Kshs.)
County Executive	1	21.06.2025 to 01.07.2025	Being payment for the facilitation to accompany H.E. Governor to Medanta Medicity, India	India	513,252
<b>Total</b>					<b>513,252</b>

Source: Kirinyaga County Treasury and Kirinyaga County Assembly

### 3.15.15 Facility Improvement Financing

During the review period, the County reported collections of Kshs.91.76 million as FIF, which was 30.08 per cent of the annual target of Kshs.305.00 million. The collected amount was retained and utilised at source in line with the Facility Improvement Financing Act, 2023. The County has developed regulations to operationalise the FIF Act of 2023.

The expenditure by the health facilities amounted to Kshs.34.90 million, as shown in Table 3.179.

**Table 3.179: Kirinyaga County Health Facilities Expenditure Performance in FY 2025/26**

No.	Health Facility	Number of Facilities	Approved Budget (Kshs.)	Actual Expenditure (Kshs.)	Absorption rate (%)

Source: Kirinyaga County Treasury

### 3.15.16 Development Expenditure

In the review period, the County reported spending Kshs.201.77 million on development programmes, representing a decrease of 46.69 per cent compared to FY 2024/25, when the County spent Kshs.378.49 million. Table 3.180 summarises the development projects with the highest expenditure in the reporting period.

The decline in development expenditure was attributed to the late equitable share of revenue disbursement and the enforcement of compliance with the mandatory use of the electronic government procurement system (eGPs).

**Table 3.180: Kirinyaga County, List of Development Projects with the Highest Expenditure**

No.	Sector	Project Name	Project Location	Expected Completion Date	Contract sum (Kshs)	Amount paid (Kshs.)	Cumulative Expenditure as of 30 September 2025	Implementation status (%)

Source: Kirinyaga County Treasury

Analysis of expenditure by departments shows that the Department of Medical Services and Public Health recorded the highest absorption rate of development budget at 17 per cent, followed by the Department of Transport and Infrastructure at 11 per cent. The Department of Finance and Economic Planning had the highest recurrent expenditure-to-budget ratio at 28 per cent, while the Department of Lands, Housing and Urban Development had the lowest at 5 per cent.

The low budget performance (absorption rate) was due to the delayed disbursement of the equitable share of revenue from the national government.

### **3.15.18 Budget Execution by Programmes and Sub-Programmes**

The recurrent sub-programmes with the highest levels of budget implementation, based on absorption rates, were: Environment Management and Protection in the Department of Environment and Natural Resources at 84 per cent, Improvement and Development of Human Settlements in the Department of Transport and Infrastructure at 39 per cent, and Cooperative Education and Training in the Department of Cooperative Development Trade and Tourism at 41 per cent of the budget allocation. Conversely, the development sub-programmes with the highest levels of budget implementation, based on absorption rates, were: Construction and maintenance of Roads and Bridges in the Department of Transport and Infrastructure at 11 per cent, Water and Irrigation in the Department of Environment and Natural Resources at 8 per cent, Curative and Rehabilitative Services in the Department of Medical Services and Public Health at 17 per cent, and Finance Services at 1 per cent of the budget allocation.

### **3.15.19 Accounts Operated in Commercial Banks**

Regulation 82(1)(b) of the PFM (County Governments) Regulations, 2015, requires that County Government bank accounts be opened and maintained at the Central Bank of Kenya. The only exemption applies to imprest bank accounts for petty cash and to revenue collection bank accounts.

Further, Regulation 82(4) of the Public Finance Management (PFM) Act requires accounting officers to obtain written authorisation from the County Treasury before opening a commercial bank account. Additionally, Regulation 82(5) of the Public Finance Management (County Governments) Regulations, 2015, requires the County Treasury to submit a copy of the letter authorising an accounting officer to open a commercial bank account to the Controller of Budget.

The County Government operated 305 accounts in commercial banks, including 261 accounts for Health Facilities these include 140 accounts for FIF Fund, 64 accounts for Danida grant and 57 accounts for Linda Mama, 21 accounts for Vocational Training Centres, 6 accounts for Established Funds, 11 revenue accounts, 6 special-purpose accounts (additional allocations).

The County Treasury submitted copies of the authorisation letters to the Controller of Budget for the opening of all commercial bank accounts, as per Regulation 82(5) of the Public Finance Management (County Governments) Regulations, 2015.

### **3.15.20 Key Observations and Recommendations**

In the course of overseeing and reporting on the implementation of the County budget, the CoB identified the following challenges, which hampered effective budget implementation;

- i. The County Treasury's late submission of financial reports for Kirinyaga County Bursary Fund to the Controller of Budget affected the timely preparation of the budget implementation report, which was received on 30<sup>th</sup> October 2025.
- ii. The ordinary own-source revenue underperformed at Kshs46.45 million against an annual target of Kshs.399 million, representing 12 per cent of the financial year target against an expected performance of 25 per cent.
- iii. Low development performance in the review period as the County incurred Kshs.201.77 million on development activities, achieving an 8 per cent absorption rate against an expected performance of 25 per cent.
- iv. Fund Administrators failed to submit quarterly financial and non-financial reports to the CoB within

- the timelines provided by law, which is against the requirement of Section 168 of the PFM Act, 2012. The reports for the Kirinyaga County Bursary Fund, Kirinyaga County Car loan & Mortgage Scheme Fund and Kirinyaga County Alcoholic Fund were not submitted to the CoB as of 15 October 2025.
- v. High level of trade payables, which amounted to Kshs.765.08 million as of 30 September 2025.
  - vi. Use of manual payroll. Personnel emoluments amounting to Kshs.32.95 million for 605 Casual staff not onboarded into HRIS were processed through manual payroll, accounting for 8 per cent of the total payroll cost. Manual payroll is prone to abuse and may result in the loss of public funds.

The County should implement the following recommendations to improve budget execution:

- i. *The County Treasury should ensure the timely preparation and submission of financial reports to the Office of the Controller of Budget per the timelines prescribed in Section 166 of the PFM Act, 2012.*
- ii. *The County should address its own-source revenue performance to ensure the approved budget is fully financed. Appropriate austerity measures should be implemented to ensure expenditure commitments are aligned with available revenue.*
- iii. *The County should implement strategies to increase development expenditures in FY 2025/26.*
- iv. *The CECMF should follow up to ensure Fund Administrators prepare and submit statutory reports in line with the PFM Act, 2012.*
- v. *The County Leadership should address the situation of trade payables to ensure that genuine bills are paid promptly in the remaining financial year. Further, compliance with the Trade Payables Action Plan should be enforced.*
- vi. *The Government requires that salaries be processed through the HRIS system, and the County is advised to fast-track the acquisition of Unified Personnel Numbers for their staff. The County Public Service Board should regulate staff engagement on contract and casual workers as provided under Section 74 of the County Governments Act 2012. Furthermore, strict adherence to the approved staff establishment should be maintained.*

### **3.16. County Government of Kisii**

#### **3.16.1 Overview of FY 2025/26 Budget**

The Kisii County Approved Budget for FY 2025/26 is Kshs.18.58 billion. It comprises Kshs.7.20 billion (39 per cent) and Kshs.11.39 billion (61 per cent) allocation for development and recurrent programmes, respectively. The budget estimates represent an increase of Kshs.4.05 billion (28 per cent) from the FY 2024/25 budget, which comprised a development budget of Kshs.5.51 billion and a recurrent budget of Kshs.9.02 billion. The increase in the budget was primarily due to rising local revenue target.

The budget is to be financed from various revenue sources. These include the equitable share of revenue raised nationally, amounting to Kshs.9.72 billion (52 per cent), additional allocations of Kshs.835.83 million (5 per cent), a cash balance of Kshs.5.41 billion (29 per cent) brought forward from FY 2024/25, Facility Improvement Fund of Kshs.1.75 billion (9 per cent), and Kshs.865 million (5 per cent) to be received as own-source revenue. A breakdown of the additional allocations is shown in Table 3.182.

#### **3.16.2 Revenue Performance**

During the first Quarter of FY 2025/26, the County received Kshs.4.93 billion in revenue. This amount represented an increase of 22.8 per cent compared to the amount received in a similar period in FY 2024/25 of Kshs.4.02 billion. The total revenue consisted of Kshs.1.58 billion from the equitable share of revenue raised nationally, as well as the own-source revenue (OSR) collection of Kshs.308.81 million. Additionally, the County had a cash balance of Kshs.3.05 billion from FY 2024/25. The total OSR collection of Kshs.308.81 million included Facility Improvement Financing (FIF) of Kshs.230.20 million, Kshs.1.66 million from liquor licensing, and Kshs.76.94 million from local revenue collection. Table 3.182 summarises the total revenue available to the County Government during FY 2025/26.

Figure 88 provides a detailed breakdown of receipts, showing a breakdown of each shilling received.

**Figure 88: Kisii County Composition of Each Shilling Received in the First Quarter of FY 2025/26**

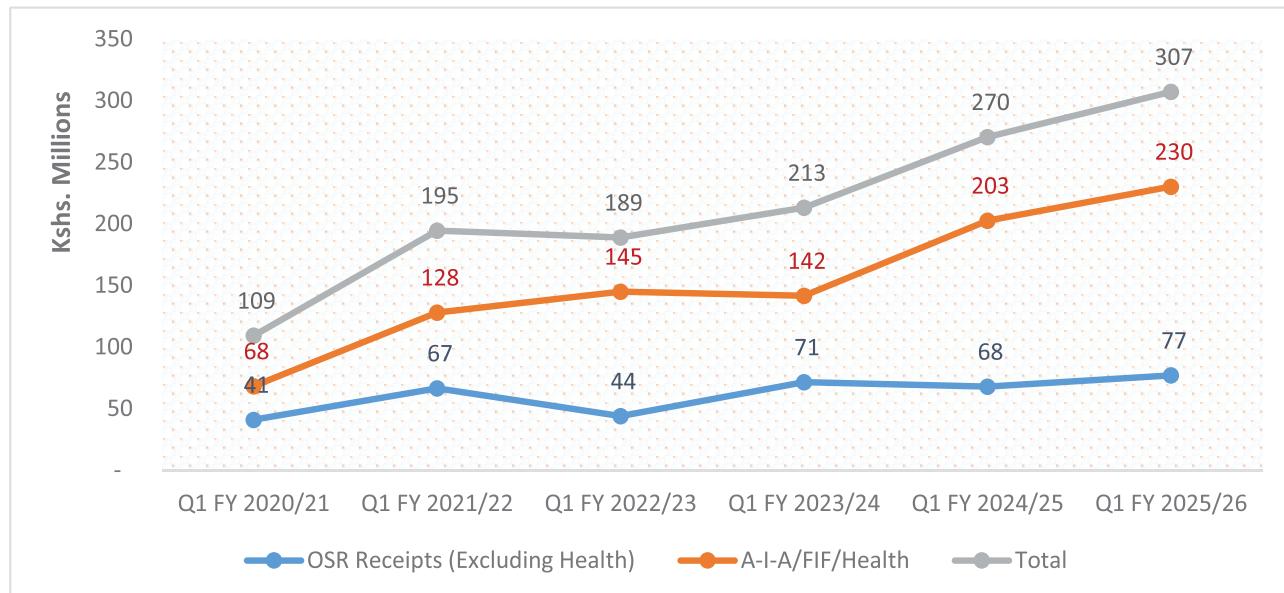

Source: Kisii County Treasury

The balance brought forward, along with the equitable share of revenue raised nationally and revenue from Kisii Teaching and Referral Hospital, contributed 62 per cent, 32 per cent, and 4 per cent, respectively, of the total revenue for the reporting period.

Figure 89 shows the collection trend in own-source revenue from the First Quarter of FY 2020/21 to the First Quarter of FY 2025/26.

**Figure 89: Kisii County Trend in Own-Source Revenue Collection from the First Quarter of FY 2020/21 to the First Quarter of FY 2025/26**

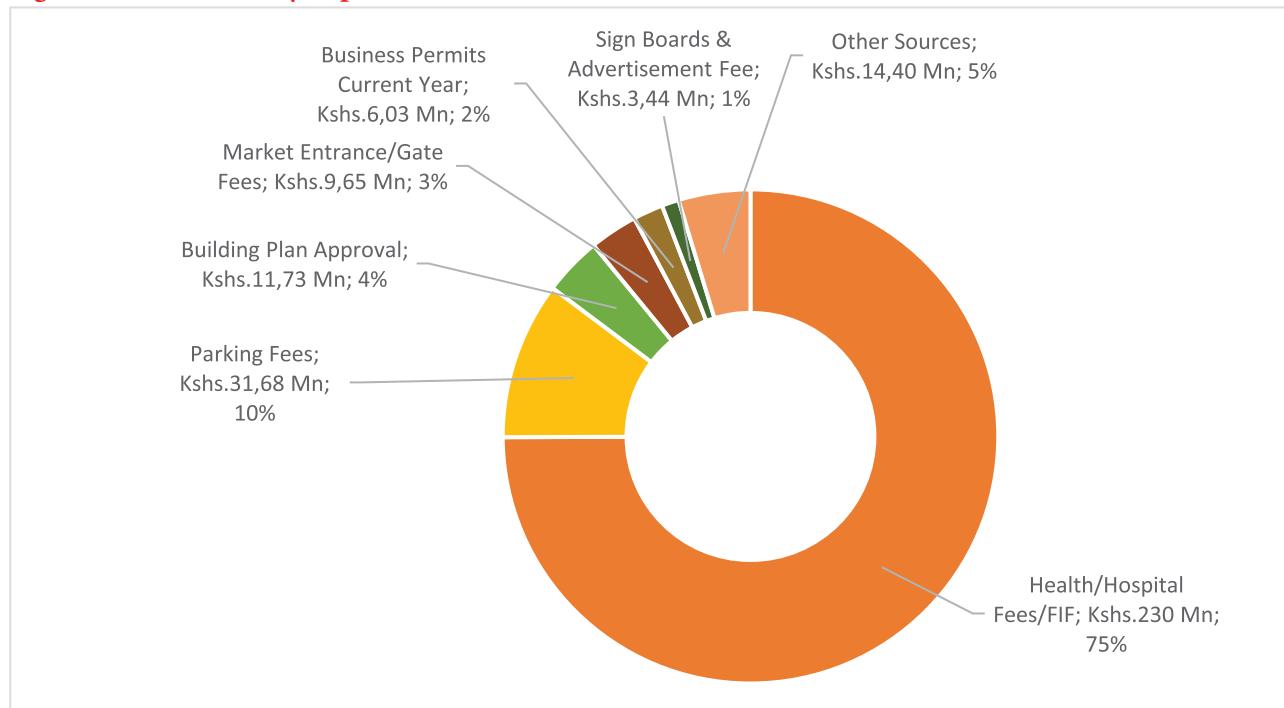

Source: Kisii County Treasury

During the First Quarter of FY 2025/26, the County received Kshs.307 million from its revenue sources, including FIF. This amount was an increase of 14 per cent compared to Kshs.270 million realised in a similar period in FY 2024/25, which was 12 per cent of the annual target and 19 per cent of the equitable revenue share disbursed.

The increase was attributed to the deployment of additional enforcement personnel at revenue collection outlets and the introduction of penalties for vendors/clients operating without licences and for late payments.

The revenue streams that contributed the most to OSR receipts are shown in Figure 90.

**Figure 90: Kisii County Top Own Source Revenue Streams in the First Quarter of FY 2025/26**

Source: Kisii County Treasury

As shown in Figure 90, the highest revenue stream, at Kshs.230.20 million, was from Health/Hospital Fees/FIF,

accounting for 75 per cent of the total OSR receipts. The County Government indicated that it has automated all 22 revenue streams.

### 3.16.3 Revenue Arrears

As of 1<sup>st</sup> July 2025, the County reported revenue arrears of Kshs.943.06 million, this amount increased to Kshs.1.79 billion as of September 30, 2025. Table 3.2 presents a breakdown of the County's revenue arrears.

**Table 3.183: Kisii County Revenue Arrears as of 30 September 2025**

	<b>Total</b>	<b>943,062,056</b>	—	<b>53,586,738</b>	<b>900,215,932</b>	<b>1,789,691,250</b>

**Source:** Kisii County Treasury

As of 30 September 2025, the revenue arrears totalled to Kshs.1.79 billion, comprising Kshs.785.58 million for Equitable share of revenue raised nationally for September 2025 (44 per cent), Kshs.620.50 for Ordinary Source Revenue (Land Rate) (35 per cent), Kshs.383.62 million for Facility improvement fund (FIF) (21 per cent). The measures instituted by the County to collect the outstanding arrears in FY 2025/26 include enhanced enforcement through the issuance of demand notices. A task force has been formed to examine uncollectible arrears and issue a report on the matter.

### 3.16.4 Exchequers Approved

The Controller of Budget approved withdrawals of Kshs.1.66 billion from the CRF account during the reporting period, which comprised Kshs.103.34 million (6 per cent) for development programmes and Kshs.1.56 billion (94 per cent) for recurrent programmes. Analysis of the recurrent exchequers released indicates that Kshs.1.48 billion was towards employee compensation and Kshs.81.46 million for operations and maintenance expenditure.

The operations and maintenance exchequer analysis indicate that 38 per cent was for domestic travel. The domestic travel exchequer was for the County Assembly.

As of September 30, 2025, the County Government's cash balance in the CRF account was Kshs.3.02 billion.

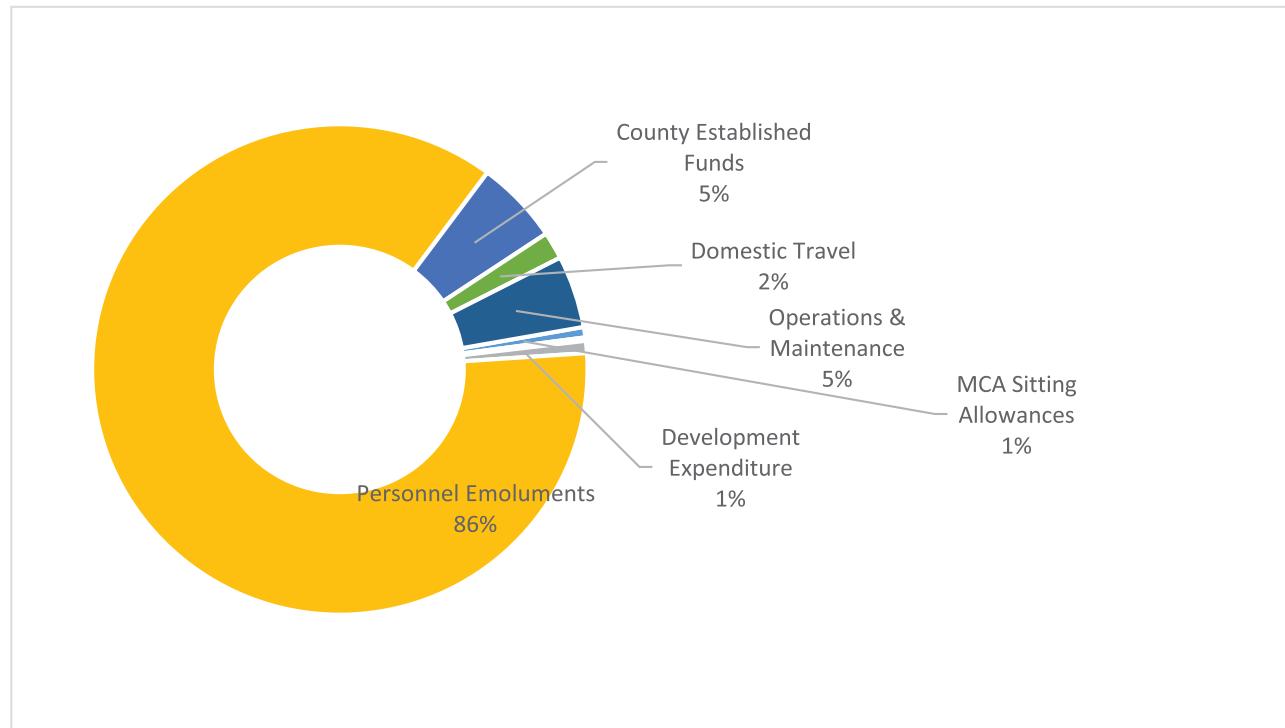

### 3.16.5 Expenditure Review

The County spent Kshs.1.57 billion on development and recurrent programmes in the reporting period. The expenditure represented 95 per cent of the total funds released by the CoB. It comprised Kshs.13.67 million for development programmes and Kshs.1.56 billion for recurrent programmes. Expenditure on development

programmes accounted for less than 1 per cent, while recurrent expenditure accounted for 14 per cent of the annual recurrent expenditure budget.

Figure 91 provides a detailed breakdown of expenditure, showing the relative composition of each shilling spent.

**Figure 91: Kisii County Composition of Each Shilling Paid in the First Quarter of FY 2025/26**

**Source:** Kisii County Treasury

As shown in Figure 91, the three highest expenditure categories were; Personnel Emoluments, Operations and Maintenance, and County Established Funds, which contributed 86 per cent, 5 per cent, and 5 per cent of the total expenditure for the reporting period.

### 3.16.6 Settlement of Trade Payables

As of 1<sup>st</sup> July 2025, the County reported trade payables totalling Kshs.1.40 billion. This amount included Kshs.1.36 billion from the County Executive and Kshs.44.13 million from the County Assembly. The trade payables from the County Executive totalled Kshs.963.06 million for recurrent expenditures and Kshs.394.63 million for development expenditures.

During the reporting period, the County Executive settled trade payables amounting to Kshs.452.73 million for recurrent programmes. On the other hand, the County Assembly did not settle any trade payables during the reporting period. The outstanding trade payables as of 30th September 2025 were Kshs.904.96 million for the County Executive and Kshs.44.13 million for the County Assembly. Table 3.184 provides additional details of trade payables.

Source: Kisii County Treasury

The County Executive and the Assembly submitted a trade payables payment plan, committing to pay Kshs.815.77 million and Kshs.35.57 million, respectively, in FY 2025/26. The County did not adhere to this payment plan, as it only made payments of Kshs.452.73 million for recurrent under the County Executive in the first quarter.

Table 3.185 and Table 3.186 present the ageing of the total outstanding bills as of 30 September 2025 for the County Executive and Assembly, which were Kshs.949.09 million.

**Table 3.185: Kisii County Executive Trade Payables Ageing Analysis as of 30 September 2025**

Source: Kisii County Treasury

The County Assembly reported trade payables ageing over one year of Kshs.400,000 as shown above, accounting for 1 per cent of the total trade payables of Kshs.44.13 million. Additionally, the County Assembly also re-

ported trade payables ageing under one year of Kshs.43.73 million accounting for 99 per cent of the total trade payables of Kshs.44.13 million.

### 3.16.7 Expenditure by Economic Classification

During the reporting period, the County Executive incurred Kshs.1.37 billion for compensation of employees, Kshs.45.50 million for operations and maintenance, and Kshs.13.67 million for development activities. Similarly, the County Assembly spent Kshs.107.51 million on compensation of employees, and Kshs.35.95 million on operations and maintenance, as shown in Table 3.187.

**Table 3.187: Kisii County Summary of Budget and Expenditure by Economic Classification**

Expenditure Classification	Approved Budget (Kshs.)		Expenditure (Kshs.)		Absorption (%)	
	County Executive	County Assembly	County Executive	County Assembly	County Executive	County Assembly

### 3.16.8 Expenditure on Compensation of Employees

During the period under review, the expenditure on employee compensation totalled Kshs.1.48 billion. The compensation-to-revenue ratio was 31 per cent of the available revenue of Kshs.4.93 billion. This expenditure on employee compensation shows an increase compared to the Kshs.983.81 million reported in a similar period in FY 2024/25. Of this total, Kshs.612.60 million was related to Health Sector employees, accounting for 42 per cent of the overall employees' compensation.

Figure 92 shows the trend in employees' compensation as a percentage of total revenue from the First Quarter of FY 2020/21 to the First Quarter of FY 2025/26.

**Figure 92: Percentage of Employee Compensation to Total Revenue Received from the First Quarter of FY 2020/21 to the First Quarter of FY 2025/26**

Source: Kisii County Treasury

As shown in Figure 92, the County Assembly allocated between 70 per cent and 63 per cent of its revenue received in the first quarters of FY 2020/21 to FY 2025/26 to employee compensation. In the first quarter of FY

2025/26, the Assembly apportioned 61 per cent towards the same. The County Executive apportioned between 52 and 23 per cent of its revenue towards employee compensation, with the drop to 23 per cent in the first quarter of FY 2025/26 attributed to the large balance brought forward from FY 2024/25.

Further analysis revealed that PE costs totalling Kshs.1.48 billion were processed through the Human Resource Information System (HRIS). In contrast, Kshs.10.61 million was processed through manual payroll, which accounted for 1 per cent of the total PE cost.

The manual payroll included salaries for gratuity remittances to pension schemes for staff on contract, as well as LAPTRUST/LAPFUND Pension Contributions, as shown in Table 3.188.

**Table 3.188: Breakdown of Kisii County Manual Payroll**

Sno.	Description of Manual Payroll	Amount (Kshs.)
	Gratuity for contract staff	10,612,499
	<b>Total</b>	<b>10,612,499</b>

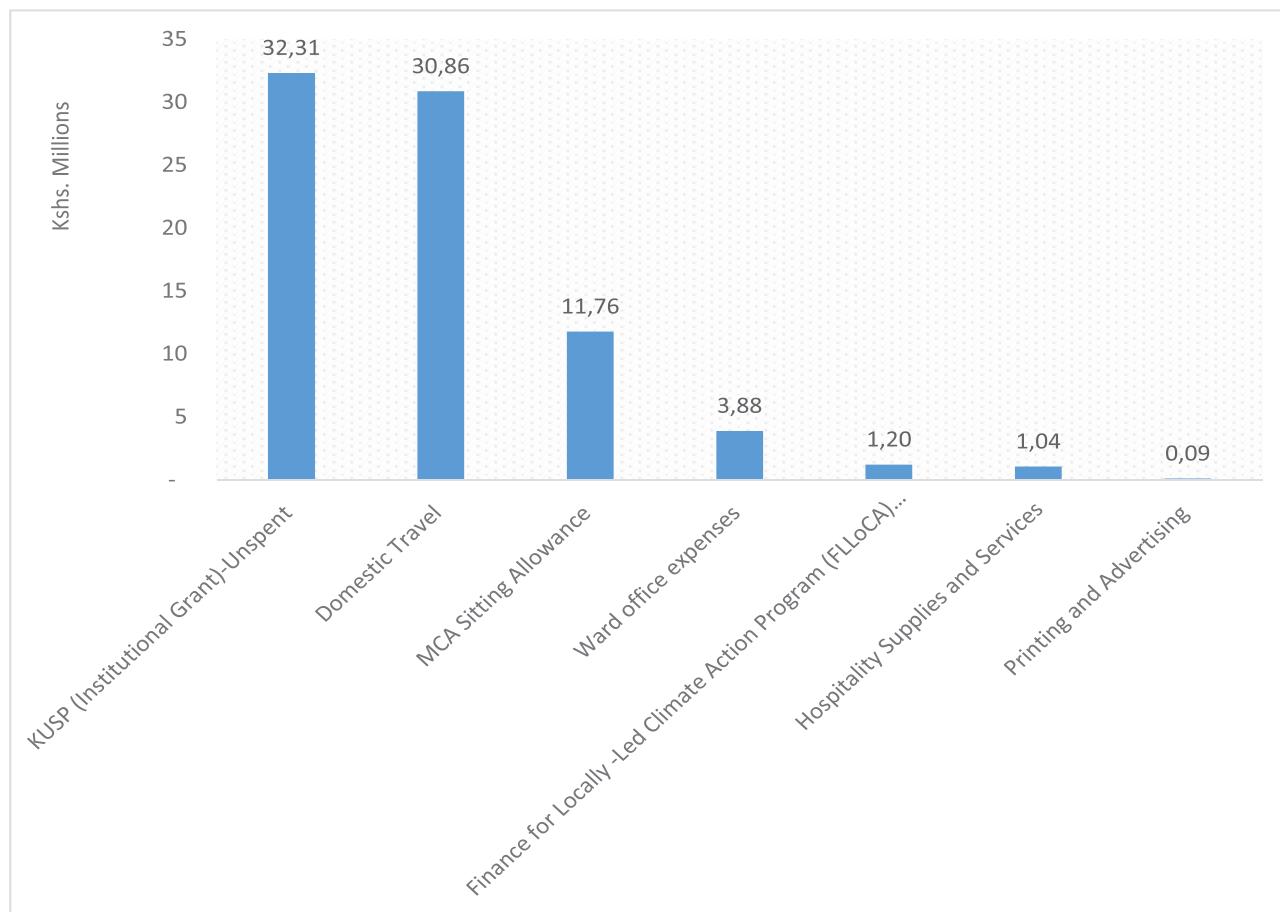

*Source: Kisii County Treasury*

The County Assembly spent Kshs.11.76 million on committee sitting allowances for the 71 MCAs against the annual budget allocation of Kshs.65 million. The average monthly sitting allowance was Kshs.55,225 per MCA. The County Assembly has 20 House Committees.

### 3.16.9 Expenditure on Operations and Maintenance

During the reporting period, the County spent Kshs.165.62 million on operations and maintenance, representing an increase of 18 per cent compared to a similar period in FY 2024/25, when the County spent Kshs.140.82 million. Figure 93 summarises the Operations and Maintenance expenditure by major categories.

**Figure 93: Kisii County, Operations and Maintenance Expenditure by Major Categories**

### 3.16.10 County-Established Funds

Section 116 of the PFM Act 2012 allows County Governments to establish other public funds, subject to approval from the County Executive Committee and the County Assembly. The County allocated Kshs.1.85 billion to County-established funds in FY 2025/26, or 10 per cent of the County's overall budget. Furthermore, the County allocated Kshs.100 million to the Emergency Fund (1 per cent of the total budget) in line with Section 110 of the PFM Act, 2012. Table 3.189 summarises each established Fund's budget allocation and performance during the reporting period.

**Table 3.189: Performance of Kisii County Established Funds in the First Quarter of FY 2025/26**

S/No.	Name of the Fund	Year Established	Approved Budget Allocation in FY 2025/26 (Kshs.)	Exchequer Issues in First Quarter of FY 2025/26 (Kshs.)	Actual Expenditure in the First Quarter of FY 2025/26 (Kshs.)	Cumulative disbursements to the Fund (Kshs)	Submission of Financial Statements (Yes/No.)
<b>County Executive Established Funds</b>

	Liquor Licensing Fund	2015	50,000,000	—	—	—	Yes
	Total		1,850,000,000		189,300,280	131,601,911	

Source: *Kisii County Treasury*

Regulation 197(1)(i) of the Public Finance Management (County Governments) Regulations, 2015, allows County Governments to establish public funds with a lifespan capped at 10 years unless extended by the County Assembly. In FY 2025/26, the CoB established that the lifespan of the Health Fund (KTRH) had lapsed.

### 3.16.11 County Corporations

The County has one County Corporations, which was allocated Kshs.1.3 billion in FY 2025/26. There was no expenditure in the period under review as shown in Table 3.190.

**Table 3.190: Performance of County Corporations in the First Quarter of FY 2025/26**

S/No.	Name of the Corporation	Approved Budget Allocation in FY 2025/26 (Kshs.)	Exchequer Issues (Kshs.)	Actual Transfers in FY 2025/26 (Kshs.)	Cumulative Transfers to the Corporation since its inception (Kshs.)

### 3.16.12 Expenditure on Domestic and Foreign Travel

Expenditure on domestic travel amounted to Kshs.30.86 million, spent by the County Assembly. There was no expenditure on foreign travel.

### 3.16.13 Facility Improvement Financing

During the review period, the County reported collections of Kshs.230.20 million as FIF, which was 14 per cent of the annual target of Kshs.1.7 billion. The collected amount was retained and utilised at source in line with the Facility Improvement Financing Act, 2023. The County has developed regulations to operationalise the FIF Act of 2023. The expenditure by the health facilities amounted to Kshs.260.69 million, as shown in Table 3.191.

**Table 3.191: Kisii County Health Facilities Expenditure Performance in FY 2025/26**

No.	Health Facility	Number of Facilities	Approved Budget (Kshs.)	Actual (Kshs.)	Expenditure	Absorption rate (%)

*Source:* Kisii County Treasury

### 3.16.14 Development Expenditure

During the review period, the County reported spending Kshs.13.67 million on development programmes, compared to FY 2024/25, when the County did not report any expenditure on development. Table 3.192 summarises the development projects with the highest expenditure in the reporting period.

**Table 3.192: Kisii County, List of Development Projects with the Highest Expenditure**

No.	Sector	Project Name	Project Location	Expected Completion Date	Contract sum (Kshs)	Amount paid in FY 2025/26 (Kshs.)	Cumulative Expenditure as of 30 September 2025	Implementation status (%)
	Agriculture, Livestock, Fisheries and Co-operative Development	National Agricultural Value Chain Development Project (WB Contribution)	All wards	—	—	4,676,050	4,676,050	2%

Source: Kisii County Treasury

Analysis of expenditure by departments shows that the Department of Agriculture and Co-operative Development recorded the highest absorption rate of development budget at 1 per cent, followed by the Department of Energy, Water, Environment and Natural Resources at less than 1 per cent. The Department of Agriculture and Co-operative Development had the highest percentage of recurrent expenditure to budget at 22 per cent, while the Department of Ogembo Municipality had the lowest at 7 per cent.

### 3.16.16 Budget Execution by Programmes and Sub-Programmes

The development sub-programmes with the highest levels of budget implementation, based on absorption rates, were: Crop Development in the Department of Agriculture and Livestock Development at 2 per cent, and Maintenance and Enhancement of Vegetation Cover in the Department of Energy, Water, Environment and Natural Resources at 1 per cent, of the budget allocation. Conversely, the recurrent sub-programmes with the highest levels of budget implementation, based on absorption rates, were: Human Resource Management in the Department of Agriculture and Livestock Development at 22 per cent, County Assembly Administration in the County Assembly at 14 per cent, and County Assembly headquarters in the County Assembly at 12 per cent of the budget allocation.

### 3.16.17 Accounts Operated in Commercial Banks

Regulation 82(1)(b) of the PFM (County Governments) Regulations, 2015, requires that County Government bank accounts be opened and maintained at the Central Bank of Kenya. The only exemption is for imprest bank accounts for petty cash and revenue collection bank accounts.

Further, Regulation 82(4) of the Public Finance Management (PFM) Act requires accounting officers to obtain written authorisation from the County Treasury before opening a commercial bank account. Additionally, Regulation 82(5) of the Public Finance Management (County Governments) Regulations, 2015, requires the County Treasury to submit a copy of the letter authorising an accounting officer to open a commercial bank account to the Controller of Budget.

The County Government operated 14 accounts in commercial banks, including three accounts for Health Facilities, seven accounts for Established Funds, one revenue account, one special-purpose account (for additional allocations), and two imprest accounts.

The County Treasury submitted copies of authorisation letters to the Controller of Budget for opening the commercial bank accounts as per Regulation 82(5) of the Public Finance Management (County Governments) Regulations, 2015.

### 3.16.18 Key Observations and Recommendations

In the course of overseeing and reporting on the implementation of the County budget, the CoB identified the following challenges, which hampered effective budget implementation;

- i. The underperformance of own-source revenue at Kshs.308.81million against an annual target of Kshs.2.62 billion, representing 12 per cent of the financial year target.
- ii. Low development performance in the review period as the County incurred Kshs.13.67 million on development activities, achieving less than 1 per cent absorption rate.

- iii. Regulation 197(1)(i) of the Public Finance Management (County Governments) Regulations, 2015, limits the lifespan of public funds to 10 years unless extended by the County Assembly. As of 30 September 2025, the lifespan of the KTRH Health Fund had lapsed, making it ineligible for further withdrawals.
- iv. High level of trade payables, which amounted to Kshs.949.09 million as of 30 September 2025. Further, there was non-adherence to the payment plan for the trade payables by the County Treasury and the County Assembly.
- v. Use of manual payroll. Personnel emoluments amounting to Kshs.10.61 million for Gratuity for contract staff were processed through manual payroll, accounting for 1 per cent of the total payroll cost. Manual payroll is prone to abuse and may result in the loss of public funds.
- vi. The County reported revenue arrears of Kshs.1.79 billion, comprising the Equitable Share for September 2025 of Kshs.785.58 million, ordinary OSR (land rates arrears) of Kshs.620.50 million, and FIF arrears of Kshs.383.62 million. These revenue arrears limited funding for County activities.
- vii. The County Assembly has stalled projects valued at Kshs.29.40 million, with Kshs.11.28 million paid (61 per cent). The stalling of the projects was attributed to contract terminations.

The County should implement the following recommendations to improve budget execution:

- i. *The County should address its own-source revenue performance to ensure the approved budget is fully financed. Appropriate austerity measures should be implemented to ensure expenditure commitments are aligned with available revenue.*
- ii. *The County should implement strategies to increase development expenditures in FY 2025/26.*
- iii. *The County should ensure timely review and extension of public funds whose lifespan is nearing expiration to prevent operational disruptions. Additionally, any expenditure from lapsed funds should cease immediately, and legal mechanisms should be followed to re-establish or wind up such funds in compliance with the Public Finance Management Act.*
- iv. *The County Leadership should address the situation of trade payables to ensure that genuine bills are paid promptly in the remaining financial year. Further, compliance with the Trade Payables Action Plan should be enforced.*
- v. *The Government requires that salaries be processed through the HRIS system, and the County is advised to fast-track the acquisition of Unified Personnel Numbers for their staff. The County Public Service Board should regulate staff engagement on contract and casual workers as provided under Section 74 of the County Governments Act 2012. Furthermore, strict adherence to the approved staff establishment should be maintained.*
- vi. *The County needs to develop strategies to collect these outstanding arrears to improve budget implementation.*
- vii. *The County Executive should prioritise and fast-track feasible stalled projects in the budget, ensuring they are monitored for completion. Additionally, enhancing cash flow forecasting and commitment controls is essential to start projects only with secured funding, and to maintain a register of multi-year obligations to align projects with the budget.*

### **3.17. County Government of Kisumu**

#### **3.17.1 Overview of FY 2025/26 Budget**

The Kisumu County Approved Budget for FY 2025/26 is Kshs.16.33 billion. It comprises Kshs.5.97 billion (37 per cent) and Kshs.10.37 billion (63 per cent) allocation for development and recurrent programmes, respectively. The budget estimates represent an increase of Kshs.1.03 billion (7 per cent) from the FY 2024/25 budget, which comprised a development budget of Kshs.5.03 billion and a recurrent budget of Kshs.10.27 billion. The increase in the budget was primarily attributed to the rise in the equitable share of revenue and conditional grants.

The budget is to be financed from various revenue sources. These include; the equitable share of revenue raised nationally of Kshs.8.90 billion (55 per cent), additional allocations of Kshs.2.24 billion (14 per cent), a cash balance of Kshs.1.56 billion (10 per cent) brought forward from FY 2024/25, and Kshs.3.63 billion (21 per cent) to be received as own-source revenue. A breakdown of the additional allocations is shown in Table 3.195.

### 3.17.2 Revenue Performance

During the first Quarter of FY 2025/26, the County received Kshs.3.17 billion in revenue. This amount represented an increase of 37 per cent compared to the amount received in a similar period in FY 2024/25 of Kshs.2.32 billion. The total revenue consisted of Kshs.1.43 billion from the equitable share of revenue raised nationally, and own-source revenue (OSR) collection of Kshs.184.63 million. Additionally, the County had a cash balance of Kshs.1.56 billion from FY 2024/25. The total OSR collection of Kshs.184.63 million included Facilities Improvement Financing (FIF) of Kshs.60.13 million, and Kshs.124.50 million from other OSR sources. Table 3.195 summarises the total revenue available to the County Government during FY 2025/26.

**Table 3.195: Kisumu County, Revenue Performance in FY 2025/26**

The County has no governing legislation on the operation of ordinary A-I-A and FIF. Figure 94 provides a detailed breakdown of receipts, showing a breakdown of each shilling received.

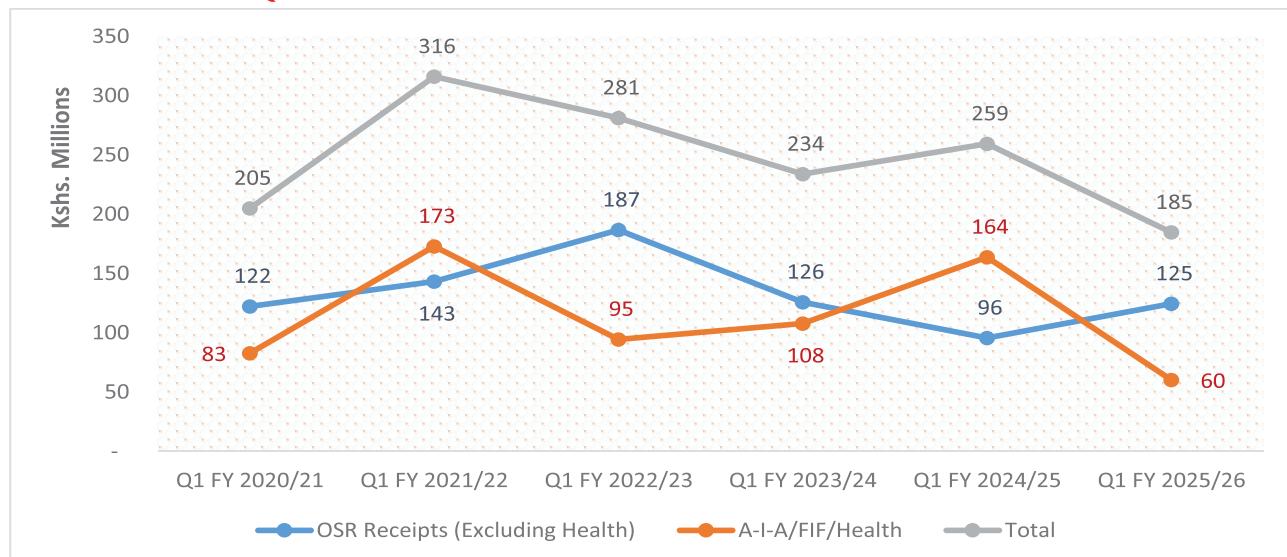

**Figure 94: Kisumu County Composition of Each Shilling Received in the First Quarter of FY 2025/26**

Source: Kisumu County Treasury

The equitable share of revenue raised nationally, balance brought forward, and OSR contributed 45 per cent, 49 per cent and 3 per cent, respectively, of the total receipts for the reporting period. Figure 95 shows the collection trend in own-source revenue from the First Quarter of FY 2020/21 to the First Quarter of FY 2025/26.

**Figure 95: Kisumu County Trend in Own-Source Revenue Collection from the First Quarter of FY 2020/21 to the First Quarter of FY 2025/26**

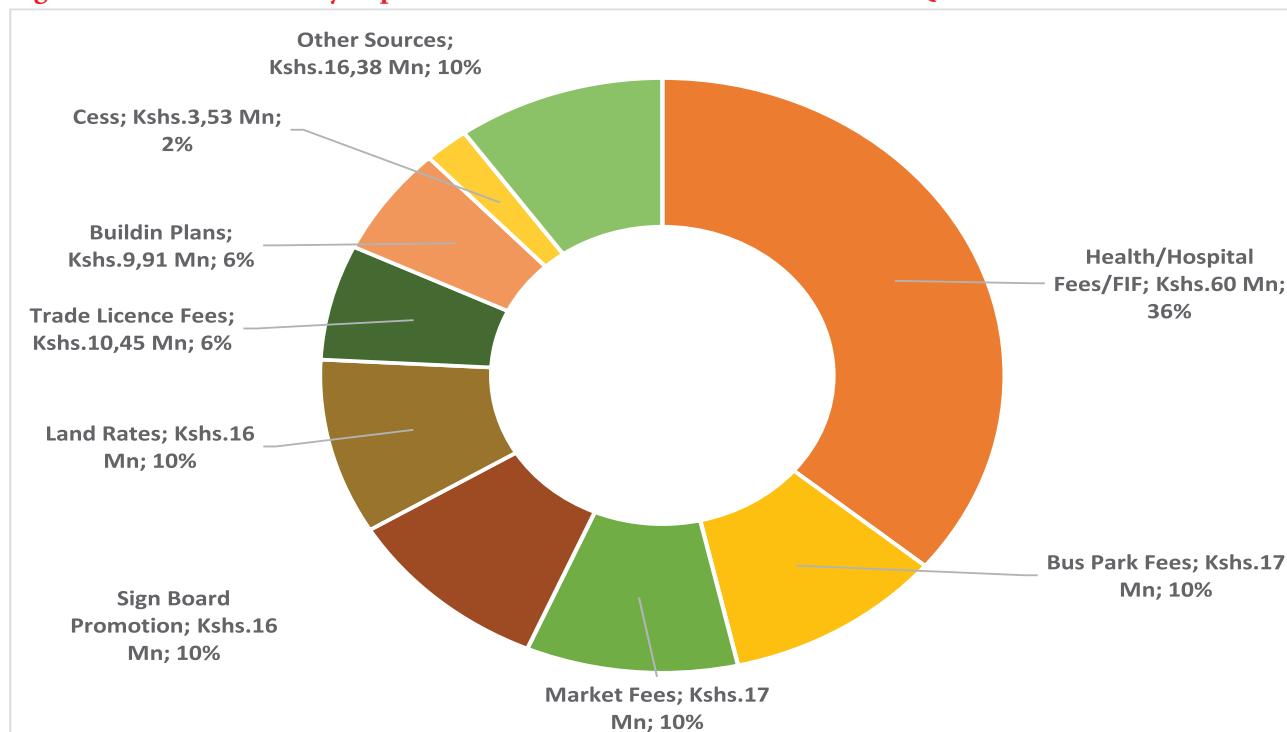

Source: Kisumu County Treasury

During the First Quarter of FY 2025/26, the County generated Kshs.184.63 million from its revenue sources, including FIF. This amount was a decrease of 29 per cent compared to Kshs.259.36 million realised in a similar period in FY 2024/25, which was 5 per cent of the annual target and 13 per cent of the equitable revenue share disbursed.

The decrease in OSR was attributed to the elevation of Jaramogi Oginga Odinga Teaching and Referral Hospital, which used to generate more revenue for the County to level 6 facility and which was handed over to the National Government at the beginning of the current Financial Year.

The revenue streams which contributed the highest OSR receipts are shown in Figure 96.

**Figure 96: Kisumu County Top Own Source Revenue Streams in the First Quarter of FY 2025/26**

Source: Kisumu County Treasury

As shown in Figure 96, the highest revenue stream, at Kshs.60.13 million, was from the Facility Improvement

Fund, accounting for 33 per cent of the total OSR receipts. The County Government indicated that it has automated 24 of 27 revenue streams.

### 3.17.3 Revenue Arrears

During the period under Review, the County did not report on the Revenue Arrears.

### 3.17.4 Borrowing by the County

Kisumu County Executive has a credit facility with Kenya Commercial Bank totalling Kshs.289.07 million. The credit facility was utilised to cover salaries during the review period, due to a delay in cash disbursements to Counties by the National Treasury. The County Assembly did not borrow.

### 3.17.5 Exchequers Approved

The Controller of Budget approved withdrawals of Kshs.1.43 billion from the CRF account during the reporting period, which comprised Kshs.38.30 million (3 per cent) for development programmes and Kshs.1.40 billion (97 per cent) for recurrent programmes. Analysis of the recurrent exchequers released indicates that Kshs.1.33 billion was towards employee compensation and Kshs.61.81 million for operations and maintenance expenditure.

The operations and maintenance exchequer analysis indicates that 32 per cent was for domestic travel and 5 per cent for foreign travel. The domestic travel exchequer amounted to Kshs.21.71 million and included Kshs.11.32 million for the County Executive and Kshs.10.38 million for the County Assembly. The foreign exchequer totalled Kshs.3.06 million, all for the County Executive.

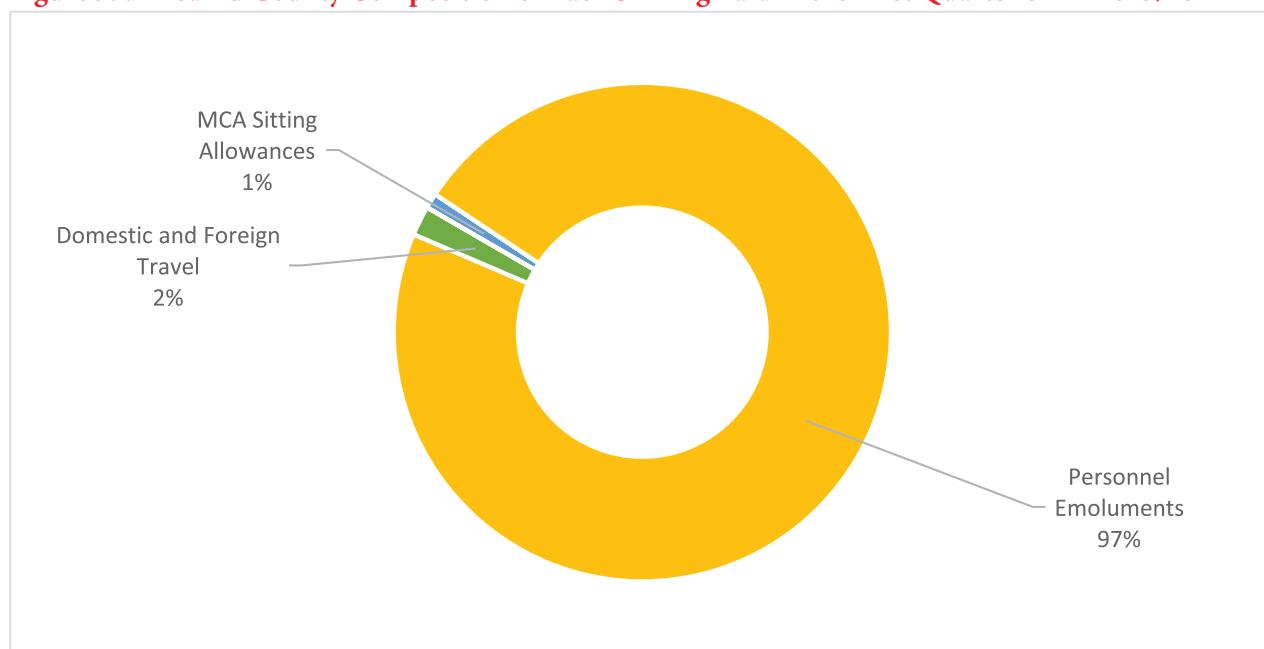

As of September 30, 2025, the County Government's cash balance in the CRF account was Kshs.746.32 million.

### 3.17.6 Expenditure Review

The County spent Kshs.1.40 billion in the reporting period, which was entirely incurred on recurrent programmes. The expenditure represented 98 per cent of the total funds released by the CoB. Recurrent expenditure accounted for 13 per cent of the annual recurrent expenditure budget.

The following chart provides a detailed breakdown of expenditure, showing the relative composition of each shilling spent.

**Figure 97: Kisumu County Composition of Each Shilling Paid in the First Quarter of FY 2025/26**

Source: Kisumu County Treasury

As shown in Figure 97, the three highest expenditure categories were Personnel Emoluments, Domestic and Foreign Travel, and MCA's Sitting Allowances, which contributed 97 per cent, 2 per cent, and 1 per cent of total expenditure for the reporting period, respectively.

### 3.17.7 Settlement of Trade Payables

As of 1<sup>st</sup> July 2025, the County reported trade payables totalling Kshs.4.09 billion. This amount included Kshs.4.07 billion from the County Executive and Kshs.14.09 million from the County Assembly. The trade payables from the County Executive consisted of Kshs.2.76 billion for recurrent expenditures and Kshs.1.32 billion for development expenditures.

During the reporting period, the County Executive settled trade payables amounting to Kshs.446.43 million, which were incurred on recurrent programmes. On the other hand, the County Assembly settled trade payables worth Kshs.2.01 million for recurrent activities. The outstanding trade payables as of 30th September 2025 were Kshs.3.64 billion for the County Executive and Kshs.12.08 million for the County Assembly. Table 3.196 provides additional details of trade payables.

**Table 3.196: Kisumu County Trade Payables as of 30<sup>th</sup> September 2025**

*Source: Kisumu County Treasury*

The County Executive and the Assembly submitted a trade payables payment plan, committing to pay Kshs.2.55 billion and Kshs.14.09 million, respectively, in FY 2025/26. The County did not adhere to this payment plan, as it cleared Kshs.444.42 million for the Executive and Kshs.2.01 million for the Assembly.

Table 3.197 and Table 3.198 present the ageing of the total outstanding bills as of 30 September 2025 for the County Executive and Assembly, which were Kshs.3.65 billion.

**Table 3.197: Kisumu County Executive Trade Payables Ageing Analysis as of 30 September 2025**

During the period under review, neither the County Executive nor the County Assembly adhered to the trade payables payment plan.

### 3.17.8 Expenditure by Economic Classification

During the reporting period, the County Executive incurred Kshs.1.19 billion for compensation of employees, Kshs.113.05 million for operations and maintenance, and nil expenditure on development activities. Similarly, the County Assembly spent Kshs.64.18 million on compensation of employees, Kshs.10.38 million on operations and maintenance, and nil on development activities, as shown in Table 3.199.

**Table 3.199: Kisumu County Summary of Budget and Expenditure by Economic Classification**

Expenditure Classification	Revised Budget (Kshs.)		Expenditure (Kshs.)		Absorption (%)	
	County Executive	County Assembly	County Executive	County Assembly	County Executive	County Assembly
<b>Total Recurrent Expenditure</b>	<b>9,504,249,249</b>	<b>862,083,652</b>	<b>1,306,853,222</b>	<b>74,567,405</b>	<b>14</b>	<b>9</b>

### 3.17.9 Expenditure on Compensation of Employees

During the period under review, the expenditure on employee compensation totalled Kshs.1.26 billion. The compensation-to-revenue ratio was 40 per cent. This expenditure on employee compensation shows a decrease compared to the Kshs.1.43 billion reported in a similar period in FY 2024/25. Of this total, Kshs.828.17 million was related to Health Sector employees, which accounted for 66 per cent of the overall employees' compensation. The decrease in expenditure on employee compensation is attributed to the elevation of Jaramogi Oginga Odinga Teaching and Referral Hospital to Level 6 Status, which was subsequently handed over to the National Government for management.

Figure 98 shows the compensation trend of employees' expenditures as a percentage of total revenue received from the First Quarter of FY 2020/21 to the First Quarter of FY 2025/26.

**Figure 98: Percentage of Employee Compensation to Total Revenue Received from the First Quarter of FY 2020/21 to the First Quarter of FY 2025/26**

Source: Kisumu County Treasury

Further analysis revealed that PE costs totalling Kshs.1.25 billion were processed through the Human Resource Information System (HRIS). In contrast, Kshs.5.96 million was processed through manual payroll, which accounted for 0.5 per cent of the total PE cost.

The manual payroll comprised LAPTRUST/LAPFUND pension contributions and Gratuity for staff on contract, as shown in Table 3.200.

**Table 3.200: Breakdown of Kisumu County Manual Payroll**

Sno.	Description of Manual Payroll	Amount (Kshs.)
	LAPTRUST/LAPFUND Pension Contributions	1,143,572
	Gratuity for contract staff	4,812,196
	<b>Total</b>	<b>5,955,768</b>

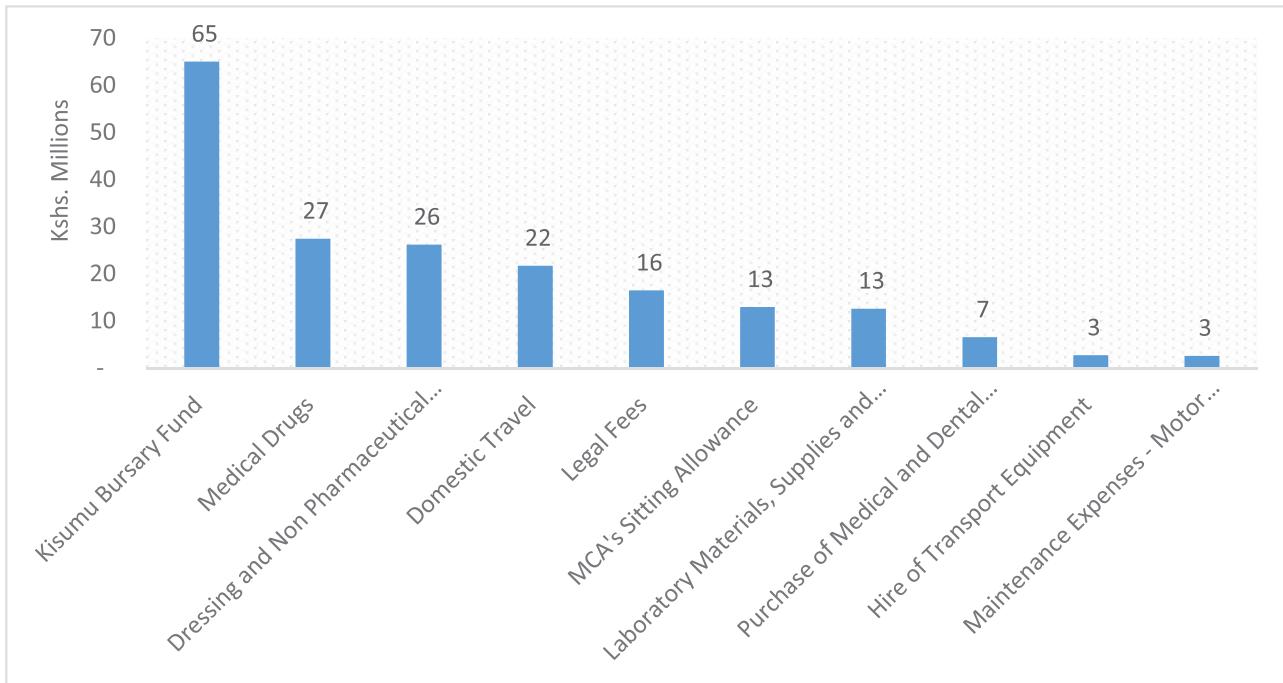

Source: Kisumu County Treasury

The County Assembly spent Kshs.12.94 million on committee sitting allowances for the 48 MCAs against the annual budget allocation of Kshs.45.91 million. The average monthly sitting allowance was Kshs.89,828 per MCA. The County Assembly has 24 House Committees.

### 3.17.10 Expenditure on Operations and Maintenance

During the reporting period, the County spent Kshs.61.81 million on operations and maintenance, representing a decrease of 3 per cent compared to FY 2024/25, when the County spent Kshs.63.74 million. Figure 99 summarises the Operations and Maintenance expenditure by major categories.

**Figure 99: Kisumu County, Operations and Maintenance Expenditure by Major Categories**

Source: Kisumu County Treasury

### 3.17.11 Unbundling “Other Operating Expenses” Under Operations and Maintenance Expenditures

The budget performance report submitted to the Controller of Budget for the first quarter of FY 2025/26 did not have any expenditure under “other Operating expenses”.

### 3.17.12 County-Established Funds

Section 116 of the PFM Act 2012 allows County Governments to establish other public funds, subject to approval from the County Executive Committee and the County Assembly. The County allocated Kshs.312.50 million to County-Established funds in FY 2025/26, or 2 per cent of the County’s overall budget. Furthermore, the County allocated Kshs.200 million to the Emergency Fund (1 per cent of the total budget) in line with Section 110 of the PFM Act, 2012. Table 3.201 summarises each established Fund’s budget allocation and performance during the reporting period.

**Table 3.201: Performance of Kisumu County Established Funds in the First Quarter of FY 2025/26**

S/No.	Name of the Fund	Year Established	Approved Budget Allocation in FY 2025/26 (Kshs.)	Exchequer Issues in First Quarter of FY 2025/26 (Kshs.)	Actual Expenditure in the First Quarter of FY 2025/26 (Kshs.)	Cumulative disbursements to the Fund (Kshs)	Submission of Financial Statements (Yes/No.)
	<b>County Executive Established Funds</b>						
	Kisumu County Bursary Fund	2014	305,000,000	-	-	1,442,397,862	YES
	<b>County Assembly Established Funds</b>						
	Kisumu County Assembly Car Loan and Mortgage Fund	2014	7,500,000	-	-	410,464,000	NO
	<b>Total</b>		<b>312,500,000</b>	<b>-</b>	<b>-</b>	<b>1,852,861,862</b>	

Source: Kisumu County Treasury

During the reporting period, the CoB did not receive quarterly financial reports from the Kisumu County As-

sembly Car loan and Mortgage Fund Administrator, as indicated in Table 3.7, contrary to the requirement of Section 168 of the PFM Act, 2012. Consequently, it was not therefore possible to establish the administration costs of the Kisumu County Assembly Car Loan and Mortgage Fund, whether it was within the 3 per cent limit of the Fund budget as set in Regulation 197(1)(d) of the Public Finance Management (County Governments) Regulations, 2015.

Regulation 197(1)(i) of the Public Finance Management (County Governments) Regulations, 2015, allows County Governments to establish public funds with a lifespan capped at 10 years unless extended by the County Assembly. In FY 2025/26, the CoB established that the lifespan of the Kisumu County Assembly Car Loan and Mortgage Fund had lapsed. Consequently, the CoB did not approve any requests for withdrawals to support the operations of the lapsed fund.

### 3.17.13 County Corporations

The County has one County Corporation, which was allocated Kshs.85.08 million in FY 2025/26. There was no expenditure for the period under review, as shown in Table 3.202.

**Table 3.202: Performance of Kisumu County Corporations in the First Quarter of FY 2025/26**

S>No.	Name of the Corporation	Approved Budget Allocation in FY 2025/26 (Kshs.)	Exchequer Issues (Kshs.)	Actual Transfers in FY 2025/26 (Kshs.)	Cumulative Transfers to the Corporation since its inception (Kshs.)
	Lakefront Development Corporation	85,076,880	-	-	-
	Total	85,076,880	-	-	-

Source: Kisumu County Treasury

### 3.17.14 Expenditure on Domestic and Foreign Travel

Expenditure on domestic travel amounted to Kshs.21.71 million and comprised Kshs.10.38 million spent by the County Assembly and Kshs.11.33 million by the County Executive. Expenditure on foreign travel amounted to Kshs.3.06 million, all by the County Executive. Expenditure on foreign travel is summarised in Table 3.203.

**Table 3.203: Summary of Expenditure on Foreign Travel in the First Quarter of FY 2025/26**

Arm of County Government	Number of Officers Travelled	Date travelled	Purpose of the travel	Destination	Total Costs of the Travel in (Kshs.)
County Executive	1	29 <sup>th</sup> June to 3 <sup>rd</sup> July, 2025	World Assembly of Local and Regional Governments	Doha, Qatar	445,638
County Executive	1	3 <sup>rd</sup> to 4 <sup>th</sup> July, 2025	The African Research Initiative for Scientific Excellence and Sustainable Development	Accra, Ghana	60,161
County Executive	1	18 <sup>th</sup> to 30 <sup>th</sup> August, 2025	Investment and Academic Engagements	New York	1,026, 480
County Executive	1	16 <sup>th</sup> to 27 <sup>th</sup> August, 2025	Attend the 25 <sup>th</sup> National Business League Conference presented by the National Alliance for Black Business.	Georgia, USA	338,762
County Executive	1	21 <sup>st</sup> to 27 <sup>th</sup> September, 2025	Attend FESTAC Africa Renaissance Festival 2025	Doha, Oatar	596,700
<b>Total</b>					<b>2,467,741</b>

Source: Kisumu County Treasury and Kisumu County Assembly

Under the operations and maintenance costs, Kshs.16.45 million is related to legal fees, dues, arbitration, and compensation payments.

### 3.17.15 Facility Improvement Financing

During the review period, the County reported collections of Kshs.60.13 million as FIF, which was 8 per cent of the annual target of Kshs.800 million. The collected amount was retained and utilised at source in line with the Facility Improvement Financing Act, 2023. The County, however, has not developed regulations to operationalise the FIF Act. Health facilities expenditure was Kshs.233.68 million in the review period, as shown in Table 3.204.

**Table 3.204: Kisumu County Health Facilities Expenditure Performance in FY 2025/26**

No.	Health Facility	Number of Facilities	Approved Budget (Kshs.)	Actual (Kshs.)	Expenditure	Absorption rate (%)
2.	Level 4 Hospital	17	640,345,898	187,044,462	29	
3.	Level 3 Facility	25	104,033,377	30,388,056	29	
4.	Level 2 Facility	109	55,620,726	16,246,764	29	
	<b>Total</b>	<b>151</b>	<b>800,000,000</b>	<b>233,679,283</b>	<b>29</b>	

*Source:* Kisumu County Treasury

### 3.17.16 Development Expenditure

In the review period, the County reported spent nil on development programmes, representing a decrease of 100 per cent compared to FY 2024/25, when the County spent Kshs.16.64 million.

The decline in development expenditure was attributed to the slow pace in the adoption of the new e-GP system.

In addition, the County did not report any stalled development projects as of 30 September 2025.

### 3.17.17 Budget Performance by Department

Table 3.205 summarises the approved budget allocation, expenditure and absorption rate by departments in the period under review.

**Table 3.205: Kisumu County, Budget Allocation and Absorption Rate by Department**

Source: Kisumu County Treasury

Analysis of expenditure by departments shows that all the departments record zero absorption rate of their respective development budgets. The Department of Public Service, County Administration, Participatory Development and Office of the Governor had the highest percentage of recurrent expenditure to budget at 29 per cent, while 10 Departments had zero absorption rates.

The low absorption rate in the development budget is due to the slow pace of adoption of the new electronic government procurement (eGP) system.

### 3.17.18 Budget Execution by Programmes and Sub-Programmes

The development sub-programmes with the highest levels of budget implementation, based on absorption rates, were: Youth Training and Legislation in the Department of Education, Technical Training, Innovation and Social Service at 34 per cent and General Planning and Administration in the Department of Lands, Housing and Physical Planning at 1 per cent of the budget allocation. Conversely, the recurrent sub-programmes with the highest levels of budget implementation, based on absorption rates, were: Human Resource for Health in the Department of Medical Services, Public Health and Sanitation at 49 per cent, Planning and Coordination Services in the Department of Education, Technical Training, innovation and Social Service at 46 per cent, Health Promotive Services in the Department of Medical Services, Public Health and Sanitation at 35 per cent, and Primary Policy and Legislation in the Department of County Attorney at 26 per cent of the budget allocation.

### 3.17.19 Accounts Operated in Commercial Banks

Regulation 82(1)(b) of the PFM (County Governments) Regulations, 2015, requires that County Government bank accounts be opened and maintained at the Central Bank of Kenya. The only exemption is for imprest bank accounts for petty cash and revenue collection bank accounts.

Further, Regulation 82(4) of the Public Finance Management (PFM) Act requires accounting officers to obtain written authorisation from the County Treasury before opening a commercial bank account. Additionally, Regulation 82(5) of the Public Finance Management (County Governments) Regulations, 2015, requires the County Treasury to submit a copy of the letter authorising an accounting officer to open a commercial bank account to the Controller of Budget.

The County Government operated 187 accounts in commercial banks, including 151 accounts for Health Facilities, 24 accounts for Vocational Training Centres, four accounts for Established Funds, three revenue accounts, and five special-purpose accounts (additional allocations).

The County Treasury did not submit copies of authorisation letters to the Controller of Budget for opening 190 commercial bank accounts as per Regulation 82(5) of the Public Finance Management (County Governments) Regulations, 2015.

### 3.17.20 Key Observations and Recommendations

In the course of overseeing and reporting on the implementation of the County budget, the CoB identified the following challenges, which hampered effective budget implementation;

- i. The County Treasury's late submission of financial reports to the Controller of Budget affected the timely preparation of the budget implementation report, which was received on 27<sup>th</sup> October, 2025
- ii. The underperformance of own-source revenue at Kshs.186.56 million against an annual target of Kshs.3.63 billion, representing 5 per cent of the financial year target.
- iii. Low development performance in the review period as the County incurred Zero on development activities, achieving a 0 per cent absorption rate.
- iv. Regulation 197(1)(i) of the Public Finance Management (County Governments) Regulations, 2015, limits the lifespan of public funds to 10 years unless extended by the County Assembly. As of September 30, 2025, the Kisumu County Assembly Car Loan and Mortgage fund had lapsed, making it ineligible for further withdrawals.
- v. Fund Administrators failed to submit quarterly financial and non-financial reports to the CoB within the timelines provided by law, which is against the requirement of Section 168 of the PFM Act, 2012. The reports for the Kisumu Bursary Fund, Kisumu County Assembly Car Loan and Mortgage Fund and Kisumu County Emergency Fund were not submitted to the CoB as of 15 July, 2025.
- vi. High level of trade payables, which amounted to Kshs.3.65 billion as of 30 September 2025. Further, there was non-adherence to the payment plan for the trade payables by the County Treasury.
- vii. Non-submission of copies of authorisation letters for opening commercial bank accounts as per Regulation 82(5) of the Public Finance Management (County Governments) Regulations, 2015.

The County should implement the following recommendations to improve budget execution:

- i. *The County Treasury should ensure the timely preparation and submission of financial reports to the Office of the Controller of Budget per the timelines prescribed in Section 166 of the PFM Act, 2012.*
- ii. *The County should address its own-source revenue performance to ensure the approved budget is fully financed. Appropriate austerity measures should be implemented to ensure expenditure commitments are aligned with available revenue.*
- iii. *The County should implement strategies to increase development expenditures in FY 2025/26.*
- iv. *The County should ensure timely review and extension of public funds whose lifespan is nearing expiration to prevent operational disruptions. Additionally, any expenditure from lapsed funds should cease immediately, and legal mechanisms should be followed to re-establish or wind up such funds in compliance with the Public Finance Management Act.*
- v. *The CECMF should follow up to ensure Fund Administrators prepare and submit statutory reports in line with the PFM Act, 2012.*
- vi. *The County Leadership should address the situation of trade payables to ensure that genuine bills are paid promptly in the remaining financial year. Further, compliance with the Trade Payables Action Plan should be enforced.*
- vii. *The County Treasury should ensure it submits copies of authorisation letters to OCoB for opening commercial bank accounts to enhance accountability and oversight.*

## 3.18. County Government of Kitui

### 3.18.1 Overview of FY 2025/26 Budget

The Kitui County Approved Budget for FY 2025/26 is Kshs.14.28 billion. It comprises Kshs.4.75 billion (33 per cent) and Kshs.9.52 billion (67 per cent) allocation for development and recurrent programmes, respectively. The budget estimates represent a decrease of Kshs0.02 billion (less than 1 per cent) from the FY 2024/25 budget, which comprised a development budget of Kshs.4.75 billion and a recurrent budget of Kshs.9.55 billion.

The budget is to be financed from various revenue sources. These include; the equitable share of revenue raised nationally of Kshs.11.38 billion (79.8 per cent), additional allocations of Kshs.1.66 billion (11.6 per cent), a re-allocation from the County assembly of Kshs.140.70 million (1 per cent) from FY 2024/25, and Kshs.1.09 billion (7.6 per cent) to be generated as own-source revenue. A breakdown of the additional allocations is shown in Table 3.206.

### 3.18.2 Revenue Performance

During the first Quarter of FY 2025/26, the County received Kshs.2.23 billion in revenue. This amount represented a decrease of 22 per cent compared to the amount received in a similar period in FY 2024/25 of Kshs.2.85 billion. The total revenue consisted of Kshs.1.85 billion from the equitable share of revenue raised nationally, own-source revenue (OSR) collection of Kshs.240.40 million. Additionally, the County had a re-allocation of Kshs.140.70 million from FY 2024/25. The total OSR collection of Kshs.240.40 million included Facilities Improvement Financing (FIF) of Kshs.205.8 million, and 34.59 million from other OSR sources. Table 3.206 summarises the total revenue available to the County Government during FY 2025/26.

**Table 3.206: Kitui County, Revenue Performance in FY 2025/26**

The County has no governing legislation on the operation of ordinary A-I-A and FIF and is using the national government legislation. However, the Kitui County FIF Act 2023 was submitted to the County assembly for consideration and approval.

Figure 100 provides a detailed breakdown of receipts, showing a breakdown of each shilling received.

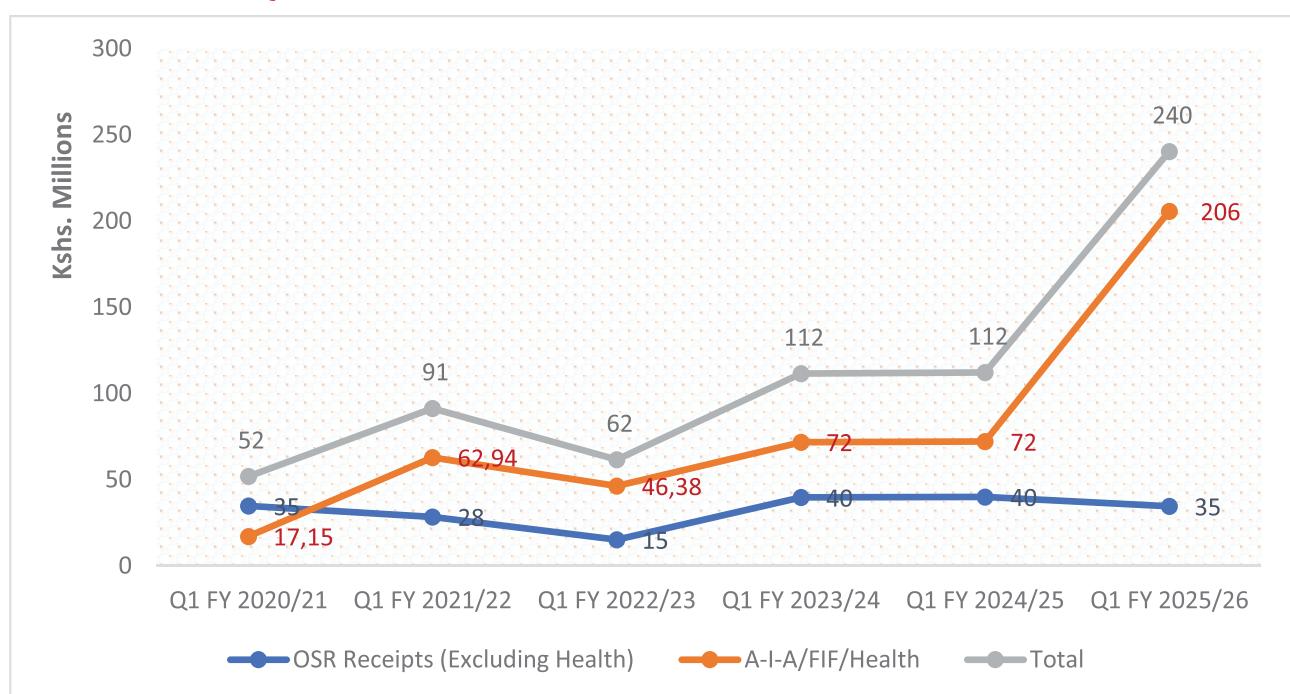

**Figure 100: Kitui County Composition of Each Shilling Received in the First Quarter of FY 2025/26**

*Source: Kitui County Treasury*

The equitable share of revenue raised nationally and OSR contributed 88 per cent and 22 per cent, respectively, of the total revenue for the reporting period. Figure 101 shows the collection trend in own-source revenue from the First Quarter of FY 2020/21 to the First Quarter of FY 2025/26.

**Figure 101: Kitui County Trend in Own-Source Revenue Collection from the First Quarter of FY 2020/21 to the First Quarter of FY 2025/26**

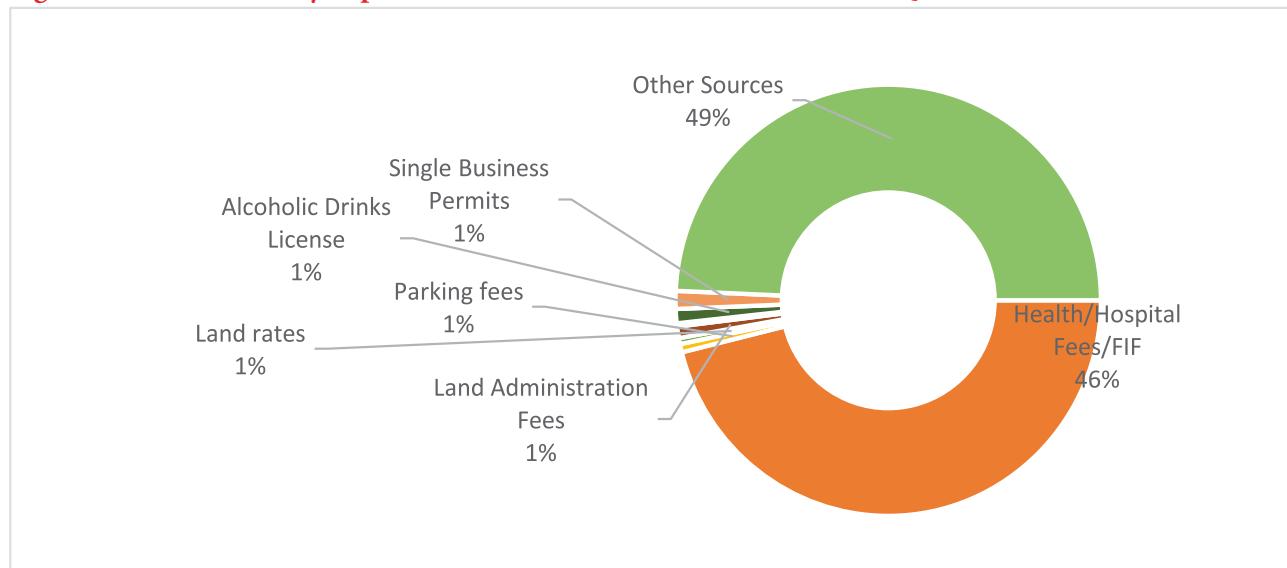

*Source: Kitui County Treasury*

During the First Quarter of FY 2025/26, the County received Kshs.240.40 million from its revenue sources, including FIF. This amount was an increase of 114 per cent compared to Kshs.112.16 million realised in a similar period in FY 2024/25, and was 22 per cent of the annual target and 21 per cent of the equitable revenue share disbursed.

The revenue streams that contributed the most to OSR Revenue are shown in Figure 102.

**Figure 102: Kitui County Top Own Source Revenue Streams in the First Quarter of FY 2025/26**

Source: Kitui County Treasury

As shown in Figure 102, the highest revenue stream, at Kshs.219.97 million was from the other sources, accounting for 86 per cent of the total OSR receipts. The County Government indicated that it has not automated all its revenue streams.

### 3.18.3 Revenue Arrears

As of 1<sup>st</sup> July 2025, the County reported revenue arrears of Kshs.1.67 billion, this amount increased to Kshs.2.82 billion as of 30<sup>th</sup> September 2025. Table 3.207 presents a breakdown of the County's revenue arrears.

**Table 3.207: Kitui County Revenue Arrears as of 30 September 2025**

No	Revenue Stream	Revenue Arrears as of 1 July 2025 (Kshs.)	Progress made in FY 2025/26			Revenue Arrears as of 30 September 2025 (Kshs.)

Source: Kitui County Treasury

As of 30 September 2025, the revenue arrears totalled to Kshs.2.82 billion, comprising Kshs.977.83 million equitable share for the month of September, Kshs.1.34 billion for the own source revenue and Kshs.500.65 million for the Facility Improvement Financing (FIF). As of 30th September, 2025, the reported own sources revenue arrears of Kshs.1.34 billion entirely comprising of Land/poll rate.

The County has instituted measures to collect outstanding arrears, including engaging debt collectors to recover the outstanding amount.

#### 3.18.4 Borrowing by the County

The Kitui County Government did not report any borrowing during the first quarter of the FY 2025/26.

#### 3.18.5 Exchequers Approved

The Controller of Budget approved withdrawals of Kshs.2.55 billion from the CRF account during the reporting period, which comprised Kshs.221.31 million (9 per cent) for development programmes and Kshs.2.32 billion (91 per cent) for recurrent programmes. Analysis of the recurrent exchequers released indicates that Kshs.1.77 billion was towards employee compensation and Kshs.543.63 million for operations and maintenance expenditure.

The operations and maintenance exchequer analysis indicates that 59 per cent was for domestic travel. The domestic travel exchequer amounted to Kshs.106.66 million where Kshs.38.57 was for the County assembly and Kshs.68.10 was for the County Executive.

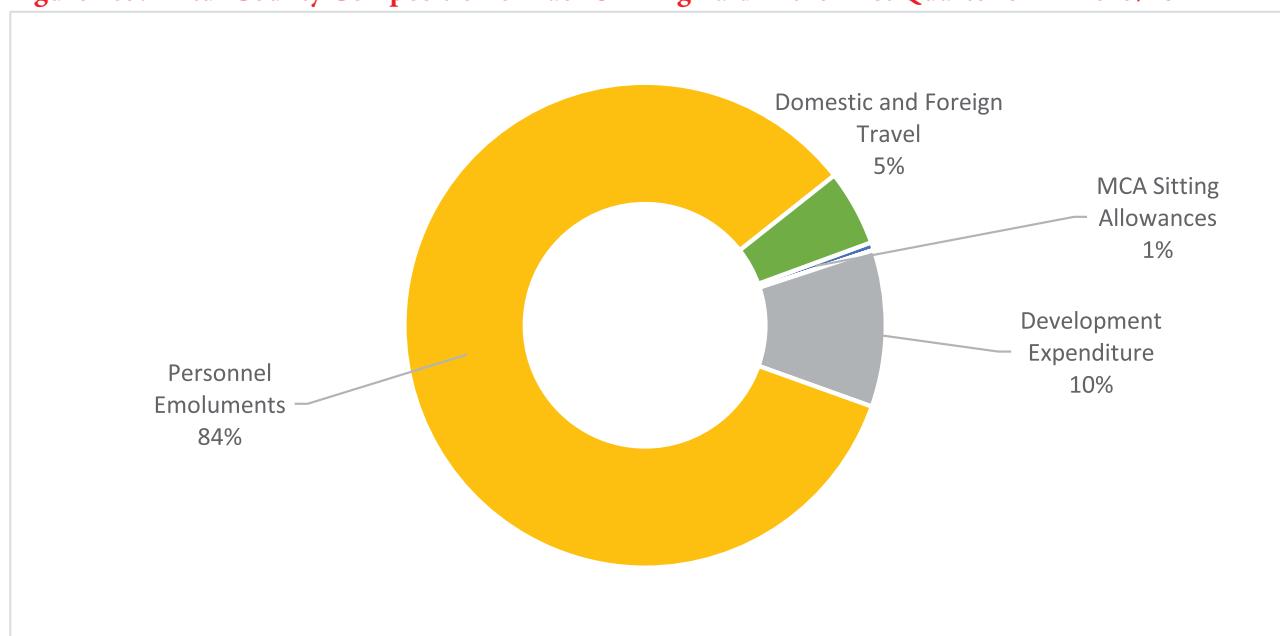

As of September 30, 2025, the County Government's unspent funds in the CRF account was Kshs.949.71 million.

#### 3.18.6 Expenditure Review

The County spent Kshs.2.54 billion on development and recurrent programmes in the reporting period. The expenditure represented 99 per cent of the total funds released by the CoB. It comprised Kshs.221.31 million for development programmes and Kshs.2.32 billion for recurrent programmes. Expenditure on development programmes represented an absorption rate of 5 per cent, while recurrent expenditure represented 24 per cent of the annual recurrent expenditure budget.

The following chart provides a detailed breakdown of expenditure, showing the relative composition of each shilling spent.

**Figure 103: Kitui County Composition of Each Shilling Paid in the First Quarter of FY 2025/26**

Source: Kitui County Treasury

As shown in Figure 103, the three highest expenditure categories were personnel emoluments, development expenditure, and domestic and foreign expenses, which contributed 84 per cent, 10 per cent, and 5 per cent, respectively, of total expenditure for the reporting period.

### 3.18.7 Settlement of Trade Payables

As of 1<sup>st</sup> July 2025, the County reported Trade Payables totalling Kshs.535.89 million. This amount was entirely for the County Executive. The Trade Payables from the County Executive consisted of Kshs.366.92 million for recurrent expenditures and Kshs.168.97 million for development expenditures.

During the reporting period, the County Executive did not settle trade payables. The reported outstanding trade payables as of 30th September, 2025, were therefore Kshs.535.89 billion for the County Executive, and were entirely for the County Executive. Table 3.208 provides additional details of trade payables.

**Table 3.208: Kitui County Trade Payables as of 30<sup>th</sup> September 2025**

		County Entity	Development (Kshs.)	Recurrent (Kshs.)	Total (Kshs.)

### 3.18.8 Expenditure by Economic Classification

During the reporting period, the County Executive spent Kshs.1.68 billion for compensation of employees, Kshs.435.81 million for operations and maintenance, and Kshs.221.31 million for development activities. Similarly, the County Assembly spent Kshs.90.91 million on compensation of employees and Kshs.107.82 million

on operations and maintenance, as shown in Table 3.210.

**Table 3.210: Kitui County Summary of Budget and Expenditure by Economic Classification**

Expenditure Classification	Revised Budget (Kshs.)		Expenditure (Kshs.)		Absorption (%)	
	County Executive	County Assembly	County Executive	County Assembly	County Executive	County Assembly
<b>Total Recurrent Expenditure</b>	<b>8,576,889,145</b>	<b>946,077,555</b>	<b>2,118,623,552</b>	<b>198,732,830</b>	<b>25</b>	<b>21</b>
Compensation of Employees	5,539,039,849	488,264,486	1,682,817,949	90,908,137	24	19

*Source: Kitui County Treasury*

### 3.18.9 Expenditure on Compensation of Employees

During the period under review, the expenditure on employee compensation totalled Kshs.1.77 billion. The percentage of compensation of employees to revenue was 12 per cent. This expenditure on employee compensation shows a decrease compared to the Kshs.1.52 billion reported in a similar period in FY 2024/25. Of this total, Kshs.1.48 billion related to the Health Sector employees, which accounted for 83 per cent of the overall employees' compensation.

Further analysis indicated that PE costs amounting to Kshs.1.77 billion were processed through the Human Resource Information System (HRIS). In contrast, Kshs.41.15 million was processed through manual payroll, which accounted for 2 per cent of the total PE cost.

The manual payroll comprised salaries for staff not on-boarded into the Human Resource Information System (HRIS), salaries for casual staff, top-up allowances for security personnel, gratuity remittances to pension schemes for staff on contract, and LAPTRUST/LAPFUND Pension Contributions, as shown in Table 3.211.

**Table 3.211: Breakdown of Kitui County Manual Payroll**

Sno.	Description of Manual Payroll	Amount (Kshs.)
	Salaries for staff were yet to be onboarded into HRIS	7,342,858
	Salaries for casual staff	8,640,715
	Gratuity for contract staff	10,605,587
	Community Health workers	14,556,000
	<b>Total</b>	<b>41,145,159</b>

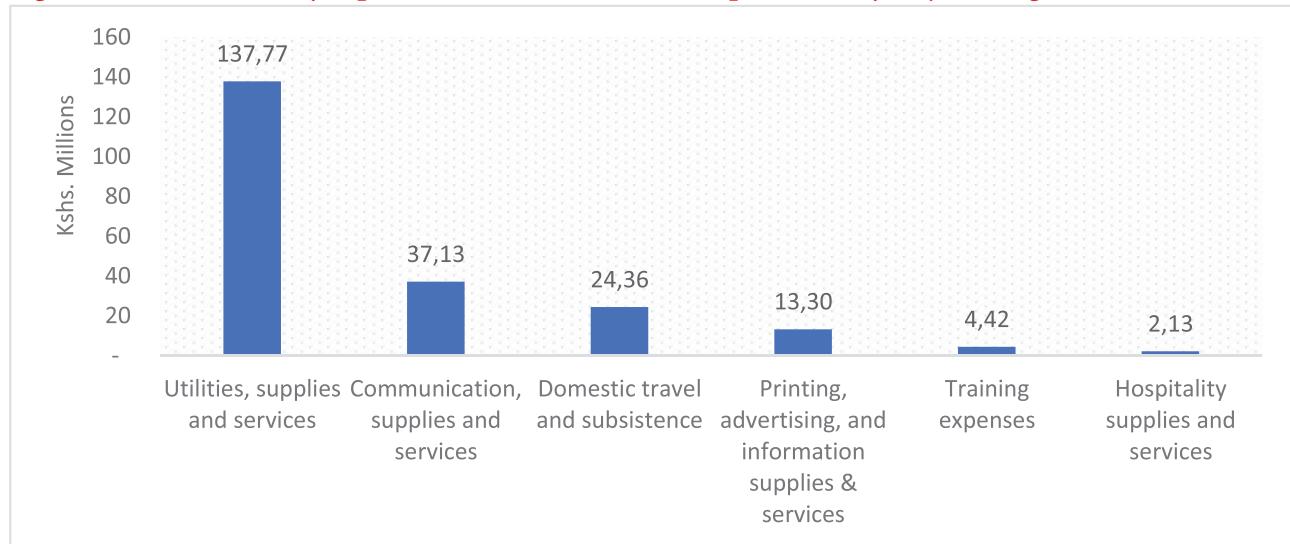

*Source: Kitui County Treasury*

The County Assembly spent Kshs.11.13 million on committee sitting allowances for the 61 MCAs against the annual budget allocation of Kshs.40.19 million. The average monthly sitting allowance was Kshs.60,838 per MCA. The County Assembly had 22 house committees.

### 3.18.10 Expenditure on Operations and Maintenance

During the reporting period, the County spent Kshs.543.63 million on operations and maintenance, representing an increase of 31 per cent compared to FY 2024/25, when the County spent Kshs.377.35 million. Figure 104 summarises the Operations and Maintenance expenditure by major categories.

**Figure 104: Kitui County, Operations and Maintenance Expenditure by Major Categories**

Source: Kitui County Treasury

### 3.18.11 County-Established Funds

Section 116 of the PFM Act 2012 allows County Governments to establish other public funds, subject to approval from the County Executive Committee and the County Assembly. The County allocated Kshs.34 million to County-Established funds in FY 2025/26, or 3 per cent of the County's overall budget. Table 3.212 summarises each established Fund's budget allocation and performance during the reporting period.

**Table 3.212: Performance of Kitui County Established Funds in the First Quarter of FY 2025/26**

S/No.	Name of the Fund	Year Established	Approved Budget Allocation in FY 2025/26 (Kshs.)	Exchequer Issues in First Quarter of FY 2025/26 (Kshs.)	Actual Expenditure in the First Quarter of FY 2025/26 (Kshs.)	Cumulative disbursements to the Fund (Kshs)	Submission of First Nine Months Financial Statements (Yes/No.)

Source: Kitui County Treasury

During the reporting period, the CoB received quarterly financial reports from 3 Fund Administrators, as indicated in Table 3.212, in accordance with Section 168 of the PFM Act, 2012.

Regulation 197(1)(i) of the Public Finance Management (County Governments) Regulations, 2015, allows County Governments to establish public funds with a lifespan capped at 10 years unless extended by the County Assembly. In FY 2025/26, the CoB established that the lifespan of the Kitui County Executive Mortgage (Staff) Scheme Fund, the Kitui County Assembly Service Board Employees Car Loan and Mortgage fund and the Kitui County Assembly Car Loan and Mortgage (Members) scheme Fund had lapsed. Consequently, the CoB can not approve any requests for withdrawals to support the operations of the lapsed funds.

### 3.18.12 County Corporations

The County has two County Corporations, which were allocated Kshs50 million in FY 2025/26. Their total expenditure for the review period amounted to Kshs.24.5 million, as shown in Table 3.213.

**Table 3.213: Performance of Kitui County Corporations in the First Quarter of FY 2025/26**

S/No.	Name of the Corporation	Approved Budget Allocation in FY 2025/26 (Kshs.)	Exchequer Issues (Kshs.)	Actual Transfers in FY 2025/26 (Kshs.)	Cumulative Transfers to the Corporation since its inception (Kshs.)
	Kiambere-Mwingi water and Sanitation company.	25,000,000	15,000,000	15,000,000	196,149,181
	Kitui water and sanitation company	25,000,000	9,584,960	9,584,960	196,149,181
	<b>Total</b>	<b>50,000,000</b>	<b>24,584,960</b>	<b>24,584,960</b>	<b>392,298,363</b>

*Source:* Kitui County Treasury

Cumulative transfers to the corporation is from FY 2017/18 to the first quarter of the FY 2025/26

### 3.18.13 Expenditure on Domestic and Foreign Travel

Expenditure on domestic travel amounted to Kshs.106.66 million and comprised Kshs.38.57 million spent by the County Assembly and Kshs.68.10 million by the County Executive. No expenditure on foreign travel was reported.

### 3.18.14 Facility Improvement Financing

During the review period, the County reported collections of Kshs.212.97million as FIF, which was 35 per cent of the annual target of Kshs.606.61 million. The collected amount was retained and utilised at source in line with the Facility Improvement Financing Act, 2023. The County, however, has not developed regulations to operationalise the FIF Act of 2023.

The expenditure by the health facilities amounted to Kshs.116.61million, as shown in Table 3.214.

**Table 3.214: Kitui County Health Facilities Expenditure Performance in FY 2025/26**

No.	Health Facility	Number of Facilities	Approved Budget (Kshs.)	Actual Expenditure (Kshs.)	Absorption rate (%)
1.	Level 4 Hospital	14	300,000,000	116,611,722	39
	<b>Total</b>		<b>300,000,000</b>	<b>116,611,722</b>	<b>39</b>

*Source:* Kitui County Treasury

### 3.18.15 Development Expenditure

In the review period, the County reported spending Kshs.221.31 million on development programmes, representing an increase of 516.2 per cent compared to FY 2024/25, when the County spent Kshs.35.91 million. Table 3.215 summarises the development projects with the highest expenditure in the reporting period.

**Table 3.215: Kitui County, List of Development Projects with the Highest Expenditure**

No.	Sector	Project Name	Project Location	Expected Completion Date	Contract sum (Kshs)	Amount paid in FY 2025/26 (Kshs.)	Cumulative Expenditure as of 30 September 2025	Implementation status (%)
				-	15,000,000	9,584,960	9,584,960	64
	Water and irrigation	Supply of power to the Kiambere treatment plant for the month of July, 2025.	Mwingi central		15,000,000	15,000,000	15,000,000	100

*Source:* Kitui County Treasury

The County transferred a total of Kshs.196.72 million to special purpose accounts for donor funds that were requested under development budget.

The County did not report any stalled development projects as of 30 September 2025.

### 3.18.16 Budget Performance by Department

Table 3.216 summarises the approved budget allocation, expenditure and absorption rate by departments in the period under review.

**Table 3.216: Kitui County, Budget Allocation and Absorption Rate by Department**

Department	Revised Budget Allocation (Kshs. Million)		Exchequer Received (Kshs.Million)		Expenditure (Kshs. Million)		Expenditure (%)		Absorption rate (%)

Source: Kitui County Treasury

Analysis of expenditure by departments shows that the Department of Roads, Public Works and Transport and Energy recorded the highest absorption rate of development budget at 22 per cent followed by the Department of Environment, Forestry, Natural & Mineral Resources at 6.1 per cent , while the Department of Roads, Public Works and Transport had the highest percentage of recurrent expenditure to budget at 58 per cent, while the Office of The Deputy Governor had the lowest at 5 per cent.

### 3.18.17 Budget Execution by Programmes and Sub-Programmes

The development sub-programmes with the highest level of budget implementation, based on absorption rates, was water Resource Management services 8 per cent of the budget allocation. Conversely, the recurrent sub-programmes with the highest levels of budget implementation, based on absorption rates, were: natural Resources Conservation and Management in the department of Ministry of Energy environment and forestry at 84 per cent, Special Programmesin the office of the governor at 79 per cent, Environment Management and protectionat 76 per cent of the budget allocation.

### 3.18.18 Accounts Operated in Commercial Banks

Regulation 82(1)(b) of the PFM (County Governments) Regulations, 2015, requires that County Government bank accounts be opened and maintained at the Central Bank of Kenya. The only exemption is for imprest bank accounts for petty cash and revenue collection bank accounts.

Further, Regulation 82(4) of the Public Finance Management (PFM) Act requires accounting officers to obtain written authorisation from the County Treasury before opening a commercial bank account. Additionally, Regulation 82(5) of the Public Finance Management (County Governments) Regulations, 2015, requires the County Treasury to submit a copy of the letter authorising an accounting officer to open a commercial bank account to the Controller of Budget.

The County Government operated 493 accounts in commercial banks, including 357 accounts for Health Facilities, 111 accounts for Vocational Training Centres, 5 accounts for Established Funds, 8 revenue accounts, 11 special-purpose accounts (additional allocations), and 1 account for imprests at the Office of the Governor.

The County Treasury did not submit copies of authorisation letters to the Controller of Budget for opening 493 commercial bank accounts as per Regulation 82(5) of the Public Finance Management (County Governments) Regulations, 2015.

### 3.18.19 Key Observations and Recommendations

In the course of overseeing and reporting on the implementation of the County budget, the CoB identified the following challenges, which hampered effective budget implementation;

- i. The underperformance of own-source revenue at Kshs.240.40 million against an annual target of Kshs.1.09 billion, representing 22 per cent of the financial year target.
- ii. Low development performance in the review period as the County incurred Kshs.221.31 million on development activities, achieving a 4 per cent absorption rate.
- iii. Regulation 197(1)(i) of the Public Finance Management (County Governments) Regulations, 2015, limits the lifespan of public funds to 10 years unless extended by the County Assembly. As of 30 September 2025, the lifespan of the Kitui County Executive Mortgage (Staff) Scheme Fund , Kitui County Assembly Service Board Employees Car Loan and Mortgage fund and Kitui County Assembly Car Loan and Mortgage (Members) scheme Fund had lapsed, making it ineligible for further withdrawals.

- iv. High level of Trade Payables, which amounted to Kshs.535.89 million as of 30 September 2025.
- v. Use of manual payroll. Personnel emoluments amounting to Kshs.41.15 million for staff not onboarded into HRIS and casual staff were processed through manual payroll, accounting for 2 per cent of the total payroll cost. Manual payroll is prone to abuse and may result in the loss of public funds.
- vi. Non-submission of copies of authorisation letters for opening commercial bank accounts as per Regulation 82(5) of the Public Finance Management (County Governments) Regulations, 2015.
- vii. The County reported revenue arrears of Kshs.2.82 billion, comprising Kshs.2.32 billion on ordinary OSR, Kshs.977.83 million on equitable share (September 2025) and FIF of Kshs.500.65 million. These revenue arrears limited funding for County activities.

The County should implement the following recommendations to improve budget execution:

- i. *The County should address its own-source revenue performance to ensure the approved budget is fully financed. Appropriate austerity measures should be implemented to ensure expenditure commitments are aligned with available revenue.*
- ii. *The County should implement strategies to increase development expenditures in FY 2025/26.*
- iii. *The County should ensure timely review and extension of public funds whose lifespan is nearing expiration to prevent operational disruptions. Additionally, any expenditure from lapsed funds should cease immediately, and legal mechanisms should be followed to re-establish or wind up such funds in compliance with the Public Finance Management Act.*
- iv. *The County Leadership should address the situation of Trade Payables to ensure that genuine bills are paid promptly in the remaining financial year. Further, compliance with the Trade Payables Action Plan should be enforced.*
- v. *The Government requires that salaries be processed through the HRIS system, and the County is advised to fast-track the acquisition of Unified Personnel Numbers for their staff. The County Public Service Board should regulate staff engagement on contract and casual workers as provided under Section 74 of the County Governments Act 2012. Furthermore, strict adherence to the approved staff establishment should be maintained.*
- vi. *The County Treasury should ensure it submits copies of authorisation letters to OCoB for opening commercial bank accounts to enhance accountability and oversight.*
- vii. *The County needs to develop strategies to collect these outstanding arrears to improve budget implementation.*

### **3.19. County Government of Kwale**

#### **3.19.1 Overview of FY 2025/26 Budget**

The Kwale County Approved Budget for FY 2025/26 is Kshs.15.83 billion. It comprises Kshs.7.87 billion (50 per cent) and Kshs.7.96 billion (50 per cent) allocation for development and recurrent programmes, respectively. The budget estimates represent an increase of Kshs.951.50 million (6 per cent) from the FY 2024/25 budget, which comprised a development budget of Kshs.6.95 billion and a recurrent budget of Kshs.7.92 billion. The increase in the budget was primarily attributed to the rise in equitable share and Own resource revenue.

The budget is to be financed from various revenue sources. These include: the equitable share of revenue raised nationally of Kshs.9.08 billion (57 per cent), additional allocations of Kshs.920 million (6 per cent), Trade Payables and Commitments B/F of Kshs.4.94 billion (31 per cent) brought forward from FY 2024/25, and Kshs.886 million (6 per cent) to be received as own-source revenue. A breakdown of the additional allocations is shown in Table 3.217.

#### **3.19.2 Revenue Performance**

During the first Quarter of FY 2025/26, the County received Kshs.1.97 billion in revenue. This amount represented an increase of 35 per cent compared to the amount received in a similar period in FY 2024/25 of Kshs.1.13 billion. The total revenue consisted of Kshs.1.44 billion from the equitable share of revenue raised

nationally, as well as own-source revenue (OSR) collection of Kshs.78 million. Additionally, the County had a cash balance of Kshs.448 million from FY 2024/25. The total OSR collection of Kshs.78 million included Facilities Improvement Financing (FIF) of Kshs.37 million, and Kshs.41 million from other OSR sources. Table 3.217 summarises the total revenue available to the County Government during FY 2025/26.

**Table 3.217: Kwale County, Revenue Performance in FY 2025/26**

The County does not have governing legislation on the operation of ordinary A-I-A and FIF. Figure 105 provides a detailed breakdown of receipts, showing a breakdown of each shilling received.

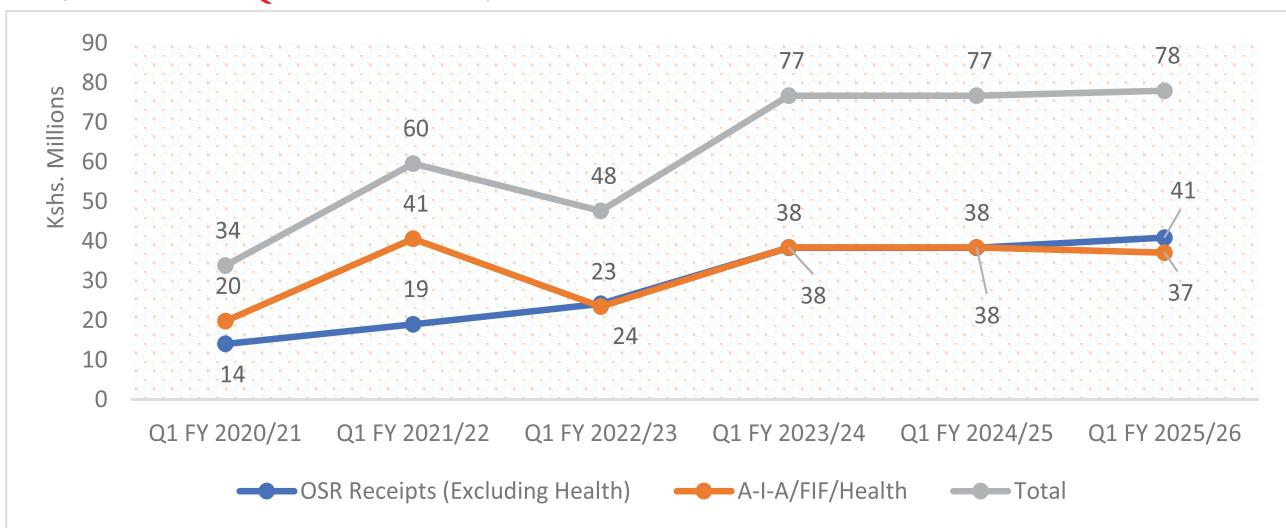

**Figure 105: Kwale County Composition of Each Shilling Received in the First Quarter of FY 2025/26**

Source: Kwale County Treasury

The equitable share of revenue raised nationally and OSR contributed 95 and 5 per cent respectively of the total receipts for the reporting period. Figure 106 shows the collection trend in own-source revenue from the First Quarter of FY 2020/21 to the First Quarter of FY 2025/26.

**Figure 106: Kwale County Trend in Own-Source Revenue Collection from the First Quarter of FY 2020/21 to the First Quarter of FY 2025/26**

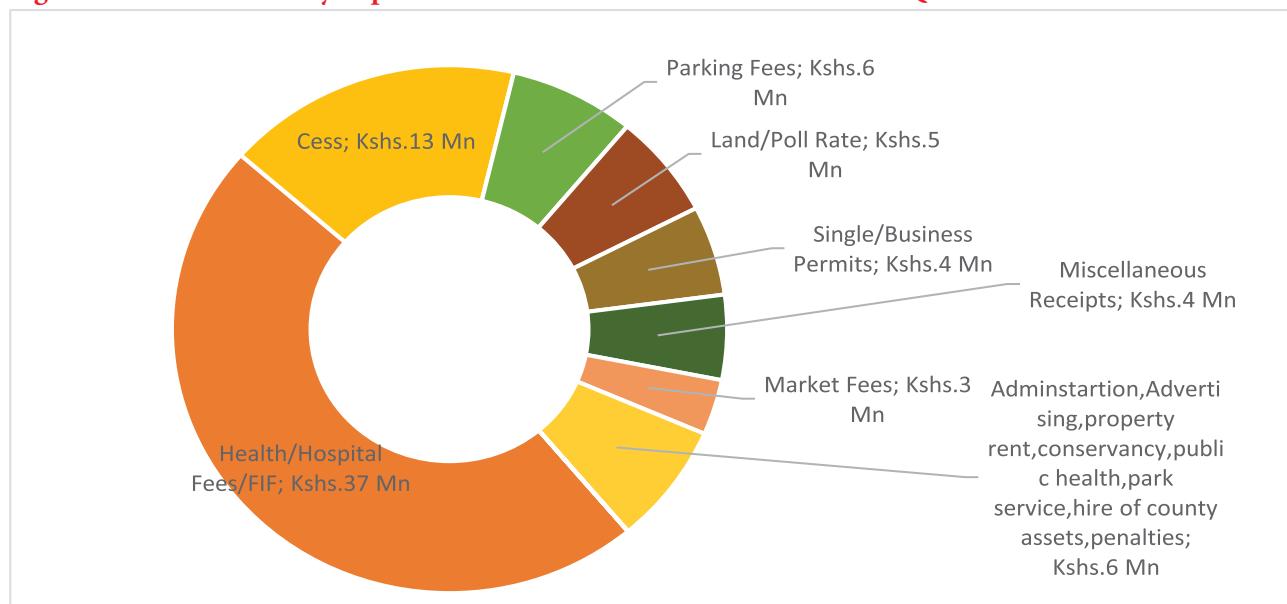

Source: Kwale County Treasury

During the First Quarter of FY 2025/26, the County received Kshs.78 million from its revenue sources, including FIF. This amount was an increase of 2 per cent compared to Kshs.77 million realised in a similar period in FY 2024/25, and was 9 per cent of the annual target and 5 per cent of the equitable revenue share disbursed.

The revenue streams which contributed the highest OSR receipts are shown in Figure 107.

**Figure 107: Kwale County Top Own Source Revenue Streams in the First Quarter of FY 2025/26**

Source: Kwale County Treasury

As shown in the Figure 107, the highest revenue stream, at Kshs.37 million, was from FIF, accounting for 52 per cent of the total OSR receipts. The County Government has automated all its revenue streams.

### 3.19.3 Revenue Arrears

As of 1<sup>st</sup> July 2025, the County reported revenue arrears of Kshs.283 million, this amount increased to Kshs.310 million as of 30<sup>th</sup> September 2025. Table 3.218 presents a breakdown of the County's revenue arrears.

**Table 3.218: Kwale County Revenue Arrears as of 30 September 2025**

Source: Kwale County Treasury

As of 30 September 2025, the revenue arrears totalled to Kshs.310 million, comprising Kshs.158 million for own source (51 per cent) and Kshs.152 million for FIF (49 per cent).

### **3.19.4 Borrowing by the County**

The County has not provided any information on borrowing as of 31 September 2025.

### **3.19.5 Exchequers Approved**

The Controller of Budget approved withdrawals of Kshs.1.16 billion from the CRF account during the reporting period, which comprised Kshs.85 million (7 per cent) for development programmes and Kshs.1.07 billion (93 per cent) for recurrent programmes. Analysis of the recurrent exchequers released indicates that Kshs.955 million was towards employee compensation and Kshs.121 million for operations and maintenance expenditure.

The operations and maintenance exchequer analysis indicates that 23 per cent was for domestic travel and 2 per cent for foreign travel. The domestic travel exchequer amounted to Kshs.28 million and included Kshs.26 million for the County Executive and Kshs.2 million for the County Assembly. The County had no foreign travel expenditure.

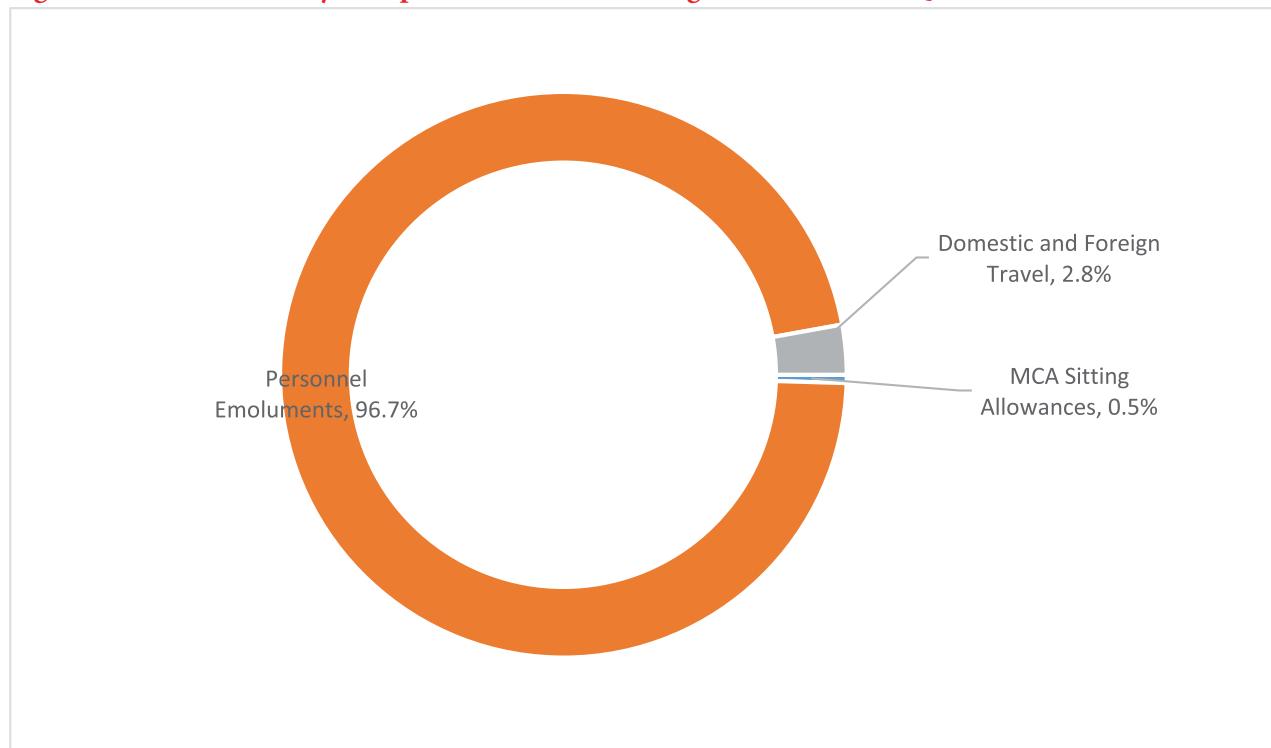

As of September 30, 2025, the County Government's cash balance in the CRF account was Kshs.842 million.

### **3.19.6 Expenditure Review**

The County spent Kshs.1.05 billion recurrent programmes in the reporting period. The expenditure represented 91 per cent of the total funds released by the CoB. There is no expenditure on development. recurrent expenditure represented 13 per cent of the annual recurrent expenditure budget.

The following chart provides a detailed breakdown of expenditure, showing the relative composition of each shilling spent.

**Figure 108: Kwale County Composition of Each Shilling Paid in the First Quarter of FY 2025/26**

**Source:** Kwale County Treasury

As shown in Figure 108, the three highest expenditure categories were PE contributing to, Kshs.962 million and 92 per cent of total expenditure for the reporting period.

### **3.19.7 Settlement of Trade Payables**

As of 1<sup>st</sup> July 2025, the County reported trade payables totalling Kshs.1.67 billion. This amount included

Kshs.1.30 billion from the County Executive and Kshs.364 million from the County Assembly. The trade payables from the County Executive consisted of Kshs.613 million for recurrent expenditures and Kshs.690 million for development expenditures.

During the reporting period, the County did not settle any trade payables. The outstanding trade payables as of 30th September 2025 was Kshs.1.30 billion for County Executive and Kshs.364 million for County Assembly. Table 3.219 provides additional details of trade payables.

**Table 3.219: Kwale County Trade Payables as of 30<sup>th</sup> September 2025**

	County Entity	Development	Recurrent	Total
As at 1 July 2025 (End of FY 2024/25)	County Executive	689,860,024.88	612,783,779	1,302,643,804

The County Executive and the Assembly submitted a trade payables payment plan, but did not pay any trade payables in the quarter. Table 3.220 and Table 3.221 present the ageing of the total outstanding bills as of 30 September 2025 for the County Executive and Assembly, which were Kshs.1.66 billion.

**Table 3.220: Kwale County Executive Trade Payables Ageing Analysis as of 30 September 2025**

Category	Ageing analysis (Amount in Kshs.)				Total

As neither the Executive nor the Assembly settled any payables in the first quarter of FY 2025/26, we urge them to adhere to their payables payment plan in the remaining period of FY 2025/26.

### 3.19.8 Expenditure by Economic Classification

During the reporting period, the County Executive incurred Kshs.896 Million for compensation of employees,

Kshs.64 million for operations and maintenance, and none for development. Similarly, the County Assembly spent Kshs.67 million on compensation of employees, Kshs.25 million on operations and maintenance, and the County assembly has not spent any shillings on development activities, as shown in Table 3.222.

**Table 3.222: Kwale County Summary of Budget and Expenditure by Economic Classification**

Expenditure Classification	Revised Budget (Kshs.)		Expenditure (Kshs.)		Absorption (%)	
	County Executive	County Assembly	County Executive	County Assembly	County Executive	County Assembly
<b>Total Recurrent Expenditure</b>	<b>7,300,487,763.94</b>	<b>659,893,327.28</b>	<b>959,762,436.95</b>	<b>92,126,853</b>	<b>13%</b>	<b>14%</b>

### 3.19.9 Expenditure on Compensation of Employees

During the period under review, the expenditure on employee compensation totalled Kshs.962 million. The percentage of compensation of employees to revenue was 63 per cent. This expenditure on employee compensation shows a decrease compared to the Kshs.1.12 billion reported in a similar period in FY 2024/25. Of this total, Kshs.493 million related to the Health Sector employees, which accounted for 51 per cent of the overall employees' compensation.

Figure 109 shows the compensation trend of employees' expenditures as a percentage of total revenue received from the First Quarter of FY 2020/21 to the First Quarter of FY 2025/26.

**Figure 109: Percentage of Employee Compensation to Total Revenue Received from the First Quarter of FY 2020/21 to the First Quarter of FY 2025/26**

Source: Kwale County Treasury

Both the Assembly and the Executive increased their wage-to-revenue allocation over the years, peaking at 100 per cent in the first quarter of FY 2025/26 for the Assembly, which limits funding for other services. The average wage bill to revenue ratio for the Executive from FY 2020/21 to FY 2025/26 was 58 per cent, and both entities exceeded the 35 per cent ceiling set by Regulation 25(1)(b) of the PFM (County Governments) Regulations 2015, highlighting that employee compensation was prioritised over other expenditures.

Further analysis indicated that PE costs amounting to Kshs.957 million were processed through the Human Resource Information System (HRIS). In contrast, Kshs.4 million was processed through manual payroll, which accounted for less than 1 per cent of the total PE cost.

The manual payroll comprised salaries for 90 staff not onboarded into the Human Resource which is a gratuity remittance to pension schemes for staff on contract, and LAPTRUST/LAPFUND Pension Contributions, as shown in Table 3.223.

**Table 3.223: Breakdown of Kwale County Manual Payroll**

Category	County Executive	County Assembly	Total
Gratuity for contract staff		4,695,039	4,695,039
<b>Total</b>	-	<b>4,695,039</b>	<b>4,695,039</b>

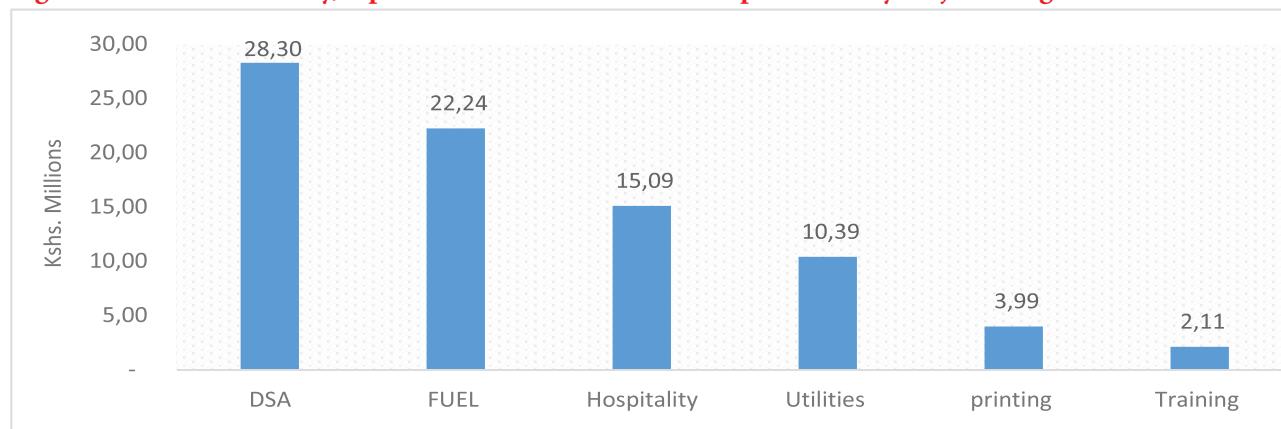

Source: Kwale County Treasury

The County Assembly spent Kshs.4.5 million on committee sitting allowances for the 31 MCAs against the annual budget allocation of Kshs.25 million. The average monthly sitting allowance was Kshs.50,000 per MCA. The County Assembly has 21 House Committees.

### 3.19.10 Expenditure on Operations and Maintenance

During the reporting period, the County spent Kshs.90 million on operations and maintenance, representing a decrease of 51 per cent compared to FY 2024/25, when the County spent Kshs.188 million. Figure 110 summarises the Operations and Maintenance expenditure by major categories.

**Figure 110: Kwale County, Operations and Maintenance Expenditure by Major Categories**

Source: Kwale County Treasury

### 3.19.11 Unbundling “Other Operating Expenses” Under Operations and Maintenance Expenditures

The budget performance report submitted to the Controller of Budget for the first quarter of FY 2025/26 shows that the County has not reported any expenditure under “other Operating expenses”

### 3.19.12 County-Established Funds

Section 116 of the PFM Act 2012 allows County Governments to establish other public funds, subject to approval from the County Executive Committee and the County Assembly. The County allocated Kshs.642 million to County-Established funds in FY 2025/26. Further, the County allocated Kshs.5 million to the Emergency Fund in line with Section 110 of the PFM Act, 2012. Table 3.224 summarises each established Fund’s budget allocation and performance during the reporting period.

**Table 3.224: Performance of Kwale County Established Funds in the First Quarter of FY 2025/26**

S>No.	Name of the Fund	Year Established	Approved Budget Allocation in FY 2025/26	Exchequer Issues in the First Quarter of FY 2025/26 (Kshs.)	Actual Expenditure in First Nine Months of FY 2024/25 (Kshs.)	Cumulative disbursements to the fund	Submission of First quarter Financial statements (Yes/No)

**Source:** *Kwale County Treasury.*

During the reporting period, the CoB did receive quarterly financial reports from all Fund Administrators, as indicated in Table 3.224, as required by Section 168 of the PFM Act, 2012.

Regulation 197(1)(i) of the Public Finance Management (County Governments) Regulations, 2015, allows County Governments to establish public funds with a lifespan capped at 10 years unless extended by the County Assembly. In FY 2025/26, the CoB established that the lifespan of all funds had not lapsed.

### 3.19.13 County Corporations

The County has Kwale County Corporations, which were allocated Kshs.1.02 billion in FY 2025/26. Their total expenditure for the review period amounted to Kshs.717 million. This expenditure was for the last FY 2024/2025, and it has not been reported in the annual report as shown in Table 3.225.

**Table 3.225: Performance of Kwale County Corporations in the First Quarter of FY 2025/26**

S>No.	Name of the Corporation	Approved Budget Allocation in FY 2025/26 (Kshs.)	Exchequer Issues (Kshs.)	Actual Transfers in FY 2025/26 (Kshs.)	Cumulative Transfers to the Corporation since its inception (Kshs.)

### 3.19.14 Expenditure on Domestic and Foreign Travel

Expenditure on domestic travel amounted to Kshs.28 million and comprised Kshs.2.4 million spent by the County Assembly and Kshs.24 million by the County Executive. The County Executive and Assembly had not reported any expenditure on foreign travel.

### 3.19.15 Facility Improvement Financing

During the review period, the County reported collections of Kshs.37 million as FIF, which was 9 per cent of the annual target of Kshs.400 million. The collected amount was retained and utilised at source in line with the Facility Improvement Financing Act, 2023. The County has not developed regulations to operationalise the FIF Act of 2023.

The expenditure by the health facilities amounted to Kshs.33 million, as shown in Table 3.226.

**Table 3.226: Kwale County Health Facilities Expenditure Performance in FY 2025/26**

No.	Health Facility	Number of Facilities	Approved Budget (Kshs.)	Actual Expenditure (Kshs.)	Absorption rate (%)
1.	Level 5 Hospital	1	244,222,701	17,330,460	7
2.	Level 4 Hospital	3	230,369,400	15,463,002	7

### 3.19.16 Development Expenditure

The County did not reported any expenditure on development project for the first quarter of FY 2025/2026

The County reported two stalled development projects as of 30 September 2025, with an estimated value of Kshs.281 million, of which Kshs.116 has already been paid. The stalled projects are shown in Table 3.227.

**Table 3.227: Kwale County Stalled Projects as of 30 September 2025**

Project Name	Project Location	Project Commencement Date	Expected Completion date of the Project	Estimated Value of the Project (Kshs.)	Amount Paid on the stalled project	Outstanding Balance As of 30th June 2025	Percentage of Completion before Stalling of the Project	Reason for Project Stalling
Construction of Market Stalls at Kigato Trading centre in Waa Ng'ombeni	Waa Ng'ombani	3/17/2021	6/17/2021	3,295,341	1,571,048	1,724,293	48%	Land issues with the Kenya School of Government -Matuga

Source: Kwale County Treasury

Analysis of expenditure by departments shows that the County did not report any expenditure on development. The Department of Kwale Assembly had the highest percentage of recurrent expenditure in the budget at 14 per cent, while the Departments of County Attorney, Health Service, and Municipality of Lunga Lunga had the lowest percentage.

### 3.19.18 Budget Execution by Programmes and Sub-Programmes

The County has not reported any expenditures on development for the first quarter of FY 2025/2026. In contrast, the recurrent sub-programs with the highest budget implementation rates, based on absorption rates, are as follows: County Coordination Services at 52 per cent, Diani Municipality at 6 per cent, while other expenditures are minimal. Several sub-programs reported a nil absorption rate, including infrastructure development.

### 3.19.19 Accounts Operated in Commercial Banks

Regulation 82(1)(b) of the PFM (County Governments) Regulations, 2015, requires that County Government bank accounts be opened and maintained at the Central Bank of Kenya. The only exemption is for imprest bank accounts for petty cash and revenue collection bank accounts.

Further, Regulation 82(4) of the Public Finance Management (PFM) Act requires accounting officers to obtain written authorisation from the County Treasury before opening a commercial bank account. Additionally, Regulation 82(5) of the Public Finance Management (County Governments) Regulations, 2015, requires the County Treasury to submit a copy of the letter authorising an accounting officer to open a commercial bank account to the Controller of Budget.

The County Government operated 240 Bank accounts in commercial banks, including 170 accounts for Health Facilities, 5 accounts for Established Funds, 4 revenue accounts, 32 imprest accounts, and 26 CBK accounts.

### **3.19.20 Key Observations and Recommendations**

In the course of overseeing and reporting on the implementation of the County budget, the CoB identified the following challenges, which hampered effective budget implementation;

- i. The County Treasury's late submission of financial reports to the Controller of Budget affected the timely preparation of the budget implementation report, which was received on 27<sup>th</sup> October,2025.
- ii. The underperformance of own-source revenue at Kshs.78 million against an annual target of Kshs.886 million, representing 8 per cent of the financial year target.
- iii. Low development performance in the review period as the County incurred Kshs.0 million on development activities.
- iv. High level of trade payables, which amounted to Kshs.1.66 billion as of 30 September 2025. Further, there was non-adherence to the payment plan for the trade payables by the County Treasury.
- v. Non-submission of copies of authorisation letters for opening commercial bank accounts as per Regulation 82(5) of the Public Finance Management (County Governments) Regulations, 2015.
- vi. The County reported OSR arrears of Kshs.310.42 million comprising of ordinary OSR arrears of Kshs.158.37 million and FIF (SHIF) arrears of Kshs.152.05 million. These revenue arrears limited funding for County activities.

The County should implement the following recommendations to improve budget execution:

- i. *The County Treasury should ensure the timely preparation and submission of financial reports to the Office of the Controller of Budget per the timelines prescribed in Section 166 of the PFM Act, 2012.*
- ii. *The County should address its own-source revenue performance to ensure the approved budget is fully financed. Appropriate austerity measures should be implemented to ensure expenditure commitments are aligned with available revenue.*
- iii. *The County should implement strategies to increase development expenditures in FY 2025/26.*
- iv. *The County Leadership should address the situation of trade payables to ensure that genuine bills are paid promptly in the remaining financial year. Further, compliance with the Trade Payables Action Plan should be enforced.*
- v. *The County Treasury should ensure it submits copies of authorisation letters to OCoB for opening commercial bank accounts to enhance accountability and oversight.*
- vi. *The County needs to develop strategies to collect these outstanding arrears to improve budget implementation.*

## **3.20. County Government of Laikipia**

### **3.20.1 Overview of FY 2025/26 Budget**

The Laikipia County Approved Budget for FY 2025/26 is Kshs.9.22 billion. It comprises Kshs.4.27 billion (46.0 per cent) and Kshs.4.95 billion (54.0 per cent) allocation for development and recurrent programmes, respectively. The budget estimates represent an increase of Kshs.737.60 million (9.0 per cent) from the FY 2024/25 budget, which comprised a development budget of Kshs.3.48 billion and a recurrent budget of Kshs.5.0 billion. The increase in the budget was primarily attributed to the rise in both recurrent and development.

The budget is to be financed from various revenue sources. These include: the equitable share of revenue raised nationally of Kshs.5.64. billion (61.2 per cent), additional allocations of Kshs.1.08 billion (11.7 per cent), a cash balance of Kshs.1.15 billion (12.5per cent) brought forward from FY 2024/25, and Kshs.1.35billion (14.6 per cent) received as own-source revenue. A breakdown of the additional allocations is shown in Table 3.229.

### **3.20.2 Revenue Performance**

During the first Quarter of FY 2025/26, the County received Kshs.1.57 billion in revenue. This amount represented an increase of 41 per cent compared to the amount received in a similar period in FY 2024/25 of Kshs.1.11 billion. The total revenue consisted of Kshs.946.22 million from the equitable share of revenue re-

ceived nationally, as well as own-source revenue (OSR) collection of Kshs.236.59 million. Additionally, the County had a cash balance of Kshs.376.50 million from FY 2024/25. The total OSR collection of Kshs.236.59 million included Facilities Improvement Financing (FIF) of Kshs.171.11 million, and Kshs.65.48 million from other OSR sources. Table 3.229 summarises the total revenue received to the County Government during FY 2025/26.

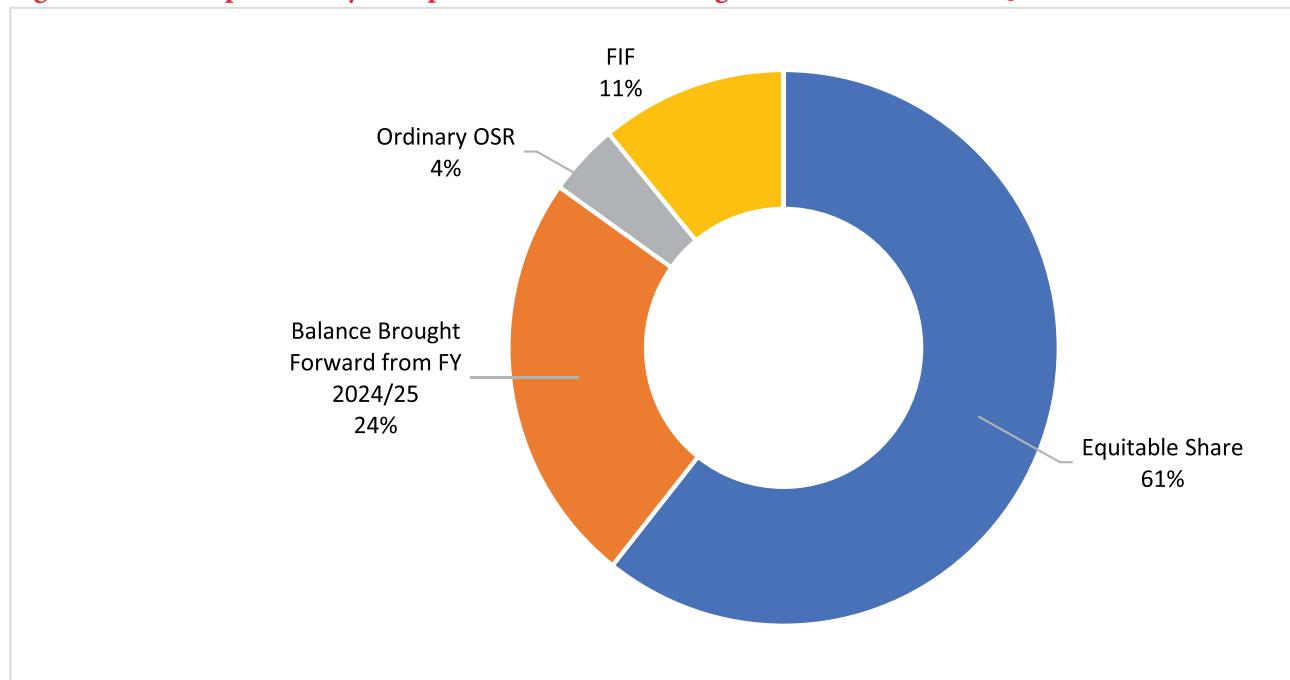

**Table 3.229: Laikipia County, Revenue Performance in FY 2025/26**

The County Ordinary's Own-Source Revenue was below the target of 10 per cent. The County has governing legislation on the operation of ordinary A-I-A and FIF. Figure 111 provides a detailed breakdown of actual revenues, showing a breakdown of each shilling received.

**Figure 111: Laikipia County Composition of Each Shilling Received in the First Quarter of FY 2025/26**

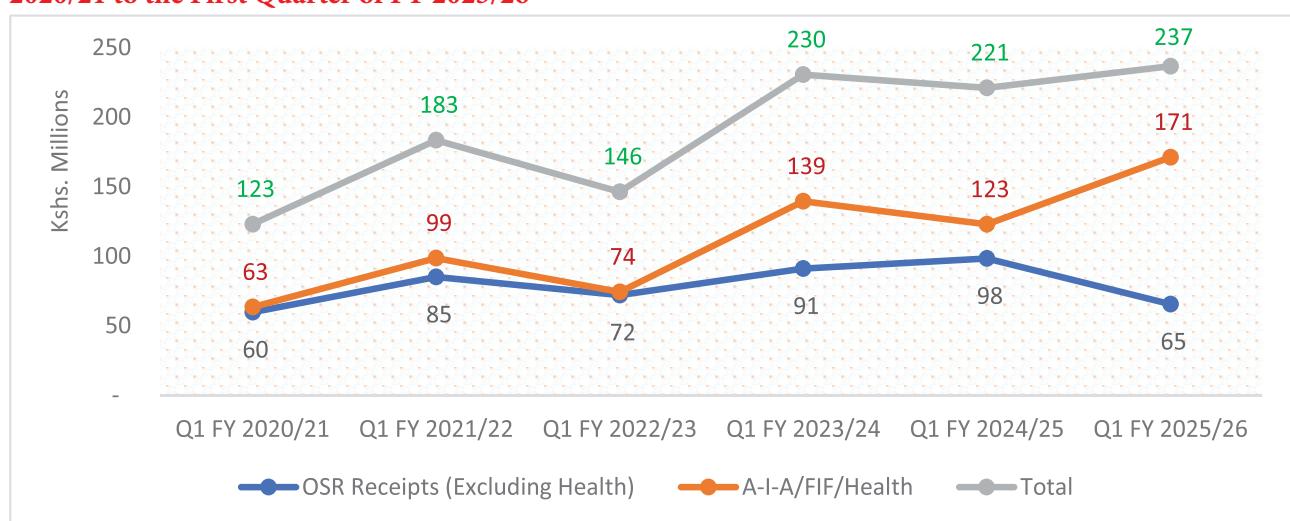

*Source: Laikipia County Treasury*

The equitable share of revenue received nationally, balance brought forward, FIF and OSR contributed 61 per cent, 24 per cent, 11 per cent and 4 per cent, respectively, of the total revenues received for the reporting period.

Figure 112 shows the collection trend in own-source revenue from the First Quarter of FY 2020/21 to the First Quarter of FY 2025/26.

**Figure 112: Laikipia County Trend in Own-Source Revenue Collection from the First Quarter of FY 2020/21 to the First Quarter of FY 2025/26**

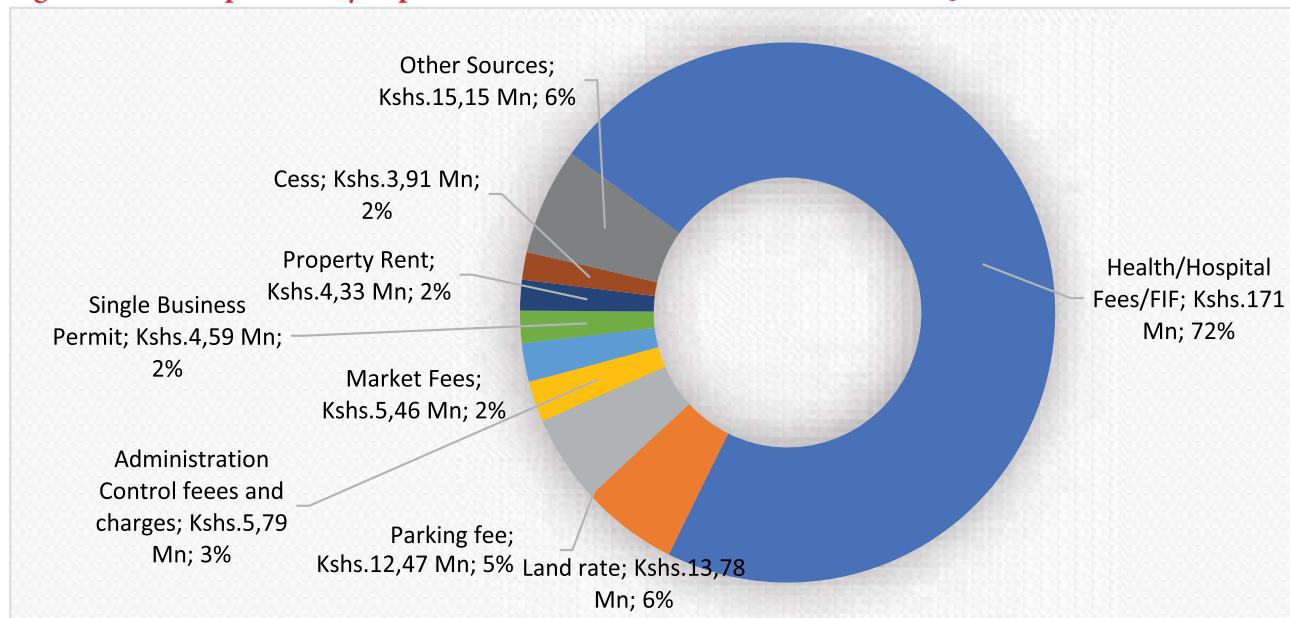

*Source: Laikipia County Treasury*

During the First Quarter of FY 2025/26, the County received Kshs.236.59 million from its revenue sources, including FIF. This amount was an increase of 7.0 per cent compared to Kshs.221.07million realised in a similar period in FY 2024/25, and was 25 per cent of the annual target and 17.5per cent of the equitable revenue share disbursed.

The revenue streams which contributed the highest OSR received are shown in Figure 113.

**Figure 113: Laikipia County Top Own Source Revenue Streams in the First Quarter of FY 2025/26**

Source: Laikipia County Treasury

As shown in the Figure 113, the highest revenue stream, at Kshs.171.11 million, was from Health/Hospital fees/FIF, accounting for 72 per cent of the total OSR received. The County Government indicated that it has automated 19 out of 19 revenue streams.

### 3.20.3 Revenue Arrears/ Receivables

As of 1<sup>st</sup> July 2025, the County reported receivables of Kshs.741.91 million, this amount decreased to Kshs.739.54 million as of 30<sup>th</sup> September 2025. Table 3.230 presents a breakdown of the County's receivables.

**Table 3.230: Laikipia County Revenue Arrears as of 30 September 2025**

Revenue Stream	Receivables as of 30 June 2025 (Kshs.)	Progress made in Q1 FY 2025/26			Revenues Arrears as of 30 September 2025 (Kshs.)
		Waivers (Kshs)	Arrears received in the financial year (Kshs)	Arrears earned in Q1 FY 2025/26 (Kshs)

Source: Laikipia County Treasury

As of 30 September 2025, the revenue arrears totalled to Kshs.739.55 million, comprising Kshs.8.92 for 2024/25 (1 per cent). The measures instituted by the County to collect the outstanding arrears in FY 2025/26 include 741.91.

### 3.20.4 Borrowing by the County

Laikipia County Assembly has a credit facility with Family Bank(s) totalling Kshs.24 million. The credit facility was used to pay salaries in the review period.

### 3.20.5 Exchequers Approved

The Controller of Budget approved withdrawals of Kshs.781.31 million from the CRF account during the reporting period, which comprised Kshs.10.45 million (less than 1 per cent) for development programmes and

Kshs.770.86 million (9 per cent) for recurrent programmes. Analysis of the recurrent exchequers released indicates that Kshs.720.64 million was towards employee compensation and Kshs.50.22 million for operations and maintenance expenditure.

The operations and maintenance analysis show that 12 per cent of the exchequer was for domestic travel (Kshs.14.87 million) and 23 per cent for foreign travel (Kshs.12.10 million), both fully incurred by the County Assembly.

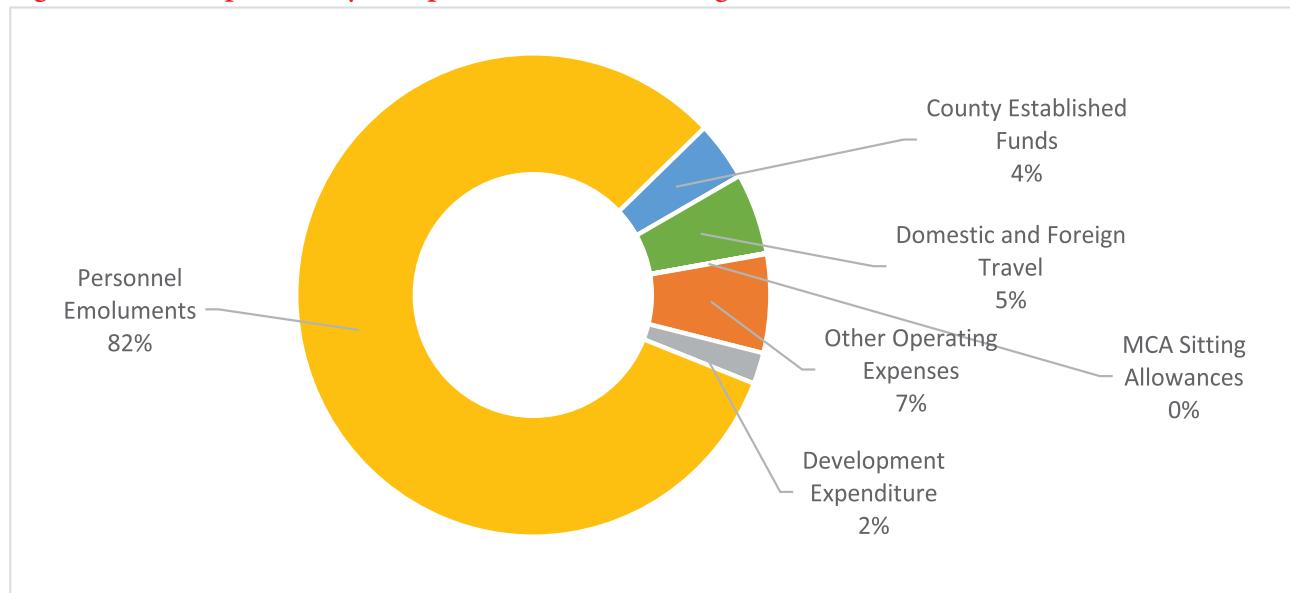

As of September 30, 2025, the County Government's cash balance in the CRF account was Kshs.201.07 million.

### 3.20.6 Expenditure Review

The County spent Kshs.446.68 million on development and recurrent programmes in the reporting period. The expenditure represented 5.0 per cent of the total funds released by the CoB. It comprised Kshs.10.45 million for development programmes and Kshs.436.23 million for recurrent programmes. Expenditure on development programmes represented an absorption rate of 0.24 less than 1 per cent, while recurrent expenditure represented 98.82 per cent of their budget allocations respectively.

The following chart provides a detailed breakdown of expenditure, showing relative composition of each shilling paid.

**Figure 114: Laikipia County Composition of Each Shilling Paid in the First Quarter of FY 2025/26**

Source: Laikipia County Treasury

As shown in Figure 114, the three highest expenditure categories were Personnel Emoluments, Other Operating Expenses, and Domestic and Foreign Travels, which contributed 82 per cent, 7 per cent, and 5 per cent of total expenditure for the reporting period, respectively.

### 3.20.7 Settlement of Trade Payables

As of 1<sup>st</sup> July 2025, the County reported trade payables totalling Kshs.1.71 billion. This amount included Kshs.1.66 billion from the County Executive and Kshs.49.68 million from the County Assembly. The trade payables from the County Executive consisted of Kshs.591.91 million for recurrent expenditures and Kshs.1.07 billion for development expenditures.

During the reporting period, the County Executive settled Kshs.188.08 million in recurrent payables, while the County Assembly addressed Kshs.24.92 million in recurrent payables. As of September 30, 2025, outstanding trade payables stood at Kshs.1.47 billion for the County Executive and Kshs.24.76 million for the County As-

sembly. Table 3.231 provides additional details of trade payables.

**Table 3.231: Laikipia County Trade Payables as of 30<sup>th</sup> September 2025**

*Source: Laikipia County Treasury*

The County Executive and the Assembly submitted a trade payables payment plan, committing to pay Kshs.1.66 billion and Kshs.49.68 million, respectively, in FY 2025/26. In the first quarter of FY 2025/26, the County cleared Kshs.188.08 million for the Executive and Kshs.24.92 million for the Assembly.

Table 3.232 and Table 3.233 present the ageing of the total outstanding payables as of 30 September 2025 for the County Executive and Assembly, which were Kshs.1.5 billion.

**Table 3.232: Laikipia County Executive Trade Payable Ageing Analysis as of 30 September 2025**

Category	Ageing analysis (Amount in Kshs.)				Total
	Under one year	1-2 years	2-3 years	Over 3 years

*Source: Laikipia County Treasury*

Table 3.233 shows that 100 per cent of the Assembly's trade payables are over three years old, raising concern as to whether the Executive prioritises settlement of older bills in line with the FIFO basis stipulated in regulation 55(1)(b) of the PFM (County Government) Regulations, 2015.

### 3.20.8 Expenditure by Economic Classification

During the reporting period, the County Executive paid Kshs.349.19 million for compensation of employees, nil on operations and maintenance, and Kshs.77.27 million for development activities. Similarly, the County Assembly paid Kshs.56.76 million on compensation of employees, Kshs.29.61 million on operations and maintenance, and nil on development activities, as shown in Table 3.234.

**Table 3.234: Laikipia County Summary of Budget and Expenditure by Economic Classification**

### 3.20.9 Expenditure on Compensation of Employees

During the period under review, the expenditure on employee compensation totalled Kshs.405.95 million. The percentage of compensation of employees to revenue was 12.12 per cent. This expenditure on employee compensation shows an increase compared to the Kshs.339.68 million reported in a similar period in FY 2024/25. Of this total, Kshs.280.5 million was related to Health Sector employees, which accounted for 69.1 per cent of the overall employees' compensation.

Figure 115 shows the trend in employees' compensation as a percentage of total revenue received from the First Quarter of FY 2020/21 to the First Quarter of FY 2025/26.

**Figure 115: Percentage of Employee Compensation to Total Revenue Received from the First Quarter of FY 2020/21 to the First Quarter of FY 2025/26**

Source: Laikipia County Treasury

As shown in Figure 115, the County Assembly apportioned 66 per cent of its funds inflow in the first quarter of FY 2025/26 towards compensation of employees while the Executive apportioned 24 per cent. Further analysis indicated that PE costs amounting to Kshs.385.47 billion were processed through the Human Resource Information System (HRIS). In contrast, Kshs.20.48 million was processed through manual payroll, which accounted for 5.0 per cent of the total PE cost.

The manual payroll comprised salaries for 1180 staff not onboarded into the Human Resource Information System (HRIS), salaries for 8 casual staff, top-up allowances for security personnel, gratuity remittances to pension schemes for staff on contract, and LAPTRUST/LAPFUND Pension Contributions, as shown in Table 3.235.

**Table 3.235: Breakdown of Laikipia County Manual Payroll**

Category	County Executive (Kshs.)	County Assembly (Kshs.)	Total (Kshs.)
Salaries for staff paid outside the Human Resource Information System (HRIS)	17,049,600.00	3,432,001.50	20,481,601.50
<b>Total</b>	<b>17,049,600.00</b>	<b>3,432,001.50</b>	<b>20,481,601.50</b>

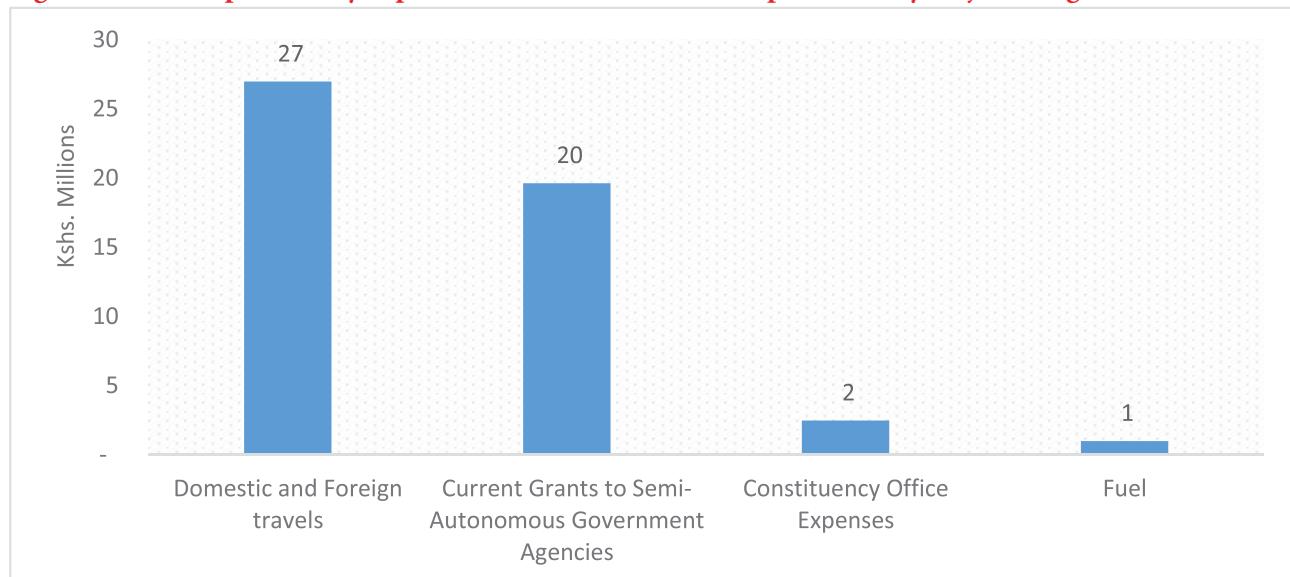

Source: Laikipia County Treasury

The County Assembly paid Kshs.0.31 million on committee sitting allowances for the 22 MCAs against the annual budget allocation of Kshs.20.97 million. The average monthly sitting allowance was Kshs.4648.48 per MCA. The County Assembly has 18 House Committees.

### 3.20.10 Expenditure on Operations and Maintenance

During the reporting period, the County spent Kshs.29.61 million on operations and maintenance, representing a decrease of 375 per cent compared to FY 2024/25, when the County paid Kshs.140.87 million. Figure 116 summarises the Operations and Maintenance expenditure by major categories.

**Figure 116: Laikipia County, Operations and Maintenance Expenditure by Major Categories**

Source: Laikipia County Treasury

### 3.20.11 County-Established Funds

Section 116 of the PFM Act 2012 allows County Governments to establish other public funds, subject to approval from the County Executive Committee and the County Assembly. The County allocated Kshs.277.17million to County-Established funds in FY 2025/26, or less than 1 per cent of the County's overall budget. Further, the County allocated Kshs.82.17 million to the Emergency Fund (less than 1 per cent of the total budget) in line with Section 110 of the PFM Act, 2012. Table 3.236 summarises each established Fund's budget allocation and performance during the reporting period.

**Table 3.236: Performance of Laikipia County Established Funds in the First Quarter of FY 2025/26**

S/No.	Name of the Fund	Year Es-tablished	Approved Budget Allocation in FY 2025/26 (Kshs.)	Exchequer Issues in First Quarter of FY 2025/26 (Kshs.)	Actual Expenditure in the First Quarter of FY 2025/26 (Kshs.)	Cumulative disbursements to the Fund (Kshs)	Submission of Financial Statements (Yes/No.)
<b>County Executive Established Funds</b>

Total			<b>48,058,015</b>				

Source: Laikipia County Treasury

During the reporting period, the CoB received quarterly financial reports from all Fund Administrators, as indicated in Table 3.236, contrary to the requirement of Section 168 of the PFM Act, 2012. The County disclosed that the administration costs of the County Governments) Regulations, 2015.

Regulation 197(1)(i) of the Public Finance Management (County Governments) Regulations, 2015, allows County Governments to establish public funds with a lifespan capped at 10 years unless extended by the County Assembly. In FY 2025/26, the CoB established that the lifespans of the **Car Loans and Mortgage Scheme** and the **Laikipia County Education Bursary Fund** had lapsed. Consequently, the CoB did not approve any requests for withdrawals to support the operations of the lapsed funds.

### 3.20.12 County Corporations

The County has five County Corporations, which were allocated Kshs.280.16 in FY 2025/26 as shown in Table 3.237.

**Table 3.237: Performance of Laikipia County Corporations in the First Quarter of FY 2025/26**

### 3.20.14 Facility Improvement Financing

During the review period, the County reported collections of Kshs.171.11 million as FIF, which was 27.33 per cent of the annual target of Kshs.626 million. The collected amount was retained and utilised at source in line with the Facility Improvement Financing Act, 2023. The County has developed regulations to operationalise the FIF Act of 2023. The expenditure by the health facilities amounted to Kshs.152.58 million, as shown in Table 3.239.

**Table 3.239: Laikipia County Health Facilities Expenditure Performance in FY 2025/26**

No.	Health Facility	Number of Facilities	Approved Budget (Kshs.)	Actual Expenditure (Kshs.)	Absorption rate (%)
1.	Level 4 Hospital	5	748,101,403	151,373,110	20

	<b>Total</b>		<b>756,068,688</b>	<b>152,578.840</b>	<b>20</b>

*Source: Laikipia County Treasury*

### 3.20.15 Development Expenditure

In the review period, the County reported expenditure of Kshs.77.27 million on development programmes, representing an increase of 176.79 per cent compared to FY 2024/25, when the County paid Kshs.27.92 million. Table 3.240 summarises the development projects with the highest expenditure in the reporting period.

The increase in development expenditure was attributed to Capital grants.

**Table 3.240: Laikipia County, List of Development Projects with the Highest Expenditure**

No.	Sector	Project Name	Project Location	Expected Completion Date	Contract sum (Kshs)	Amount paid in FY 2025/26 (Kshs.)	Cumulative Expenditure as of 30 September 2025	Implementation status (%)

Source: Laikipia County Treasury

Analysis of departmental expenditures shows that the Department of County Executive and Agriculture had the highest development budget absorption rate at 21 per cent, while the County Assembly recorded the highest recurring expenditure rate at 20 per cent. Several Executive departments, however, did not incur any recurrent expenditures.

### 3.20.17 Budget Execution by Programmes and Sub-Programmes

The development sub-programmes with the highest levels of budget implementation, based on absorption rates, were: Grant and transfer to entities in the Department of Agriculture at 21 per cent and Emergency in the Department of Finance at 11 per cent, of the budget allocation. Conversely, the recurrent sub-programmes with the highest levels of budget implementation, based on absorption rates, were: Compensation to employees in the Department of County Assembly at 23 per cent, Compensation to employees in the Department of County Administration at 10 per cent, County Service Delivery in the Department of County Administration at 17 per cent, per cent of the budget allocation.

### 3.20.18 Accounts Operated in Commercial Banks

Regulation 82(1)(b) of the PFM (County Governments) Regulations, 2015, requires that County Government bank accounts be opened and maintained at the Central Bank of Kenya. The only exemption is for imprest bank accounts for petty cash and revenue collection bank accounts.

Further, Regulation 82(4) of the Public Finance Management (PFM) Act requires accounting officers to obtain written authorisation from the County Treasury before opening a commercial bank account. Additionally, Regulation 82(5) of the Public Finance Management (County Governments) Regulations, 2015, requires the County Treasury to submit a copy of the letter authorising an accounting officer to open a commercial bank account to the Controller of Budget.

The County Government operated 44 accounts in commercial banks, including 12 accounts for Health Facilities, 10 accounts for Vocational Training Centres, 5 accounts for Established Funds, revenue accounts, and 16 special-purpose accounts (additional allocations).

The County Treasury submitted copies of the authorisation letters to the Controller of Budget for the opening of 56 commercial bank accounts, as per Regulation 82(5) of the Public Finance Management (County Governments) Regulations, 2015.

### 3.20.19 Key Observations and Recommendations

In the course of overseeing and reporting on the implementation of the County budget, the CoB identified the following challenges, which hampered effective budget implementation;

- i. The County Treasury's late submission of financial reports to the Controller of Budget affected the timely preparation of the budget implementation report, which was received on 31<sup>st</sup> October, 2025.
- ii. Low development performance in the review period as the County paid Kshs.77 million on development activities, achieving a 1.8 per cent absorption rate.
- iii. Unspent funds from FY 2024/25 were not refunded into the CRF account, resulting in actual expenditures exceeding the approved exchequer in several departments, as shown in Table 3.242.
- iv. Regulation 197(1)(i) of the Public Finance Management (County Governments) Regulations, 2015, limits the lifespan of public funds to 10 years unless extended by the County Assembly. As of 30 September 2025, the lifespan of the Fund, the Laikipia County Emergency Fund and the Bursary Fund had lapsed, making them ineligible for further withdrawals.
- v. High level of trade payables, which amounted to Kshs.1.5 billion as of 30 September 2025. Further, there was non-adherence to the payment plan for the trade payables by the County Treasury.
- vi. Use of manual payroll. Personnel emoluments amounting to Kshs.2.48 million for 1060 staff not onboarded into HRIS and 120 casual staff were processed through manual payroll. Manual payroll is prone to abuse and may result in the loss of public funds.
- vii. The County reported stalled projects with an estimated value of Kshs.6.55 million, of which Kshs.1.11 million had been paid. These are sunk costs that have yielded no tangible benefit for the citizens. The return on investment is currently zero, and this amount is at risk of being entirely written off if the projects remain stalled or are abandoned.
- viii. The County reported revenue arrears of Kshs.739.54 million comprising of Kshs.724.45 million on land rates and Kshs.15.10 million on property rent. These revenue arrears limited funding for County activities.

The County should implement the following recommendations to improve budget execution:

- i. *The County Treasury should ensure the timely preparation and submission of financial reports to the Office of the Controller of Budget per the timelines prescribed in Section 166 of the PFM Act, 2012.*
- ii. *The County should implement strategies to increase development expenditures in FY 2025/26.*
- iii. *The County Treasury should ensure unspent funds from the previous financial year are deposited into the CRF Account in line with Section 136 of the PFM Act 2012.*
- iv. *The County should ensure timely review and extension of public funds whose lifespan is nearing expiration to prevent operational disruptions. Additionally, any expenditure from lapsed funds should cease immediately, and legal mechanisms should be followed to re-establish or wind up such funds in compliance with the Public Finance Management Act.*
- v. *The County Leadership should address the situation of trade payables to ensure that genuine bills are paid promptly in the remaining financial year. Further, compliance with the Trade Payables Action Plan should be enforced.*
- vi. *The Government requires that salaries be processed through the HRIS system, and the County is advised to fast-track the acquisition of Unified Personnel Numbers for their staff. The County Public Service Board should regulate staff engagement on contract and casual workers as provided under Section 74 of the County Governments Act 2012. Furthermore, strict adherence to the approved staff establishment should be maintained.*
- vii. *The County should Strengthen Project Appraisal: Enhance the rigour of feasibility studies and cost estimation before project initiation to prevent under-budgeting. Implement Robust Monitoring & Evaluation (M&E): Establish a mandatory, active M&E system that flags "at-risk" projects early, allowing for intervention before they stall completely. Enforce Accountability: Clarify and enforce accountability for project officers and managers for the delivery of projects within budget and timeline.*

- viii. *The County needs to develop strategies to collect these outstanding arrears to aid in budget implementation.*

## 3.21. County Government of Lamu

### 3.21.1 Overview of FY 2025/26 Budget

The Lamu County Approved Budget for FY 2025/26 is Kshs.4.65 billion. It comprises Kshs.1.55 billion (33 per cent) and Kshs.3.09 billion (67 per cent) allocation for development and recurrent programmes, respectively. The budget estimates represent a decrease of Kshs.340.29 million (7 per cent) from the FY 2024/25 budget, which comprised a development budget of Kshs.1.90 billion and a recurrent budget of Kshs.3.08 billion. The decrease in the budget was primarily attributed to the delay in enacting the County Government Additional Allocation Act (CGAA) 2025, which had not been passed at the time the County was preparing and appropriating its budget.

The budget is to be financed from various revenue sources. These include the equitable share of revenue raised nationally, amounting to Kshs.3.41 billion (73 per cent), additional allocations of Kshs.722 million (16 per cent), a cash balance of Kshs.241.28 million (5 per cent) brought forward from FY 2024/25, and Kshs.280 million (6 per cent) to be received as own-source revenue. A breakdown of the additional allocations is shown in Table 3.243.

### 3.21.2 Revenue Performance

During the first Quarter of FY 2025/26, the County received Kshs.881.66 million in revenue. This amount represented a decrease of 17 per cent compared to the amount received in a similar period in FY 2024/25 of Kshs.1.05 billion. The total revenue consisted of Kshs.585.24 million from the equitable share of revenue raised nationally and own-source revenue (OSR) collection of Kshs.55.15 million. Additionally, the County had a cash balance of Kshs.241.28 million from FY 2024/25. Kshs.55.15 million from other OSR sources. Table 3.243 summarises the total revenue available to the County Government during FY 2025/26.

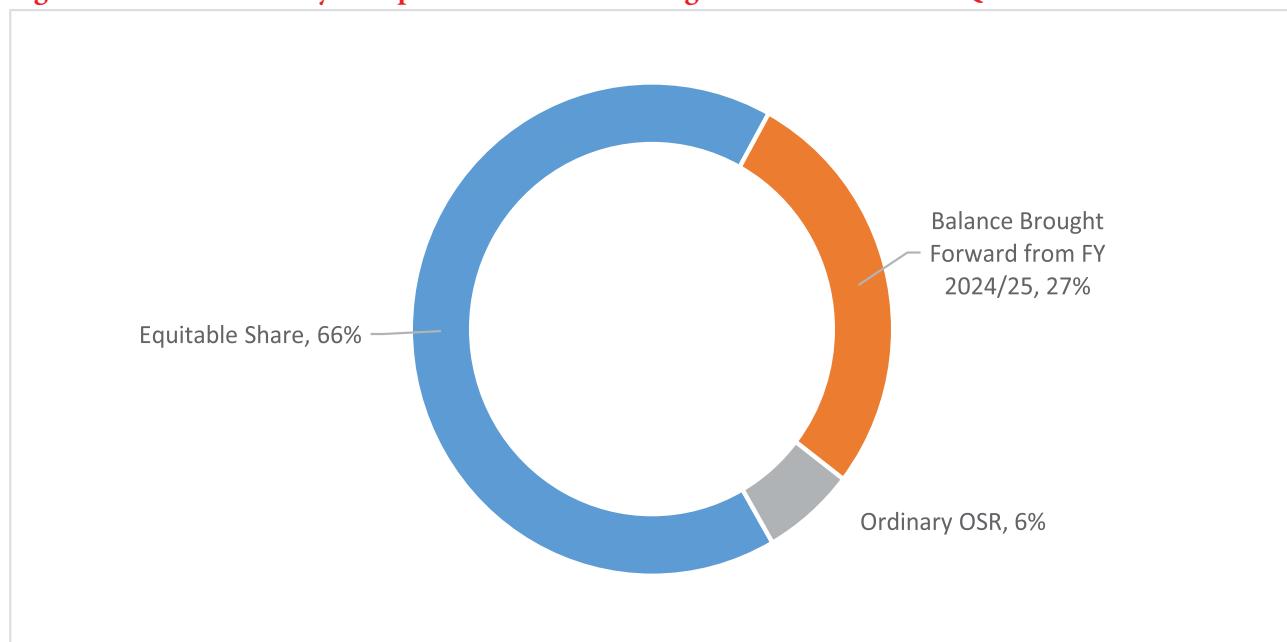

**Table 3.243: Lamu County, Revenue Performance in FY 2025/26**

S/No.	Revenue Category	Budget Allocation (Kshs)	Actual Revenue (Kshs.)	Actual Revenue5 as Percentage of Budget Allocation (%)

Figure 117 provides a detailed breakdown of receipts, showing a breakdown of each shilling received.

**Figure 117: Lamu County Composition of Each Shilling Received in the First Quarter of FY 2025/26**

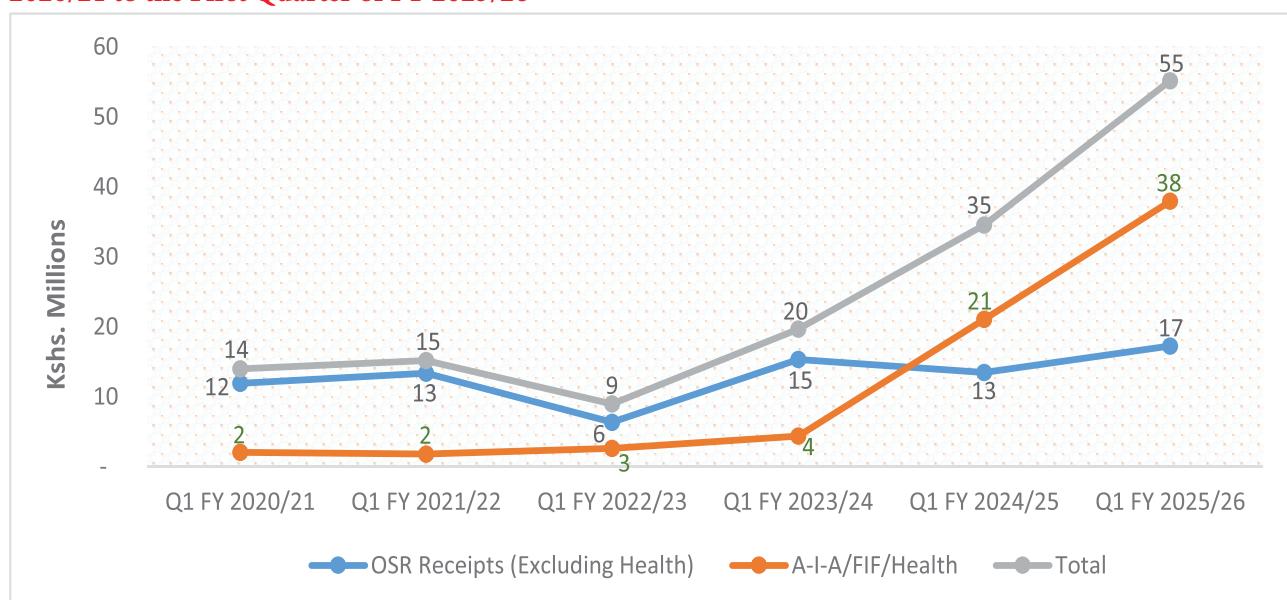

Source: Lamu County Treasury

The equitable share of revenue raised nationally and OSR contributed 66 and 6 per cent respectively of the total receipts for the reporting period.

Figure 118 shows the collection trend in own-source revenue from the First Quarter of FY 2020/21 to the First Quarter of FY 2025/26.

**Figure 118: Lamu County Trend in Own-Source Revenue Collection from the First Quarter of FY 2020/21 to the First Quarter of FY 2025/26**

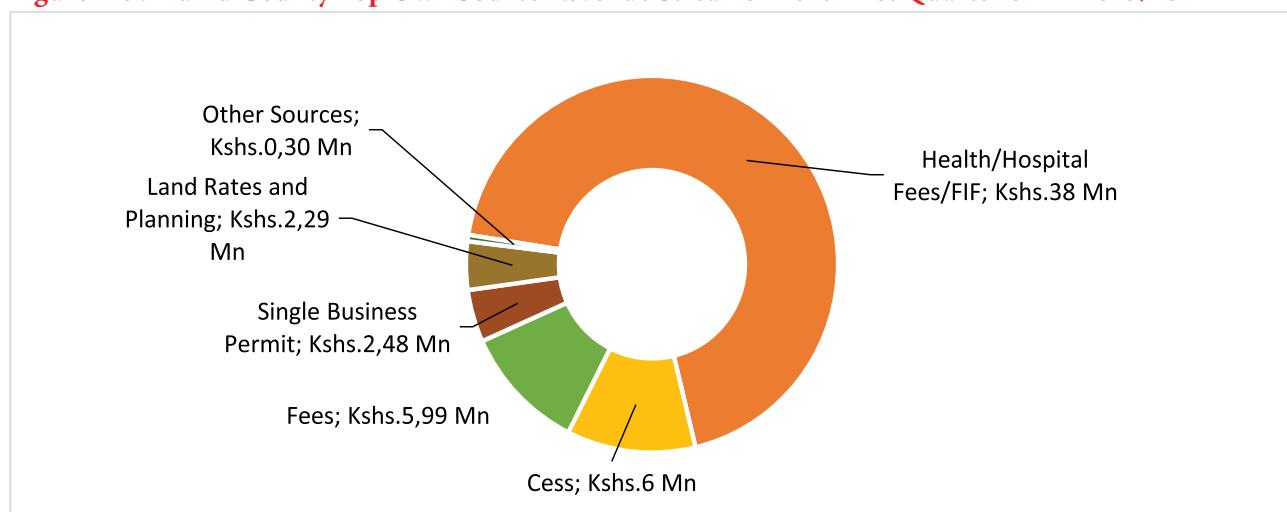

Source: Lamu County Treasury

During the First Quarter of FY 2025/26, the County received Kshs.55.15 million from ordinary own source revenue. This amount was an increase of 60 per cent compared to Kshs.34.52 million realised in a similar period in FY 2024/25, and was 30 per cent of the annual target and 1 per cent of the equitable revenue share disbursed.

The increase in OSR can be attributed to good governance within the revenue department, enhanced internal control measures, the expansion of services, and the automation of all revenue streams. The revenue streams

which contributed the highest OSR receipts are shown in Figure 119.

**Figure 119: Lamu County Top Own Source Revenue Streams in the First Quarter of FY 2025/26**

Source: Lamu County Treasury

As shown in Figure 119, the highest revenue stream, at Kshs.37.91 million, was from Facility Improvement Financing, accounting for 52 per cent of the total OSR receipts. The County Government indicated that it has automated all its revenue streams, which are 34.

### 3.21.3 Revenue Arrears

As of 1<sup>st</sup> July 2025, the County reported revenue arrears of Kshs.223.07 million, this amount remained the same as of 30<sup>th</sup> September 2025. Table 3.244 presents a breakdown of the County's revenue arrears.

**Table 3.244: Lamu County Revenue Arrears as of 30 September 2025**

No	Revenue Stream	Revenue Arrears as of 1 July 2025 (Kshs.)	Progress made in FY 2025/26			Revenue Arrears as of 30 September 2025 (Kshs.)
			Waivers (Kshs)	Arrears received in the financial year (Kshs)	Arrears earned in First Quarter of FY 2025/26 (Kshs)	
	<b>Ordinary Own Sources of Revenue</b>	a	b	c	d	f=a-b-c+d
1	<b>Land rate</b>	220,514,258	0	0	0	220,514,258
2	<b>Single/Business Permits</b>	2,557,900	0	0	0	2,557,900
	<b>Sub-Total</b>					
	<b>Total</b>	223,072,158	0	0	0	223,072,158

Source: Lamu County Treasury

As of 30 September 2025, the revenue arrears totalled to Kshs.223.07 million, comprising Kshs.220.51 million for Land Rates (99 per cent) and Kshs.2.56 Million(1 per cent) for Single Business Permit.

### 3.21.4 Borrowing by the County

The County didn't borrow during the period under review

### **3.21.5 Exchequers Approved**

The Controller of Budget approved withdrawals of Kshs.402.70 million from the CRF account during the reporting period, which comprised Kshs.10 million (2 per cent) for development programmes and Kshs.392.7 million (98 per cent) for recurrent programmes. Analysis of the recurrent exchequers released indicates that Kshs.349.77 million was towards employee compensation and Kshs.42.93 million for operations and maintenance expenditure.

The operations and maintenance exchequer analysis indicates that 61 per cent was for domestic travel and 39 per cent for foreign travel. The domestic travel exchequer amounted to Kshs.26.12 million and included Kshs.16.81 million for the County Assembly. The foreign exchequer totalled Kshs.16.81 million all for the County Assembly.

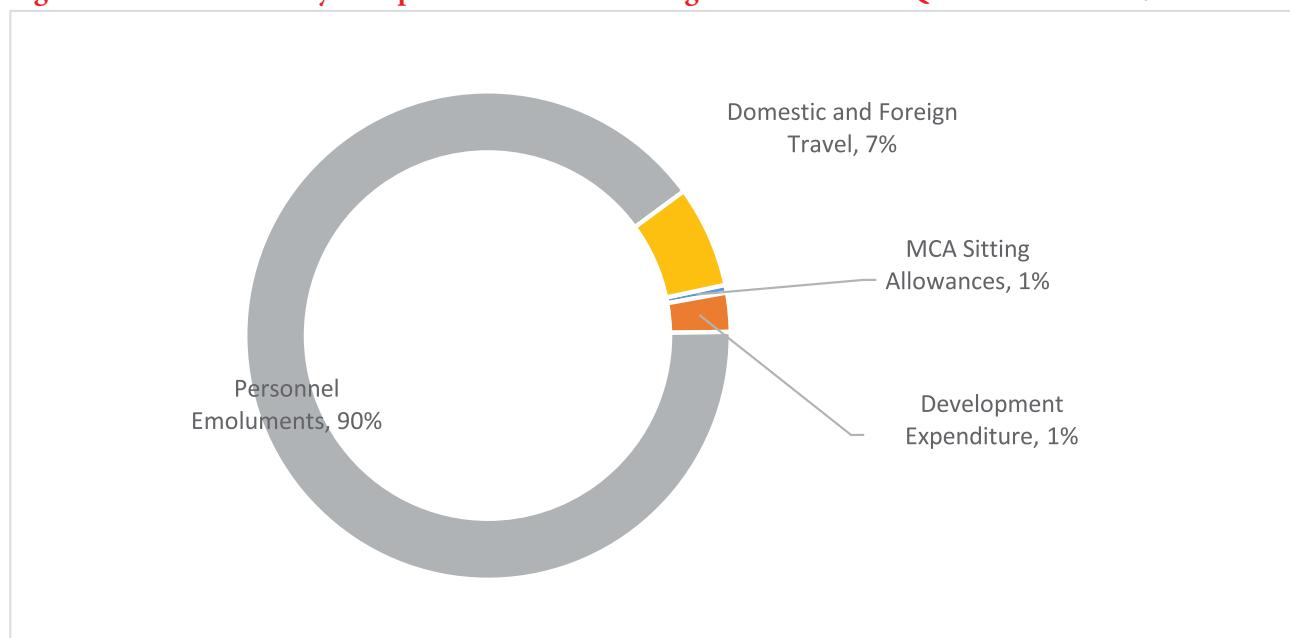

As of September 30, 2025, the County Government's cash balance in the CRF account was Kshs.644.77 million.

### **3.21.6 Expenditure Review**

The County spent Kshs.402.67 million on development and recurrent programmes in the reporting period. The expenditure represented 100 per cent of the total funds released by the CoB. It comprised Kshs.10 million for development programmes and Kshs.392.7 million for recurrent programmes. Expenditure on development programmes represented an absorption rate of 1 per cent, while recurrent expenditure represented 13 per cent of the annual recurrent expenditure budget.

The following chart provides a detailed breakdown of expenditure, showing the relative composition of each shilling spent.

**Figure 120: Lamu County Composition of Each Shilling Paid in the First Quarter of FY 2025/26**

Source: Lamu County Treasury

As shown in Figure 120, the three highest expenditure categories were personnel emoluments, domestic and foreign travel, MCA sitting allowances, and development expenditure, which contributed 90 per cent, 7 per cent, 1 per cent, and 1 per cent, respectively, of the total expenditure for the reporting period.

### **3.21.7 Settlement of Trade Payables**

As of 1<sup>st</sup> July 2025, the County reported trade payables totalling Kshs.32.11 million, with the entire amount being recurrent trade payables for the County executive.

During the reporting period, the County Executive settled trade payables amounting to Kshs.13.61 42 per cent which was all for recurrent programmes. Table 3.245 provides additional details of trade payables.

**Table 3.245: Lamu County Trade Payables as of 30<sup>th</sup> September 2025**

		County Entity	Development (Kshs.)	Recurrent (Kshs.)	Total (Kshs.)
As at 1 July 2025 (End of FY 2024/25)	a	County Executive	-	32,114,251	-
		County Assembly		-	-
		Total	-	32,114,251	-

		<b>County Assembly</b>		-	-
		<b>Total</b>	-	-	-

Source: Lamu County Treasury

The County Executive submitted a trade payables payment plan, committing to pay Kshs.32.11 million, in the first quarter of FY 2025/26. The County adhered to this payment plan, as it cleared Kshs.13.61 million for the Executive.

Table 3.246 present the ageing of the total outstanding bills as of 30 September 2025 for the County Executive which was Kshs.18.5 million.

**Table 3.246: Lamu County Executive Pending Bill Ageing Analysis as of 30 September 2025**

Category	Ageing analysis (Amount in Kshs.)				Total

<b>% of Total</b>	<b>88</b>	<b>12</b>	<b>0</b>	<b>0</b>	<b>100</b>

Source: Lamu County Treasury

The Executive is commended for adhering to its first-quarter payment plan and is urged to do the same in the remaining period of FY 2025/26.

### 3.21.8 Expenditure by Economic Classification

During the reporting period, the County Executive incurred Kshs.310.59 million for employee compensation, while incurring no expenditure on operations and maintenance, and Kshs.10 million for development activities. Similarly, the County Assembly spent Kshs.39.14 million on employee compensation and Kshs.42.9 million on operations and maintenance, as shown in Table 3.247

**Table 3.247: Lamu County Summary of Budget and Expenditure by Economic Classification**

Expenditure Classification	Revised Budget (Kshs.)		Expenditure (Kshs.)		Absorption (%)	
	County Executive	County Assembly	County Executive	County Assembly	County Executive	County Assembly
<b>Total Recurrent Expenditure</b>	<b>2,621,842,948</b>	<b>472,735,064</b>	<b>310,592,064</b>	<b>82,074,258</b>	<b>12</b>	<b>17</b>

Total	4,065,626,465	582,735,064	320,592,064	82,074,258	8	14

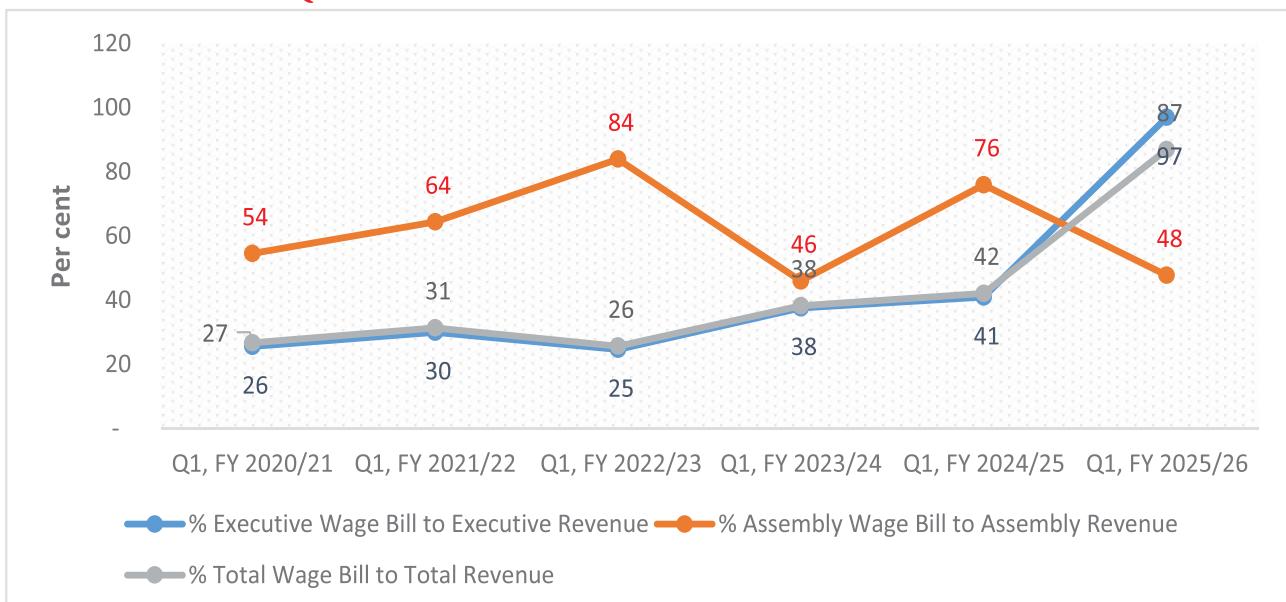

Source: Lamu County Treasury

### 3.21.9 Expenditure on Compensation of Employees

During the period under review, the expenditure on employee compensation totalled Kshs.349.77 million. The percentage of compensation of employees to revenue was 17 per cent. This expenditure on employee compensation shows an increase Compared to the Kshs.310.3 million reported in a similar period in FY 2024/25. Of this total, Kshs.215.74 million related to the Health Sector employees, which accounted for 62 per cent of the overall employees' compensation

Figure 121 shows the compensation trend of employees' expenditures as a percentage of total revenue received from the First Quarter of FY 2020/21 to the First Quarter of FY 2025/26.

**Figure 121: Percentage of Employee Compensation to Total Revenue Received from the First Quarter of FY 2020/21 to the First Quarter of FY 2025/26**

Source: Lamu County Treasury

The Executive increased their wage-to-revenue allocation over the years, peaking at 97 per cent in the first quarter of FY 2025/26, which limits funding for other services. The Assembly wage-to-revenue ratio varied between 54 per cent to 48 per cent in the first quarter of the financial years under review. Both entities exceeded the 35 per cent ceiling set by Regulation 25(1)(b) of the PFM (County Governments) Regulations 2015, highlighting that employee compensation was prioritised over other expenditures in the review period.

Further analysis indicated that PE costs amounting to Kshs.278.89 million were processed through the Human Resource Information System (HRIS). In contrast, Kshs.70.85 million was processed through manual payroll, which accounted for 23 per cent of the total PE cost.

The manual payroll comprised salaries for 98 staff not onboarded into the Human Resource Information System (HRIS), salaries for 560 casual staff, top-up allowances for four security personnel, gratuity remittances to pension schemes for staff on contract, and LAPTRUST/LAPFUND Pension Contributions, as shown in Table 3.248.

**Table 3.248: Breakdown of Lamu County Manual Payroll**

Sno.	Description of Manual Payroll	Amount (Kshs.)
	Salaries for 98 staff yet to be onboarded into HRIS	20,915,691.02
	Salaries for 50 casual staff	31,842,479.09
	Top-up Allowances for 4 Security Officers	265,584.00
	LAPTRUST/LAPFUND Pension Contributions	40,100.40
	Gratuity for contract staff	17,785,643.24
	<b>Total</b>	<b>70,849,497.75</b>

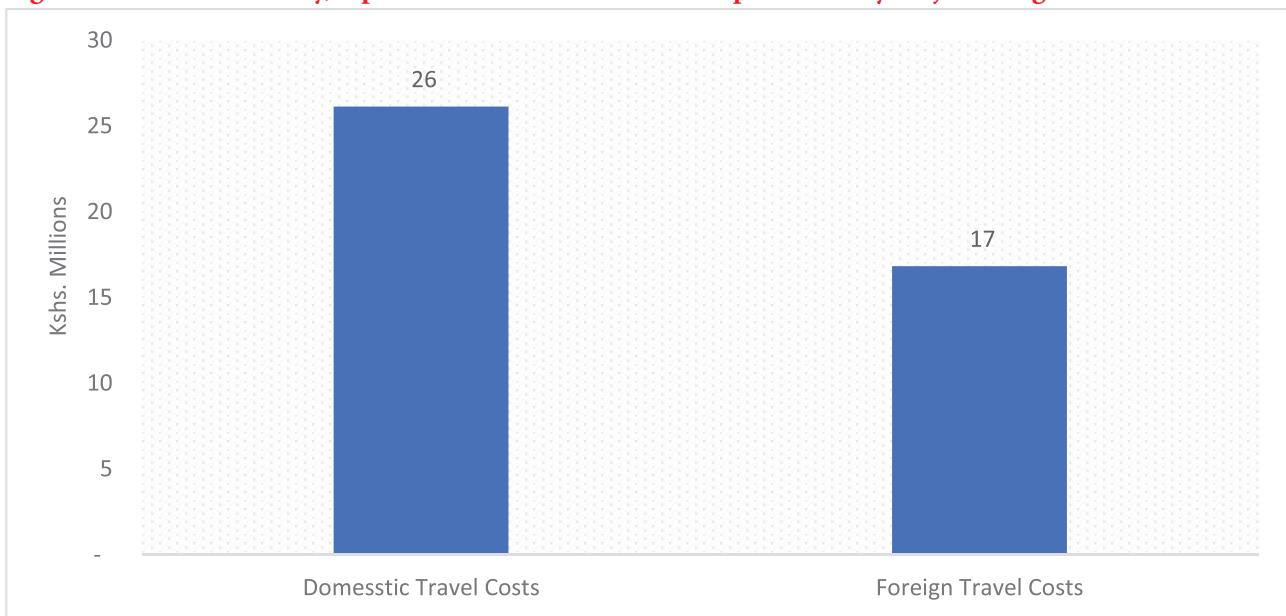

Source: Lamu County Treasury

The County Assembly spent Kshs.1.99 million on committee sitting allowances for the 19 MCAs against the annual budget allocation of Kshs.15.23 million. The average monthly sitting allowance was Kshs.34,853 per MCA. The County Assembly has 14 House Committees.

### 3.21.10 Expenditure on Operations and Maintenance

During the reporting period, the County spent Kshs.42.93 million on operations and maintenance, representing a decrease of 38 per cent compared to FY 2024/25, when the County spent Kshs.69.11 million. Figure 122 summarises the Operations and Maintenance expenditure by major categories.

**Figure 122: Lamu County, Operations and Maintenance Expenditure by Major Categories**

Source: Lamu County Treasury

Section 116 of the PFM Act 2012 allows County Governments to establish other public funds, subject to approval from the County Executive Committee and the County Assembly. The County allocated Kshs.115.59 million to County-Established funds in FY 2025/26, or 2 per cent of the County's overall budget. Further, the County allocated Kshs.5 million to the Emergency Fund (less than 1 per cent of the total budget) in line with Section 110 of the PFM Act, 2012. Table 3.249 summarises each established Fund's budget allocation and performance during the reporting period.

**Table 3.249: Performance of Lamu County Established Funds in the First Quarter of FY 2025/26**

S/No.	Name of the Fund	Year Established	Approved Budget Allocation in FY 2025/26 (Kshs.)	Exchequer Issues in First Quarter of FY 2025/26 (Kshs.)	Actual Expenditure in the First Quarter of FY 2025/26 (Kshs.)	Cumulative disbursements to the Fund (Kshs)	Submission of Financial Statements (Yes/No.)
	<b>County Executive Established Funds</b>

	Fisheries Revolving Fund		71,405,314	-	-	-	Yes
	Housing Fund		3,526,088	-	-	-	Yes
	Disability Fund		35,628,352	-	-	-	Yes
	Youth Fund		0	-	-	-	Yes
	Women Fund		0	-	-	-	Yes
	Total		115,559,754				

Source: Lamu County Treasury

During the reporting period, the CoB did receive quarterly financial reports from 6 Fund Administrators, as indicated in Table 3.249, contrary to the requirement of Section 168 of the PFM Act, 2012.

Regulation 197(1)(i) of the Public Finance Management (County Governments) Regulations, 2015, allows County Governments to establish public funds with a lifespan capped at 10 years unless extended by the County Assembly. In FY 2025/26, the CoB established that the lifespan of the Fisheries revolving Fund had lapsed. Consequently, the CoB did not approve any requests for withdrawals to support the operations of the lapsed funds.

### 3.21.11 County Corporations

The County has one County Corporation, which was allocated Kshs.10 million in FY 2025/26. There was no expenditure incurred during the reporting period shown in Table 3.250.

**Table 3.250: Performance of Lamu County Corporations in the First Quarter of FY 2025/26**

S/No.	Name of the Corporation	Approved Budget Allocation in FY 2025/26 (Kshs.)	Exchequer Issues (Kshs.)	Actual Transfers in FY 2025/26 (Kshs.)	Cumulative Transfers to the Corporation since its inception (Kshs.)

### 3.21.12 Expenditure on Domestic and Foreign Travel

Expenditure on domestic travel amounted to Kshs.26.12 million which was all for the County Assembly. Expenditure on foreign travel amounted to Kshs.16.81 million which was all for the County Assembly. Expenditure on foreign travel is summarised in Table 3.251.

**Table 3.251: Summary of Expenditure on Foreign Travel in the First Quarter of FY 2025/26**

Arm of County Government	Number of Officers Travelled	Date travelled	Purpose of the travel	Destination	Total Costs of the Travel in (Kshs.)
County Assembly	29	2 <sup>nd</sup> –15 <sup>th</sup> and 16 <sup>th</sup> -29 <sup>th</sup> to August 2025	A workshop on gender mainstreaming and Institutional Effectiveness	Tanzania	16,800,020
<b>Total</b>					<b>16,800,020</b>

### 3.21.13 Facility Improvement Financing

During the review period, the County reported collections of Kshs.37.91 million as FIF, which was 29 per cent of the annual target of Kshs.130 million. The collected amount was retained and utilised at source in line with the Facility Improvement Financing Act, 2023. The County has developed regulations to operationalise the FIF Act of 2023.

The expenditure by the health facilities amounted to Kshs.47 million, as shown in Table 3.252.

**Table 3.252: Lamu County Health Facilities Expenditure Performance in FY 2025/26**

No.	Health Facility	Number of Facilities	Approved Budget (Kshs.)	Actual Expenditure (Kshs.)	Absorption rate (%)
1.	5 Level 4 Hospital	4	53,585,528	47,022,812	88
	Total		53,585,528	47,022,812	88

### 3.21.14 Development Expenditure

During the review period, the County reported spending Kshs.10 million on development programmes, compared to FY 2024/25, when the County did not incur any expenditure towards development. The County reported three stalled development projects as of 30 September 2025, with an estimated value of Kshs.366.13 million, of which Kshs.183.73 has already been paid. The stalled projects are shown in Table 3.253.

**Table 3.253: Lamu County Stalled Projects as of 30 September 2025**

Project Name	Project Location	Estimated Value of the Project (Kshs.)	Amount Paid on the stalled project	Outstanding Balance as of 30 September 2025	Percentage of Completion Before Stalling of the Project	Reason for Project Stalling
Lamu County Headquarters	Headquarters	126,823,550	55,226,562	71,596,987	75 per cent	Delay of payment by the state department of public works
Faza Sub-County Headquarters	Faza	195,219,070	106,307,170	88,911,899	70 per cent	Delay by the state Department of Public Works

Source: Lamu County Treasury

Analysis of the expenditure by department shows that the County Assembly and the Department of Finance, whose expenditure is recurrent, and the Department of Education, which has spent 10 million on development, accounting for 1 per cent of its allocation, are the only departments that incurred expenditure. The rest of the departments did not incur any expenditure.

### 3.21.16 Budget Execution by Programmes and Sub-Programmes

The development sub-programmes with the highest levels of budget implementation, based on absorption rates, were: village polytechnics in the Department of Education at 30 per cent while the rest of the other departments did not incur any expenditure on development of their budget allocation. Conversely, the recurrent sub-programmes with the highest levels of budget implementation, based on absorption rates, were: administration in the Department of Finance and County Assembly, respectively, at 16 per cent of the budget allocation.

### 3.21.17 Accounts Operated in Commercial Banks

Regulation 82(1)(b) of the PFM (County Governments) Regulations, 2015, requires that County Government bank accounts be opened and maintained at the Central Bank of Kenya. The only exemption is for imprest bank accounts for petty cash and revenue collection bank accounts.

Further, Regulation 82(4) of the Public Finance Management (PFM) Act requires accounting officers to obtain written authorisation from the County Treasury before opening a commercial bank account. Additionally, Regulation 82(5) of the Public Finance Management (County Governments) Regulations, 2015, requires the County Treasury to submit a copy of the letter authorising an accounting officer to open a commercial bank account to the Controller of Budget.

The County Government operated 37 accounts in commercial banks, including 5 accounts for Health Facilities, 11 accounts for Vocational Training Centres, 8 accounts for Established Funds, 1 revenue accounts, 3 special-purpose accounts (additional allocations), 3 Water accounts, 2 salary processing account, 1 gratuity account, 1 recurrent account, 1 recurrent account and 1 imprest account

The County Treasury did not submit copies of authorisation letters to the Controller of Budget for opening all commercial bank accounts as per Regulation 82(5) of the Public Finance Management (County Governments) Regulations, 2015.

### 3.21.18 Key Observations and Recommendations

In the course of overseeing and reporting on the implementation of the County budget, the CoB identified the following challenges, which hampered effective budget implementation;

- i. Low development performance in the review period as the County incurred Kshs.10 million on development activities, achieving a 1 per cent absorption rate.
- ii. Regulation 197(1) (i) of the Public Finance Management (County Governments) Regulations, 2015, limits the lifespan of public funds to 10 years unless extended by the County Assembly. As of 30 September 2025, the lifespan of the 1 Fund and the Fisheries revolving Fund had lapsed, making them ineligible for further withdrawals.
- iii. Use of manual payroll. Personnel emoluments amounting to Kshs.70.85 million for 98 staff not onboarded into HRIS and 60 casual staff were processed through manual payroll, accounting for 23 per cent of the total payroll cost. Manual payroll is prone to abuse and may result in the loss of public funds.
- iv. Non-submission of copies of authorisation letters for opening commercial bank accounts as per Regulation 82(5) of the Public Finance Management (County Governments) Regulations, 2015.
- v. The County reported revenue arrears of Kshs.223.07 million on ordinary OSR comprising of land rates arrears of Kshs.220.51 million and single/business permit of Kshs.2.56 million. These revenue arrears limited funding for County activities.
- vi. The County has stalled projects valued at Kshs.366.13 million, with Kshs.183.73 million paid (50 per cent). The stalling of the projects is attributed to varying reasons, including inadequate funding.

The County should implement the following recommendations to improve budget execution:

- i. *The County should implement strategies to increase development expenditures in FY 2025/26.*
- ii. *The County should ensure the timely review and extension of public funds whose lifespan is nearing expiration to prevent operational disruptions. Additionally, any expenditure from lapsed funds should cease immediately, and legal mechanisms should be followed to re-establish or wind up such funds in compliance with the Public Finance Management Act.*
- iii. *The Government requires that salaries be processed through the HRIS system, and the County is advised to fast-track the acquisition of Unified Personnel Numbers for their staff. The County Public Service Board should regulate staff engagement on contract and casual workers as provided under Section 74 of the County Governments Act 2012. Furthermore, strict adherence to the approved staff establishment should be maintained.*
- iv. *The County Treasury should ensure it submits copies of authorisation letters to OCoB for opening commercial bank accounts to enhance accountability and oversight.*
- v. *The County needs to develop strategies to collect these outstanding arrears to improve budget implementation.*
- vi. *The County Executive should prioritise and fast-track feasible stalled projects in the budget, ensuring they are monitored for completion. Additionally, enhancing cash flow forecasting and commitment controls is essential to start projects only with secured funding, and to maintain a register of multi-year obligations to align projects with the budget.*

## **3.22. County Government of Machakos**

### **3.22.1 Overview of FY 2025/26 Budget**

The Machakos County Approved Budget for FY 2025/26 is Kshs.15.19 billion. It comprises Kshs.4.60 billion (30 per cent) and Kshs.10.60 billion (70 per cent) allocation for development and recurrent programmes, respectively. The budget estimates represent a decrease of Kshs.428.58 million (3 per cent) from the FY 2024/25 budget, which comprised a development budget of Kshs.4.75 billion and a recurrent budget of Kshs.10.87 billion. The decrease in the budget was primarily attributed to the decline in conditional grants of Kshs.239.48 million, a decline in the balance brought forward of Kshs.336.83 million, and an increase in the equitable share of Kshs.112.99 million.

The budget is to be financed from various revenue sources. These include; the equitable share of revenue raised nationally of Kshs.10.03 billion (66 per cent), additional allocations of Kshs.1.08 billion (7 per cent), and Kshs.4.09 billion (27 per cent) to be earned as own-source revenue. A breakdown of the additional allocations is shown in Table 3.255.

### 3.22.2 Revenue Performance

During the first Quarter of FY 2025/26, the County earned Kshs.2.50 billion in revenue. This amount represented an increase of 30 per cent compared to the amount received in a similar period in FY 2024/25 of Kshs.1.92 billion. The total revenue consisted of Kshs.1.63 billion from the equitable share of revenue raised nationally, nil on additional allocations from the national government and development partners, as well as own-source revenue (OSR) collection of Kshs.442.0 million. Additionally, the County had a cash balance of Kshs.428.78 million from FY 2024/25. The total OSR collection of Kshs.442.0 million included Facilities Improvement Financing (FIF) of Kshs.37.53 million, Kshs.154.54 million from SHIF, and Kshs.249.93 million from other OSR sources. Table 3.255 summarises the total revenue available to the County Government during FY 2025/26.

Figure 123 provides a detailed breakdown of receipts, showing a breakdown of each shilling received.

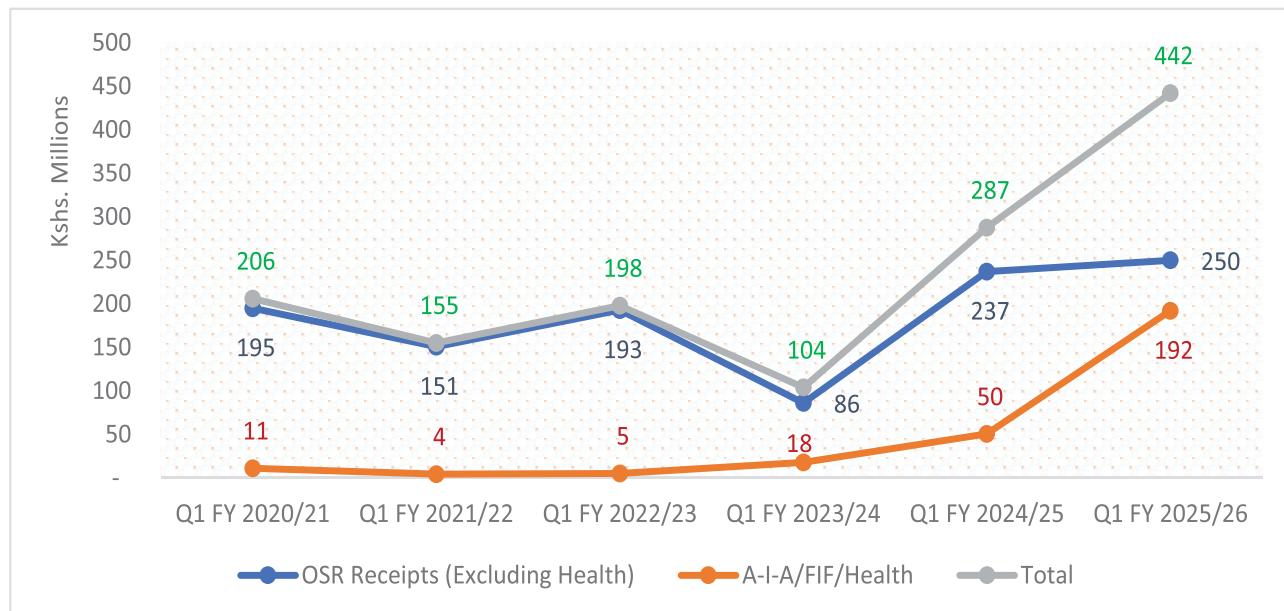

**Figure 123: Machakos County Composition of Each Shilling Earned in the First Quarter of FY 2025/26**

Source: Machakos County Treasury

The equitable share of revenue raised nationally, the balance brought forward, OSR, and FIF contributed 65 per cent, 17 per cent, 10 per cent, and 8 per cent, respectively, to total revenue for the reporting period. Figure 124 shows the collection trend in own-source revenue from the First Quarter of FY 2020/21 to the First Quarter of FY 2025/26.

**Figure 124: Machakos County Trend in Own-Source Revenue Collection from the First Quarter of FY 2020/21 to the First Quarter of FY 2025/26**

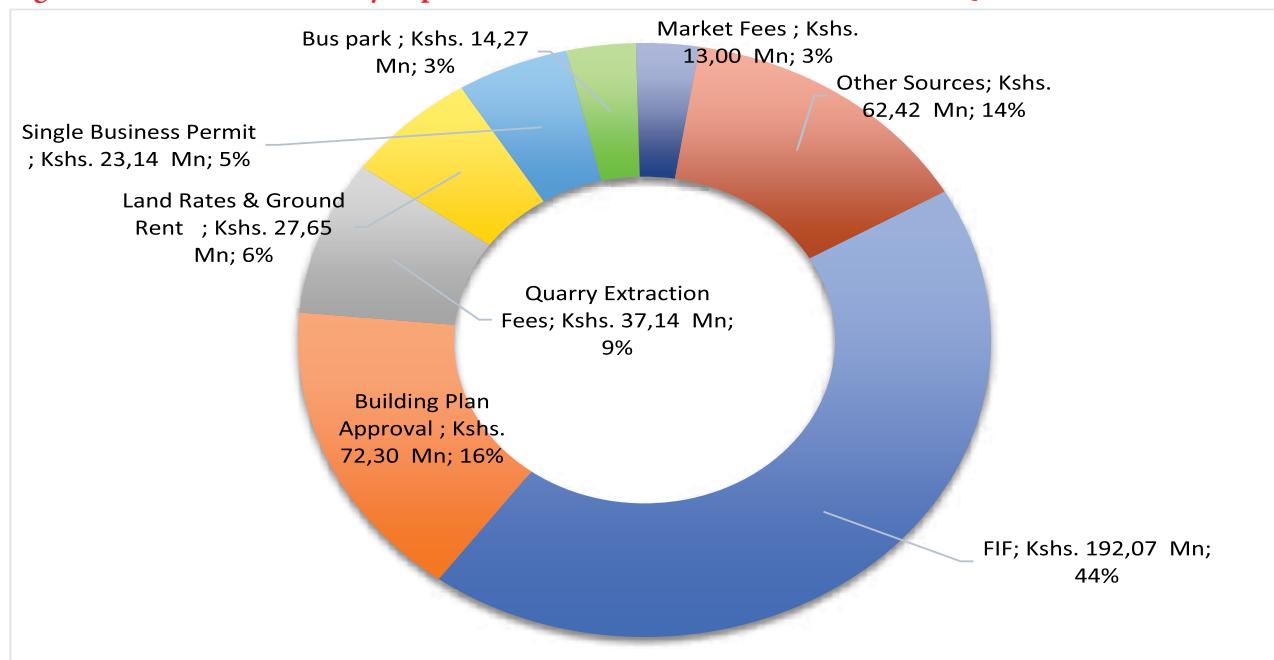

Source: Machakos County Treasury

During the First Quarter of FY 2025/26, the County generated Kshs.442 million from its revenue sources, including FIF. This amount was an increase of 54 per cent compared to Kshs.287.42 million realised in a similar period in FY 2024/25, and was 11 per cent of the annual target and 27 per cent of the equitable revenue share disbursed.

The increase in OSR was attributed to the reimbursement of the SHA of Kshs.154 million during the period. The revenue streams which contributed the highest OSR receipts are shown in Figure 125.

**Figure 125: Machakos County Top Own Source Revenue Streams in the First Quarter of FY 2025/26**

Source: Machakos County Treasury

As shown in Figure 125, the highest revenue stream, at Kshs.192.07 million, was from FIF (including the SHIF refunds), accounting for 45 per cent of the total OSR receipts. The County Government indicated that it has automated all revenue streams.

### 3.22.3 Revenue Arrears

As of 1<sup>st</sup> July 2025, the County reported revenue arrears of Kshs.458.28 million, this amount was the same as of 30<sup>th</sup> September 2025. Table 3.256 presents a breakdown of the County's revenue arrears.

**Table 3.256: Machakos County Revenue Arrears as of 30 September 2025**

No	Revenue Stream	Revenue Arrears as of 1 July 2025 (Kshs.)	Progress made in FY 2025/26			Revenue Arrears as of 30 September 2025 (Kshs.)

	<b>Sub-Total</b>	<b>458,284,275</b>	-	-	-	<b>458,284,275</b>
	<b>Total</b>	<b>458,284,275</b>	-	-	-	<b>458,284,275</b>

Source: Machakos County Treasury

As of 30 September 2025, the revenue arrears totalled to Kshs.458.28 million, which was wholly for SHIF. The County didn't report on any measures instituted to collect the outstanding arrears in FY 2025/26.

### 3.22.4 Borrowing by the County

Machakos County Executive has a credit facility with KCB bank(s) totalling Kshs.544.25 million. The credit facility was used to pay August 2025 gross salary and September 2025 gross salary in the review period, attributed to delayed exchequer disbursement by the National Treasury.

### 3.22.5 Exchequers Approved

The Controller of Budget approved withdrawals of Kshs.990.41 million from the CRF account during the reporting period, which comprised only recurrent programmes. Analysis of the recurrent exchequers released indicates that Kshs.923.19 million was towards employee compensation and Kshs.67.23 million for operations and maintenance expenditure.

The operations and maintenance exchequer analysis indicate that 51 per cent was for domestic travel and nil for foreign travel. The domestic travel exchequer amounted to Kshs.34.55 million which was entirely for the County Assembly.

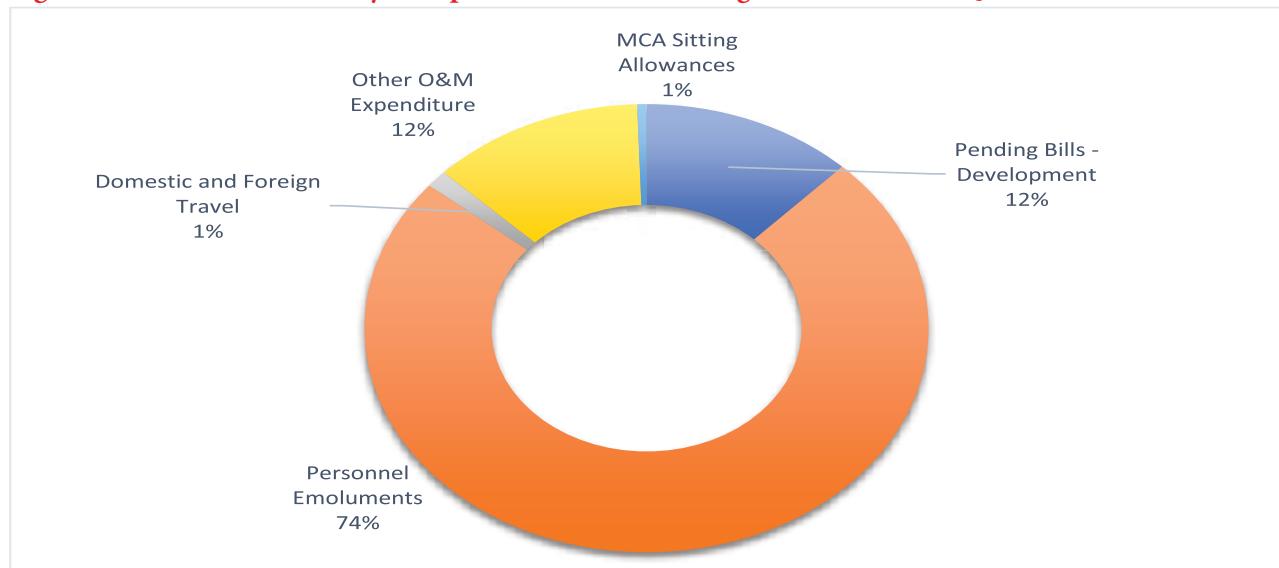

As of September 30, 2025, the County Government's cash balance in the CRF account was Kshs.1.25 billion.

### 3.22.6 Expenditure Review

The County spent Kshs.2.07 billion on development and recurrent programmes in the reporting period. The expenditure represented 209 per cent of the total funds released by the CoB. It comprised Kshs.252.07 million for development programmes (for payment of trade payables) and Kshs.1.81 billion for recurrent programmes. Expenditure on development programmes represented an absorption rate of 5 per cent, while recurrent expenditure represented 17 per cent of the annual recurrent expenditure budget.

The following chart provides a detailed breakdown of expenditure, showing the relative composition of each shilling spent.

**Figure 126: Machakos County Composition of Each Shilling Paid in the First Quarter of FY 2025/26**

Source: Machakos County Treasury

As shown in Figure 126, the three highest expenditure categories were personnel emoluments, development trade payables, and other operations and maintenance contributing 74 per cent, 12 per cent and 12 per cent of total expenditure for the reporting period.

### 3.22.7 Settlement of Trade Payables

As of 1<sup>st</sup> July 2025, the County reported trade payables totalling Kshs.6.95 billion. This amount included Kshs.6.70 billion from the County Executive and Kshs.255.57 million from the County Assembly. The trade payables from the County Executive consisted of Kshs.3.90 billion for recurrent expenditures and Kshs.2.80 billion for development expenditures.

During the reporting period, the County Executive settled trade payables amounting to Kshs.1.15 billion comprising Kshs.856.39 million (75 per cent) for recurrent programmes and Kshs.289.30 million (25 per cent) for development programmes. On the other hand, the County Assembly settled trade payables worth Kshs.14.18 million, which were exclusively for recurrent activities. The outstanding trade payables as of 30th September 2025 were Kshs.5.56 billion for the County Executive and Kshs.241.39 million for the County Assembly. Table 3.257 provides additional details of trade payables.

**Table 3.257: Machakos County Trade Payables as of 30<sup>th</sup> September 2025**

Source: Machakos County Treasury

The County Executive and the Assembly submitted a trade payables payment plan, committing to pay Kshs.1.15 billion and Kshs.19.71 million, respectively, in FY 2025/26. The County Executive did not adhere to this payment plan, as it didn't clear the trade payables of Kshs.9.29 million of the planned expenditure. Similarly, the

County Assembly also did not adhere to the payment plan, as it cleared Kshs.14.18 million against a requirement of Kshs.19.71 million.

Table 3.258 and Table 3.259 present the ageing of the total outstanding bills as of 30 September 2025 for the County Executive and Assembly, which were Kshs.5.80 billion.

Table 3.258 and Table 3.259 show that the Executive and Assembly have 51 per cent and 39 per cent, respectively, of their payables which are over two years old. These are worrying statistics, and we advise both to adhere to FIFO when settling existing payables.

### 3.22.8 Expenditure by Economic Classification

During the reporting period, the County Executive incurred Kshs.1.46 billion for compensation of employees, Kshs.251.61 million for operations and maintenance, and Kshs.252.07 million for development activities as trade payables. Similarly, the County Assembly spent Kshs.60.52 million on compensation of employees, Kshs.37.70 million on operations and maintenance, and nil on development activities, as shown in Table 3.260.

**Table 3.260: Machakos County Summary of Budget and Expenditure by Economic Classification**

### 3.22.9 Expenditure on Compensation of Employees

During the period under review, the expenditure on employee compensation totalled Kshs.1.52 billion. The percentage of compensation to revenue for employees was 61 per cent. This expenditure on employee compensation shows an increase compared to Kshs.1.05 billion reported in a similar period in FY 2024/25. Of this total, Kshs.839.11 million was related to Health Sector employees, accounting for 55 per cent of the overall employees' compensation.

Figure 127 shows the trend in employees' compensation as a percentage of total revenue from the First Quarter of FY 2020/21 to the First Quarter of FY 2025/26.

**Figure 127: Percentage of Employee Compensation to Total Revenue Received from the First Quarter of FY 2020/21 to the First Quarter of FY 2025/26**

Source: Machakos County Treasury

As shown in Figure 127, the County Executive apportioned 61 per cent of its revenue towards compensation of employees in the first quarter of FY 2025/26, while the Assembly apportioned 74 per cent. Both entities exceeded the 35 per cent ceiling set by Regulation 25(1)(b) of the PFM (County Governments) Regulations 2015, highlighting that employee compensation was prioritised over other expenditures.

Further analysis revealed that costs amounting to Kshs.1.84 billion were processed on an accrual basis through the Human Resource Information System (HRIS). In contrast, Kshs.31.06 million was processed through manual payroll, which accounted for 2 per cent of the total PE cost.

The manual payroll comprised salaries for one non-HRIS MCA yet to be onboarded in the system, salaries for 178 ward staff not in HRIS, and three other Assembly staff, as shown in Table 3.261.

**Table 3.261: Breakdown of Machakos County Manual Payroll**

S/N	Description of Manual Payroll	County Executive	County Assembly	Total
1	Salaries for non-HRIS MCAs/ staff are yet to be onboarded in the system	-	1,381,077	1,381,077
2	Salaries for ward staff not in HRIS	-	13,081,971	13,081,971

10	NITA LEVY	-	27,350	27,350
11	Salary advances for staff and MCAs	-	1,063,000	1,063,000
<b>Total</b>		-	<b>31,055,726</b>	<b>31,055,726</b>

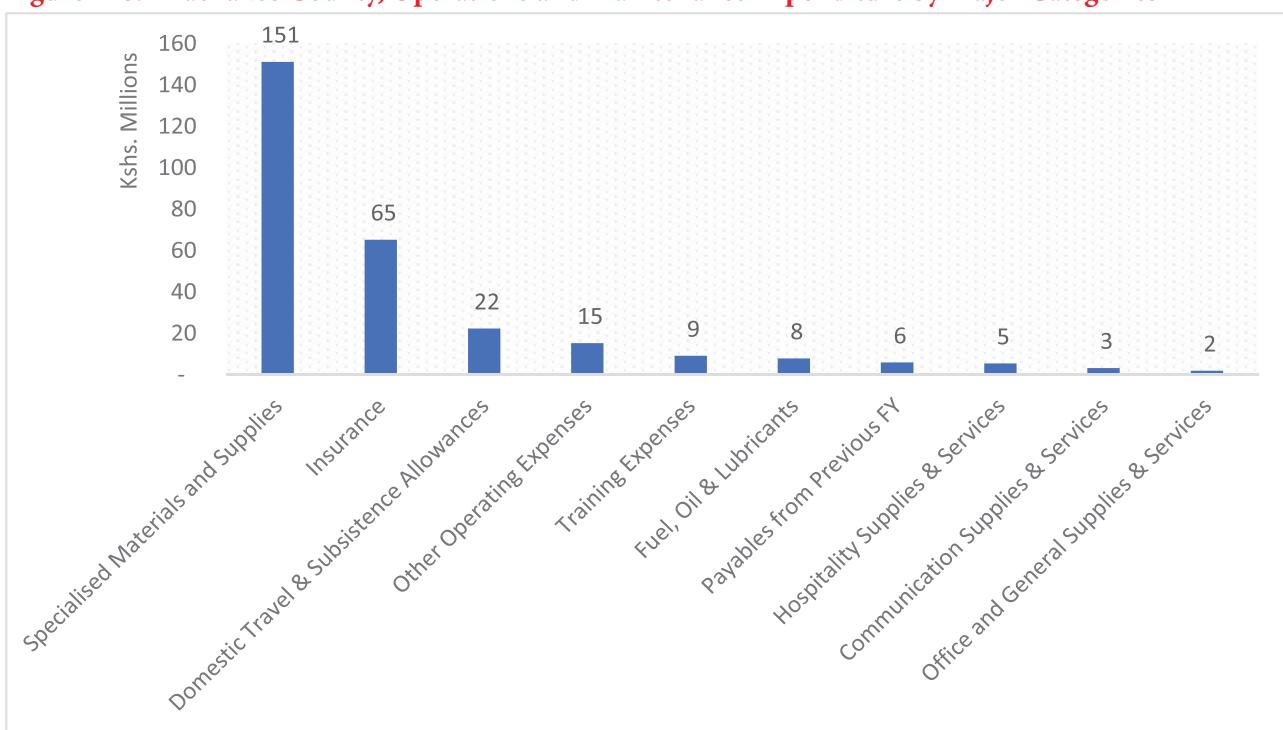

Source: Machakos County Treasury

The County Assembly spent Kshs.11 million on committee sitting allowances for the 60 MCAs against the annual budget allocation of Kshs.50 million. The average monthly sitting allowance was Kshs.55,559 per MCA. The County Assembly has 27 House Committees.

### 3.22.10 Expenditure on Operations and Maintenance

During the reporting period, the County spent Kshs.289.31 million on operations and maintenance, representing an increase of 24 per cent compared to FY 2024/25, when the County spent Kshs.234.14 million. Figure 128 summarises the Operations and Maintenance expenditure by major categories.

**Figure 128: Machakos County, Operations and Maintenance Expenditure by Major Categories**

Source: Machakos County Treasury

The expenditure on other operating expenses of Kshs.15.32 million includes an expenditure of Kshs.13.16 million for the Annual Governors Cup by the County Executive, Kshs.1.61 million by the County Assembly on membership dues, ward office rent and expenses, laundry services and transport costs for usage of Nairobi Expressway.

### 3.22.11 Unbundling “Other Operating Expenses” Under Operations and Maintenance Expenditures

The budget performance report submitted to the Controller of Budget for the first quarter of FY 2025/26 shows that the County spent Kshs.13.71 million under “other Operating expenses” translates to 5 per cent of the cumulative operations and maintenance expenditure of Kshs.289.31 million. The disaggregated items under the “Other Operating Expenses” category are shown in Table 3.262.

**Table 3.262: Breakdown of “Other Operating Expenses” under O&M Expenditures**

Code	Item	Budget (Kshs)	Expenditure (Kshs.)
2211399	Other Operating Expenses	45,678,902	-

	<b>Total</b>	<b>331,618,218</b>	<b>13,706,000</b>

*Source:* Machakos County Treasury

A review of the other expense items in the table revealed that some expenditures with clear, unique budget codes were erroneously aggregated under the “Other Operating Expenses” category. These include clean-up exercises in towns, verification and validation of staff documents, KICOSCA undergoing restructuring in line with Section 77(2) of the Water Act, 2016, making it difficult to determine their nature and map them to the correct budget codes. For example, the Governor’s Cup, etc

### 3.22.12 County-Established Funds

Section 116 of the PFM Act 2012 allows County Governments to establish other public funds, subject to approval from the County Executive Committee and the County Assembly. The County allocated Kshs.413.48 million to County-Established funds in FY 2025/26, or 3 per cent of the County’s overall budget. Furthermore, the County allocated Kshs.37.36 million to the Emergency Fund (0.2 per cent of the total budget) in line with

Section 110 of the PFM Act, 2012. However, the legal framework for the Emergency Fund is under development before the funds are executed. Table 3.263 summarises each established Fund's budget allocation and performance during the reporting period.

**Table 3.263: Performance of Machakos County Established Funds in the First Quarter of FY 2025/26**

No.	Name of the Fund	Year Established	Approved Budget Allocation in FY 2025/26 (Kshs.)	Exchequer Issues in First Quarter of FY 2025/26 (Kshs.)	Actual Expenditure in the First Quarter of FY 2025/26 (Kshs.)	Cumulative disbursements to the Fund (Kshs)	Submission of Financial Statements
	County Executive Established Funds						
1	Machakos County Education Bursary Fund	2014	120,000,000	-	3,547,420	800,251,016	Yes
2	Machakos County Executive Mortgage & Car Loan Scheme	2015	-	-	-	96,000,000	Yes
3	Machakos County Climate Fund	2021	282,919,728	-	1,062,727	444,329,453	Yes

6	Machakos County Housing & Car Loan Scheme Fund - Staff	2018	10,557,558	-	-	273,000,000	Yes
	<b>Total</b>		<b>413,477,286</b>	<b>-</b>	<b>6,315,970</b>	<b>1,999,580,469</b>	

**Source:** *Machakos County Treasury*

During the reporting period, the CoB did receive quarterly financial reports from five (5) Fund Administrators, as indicated in Table 3.263, as per the requirement of Meeting 168 of the PFM Act, 2012. The County disclosed that administration costs for all the established funds were below the 3 per cent limit of the Fund budget set in Regulation 197(1)(d) of the Public Finance Management (County Governments) Regulations, namely: Machakos Water and Sewerage Company, Mavoko Water and Sewerage Company, Matungulu/Kangundo Water Company, Kathiani Sanitation Company, and Yatta Sanitation Company, which operate independently. In FY 2025/26, the CoB established that the lifespan of the Machakos County Education Bursary Fund, Machakos County Executive Mortgage & Car Loan Scheme, and Machakos County Housing & Car Loan Scheme Fund - MCA had lapsed. However, during the period, the County didn't submit requests for withdrawal of funds, thus CoB did not approve any requests to support the operations of the lapsed funds.

### 3.22.13 County Corporations

The County has five County Corporations, namely: Machakos Water and Sewerage Company, Mavoko Water and Sewerage Company, Matungulu/Kangundo Water Company, Kathiani Sanitation Company, and Yatta Sanitation Company, which operate independently. The Corporations didn't receive an exchequer from the County Treasury, nor did they submit financial reports to the County Treasury.

However, the five Corporations are under restructuring in line with Section 77 (2) of the Water Act, 2016, requiring compliance with the standards of commercial viability set out by the Regulatory Board when establishing a water service provider.

### 3.22.14 Expenditure on Domestic and Foreign Travel

Expenditure on domestic travel amounted to Kshs.22.32 million which was exclusively for the County Assembly. The County Executive did not report any expenditure on domestic travel. Expenditure on foreign travel amounted to Kshs.3.10 million for the County Assembly, both as trade payables and current year expenses, whereas the County Executive spent nil. Of the Kshs.3.10 million spent by the County Assembly Kshs.1.90 million was for the trade payables whereas Kshs.1.20 million was for the current financial year. Expenditure on foreign travel is summarised in Table 3.264.

**Table 3.264: Summary of Expenditure on Foreign Travel in the First Quarter of FY 2025/26**

Arm of County Government	No. of Officers Travelled	The contractor	Purpose of the travel	Destination	Total Costs of the Travel (Kshs.)
County Assembly	2	26th July-3rd August 2025	Progressive and Transformative Public Service Leadership and Management Symposium Module	Birmingham City, UK	1,196,280

### 3.22.15 Facility Improvement Financing

During the review period, the County reported collections of Kshs.442.0 million as FIF (inclusive of SHIF of Kshs.154.54 million), which was 41 per cent of the annual target of Kshs.1.07 billion. The collected amount was retained and utilised at source in line with the Facility Improvement Financing Act, 2023. The County has developed regulations to operationalise the FIF Act of 2023.

The expenditure by the health facilities amounted to Kshs.171.84 million, as shown in Table 3.265.

**Table 3.265: Machakos County Health Facilities Expenditure Performance in FY 2025/26**

No.	Health Facility	Number of Facilities	Approved Budget (Kshs.)	Actual Expenditure (Kshs.)	Absorption rate (%)
1.	Level 5 Hospital	1	153,094,680	93,023,304	61
2.	Level 4 Hospital	10	493,686,276	116,292,940	24
3.	Level 2 & 3 Facility	212	325,477,500	55,544,645	17
	<b>Total</b>		<b>493,686,276</b>	<b>264,860,889</b>	<b>54</b>

Source: Machakos County Treasury

### 3.22.16 Development Expenditure

In the review period, the County reported spending Kshs.252.07 million on development programmes; essentially on trade payables, representing an increase of 30 per cent compared to FY 2024/25, when the County spent Kshs.193.93 million. Table 3.266 summarises the development projects with the highest expenditure in the reporting period.

The increase in development expenditure was attributed to the payment of trade payables as a first charge, in accordance with best practice in financial management.

**Table 3.266: Machakos County, List of Development Projects with the Highest Expenditure**

No.	Sector	Project Name	Project Location	Expected Completion Date	Contract sum (Kshs)	Amount paid in FY 2025/26 (Kshs.)	Cumulative Expenditure as of 30 September 2025	Implementation status (%)

Source: Machakos County Treasury

The County reported 54 stalled development projects as of 30 September 2025, with an estimated value of Kshs.1.13 billion, of which Kshs.314.26 million has already been paid. The County has revived six projects out of the 54 stalled projects. The first three projects were initiated before devolution; therefore, the contract/procurement files cannot be traced, and no estimated value is available for these projects. The stalled projects are shown in Table 3.267.

**Table 3.267: Machakos County Stalled Projects as of 30 September 2025**

Source: Machakos County Treasury

Analysis of expenditure by departments shows that the Department of Finance, Economic Planning and Revenue Management recorded the highest absorption rate of development budget at 14 per cent on payment of trade payables, followed by the Department of Health Services and Emergency Services and the Department of Roads, Transport and Public Works, both at 8 per cent. The Department of Health Services and Emergency Services had the highest percentage of recurrent expenditure to budget at 23 per cent, while the Department of the Office of the County Attorney had the lowest at 2 per cent.

### 3.22.18 Budget Execution by Programmes and Sub-Programmes

The development sub-programmes with the highest levels of budget implementation, based on absorption rates, were: Fisheries development in the Department of Agriculture, Food Security and Co-operative Development at 27 per cent, Accounting Services in the Department of Finance, Economic Planning & Revenue Management at 21 per cent, and General Administration and Support Services in the department of Health Services at 15 per cent of the budget allocation. Conversely, the recurrent sub-programmes with the highest levels of budget implementation, based on absorption rates, were: Kangundo Level 4 and Kimiti level 4 in the Department of Health services at 33 per cent, Governors Deliver Unit in the Department of Finance, Economic Planning & Revenue Management at 33 per cent, and County Electrification in the Department of Lands, Urban Development, Housing & Energy at 33 per cent of the budget allocation.

### 3.22.19 Accounts Operated in Commercial Banks

Regulation 82(1)(b) of the PFM (County Governments) Regulations, 2015, requires that County Government bank accounts be opened and maintained at the Central Bank of Kenya. The only exemption is for imprest bank accounts for petty cash and revenue collection bank accounts.

Further, Regulation 82(4) of the Public Finance Management (PFM) Act requires accounting officers to obtain written authorisation from the County Treasury before opening a commercial bank account. Additionally, Regulation 82(5) of the Public Finance Management (County Governments) Regulations, 2015, requires the County Treasury to submit a copy of the letter authorising an accounting officer to open a commercial bank account to the Controller of Budget.

The County Government operated 267 accounts in commercial banks, including 202 accounts for Health Facilities, 26 accounts for Vocational Training Centres, eight accounts for Established Funds, four revenue accounts, 21 special-purpose commercial accounts (additional allocations), 2 special purpose empowerment commercial accounts, and 4 salary processing commercial accounts.

The County Treasury did not submit copies of authorisation letters to the Controller of Budget for opening 241 commercial bank accounts as per Regulation 82(5) of the Public Finance Management (County Governments) Regulations, 2015.

### 3.22.20 Key Observations and Recommendations

In the course of overseeing and reporting on the implementation of the County budget, the CoB identified the following challenges, which hampered effective budget implementation;

- i. The County Treasury's late submission of financial reports to the Controller of Budget affected the timely preparation of the budget implementation report, which was received on 28<sup>th</sup> October, 2025.
- ii. The under-performance of own-source revenue at Kshs.442.0 million against an annual target of Kshs.4.09 billion, representing 11 per cent of the financial year target.
- iii. Low development performance in the review period as the County incurred Kshs.252.07 million on development activities, achieving a 5 per cent absorption rate.
- iv. Regulation 197(1)(i) of the Public Finance Management (County Governments) Regulations, 2015, limits the lifespan of public funds to 10 years unless extended by the County Assembly. As of 30 September 2025, the lifespan of the **the** Machakos County Education Bursary Fund, Machakos County Executive Mortgage & Car Loan Scheme, and Machakos County Housing & Car Loan Scheme Fund - MCA had lapsed, making them ineligible for further withdrawals.
- v. High level of trade payables, which amounted to Kshs.5.82 billion as of 30 September 2025. Further, the County Treasury failed to adhere to the payment plan for trade payables .
- vi. Use of manual payroll. Personnel emoluments amounting to Kshs.31.06 million for 1 MCA staff member not onboarded into HRIS, and 178 ward casual staff processed through manual payroll, accounting for 2 per cent of the total payroll cost. Manual payroll is prone to abuse and may result in the loss of public funds.
- vii. Non-submission of copies of authorisation letters for opening commercial bank accounts as per Regulation 82(5) of the Public Finance Management (County Governments) Regulations, 2015.
- viii. The County reported expenditure of Kshs.13.71 million under “other operating expenses,” accounting for 11 per cent of total operation and maintenance costs. The review revealed that this category was misused to record items with specific budget codes, distorting the cost structure, reducing financial transparency, and weakening accountability in public fund management.
- ix. The County reported revenue arrears of Kshs.458.28 million primarily on FIF(SHIF). These revenue arrears limited funding for County activities.
- x. The County has stalled projects valued at Kshs.1.13 billion, with Kshs.314.26 million paid (28 per cent). The stalling of the projects was attributed to various reasons, including the contractor abandoning the site.

The County should implement the following recommendations to improve budget execution:

- i. *The County Treasury should ensure the timely preparation and submission of financial reports to the Office of the Controller of Budget per the timelines prescribed in Section 166 of the PFM Act, 2012.*
- ii. *The County should address its own-source revenue performance to ensure the approved budget is fully financed. Appropriate austerity measures should be implemented to ensure expenditure commitments are aligned with available revenue.*
- iii. *The County should implement strategies to increase development expenditures in FY 2025/26.*
- iv. *The County should ensure timely review and extension of public funds whose lifespan is nearing expiration to prevent operational disruptions. Additionally, any expenditure from lapsed funds should cease immediately, and legal mechanisms should be followed to re-establish or wind up such funds in compliance with the Public Finance Management Act.*
- v. *The County Leadership should address the situation of trade payables to ensure that genuine bills are paid promptly in the remaining financial year. Further, compliance with the Trade Payables Action Plan should be enforced.*
- vi. *The Government requires that salaries be processed through the HRIS system, and the County is advised to fast-track the acquisition of Unified Personnel Numbers for their staff. The County Public Service Board should regulate staff engagement on contract and casual workers as provided under Section 74 of the County Governments Act 2012. Furthermore, strict adherence to the approved staff establishment should be maintained.*
- vii. *The County Treasury should ensure it submits copies of authorisation letters to OCoB for opening commercial bank accounts to enhance accountability and oversight.*
- viii. *The County Treasury should adhere to the approved budget classification framework by ensuring that all expenditures are recorded under their specific budget codes rather than being aggregated under the “Other Operating Expenses” category.*
- ix. *The County needs to develop strategies to collect these outstanding arrears to improve budget implementation.*
- x. *The County Executive should prioritise and fast-track feasible stalled projects in the budget, ensuring they are monitored for completion. Additionally, enhancing cash flow forecasting and commitment controls is*

*essential to start projects only with secured funding, and to maintain a register of multi-year obligations to align projects with the budget.*

### 3.23. County Government of Makueni

#### 3.23.1 Overview of FY 2025/26 Budget

The Makueni County Approved Budget for FY 2025/26 is Kshs.11.58 billion. It comprises Kshs.3.93 billion (34 per cent) and Kshs.7.61 billion (66 per cent) allocations for development and recurrent programmes, respectively. The budget estimates represent a decrease of Kshs.38.10 million (0.33 per cent) from the FY 2024/25 budget, which comprised a development budget of Kshs.3.68 billion and a recurrent budget of Kshs.7.90 billion.

The budget is to be financed from various revenue sources. These include: the equitable share of revenue received nationally of Kshs.8.87 billion (77 per cent), additional allocations of Kshs.1.18 million (10 per cent), and Kshs.1.50 billion (13 per cent) received as own-source revenue. A breakdown of the additional allocations is shown in Table 3.269.

#### 3.23.2 Revenue Performance

During the first Quarter of FY 2025/26, the County received Kshs.2.25 billion in revenue. This amount represented an increase of 28 per cent compared to the amount received in a similar period in FY 2024/25 of Kshs.1.63 billion. The total revenue consisted of Kshs.1.44 billion from the equitable share of revenue received nationally and the own-source revenue (OSR) collection of Kshs.240.05 million. Additionally, the County had a cash balance of Kshs.568.07 million from FY 2024/25. The total OSR collection was Kshs.240.05 million, which included Facilities Improvement Financing (FIF) of Kshs.170.14 million, and Kshs.5.45 million from other OSR sources. Table 3.269 summarises the total revenue received to the County Government during FY 2025/26.

**Table 3.269: Makueni County, Revenue Performance in FY 2025/26**

Figure 129 provides a detailed breakdown of receipts, showing a breakdown of each shilling earned.

**Figure 129: Makueni County Composition of Each Shilling Received in the First Quarter of FY 2025/26**

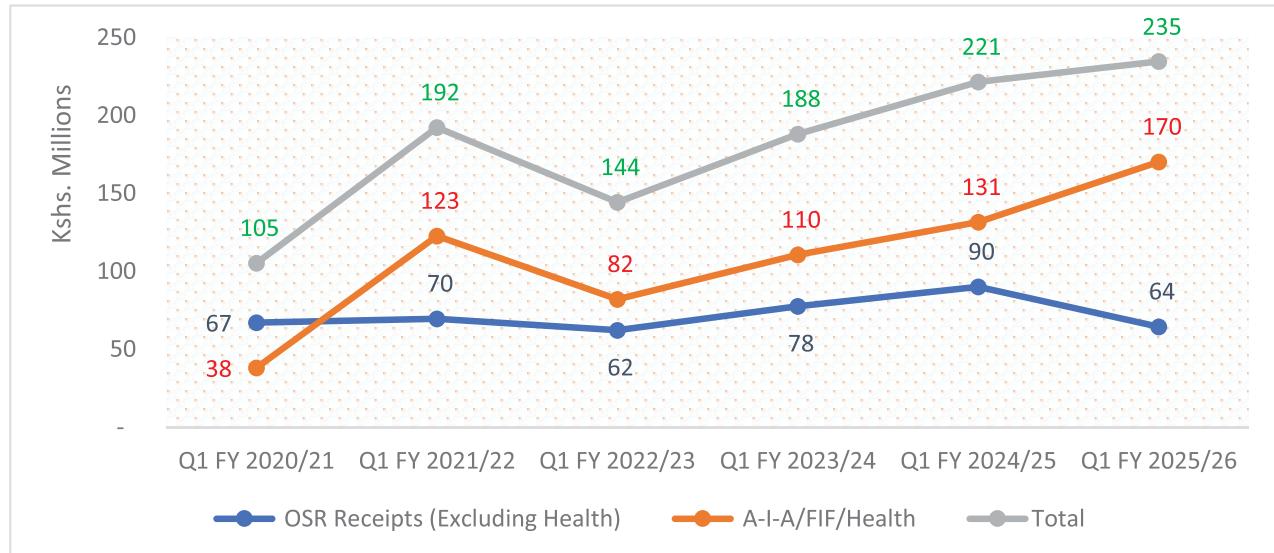

Source: Makueni County Treasury

The equitable share of revenue received nationally, balance brought forward, and OSR contributed 64 per cent, 25 per cent and 3 per cent, respectively, of the total revenue for the reporting period.

Figure 130 shows the collection trend in own-source revenue from the First Quarter of FY 2020/21 to the First Quarter of FY 2025/26.

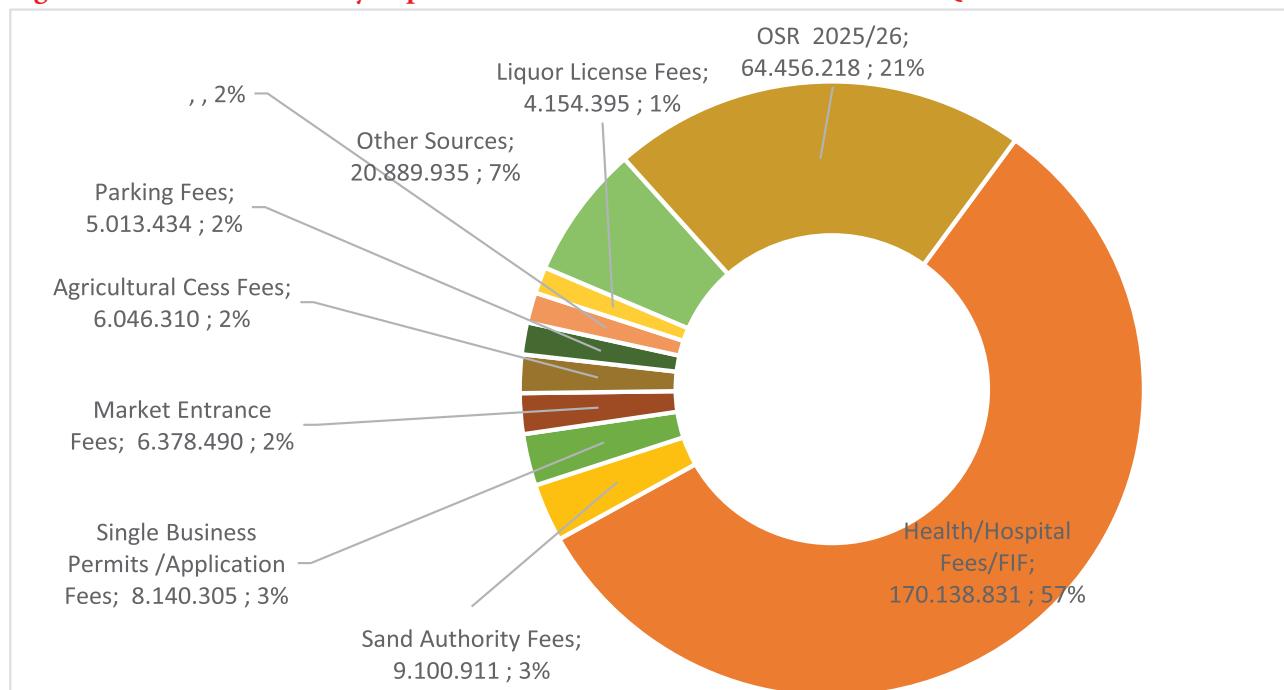

**Figure 130: Makueni County Trend in Own-Source Revenue Collection from the First Quarter of FY 2020/21 to the First Quarter of FY 2025/26**

Source: Makueni County Treasury

During the First Quarter of FY 2025/26, the County received Kshs.234.60 million from its revenue sources, including FIF. This amount represented a 6 per cent increase compared to Kshs.221.41 million realised in a similar period in FY 2024/25, and accounted for 16 per cent of the annual target and 16 per cent of the equitable revenue share disbursed. The revenue streams which contributed the highest OSR revenues are shown in Figure 131.

**Figure 131: Makueni County Top Own Source Revenue Streams in the First Quarter of FY 2025/26**

Source: Makueni County Treasury

As shown in Figure 131, the highest revenue stream, at Kshs.170.14 million, was from Health/ FIF, accounting for 57 per cent of the total OSR receipts. The County Government indicated that it has automated all revenue streams, including Revenue Arrears.

As of 1<sup>st</sup> July 2025, the County reported receivables of Kshs.Kshs.744.10 million as of 30<sup>th</sup> September 2025. The amount decreased from Kshs.749.61 million, reported in 1<sup>st</sup> July 2025. Table 3.270 presents a breakdown of the County's receivables.

**Table 3.270: Makueni County Revenue Arrears as of 30 September 2025**

No	Revenue Stream	Revenue Arrears as of 1 July 2025 (Kshs.)	Progress made in FY 2025/26			OSR Arrears as of 30 September 2025 (Kshs.)

Source: Makueni County Treasury

As of 30 September 2025, the revenue arrears totalled Kshs.744.10 million, comprising Kshs.596.97 million for Plot rates (80 per cent), Kshs.134.03 million for Single permits (18 per cent) and Kshs.13.11 million for Stalls rent (2 per cent).

### 3.23.3 Exchequers Approved

The Controller of Budget approved withdrawals of Kshs.1.32 billion from the CRF account during the reporting period, which comprised Kshs.15.20 million (1 per cent) for development programmes and Kshs.1.31 billion (99 per cent) for recurrent programmes. Analysis of the recurrent exchequers released indicates that Kshs.1.17 billion was towards employee compensation and Kshs.138.74 million for operations and maintenance expenditure.

The operations and maintenance exchequer analysis indicate that 17 per cent was for domestic travel. The domestic travel exchequer provided by the County Executive amounted to Kshs.23.16 million, while the County Assembly did not receive any exchequer allocation for domestic travel. There was no foreign travel activity by either the County Executive or the County Assembly in the first quarter of FY 2025/26.

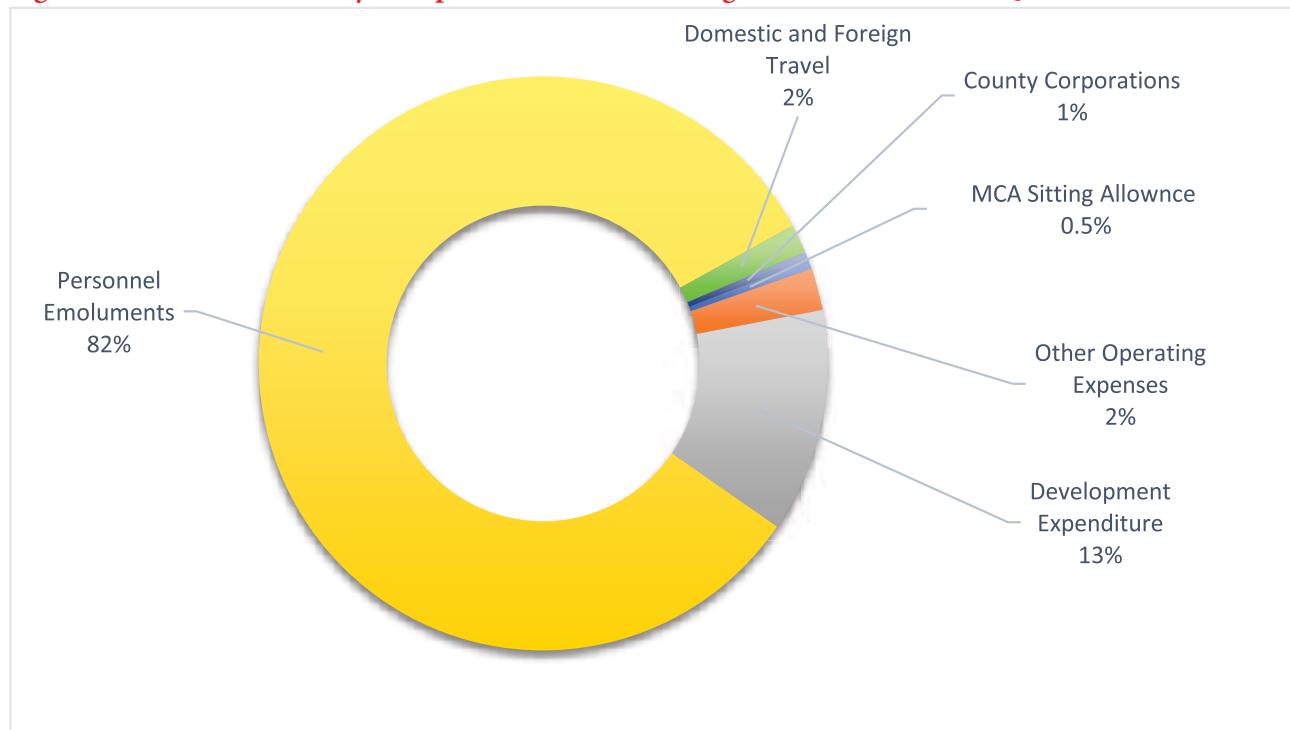

As of September 30, 2025, the County Government's cash balance in the CRF account was Kshs.743.64 million.

### 3.23.4 Expenditure Review

The County incurred Kshs.1.46 billion on development and recurrent programmes in the reporting period. The expenditure represented 111 per cent of the total funds released by the CoB. It comprised Kshs.179.40 million for development programmes and Kshs.1.26 billion for recurrent programmes. Expenditure on development programmes represented an absorption rate of 5 per cent, while recurrent expenditure represented 17 per cent of the annual recurrent expenditure budget.

The following chart provides a detailed breakdown of expenditure, showing the relative composition of each shilling incurred.

**Figure 132: Makueni County Composition of Each Shilling Incurred in the First Quarter of FY 2025/26**

Source: Makueni County Treasury

As shown in Figure 132, the three highest expenditure categories were Personal Emoluments, Development, and Other Operating Expenses, which accounted for 82 per cent, 13 per cent, and 2 per cent of total expenditure for the reporting period, respectively.

### 3.23.5 Settlement of Trade Payables

As of 1<sup>st</sup> July 2025, the County reported trade payables totalling Kshs.818.17 million. This amount included Kshs.656.64 million from the County Executive and Kshs.161.53 million from the County Assembly. The trade payables from the County Executive consisted of Kshs.557.99 million for recurrent expenditures and Kshs.98.65 million for development expenditures.

During the reporting period, the County Executive settled trade payables amounting to Kshs.374.95 million, for recurrent programmes. On the other hand, the County Assembly settled trade payables worth Kshs.41.68 million, which relates to recurrent activities. The outstanding trade payables as of 30th September 2025 were Kshs.281.69 million for the County Executive and Kshs.119.86 million for the County Assembly. Table 3.271 provides additional details of trade payables.

**Table 3.271: Makueni County Trade Payables as of 30<sup>th</sup> September 2025**

Source: Makueni County Treasury

The County Executive and the Assembly submitted a Trade Payables payment plan, committing to pay Kshs.437.77 million and Kshs.59.79 million, respectively, in the first quarter of FY 2025/26. The County did not adhere to this payment plan, as it cleared Kshs.374.95 million for the Executive and Kshs.41.68 million for the Assembly.

Table 3.272 present the ageing of the total outstanding bills as of 30 September 2025 for the County Executive and Assembly, which were Kshs.401.54 million

**Table 3.272: Makueni County Trade Payables Ageing Analysis as of 30 September 2025**

Category	Ageing analysis (Amount in Kshs.)				Total
	Under one year	1-2 years	2-3 years	Over 3 years

Source: Makueni County Treasury

As illustrated in Table 3.272, the majority of the Executive payables (82%) are less than one year old. The Controller recommends that the Executive reduce the frequency of new payables while settling the existing ones using FIFO.

### 3.23.6 Expenditure by Economic Classification

During the reporting period, the County Executive incurred Kshs.1.10 billion for compensation of employees, Kshs.102.72 million for operations and maintenance, and Kshs.179.40 million for development activities. Similarly, the County Assembly incurred Kshs.72.16 million on compensation of employees, Kshs.10.98 million on operations and maintenance, as shown in Table 3.273.

**Table 3.273: Makueni County Summary of Budget and Expenditure by Economic Classification**

Expenditure Classification	Approved Budget (Kshs.)		Expenditure (Kshs.)		Absorption (%)	
	County Executive	County Assembly	County Executive	County Assembly	County Executive	County Assembly

### 3.23.7 Expenditure on Compensation of Employees

During the period under review, the expenditure on employee compensation totalled Kshs.1.17 billion. The percentage of compensation of employees to revenue was 52 per cent. This expenditure on employee compensation shows an increase compared to the Kshs.352.28 million reported in a similar period in FY 2024/25. The Change is attributed to the June salary arrears, which were paid with the July 2025 disbursement in August. Of this total, Kshs.743.35 billion related to the Health Sector employees, which accounted for 63 per cent of the overall employees' compensation.

Figure 133 shows the compensation trend of employees' expenditures as a percentage of total revenue received from the First Quarter of FY 2020/21 to the First Quarter of FY 2025/26.

**Figure 133: Percentage of Employee Compensation to Total Revenue Received from the First Quarter of FY 2020/21 to the First Quarter of FY 2025/26**

Source: Makueni County Treasury

As shown in Figure 134, the County Assembly apportioned 87 per cent of its inflows in the first quarter of FY 2025/26 on compensation of employees, while the Executive apportioned 52 per cent. Both entities exceeded the 35 per cent ceiling set by Regulation 25(1)(b) of the PFM (County Governments) Regulations 2015, highlighting that employee compensation was prioritised over other expenditures in the review period.

Further analysis revealed that PE costs totalling Kshs.1.16 billion were processed through the Human Resource Information System (HRIS). In contrast, Kshs.8.39 million was processed through manual payroll, which accounted for 1 per cent of the total PE cost.

The manual payroll comprised salaries for 73 casual staff, as shown in Table 3.274.

**Table 3.274: Breakdown of Makueni County Manual Payroll**

Sno.	Description of Manual Payroll	Amount (Kshs.)
	Salaries for casual staff	8,385,352
	Total	8,385,352

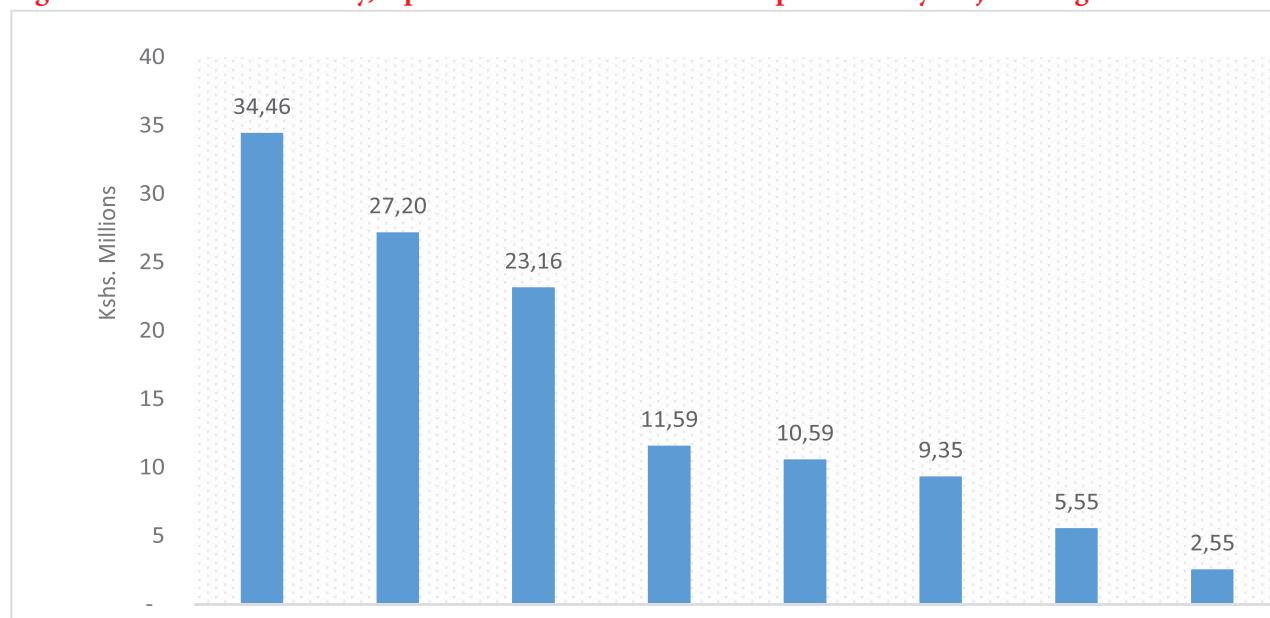

Source: Makueni County Treasury

The County Assembly incurred Kshs.6.76 million on committee sitting allowances for the 48 MCAs against the annual budget allocation of Kshs.43.69 million. The average monthly sitting allowance was Kshs.46,940 per MCA. The County Assembly has 21 House Committees.

### 3.23.8 Expenditure on Operations and Maintenance

During the reporting period, the County incurred Kshs.113.70 million on operations and maintenance, representing a decrease of 61 per cent compared to FY 2024/25, when the County spent Kshs.289.78 million. Figure 134 summarises the Operations and Maintenance expenditure by major categories.

**Figure 134: Makueni County, Operations and Maintenance Expenditure by Major Categories**

Source: Makueni County Treasury

### 3.23.9 Unbundling “Other Operating Expenses” Under Operations and Maintenance Expenditures

The budget performance report submitted to the Controller of Budget for the first quarter of FY 2025/26 shows that the County incurred Kshs.34.45 million under “Other Operating expenses” which translates to 30 per cent of the cumulative operations and maintenance expenditure of Kshs.113.70 million. The disaggregated items under the “Other Operating Expenses” category are shown in Table 3.275.

**Table 3.275: Breakdown of “Other Operating Expenses” under O&M Expenditures**

Code	Item	Budget (Kshs)	Expenditure(Kshs.)
2211399	Agricultural Training Institute	4,000,000.00	100,000.00

<b>Total</b>		<b>170,705,489.00</b>	<b>33,628,205.31</b>

Source: Makueni County Treasury

A review of the other expense items listed in the table revealed the following inconsistencies: Some expenditures with clear and unique budget codes were erroneously aggregated under the “Other Operating Expenses” category. These include Planning, budget indicators, Training, and Preparation of Budgets, among others.

### 3.23.10 County-Established Funds

Section 116 of the PFM Act 2012 allows County Governments to establish other public funds, subject to approval from the County Executive Committee and the County Assembly. The County allocated Kshs.162.60 million to County-Established funds in FY 2025/26, or 1 per cent of the County’s overall budget. Furthermore, the County allocated Kshs.20 million to the Emergency Fund (0.17 per cent of the total budget) in line with Section 110 of the PFM Act, 2012. Table 3.276 summarises each established Fund’s budget allocation and performance during the reporting period.

**Table 3.276: Performance of Makueni County Established Funds in the First Quarter of FY 2025/26**

S/No.	Name of the Fund	Year Established	Approved Budget Allocation in FY 2025/26 (Kshs.)	Exchequer Issues in First Quarter of FY 2025/26 (Kshs.)	Incurred Expenditure in the First Quarter of FY 2025/26 (Kshs.)	Cumulative disbursements to the Fund (Kshs)	Submission of Financial Statements (Yes/No.)
<b>County Executive Established Funds</b>							
1	Makueni County State and Public Officers Car Loan and Mortgage Fund	2018	10,000,000	-	-	413,885,743	Yes

	<b>Total</b>		<b>162,600,000</b>			<b>2,240,334,239</b>	

Source: Makueni County Treasury

During the reporting period, the CoB did not receive quarterly financial reports from all the Fund Administrators, as indicated in Table 3.276, contrary to the requirement of Section 168 of the PFM Act, 2012.

Regulation 197(1)(i) of the Public Finance Management (County Governments) Regulations, 2015, allows County Governments to establish public funds with a lifespan capped at 10 years unless extended by the County Assembly.

### 3.23.11 County Corporations

The County has two County Corporations, which were allocated Kshs.183.11 million in FY 2025/26. Their total expenditure for the review period amounted to Kshs.7.14 million as shown in Table 3.277.

**Table 3.277: Performance of Makueni County Corporations in the First Quarter of FY 2025/26**

S/No.	Name of the Corporation	Approved Budget Allocation in FY 2025/26 (Kshs.)	Exchequer Issues (Kshs.)	Actual Transfers in FY 2025/26 (Kshs.)	Cumulative Transfers to the Corporation since its inception (Kshs.)

### 3.23.12 Expenditure on Domestic and Foreign Travel

Expenditure on domestic travel amounted to Kshs.23.16 million by the County Executive.

### 3.23.13 Facility Improvement Financing

During the review period, the County reported collections of Kshs.170.14 million as FIF, which was 24 per cent of the annual target of Kshs.700 million. The collected amount was retained and utilised at source in line with the Facility Improvement Financing Act, 2023. The County developed regulations to operationalise the FIF Act of 2023.

The expenditure by health facilities amounted to Kshs.201.03 million, as shown in Table 3.278.

**Table 3.278: Makueni County Health Facilities Expenditure Performance in FY 2025/26**

No.	Health Facility	Number of Facilities	Approved Budget (Kshs.)	Actual (Kshs.)	Expenditure	Absorption rate (%)

### 3.23.14 Development Expenditure

In the review period, the County reported incurring Kshs.179.40 million on development programmes, representing an increase of 94 per cent compared to FY 2024/25, when the County incurred Kshs.10.70 million. Table 3.279 summarises the development projects with the highest expenditure in the reporting period.

**Table 3.279: Makueni County, List of Development Projects with the Highest Expenditure**

Analysis of expenditure by departments shows that the Department of Health recorded the highest absorption rate of development budget at 17 per cent, followed by the Department of Land, Physical Planning and Mining at 3 per cent. The Department of Health had the highest recurrent expenditure-to-budget ratio at 24 per cent, while the Office of the Governor had the lowest at 6 per cent.

### 3.23.16 Budget Execution by Programmes and Sub-Programmes

The recurrent sub-programmes with the highest levels of budget implementation, based on absorption rates, were: Tourism Development and Promotion in the Department of Trade, Industry and Cooperative at 38 per cent, General Administration and Planning in the Department of Health at 29 per cent, and Financial Accounting Services in the Department of Finance and Socio-Economic Planning at 24 per cent of the budget allocation. Conversely, the development sub-programmes with the highest levels of budget implementation, based on absorption rates, were: General Administration and Planning in the Department of Health, at 20 per cent, and Environment Management and Protection in the Department of Land, Physical Planning and Mining, at 3 per cent of the budget allocation.

### 3.23.17 Accounts Operated in Commercial Banks

Regulation 82(1)(b) of the PFM (County Governments) Regulations, 2015, requires that County Government bank accounts be opened and maintained at the Central Bank of Kenya. The only exemption is for imprest bank accounts for petty cash and revenue collection bank accounts.

Further, Regulation 82(4) of the Public Finance Management (PFM) Act requires accounting officers to obtain written authorisation from the County Treasury before opening a commercial bank account. Additionally, Regulation 82(5) of the Public Finance Management (County Governments) Regulations, 2015, requires the County Treasury to submit a copy of the letter authorising an accounting officer to open a commercial bank account to the Controller of Budget.

The County Government operated 21 accounts in commercial banks, including 16 accounts for Health Facilities and five accounts for Established Funds.

The County Treasury did not submit copies of authorisation letters to the Controller of Budget for opening all the commercial bank accounts as per Regulation 82(5) of the Public Finance Management (County Governments) Regulations, 2015.

### 3.23.18 Key Observations and Recommendations

In the course of overseeing and reporting on the implementation of the County budget, the CoB identified the following challenges, which hampered effective budget implementation;

- i. The County Treasury's late submission of financial reports to the Controller of Budget affected the timely preparation of the budget implementation report, which was received on 23<sup>rd</sup> October, 2025.
- ii. The underperformance of own-source revenue at Kshs.240.05 million against an annual target of Kshs.1.5 billion, representing 16 per cent of the financial year target.
- iii. Low development performance in the review period as the County incurred Kshs.179.40 million on development activities, achieving a 5 per cent absorption rate.
- iv. The Balance b/f from FY 2024/25 had not been budgeted for in the current FY 25/26, as shown in Table 3.280.
- v. Fund Administrators failed to submit quarterly financial and non-financial reports to the CoB within

- the timelines provided by law, which is against the requirement of Section 168 of the PFM Act, 2012. The reports for the Emergency Fund, Bursary Fund, Climate Change Fund, Car Loan and Mortgage Fund, and Empowerment (*Tetheka*) Fund were not submitted to the CoB as of July 15, 2025.
- vi. High level of trade payables, which amounted to Kshs.401.54 billion as of 30 September 2025. Further, there was non-adherence to the payment plan for the trade payables by the County Treasury.
  - vii. Use of manual payroll by the County Assembly. Personnel emoluments amounting to Kshs.8.39 million for casual staff were processed through manual payroll, accounting for 1 per cent of the total payroll cost. Manual payroll is prone to abuse and may result in the loss of public funds.
  - viii. Non-submission of copies of authorisation letters for opening commercial bank accounts as per Regulation 82(5) of the Public Finance Management (County Governments) Regulations, 2015.
  - ix. The County reported Kshs.34.46 million under “*other operating expenses*,” accounting for 30 per cent of total operation and maintenance costs. The review revealed that this category was misused to record items with specific budget codes, distorting the cost structure, reducing financial transparency, and weakening accountability in public fund management.

The County should implement the following recommendations to improve budget execution:

- i. *The County Treasury should ensure the timely preparation and submission of financial reports to the Office of the Controller of Budget per the timelines prescribed in Section 166 of the PFM Act, 2012.*
- ii. *The County should address its own-source revenue performance to ensure the approved budget is fully financed. Appropriate austerity measures should be implemented to ensure expenditure commitments are aligned with available revenue.*
- iii. *The County should implement strategies to increase development expenditures in FY 2025/26.*
- iv. *The County Treasury should ensure the Balance b/f from the previous financial year should be considered under the supplementary I budget.*
- v. *The CECMF should follow up to ensure Fund Administrators prepare and submit statutory reports in line with the PFM Act, 2012.*
- vi. *The County Leadership should address the situation of trade payables to ensure that genuine bills are paid promptly in the remaining financial year. Further, compliance with the trade payables Action Plan should be enforced.*
- vii. *The County Assembly should regulate staff engagement on contract and casual workers as provided under Section 74 of the County Governments Act 2012. Furthermore, strict adherence to the approved staff establishment should be maintained.*
- viii. *The County Treasury should ensure it submits copies of authorisation letters to OCoB for opening commercial bank accounts to enhance accountability and oversight.*
- ix. *The County Treasury should adhere to the approved budget classification framework by ensuring that all expenditures are recorded under their specific budget codes rather than being aggregated under the “Other Operating Expenses” category.*

## **3.24. County Government of Mandera**

### **3.24.1 Overview of FY 2025/26 Budget**

The Mandera County Approved Budget for FY 2025/26 is Kshs.15.01 billion. It comprises Kshs.5.44 billion (36 per cent) and Kshs.9.57 billion (64 per cent) allocations for development and recurrent programmes, respectively. The budget estimates represent an increase of Kshs.120.71 million (1 per cent) from the FY 2024/25 budget, which comprised a development budget of Kshs.5.94 billion and a recurrent budget of Kshs.8.95 billion. The increase in the budget was primarily attributed to the rise in the Equitable Share of revenue received nationally.

The budget is to be financed from various revenue sources. These include the equitable share of revenue received nationally, amounting to Kshs 12.27 billion (82 per cent), as well as additional allocations of Kshs1.72 billion (11 per cent), a cash balance of Kshs.347.55 million (2 per cent) brought forward from FY 2024/25, Kshs.360 million (2 per cent) generated as ordinary own-source revenue and Kshs322.53 million (2 per cent) as FIF collection. A breakdown of the additional allocations is shown in Table 3.281.

### 3.24.2 Revenue Performance

During the first Quarter of FY 2025/26, the County received Kshs.2.53 billion in revenue. This amount represented an increase of 26 per cent compared to the amount received in a similar period in FY 2024/25 of Kshs.2.02 billion. The total revenue consisted of Kshs.1.98 billion from the equitable share of revenue received nationally, as well as additional allocations from the national government and development partners of Kshs.134.7 million, as well as the own-source revenue (OSR) collection of Kshs.75.52 million. Additionally, the County had a cash balance of Kshs.347.55 million from FY 2024/25. The total OSR collection of Kshs.75.52 million included Facilities Improvement Financing (FIF) of Kshs.37.63 million, and Kshs.37.89 million from other OSR sources. Table 3.281 summarises the total revenue received to the County Government during FY 2025/26.

**Table 3.281: Mandera County, Revenue Performance in FY 2025/26**

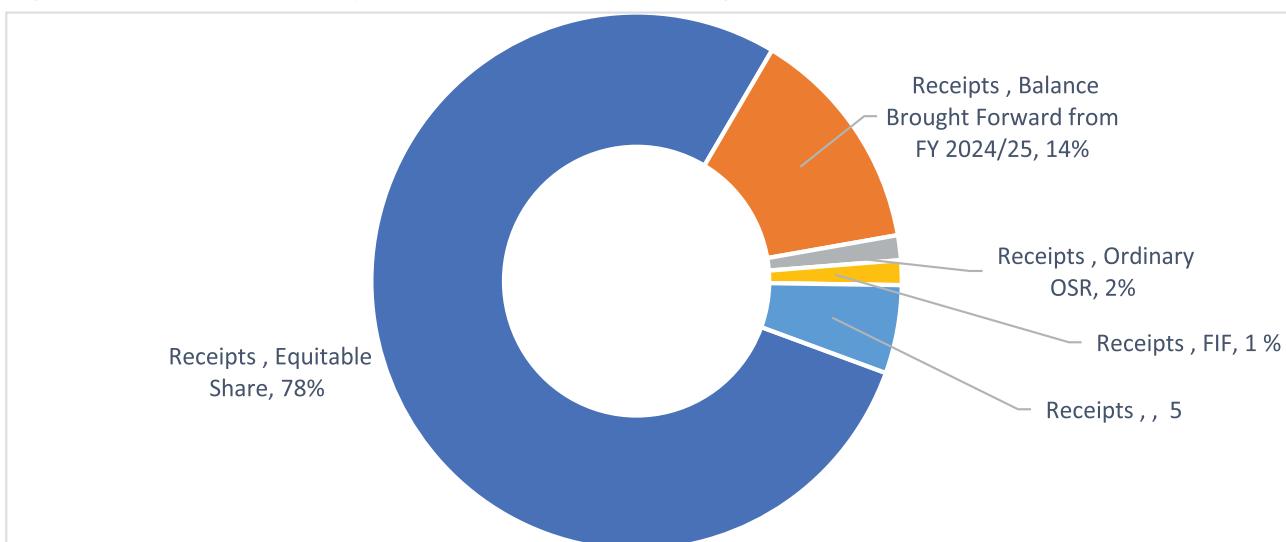

S/No.	Revenue Category	Budget Allocation (Kshs)	Actual Revenue (Kshs.)	Actual Receipts as Percentage of Budget Allocation (%)

Source: Mandera County Treasury

The County has the governing legislation on the operation of ordinary A-I-A and FIF. Figure 135 provides a detailed breakdown of revenues, showing a breakdown of each shilling received.

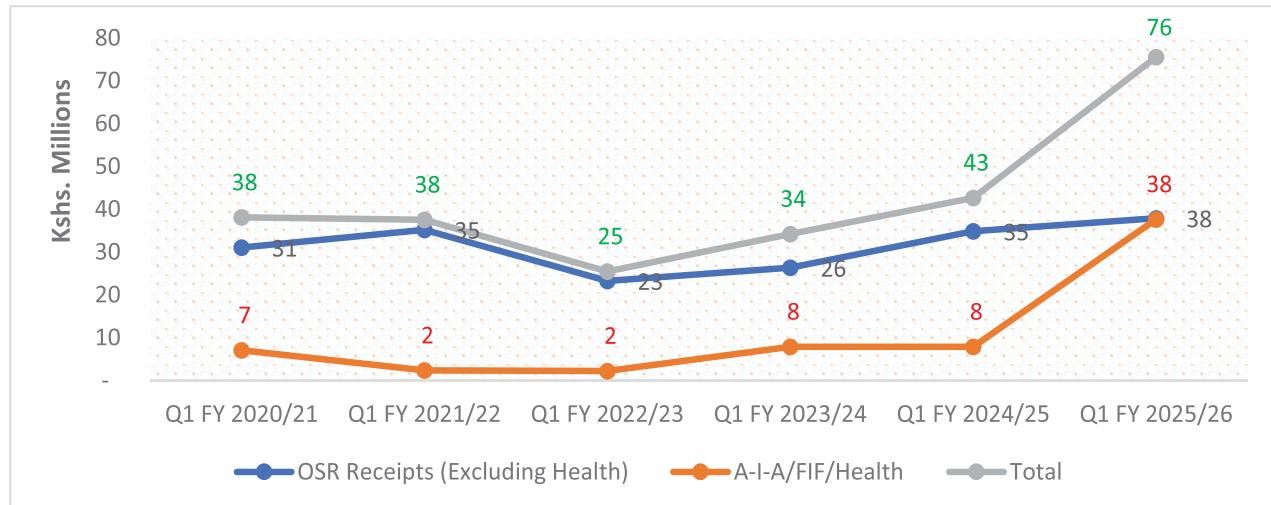

**Figure 135: Mandera County Composition of Each Shilling Received in the First Quarter of FY 2025/26**

Source: Mandera County Treasury

The equitable share of revenue received nationally, balance brought forward, and OSR contributed 78, 14 and 1 per cent respectively of the total revenue for the reporting period. Figure 136 shows the collection trend in own-source revenue from the First Quarter of FY 2020/21 to the First Quarter of FY 2025/26.

**Figure 136: Mandera County Trend in Own-Source Revenue Collection from the First Quarter of FY 2020/21 to the First Quarter of FY 2025/26**

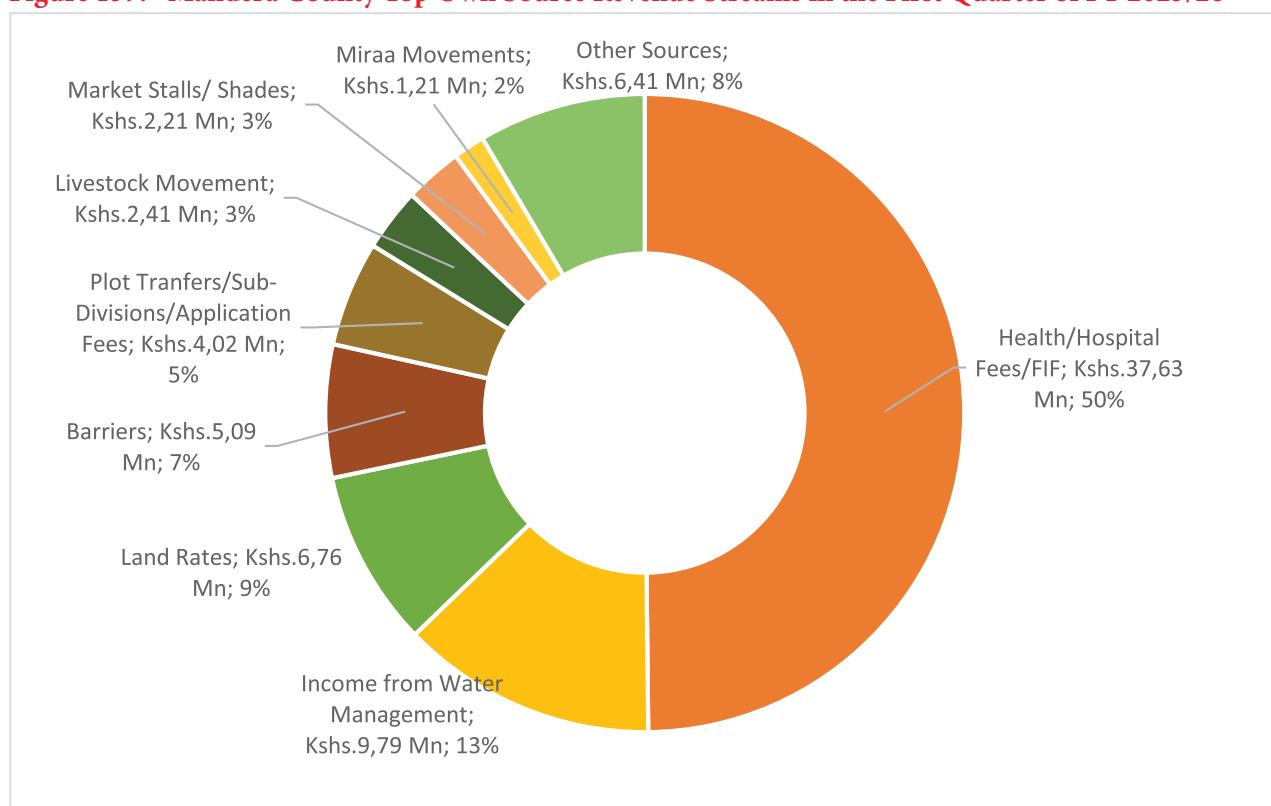

Source: Mandera County Treasury

During the First Quarter of FY 2025/26, the County received Kshs.75.52 million from its revenue sources, including FIF. This amount was an increase of 77 per cent compared to Kshs.42.68 million realised in a similar period in FY 2024/25, which was 11 per cent of the annual target and 4 per cent of the equitable revenue share disbursed.

The increase in OSR was attributed to the implementation of the FIF Act, which led to an increase in FIF collection, as well as improved enforcement and automation.

The revenue streams which contributed the highest OSR revenues are shown in Figure 137.

**Figure 137: Mandera County Top Own Source Revenue Streams in the First Quarter of FY 2025/26**

Source: Mandera County Treasury

As shown in Figure 137, the highest revenue stream, at Kshs.37.63 million, was from Hospital collections, accounting for 50 per cent of the total OSR receipts. The County Government indicated that it has automated all revenue streams.

### 3.24.3 Revenue Arrears/ Receivables

The County did not report on any revenue arrears during the reporting period.

### 3.24.4 Borrowing by the County

The County did not report on any borrowing during the reporting period.

### 3.24.5 Exchequers Approved

The Controller of Budget approved withdrawals of Kshs.1.75 billion from the CRF account during the reporting period, which comprised Kshs.269.15 million (15 per cent) for development programmes and Kshs.1.48 billion (85 per cent) for recurrent programmes. Analysis of the recurrent exchequers released indicates that Kshs.1.16 billion was towards employee compensation and Kshs.318.35 million for operations and maintenance expenditure.

The operations and maintenance exchequer analysis indicate that 3 per cent was for domestic travel, and there were no foreign travel expenditures during the reporting period. The domestic travel exchequer amounted to Kshs.8.29 million and was all incurred by the County Executive. There were no foreign travel exchequer releases during the reporting period.

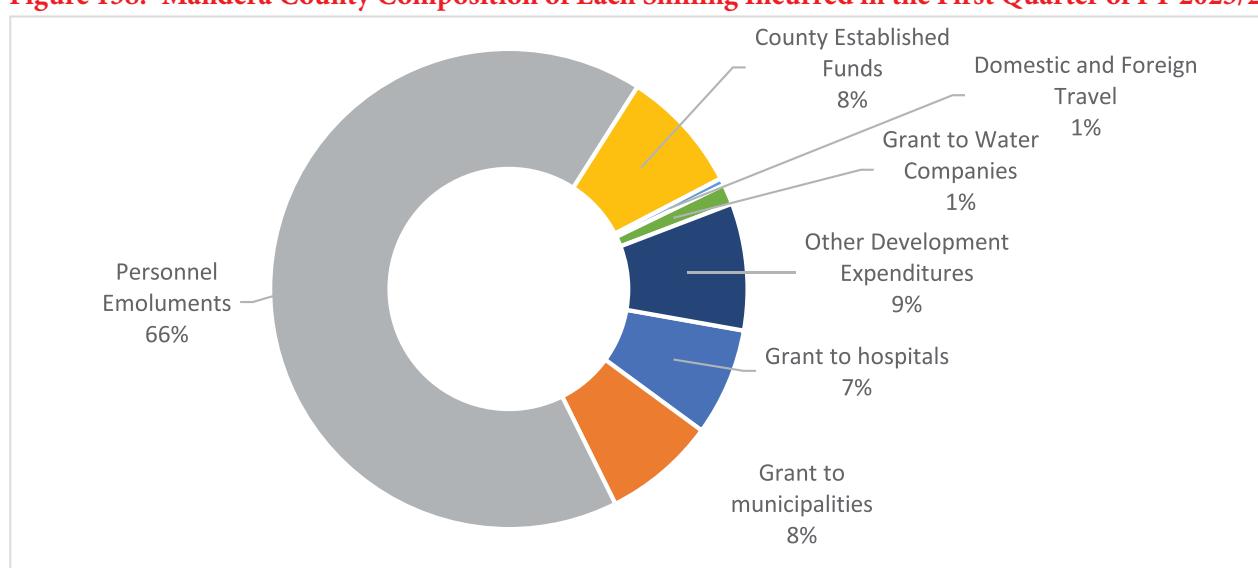

As of September 30, 2025, the County Government's cash balance in the CRF account was Kshs.995.13 million.

### 3.24.6 Expenditure Review

The County incurred Kshs.1.75 billion on development and recurrent programmes in the reporting period. The expenditure represented 100 per cent of the total funds released by the CoB. It comprised Kshs.269.15 million for development programmes and Kshs.1.48 billion for recurrent programmes. Expenditure on development programmes accounted for 5 per cent, while recurrent expenditure accounted for 16 per cent of the annual recurrent expenditure budget.

The following chart provides a detailed breakdown of expenditure, showing the relative composition of each shilling incurred.

**Figure 138: Mandera County Composition of Each Shilling Incurred in the First Quarter of FY 2025/26**

Source: Mandera County Treasury

As shown in Figure 138, the three highest expenditure categories were Personnel Emoluments, Bursary Fund, and other Development Expenditures, which contributed 66 per cent, 9 per cent, and 8 per cent of the total

expenditure for the reporting period.

### 3.24.7 Settlement of Trade Payables

As of 1<sup>st</sup> July 2025, the County reported trade payables totalling Kshs.2.45 billion. This amount included Kshs.2.45 billion from the County Executive and Kshs.6.07 million from the County Assembly. The trade payables from the County Executive consisted of Kshs.1.02 billion for recurrent expenditures and Kshs.1.47 billion for development expenditures.

During the reporting period, the County Executive settled trade payables amounting to Kshs.382.01 million, all for recurrent programmes and Kshs3.85 million for Development projects. On the other hand, the County Assembly did not settle any trade payables. The outstanding trade payables as of 30th September 2025 were Kshs.2.11 billion for the County Executive and Kshs.6.07 million for the County Assembly. Table 3.282 provides additional details of trade payables.

**Table 3.282: Mandera County Trade Payables as of 30<sup>th</sup> September 2025**

		County Entity	Development (Kshs.)	Recurrent (Kshs.)	Total (Kshs.)
As at 1 July 2025 (End of FY 2024/25)	a	County Executive	1,309,515,262	1,184,279,219	2,493,794,481
		County Assembly		6,073,972	6,073,972

		Total	1,305,665,261.81	808,341,786.00	2,114,007,047.81

*Source: Mandera County Treasury*

The County Executive and the Assembly submitted a trade payables payment plan, committing to pay Kshs.966.27 million and Kshs.6.07 million, respectively, in FY 2025/26. The County Executive adhered to this payment plan, as it cleared Kshs.385.86 million. The Assembly did not comply with this plan, as it did not settle any amounts during the reporting period.

Table 3.283 and Table 3.284 present the ageing of the total outstanding payables as of 30 September 2025 for the County Executive and Assembly, which were Kshs.2.12 billion.

### 3.24.8 Expenditure by Economic Classification

During the reporting period, the County Executive incurred Kshs.1.01 billion for compensation of employees, Kshs.318.34 million for operations and maintenance, and Kshs.269.15 million for development activities. Similarly, the County Assembly incurred Kshs.62.93 million on compensation of employees. The County Assembly did not incur any expenditures on operations and maintenance and development activities, as shown in Table 3.285.

**Table 3.285: Mandera County Summary of Budget and Expenditure by Economic Classification**

Expenditure Classification	Revised Budget (Kshs.)		Expenditure (Kshs.)		Absorption (%)	
	County Executive	County Assembly	County Executive	County Assembly	County Executive	County Assembly
<b>Total Recurrent Expenditure</b>	<b>8,652,993,735</b>	<b>917,936,058</b>	<b>1,417,336,806</b>	<b>62,932,370</b>	<b>16</b>	<b>7</b>
Compensation of Employees	5,335,088,472	349,680,066	1,098,990,892	62,932,370	21	18
Operations and Maintenance	3,317,905,263	568,255,992	318,345,914	-	10	-

### 3.24.9 Expenditure on Compensation of Employees

During the period under review, the expenditure on employee compensation totalled Kshs.1.16 billion. The compensation-to-revenue ratio was 46 per cent. This expenditure on employee compensation shows an increase of 9 per cent compared to the Kshs.1.07 billion reported in a similar period in FY 2024/25. Of this total, Kshs.375.98 million was related to Health Sector employees, accounting for 32 per cent of overall employees' compensation.

Figure 139 shows the compensation trend of employees' expenditures as a percentage of total revenue received from the First Quarter of FY 2020/21 to the First Quarter of FY 2025/26.

**Figure 139: Percentage of Employee Compensation to Total Revenue Received from the First Quarter of FY 2020/21 to the First Quarter of FY 2025/26**

Source: Mandera County Treasury

As shown in Figure 139, the County Assembly apportioned 100 per cent of its revenue in the first quarter of FY 2025/26 towards compensation of employees while the Executive apportioned 44 per cent. Both entities exceeded the 35 per cent ceiling set by Regulation 25(1)(b) of the PFM (County Governments) Regulations 2015, highlighting that employee compensation was prioritised over other expenditures in the review period.

Further analysis revealed that PE costs totalling Kshs.1.11 billion were processed through the Human Resource Information System (HRIS). In contrast, Kshs.50.49 million was processed through manual payroll, which accounted for 4 per cent of the total PE cost.

The manual payroll comprised salaries for staff not onboarded into the Human Resource Information System (HRIS), salaries for casual staff, top-up allowances for security personnel, gratuity remittances to pension schemes for staff on contract, and LAPTRUST/LAPFUND Pension Contributions, as shown in Table 3.286.

**Table 3.286: Breakdown of Mandera County Manual Payroll**

Sno.	Description of Manual Payroll	County Executive	County Assembly	Total
1.	Salaries for staff paid outside the Human Resource Information System (HRIS)	19,455,550.00	202,815.00	19,658,365.00
2.	Salaries for casual staff	20,455,899.35	158,000.00	20,613,899.35
3.	Top-up Allowances for security officers	7,670,000.00	278,720.00	7,948,720.00
4.	NSSF Contributions	1,456,740.00	11,160.00	1,467,900.00
5.	House Levy	713,723.10	5,187.45	718,910.55
6.	Gratuity for contract staff	-	13,950.00	13,950.00
7.	NITA contribution	72,700.00	550.00	73,250.00
<b>Total</b>		<b>49,824,612.45</b>	<b>670,382.45</b>	<b>50,494,994.90</b>

Source: Mandera County Treasury

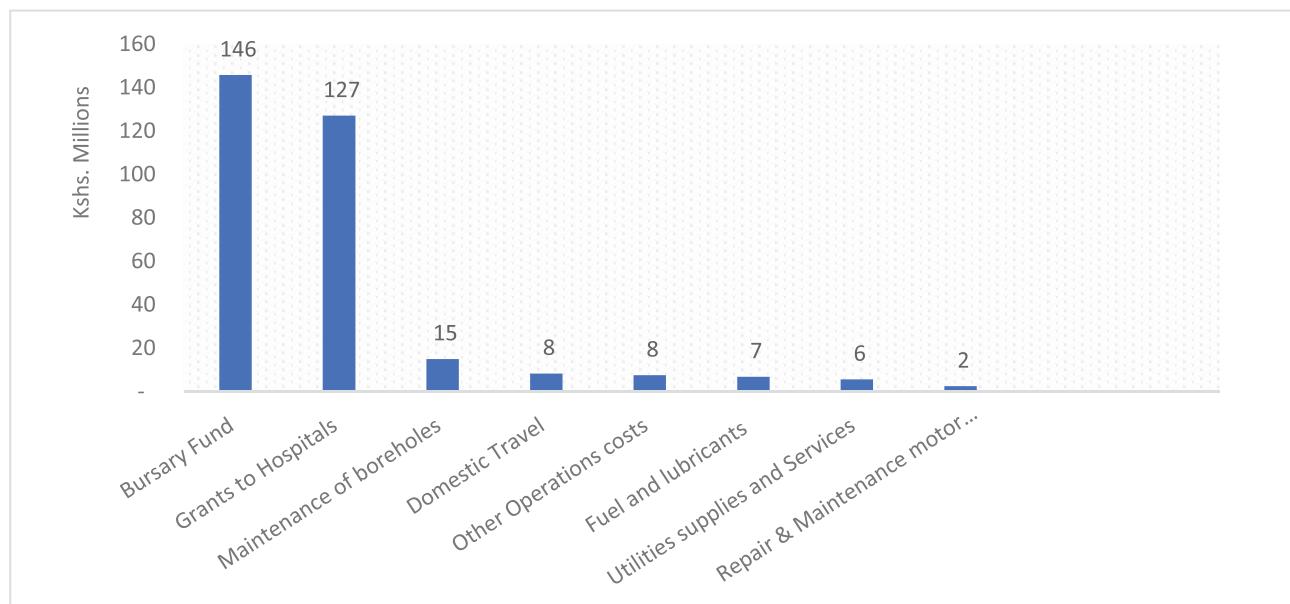

The County Assembly did not allocate any amount for the committee sitting allowances for the 50 MCAs, contrary to the annual budget allocation of Kshs.30 million. The County Assembly has 21 House Committees.

### 3.24.10 Expenditure on Operations and Maintenance

During the reporting period, the County incurred Kshs.318.35 million on operations and maintenance, representing an increase of 33 per cent compared to FY 2024/25, when the County incurred Kshs.240.18 million.

Figure 140 summarises the Operations and Maintenance expenditure by major categories.

**Figure 140: Mandera County, Operations and Maintenance Expenditure by Major Categories**

### 3.24.11 Unbundling “Other Operating Expenses” Under Operations and Maintenance Expenditures

The budget performance report submitted to the Controller of Budget for the first quarter of FY 2025/26 did not have any expenditures under “other Operating expenses”

### 3.24.12 County-Established Funds

Section 116 of the PFM Act 2012 allows County Governments to establish other public funds, subject to approval from the County Executive Committee and the County Assembly. The County allocated Kshs.741.35 million to County-established funds in FY 2025/26, or 5 per cent of the County’s overall budget. Furthermore, the County allocated Kshs.291.35 million to the Emergency Fund (2 per cent of the total budget) in line with Section 110 of the PFM Act, 2012. Table 3.287 summarises each established Fund’s budget allocation and performance during the reporting period.

**Table 3.287: Performance of Mandera County Established Funds in the First Quarter of FY 2025/26**

S/No.	Name of the Fund	Year Established	Approved Budget Allocation in FY 2025/26 (Kshs.)	Exchequer Issues in First Quarter of FY 2025/26 (Kshs.)	Incurred Expenditure in the First Quarter of FY 2025/26 (Kshs.)	Cumulative disbursements to the Fund (Kshs)	Submission of Financial Statements (Yes/No.)
<b>County Executive Established Funds</b>							
1.	Education Bursary Program	2014	450,000,000	145,720,148	145,720,148	1,997,720,147	YES
2.	Emergency Fund	2024	291,350,959	-	0	3,000,000	NO
	<b>Total</b>		<b>741,350,959</b>	<b>145,720,148</b>	<b>145,720,148</b>	<b>2,000,720,147</b>	

Source: Mandera County Treasury

During the reporting period, the CoB did not receive quarterly financial reports from Emergency Fund Administrators, as indicated in Table 3.287, contrary to the requirement of Section 168 of the PFM Act, 2012. The County disclosed that administration costs of the Bursary Fund were within the 3 per cent limit of the Fund budget set in Regulation 197(1)(d) of the Public Finance Management (County Governments) Regulations, 2015.

Regulation 197(1)(i) of the Public Finance Management (County Governments) Regulations, 2015, allows County Governments to establish public funds with a lifespan capped at 10 years unless extended by the County Assembly. In FY 2025/26, the CoB established that the lifespan of the **Bursary Fund** had lapsed. Consequently, the County Assembly extended the lifespan in line with Regulation 197(1)(i), enabling the CoB approval for withdrawals to support the operations of the Bursary funds.

### 3.24.13 County Corporations

The County has three County Corporations, which were allocated Kshs.240 million in FY 2025/26. Their total expenditure for the review period amounted to Kshs.23.8 million, as shown in Table 3.288.

**Table 3.288: Performance of Mandera County Corporations in the First Quarter of FY 2025/26**

S/No.	Name of the Corporation	Approved Budget Allocation in FY 2025/26 (Kshs.)	Exchequer Issues (Kshs.)	Actual Transfers in FY 2025/26 (Kshs.)	Cumulative Transfers to the Corporation since its inception (Kshs.)

### 3.24.14 Expenditure on Domestic and Foreign Travel

Expenditure on domestic travel amounted to Kshs.8.29 million, incurred by the County Executive. There was no expenditure on foreign travel by either the County Executive or the County Assembly.

### 3.24.15 Facility Improvement Financing

During the review period, the County reported collections of Kshs.37.63 million as FIF, which was 12 per cent of the annual target of Kshs.322.53 million. The collected amount was retained and utilised at source in line with the Facility Improvement Financing Act, 2023. The County has developed regulations to operationalise the FIF Act of 2023.

The expenditure by the health facilities amounted to Kshs.37.63 million, as shown in Table 3.289.

**Table 3.289: Mandera County Health Facilities Expenditure Performance in FY 2025/26**

No.	Health Facility	Number of Facilities	Approved Budget (Kshs.)	Incurred Expenditure (Kshs.)	Absorption rate (%)

### 3.24.16 Development Expenditure

In the review period, the County reported spending Kshs.269.15 million on development programmes, representing an increase of 17 per cent compared to FY 2024/25, when the County spent Kshs.229.16 million. Table 3.290 summarises the development projects with the highest expenditure in the reporting period.

The increase in development expenditure was attributed to improvement in budget implementation as well as the release of funds by the national treasury.

**Table 3.290: Mandera County, List of Development Projects with the Highest Expenditure**

No.	Sector	Project Name	Project Location	Expected Completion Date	Budget Allocation (Kshs)	Amount Incurred in FY 2025/26 (Kshs.)	Cumulative Expenditure as of 30 September 2025	Implementation status (%)
1	Lands & Urban Development	Grant to Municipalities	Mandera & Elwak	Ongoing	485,000,000	133,000,000	133,000,000	27

Source: Mandera County Treasury

Analysis of expenditure by departments shows that the Department of Lands & Urban Development recorded the highest absorption rate of development budget at 18 per cent, followed by the Department of Water at 7 per cent. The Department of Education had the highest recurrent expenditure-to-budget ratio at 25.2 per cent, while the Office of the County Secretary had the lowest at 3 per cent.

### 3.24.17 Budget Execution by Programmes and Sub-Programmes

The development sub-programmes with the highest levels of budget implementation, based on absorption rates, were: Physical Planning, Housing and Urban Development in the Department of Lands and Urban Development at 19 per cent, Water and Sewerage Management in the Department of Water Services at 9 per cent, and Energy and Natural Resources at 3 per cent of the budget allocation. Conversely, the recurrent sub-programmes with the highest levels of budget implementation, based on absorption rates, were: Water management in the Department of Water at 27 per cent, General Administration in the Department of Social Development and the Department of Water at 26 per cent and 23 per cent of the budget allocation, respectively.

### 3.24.18 Accounts Operated in Commercial Banks

Regulation 82(1)(b) of the PFM (County Governments) Regulations, 2015, requires that County Government bank accounts be opened and maintained at the Central Bank of Kenya. The only exemption applies to imprest bank accounts for petty cash and to revenue collection bank accounts.

Further, Regulation 82(4) of the Public Finance Management (PFM) Act requires accounting officers to obtain written authorisation from the County Treasury before opening a commercial bank account. Additionally, Regulation 82(5) of the Public Finance Management (County Governments) Regulations, 2015, requires the County Treasury to submit a copy of the letter authorising an accounting officer to open a commercial bank account to the Controller of Budget.

The County Government operated 31 accounts with commercial banks, including 14 accounts for FIF operations and collection, five accounts for revenue collection, three municipalities' operations accounts, one account for the Established Fund (bursary), 3 County Assembly accounts, one account for the ELRP project, one retention account, and three water companies' accounts.

The County Treasury did not submit copies of the authorisation letters to the Controller of Budget for the opening of 22 commercial bank accounts, as required by Regulation 82(5) of the Public Finance Management (County Governments) Regulations, 2015.

### 3.24.19 Key Observations and Recommendations

In the course of overseeing and reporting on the implementation of the County budget, the CoB identified the following challenges, which hampered effective budget implementation;

- i. The underperformance of own-source revenue at Kshs.37.89 million against an annual target of Kshs.360 million, representing 11 per cent of the financial year target.
- ii. Low development performance in the review period as the County incurred Kshs.269.15 million on development activities, achieving a 5 per cent absorption rate.
- iii. High level of trade payables, which amounted to Kshs.2.12 billion as of 30 September 2025.
- iv. Use of manual payroll. Personnel emoluments amounting to Kshs.50.5 million for staff not onboarded into HRIS and casual staff were processed through manual payroll, accounting for 4 per cent of the total payroll cost. Manual payroll is prone to abuse and may result in the loss of public funds.
- v. Non-submission of copies of authorisation letters for opening commercial bank accounts as per Regu-

lation 82(5) of the Public Finance Management (County Governments) Regulations, 2015.

The County should implement the following recommendations to improve budget execution:

- i. *The County should address its own-source revenue performance to ensure the approved budget is fully financed. Appropriate austerity measures should be implemented to ensure expenditure commitments are aligned with available revenue.*
- ii. *The County should implement strategies to increase development expenditures in FY 2025/26.*
- iii. *The County Leadership should address the situation of trade payables to ensure that genuine bills are paid promptly in the remaining financial year. Further, compliance with the trade payables Action Plan should be enforced.*
- iv. *The Government requires that salaries be processed through the HRIS system, and the County is advised to fast-track the acquisition of Unified Personnel Numbers for their staff. The County Public Service Board should regulate staff engagement on contract and casual workers as provided under Section 74 of the County Governments Act 2012. Furthermore, strict adherence to the approved staff establishment should be maintained.*
- v. *The County Treasury should ensure it submits copies of authorisation letters to OCOB for opening commercial bank accounts to enhance accountability and oversight.*

## 3.25. County Government of Marsabit

### 3.25.1 Overview of FY 2025/26 Budget

The Marsabit County Approved Budget for FY 2025/26 is Kshs.10.32 billion. It comprises Kshs.3.67 billion (36 per cent) and Kshs.6.66 billion (64 per cent) allocation for development and recurrent programmes, respectively. The budget estimates represent an increase of Kshs.11.33 million (less than 1 per cent) from the FY 2024/25 budget, which comprised a development budget of Kshs.4.27 billion and a recurrent budget of Kshs.6.04 billion. The increase in the budget was primarily attributed to the rise in sharable revenue.

The budget is to be financed from various revenue sources. These include; the equitable share of revenue raised nationally of Kshs.8.11 billion (78 per cent), additional allocations of Kshs.1.70 billion (16 per cent), a cash balance of Kshs.442.78 million (4 per cent) brought forward from FY 2024/25, and Kshs.270 million (2 per cent) to be received as own-source revenue. A breakdown of the additional allocations is shown in Table 3.292.

### 3.25.2 Revenue Performance

During the first Quarter of FY 2025/26, the County received Kshs.1.78 billion in revenue. This amount represented an increase of 11 per cent compared to the amount received in a similar period in FY 2024/25 of Kshs.1.59 billion, as well as own-source revenue (OSR) collection of Kshs.42.03 million. Additionally, the County had a cash balance of Kshs.442.78 million from FY 2024/25. The total OSR collection of Kshs.42.03 million included Facilities Improvement Financing (FIF) of Kshs.22.62 million, and Kshs.19.45 million from other OSR sources. Table 3.292 summarises the total revenue available to the County Government during FY 2025/26.

**Table 3.292: Marsabit County, Revenue Performance in FY 2025/26**

Source: Marsabit County Treasury

The County does not have governing legislation on the operation of FIF. Figure 141 provides a detailed breakdown of receipts, showing a breakdown of each shilling received.

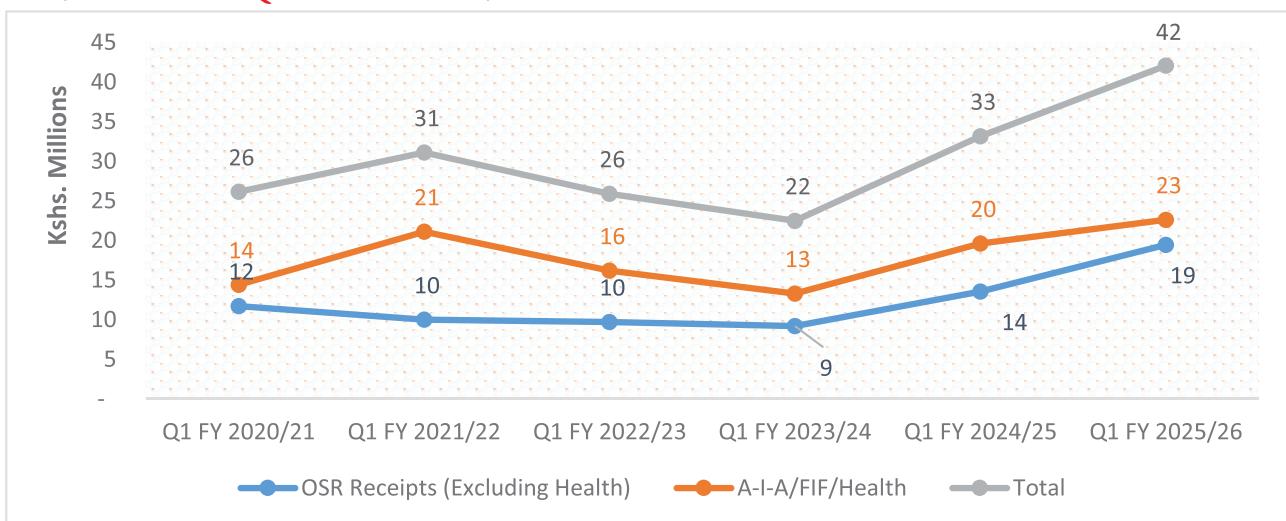

**Figure 141: Marsabit County Composition of Each Shilling Received in the First Quarter of FY 2025/26**

Source: Marsabit County Treasury

The equitable share of revenue raised nationally, balance brought forward, and OSR contributed 73 per cent, 25 per cent and 2 per cent, respectively, of the total receipts for the reporting period. Figure 142 shows the collection trend in own-source revenue from the First Quarter of FY 2020/21 to the First Quarter of FY 2025/26.

**Figure 142: Marsabit County Trend in Own-Source Revenue Collection from the First Quarter of FY 2020/21 to the First Quarter of FY 2025/26**

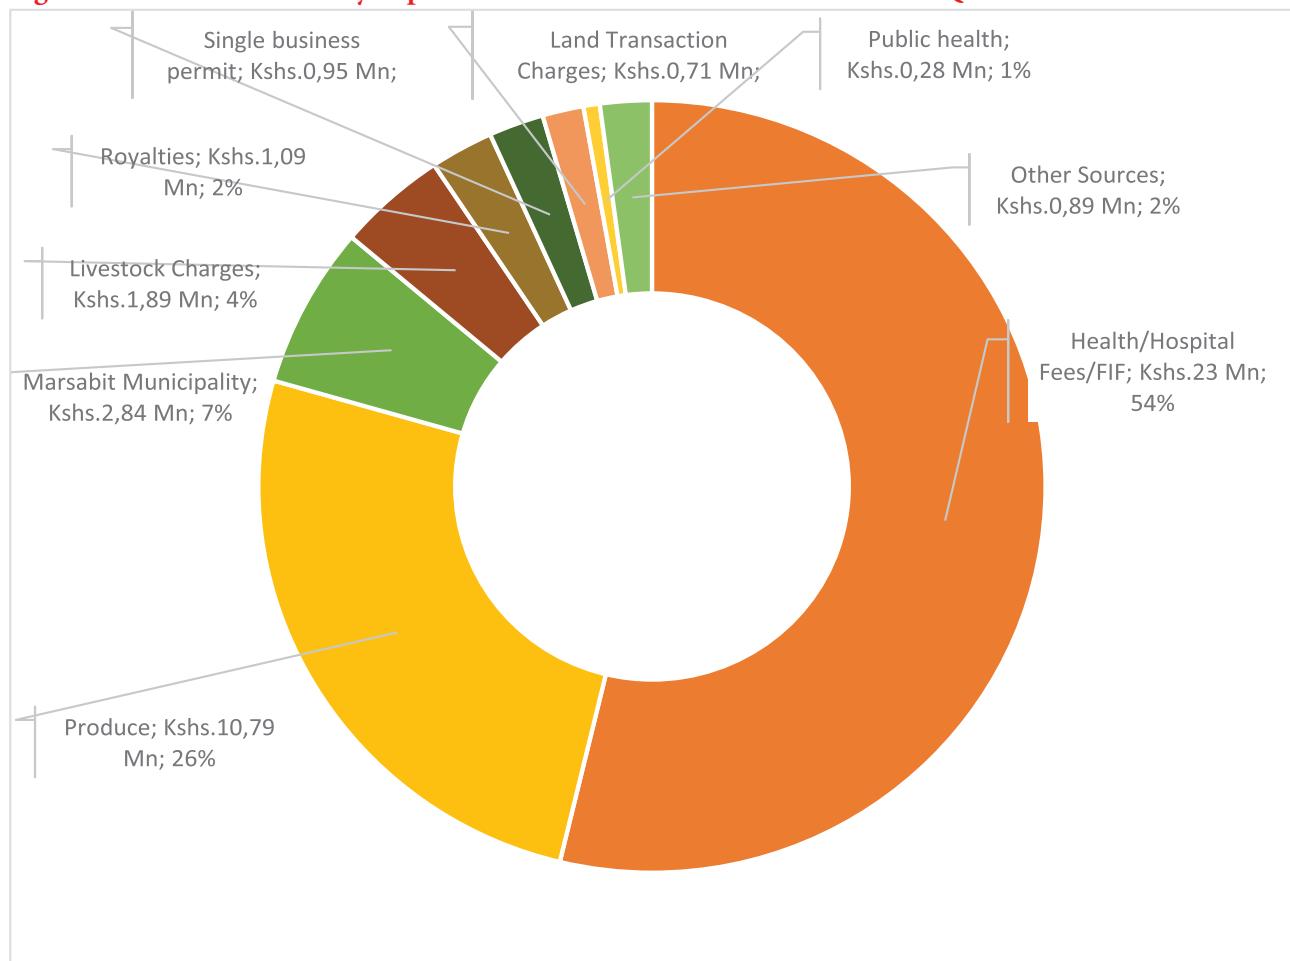

Source: Marsabit County Treasury

During the First Quarter of FY 2025/26, the County received Kshs. 42.06 million from its revenue sources, including FIF. This amount was an increase of 27 per cent compared to Kshs. 33.16 million realised in a similar period in FY 2024/25, and was 16 per cent of the annual target and 3 per cent of the equitable revenue share disbursed.

The increase in OSR was attributed to various mobilisation strategies applied by the County Government. The revenue streams that contributed the most to OSR receipts are shown in Figure 143.

**Figure 143: Marsabit County Top Own Source Revenue Streams in the First Quarter of FY 2025/26**

Source: Marsabit County Treasury

As shown in Figure 143, the highest revenue stream, at Kshs.22.61 million, was from Hospital Fees (FIF), accounting for 55 per cent of the total OSR receipts. The County Government has not automated any revenue streams.

### 3.25.3 Revenue Arrears/ Receivables

As of 1<sup>st</sup> July 2025, the County did not report any revenue arrears.

### 3.25.4 Borrowing by the County

Marsabit County Executive & Assembly did not report any credit facility with any commercial bank(s).

### 3.25.5 Exchequers Approved

The Controller of Budget approved withdrawals of Kshs.1.55 billion from the CRF account during the reporting period, which comprised Kshs.345.34 million (22 per cent) for development programmes and Kshs.1.21 billion (78 per cent) for recurrent programmes. Analysis of the recurrent exchequers released indicates that Kshs.1.15 billion was allocated towards employee compensation, and Kshs.48.4 million for operations and maintenance expenditure.

The operations and maintenance exchequer analysis indicates that 64 per cent was for domestic travel and 2 per cent for foreign travel. The domestic travel exchequer amounted to Kshs.31.04 million and included Kshs.6.67 million for the County Executive and Kshs.24.37 million for the County Assembly. The foreign exchequer totalled Kshs.0.81 million for the County Assembly only.

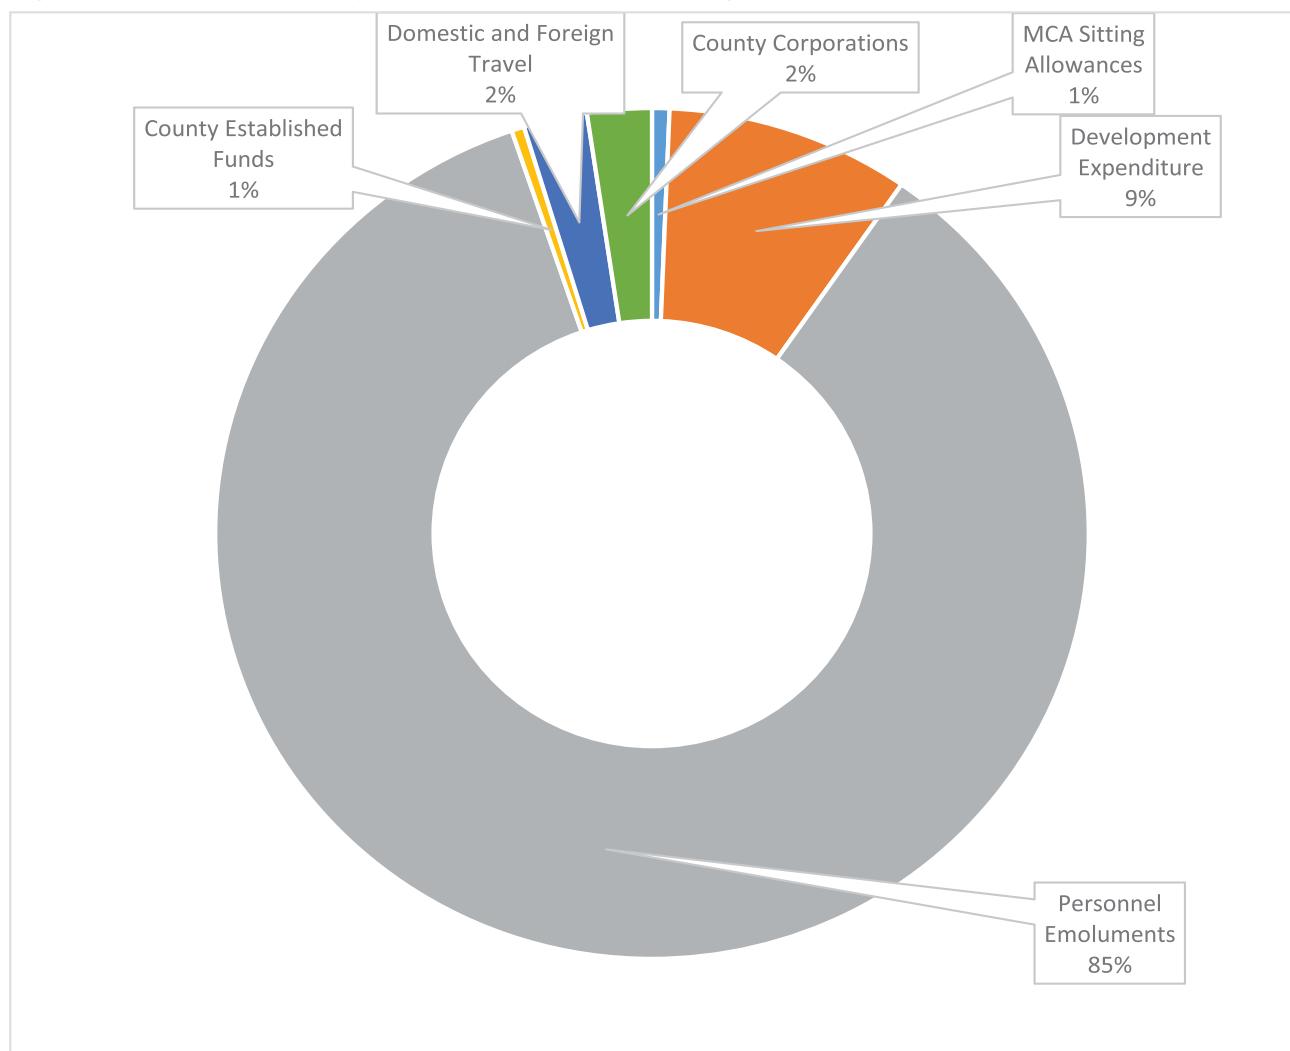

As of September 30, 2025, the County Government's cash balance in the CRF account was Kshs.200.75 million.

### 3.25.6 Expenditure Review

The County spent Kshs.1.31 billion on development and recurrent programmes in the reporting period. The expenditure represented 85 per cent of the total funds released by the CoB. It comprised Kshs.122.48 million for development programmes and Kshs.1.19 billion for recurrent programmes. Expenditure on development programmes represented an absorption rate of 3 per cent, while recurrent expenditure represented 18 per cent of the annual recurrent expenditure budget.

The following chart provides a detailed breakdown of expenditure, showing the relative composition of each shilling spent.

**Figure 144: Marsabit County Composition of Each Shilling Paid in the First Quarter of FY 2025/26**

Source: Marsabit County Treasury

As shown in Figure 144, the three highest expenditure categories were personnel emoluments, development expenditures, and Domestic and foreign travel, which accounted for 85 per cent, 9 per cent, and 2 per cent of total expenditure for the reporting period, respectively.

### 3.25.7 Settlement of Trade Payables

As of 1<sup>st</sup> July 2025, the County reported trade payables totalling Kshs.1.43 billion. This amount included Kshs.1.23 billion from the County Executive and Kshs.201.15 million from the County Assembly. The trade payables from the County Executive consisted of Kshs.532.46 million for recurrent expenditures and Kshs.700.16 million for development expenditures.

During the reporting period, the County Executive settled trade payables amounting to Kshs.532.46 million, (100 per cent) for recurrent programmes only. On the other hand, the County Assembly settled trade payables worth Kshs.47.22 million, which included Kshs.27.18 million (58 per cent) for recurrent activities and Kshs.20.04 million (42 per cent) for development activities. The outstanding trade payables as of 30th September 2025 was Kshs.700.16 million for County Executive and Kshs.153.93 million for County Assembly. Table 3.293 provides additional details of trade payables.

**Table 3.293: Marsabit County Trade Payables as of 30<sup>th</sup> September 2025**

*Source: Marsabit County Treasury*

The County Executive and the Assembly submitted a trade payables payment plan, committing to pay Kshs.887.54 million and Kshs.136.58 million, respectively, in FY 2025/26. The County did not adhere to this payment plan, as it cleared Kshs.532.46 million for the Executive and Kshs.47.22 million for the Assembly.

Table 3.294 and Table 3.295 present the ageing of the total outstanding bills as of 30 September 2025 for the County Executive and Assembly, which were Kshs.854.09 million.

**Table 3.294: Marsabit County Executive Trade Payables Ageing Analysis as of 30 September 2025**

Category	Ageing analysis (Amount in Kshs.)				Total
	Under one year	1-2 years	2-3 years	Over 3 years

### 3.25.8 Expenditure by Economic Classification

During the reporting period, the County Executive incurred Kshs.1.05 billion for compensation of employees, Kshs.6.67 million for operations and maintenance, and Kshs.102.44 million for development activities. Similarly, the County Assembly spent Kshs.105.71 million on compensation of employees, Kshs.31.29 million on operations and maintenance, and Kshs.20.04 million on development activities, as shown in Table 3.296.

**Table 3.296: Marsabit County Summary of Budget and Expenditure by Economic Classification**

Expenditure Classification	Revised Budget (Kshs.)		Expenditure (Kshs.)		Absorption (%)	
	County Executive	County Assembly	County Executive	County Assembly	County Executive	County Assembly
<b>Total Recurrent Expenditure</b>	<b>5,915,492,554</b>	<b>741,494,088</b>	<b>1,054,028,982</b>	<b>137,010,658</b>	<b>18</b>	<b>18</b>

### 3.25.9 Expenditure on Compensation of Employees

During the period under review, the expenditure on employee compensation totalled Kshs.1.15 billion. The percentage of compensation of employees to revenue was 65 per cent. This expenditure on employee compensation shows an increase compared to the Kshs.887.78 million reported in a similar period in FY 2024/25. Of this total, Kshs.471.33 million related to the Health Sector employees, which accounted for 41 per cent of the overall employees' compensation. The increase in employee compensation was a result of trade payables (June 2025 payroll for both the County Executive and the County Assembly) paid in the first quarter of FY 2025-2026, as per the trade payables action plan.

Figure 145 shows the compensation trend of employees' expenditures as a percentage of total revenue received from the First Quarter of FY 2020/21 to the First Quarter of FY 2025/26.

**Figure 145: Percentage of Employee Compensation to Total Revenue Received from the First Quarter of FY 2020/21 to the First Quarter of FY 2025/26**

Source: Marsabit County Treasury

As shown in Figure 145, the County Executive apportioned 65 per cent of its first-quarter FY 2025/26 revenue to employee compensation, while the Assembly allocated 67 per cent. Both entities exceeded the 35 per cent ceiling set by Regulation 25(1)(b) of the PFM (County Governments) Regulations 2015, highlighting that employee compensation was prioritised over other expenditures in the review period.

Further analysis indicated that PE costs amounting to Kshs.1.15 billion were processed through the Human Resource Information System (HRIS). In contrast, only Kshs.241,800 was processed through manual payroll, which accounted for less than one per cent of the total PE cost.

The manual payroll comprised top-up allowances for security personnel, as shown in Table 3.297.

**Table 3.297: Breakdown of Marsabit County Manual Payroll**

Sno.	Description of Manual Payroll	Amount (Kshs.)
	Top-up Allowances for Security Officers	241,800.00
	<b>Total</b>	<b>241,800.00</b>

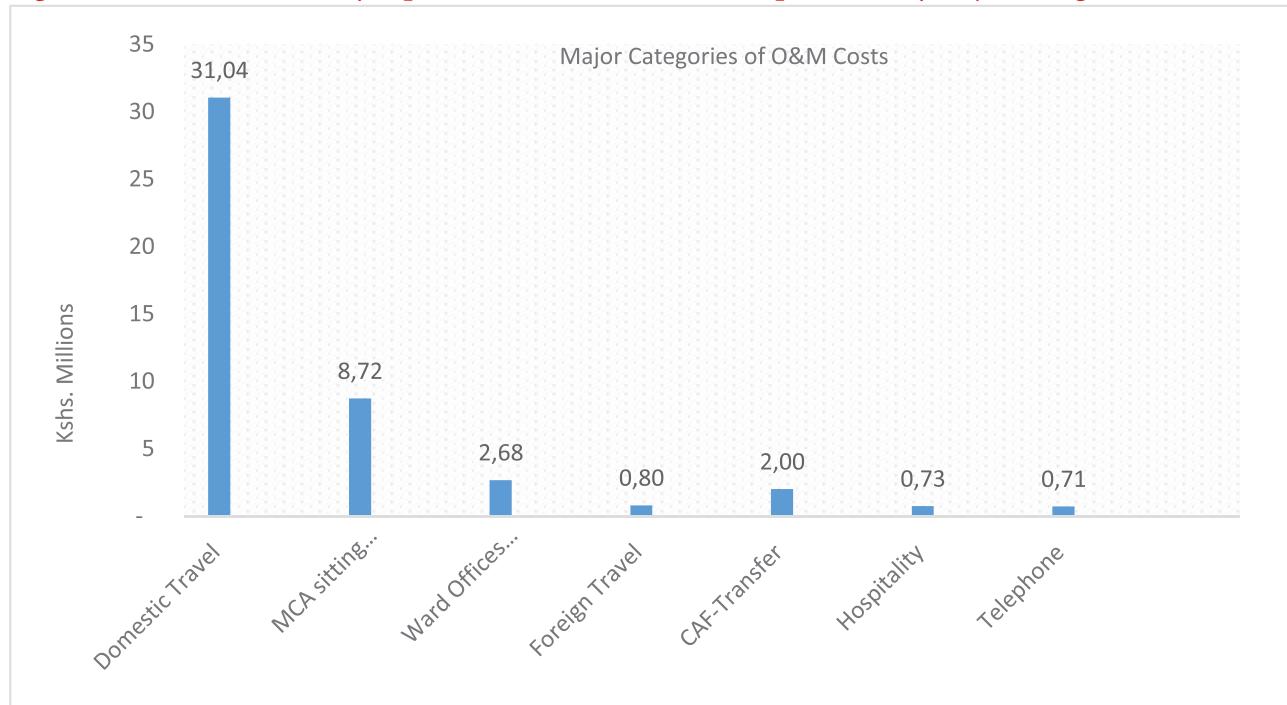

Source: Marsabit County Treasury

The County Assembly spent Kshs.8.72 million on committee sitting allowances for the 33 MCAs against the annual budget allocation of Kshs.30 million. The average monthly sitting allowance was Kshs.88,124 per MCA. The County Assembly has 20 House Committees.

### 3.25.10 Expenditure on Operations and Maintenance

During the reporting period, the County spent Kshs.37.96 million on operations and maintenance, representing a decrease of 140 per cent compared to FY 2024/25, when the County spent Kshs.90.08 million. Figure 146 summarises the Operations and Maintenance expenditure by major categories.

**Figure 146: Marsabit County, Operations and Maintenance Expenditure by Major Categories**

Source: Marsabit County Treasury

### 3.25.11 County-Established Funds

Section 116 of the PFM Act 2012 allows County Governments to establish other public funds, subject to approval from the County Executive Committee and the County Assembly. The County allocated Kshs.271 million to County-Established funds in FY 2025/26, or 3 per cent of the County's overall budget. Further, the County allocated Kshs.70.00 million to the Emergency Fund (less than one per cent of the total budget) contrary to Section 110 of the PFM Act, 2012. Table 3.298 summarises each established Fund's budget allocation and performance during the reporting period.

**Table 3.298: Performance of Marsabit County Established Funds in the First Quarter of FY 2025/26**

S/No.	Name of the Fund	Year Established	Approved Budget Allocation in FY 2025/26 (Kshs.)	Exchequer Issues in First Quarter of FY 2025/26 (Kshs.)	Actual Expenditure in the First Quarter of FY 2025/26 (Kshs.)	Cumulative disbursements to the Fund (Kshs)	Submission of Financial Statements (Yes/No.)
<b>County Executive Established Funds</b>							
	Scholarship Fund	2018	201,000,000	Nil	0	802,800,000	No

Source: Marsabit County Treasury

During the reporting period, the CoB did not receive any of the quarterly financial reports from all Fund Administrators, as indicated in Table 3.298, contrary to the requirement of Section 168 of the PFM Act, 2012. The County disclosed that the administration costs of all active Funds were below the 3 per cent limit of the Fund budget set in Regulation 197(1)(d) of the Public Finance Management (County Governments) Regulations, 2015

Regulation 197(1)(i) of the Public Finance Management (County Governments) Regulations, 2015, allows County Governments to establish public funds with a lifespan capped at 10 years unless extended by the County Assembly. In FY 2025/26, the CoB established that the lifespan of the Marsabit County Assembly Car Loan and Mortgage Fund for Members, the Enterprise Fund and the Car and Mortgage Loan Fund for Executives had lapsed. Consequently, the CoB will not be able to approve any requests for withdrawals to support the operations of the funds.

### 3.25.12 County Corporations

The County has two County Corporations, which were allocated Kshs.109.71 million in FY 2025/26. Their total expenditure for the review period amounted to Kshs.32.31 million, as shown in Table 3.299.

**Table 3.299: Performance of Marsabit County Corporations in the First Quarter of FY 2025/26**

S/No.	Name of the Corporation	Approved Budget Allocation in FY 2025/26 (Kshs.)	Exchequer Issues (Kshs.)	Actual Transfers in FY 2025/26 (Kshs.)	Cumulative Transfers to the Corporation since its inception (Kshs.)
	Marsabit Municipality	109,707,946.80	32,309,300.00	32,309,300.00	232,758,336.10

### 3.25.13 Expenditure on Domestic and Foreign Travel

Expenditure on domestic travel amounted to Kshs.0.80 million incurred by the County Assembly only. Expenditure on foreign travel is summarised in Table 3.300.

**Table 3.300: Summary of Expenditure on Foreign Travel in the First Quarter of FY 2025/26**

Arm of County Government	Number of Officers Travelled	Date travelled	Purpose of the travel	Destination	Total Costs of the Travel in (Kshs.)
County Assembly	1	26th October- 3rd November 2025	Attending an exchange program on empowering legislative Administration for County Assemblies clerks	France	467,628
County Assembly	1	26th October- 3rd November 2025	Attending an exchange program on empowering legislative Administration for County Assemblies clerks	Spain	333,032
<b>Total</b>					<b>800,660</b>

*Source: Marsabit County Treasury and Marsabit County Assembly*

### 3.25.14 Facility Improvement Financing

During the review period, the County reported collections of Kshs.22.62 million as FIF, which was 19 per cent of the annual target of Kshs.120.00 million. The collected amount was retained and utilised at source in line with the Facility Improvement Financing Act, 2023. The County has, however, not developed regulations to operationalise the FIF Act of 2023.

The expenditure by the health facilities amounted to Kshs.22.20 million, as shown in Table 3.301.

**Table 3.301: Marsabit County Health Facilities Expenditure Performance in FY 2025/26**

No.	Health Facility	Number of Facilities	Approved Budget (Kshs.)	Actual Expenditure (Kshs.)	Absorption rate (%)
1.	Level 4 Hospital	4	173,496,000.00	22,204,040.00	13
	<b>Total</b>		<b>173,496,000.00</b>	<b>22,204,040.00</b>	<b>13</b>

*Source: Marsabit County Treasury*

### 3.25.15 Development Expenditure

In the review period, the County reported spending Kshs.122.48 million on development programmes, representing a decrease of 4 per cent compared to FY 2024/25, when the County spent Kshs.127.69 million. Table 3.302 summarises the development projects with the highest expenditure in the reporting period.

The decline in development expenditure was attributed to a delay in shareable revenue and changes in the procurement platform.

**Table 3.302: Marsabit County, List of Development Projects with the Highest Expenditure**

NO.	Sector	Project Name	Project Location	Expected Completion Date	Contract sum (Kshs)	Amount paid in FY 2025/26 (Kshs.)	Cumulative Expenditure as of 30 September 2025	Implementation status (%)
<b>County Funded Projects</b>								
1	County Assembly	Chambers Structured cabling works	County Assembly	28/11/2025	72,500,000	12,388,411	51,453,781.75	71
2	County Assembly	Hansard System Works-Installation	County assembly	28/11/2025	27,605,141	7,707,259	17,348,954.00	63
<b>Donor Funded Projects</b>

*Source: Marsabit County Treasury*

As of 30 September 2025, the County did not report any stalled development projects.

### 3.25.16 Budget Performance by Department

Table 3.303 summarises the approved budget allocation, expenditure and absorption rate by departments in the period under review.

**Table 3.303: Marsabit County, Budget Allocation and Absorption Rate by Department**

Department	Revised Budget Allocation (Kshs.Million)		Exchequer Received (Kshs.Million)		Expenditure (Kshs. Million)		Expenditure to Exchequer (%)		Budget Absorption

Office of the County Secretary	10.50	-	-				0	0	0	0
<b>Total</b>	<b>6,656.99</b>	<b>3,672.95</b>	<b>1,201.47</b>	<b>345.44</b>	<b>1,184.91</b>	<b>122.48</b>	<b>99</b>	<b>35</b>	<b>18</b>	<b>3</b>

*Source: Marsabit County Treasury*

Analysis of expenditure by departments shows that the Department of Energy, Lands & Urban Development recorded the highest absorption rate of development budget at 18 per cent, followed by the County Assembly at 8 per cent. The Department of Energy, Lands & Urban Development had the highest percentage of recurrent expenditure to budget at 26 per cent, while the Department of Tourism, Culture & Social Services had the lowest at 9 per cent.

### 3.25.17 Budget Execution by Programmes and Sub-Programmes

The development sub-programmes with the highest levels of budget implementation, based on absorption rates, were: Urban Development Services in the Department of Physical Planning and Urban Development at 39 per cent, Crop Development and Management in the Department of Agriculture and Livestock Development at 26 per cent, and County Assembly, Infrastructure Improvement at 12 per cent of the budget allocation. Conversely, the recurrent sub-programmes with the highest levels of budget implementation, based on absorption rates, were: General Administration, Planning and Support Services in the Department of Agriculture and livestock development at 32 per cent, General Administration, Planning and Support Services in the Department of Education at 29 per cent, General Administration, Planning and Support Services in the Department of Health Services at 26 per cent, and General administration planning and Support Services in the departments of Road and Public work at 22 per cent of the budget allocation.

### 3.25.18 Accounts Operated in Commercial Banks

Regulation 82(1)(b) of the PFM (County Governments) Regulations, 2015, requires that County Government bank accounts be opened and maintained at the Central Bank of Kenya. The only exemption is for imprest bank accounts for petty cash and revenue collection bank accounts.

Further, Regulation 82(4) of the Public Finance Management (PFM) Act requires accounting officers to obtain written authorisation from the County Treasury before opening a commercial bank account. Additionally, Regulation 82(5) of the Public Finance Management (County Governments) Regulations, 2015, requires the County Treasury to submit a copy of the letter authorising an accounting officer to open a commercial bank account to the Controller of Budget.

The County government operated 112 accounts with commercial banks, including 95 accounts for Health Facilities, four accounts for Vocational Training Centres, five accounts for Established Funds, two revenue accounts, one special purpose account (for additional allocations), two imprest accounts, one development operational account, and two deposit accounts.

The County Treasury did not submit copies of authorisation letters to the Controller of Budget for opening all the commercial bank accounts as per Regulation 82(5) of the Public Finance Management (County Governments) Regulations, 2015.

### **3.25.19 Key Observations and Recommendations**

In the course of overseeing and reporting on the implementation of the County budget, the CoB identified the following challenges, which hampered effective budget implementation;

- i. The County Treasury's late submission of financial reports to the Controller of Budget affected the timely preparation of the budget implementation report, which was received on 28<sup>th</sup> October 2025.
- ii. The underperformance of own-source revenue at Kshs.19.45 million against an annual target of Kshs.150 million, representing 13 per cent of the financial year target.
- iii. Low development performance in the review period as the County incurred Kshs.122.48 million on development activities, achieving a 3 per cent absorption rate.
- iv. Regulation 197(1)(i) of the Public Finance Management (County Governments) Regulations, 2015, limits the lifespan of public funds to 10 years unless extended by the County Assembly. As of 30 September 2025, the lifespan of the Marsabit County Assembly Car Loan and Mortgage Fund for Members, the Enterprise Fund and the Car and Mortgage Loan Fund had lapsed, making them ineligible for further withdrawals.
- v. Fund Administrators failed to submit quarterly financial and non-financial reports to the CoB within the timelines provided by law, which is against the requirement of Section 168 of the PFM Act, 2012. The reports for the Scholarship Fund, Emergency Fund, Car Loan and Mortgage—Executive Fund, Marsabit County Assembly Car Loan and Mortgage –Member and staff were not submitted to the CoB as of 15<sup>th</sup> October 2025.
- vi. High level of trade payables, which amounted to Kshs.854.09 million as of 30 September 2025. Further, the County Treasury failed to adhere to the payment plan for trade payables.
- vii. Non-submission of copies of authorisation letters for opening commercial bank accounts as per Regulation 82(5) of the Public Finance Management (County Governments) Regulations, 2015.
- viii. In the FY2025/26 reporting period, health facilities were owed a combined total of Kshs.51.4 million across the two schemes—SHIF and the defunct NHIF. The persistent delay in remitting approved claims undermines hospitals' ability to generate and utilise revenue at source as intended, thereby constraining their capacity to fund critical operations, procure essential medical supplies, and deliver quality healthcare services.

The County should implement the following recommendations to improve budget execution:

- i. *The County Treasury should ensure the timely preparation and submission of financial reports to the Office of the Controller of Budget per the timelines prescribed in Section 166 of the PFM Act, 2012.*
- ii. *The County should address its own-source revenue performance to ensure the approved budget is fully financed. Appropriate austerity measures should be implemented to ensure expenditure commitments are aligned with available revenue.*
- iii. *The County should implement strategies to increase development expenditures in FY 2025/26.*
- iv. *The County should ensure timely review and extension of public funds whose lifespan is nearing expiration to prevent operational disruptions. Additionally, any expenditure from lapsed funds should cease immediately, and legal mechanisms should be followed to re-establish or wind up such funds in compliance with the Public Finance Management Act.*
- v. *The CECMF should follow up to ensure Fund Administrators prepare and submit statutory reports in line with the PFM Act, 2012.*
- vi. *The County Leadership should address the situation of trade payables to ensure that genuine bills are paid promptly in the remaining financial year. Further, compliance with the Trade Payables Action Plan should be enforced.*
- vii. *The County Treasury should ensure it submits copies of authorisation letters to OCoB for opening commercial bank accounts to enhance accountability and oversight.*
- viii. *The SHA should expedite the settlement of all outstanding claims owed to health facilities, including those carried over from the defunct NHIF. Timely payment of these claims is crucial to enable health facilities to generate and utilise revenue at source, as per the Facilities Improvement Financing Act.*

## 3.26. County Government of Meru

### 3.26.1 Overview of FY 2025/26 Budget

The Meru County Approved Budget for FY 2025/26 is Kshs.16.02 billion. It comprises Kshs.6.22 billion (39 per cent) and Kshs.9.79 billion (61per cent) allocation for development and recurrent programmes, respectively. The budget estimates represent an increase of Kshs.2.10 billion (15 per cent) from the FY 2024/25 budget, which comprised a development budget of Kshs.4.97 billion and a recurrent budget of Kshs.13.92 billion. The increase in the budget was primarily attributed to the rise in unspent funds and additional allocations.

The budget is to be financed from various revenue sources. These include; the equitable share of revenue raised nationally of Kshs.10.55 billion (66 per cent), additional allocations of Kshs.2.37 million (15 per cent), a cash balance of Kshs.1.26 million (8 per cent) brought forward from FY 2024/25, and Kshs.1.84 billion (11 per cent) to be receivedas own-source revenue. A breakdown of the additional allocations is shown in Table 3.304.

### 3.26.2 Revenue Performance

During the first Quarter of FY 2025/26, the County receivedKshs.3.18 billion in revenue. This amount represented an increase of 15 per cent compared to the amount received in a similar period in FY 2024/25 of Kshs.1.93 million. The total revenue consisted of Kshs.1.69 billion from the equitable share of revenue raised nationally, additional allocations from the national government and development partners of Kshs.0.00 million, as well as own-source revenue (OSR) collection of Kshs.286.23 million. Additionally, the County had a cash balance of Kshs.1.21 million from FY 2024/25. The total OSR collection of Kshs.286.23 million included Facilities Improvement Financing (FIF) of Kshs.216.23 million, and Kshs.70.00 million from other OSR sources. Table 3.304 summarises the total revenue available to the County Government during FY 2025/26.

Table 3.304: Meru County, Revenue Performance in FY 2025/26

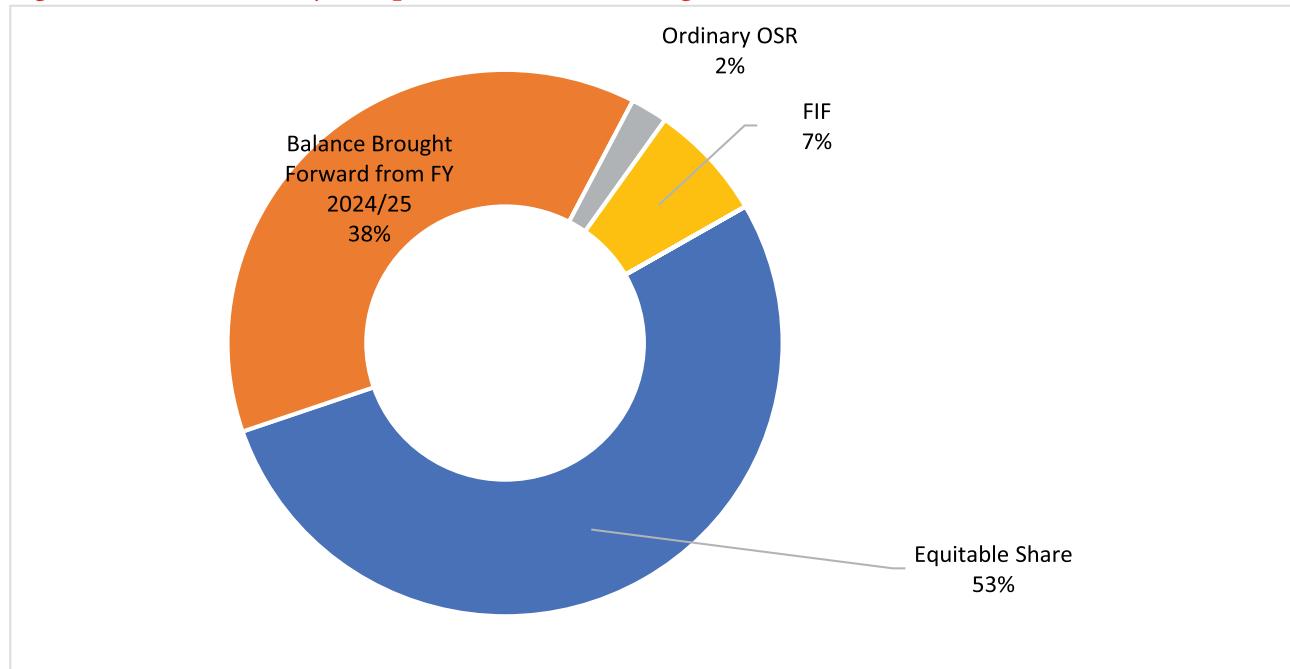

S/No.	Revenue Category	Budget Allocation (Kshs)	Actual Revenue (Kshs.)	Performance (%)

Figure 147 provides a detailed breakdown of receipts, showing a breakdown of each shilling received.

**Figure 147: Meru County Composition of Each Shilling Received in the First Quarter of FY 2025/26**

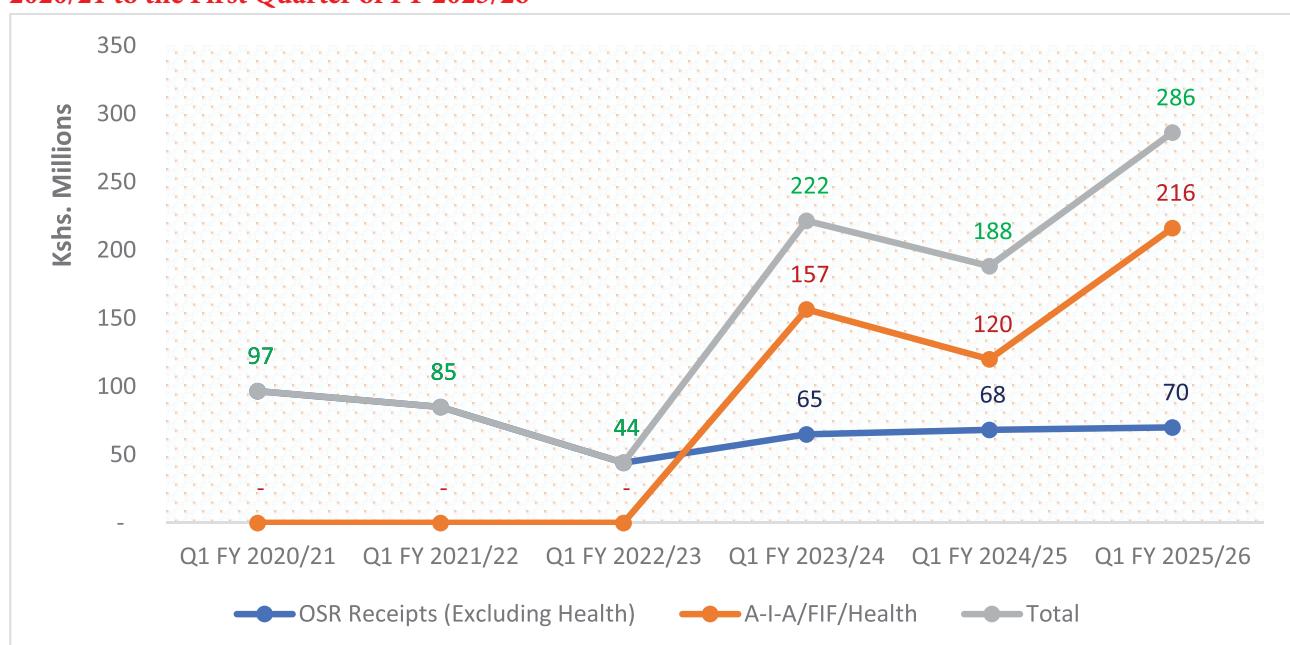

*Source: Meru County Treasury*

The equitable share of revenue raised nationally, the balance brought forward, and OSR contributed 53 per cent, 38 per cent, and 9 per cent, respectively, of the total receipts for the reporting period.

Figure 148 shows the collection trend in own-source revenue from the First Quarter of FY 2020/21 to the First Quarter of FY 2025/26.

**Figure 148: Meru County Trend in Own-Source Revenue Collection from the First Quarter of FY 2020/21 to the First Quarter of FY 2025/26**

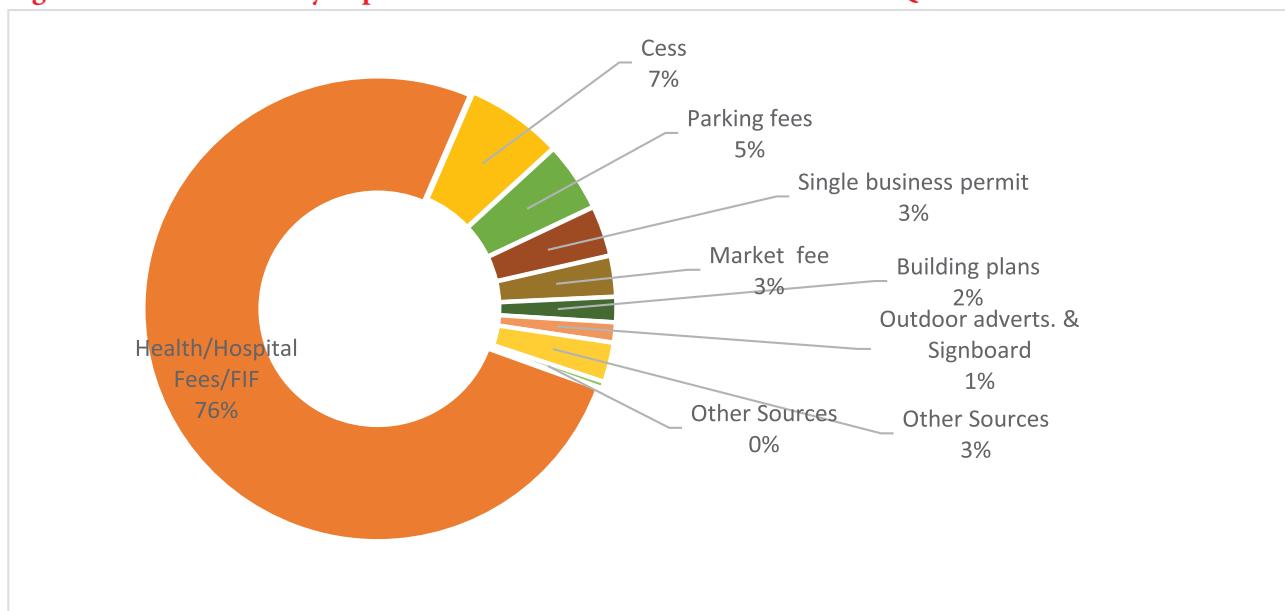

*Source: Meru County Treasury*

During the First Quarter of FY 2025/26, the County generated Kshs.286.23 million from its revenue sources, including FIF. This amount was an increase of 53 per cent compared to Kshs.188 million realised in a similar period in FY 2024/25, and was 16 per cent of the annual target and 17 per cent of the equitable revenue share disbursed.

The revenue streams that contributed the most to OSR receipts are shown in Figure 149.

**Figure 149: Meru County Top Own Source Revenue Streams in the First Quarter of FY 2025/26**

Source: Meru County Treasury

As shown in Figure 149, the highest revenue stream, at Kshs.216.23 million, was from Health/Hospital Fees/FIF, accounting for 76 per cent of the total OSR receipts. The County Government indicated that it has automated 22 revenue streams out of 24.

### 3.26.3 Revenue Arrears

As of 30 September 2025, the County did not report any revenue arrears.

### 3.26.4 Borrowing by the County

During the review period the County did not disclose any borrowings.

### 3.26.5 Exchequers Approved

The Controller of Budget approved withdrawals of Kshs.1.63 billion from the CRF account during the reporting period, which comprised Kshs.265.52 million (16 per cent) for development programmes and Kshs.1.37 billion (84 per cent) for recurrent programmes. Analysis of the recurrent exchequers released indicates that Kshs.1.22 billion was towards employee compensation and Kshs.147.32 million for operations and maintenance expenditure.

The operations and maintenance exchequer analysis indicates that 2 per cent was for domestic travel and nil for foreign travel. The domestic travel exchequer amounted to Kshs.2.55 million which was entirely incurred by the County Executive.

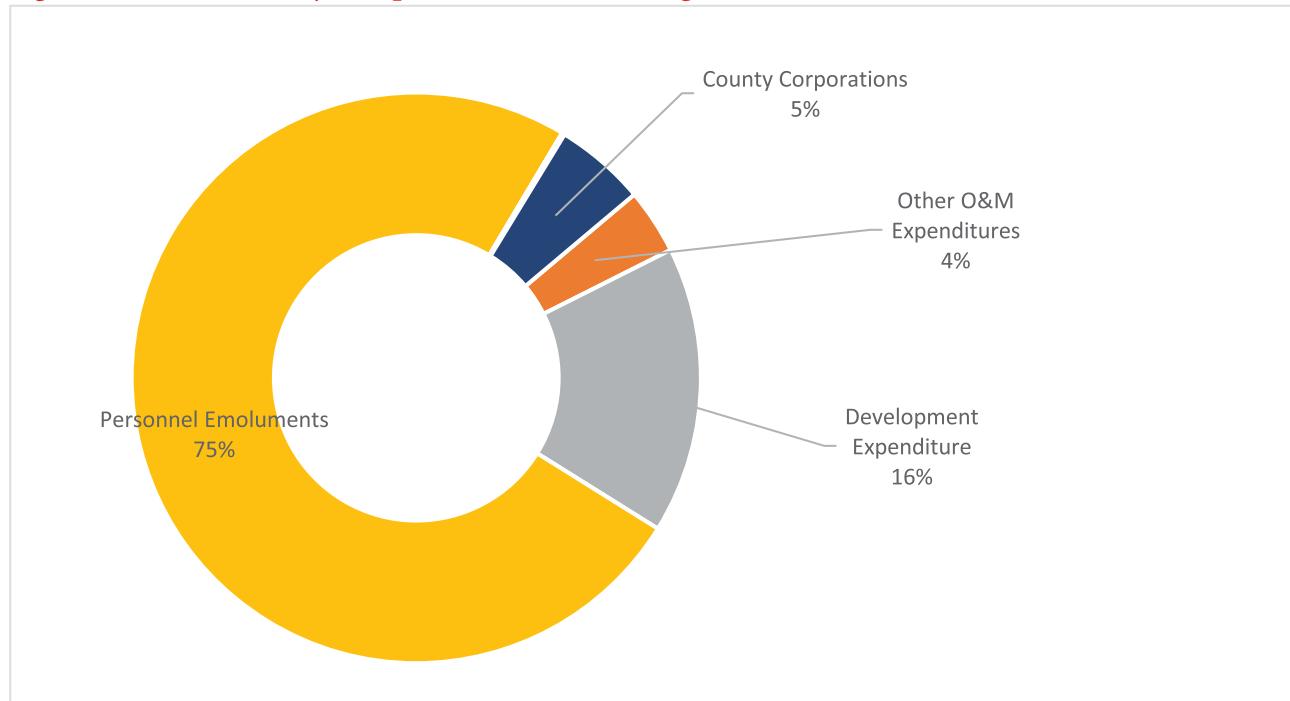

As of September 30, 2025, the County Government's cash balance in the CRF account was Kshs.839.15 million.

### 3.26.6 Expenditure Review

The County spent Kshs.1.85 billion on development and recurrent programmes in the reporting period. The expenditure represented 113 per cent of the total funds released by the CoB. It comprised Kshs.265.52 million for development programmes and Kshs.1.58 billion for recurrent programmes. Expenditure on development programmes represented an absorption rate of 4 per cent, while recurrent expenditure represented 16 per cent of the annual recurrent expenditure budget.

The following chart provides a detailed breakdown of expenditure, showing relative composition of each shilling spent.

**Figure 150: Meru County Composition of Each Shilling Paid in the First Quarter of FY 2025/26**

Source: Meru County Treasury

As shown in Figure 150, the three highest expenditure categories were Personnel Emoluments, Development Expenditure, and County Corporations, which contributed 75 per cent, 16 per cent, and 5 per cent of total expenditure for the reporting period, respectively.

### 3.26.7 Settlement of Trade Payables

As of 1<sup>st</sup> July 2025, the County reported trade payables totalling Kshs.1.85 billion. This amount included Kshs.1.79 billion from the County Executive and Kshs.60.02 million from the County Assembly. The trade payables from the County Executive consisted of Kshs.995.63 million for recurrent expenditures and Kshs.792.60 million for development expenditures.

During the reporting period, the County Executive settled trade payables amounting to Kshs.561.55 million, comprising Kshs.403.60 million (72 per cent) for recurrent programmes and Kshs.157.94 million (28 per cent) for development programmes. On the other hand, the County Assembly did not settle any trade payables for recurrent activities and development activities. The outstanding trade payables as of 30th September 2025 was Kshs.1.23 billion for the County Executive and Kshs.60.02 million for County Assembly. Table 3.305 provides additional details of trade payables.

**Table 3.305: Meru County Trade Payables as of 30<sup>th</sup> September 2025**

Source: Meru County Treasury

The County Executive and the Assembly submitted a trade payables payment plan, committing to pay Kshs.1.13 billion and Kshs.60.02 million, respectively, in the first quarter of FY 2025/26. The County did not adhere to this payment plan, as it cleared Kshs.561.55 million for the Executive and nil for the Assembly.

Table 3.306 and Table 3.307 present the ageing of the total outstanding bills as of 30 September 2025 for the County Executive and Assembly, which were Kshs.1.29 billion.

**Table 3.306: Meru County Executive Trade Payables Ageing Analysis as of 30 September 2025**

The County's trade payables as of 30th September 2025 show that 6 per cent are over 3 years, 11 per cent are between 2 and 3 years, 25 per cent are between 1 and 2 years, and 58 per cent are under 1 year. The County treasury is expected to pay the trade payables on the FIFO basis and ensure compliance with the Trade Payables Action Plan.

### 3.26.8 Expenditure by Economic Classification

During the reporting period, the County Executive incurred Kshs.1.14 billion for employee compensation, Kshs.363.55 million for operations and maintenance, and Kshs.265.52 million for development activities. Similarly, the County Assembly spent Kshs.78.35 billion on compensation of employees and nil for operations and

maintenance and development expenditures, as shown in Table 3.308.

**Table 3.308: Meru County Summary of Budget and Expenditure by Economic Classification**

Expenditure Classification	Budget (Kshs.)		Expenditure (Kshs)		Absorption (%)	
	County Executive	County Assembly	County Executive	County Assembly	County Executive	County Assembly

Source: Meru County Treasury

### 3.26.9 Expenditure on Compensation of Employees

During the period under review, the expenditure on employee compensation totalled Kshs.1.22 million. The compensation-to-revenue ratio was 38 per cent. This expenditure on employee compensation shows an increase compared to the Kshs.834.45 million reported in a similar period in FY 2024/25. Of this total, Kshs.834.67 billion related to the Health Sector employees, which accounted for 68 per cent of the overall employees' compensation.

Figure 151 shows the trend in employees' compensation as a percentage of total revenue from the First Quarter of FY 2020/21 to the First Quarter of FY 2025/26.

**Figure 151: Percentage of Employee Compensation to Total Revenue Received from the First Quarter of FY 2020/21 to the First Quarter of FY 2025/26**

Source: Meru County Treasury

As shown in Figure 151, the County Assembly apportioned 52 per cent of its revenue to employee compensation, while the Executive apportioned 38 per cent. Both entities exceeded the 35 per cent ceiling set by Regulation 25(1)(b) of the PFM (County Governments) Regulations 2015, highlighting that employee compensation was prioritised over other expenditures in the review period.

Further analysis indicated that PE costs amounting to Kshs.1.18 billion were processed through the Human Resource Information System (HRIS). In contrast, Kshs.35.34 million was processed through manual payroll, which accounted for 3 per cent of the total PE cost.

The manual payroll comprised top-up allowances for security personnel, gratuity remittances to pension schemes for contract staff, LAPTRUST/LAPFUND Pension Contributions, Gratuity for contract staff, Telephone Allowance, and Fringe benefit tax, as shown in Table 3.309.

**Table 3.309: Breakdown of Meru County Manual Payroll**

Sno.	Description of Manual Payroll	Amount (Kshs.)
1.	Top-up Allowances for security officers	252,000
2.	LAPTRUST/LAPFUND Pension Contributions	5,070,388
3.	Gratuity for contract staff	28,123,917
4.	Telephone Allowance	705,000
5.	Fringe benefit tax	1,183,814
	<b>Total</b>	<b>35,335,119</b>

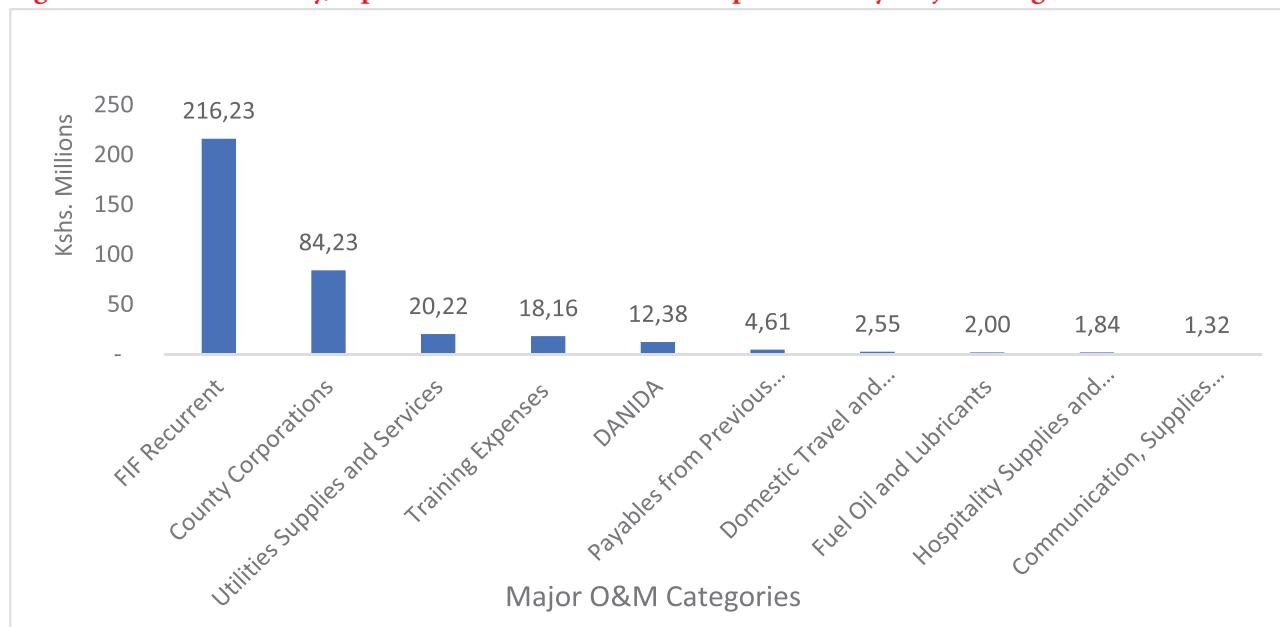

Source: Meru County Treasury

The County Assembly did not spend on committee sitting allowances for the 69 MCAs, despite a budget of Kshs.71.04 million. There are 27 House Committees.

### 3.26.10 Expenditure on Operations and Maintenance

During the reporting period, the County spent Kshs.363.55 million on operations and maintenance, representing an increase of 398 per cent compared to FY 2024/25, when the County spent Kshs.72.95 million. Figure 152 summarises the Operations and Maintenance expenditure by major categories.

**Figure 152: Meru County, Operations and Maintenance Expenditure by Major Categories**

Source: Meru County Treasury

### 1.1.3 County-Established Funds

Section 116 of the PFM Act 2012 allows County Governments to establish other public funds, subject to approval from the County Executive Committee and the County Assembly. The County allocated Kshs.150.00 million to County-Established funds in FY 2025/26, or 1 per cent of the County's overall budget. Further, the County did not allocate any funds to the Emergency Fund contrary to Section 110 of the PFM Act, 2012. Table 3.310 summarises each established Fund's budget allocation and performance during the reporting period.

**Table 3.310: Performance of Meru County Established Funds in the First Quarter of FY 2025/26**

S/No.	Name of the Fund	Year Established	Approved Budget Allocation in FY 2025/26 (Kshs.)	Exchequer Issues in First Quarter of FY 2025/26 (Kshs.)	Actual Expenditure in the First Quarter of FY 2025/26 (Kshs.)	Cumulative disbursements to the Fund (Kshs.)	Submission of Financial Statements (Yes/No)
<b>County Executive Established Funds</b>

<b>Total</b>			<b>150,000,000</b>	<b>0</b>	<b>8,955,020</b>	<b>2,552,999,005</b>	

Source: Meru County Treasury

During the reporting period, the CoB did not receive quarterly financial reports from the Meru County Retention and Enhancement Fund Administrator, as indicated in Table 3.310, contrary to the requirement of Section 168 of the PFM Act, 2012. The County did not disclose any administration costs of Funds above the 3 per cent limit of the Fund budget set in Regulation 197(1)(d) of the Public Finance Management (County Governments) Regulations, 2015.

Regulation 197(1)(i) of the Public Finance Management (County Governments) Regulations, 2015, allows County Governments to establish public funds with a lifespan capped at 10 years unless extended by the County Assembly.

### 3.26.11 County Corporations

The County has six County corporations, which were allocated Kshs.636.53 million in FY 2025/26. Their total expenditure for the review period amounted to Kshs.84.23 million, as shown in Table 3.311.

**Table 3.311: Performance of Meru County Corporations in the First Quarter of FY 2025/26**

S/No.	Name of the Corporation	Approved Budget Allocation in FY 2025/26 (Kshs.)	Exchequer Issues (Kshs.)	Actual Transfers in FY 2025/26 (Kshs.)	Cumulative Transfers to the Corporation since its inception (Kshs.)

### 3.26.12 Expenditure on Domestic and Foreign Travel

Expenditure on domestic travel amounted to Kshs.2.55 million, which the County Executive entirely incurred. Neither the County Executive nor the Assembly reported expenditure on foreign travel.

### 3.26.13 Facility Improvement Financing

During the review period, the County reported collections of Kshs.216.23 million as FIF, which was 21 per cent of the annual target of Kshs.1.03 billion. The collected amount was retained and utilised at source in line with the Meru County Health Services Act 2016. The County has, however, drafted regulations to operationalise the FIF Act of 2023. The Bill was submitted to the County Assembly for review and approval.

The expenditure by health facilities amounted to Kshs.216.23 million, as shown in Table 3.312.

**Table 3.312: Meru County Health Facilities Expenditure Performance in FY 2025/26**

No.	Health Facility	Number of Facilities	Approved Budget (Kshs.)	Actual Expenditure (Kshs.)	Absorption rate (%)

### 3.26.14 Development Expenditure

In the review period, the County reported spending Kshs.265.52 million on development programmes, representing a decrease of 9 per cent compared to FY 2024/25, when the County spent Kshs.290.45 million. Table 3.313 summarises the development projects with the highest expenditure in the reporting period.

**Table 3.313: Meru County, List of Development Projects with the Highest Expenditure**

No.	Sector	Project Name	Project Location	Expected Completion Date	Contract sum (Kshs)	Amount paid in FY 2025/26 (Kshs.)	Cumulative Expenditure as of 30 September 2025	Implementation status (%)
County Funded Projects

Source: Meru County Treasury

Analysis of expenditure by departments shows that the Department of Roads, Transport & Energy recorded the highest absorption rate of development budget at 13 per cent, followed by the Department of Finance, Economic Planning and ICT at 12 per cent. The Department of Health Services had the highest recurrent expenditure-to-budget ratio at 26 per cent. At the same time, the Departments of Water & Irrigation, Education, Technology, Gender, Culture & Social Development, Lands, Physical Planning, Urban Development & Public Works, Roads, Transport & Energy, Trade, Investment, Industrialisation, Tourism & Co-op Development, Youth Affairs & Sports, and County Public Service Board reported nil absorption.

### 3.26.16 Budget Execution by Programmes and Sub-Programmes

The development sub-programmes with the highest levels of budget implementation, based on absorption rates, were: Lands & Housing in the Department of Lands, Physical Planning, Urban Development & Public Works at 100 per cent, General Administration-Roads in the Department of Roads, Transport & Energy at 13 per cent, and Headquarters in the Department of Finance Economic Planning & ICT at 12 per cent of the budget allocation. Conversely, the recurrent sub-programmes with the highest levels of budget implementation, based on absorption rates, were: Curative Health in the Department of Health Services at 29 per cent, Meru Microfinance Corporation in the Department of Finance Economic Planning & ICT at 24 per cent, Human Resource in the Department of Public Service Administration & Legal Affairs at 22 per cent, and Meru County Revenue Board at 16 per cent of the budget allocation.

### 3.26.17 Accounts Operated in Commercial Banks

Regulation 82(1)(b) of the PFM (County Governments) Regulations, 2015, requires that County Government bank accounts be opened and maintained at the Central Bank of Kenya. The only exemption applies to imprest bank accounts for petty cash and to revenue collection bank accounts.

Further, Regulation 82(4) of the Public Finance Management (PFM) Act requires accounting officers to obtain written authorisation from the County Treasury before opening a commercial bank account. Additionally, Regulation 82(5) of the Public Finance Management (County Governments) Regulations, 2015, requires the County Treasury to submit a copy of the letter authorising an accounting officer to open a commercial bank account to the Controller of Budget.

The County Government operated 27 accounts in commercial banks, including four accounts for Established Funds, 12 special-purpose accounts (additional allocations), one account for ECDE Development Fund, 1 for Meru School meals & Nutrition Program, 5 for County Corporations, 1 Salary Processing Account, 1 Retention Account, and two accounts for Operations Accounts.

The County Treasury did not submit copies of the authorisation letters to the Controller of Budget for the opening of all commercial bank accounts, as required by Regulation 82(5) of the Public Finance Management (County Governments) Regulations, 2015.

### 3.26.18 Key Observations and Recommendations

In the course of overseeing and reporting on the implementation of the County budget, the CoB identified the following challenges, which hampered effective budget implementation;

- i. The County Treasury's late submission of financial reports to the Controller of Budget affected the timely preparation of the budget implementation report, which was received from 15<sup>th</sup> October to 24<sup>th</sup> October 2025.
- ii. The underperformance of own-source revenue at Kshs.286.23 million against an annual target of Kshs.1.84 billion, representing 16 per cent of the financial year target.
- iii. Low development performance in the review period as the County incurred Kshs.265.52 million on development activities, achieving a 4 per cent absorption rate.
- iv. Fund Administrators failed to submit quarterly financial and non-financial reports to the CoB within the timelines provided by law, which is against the requirement of Section 168 of the PFM Act, 2012. The reports for the Meru County Retention and Enhancement Fund were not submitted to the CoB as of 15 July 2025.
- v. High level of trade payables, which amounted to Kshs.1.29 billion as of 30 September 2025. Further, there was non-adherence to the payment plan for the trade payables by the County Treasury.
- vi. Non-submission of copies of authorisation letters for opening commercial bank accounts as per Regulation 82(5) of the Public Finance Management (County Governments) Regulations, 2015.

The County should implement the following recommendations to improve budget execution:

- i. *The County Treasury should ensure the timely preparation and submission of financial reports to the Office of the Controller of Budget per the timelines prescribed in Section 166 of the PFM Act, 2012.*
- ii. *The County should address its own-source revenue performance to ensure the approved budget is fully financed. Appropriate austerity measures should be implemented to ensure expenditure commitments are aligned with available revenue.*
- iii. *The County should implement strategies to increase development expenditures in FY 2025/26.*
- iv. *The CECMF should follow up to ensure Fund Administrators prepare and submit statutory reports in line with the PFM Act, 2012.*
- v. *The County Leadership should address the situation of trade payables to ensure that genuine bills are paid promptly in the remaining financial year. Further, compliance with the Trade Payables Action Plan should be enforced.*
- vi. *The County Treasury should ensure it submits copies of authorisation letters to OCoB for opening commercial bank accounts to enhance accountability and oversight.*

## **3.27. County Government of Migori**

### **3.27.1 Overview of FY 2025/26 Budget**

The Migori County Approved Budget for FY 2025/26 is Kshs.10.83 billion. It comprises Kshs.4.17 billion (39 per cent) and Kshs.6.66 billion (61 per cent) allocation an increase for development and recurrent programmes, respectively. The budget estimates represent an increase of Kshs.438.92 million (4 per cent) from the FY 2024/25 budget, which comprised a development budget of Kshs.3.44 billion and a recurrent budget of Kshs.6.95 billion. The increase in the budget was primarily attributed to the rise in equitable shareable revenues, additional allocations as outlined in the County Governments Additional Allocation Act, 2025, and increased gross own source revenue target

The budget is to be financed from various revenue sources. These include the equitable share of revenue earned nationally, amounting to Kshs.8.39 billion (78 per cent), additional allocations of Kshs.1.68 billion (15 per cent), and Kshs.760 million (7 per cent) received as own-source revenue. A breakdown of the additional allocations is shown in Table 3.315.

### 3.27.2 Revenue Performance

During the first quarter of FY 2025/26, the County received Kshs.1.71 billion in revenue. This amount represented an increase of 10 per cent compared to the amount received in a similar period in FY 2024/25 of Kshs.1.56 billion. The total revenue consisted of Kshs.1.42 billion from the equitable share of revenue received nationally, as well as additional allocations from the national government and development partners, in the amount of Kshs.42.14 million, as well as the own-source revenue (OSR) collection of Kshs.143.90 million. Additionally, the County had a cash balance of Kshs.105 million from FY 2024/25 that was not incorporated into the approved budget. The total OSR collection of Kshs.143.90 million included Facilities Improvement Financing (FIF) of Kshs.83.95 million, and Kshs.59.96 million from other OSR sources. Table 3.315 summarises the total revenue received by the County Government during FY 2025/26.

Figure 153 provides a detailed breakdown of revenues, showing the amount received for each shilling.

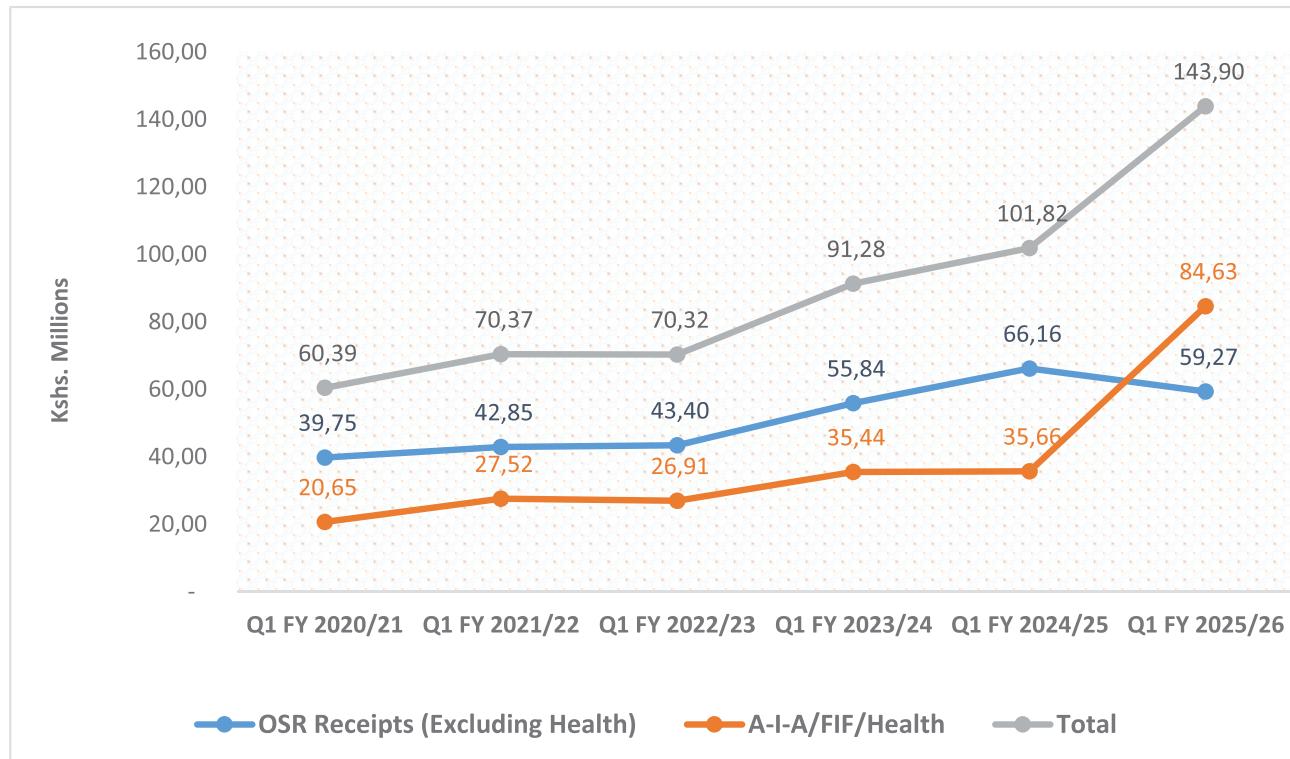

**Figure 153: Migori County Composition of Each Shilling Received in the First Quarter of FY 2025/26**

Source: Migori County Treasury

The equitable share of revenue received nationally and gross own source revenues contributed 83 per cent and 8 per cent, respectively of the total revenues for the reporting period. Figure 154 shows the collection trend in own-source revenue from the First Quarter of FY 2020/21 to the First Quarter of FY 2025/26.

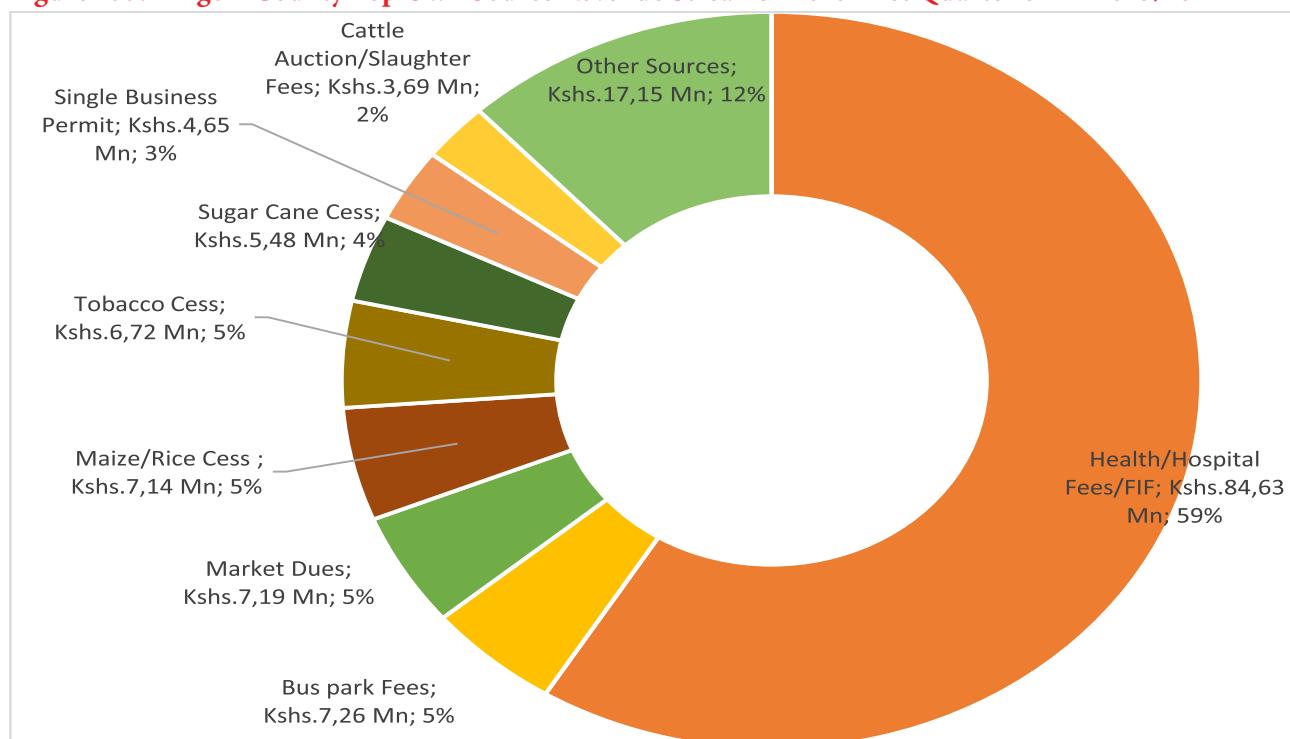

**Figure 154: Migori County Trend in Own-Source Revenue Collection from the First Quarter of FY 2020/21 to the First Quarter of FY 2025/26**

Source: Migori County Treasury

During the First Quarter of FY 2025/26, the County received Kshs.143.90 million from its revenue sources, including FIF. This amount was an increase of 41 per cent compared to Kshs.101.82 million realised in a similar period in FY 2024/25, and was 19 per cent of the annual target and 10 per cent of the equitable revenue share disbursed. The increase is mainly attributed to the automation of F.I.F revenue streams and reimbursements from the Social Health Authority (SHA). The revenue streams that contributed the highest OSR revenues are shown in Figure 155.

**Figure 155: Migori County Top Own Source Revenue Streams in the First Quarter of FY 2025/26**

Source: Migori County Treasury

As shown in Figure 155, the highest revenue stream, at Kshs.84.63 million, was from Hospital fees (F.I.F stream), accounting for 58 per cent of the total OSR receipts. The County Government indicated that it has automated 12 out of a total of 40 revenue streams.

### 3.27.3 Revenue Arrears/ Receivables

As of 1<sup>st</sup> July 2025, the County reported revenue arrears of Kshs.466.77 million, this amount increased to Kshs.1.18 billion as of 30<sup>th</sup> September 2025. Table 3.316 presents a breakdown of the County's revenue arrears.

**Table 3.316: Migori County Revenue Arrears as of 30 September 2025**

No.	Revenue Stream	Revenue Arrears as of 1 July 2025 (Kshs.)	Progress made in FY 2025/26			Revenue Arrears as of 30 September 2025 (Kshs.)

Source: Migori County Treasury

As of 30 September 2025, the revenue arrears totalled to Kshs.1.22 billion, comprising Kshs.755.13 million (62 per cent) for equitable shareable revenues for September 2025, Kshs.281.35 million (23 per cent) for ordinary own source revenues and Kshs.185.42 million (15 per cent) for Facility Improvement Fund (F.I.F streams). The measures instituted by the County to collect outstanding arrears in FY 2025/26 include liaising with the National Treasury and the Social Health Authority (SHA), and enforcing County laws and imposing penalties on late defaulters.

### 3.27.4 Borrowing by the County

Neither the County Executive nor the Assembly engaged in credit facility or short-term borrowing with any commercial bank during the reporting period.

### 3.27.5 Exchequers Approved

The Controller of Budget approved withdrawals of Kshs.878.57 million from the CRF account during the reporting period, which comprised Kshs.38.57 million (4 per cent) for development programmes and Kshs.840.47 million (96 per cent) for recurrent programmes. Analysis of the recurrent exchequers released indicates that Kshs.624.55 million was towards employee compensation and Kshs.215.92 million for operations and maintenance expenditure.

The operations and maintenance exchequer analysis indicate that 15 per cent was for domestic travel and 1 per cent for foreign travel. The domestic travel exchequer amounted to Kshs.31.60 million and included Kshs.7.95

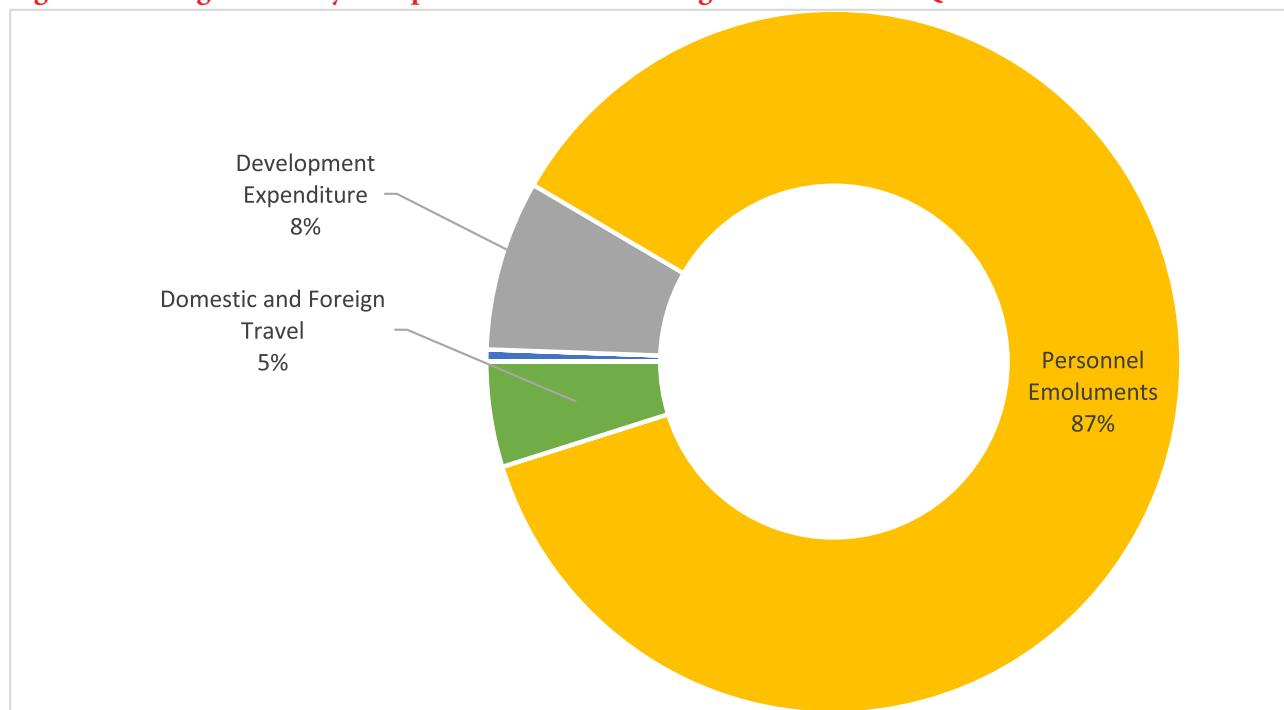

million for the County Executive and Kshs.23.65 million for the County Assembly. The foreign exchequer totalled Kshs.3.17 million for the County Executive.

As of September 30, 2025, the County Government's cash balance in the CRF account was Kshs.720.27 million.

### 3.27.6 Expenditure Review

The County incurred Kshs.952.81 million on development and recurrent programmes in the reporting period. The expenditure represented 108 per cent of the total funds released by the CoB. It comprised Kshs.56.24 million for development programmes and Kshs.896.57 million for recurrent programmes. Expenditure on development programmes represented an absorption rate of 1 per cent, while recurrent expenditure represented 13 per cent of the annual recurrent expenditure budget. Figure 156 provides a detailed breakdown of expenditure, showing the relative composition of each shilling incurred.

**Figure 156: Migori County Composition of Each Shilling Paid in the First Quarter of FY 2025/26**

Source: Migori County Treasury

As shown in Figure 156, the three highest expenditure categories were Personnel emoluments, Development expenditure and Domestic and foreign travel costs contributing 66 per cent ,6 per cent and 4 per cent of total expenditure for the reporting period.

### 3.27.7 Settlement of Trade Payables

As of 1<sup>st</sup> July 2025, the County reported trade payables totalling Kshs.1.06 billion. This amount included Kshs.837.23 million from the County Executive and Kshs.220.92 million from the County Assembly. The trade payables from the County Executive consisted of Kshs.475.87 million for recurrent expenditures and Kshs.361.36 million for development expenditures.

During the reporting period, the County Executive settled trade payables amounting to Kshs.38.10 million, which was entirely (100 per cent) for development programmes. Conversely, the County Assembly did not settle any trade payables during the reporting period. The outstanding trade payables as of 30th September 2025 was Kshs.799.13 million for the County Executive and Kshs.220.92 million for County Assembly. Table 3.317 provides additional details of trade payables.

**Table 3.317: Migori County Trade Payables as of 30<sup>th</sup> September 2025**

Source: Migori County Treasury

The County Executive submitted a trade payables payment plan, committing to pay Kshs.340.20 million and nil for County Assembly in FY 2025/26. The County Executive did not adhere to this payment plan, as it cleared only Kshs.38.10 million during the period under review. The County Assembly did not prepare a payment plan for trade payables, and it did not settle any trade payables during the period.

Table 3.318 and Table 3.319 present the ageing of the total outstanding payables as of 30 September 2025 for the County Executive and Assembly, which were Kshs.1.02 billion.

**Table 3.318: Migori County Executive Trade Payables Ageing Analysis as of 30 September 2025**

Source: Migori County Assembly Treasury

Table 3.319 indicates that 70 per cent of the Assembly's payables are older than two years. This raises concerns about whether they are prioritising the settlement of older payables.

The County Executive and Assembly should strictly adopt the IBEC-approved trade payables action plan tracker templates to manage, track, and report their trade payables status, and adhere to a FIFO basis in settling outstanding trade payables.

### 3.27.8 Expenditure by Economic Classification

During the reporting period, the County Executive incurred Kshs.545.93 million for compensation of employees, Kshs.246.76 million for operations and maintenance, and Kshs.56.24 million for development activities. Similarly, the County Assembly incurred Kshs.78.62 million on compensation of employees, Kshs.25.26 million on operations and maintenance, and it did not report any expenditure on development activities, as shown in Table 3.320.

**Table 3.320: Migori County Summary of Budget and Expenditure by Economic Classification**

Expenditure Classification	Revised Budget (Kshs.)		Expenditure (Kshs.)		Absorption (%)	
	County Executive	County Assembly	County Executive	County Assembly	County Executive	County Assembly
<b>Total Recurrent Expenditure</b>	<b>5,748,423,174</b>	<b>907,920,178</b>	<b>792,693,440</b>	<b>103,877,532</b>	<b>13.8</b>	<b>11.4</b>

### 3.27.9 Expenditure on Compensation of Employees

During the period under review, the expenditure on employee compensation totalled Kshs.624.55 million. The percentage of compensation of employees to revenue was 36 per cent of available revenue during the period of Kshs.1.7 billion. This expenditure on employee compensation shows an increase of 7 per cent compared to the Kshs.583.84 million reported in a similar period of FY 2024/25. Of this total expenditure, Kshs.252.11 million related to the Health Sector employees, which accounted for 40 per cent of the overall employees' compensation.

Figure 157 shows the compensation trend of employees' expenditures as a percentage of total revenue earned from the First Quarter of FY 2020/21 to the First Quarter of FY 2025/26.

**Figure 157: Percentage of Employee Compensation to Total Revenue Received from the First Quarter of FY 2020/21 to the First Quarter of FY 2025/26**

**Source:** Migori County Treasury

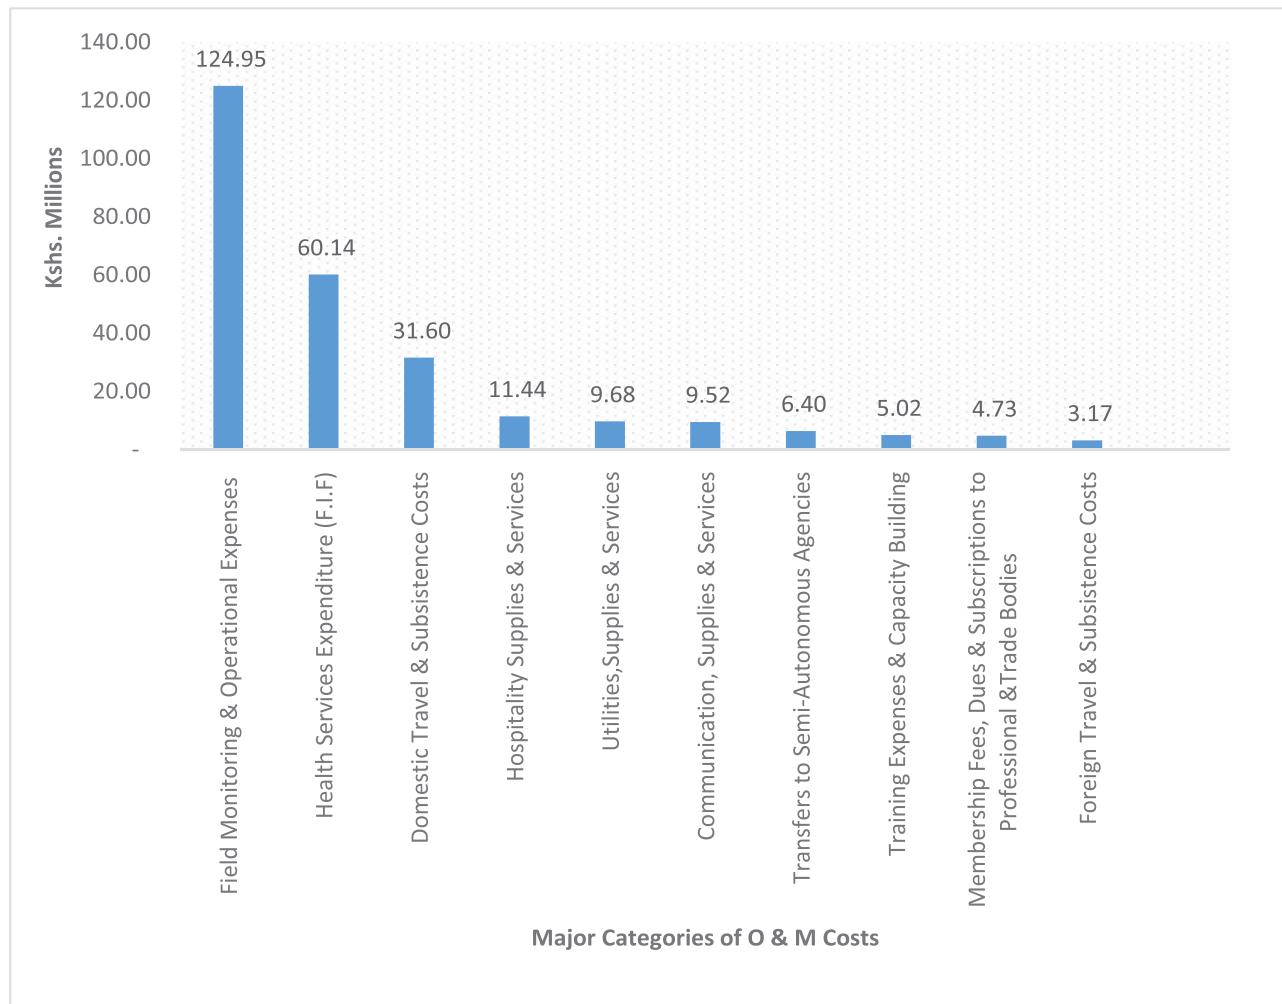

Figure 157 shows that the Assembly apportioned 73 per cent of their inflows in the first quarter of FY 2025/26 towards compensation of employees while Executive apportioned 34 per cent.

Further analysis indicated that the entire PE costs amounting to Kshs.624.55 million were processed through the Human Resource Information System (HRIS). The County Assembly incurred Kshs.4 million on committee sitting allowances for the 60 MCAs against the annual budget allocation of Kshs.44.33 million. The average monthly sitting allowance was Kshs.22,244 per MCA. The County Assembly has 27 House Committees.

### 3.27.10 Expenditure on Operations and Maintenance

During the reporting period, the County incurred Kshs.272.02 million on operations and maintenance, representing an increase of 101 per cent compared to a similar period of FY 2024/25, when the County incurred Kshs.135.45 million. Figure 158 summarises the Operations and Maintenance expenditure by major categories.

**Figure 158: Migori County, Operations and Maintenance Expenditure by Major Categories**

### 3.27.11 County-Established Funds

Section 116 of the PFM Act 2012 allows County Governments to establish other public funds, subject to approval from the County Executive Committee and the County Assembly. The County did not make any budgetary appropriation to County-Established funds in FY 2025/26. Table 3.321 summarises each established Fund's budget allocation and performance during the reporting period.

**Table 3.321: Performance of Migori County Established Funds in the First Quarter of FY 2025/26**

S/No.	Name of the Fund	Year Established	Approved Budget Allocation in FY 2025/26 (Kshs.)	Exchequer Issues in the First Quarter of FY 2025/26 (Kshs.) Source: *Migori County Treasury*

During the reporting period, the CoB did not receive quarterly financial reports from all the Fund Administrators as indicated in Table 3.321, contrary to the requirement of Section 168 of the PFM Act, 2012. The administration costs of the Funds are all pegged at a 3 per cent limit of the funded budget as sets in Regulation 197(1) (d) of the Public Finance Management (County Governments) Regulations, 2015.

Regulation 197(1)(i) of the Public Finance Management (County Governments) Regulations, 2015, allows County Governments to establish public funds with a lifespan capped at 10 years unless extended by the County Assembly. In FY 2025/26, the CoB established that the lifespan of the County Education Bursary Fund and the County Scholarships & Educational Benefits Fund had lapsed despite being in operation. Consequently, the CoB cannot approve any requests for withdrawals to support the operations of the lapsed funds.

### 3.27.12 County Corporations

The County has not established any new corporation although it owns only 20 per cent of the shares in Migori Water & Sanitation Company Limited. During the financial year 2025/26, the County did not appropriate any budget to finance and support the company's operations.

### 3.27.13 Expenditure on Domestic and Foreign Travel

Expenditure on domestic travel amounted to Kshs.31.60 million and comprised Kshs.23.65 million incurred by the County Assembly and Kshs.7.95 million by the County Executive. Expenditure on foreign travel amounted to Kshs.3.17 million and was entirely incurred by the County Executive. Expenditure on foreign travel is summarised in Table 3.322.

**Table 3.322: Summary of Expenditure on Foreign Travel in the First Quarter of FY 2025/26**

Arm of County Government	Number of Officers Travelled	Date travelled	Purpose of the travel	Destination	Total Costs of the Travel in (Kshs.)

### 3.27.14 Facility Improvement Financing

During the review period, the County reported collections of Kshs.83.95 million as FIF, which was 34 per cent of the annual target of Kshs.250 million. The collected amount was retained and utilised at source in line with the Facility Improvement Financing Act, 2023. The expenditure by the health facilities amounted to Kshs.60.14 million, as shown in Table 3.323.

**Table 3.323: Migori County Health Facilities Expenditure Performance in FY 2025/26**

No.	Health Facility	Number of Facilities	Approved Budget (Kshs.)	Incurred Expenditure (Kshs.)	Absorption Rate (%)
1.	Level 5 Hospital	-	-	-	-
2.	Level 4 Hospital	16	210,000,000	56,802,718	27.0

4.	Level 2 Facility	138	27,000,000	2,216,132	8.2
	<b>Total</b>	<b>173</b>	<b>250,000,000</b>	<b>60,139,285</b>	<b>24.1</b>

*Source: Migori County Treasury*

### 3.27.15 Development Expenditure

In the review period, the County reported spending Kshs.56.24 million on development programmes, representing a decrease of 67 per cent compared to a similar period of FY 2024/25, when the County incurred Kshs.172.01 million. Table 3.324 summarises the development projects with the highest expenditure in the reporting period. The decline in development expenditure was attributed to the delay in the rollout of annual procurement plans.

**Table 3.324: Migori County, List of Development Projects with the Highest Expenditure**

No.	Sector	Project Name	Project Location	Expected Completion Date	Contract sum (Kshs)	Amount incurred in FY 2025/26 (Kshs.)	Cumulative Expenditure as of 30 September 2025 (Kshs.)	Implementation status (%)

Source: Migori County Treasury

Analysis of expenditure by departments shows that the Department of Agriculture, Livestock, Veterinary Services, Fisheries & Blue Economy recorded the highest absorption rate of development budget at 5 per cent, followed by the Department of Roads, Transport, Public Works & Infrastructural Development at 2 per cent. The Department of Public Service Management, Monitoring & Evaluation & Performance Contracting had the highest percentage of recurrent expenditure to budget at 23 per cent, while the Department of Trade, Tourism, Industry, Market & Cooperative Development had the lowest at 3 per cent.

However, an over absorption of expenditure against exchequer issues reported in the Department of Agriculture, Livestock, Veterinary Services, Fisheries & Blue Economy at 856 per cent and Department of Health Medical Services at 122 per cent were attributed to unspent cash balances for conditional grants brought forward from the FY 2024/25 in the Special purpose operational account for National Agricultural Value Chain Development Projects (NAVCDP) programs implemented during the period under review and F.I.F expenditure services incurred at source respectively.

### 3.27.17 Budget Execution by Programmes and Sub-Programmes

The development sub-programmes with the highest levels of budget implementation, based on absorption rates, were: Water conservation, protection, & governance in the Department of water & energy at 83 per cent, Neonatal, child, adolescent & youth health services in the Department of medical services at 67 per cent, and Construction of bridges & maintenance in the Department of roads, transport, public works & infrastructural development at 30 of their budget allocations.

Conversely, the recurrent sub-programmes with the highest levels of budget implementation, based on absorption rates, were: trade payables in the Department of Agriculture, Livestock, Fisheries and Blue Economy at 97 per cent, Administrative services (Accounting Services) in the Department of Finance & Economic Planning at 89 per cent, Administrative services (Audit Services) in the Department of Finance & Economic Planning at 58 per cent, and finally Research & Learning in the Department of Public Health & Sanitation at 48 per cent of their budget allocations.

### 3.27.18 Accounts Operated in Commercial Banks

Regulation 82(1)(b) of the PFM (County Governments) Regulations, 2015, requires that County Government bank accounts be opened and maintained at the Central Bank of Kenya. The only exemption applies to imprest bank accounts for petty cash and to revenue collection bank accounts.

Further, Regulation 82(4) of the Public Finance Management (PFM) Act requires accounting officers to obtain written authorisation from the County Treasury before opening a commercial bank account. Additionally, Regulation 82(5) of the Public Finance Management (County Governments) Regulations, 2015, requires the County Treasury to submit a copy of the letter authorising an accounting officer to open a commercial bank account to the Controller of Budget.

The County Government operated 76 accounts with commercial banks, including Thirty-two (32) accounts for Health Facilities, Six (6) accounts for Established Funds, Three (3) revenue accounts, Seven (7) special purpose accounts (additional allocations), Two (2) Imprest accounts, One (1) Salary control account, and Twenty-Five (25) departmental operational accounts.

The County Treasury did not submit copies of the authorisation letters to the Controller of Budget for the opening of 76 accounts at commercial banks, as required by Regulation 82(5) of the Public Finance Management (County Governments) Regulations, 2015.

### **3.27.19 Key Observations and Recommendations**

In the course of overseeing and reporting on the implementation of the County budget, the CoB identified the following challenges, which hampered effective budget implementation;

- i. The underperformance of own-source revenue at Kshs.143.90 million against an annual target of Kshs.760 million, representing 19 per cent of the financial year target
- ii. Low development performance in the review period as the County incurred Kshs.56.24 million on development activities, achieving a 1 per cent absorption rate
- iii. Regulation 197(1)(i) of the Public Finance Management (County Governments) Regulations, 2015, limits the lifespan of public funds to 10 years unless extended by the County Assembly. As of 30 September 2025, the County Education Bursary Fund and the Scholarships & Educational Benefits Fund had lapsed, making them ineligible for further withdrawals.
- iv. Fund Administrators failed to submit quarterly financial and non-financial reports to the CoB within the timelines provided by law, which is against the requirement of Section 168 of the PFM Act, 2012. The reports for all seven Funds reported in Table 3.321 were not submitted to the CoB as of 15<sup>th</sup> October 2025.
- v. High level of trade payables, which amounted to Kshs.1.02 billion as of 30 September 2025. Further, there was non-adherence to the payment plan for the trade payables by the County Treasury.
- vi. Non-submission of copies of authorisation letters for opening commercial bank accounts as per Regulation 82(5) of the Public Finance Management (County Governments) Regulations, 2015.

The County should implement the following recommendations to improve budget execution:

- i. *The County should address its own-source revenue performance to ensure the approved budget is fully financed. Appropriate austerity measures should be implemented to ensure expenditure commitments are aligned with available revenue.*
- ii. *The County should implement strategies to increase development expenditures in FY 2025/26.*
- iii. *The County should ensure timely review and extension of public funds whose lifespan is nearing expiration to prevent operational disruptions. Additionally, any expenditure from lapsed funds should cease immediately, and legal mechanisms should be followed to re-establish or wind up such funds in compliance with the Public Finance Management Act.*
- iv. *The CECMF should follow up to ensure Fund Administrators prepare and submit statutory reports in line with the PFM Act, 2012.*
- v. *The County Leadership should address the situation of trade payables to ensure that genuine bills are paid promptly in the remaining financial year. Further, compliance with the trade payables Action Plan should be enforced.*
- vi. *The County Treasury should ensure it submits copies of authorisation letters to OCoB for opening commercial bank accounts to enhance accountability and oversight.*

## **3.28. County Government of Mombasa**

### **3.28.1 Overview of FY 2025/26 Budget**

The Mombasa County Approved Budget for FY 2025/26 is Kshs14.63 billion. It comprises Kshs.4.45 billion (30 per cent) and Kshs.10.18 billion (70 per cent) allocation for development and recurrent programmes, respectively. The budget estimates represent a decrease of Kshs.1.63 billion (10 per cent) from the FY 2024/25 budget, which comprised a development budget of Kshs.5.19 billion and a recurrent budget of Kshs.11.07 billion. The

decrease in the budget was primarily attributed to the decline in own-source revenue prediction and conditional grants allocation.

The budget is to be financed from various revenue sources. These include: the equitable share of revenue raised nationally of Kshs.8.24 billion (56 per cent), additional allocations of Kshs.1.31 billion (9 per cent) and Kshs.5.08 billion (35 per cent) generated as own-source revenue. A breakdown of the additional allocations is shown in Table 3.326.

### 3.28.2 Revenue Performance

During the first Quarter of FY 2025/26, the County received Kshs.3.30 billion in revenue. This amount represented an increase of 51 per cent compared to the amount received in a similar period in FY 2024/25 of Kshs.2.18 billion. The total revenue consisted of Kshs.1.98 billion from the equitable share of revenue raised nationally, as well as own-source revenue (OSR) collection of Kshs.1.14 billion. Additionally, the County had a cash balance of Kshs.182.57 million from FY 2024/25. The total OSR collection of Kshs.1.14 billion included Facilities Improvement Financing (FIF) of Kshs.407.38 million, and Kshs.729.15 million from other OSR sources. Table 3.326 summarises the total revenue available to the County Government during FY 2025/26.

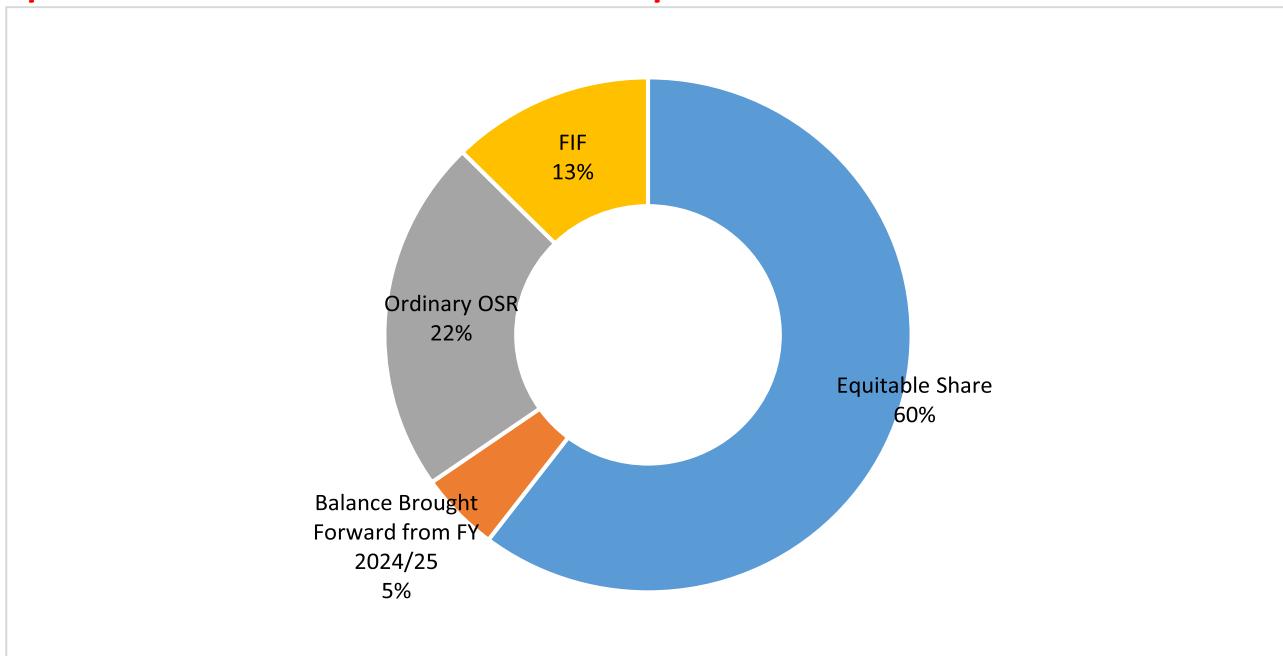

**Table 3.326: Mombasa County, Revenue Performance in FY 2025/26**

The equitable share of revenue raised nationally and OSR contributed 60 per cent and 35 per cent, respectively, of the total Revenue for the reporting period. Figure 160 shows the collection trend in own-source revenue from the First Quarter of FY 2020/21 to the First Quarter of FY 2025/26.

**Figure 160: Mombasa County Trend in Own-Source Revenue Collection from the First Quarter of FY 2020/21 to the First Quarter of FY 2025/26**

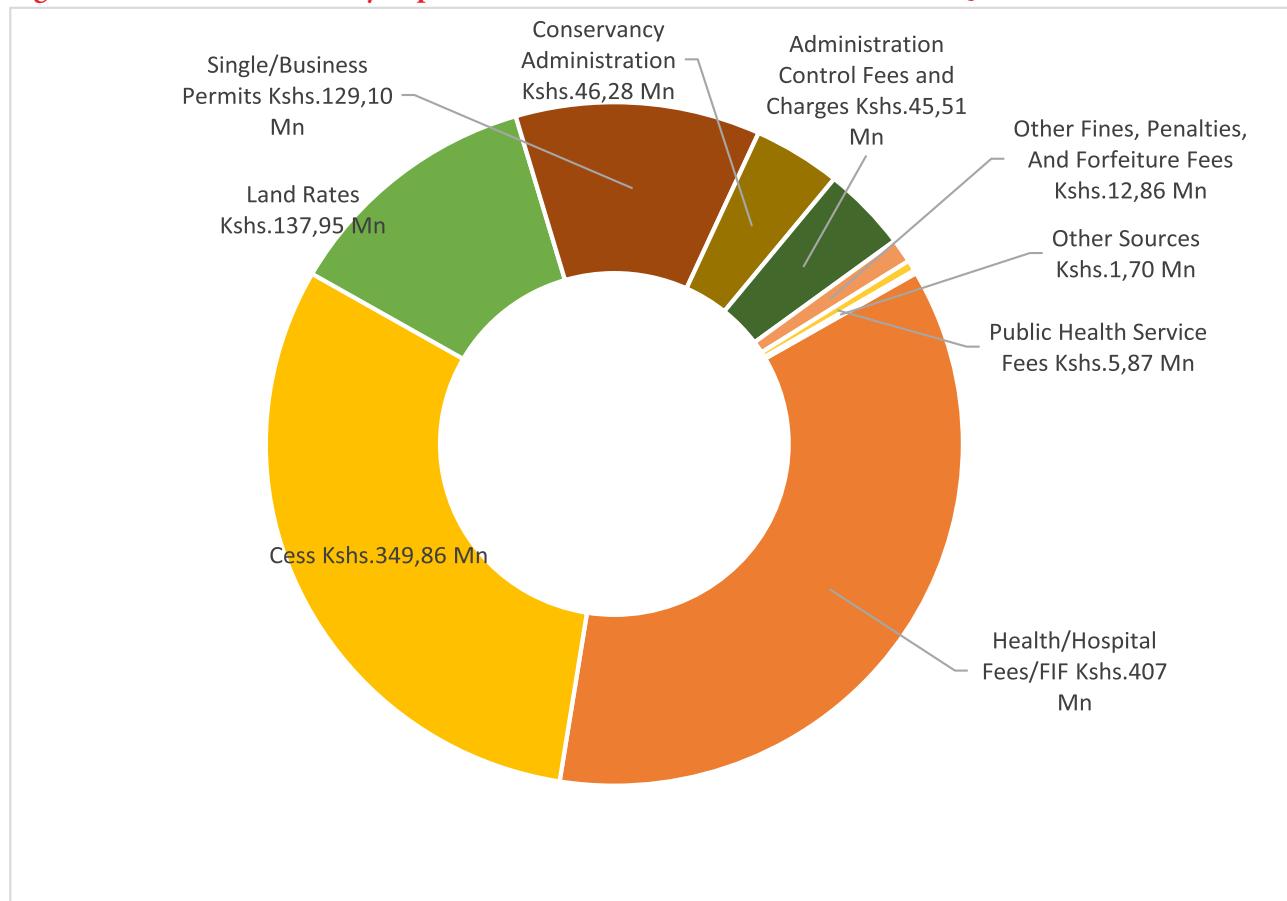

*Source: Mombasa County Treasury*

During the First Quarter of FY 2025/26, the County received Kshs.1.14 billion from its revenue sources, including FIF. This amount was an increase of 37 per cent compared to Kshs.832.15 million realised in a similar period in FY 2024/25, and was 22 per cent of the annual target and 57 per cent of the equitable revenue share disbursed.

The revenue streams which contributed the highest OSR Revenue are shown in Figure 161.

**Figure 161: Mombasa County Top Own Source Revenue Streams in the First Quarter of FY 2025/26**

Source: Mombasa County Treasury

As shown in Figure 161, the highest revenue stream, at Kshs.407 million, was from FIF accounting for 36 per cent of the total OSR revenue. The County Government indicated that it has automated all the revenue streams except the FIF.

### 3.28.3 Revenue Arrears

As of 1<sup>st</sup> July 2025, the County reported revenue arrears of Kshs.15.67 billion, this amount decreased to Kshs.12.83 billion as of 30<sup>th</sup> September 2025. Table 3.327 presents a breakdown of the County's revenue arrears.

**Table 3.327: Mombasa County Revenue Arrears as of 30 September 2025**

Source: Mombasa County Treasury

As of 30 September 2025, the revenue arrears totalled to Kshs.12.83 billion, comprising Kshs.407.90 million for FIF (3 per cent) and Kshs.12.42 billion for Ordinary Own source revenue (97 per cent).

#### 3.28.4 Exchequers Approved

The Controller of Budget approved withdrawals of Kshs.1.80 billion from the CRF account during the reporting period, which comprised only recurrent programmes. Analysis of the recurrent exchequers released indicates that Kshs.1.72 billion was towards employee compensation and Kshs.74.94 million for operations and maintenance expenditure.

The operations and maintenance exchequer analysis indicate that 14 per cent was for domestic travel. The domestic travel exchequer amounted to Kshs.10.82 million. There was no request for foreign travel expenditure.

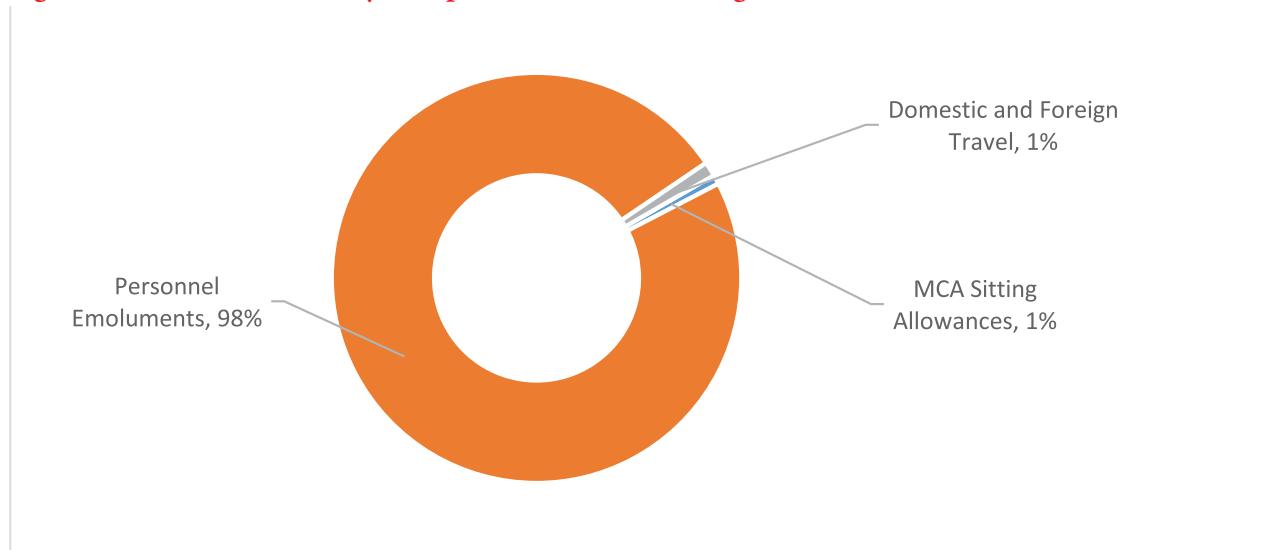

As of September 30, 2025, the County Government's cash balance in the CRF account was Kshs.298.02 million.

#### 3.28.5 Expenditure Review

The County spent Kshs.1.19 billion on development and recurrent programmes in the reporting period. The expenditure represented 66 per cent of the total funds released by the CoB. It is only comprised of expenditure for recurrent programmes. The recurrent expenditure represented 12 per cent of the annual recurrent expenditure budget.

The following chart provides a detailed breakdown of expenditure, showing the relative composition of each shilling spent.

**Figure 162: Mombasa County Composition of Each Shilling Paid in the First Quarter of FY 2025/26**

Source: Mombasa County Treasury

As shown in Figure 162, the three highest expenditure categories were Personnel Expenditure, MCA sitting allowance and Domestic and foreign travel contributing 98, 1 and 1 per cent of total expenditure for the reporting period.

#### 3.28.6 Settlement of Trade Payables

As of 1<sup>st</sup> July 2025, the County reported Trade payables totalling Kshs.3.87 billion. This amount included Kshs.3.75 billion from the County Executive and Kshs.118.40 million from the County Assembly. The trade payables from the County Executive consisted of Kshs.2.44 billion for recurrent expenditures and Kshs.1.31 billion for development expenditures.

During the reporting period, the County Executive settled Trade payables amounting to Kshs.527.30 million (22 per cent) for recurrent programmes. On the other hand, the County Assembly settled Trade Payables worth Kshs.86.19 million (73 per cent) for recurrent activities. The outstanding payables as of 30th September 2025

was Kshs.3.22 billion for County Executive and Kshs.32.21 million for County Assembly. Table 3.328 provides additional details of Trade Payables

**Table 3.328: Mombasa County Trade Payables as of 30<sup>th</sup> September 2025**

	County Entity	Development	Recurrent	Total

	<b>Total</b>	<b>40,150,000</b>	<b>635,608,754</b>	<b>675,758,754</b>

*Source: Mombasa County Treasury*

The County Executive and the Assembly submitted a trade payables payment plan, committing to pay Kshs.55.22 million and Kshs.675.76 million, respectively, in the 1<sup>st</sup> quarter of FY 2025/26. The County is on course to realise the payment plan, as it has cleared Kshs.527.61 million for the Executive and Kshs.86.19 million for the Assembly.

Table 3.329 and Table 3.330 present the ageing of the total outstanding bills as of 30 September 2025 for the County Executive and Assembly, which were Kshs.3.25 billion.

**Table 3.329: Mombasa County Executive trade Payables Ageing Analysis as of 30 September 2025**

Source: Mombasa County Treasury

The Trade payables analysis shows that 95 per cent have been outstanding for over three years. To address this, the County Treasury should implement a First-In-First-Out (FIFO) payment approach and adhere to the pending bills action plan established at the beginning of the financial year.

### 3.28.7 Expenditure by Economic Classification

During the reporting period, the County Executive incurred Kshs.1.05 billion for compensation of employees, Kshs.46.86 million for operations and maintenance. Similarly, the County Assembly spent Kshs.77.10 million on compensation of employees, Kshs.15.15 million on operations and maintenance, as shown in Table 3.331.

**Table 3.331: Mombasa County Summary of Budget and Expenditure by Economic Classification**

### 3.28.8 Expenditure on Compensation of Employees

During the period under review, the expenditure on employee compensation totalled Kshs.1.13 billion. The percentage of compensation of employees to revenue was 66 per cent. This expenditure on employee compensation shows an increase compared to the Kshs.1.02 billion reported in a similar period in FY 2024/25. Included in the employee compensation, is Kshs.540.04 million relating to the Health Sector employees, which accounted for 48 per cent of the overall employees' compensation.

Figure 163 shows the compensation trend of employees' expenditures as a percentage of total revenue Received from the First Quarter of FY 2020/21 to the First Quarter of FY 2025/26.

**Figure 163: Percentage of Employee Compensation to Total Revenue Received from the First Quarter of FY 2020/21 to the First Quarter of FY 2025/26**

Source: Mombasa County Treasury

As shown in Figure 163, both the Executive and the Assembly increased their wage spending to revenue over the years, with the highest pressure recorded in the first quarter of FY 2023/24. The Executive's wage bill reached 92 per cent of its revenue, while the Assembly peaked earlier at 69 per cent.

Both sectors show improvement afterwards, but the Executive still carries a heavier wage burden. Overall, employee compensation continues to account for a significant portion of County revenue, thereby limiting financial flexibility.

Further analysis indicated that PE costs amounting to Kshs.1.05 billion were processed through the Human Resource Information System (HRIS). In contrast, Kshs.77.15 million was processed through manual payroll, which accounted for 93 per cent of the total PE cost.

The manual payroll comprised salaries for staff not onboarded into the Human Resource Information System (HRIS), salaries for casual staff, top-up allowances for security personnel, gratuity remittances to pension schemes for staff on contract, and LAPTRUST/LAPFUND Pension Contributions, as shown in Table 3.332.

**Table 3.332: Breakdown of Mombasa County Manual Payroll**

Category	County Executive	County Assembly	Total
Salaries for staff paid outside Human Resource Information System (HRIS)	49,019,529	8,072,214	57,091,743
LAPTRUST/LAPFUND Pension Contributions		70,920	70,920
Gratuity for contract staff	4,015,595	4,081,469	8,097,064
Community Health Workers	11,502,500		11,502,500
NSSF		276,480	276,480
Others (Housing Levy + NITA)		114,864	114,864
<b>Total</b>	<b>64,537,624</b>	<b>12,615,947</b>	<b>77,153,571</b>

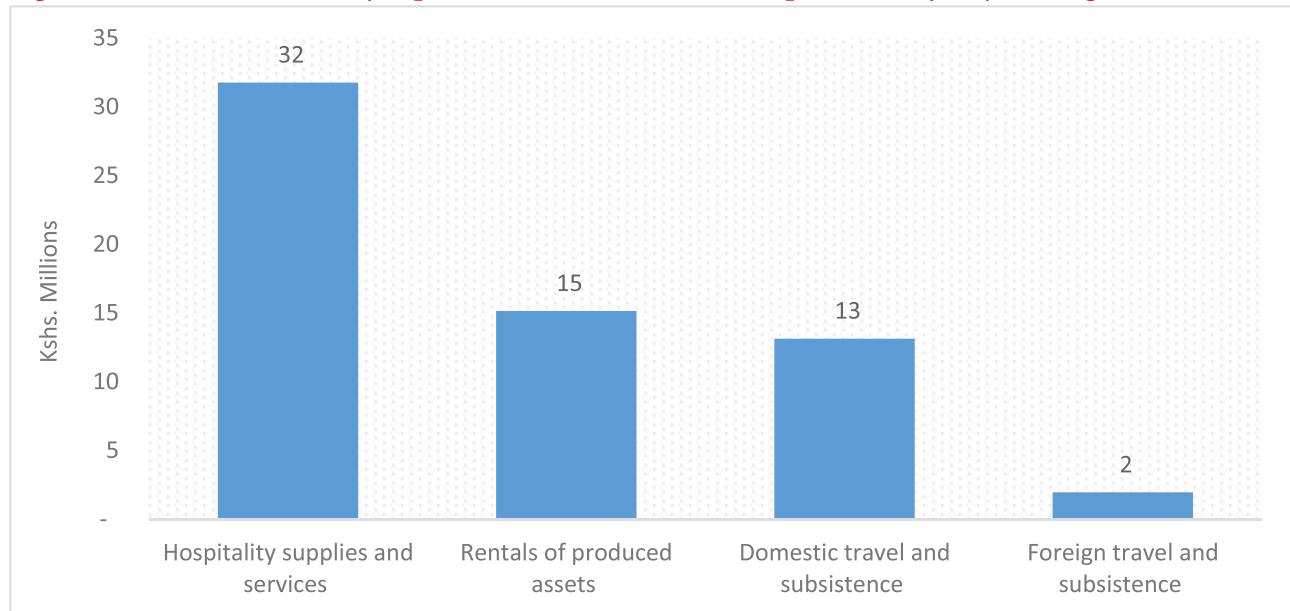

Source: Mombasa County Treasury

The County Assembly spent Kshs.8.46 million on committee sitting allowances for the 43 MCAs against the annual budget allocation of Kshs.35.89 million. The average monthly sitting allowance was Kshs.65,563 Per MCA. The County Assembly has 21 House Committees.

### 3.28.9 Expenditure on Operations and Maintenance

During the reporting period, the County spent Kshs.62.01 million on operations and maintenance, representing a decrease of 53 per cent compared to FY 2024/25, when the County spent Kshs.132.25 million. Figure 164 summarises the Operations and Maintenance expenditure by major categories.

**Figure 164: Mombasa County, Operations and Maintenance Expenditure by Major Categories**

### 3.28.10 County-Established Funds

Section 116 of the PFM Act 2012 allows County Governments to establish other public funds, subject to approval from the County Executive Committee and the County Assembly. The County allocated Kshs.236.5 million to County-Established funds in FY 2025/26, or 2 per cent of the County's overall budget. Further, the County allocated Kshs.20 million to the Emergency Fund (0.1 per cent of the total budget) in line with Section 110 of the PFM Act, 2012. Table 3.333 summarises each established Fund's budget allocation and performance during the reporting period.

**Table 3.333: Performance of Mombasa County Established Funds in the First Quarter of FY 2025/26**

S/No.	Name of the Fund	Year Established	Approved Budget Allocation in FY 2025/26 (Kshs.)	Exchequer Issues in First Quarter of FY 2025/26 (Kshs.)	Actual Expenditure in the First Quarter of FY 2025/26 (Kshs.)	Cumulative disbursements to the Fund (Kshs)	Submission of Financial Statements (Yes/No.)
<b>County Executive Established Funds</b>							
1.	Mombasa County Elimu Scheme	2023	154,500,000	-	-	1,694,527,622	YES
2.	Emergency Fund		20,000,000	-	-	-	NO
3.	Mombasa County Ardhi Fund	2024	50,000,000	-	-	-	NO
<b>County Assembly Established Funds</b>							
5.	Mombasa County Assembly Car Loans and Mortgage for Members and staff	2021	12,000,000	-	-	-	NO
	Total		236,500,000	-	-	1,694,527,622	

Source: Mombasa County Treasury

During the reporting period, the CoB did not receive quarterly financial reports from Emergency Fund Administrators, Ardhi Fund, and Mombasa County Assembly Car loans and mortgages for members and staff, as indicated in Table 3.333, contrary to the requirement of Section 168 of the PFM Act, 2012.

Regulation 197(1)(i) of the Public Finance Management (County Governments) Regulations, 2015, allows County Governments to establish public funds with a lifespan capped at 10 years unless extended by the County Assembly. In FY 2025/26, the CoB established that the lifespan of the Funds had not lapsed.

### 3.28.11 County Corporations

The County has one County Corporation, which was allocated Kshs.20 million in FY 2025/26. There was no expenditure for the review period, as shown in Table 3.334.

**Table 3.334: Performance of Mombasa County Corporations in the First Quarter of FY 2025/26**

S/No.	Name of the Corporation	Approved Budget Allocation in FY 2025/26 (Kshs.)	Exchequer Issues (Kshs.)	Actual Transfers in FY 2025/26 (Kshs.)	Cumulative Transfers to the Corporation since its inception (Kshs.)

### 3.28.12 Expenditure on Domestic and Foreign Travel

Expenditure on domestic travel amounted to Kshs.13.14 million by the County Executive. Expenditure on foreign travel amounted to Kshs.1.95 million by the County Executive. Expenditure on foreign travel is summarised in Table 3.335.

**Table 3.335: Summary of Expenditure on Foreign Travel in the First Quarter of FY 2025/26**

Arm of County Government	No. Of Officers Travelled	Dates travelled	Purpose of the travel	Destination	Total Costs of the Travel (Kshs.)
Executive	1	12th-25th September 2025	Facilitation to attend the 80th session of the UN General Assembly from 12th-25th September 2025 in New York	USA	990,630.00
Executive	2	29th July- 2nd August 2025	Evaluation committee visit to Jospong Group of Companies in Ghana 29 July 2025 to 2 Aug. 2025	GHANA	959,800.00

### 3.28.13 Facility Improvement Financing

During the review period, the County reported collections of Kshs.407.38 million as FIF, which was 21 per cent of the annual target of Kshs.1.92 billion. The collected amount was retained and utilised at source in line with the Facility Improvement Financing Act, 2023.

The health facilities did not report any expenditure in the period under review, as shown in Table 3.336.

**Table 3.336: Mombasa County Health Facilities Expenditure Performance in FY 2025/26**

No.	Health Facility	Number of Facilities	Approved Budget (Kshs.)	Actual Expenditure (Kshs.)	Absorption rate (%)
1.	Level 5 Hospital	1	753,427,549.00	0	0%

*source: Mombasa County Treasury*

### 3.28.14 Development Expenditure

In the review period, the County did not incur expenditure on development programmes.

### 3.28.15 Budget Performance by Department

Table 3.337 summarises the approved budget allocation, expenditure and absorption rate by departments in the period under review.

**Table 3.337: Mombasa County, Budget Allocation and Absorption Rate by Department**

Department	Budget Allocation (Kshs.Millions)		Exchequer Issues (Kshs.Millions)		Expenditure (Kshs.Millions)		Expenditure to Exchequer Issues (%)		Absorption rate (%)	
	Rec	Dev	Rec	Dev	Rec	Dev	Rec	Dev	Rec	Dev

County Attorney	98.01	460.00	9.43	-	6.05	-	64	-	6	-
County Executive	223.46	78.30	40.19	-	35.27	-	88	-	16	-
<b>Total</b>	<b>10,179.29</b>	<b>4,450.70</b>	<b>1,795.66</b>	-	<b>1,189.80</b>	-	<b>66</b>	-	<b>12</b>	-

*Source: Mombasa County Treasury*

Analysis of expenditure by departments shows that the Department of County Executive recorded the highest absorption rate of recurrent expenditure to budget at 16 per cent, while the Department of County Attorney had the lowest at 6 per cent.

### 3.28.16 Budget Execution by Programmes and Sub-Programmes

The recurrent sub-programmes with the highest levels of budget implementation, based on absorption rates, were: General Administration and Human Resource Planning Services in the Department of County Executive, Compensation to Employees in the County Assembly at 16 per cent, Administration Unit in the Department of health at 15.61 per cent, and Administration, Planning and Support Services at 15 per cent of the budget allocation. No development expenditures were reported by any programmes during the review period.

### 3.28.17 Accounts Operated in Commercial Banks

Regulation 82(1)(b) of the PFM (County Governments) Regulations, 2015, requires that County Government bank accounts be opened and maintained at the Central Bank of Kenya. The only exemption is for imprest bank accounts for petty cash and revenue collection bank accounts.

Further, Regulation 82(4) of the Public Finance Management (PFM) Act requires accounting officers to obtain written authorisation from the County Treasury before opening a commercial bank account. Additionally,

Regulation 82(5) of the Public Finance Management (County Governments) Regulations, 2015, requires the County Treasury to submit a copy of the letter authorising an accounting officer to open a commercial bank account to the Controller of Budget.

The County Government operated 94 accounts in commercial banks, including 62 accounts for Health Facilities, 3 accounts for Vocational Training Centres, 4 accounts for Established Funds, 4 revenue accounts, and 11 special-purpose accounts (for additional allocations).

The County Treasury did not submit copies of authorisation letters to the Controller of Budget for opening the commercial bank accounts, as required by Regulation 82(5) of the Public Finance Management (County Governments) Regulations, 2015.

### **3.28.18 Key Observations and Recommendations**

In the course of overseeing and reporting on the implementation of the County budget, the CoB identified the following challenges, which hampered effective budget implementation;

- i. The County Treasury's late submission of financial reports to the Controller of Budget affected the timely preparation of the budget implementation report, which was received on 31<sup>st</sup> October 2025.
- ii. Low development performance in the review period, as the County did not incur any expenditure on development activities in the period under review.
- iii. Fund Administrators failed to submit quarterly financial and non-financial reports to the CoB within the timelines provided by law, which is against the requirement of Section 168 of the PFM Act, 2012. The reports for the Emergency Fund, Ardhi Fund, and Mombasa County Assembly Car Loans and Mortgage for Members and staff Fund were not submitted to the CoB as of 15 July 2025.
- iv. High level of pending bills, which amounted to Kshs.3.25 billion as of 30 September 2025. Further, there was non-adherence to the payment plan for the pending bills by the County Treasury.
- v. Use of manual payroll to process Personnel emoluments amounting to Kshs.77.15 million for staff not onboarded into the HRIS and other casual staff accounted for 7 per cent of the total payroll cost. Manual payroll is prone to abuse and may result in the loss of public funds.
- vi. Non-submission of copies of authorisation letters for opening commercial bank accounts as per Regulation 82(5) of the Public Finance Management (County Governments) Regulations, 2015.
- vii. The County reported revenue arrears of Kshs.12.83 billion, comprising ordinary OSR arrears of Kshs.12.42 billion and FIF arrears of Kshs.407.90 million. These revenue arrears limited funding for County activities.

The County should implement the following recommendations to improve budget execution:

- i. *The County Treasury should ensure the timely preparation and submission of financial reports to the Controller of Budget per the timelines prescribed in Section 166 of the PFM Act, 2012.*
- ii. *The County should implement strategies to increase development expenditures in FY 2025/26.*
- iii. *The CECMF should follow up to ensure Fund Administrators prepare and submit statutory reports in line with the PFM Act, 2012.*
- iv. *The County Leadership should address the situation of pending bills to ensure that genuine bills are paid promptly in the remaining financial year. Further, compliance with the Pending Bills Action Plan should be enforced.*
- v. *The Government requires that salaries be processed through the HRIS system, and the County is advised to fast-track the acquisition of Unified Personnel Numbers for their staff. The County Public Service Board should regulate staff engagement on contract and casual workers as provided under Section 74 of the County Governments Act 2012. Furthermore, strict adherence to the approved staff establishment should be maintained.*
- vi. *The County Treasury should ensure it submits copies of authorisation letters to OCoB for opening commercial bank accounts to enhance accountability and oversight.*
- vii. *The County needs to develop strategies to collect these outstanding arrears to improve budget implementation.*

## 3.29. County Government of Murang'a

### 3.29.1 2025/26 Budget

The County Government of Murang'a's Approved Budget for FY 2025/26 is Kshs.11.717 billion. It comprises Kshs.3.83 billion (33 per cent) and Kshs.7.89 billion (67 per cent) allocation for development and recurrent programmes, respectively. The budget estimates represent an increase of Kshs.973.09 million (9 per cent) from the FY 2024/25 budget, which comprised a development budget of Kshs.3.22 billion and a recurrent budget of Kshs.7.53 billion. The increase in the budget was primarily attributed to the rise in Equitable Share, and County Government Additional allocations.

The budget is to be financed from various revenue sources. These include: the equitable share of revenue raised nationally of Kshs.8.04 billion (68.7 per cent), additional allocations of Kshs.1.47 billion (12.6 per cent), a cash balance of Kshs.600 million (5.1 per cent) brought forward from FY 2024/25, and Kshs.1.61 billion (13.7 per cent) to be received as own-source revenue. A breakdown of the additional allocations is shown in Table 3.338.

### 3.29.2 Revenue Performance

During the first Quarter of FY 2025/26, the County received Kshs.1.42 billion in revenue. This amount represented an increase of 0.94 per cent compared to the amount received in a similar period in FY 2024/25 of Kshs.1.48 Billion. The total revenue consisted of Kshs.1.28 billion from the equitable share of revenue raised nationally, additional allocations from the national government and development partners of Kshs.9.7 million, as well as the own-source revenue (OSR) collection of Kshs.210.12 million. Additionally, the County had a cash balance of Kshs.129.84 million from FY 2024/25. The total OSR collection of Kshs.210.12 million included Facilities Improvement Financing (FIF) of Kshs.111.21 million, and Kshs.98.92 million from other OSR sources. Table 3.338 summarises the total revenue available to the County Government during FY 2025/26.

**Table 3.338: Murang'a County, Revenue Performance in FY 2025/26**

Source: Murang'a County Treasury

The County does not have governing legislation on the operation of ordinary A-I-A and FIF. Figure 165 provides a detailed breakdown of receipts, showing a breakdown of each shilling received.

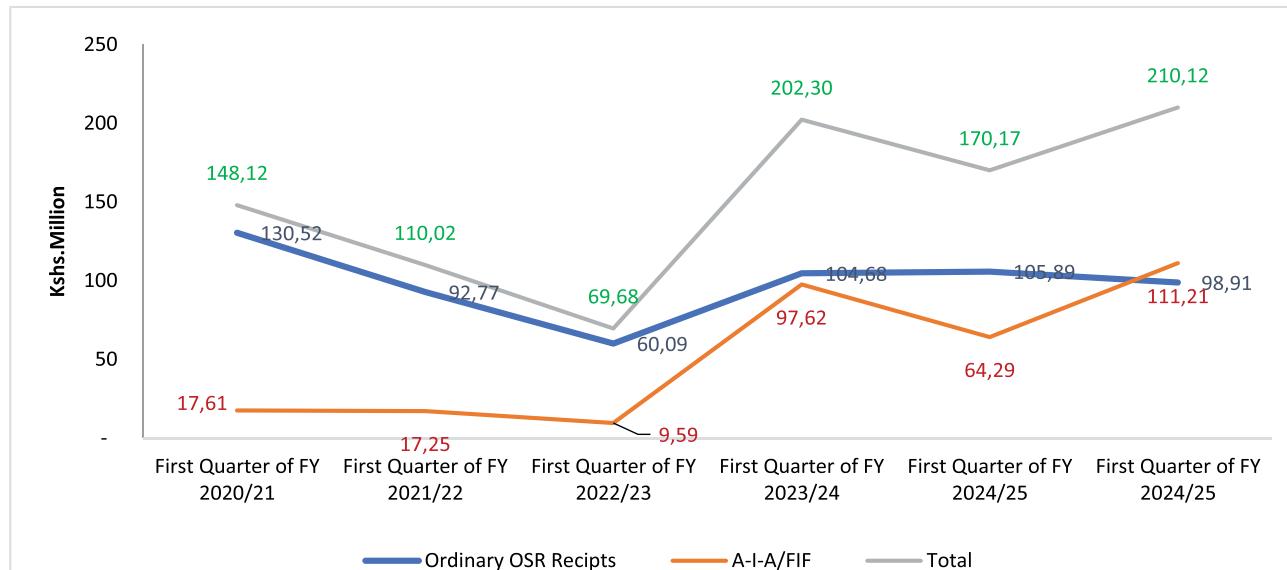

**Figure 165: Murang'a County Composition of Each Shilling Received in the First Quarter of FY 2025/26**

Source: Murang'a County Treasury

The equitable share of revenue raised nationally, OSR, and balance brought forward contributed 80 per cent, 12 per cent and 7 per cent, respectively, of the total receipts for the reporting period. Figure 166 shows the collection trend in own-source revenue from the First Quarter of FY 2020/21 to the First Quarter of FY 2025/26.

**Figure 166: Murang'a County Trend in Own-Source Revenue Collection from the First Quarter of FY 2020/21 to the First Quarter of FY 2025/26**

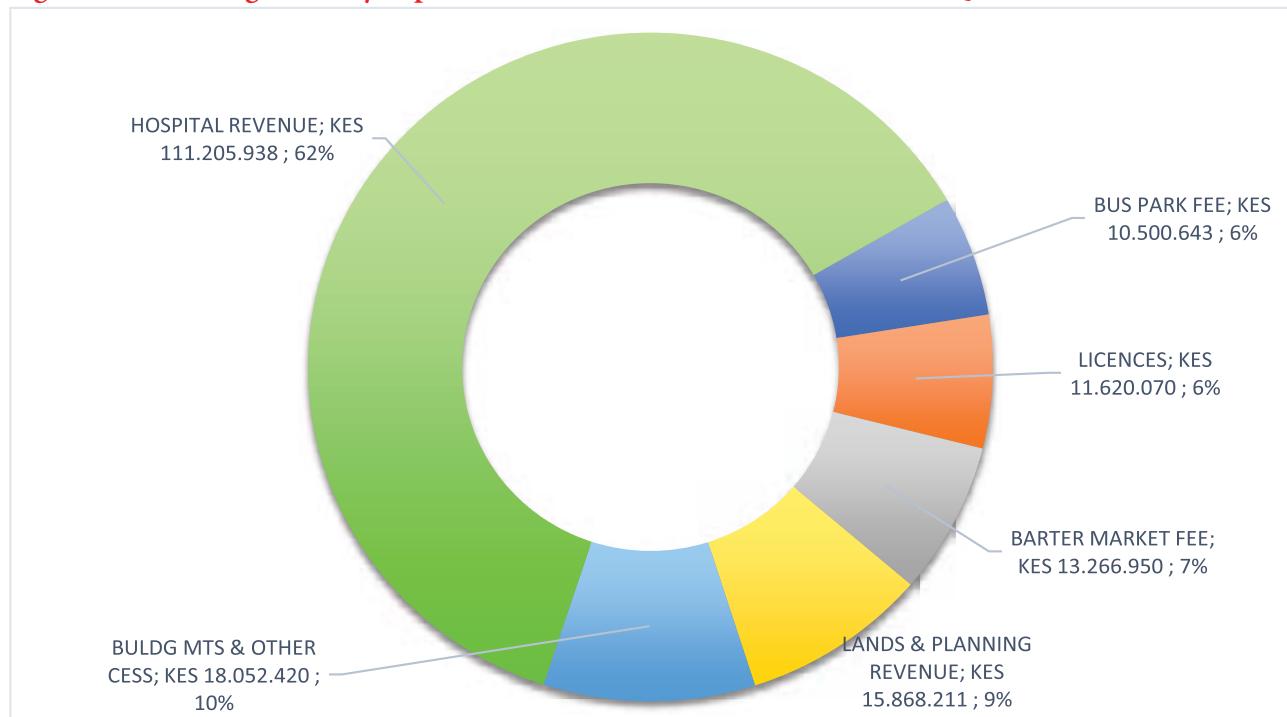

Source: Murang'a County Treasury

During the First Quarter of FY 2025/26, the County received Kshs.210.12 million from its revenue sources, including FIF. This amount was an increase of 23 per cent compared to Kshs.170.17 million realised in a similar period in FY 2024/25, and was 13.1 per cent of the annual target and 16.5 per cent of the equitable revenue share disbursed.

The increase in OSR was attributed to the continuous implementation of automation measures by the County Government to enforce revenue collection and seal revenue leakages. The revenue streams which contributed the highest OSR receipts are shown in Figure 167.

**Figure 167: Murang'a County Top Own Source Revenue Streams in the First Quarter of FY 2025/26**

Source: Murang'a County Treasury

As shown in Figure 167, the highest revenue stream, at Kshs.111.21 million was from hospital revenue, accounting for 53 per cent of the total OSR receipts. The County Government indicated that it has automated all its revenue streams.

### 3.29.3 Revenue Arrears

As of 1<sup>st</sup> July 2025, the County reported revenue arrears of Kshs.41.82 million, this amount has not changed as of 30<sup>th</sup> September 2025. Table 3.339 presents a breakdown of the County's revenue arrears.

**Table 3.339: Murang'a County Revenue Arrears as of 30 September 2025**

No	Revenue Stream	Revenue Arrears as of 1 July 2025 (Kshs.)	Progress made in FY 2025/26			Revenue Arrears as of 30 September 2025 (Kshs.)

	a	b	c	d	f=a-b-c+d	
<b>a</b>	<b>Ordinary Own Sources of Revenue</b>					
1	<b>Plot rate</b>	<b>41,825,426</b>	-	-	-	<b>41,825,426</b>
	<b>Sub-Total</b>					
	<b>Total</b>	<b>41,825,426</b>				<b>41,825,426</b>

Source: Murang'a County Treasury

As of 30 September 2025, the revenue arrears totalled Kshs.41.83 million, comprising plot rent arrears. The measures instituted by the County to collect the outstanding arrears in FY 2025/26 include mapping of plot owners in the Geographical Information System to ensure they comply with payment of the arrears.

### 3.29.4 Borrowing by the County

Murang'a County did not disclose any short-term borrowings as of 30<sup>th</sup> September 2025.

### 3.29.5 Exchequers Approved

The Controller of Budget approved withdrawals of Kshs.1.1 Billion from the CRF account during the reporting period, which comprised Kshs.181.77 million (16.5 per cent) for development programmes and Kshs.918.11 million (83.4 per cent) for recurrent programmes. Analysis of the recurrent exchequers released indicates that Kshs.772.5 million was towards employee compensation and Kshs.145.62 million for operations and maintenance expenditure.

The operations and maintenance exchequer analysis indicate that 2 per cent was for domestic travel. The domestic travel exchequer amounted to Kshs.16.4 million and included Kshs.14.4 million for the County Executive and Kshs.1.97 million for the County Assembly.

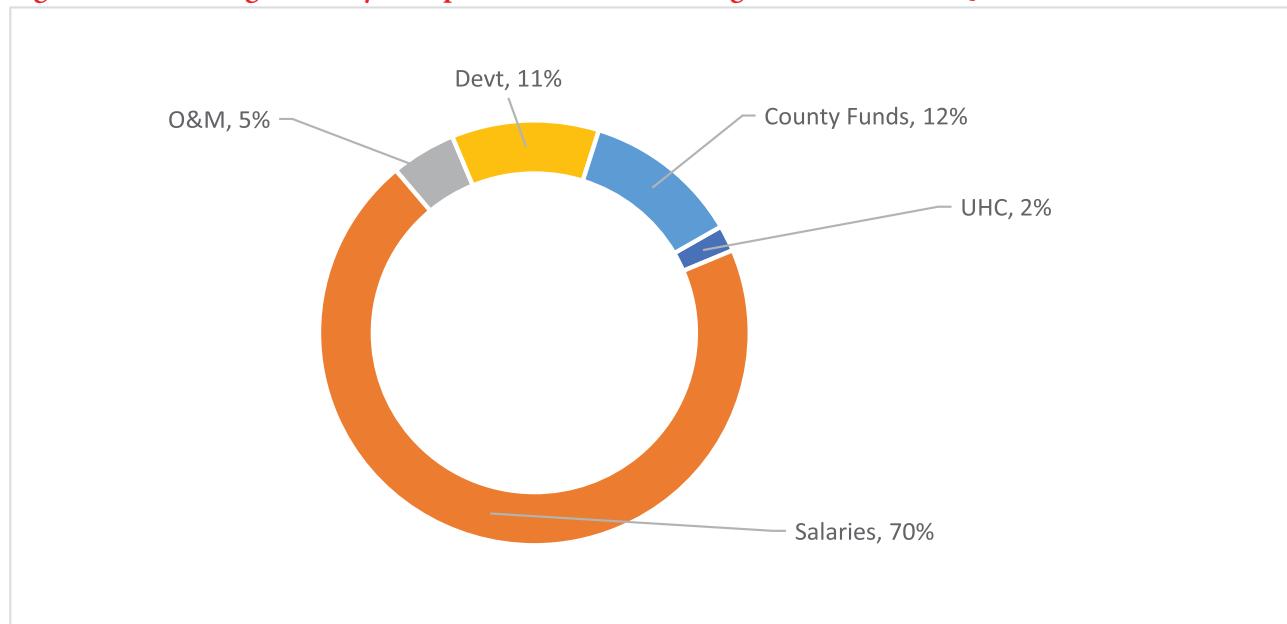

As of September 30, 2025, the County Government's cash balance in the CRF account was Kshs.849.73 million.

### 3.29.6 Expenditure Review

The County spent Kshs.1.09 billion on development and recurrent programmes in the reporting period. The expenditure represented 100 per cent of the total funds released by the CoB. It comprised Kshs.181.77 million for development programmes and Kshs.918.11 million for recurrent programmes. Expenditure on development programmes represented an absorption rate of 5 per cent of the total development budget, while recurrent expenditure represented 12 per cent of the annual recurrent expenditure budget.

The following chart provides a detailed breakdown of expenditure, showing the relative composition of each shilling spent.

**Figure 168: Murang'a County Composition of Each Shilling Paid in the First Quarter of FY 2025/26**

Source: Murang'a County Treasury

As shown in Figure 168, the three highest expenditure categories were personnel emolument, established County funds, and development expenditure, contributing 70, 12, and 11 per cent, respectively, of the total expenditure for the reporting period.

### 3.29.7 Settlement of Trade Payables

As of 1<sup>st</sup> July 2025, the County reported trade payables totalling Kshs.1.99 billion. This amount included Kshs.1.92 billion from the County Executive and Kshs.72.27 million from the County Assembly. The trade payables from the County Executive consisted of Kshs.1.59 million for recurrent expenditures and Kshs.333.36 million for development expenditures.

During the reporting period, the County Executive settled trade payables amounting to Kshs.371.21 million, comprising of (23 per cent) for recurrent programmes. On the other hand, the County Assembly did not settle any trade payables within the period. The outstanding trade payables as of 30th September 2025 was Kshs.1.55 billion for the County Executive and Kshs.72.27 million for the County Assembly. Table 3.340 provides additional details of trade payables.

**Table 3.340: Murang'a County Trade Payables as of 30<sup>th</sup> September 2025**

		County Entity	Development (Kshs.)	Recurrent (Kshs.)	Total (Kshs.)

		County Assembly	-	72,265,494	72,265,494
		Total	333,359,916	1,289,186,608	1,622,546,524

Source: Murang'a County Treasury

The County Executive and the Assembly submitted a trade payables payment plan, committing to pay Kshs 684.15 million and Kshs.37.96 million, respectively, in FY 2025/26. The County did not adhere to this payment plan, as it cleared Kshs.371.21 million for the Executive while the assembly did not pay any trade payables in the period.

Table 3.341 and Table 3.342 present the ageing of the total outstanding bills as of 30 September 2025 for the County Executive and Assembly, which were Kshs.1.62 billion.

**Table 3.341: Murang'a County Executive Pending Bill Ageing Analysis as of 30 September 2025**

Source: Murang'a County Treasury

The highest percentage of trade payables is under one year, accounting for 61 per cent of the total trade payables. It is recommended that the County use a First-in-First-out basis for repaying the debt and also adhere to the trade payables action plan prepared at the beginning of the financial year.

### 3.29.8 Expenditure by Economic Classification

During the reporting period, the County Executive incurred Kshs.747.6 million for compensation of employees, Kshs.130.56 million for operations and maintenance, and Kshs.181.77 million for development activities. Similarly, the County Assembly spent Kshs.25.04 million on compensation of employees, Kshs.15.06 million on operations and maintenance. The County Assembly did not incur expenditure for development activities, as shown in Table 3.343.

**Table 3.343: Murang'a County Summary of Budget and Expenditure by Economic Classification**

Expenditure Classification	Revised Budget (Kshs.)		Expenditure (Kshs.)		Absorption (%)	
	County Executive	County Assembly	County Executive	County Assembly	County Executive	County Assembly
<b>Total Recurrent Expenditure</b>						
Compensation of Employees	4,855,391,877	397,237,638	747,455,143	25,042,188	15	6

### 3.29.9 Expenditure on Compensation of Employees

During the period under review, the expenditure on employee compensation totalled Kshs.772.49 million. The percentage of compensation of employees to revenue was 70 per cent of the available revenue of Kshs.1.1 billion. This expenditure on employee compensation shows an increase compared to the Kshs.442.24 million reported in a similar period in FY 2024/25. Of this total, Kshs.236.41 million related to the Health Sector employees, which accounted for 30 per cent of the overall employees' compensation. The increase in the wage bill compared to the same period in the similar period in FY 2024/25 is attributed to an increase in the number of employees and staff promotions.

Figure 169 shows the compensation trend of employees' expenditures as a percentage of total revenue received from the First Quarter of FY 2020/21 to the First Quarter of FY 2025/26.

**Figure 169: Percentage of Employee Compensation to Total Revenue Received from the First Quarter of FY 2020/21 to the First Quarter of FY 2025/26**

Source: Murang'a County Treasury

As shown in Figure 169, the average wage spending by the Assembly as a percentage of actual revenue from the first quarters of FY 2020/21 to FY 2025/26 was 51 per cent. In comparison, the Executive's average was 61 per cent. By the first three months of FY 2025/26, the Assembly's wage spending increased to 62 per cent, while the Executive's reached 71 per cent. Both entities surpassed the 35 per cent ceiling established by Regulation 25(1) (b) of the PFM (County Governments) Regulations 2015. This indicates that employee compensation has been prioritized over other expenditures.

Further analysis indicated that PE costs amount to Kshs.743.89 billion were processed through the Human Resource Information System (HRIS). In contrast, Kshs.28.61 million was processed through manual payroll, which accounted for 4 per cent of the total PE cost.

The manual payroll comprised salaries for 35 staff not onboarded into the Human Resource Information System (HRIS), salaries for five casual staff, 260 interns, 2009 community health promoters, and LAPTRUST/LAPFUND Pension Contributions, as shown in Table 3.344

**Table 3.344: Breakdown of Murang'a County Manual Payroll**

Sno.	Description of Manual Payroll	Amount (Kshs.)
	Salaries for staff yet to be onboarded into HRIS	11,605,529
	Salaries for casual staff	462,296
	Salaries for interns	10,525,667
	LAPTRUST/LAPFUND Pension Contributions	1,026,847
	Community Health Promoters	4,985,000
	<b>Total</b>	<b>28,605,338</b>

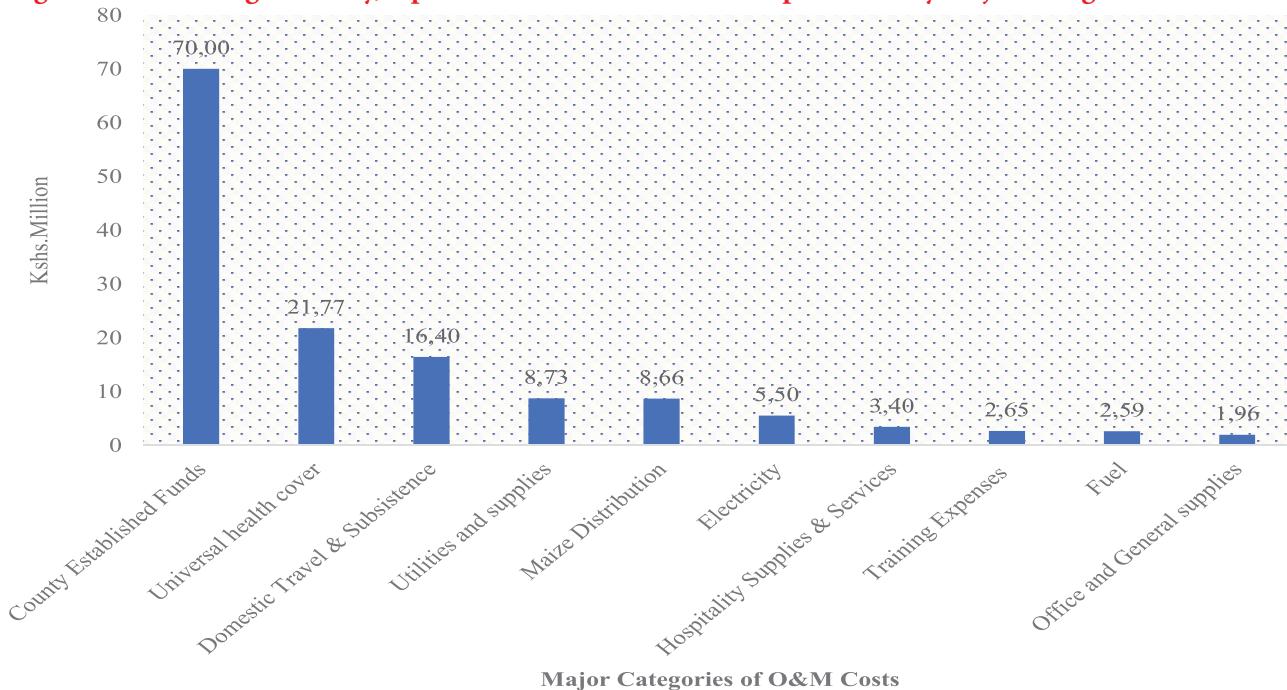

Source: Murang'a County Treasury

The County Assembly spent Kshs.5.43 million on committee sitting allowances for the 48 MCAs against the annual budget allocation of Kshs.38.94 million. The average monthly sitting allowance was Kshs.37,690 per MCA. The County Assembly has 21 House Committees.

### 3.29.10 Expenditure on Operations and Maintenance

During the reporting period, the County spent Kshs.145.62 million on operations and maintenance, representing an increase of 30 per cent compared to FY 2024/25, when the County spent Kshs.111.39 million. Figure 170 summarises the Operations and Maintenance expenditure by major categories.

**Figure 170: Murang'a County, Operations and Maintenance Expenditure by Major Categories**

Source: Murang'a County Treasury

The County's major categories of operations and maintenance for the period were County-established funds, namely the Murang'a County Scholarship Fund and the Universal Health Cover for indigents and vulnerable individuals, accounting for 10 per cent of the total O&M expenditure within the period.

The County operates a fleet of lorries for garbage collection, whose attendant costs are included in the cost of fuel. During this period, the County did not incur any legal fees, arbitration costs, or compensation.

Domestic travel expenditure amounted to Kshs.16.4 million with the County Executive spending Kshs.1.97 million while the County Assembly spent Kshs.14.43 million. The County Executive and the County Assembly did not incur any expenditure on foreign travel within the period.

### 3.29.11 County-Established Funds

Section 116 of the PFM Act 2012 allows County Governments to establish other public funds, subject to approval from the County Executive Committee and the County Assembly. The County allocated Kshs.611.5 million to County-Established funds in FY 2025/26, or 5 per cent of the County's overall budget. Further, the County allocated Kshs.30 million to the Emergency Fund (less than 1 per cent of the total budget) in line with Section 110 of the PFM Act, 2012. Table 3.345 summarises each established Fund's budget allocation and performance during the reporting period.

**Table 3.345: Performance of Murang'a County Established Funds in the First Quarter of FY 2025/26**

S/No.	Name of the Fund	Year Established	Approved Budget Allocation in FY 2025/26 (Kshs.)	Exchequer Issues in First Quarter of FY 2025/26 (Kshs.)	Actual Expenditure in the First Quarter of FY 2025/26 (Kshs.)	Cumulative disbursements to the Fund (Kshs)	Submission of Financial Statements (Yes/No.)
<b>County Executive Established Funds</b>							
1	Murang'a County Education Scholarship	2021	230,000,000	70,000,000	70,000,000		Yes
2	Emergency Fund	2023	30,000,000	-	-		Yes

	Total		611,500,000	130,000,000	130,000,000	502,356,716	

Source: *Murang'a County Treasury*

During the reporting period, the CoB did not receive quarterly financial reports from County Assembly Car and Mortgage Fund, Fund Administrators, as indicated in Table 3.345, contrary to the requirement of Section 168 of the PFM Act, 2012. The County disclosed that administration costs for all its Funds were within the 3 per cent limit of the Fund budget set in Regulation 197(1)(d) of the Public Finance Management (County Governments) Regulations, 2015.

Regulation 197(1)(i) of the Public Finance Management (County Governments) Regulations, 2015, allows County Governments to establish public funds with a lifespan capped at 10 years unless extended by the County Assembly. In FY 2025/26, the CoB established that the lifespan of the County Assembly Car and Mortgage Fund had lapsed. Consequently, the CoB did not approve any requests for withdrawals to support the operations of the lapsed funds.

### 3.29.12 Expenditure on Domestic and Foreign Travel

Expenditure on domestic travel amounted to Kshs.16.4 million and comprised Kshs.14.4 million spent by the County Assembly and Kshs.1.97 million by the County Executive. The County did not incur any expenditure on Foreign travel in the period under review.

### 3.29.13 Facility Improvement Financing

During the review period, the County reported collections of Kshs.111.21 million as FIF, which was 19 per cent of the annual target of Kshs.588.1 million. The collected amount was retained and utilised at source in line with the Facility Improvement Financing Act, 2023.

The expenditure by the health facilities amounted to Kshs.121 million, as shown in Table 3.346.

**Table 3.346: Murang'a County Health Facilities Expenditure Performance in FY 2025/26**

No.	Health Facility	Number of Facilities	Approved Budget (Kshs.)	Actual (Kshs.)	Expenditure	Absorption rate (%)
1.	Level 5 Hospital	1	75,702,391.00	73,662,853		97.31
2.	Level 4 Hospital	7	81,288,074.00	47,340,199		58.24
<b>Total</b>			<b>156,990,465</b>		<b>121,003,052</b>	<b>77.08</b>

*Source:* Murang'a County Treasury

### 3.29.14 Development Expenditure

In the review period, the County reported spending Kshs.181.77 million on development programmes, representing an increase of 6.4 per cent compared to FY 2024/25, when the County spent Kshs.170.72 million. Table 3.347 summarises the development projects with the highest expenditure in the reporting period.

The increase in development expenditure was attributed to an increase in the number of farmers benefiting from certified maize seeds and fertiliser in the period.

**Table 3.347: Murang'a County, List of Development Projects with the Highest Expenditure**

No.	Sector	Project Name	Project Location	Contract sum (Kshs)	Amount paid in FY 2025/26 (Kshs.)	Cumulative Expenditure as of 30 September 2025	Implementation status (%)
1	Sports, Youth, Culture, Gender and Social Services	Murang'a Youth Service- Youth Empowerment Program	County wide	119,500,000	20,000,000	20,000,000	17

Source: Murang'a County Treasury

Analysis of expenditure by departments shows that the Department of Agriculture, Livestock and Fisheries recorded the highest absorption rate of development budget at 24.1 per cent, followed by the Department of Sports and Youth at 11.9 per cent. The Department of Agriculture, Livestock and Fisheries had the highest percentage of recurrent expenditure to budget at 28.5 per cent, while the County Assembly had the lowest at 4.9 per cent.

### 3.29.16 Budget Execution by Programmes and Sub-Programmes

The development sub-programmes with the highest levels of budget implementation, based on absorption rates, were: Promotion of Food security in the Department of Agriculture, Livestock and Fisheries at 47.7 per cent, Youth Empowerment sub-programme in the Department of Youth, Sports and Culture at 16.7 per cent, and Climate Change sub-programme at 4.4 per cent of the budget allocation. Conversely, the recurrent sub-programmes with the highest levels of budget implementation, based on absorption rates, were: County Executive and Coordination sub program in the Department of Governorship and administration at 33.7 per cent, General administration planning and support services in the Department of Agriculture, Livestock and Fisheries at 29.9 per cent, Motivation of Primary and Secondary students at 29.8 per cent and General administration planning and support services in the Department of Finance and Economic Planning at 29.6 per cent of the budget allocation.

### 3.29.17 Accounts Operated in Commercial Banks

Regulation 82(1)(b) of the PFM (County Governments) Regulations, 2015, requires that County Government bank accounts be opened and maintained at the Central Bank of Kenya. The only exemption is for imprest bank accounts for petty cash and revenue collection bank accounts.

Further, Regulation 82(4) of the Public Finance Management (PFM) Act requires accounting officers to obtain written authorisation from the County Treasury before opening a commercial bank account. Additionally, Regulation 82(5) of the Public Finance Management (County Governments) Regulations, 2015, requires the County Treasury to submit a copy of the letter authorising an accounting officer to open a commercial bank account to the Controller of Budget.

The County Government operated Sixteen (16) accounts in commercial banks, including eight (8) accounts for Health Facilities, four (4) accounts for Established Funds, one (1) revenue account, two (2) special-purpose accounts (additional allocations), and one (1) imprest account.

The County Treasury did not submit copies of authorisation letters to the Controller of Budget for the opening of the 16 commercial bank accounts, as required by Regulation 82(5) of the Public Finance Management (County Governments) Regulations, 2015.

### **3.29.18 Key Observations and Recommendations**

In the course of overseeing and reporting on the implementation of the County budget, the CoB identified the following challenges, which hampered effective budget implementation;

- i. The County Treasury's late submission of financial reports to the Controller of Budget affected the timely preparation of the budget implementation report.
- ii. The underperformance of own-source revenue at Kshs.210.12 million against an annual target of Kshs.1,606.67 million, representing 13 per cent of the financial year target.
- iii. Low development performance in the review period, as the County incurred Kshs.181.77 million on development activities, achieving a 4.7 per cent absorption rate.
- iv. Regulation 197(1)(i) of the Public Finance Management (County Governments) Regulations, 2015, limits the lifespan of public funds to 10 years unless extended by the County Assembly. As of 30 September 2025, the lifespan of the County Assembly Car and Mortgage Fund had lapsed, making them ineligible for further withdrawals.
- v. Fund Administrators failed to submit quarterly financial and non-financial reports to the CoB within the timelines provided by law, which is against the requirement of Section 168 of the PFM Act, 2012. The reports for the County Assembly Car and Mortgage Fund were not submitted to the CoB as of 15 October 2025.
- vi. High level of trade payables, which amounted to Kshs.1.62 billion as of 30 September 2025. Further, there was non-adherence to the payment plan for the trade payables by the County Treasury.
- vii. Use of manual payroll. Personnel emoluments amounting to Kshs.28.66 million for 35 staff not onboarded into HRIS, and five casual staff were processed through manual payroll, accounting for 4 per cent of the total payroll cost. Manual payroll is prone to abuse and may result in the loss of public funds.
- viii. Non-submission of copies of authorisation letters for opening commercial bank accounts as per Regulation 82(5) of the Public Finance Management (County Governments) Regulations, 2015.
- ix. The County reported accrued revenues of Kshs.41.83 million, on plot rates. These arrears limited funding for County activities.

The County should implement the following recommendations to improve budget execution:

- i. *The County Treasury should ensure the timely preparation and submission of financial reports to the Office of the Controller of Budget per the timelines prescribed in Section 166 of the PFM Act, 2012.*
- ii. *The County should address its own-source revenue performance to ensure the approved budget is fully financed. Appropriate austerity measures should be implemented to ensure expenditure commitments are aligned with available revenue.*
- iii. *The County should implement strategies to increase development expenditures in FY 2025/26.*
- iv. *The County should ensure timely review and extension of public funds whose lifespan is nearing expiration to prevent operational disruptions. Additionally, any expenditure from lapsed funds should cease immediately, and legal mechanisms should be followed to re-establish or wind up such funds in compliance with the Public Finance Management Act.*
- v. *The CECMF should follow up to ensure Fund Administrators prepare and submit statutory reports in line with the PFM Act, 2012.*

- vi. *The County Leadership should address the situation of trade payables to ensure that genuine bills are paid promptly in the remaining financial year. Further, compliance with the Trade Payables Action Plan should be enforced.*
- vii. *The Government requires that salaries be processed through the HRIS system, and the County is advised to fast-track the acquisition of Unified Personnel Numbers for their staff. The County Public Service Board should regulate staff engagement on contract and casual workers as provided under Section 74 of the County Governments Act 2012. Furthermore, strict adherence to the approved staff establishment should be maintained.*
- viii. *The County Treasury should ensure it submits copies of authorisation letters to OCoB for opening commercial bank accounts to enhance accountability and oversight.*
- ix. *The County needs to develop strategies to collect these outstanding arrears to improve budget implementation.*

### **3.30. County Government of Nairobi**

#### **3.30.1 Overview of FY 2025/26 Budget**

The Nairobi City County Approved Budget for FY 2025/26 is Kshs.44.62 billion. It comprises Kshs.13.42 billion (30 per cent) and Kshs.31.2 billion (69 per cent) allocation for development and recurrent programmes, respectively. The budget estimates represent an increase of Kshs.1.06 billion (2.4 per cent) from the FY 2024/25 budget, which comprised a development budget of Kshs.14.26 billion and a recurrent budget of Kshs.29.3 billion. The increase in the budget attributed to increase in equitable share of revenue raised nationally by Kshs.1.24 billion from Kshs.20.18 billion in FY 2024/25 to Kshs.21.42 billion in FY 2025/25. Priority of the increment was given towards settlement of Trade Payables.

The budget is to be financed from various revenue sources. These include; the equitable share of revenue raised nationally of Kshs.21.42 billion (48 per cent), additional allocations of Kshs.625.84 million (1.4 per cent), a cash balance of Kshs.1 billion (2.2 per cent) brought forward from FY 2024/25, and Kshs.21.58 billion (48.4 per cent) to be received as own-source revenue. A breakdown of the additional allocations is shown in Table 3.349.

#### **3.30.2 Revenue Performance**

During the first quarter of FY 2025/26, the County received Kshs.6.61 billion in revenue. This amount represented an increase of 21 per cent compared to the amount received in a similar period in FY 2024/25 of Kshs.5.45 billion. The total revenue consisted of Kshs.3.43 billion from the equitable share of revenue raised nationally, and own-source revenue (OSR) collection of Kshs.2.47 billion. Additionally, the County had a cash balance of Kshs.719.85 million from FY 2024/25. The total OSR collection of Kshs.2.47 billion included Facilities Improvement Financing (FIF) of Kshs.412.46 million, and Kshs.58.15 million from the liquor fees. No additional allocations from the national government and development partners was received. Table 3.349 summarises the total revenue available to the County Government during FY 2025/26.

**Table 3.349: Nairobi City County, Revenue Performance in FY 2025/26**

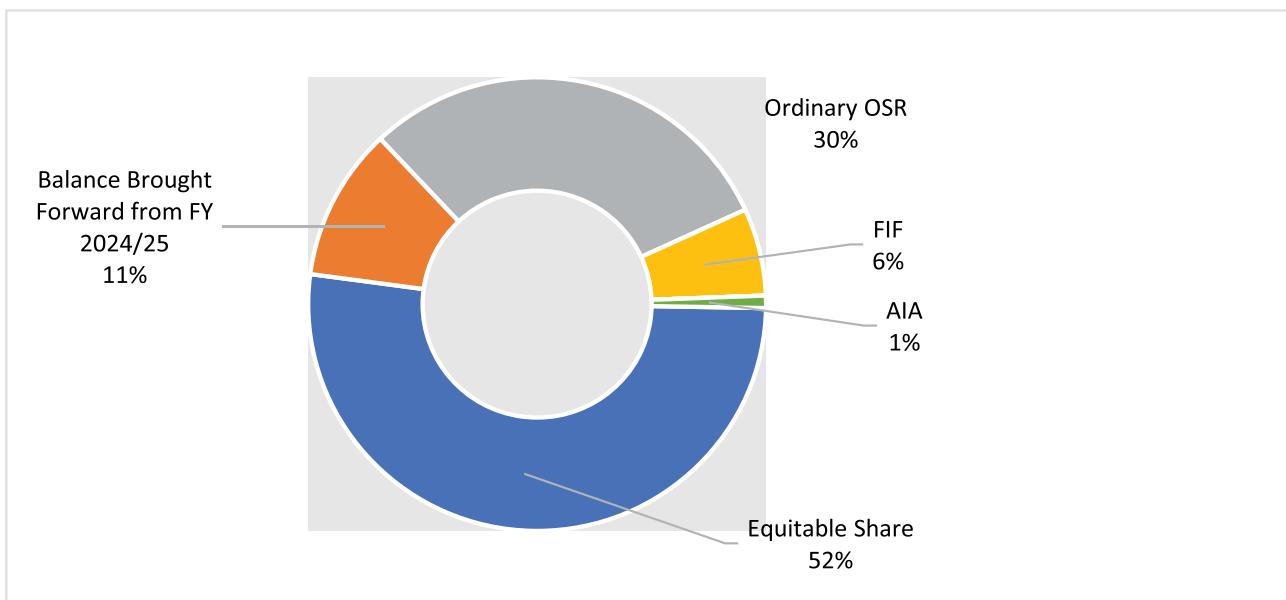

S/No.	Revenue Category	Budget Allocation (Kshs)	Actual Revenue (Kshs.)	Performance (%)

The County has governing legislation regarding the operation of ordinary A-I-A and F.I.F, as outlined in the Liquor Act and the Health Act, respectively. Figure 171 provides a detailed breakdown of receipts, showing a breakdown of each shilling received.

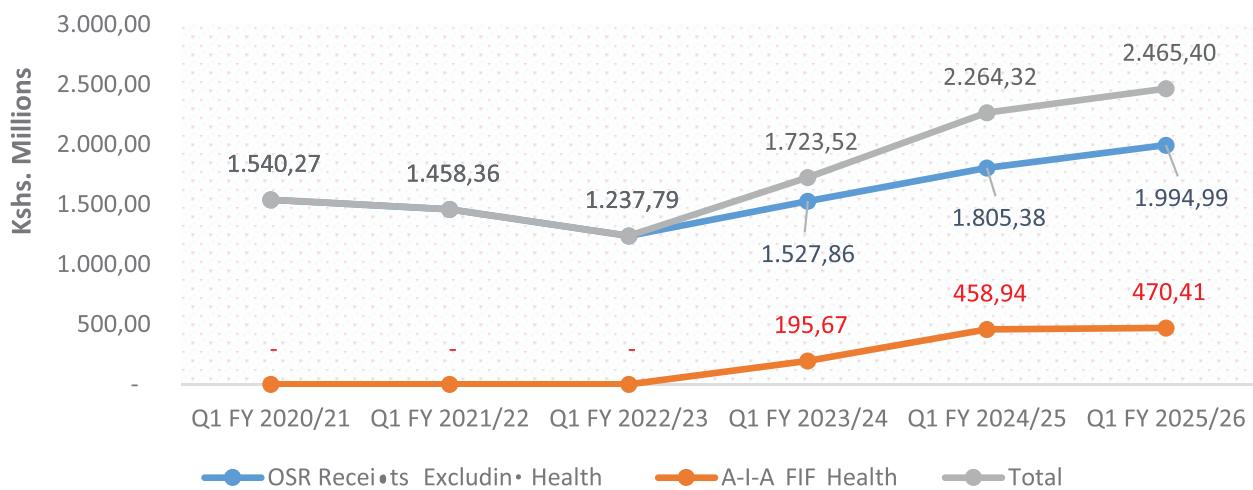

**Figure 171: Nairobi City County Composition of Each Shilling Received in the First Quarter of FY 2025/26**

Source: Nairobi City County Treasury

The equitable share of revenue raised nationally, OSR and balance brought forward contributed 52 per cent, 30 per cent, and 11 per cent respectively of the total receipts for the reporting period. Figure 172 shows the collection trend in own-source revenue from the First Quarter of FY 2020/21 to the First Quarter of FY 2025/26.

**Figure 172: Nairobi City County Trend in Own-Source Revenue Collection from the First Quarter of FY 2020/21 to the First Quarter of FY 2025/26**

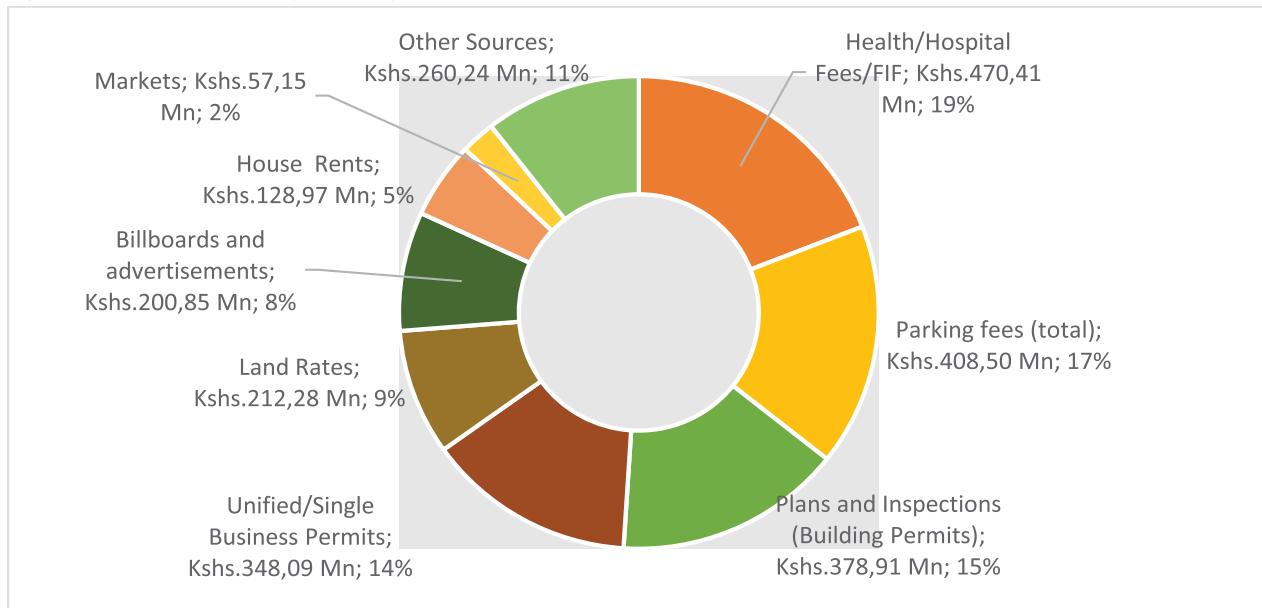

Source: Nairobi City County Treasury

During the First Quarter of FY 2025/26, the County received Kshs.2.47 billion from its revenue sources, including FIF. This amount was an increase of 9 per cent compared to Kshs.2.26 billion realised in a similar period in FY 2024/25 and was 11 per cent of the annual target and 72 per cent of the equitable revenue share disbursed. The County did not explain the reasons for the increase in its OSR.

The revenue streams that contributed the highest OSR receipts are shown in Figure 173.

**Figure 173: Nairobi City County Top Own Source Revenue Streams in the First Quarter of FY 2025/26**

Source: Nairobi City County Treasury

As shown in Figure 173, the highest revenue stream, at Kshs.470.41 million, was from Health/Hospital Fees/FIF, accounting for 19 per cent of the total OSR receipts. The County Government has automated all the revenue streams except F.I.F.

### 3.30.3 Revenue Arrears

As of 1<sup>st</sup> July 2025, the County reported revenue arrears of Kshs.62.28 billion, this amount increased to Kshs65.19 billion as of 30<sup>th</sup> September 2025. Table 3.350 presents a breakdown of the County's revenue arrears.

**Table 3.350: Nairobi City County Revenue Arrears as of 30 September 2025**

Source: Nairobi County Treasury

As of 30 September 2025, the revenue arrears totalled to Kshs.65.19 billion. The measures instituted by the County to collect the outstanding arrears in FY 2025/26 include.

## 1. Land Rates

Prioritise data cleansing to establish clear ownership, property locations, and debts, eliminate ghost and duplicate entries, and issue demand notices to all defaulters, with flexible repayment options for compliant taxpayers. For persistent cases, the County will enforce the National Rating Act by issuing agency notices to banks, filing property liens, and imposing penalties, ensuring no transfers or transactions are cleared without settlement.

## 2. House Rents

The County will digitise all tenancy records to identify arrears per unit and eliminate ghost occupants. Verified tenants will receive demand notices, while eviction or auction procedures will be enforced on chronic defaulters. At the same time, flexible repayment plans will facilitate compliance. With improved tenant accountability and updated rent registers, the County can recover significant arrears while aligning rental income with current market values.

## 3. Advertisements & Billboards

Outdoor advertising will be fully digitised through GIS mapping of all billboards and signage, linked to permits and payment records. Defaulters will receive demand notices, and persistent non-payers will face takedowns or penalties. Partnering with advertising agencies under enforceable contracts will increase compliance. The County will also issue agency notices to enforce compliance.

### 3.30.4 Borrowing by the County

At the beginning of the FY 2025/26, the County Assembly had an outstanding balance from Family Bank of Kshs.243.7 million. During the reporting period, it borrowed an additional Kshs.73 million from Family Bank to support its operations. The Assembly had not repaid the loan; therefore, by 30 September 2025, the total amount borrowed from Family Bank was Kshs.316.67 million.

The County Executive has a bank overdraft facility with the Co-operative Bank of Kenya Limited to cover its personnel emoluments, which average Kshs.1.6 billion per month. As of 30 September 2025, it had an overdraft

balance of Kshs.1.54 billion and had paid Kshs 68.38 million in the form of bank charges, commissions, and penalties during the period under review for use of the facility.

Additionally, the County has a long-standing KCB loan of Kshs.4,504,199,426 (secured in 2010 during the defunct Nairobi City Council), which is listed in the Trade Payables.

### 3.30.5 Exchequers Approved

The Controller of Budget approved withdrawals of Kshs.5.51 billion from the CRF account during the reporting period, which comprised Kshs.202.18 million (3.7 per cent) for development programmes and Kshs.5.31 billion (96.3 per cent) for recurrent programmes. Analysis of the recurrent exchequers released indicates that Kshs.4.79 billion was towards employee compensation and Kshs.518.1 million for operations and maintenance expenditure.

The operations and maintenance exchequer analysis indicates that the County did not incur any expenditure for domestic travel and foreign travel during the reporting period.

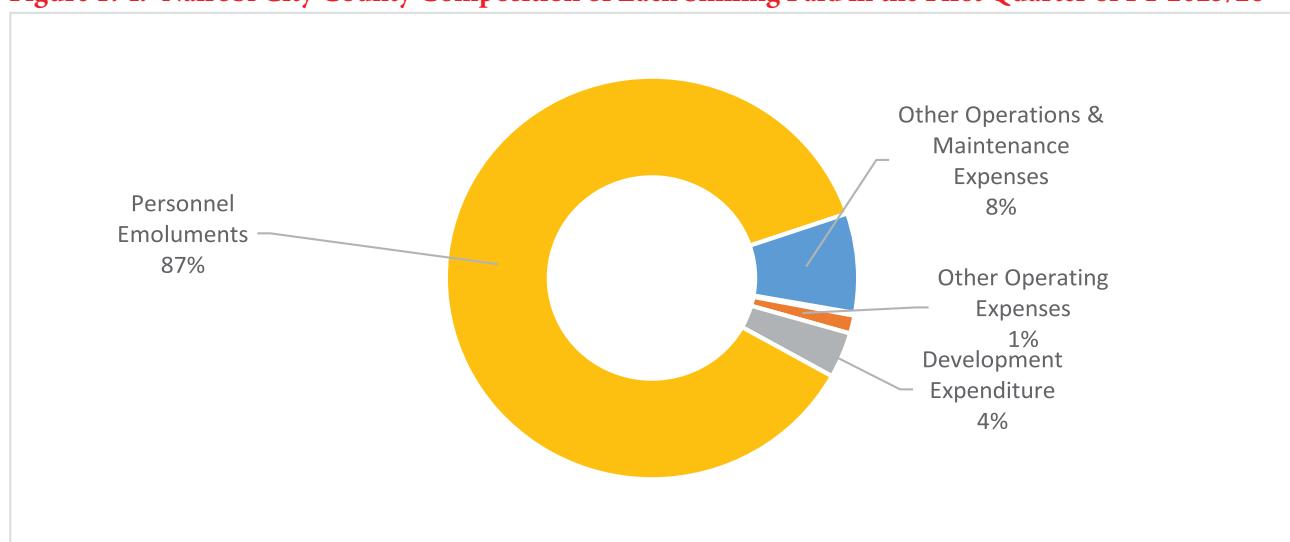

As of September 30, 2025, the County Government's cash balance in the CRF account was Kshs.750.19 million.

### 3.30.6 Expenditure Review

The County spent Kshs.5.51 billion on development and recurrent programmes in the reporting period. The expenditure represented 100 per cent of the total funds released by the CoB. It comprised Kshs.202.18 million for development programmes and Kshs.5.31 billion for recurrent programmes. Expenditure on development programmes represented an absorption rate of 1.5 per cent, while recurrent expenditure represented 17 per cent of the annual recurrent expenditure budget.

Figure 174 provides a detailed breakdown of expenditure, showing the relative composition of each shilling spent.

**Figure 174: Nairobi City County Composition of Each Shilling Paid in the First Quarter of FY 2025/26**

Source: Nairobi City County Treasury

As shown in Figure 174, the three highest expenditure categories were personnel emoluments, Other operations and maintenance, and development expenditure, contributing 87 per cent, 8 per cent, and 4 per cent of total expenditure, respectively, for the reporting period.

### 3.30.7 Settlement of Trade Payables

As of 1<sup>st</sup> July 2025, the County reported Trade Payables totalling Kshs.86.77 billion. This amount included Kshs.86.12 billion from the County Executive and Kshs.650.6 million from the County Assembly. The Trade Payables from the County Executive consisted of Kshs.78.95 billion for recurrent expenditures and Kshs.7.17

billion for development expenditures.

During the reporting period, the County Executive settled Trade Payables amounting to Kshs.3.88 billion, comprising Kshs.3.67 billion (95 per cent) for recurrent programmes and Kshs.202.18 million (5 per cent) for development programmes. On the other hand, the County Assembly did not settle any Trade Payables. The outstanding Trade Payables as of 30th September 2025 was Kshs.82.24 billion for County Executive and Kshs.650.6 million for the County Assembly. Table 3.351 provides additional details of Trade Payables.

**Table 3.351: Nairobi City County Trade Payables as of 30th September 2025**

	County Entity	Development (Kshs.)	Recurrent (Kshs.)	Total (Kshs.)
As at 1 July 2025 (End of FY 2024/25)	Executive	7,169,429,964	78,949,124,773	86,118,554,737

*Source: Nairobi City County Treasury*

The County Executive submitted a generalised universal payment plan, and the County Assembly submitted a detailed Trade Payables payment plan, committing to pay Kshs.8.84 billion and Kshs.650.6 million, respectively, in FY 2025/26. The County Executive cleared Kshs.3.88 billion. The County Assembly did not make any payments towards settlement of Trade Payables.

Table 3.352 and Table 3.353 present the ageing of the total outstanding bills as of 30 September 2025 for the County Executive and Assembly, which were Kshs.82.89 billion.

**Table 3.352: Nairobi County Executive Trade Payables Ageing Analysis as of 30 September 2025**

Category	Ageing analysis (Amount in Kshs.)				Total (Kshs.)
	Under one year	1-2 years	2-3 years	Over 3 years

Source: Nairobi City County Treasury

Table 3.353 shows that 100 per cent of Assembly's trade payables are less than one year old, and all of them are recurrent in nature.

### 3.30.8 Expenditure by Economic Classification

During the reporting period, the County Executive incurred Kshs.4.64 billion for compensation of employees, Kshs.670.76 million for operations and maintenance, and Kshs.202.18 million for development activities. Similarly, the County Assembly spent Kshs.151.61 million on compensation of employees and did not report any expenditures on operations and maintenance and development activities, as shown in Table 3.354

**Table 3.354: Nairobi City County Summary of Budget and Expenditure by Economic Classification**

Expenditure Classification	Revised Budget (Kshs.)		Expenditure (Kshs.)		Absorption (%)	
	County Executive	County Assembly	County Executive	County Assembly	County Executive	County Assembly
<b>Total Recurrent Expenditure</b>	<b>29,564,279,609</b>	<b>1,638,909,510</b>	<b>5,159,505,457</b>	<b>151,611,148</b>	<b>17.5</b>	<b>9.3</b>

Source: Nairobi City County Treasury

### 3.30.9 Expenditure on Compensation of Employees

During the period under review, the expenditure on employee compensation totalled Kshs.4.79 billion. The percentage of compensation of employees to revenue was 69 per cent of the actual realised revenue during the period under review of Kshs.6.62 billion. This expenditure on employee compensation shows an increase compared to the Kshs.2.72 billion reported in a similar period in FY 2024/25. Of this total, Kshs.2.03 billion related to the Health Sector employees, accounting for 42 per cent of the overall employees' compensation. The increment of 76 per cent in employee compensation is attributed to the payment of May 2025 and June 2025 executive wages in the current financial year.

Figure 175 shows the compensation trend of employees' expenditures as a percentage of total revenue received from the First Quarter of FY 2020/21 to the First Quarter of FY 2025/26.

**Figure 175: Percentage of Employee Compensation to Total Revenue Received from the First Quarter of FY 2020/21 to the First Quarter of FY 2025/26**

Source: Nairobi City County Treasury

As shown in Figure 175, the County Assembly apportioned 100 per cent of its first quarter of FY 2025/26 inflows towards compensation of employees, while the Executive apportioned 69 per cent. Both entities exceeded the 35 per cent ceiling set by Regulation 25(1)(b) of the PFM (County Governments) Regulations 2015, highlighting that employee compensation was prioritised over other expenditures in the review period.

Further analysis indicated that PE costs amounting to Kshs.4.68 billion were processed through the Human Resource Information System (HRIS). In contrast, Kshs.109.61 million was processed through manual payroll, which accounted for 2 per cent of the total PE cost.

The manual payroll comprised salaries for ward staff not onboarded into the Human Resource Information System (HRIS), salaries for City Funeral Home, Langata Cemetery, and mobility casual staff, and community health workers staff, as shown in Table 3.355.

**Table 3.355: Breakdown of Nairobi City County Manual Payroll**

Category	County Executive	County Assembly	Total
Ward Staff Salaries	-	23,716,340	23,716,340
Salaries for casual staff	7,049,711		7,049,711
Community Health Workers	78,844,500	-	78,844,500
<b>Total</b>	<b>85,894,211</b>	<b>23,716,340</b>	<b>109,610,551</b>

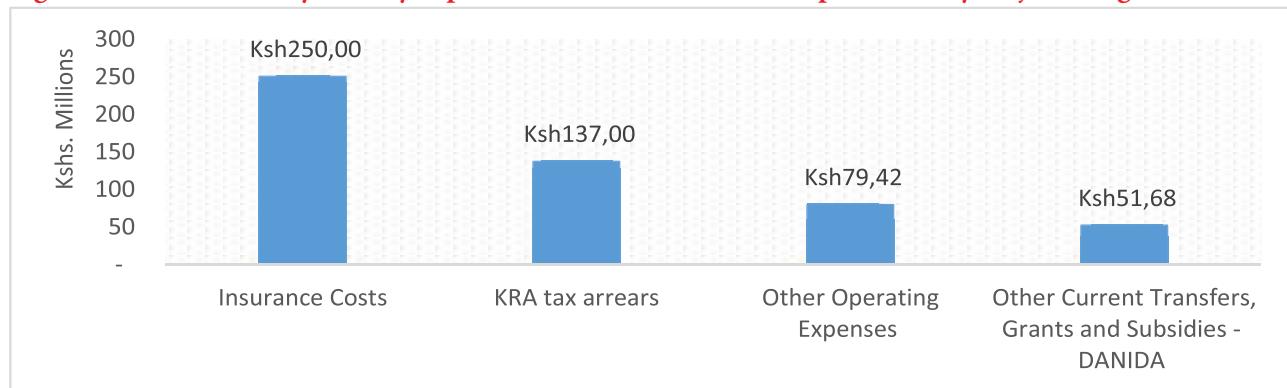

Source: Nairobi City County Treasury

The County Assembly spent Kshs.12.65 million on committee sitting allowances for the 124 MCAs against the annual budget allocation of Kshs.70 million. The average monthly sitting allowance was Kshs.34,010 per MCA. The County Assembly has 26 House Committees.

### 3.30.10 Expenditure on Operations and Maintenance

During the reporting period, the County spent Kshs.519.15 million on operations and maintenance, representing an increase of 207 per cent compared to a similar period of FY 2024/25, when the County spent Kshs.169.25 million. Figure 176 summarises the Operations and Maintenance expenditure by major categories.

**Figure 176: Nairobi City County, Operations and Maintenance Expenditure by Major Categories**

Source: Nairobi City County Treasury

### 3.30.11 Unbundling “Other Operating Expenses” Under Operations and Maintenance Expenditures

The budget performance report submitted to the Controller of Budget for the first quarter of FY 2025/26 shows that the County spent Kshs.79.42 million under “other Operating expenses” translates to 15 per cent of the cumulative operations and maintenance expenditure of Kshs.519.15 million. The disaggregated items under the “Other Operating Expenses” category are shown in Table 3.356.

**Table 3.356: Breakdown of “Other Operating Expenses” under O&M Expenditures**

Code	Item	Budget (Kshs)	Expenditure (Kshs.)
	Solid waste management	Paid as a pending Bill	79,419,161
	<b>Total</b>		<b>79,419,161</b>

Source: Nairobi City County Treasury

### 3.30.12 County-Established Funds

Section 116 of the PFM Act 2012 allows County Governments to establish other public funds, subject to approval from the County Executive Committee and the County Assembly. In FY 2025/26, the County allocated Kshs.70 million to County-Established funds, representing less than 1 per cent of the County’s overall budget. Furthermore, the County allocated Kshs.150 million to the Emergency Fund (0.2 per cent of the total budget) in line with Section 110 of the PFM Act, 2012. Table 3.357 summarises each established Fund’s budget allocation and performance during the reporting period.

**Table 3.357: Performance of Nairobi City County Established Funds in the First Quarter of FY 2025/26**

S/No.	Name of the Fund	Approved Budget Allocation in FY 2025/26 (Kshs.)	Exchequer Issues FY 2025/26 (Kshs.)	Actual Expenditure in FY 2025/26 (Kshs.)	Cumulative disbursements to the Fund since inception (Kshs)	Submission of Annual Financial Statements (Yes/ No.)
<b>County Executive Established Funds</b>						
1.	Biashara ward revolving fund	-	-	-	-	New Fund
<b>County Assembly Established Funds</b>						
2.	Car Loan & Mortgage – County Assembly	70,000,000	-	-	1,016,000,000	Yes
	<b>Total</b>	<b>70,000,000</b>	<b>-</b>	<b>-</b>	<b>1,016,000,000</b>	

Source: Nairobi County Treasury

During the reporting period, the CoB received quarterly financial reports from Car Loan & Mortgage – Assembly. The administration costs of the Car Loan & Mortgage – County Assembly Fund were Kshs.26,000 translating to less than 1 per cent, which was below the 3 per cent limit of the Fund budget set in Regulation 197(1)(d) of the Public Finance Management (County Governments) Regulation 2015.

The County government uses commercial bank accounts to operate the above-established Funds contrary to Regulations 82(1)(b) of the PFM (County Governments) Regulations, 2015, which requires that County Government bank accounts must be opened and maintained at the Central Bank of Kenya. Regulation 197(1)(i) of the Public Finance Management (County Governments)

Regulations, 2015, allow County Governments to establish public funds with a lifespan capped at 10 years unless extended by the County Assembly. In FY 2025/26, the lifespan of the County Assembly Car Loan & Mortgage Fund will lapse in the financial year 2026/27.

### 3.30.13 County Corporations

The County has one corporation: Nairobi Water and Sewerage Company, which operates independently. In FY 2025/26, the County did not allocate funds to this Corporation.

### 3.30.14 Expenditure on Domestic and Foreign Travel

The County Government did not report any expenditure on domestic travel and foreign travel during the reporting period.

### 3.30.15 Facility Improvement Financing

During the review period, the County reported collections of Kshs.412.26 million as FIF, which was 33 per cent of the annual target of Kshs.1.24 billion. The collected amount was retained and utilised at source in line with the Facility Improvement Financing Act, 2023. The County has developed regulations to operationalise the FIF Act of 2023.

The expenditure by the health facilities amounted to Kshs.409.84 million, as shown in Table 3.358.

**Table 3.358: Nairobi County Health Facilities Expenditure Performance in FY 2025/26**

Level of Health Facility	Number of facilities	Approved Budget for the Facilities (Kshs.)	Actual Expenditure of the Facilities (Kshs.)	Absorption rate (%)
Level 5 Hospitals	4	1,370,620,947	192,235,483	14

### 3.30.16 Development Expenditure

In the review period, the County reported spending Kshs.202.18 million on development programmes, representing an increase compared to a similar period of FY 2024/25, when the County did not report any expenditure. Table 3.359 summarises the development projects with the highest expenditure in the reporting period.

**Table 3.359: Nairobi City County, List of Development Projects with the Highest Expenditure**

<b>County Funded Projects</b>							
Sector	Project Name	Project Location	Expected Completion Date	Contract sum (Kshs.)	Amount paid in FY 2025/26 (Kshs.)	Cumulative Expenditure as of 30 September 2025 (Kshs.)	Implementation status (%)

Source: Nairobi City County Treasury

Analysis of expenditure by departments shows that the Department of Built Environment & Urban Planning recorded the highest absorption rate of development budget at 26 per cent, followed by the Department of Finance & Economic Planning at 3.5 per cent. The Department of Public Service Management had the highest percentage of recurrent expenditure to budget at 22.8 per cent, while the Department of Nairobi Revenue Authority, Ward Development Programs, and Emergency Fund did not report any expenditure.

### 3.30.18 Budget Execution by Programmes and Sub-Programmes

The development sub-programmes with the highest levels of budget implementation, based on absorption

rates, were: Solid Waste Management in the Department of Environment, Water, Energy & Natural Resources at 22.1 per cent, Debt Management Headquarters in the Department of Finance and Economic Planning at 4.7 per cent of the budget allocations. Conversely, the recurrent sub-programmes with the highest levels of budget implementation, based on absorption rates, were: Health centres & dispensaries in the Department of Health Wellness & Nutrition at 82 per cent, Health, Wellness & Nutrition Headquarters in the Department of Health Wellness & Nutrition at 28 per cent, and General Administrative Services program under the Built Environment and Planning Headquarters at 27.3 per cent of the budget allocation.

### **3.30.19 Accounts Operated in Commercial Banks**

Regulation 82(1)(b) of the PFM (County Governments) Regulations, 2015, requires that County Government bank accounts be opened and maintained at the Central Bank of Kenya. The only exemption applies to imprest bank accounts for petty cash and to revenue collection bank accounts.

Further, Regulation 82(4) of the Public Finance Management (PFM) Act requires accounting officers to obtain written authorisation from the County Treasury before opening a commercial bank account. Additionally, Regulation 82(5) of the Public Finance Management (County Governments) Regulations, 2015, requires the County Treasury to submit a copy of the letter authorising an accounting officer to open a commercial bank account to the Controller of Budget.

The County Government operated 174 accounts with commercial banks (County Assembly -8 and County Executive- 166), including 123 accounts for Health Facilities, 11 accounts for Vocational Training Centres, five accounts for Established Funds, five revenue accounts, 16 special purpose accounts (additional allocations), 2 Early Childhood Development Accounts (ECDs), two imprest accounts, one recurrent operational account and one development operational accounts.

The County Treasury did not submit copies of the authorisation letters to the Controller of Budget for the opening of all commercial bank accounts, as required under Regulation 82(5) of the Public Finance Management (County Governments) Regulations, 2015.

### **3.30.20 Key Observations and Recommendations**

In the course of overseeing and reporting on the implementation of the County budget, the CoB identified the following challenges, which hampered effective budget implementation;

- i. The County Treasury's late submission of financial reports to the Controller of Budget affected the timely preparation of the budget implementation report, which was received on November 11 2025.
- ii. The underperformance of own-source revenue at Kshs.2.47 billion against an annual target of Kshs.21.18 billion, representing 12 per cent of the financial year target which is below the expected 25 per cent.
- iii. Low development performance in the review period as the County incurred Kshs.202.18 million on development activities, achieving a 1.5 per cent absorption rate.
- iv. High level of Trade Payables, which amounted to Kshs.82.89 billion as of 30 September 2025. Further, there was non-adherence to the payment plan for the Trade Payables by the County Treasury.
- v. Use of manual payroll. Personnel emoluments amounting to Kshs.109.61 million for casual staff, gratuity for contract staff, and community health workers were processed through manual payroll, accounting for 2.3 per cent of the total payroll cost. Manual payroll is prone to abuse and may result in the loss of public funds.
- vi. Non-submission of copies of authorisation letters for opening commercial bank accounts as per Regulation 82(5) of the Public Finance Management (County Governments) Regulations, 2015. The County Government uses commercial bank accounts for operations contrary to Regulations 82(1) (b) of the PFM (County Governments) Regulations, 2015, which requires that County Government bank accounts be opened and maintained at the Central Bank of Kenya. The commercial bank accounts are for Health Facilities, Vocational Training Centres, Established Funds, special purpose accounts (additional allocations), and Early Childhood Development Accounts (ECDs).
- vii. Lack of an HR plan (action plan) to reduce the wage bill to 35 per cent by June 2028 in line with the Third National Wage Bill Conference of 2024.
- viii. The County reported revenue arrears of Kshs.65.19 billion comprising of OSR of Kshs 63.95 billion (of

which land rates Kshs.55.23 billion) and FIF of Kshs.1.24 billion. These revenue arrears limited funding for County activities.

The County should implement the following recommendations to improve budget execution:

- i. *The County Treasury should ensure the timely preparation and submission of financial reports to the Office of the Controller of Budget per the timelines prescribed in Section 166 of the PFM Act, 2012.*
- ii. *The County should address its own-source revenue performance to ensure the approved budget is fully financed. Appropriate austerity measures should be implemented to ensure expenditure commitments are aligned with available revenue.*
- iii. *The County should implement strategies to increase development expenditures in FY 2025/26.*
- iv. *The County Leadership should address the situation of Trade Payables to ensure that genuine bills are paid promptly in the remaining financial year. Further, compliance with the Trade Payables Action Plan should be enforced.*
- v. *The Government requires that salaries be processed through the HRIS system, and the County is advised to fast-track the acquisition of Unified Personnel Numbers for their staff. The County Public Service Board should regulate staff engagement on contract and casual workers as provided under Section 74 of the County Governments Act 2012. Furthermore, strict adherence to the approved staff establishment should be maintained.*
- vi. *The County Treasury should ensure it submits copies of authorisation letters to OCoB for opening commercial bank accounts to enhance accountability and oversight.*
- vii. *The County treasury should submit an HR plan (action plan) to reduce the wage bill to 35 per cent by June 2028, in line with the Third National Wage Bill Conference of 2024.*
- viii. *The County has developed strategies for receiving the revenue arrears, including data cleansing for land rates, digitising tenancy records, and digitising GIS mapping of billboards and signage. The County move forward and implements its strategies.*

### **3.31. County Government of Nakuru**

#### **3.31.1 Overview of FY 2025/26 Budget**

The Nakuru County Approved Budget for FY 2025/26 is Kshs.22.40 billion. It comprises Kshs.7.47 billion (33 per cent) and Kshs.14.92 billion (67 per cent) allocation for development and recurrent programmes, respectively. The budget estimates represent an increase of Kshs.1.33 billion (6 per cent) from the FY 2024/25 budget, which comprised a development budget of Kshs.6.99 billion and a recurrent budget of Kshs.14.08 billion.

The budget is to be financed from various revenue sources. These include: the equitable share of revenue raised nationally of Kshs.14.32 billion (64 per cent), additional allocations of Kshs.1.83 billion (8 per cent), a cash balance of Kshs.1.67 billion (7 per cent) brought forward from FY 2024/25, and Kshs.4.58 billion (20 per cent) generated as own-source revenue. A breakdown of the additional allocations is shown in Table 3.361.

#### **3.31.2 Revenue Performance**

During the first Quarter of FY 2025/26, the County received Kshs.7.32 billion in revenue. This amount represented an increase of 90 per cent compared to the amount received in a similar period in FY 2024/25 of Kshs.3.85 billion. The total revenue consisted of Kshs.2.32 billion from the equitable share of revenue raised nationally, own-source revenue (OSR) collection of Kshs.792.01 million. Additionally, funds brought forward from FY 2024/25 amounted to Kshs.4.21 billion. The total OSR collection of Kshs.792.01 million included Facilities Improvement Financing (FIF) of Kshs.542.88 million, and Kshs.249.14 million from other OSR sources. Table 3.361 summarises the total revenue available to the County Government during FY 2025/26.

**Table 3.361: Nakuru County, Revenue Performance in FY 2025/26**

Source: Nakuru County Treasury

The County does not have governing legislation on the operation of ordinary A-I-A and FIF. Figure 177 provides a detailed breakdown of Revenue, showing a breakdown of each shilling received.

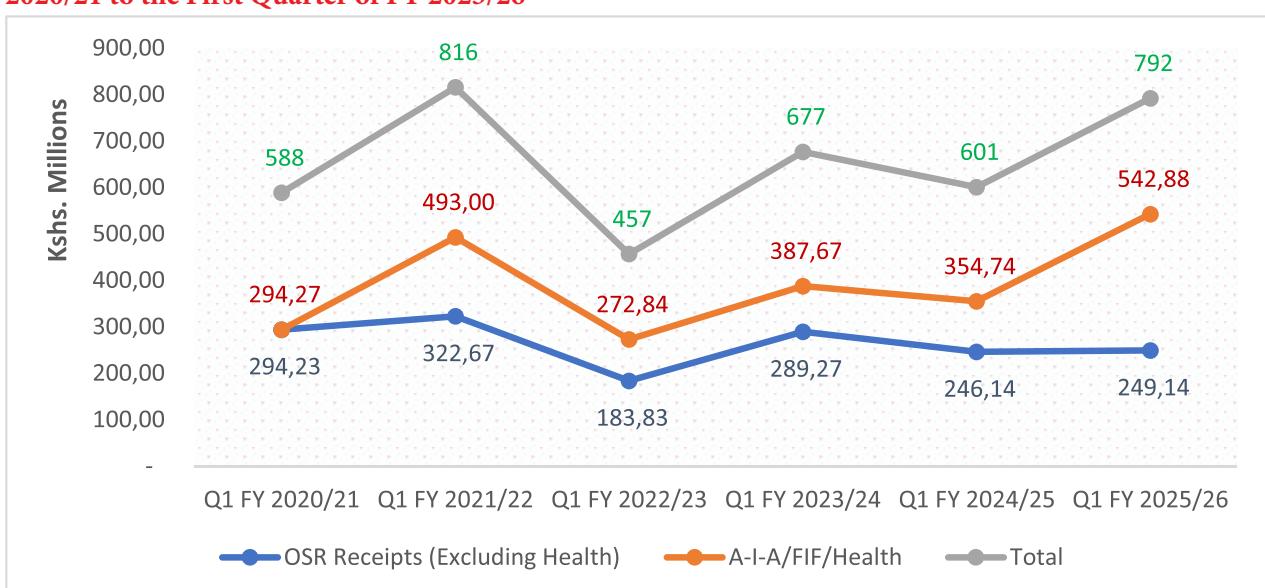

**Figure 177: Nakuru County Composition of Each Shilling Received in the First Quarter of FY 2025/26**

Source: Nakuru County Treasury

Balance brought forward, the equitable share of revenue raised nationally and OSR contributed 58 per cent, 32 per cent and 11 per cent, respectively, of the total Revenue for the reporting period. Figure 178 shows the collection trend in own-source revenue from the First Quarter of FY 2020/21 to the First Quarter of FY 2025/26.

**Figure 178: Nakuru County Trend in Own-Source Revenue Collection from the First Quarter of FY 2020/21 to the First Quarter of FY 2025/26**

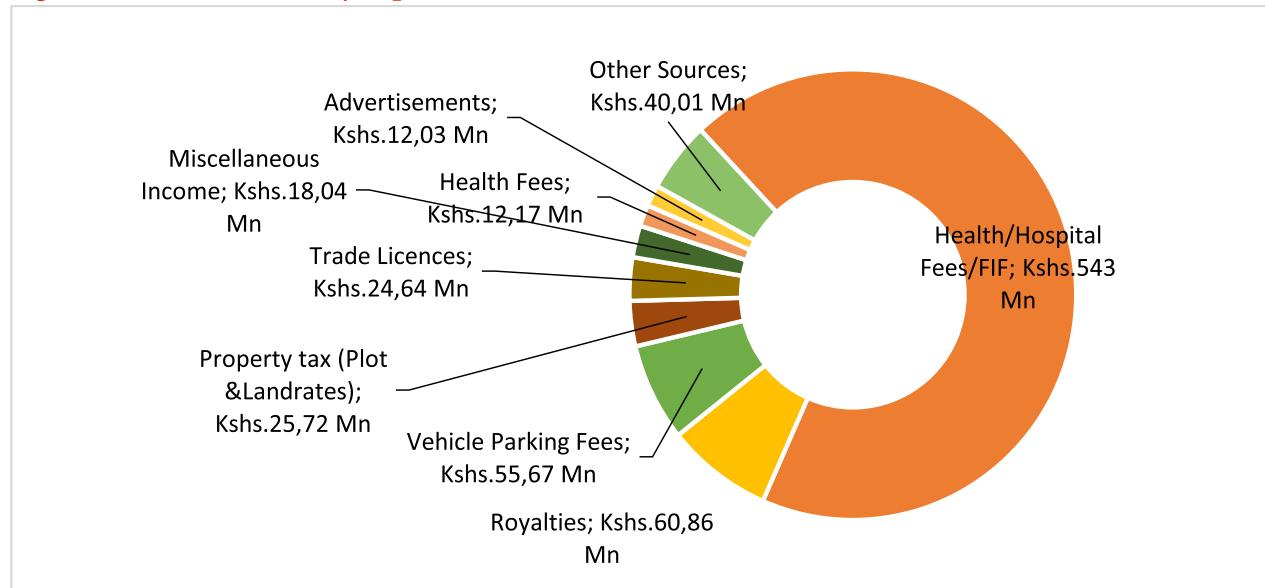

Source: Nakuru County Treasury

During the First Quarter of FY 2025/26, the County received Kshs.792.01 million from its revenue sources, including FIF. This amount was an increase of 32 per cent compared to Kshs.600.87 million realised in a similar period in FY 2024/25, and was 17 per cent of the annual target and 34 per cent of the equitable revenue share disbursed.

The revenue streams which contributed the highest OSR Revenue are shown in Figure 179.

**Figure 179: Nakuru County Top Own Source Revenue Streams in the First Quarter of FY 2025/26**

Source: Nakuru County Treasury

As shown in Figure 179, the highest revenue stream, at Kshs.542.88 million, was from the Facility Improvement Financing (Hospital Fees), accounting for 69 per cent of the total OSR Revenue. The County Government indicated that it has automated all its revenue streams.

### 3.31.3 Revenue Arrears/ Receivables

As of 1<sup>st</sup> July 2025, the County reported Receivables of Kshs.12.59 billion, this amount increased to Kshs.13.64 billion as of 30<sup>th</sup> September 2025. Table 3.362 presents a breakdown of the County's Receivables.

**Table 3.362: Nakuru County Receivables as of 30 September 2025**

Source: Nakuru County Treasury

As of 30 September 2025, the Receivables totalled to Kshs.13.64 billion, comprising Kshs.1.23 billion equitable share for September 2025, Kshs.11.47 billion for the own source revenue and Kshs.938.99 million for the Facility Improvement Financing (FIF). As of 30th September, 2025, the reported own sources Receivables of Kshs.12.41 billion, comprising the principal amount of Kshs.7.04 billion and Kshs.5.37 billion in interests/fines for non-payment of rates.

The measures instituted by the County to collect the outstanding Receivables include the use of legal frameworks such as the Housing Estates Tenancy and Management Bill, Revenue Administration Act, and Rating Act and other relevant laws to recover Receivables for land rates (property taxes), house rent (for County-owned housing), and stall rent (for market stalls). The other measures include administrative, legal, and enforcement actions, such as Sending Demand Notices, establishing a Debt Collection Unit, Improving Systems, and collaborating with the national government to recover significant Receivables from entities like Kenya Railways, Kenya Wildlife Services, and the Pyrethrum Board.

### 3.31.4 Borrowing by the County

The Nakuru County Government did not report any borrowing during the first quarter of the FY 2025/26.

### 3.31.5 Exchequers Approved

The Controller of Budget approved withdrawals of Kshs.1.44 billion from the CRF account during the reporting period, which was entirely for recurrent programmes. Analysis of the recurrent exchequers released indicates that Kshs.1.39 billion was towards employee compensation and Kshs.45.61 million for operations and maintenance expenditure.

The operations and maintenance exchequer analysis indicates that 43 per cent was for domestic travel and 27 per cent for foreign travel. The domestic travel exchequer amounted to Kshs.19.76 million and was for the County Assembly. The foreign exchequer totalled Kshs.12.23 million for the County Assembly, while the County Executive did not have an exchequer for foreign travel.

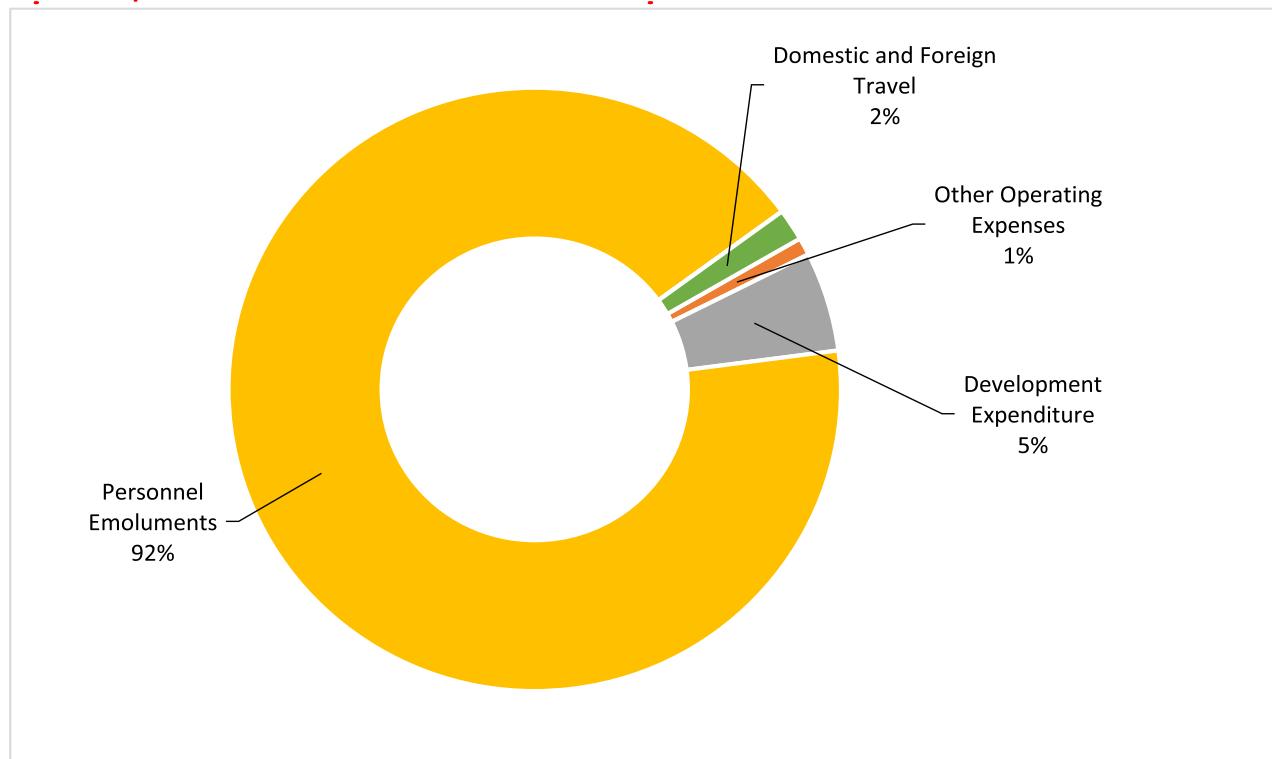

As of September 30, 2025, the County Government's cash balance in the CRF account was Kshs.3.94 billion.

### 3.31.6 Expenditure Review

The County spent Kshs.1.82 billion on development and recurrent programmes in the reporting period. The expenditure represented 127 per cent of the total funds released by the CoB. It comprised Kshs.90.09 million for development programmes and Kshs.1.73 billion for recurrent programmes. Expenditure on development programmes represented an absorption rate of 1 per cent, while recurrent expenditure represented 12 per cent of the annual recurrent expenditure budget.

The following chart provides a detailed breakdown of expenditure, showing relative composition of each shilling spent.

**Figure 180: Nakuru County Composition of Each Shilling Incurred in the First Quarter of FY 2025/26**

Source: Nakuru County Treasury

As shown in Figure 180, the three highest expenditure categories were Personnel Emoluments, development expenditure, and domestic and foreign expenses, which contributed 92 per cent, 5 per cent, and 2 per cent, respectively, of the total expenditure for the reporting period.

### 3.31.7 Settlement of Trade payables

As of 1<sup>st</sup> July 2025, the County reported Trade payables totalling Kshs.3.68 billion. This amount included Kshs.3.52 billion from the County Executive and Kshs.157.98 million from the County Assembly. The Trade payables from the County Executive consisted of Kshs.2.85 billion for recurrent expenditures and Kshs.668.73 million for development expenditures.

During the reporting period, the County Executive settled Trade payables amounting to Kshs.90.09 million, which was allocated for development programmes and paid from the Facility Improvement Financing (FIF) of the health sector.

The County Executive conducted a verification exercise to determine the actual total stock of Trade payables and identified an ineligible amount of Kshs 1.03 billion out of the initially reported bills of Kshs.3.52 billion, resulting in a reduction of the bills to Kshs.2.55 billion. The ineligible Trade payables will be subjected to further verification once the departments provide the necessary supporting documents.

The reported outstanding payables as of 30th September, 2025 was therefore Kshs.2.55 billion for County Executive and Kshs.157.98 million for County Assembly. Table 3.363 provides additional details of Trade payables.

**Table 3.363: Nakuru County Trade payables as of 30<sup>th</sup> September 2025**

The County Executive and the Assembly submitted a Trade payables payment plan, committing to pay Kshs.696.29 million and Kshs.23.36 million, respectively, in the first quarter of FY 2025/26. The County did not adhere to this payment plan, as it cleared Kshs.90.09 million for the Executive and nil for the Assembly.

Table 3.364 and Table 3.365 present the ageing of the total outstanding bills as of 30 September 2025 for the County Executive and Assembly, which were Kshs.2.55 billion.

**Table 3.364: Nakuru County Executive Trade Payables Ageing Analysis as of 30 September 2025**

### 3.31.8 Expenditure by Economic Classification

During the reporting period, the County Executive incurred Kshs.1.43 billion for compensation of employees, Kshs.132.14 million for operations and maintenance, and Kshs.90.09 million for development activities. Similarly, the County Assembly spent Kshs.127.06 million on compensation of employees and Kshs.44.15 million on operations and maintenance, as shown in Table 3.366.

Table 3.366: Nakuru County Summary of Budget and Expenditure by Economic Classification

Expenditure Classification	Revised Budget (Kshs.)		Expenditure (Kshs.)		Absorption (%)	
	County Exec- utive	County Assem- bly	County Exec- utive	County Assembly	County Executive	County Assembly
<b>Total Recurrent Expenditure</b>	<b>13,663,374,264</b>	<b>1,261,497,608</b>	<b>1,560,175,509</b>	<b>171,204,659</b>	<b>11</b>	<b>14</b>

### 3.31.9 Expenditure on Compensation of Employees

During the period under review, the expenditure on employee compensation totalled Kshs.1.56 billion. The percentage of compensation of employees to revenue was 21 per cent. This expenditure on employee compensation shows a decrease compared to the Kshs.1.72 billion reported in a similar period in FY 2024/25. Of this total, Kshs.860.12 million related to the Health Sector employees, which accounted for 55 per cent of the overall employees' compensation.

Figure 181 shows the compensation trend of employees' expenditures as a percentage of total revenue received from the First Quarter of FY 2020/21 to the First Quarter of FY 2025/26.

Figure 181: Percentage of Employee Compensation to Total Revenue Received from the First Quarter of FY 2020/21 to the First Quarter of FY 2025/26

Source: Nakuru County Treasury

As shown in Figure 181, , the County Assembly consistently recorded a significantly higher wage-to-revenue ratio, fluctuating between 54 and 77 per cent, which reflects a substantial commitment of its resources to personnel costs. The County's total wage bill remained moderate at 18 to 30 per cent of total revenue, supported largely by the Executive's stronger revenue base.

Further analysis indicated that PE costs amounting to Kshs.1.46 billion were processed through the Human Resource Information System (HRIS). In contrast, Kshs.97.63 million was processed through manual payroll, which accounted for 6 per cent of the total PE cost.

The manual payroll comprised salaries for 35 staff not on-boarded into the Human Resource Information System (HRIS), salaries for 756 casual staff, top-up allowances for security personnel, gratuity remittances to pension schemes for staff on contract, and LAPTRUST/LAPFUND Pension Contributions, as shown in Table 3.367.

**Table 3.367: Breakdown of Nakuru County Manual Payroll**

Sno.	Description of Manual Payroll	Amount (Kshs.)
	Salaries for 35 staff are yet to be onboarded into HRIS	3,585,896
	Salaries for 756 casual staff	56,546,189
	Top-up Allowances 38 for Security Officers	4,071,453
	LAPTRUST/LAPFUND Pension Contributions	3,774,210
	Gratuity for contract staff	29,654,064
	<b>Total</b>	<b>97,631,813</b>

Source: Nakuru County Treasury

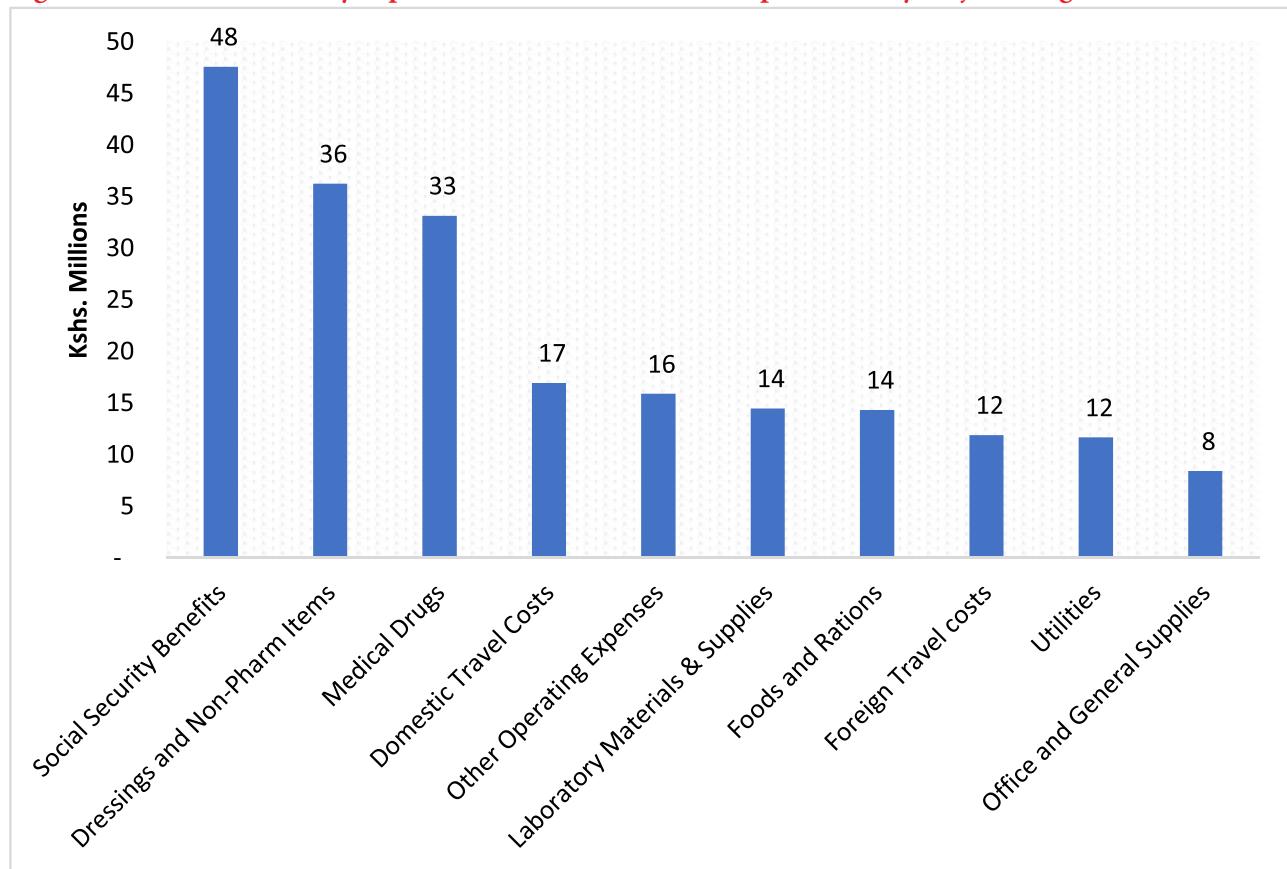

The County Assembly did not report any expenditure on committee sitting allowances for the 75 MCAs and the Speaker against the annual budget allocation of Kshs.53.00 million. The County Assembly has 23 House Committees.

### 3.31.10 Expenditure on Operations and Maintenance

During the reporting period, the County incurred Kshs.176.29 million on operations and maintenance, representing a decrease of 54 per cent compared to FY 2024/25, when the County incurred Kshs.379.29 million.

Figure 182 summarises the Operations and Maintenance expenditure by major categories.

**Figure 182: Nakuru County, Operations and Maintenance Expenditure by Major Categories**

### 3.31.11 Unbundling “Other Operating Expenses” Under Operations and Maintenance Expenditures

The budget performance report submitted to the Controller of Budget for the first quarter of FY 2025/26 shows that the County incurred Kshs.15.89 million under “other Operating expenses” translates to 9 per cent of the cumulative operations and maintenance expenditure of Kshs.176.29 million. The disaggregated items under the “Other Operating Expenses” category are shown in Table 3.368.

**Table 3.368: Breakdown of “Other Operating Expenses” under O&M Expenditures**

Code	Item	Budget (Kshs)	Expenditure (Kshs.)
2211305	Contracted Guards and Cleaning Services	111,674,639	14,722,451
2211310	Contracted Professional Services	26,430,000	1,165,200
	<b>Total</b>	<b>138,104,639</b>	<b>15,887,651</b>

### 3.31.12 County-Established Funds

Section 116 of the PFM Act 2012 allows County Governments to establish other public funds, subject to approval from the County Executive Committee and the County Assembly. The County allocated Kshs.734.84 million to County-Established funds in FY 2025/26, or 3 per cent of the County’s overall budget. Further, the County allocated Kshs.70 million to the Emergency Fund (less than one per cent of the total budget) in line with Section 110 of the PFM Act, 2012.

Table 3.369 summarises each established Fund’s budget allocation and performance during the reporting period.

**Table 3.369: Performance of Nakuru County Established Funds in the First Quarter of FY 2025/26**

Source: Nakuru County Treasury

During the reporting period, the CoB did receive quarterly financial reports from 9 Fund Administrators, as indicated in Table 3.369, as per the requirement of Section 168 of the PFM Act, 2012.

Regulation 197(1)(i) of the Public Finance Management (County Governments) Regulations, 2015, allows County Governments to establish public funds with a lifespan capped at 10 years unless extended by the County Assembly. In FY 2025/26, the CoB established that the lifespan of the Bursary Fund had lapsed. Consequently, the CoB can not approve any requests for withdrawals to support the operations of the lapsed funds.

### 3.31.13 County Corporations

The County has 3 County Corporations, which were allocated Kshs.2.91 billion in FY 2025/26. Their total expenditure for the review period amounted to Kshs.477.51 million, as shown in Table 3.370.

**Table 3.370: Performance of Nakuru County Corporations in the First Quarter of FY 2025/26**

S/No.	Name of the Corporation	Approved Budget Allocation in FY 2025/26 (Kshs.)	Exchequer Issues (Kshs.)	Actual Transfers in FY 2025/26 (Kshs.)	Cumulative Transfers to the Corporation since its inception (Kshs.)

### 3.31.14 Expenditure on Domestic and Foreign Travel

Expenditure on domestic travel amounted to Kshs.16.95 million and comprised Kshs.15.65 million spent by the County Assembly and Kshs.1.30 million by the County Executive. Expenditure on foreign travel amounted to Kshs.11.90 million and was entirely by the County Assembly. Expenditure on foreign travel is summarised in Table 3.371.

**Table 3.371: Summary of Expenditure on Foreign Travel in the First Quarter of FY 2025/26**

Arm of County Government	Number of Officers Travelled	Date travelled	Purpose of the travel	Destination	Total Costs of the Travel in (Kshs.)
County Assembly	2	10th 15th Aug 2025	The 11th Biennial Commonwealth Hansard Editors Association -Africa Region Conference	Ghana	560,823

<b>Total</b>					<b>11,901,873</b>

Source: Nakuru County Assembly

### 3.31.15 Facility Improvement Financing

During the review period, the County reported recognized of Kshs.542.88 million as FIF, which was 25 per cent of the annual target of Kshs.2.18 billion. The recognized amount was retained and utilised at source in line with the Facility Improvement Financing Act, 2023. The County has however, not developed regulations to operationalise the FIF Act of 2023.

The expenditure by the health facilities amounted to Kshs.542.88 million, as shown in Table 3.372.

**Table 3.372: Nakuru County Health Facilities Expenditure Performance in FY 2025/26**

No.	Health Facility	Number of Facilities	Approved Budget (Kshs.)	Actual Expenditure (Kshs.)	Absorption rate (%)
1.	Level 5 Hospital	1	1,199,132,308	360,226,109	30
2.	Level 4 Hospital	15	976,771,605	182,652,983	19
	<b>Total</b>	<b>16</b>	<b>2,175,903,913</b>	<b>542,879,092</b>	<b>25</b>

### 3.31.16 Development Expenditure

In the review period, the County reported incurring Kshs.90.09 million on development programmes, representing an increase of 188 per cent compared to FY 2024/25, when the County spent Kshs.31.29 million. Table 3.373 summarises the development projects with the highest expenditure in the reporting period.

**Table 3.373: Nakuru County, List of Development Projects with the Highest Expenditure**

No.	Sector	Project Name	Project Location	Expected Completion Date	Contract sum (Kshs)	Amount paid in FY 2025/26 (Kshs.)	Cumulative Expenditure as of 30 September 2025	Implementation status (%)

Source: Nakuru County Treasury

Analysis of expenditure by departments shows that the Department of Health Services recorded the only absorption rate of development budget at 6 per cent, while the Departments of Health Services and Water, Energy, Environment, Natural Resources and Climate Change had the highest percentage of recurrent expenditure to budget at 15 per cent.

### 3.31.18 Budget Execution by Programmes and Sub-Programmes

The development sub-programmes with the highest level of budget implementation, based on absorption rates, was Provision of Essential Health Services in all Levels in the Department of Health Services at 8 per cent of the budget allocation. Conversely, the recurrent sub-programmes with the highest levels of budget implementation, based on absorption rates, were: Administrative Services in the Department of Lands, Physical Planning, Housing and Urban Development at 76 per cent, Personnel Services in the County Treasury at 29 per cent, and Personnel Services in the Department of Youth, Sports, Gender, Social Services and Inclusivity at 28 per cent of the budget allocation.

### 3.31.19 Accounts Operated in Commercial Banks

Regulation 82(1)(b) of the PFM (County Governments) Regulations, 2015, requires that County Government bank accounts be opened and maintained at the Central Bank of Kenya. The only exemption is for imprest bank accounts for petty cash and revenue collection bank accounts.

Further, Regulation 82(4) of the Public Finance Management (PFM) Act requires accounting officers to obtain written authorisation from the County Treasury before opening a commercial bank account. Additionally, Regulation 82(5) of the Public Finance Management (County Governments) Regulations, 2015, requires the County Treasury to submit a copy of the letter authorising an accounting officer to open a commercial bank account to the Controller of Budget.

The County Government operated 311 accounts in commercial banks, including 208 accounts for Health Facilities, 72 accounts for Vocational Training Centres, 10 accounts for Established Funds, eight revenue accounts, 12 special-purpose accounts (additional allocations), and one account for imprests at the Office of the Governor.

The County Treasury did not submit copies of authorisation letters to the Controller of Budget for opening 311 commercial bank accounts as per Regulation 82(5) of the Public Finance Management (County Governments) Regulations, 2015.

### 3.31.20 Key Observations and Recommendations

In the course of overseeing and reporting on the implementation of the County budget, the CoB identified the following challenges, which hampered effective budget implementation;

- i. The underperformance of own-source revenue at Kshs.792.01 million against an annual target of Kshs.4.58 billion, representing 17 per cent of the financial year target.
- ii. Low development performance in the review period as the County incurred Kshs.90.09 million on development activities, achieving a 1 per cent absorption rate.
- iii. Regulation 197(1)(i) of the Public Finance Management (County Governments) Regulations, 2015, limits the lifespan of public funds to 10 years unless extended by the County Assembly. As of 30 Sep-

- tember 2025, the lifespan of the Bursary Fund had lapsed, making it ineligible for further withdrawals.
- iv. High level of Trade payables, which amounted to Kshs.2.55 billion as of 30 September 2025. Further, there was non-adherence to the payment plan for the Trade payables by the County Treasury.
  - v. Use of manual payroll. Personnel emoluments amounting to Kshs.97.63 million for 35 staff not onboarded into HRIS and 756 casual staff were processed through manual payroll, accounting for 6 per cent of the total payroll cost. Manual payroll is prone to abuse and may result in the loss of public funds.
  - vi. Non-submission of copies of authorisation letters for opening commercial bank accounts as per Regulation 82(5) of the Public Finance Management (County Governments) Regulations, 2015.
  - vii. The County reported revenue arrears of Kshs.13.64 billion comprising of Kshs.11.47 billion on ordinary OSR, Kshs.1.23 billion on equitable share, and Kshs.938.99 million on FIF. These revenue arrears limited funding for County activities.

The County should implement the following recommendations to improve budget execution:

- i. *The County should address its own-source revenue performance to ensure the approved budget is fully financed. Appropriate austerity measures should be implemented to ensure expenditure commitments are aligned with available revenue.*
- ii. *The County should implement strategies to increase development expenditures in FY 2025/26.*
- iii. *The County should ensure timely review and extension of public funds whose lifespan is nearing expiration to prevent operational disruptions. Additionally, any expenditure from lapsed funds should cease immediately, and legal mechanisms should be followed to re-establish or wind up such funds in compliance with the Public Finance Management Act.*
- iv. *The County Leadership should address the situation of Trade payables to ensure that genuine bills are paid promptly in the remaining financial year. Further, compliance with the Trade payables Action Plan should be enforced.*
- v. *The Government requires that salaries be processed through the HRIS system, and the County is advised to fast-track the acquisition of Unified Personnel Numbers for their staff. The County Public Service Board should regulate staff engagement on contract and casual workers as provided under Section 74 of the County Governments Act 2012. Furthermore, strict adherence to the approved staff establishment should be maintained.*
- vi. *The County Treasury should ensure it submits copies of authorisation letters to OCoB for opening commercial bank accounts to enhance accountability and oversight.*
- vii. *The County needs to develop strategies to collect these outstanding arrears to improve budget implementation.*

### **3.32. County Government of Nandi**

#### **3.32.1 Overview of FY 2025/26 Budget**

The Nandi County Approved Budget for FY 2025/26 is Kshs.10.03 billion. It comprises a development budget of Kshs.3.40 billion (34 per cent) and a recurrent budget of Kshs.6.62 billion (66 per cent). The approved budget represents a decline of 2 per cent compared to the FY 2024/25 budget of Kshs.10.19 billion, which consisted of a development allocation of Kshs.3.69 billion and a recurrent allocation of Kshs.6.49 billion. The decline in the budget is primarily attributed to reduced allocations under the equitable share and additional allocations from the national government.

The FY 2025/26 budget is expected to be financed through the equitable share of revenue raised nationally, additional allocations from the national government and development partners, own-source revenue, and facility improvement funds. The County did not report any cash balance brought forward from FY 2024/25. is shown in Table 3.375.

#### **3.32.2 Revenue Performance**

During the first Quarter of FY 2025/26, the County generated Kshs.1.32 billion in revenue. This amount represented an increase of 3 per cent compared to the Kshs.1.28 billion received in the same period in FY 2024/25. The total revenue consisted of Kshs.1.25 billion from the equitable share of revenue raised nationally, and own-source revenue (OSR) collection of Kshs.72.26 million. No additional allocations from the national government and development partners were received during the period. The equitable share of revenue raised nationally

and OSR contributed 95 per cent and 5 per cent, respectively, of the total revenue for the reporting period.

During the First Quarter of FY 2025/26, the County generated Kshs.72.26 million from its revenue sources, including FIF. This amount was a decrease of 5 per cent compared to Kshs.75.95 million realised in the same period in FY 2024/25, and was 6.8 per cent of the annual target and 5.8 per cent of the equitable revenue share disbursed.

The decrease in OSR was attributed to underperformance in ordinary revenue streams, partially offset by higher-than-previous-reported FIF collections.

The County has governing legislation on the operation of ordinary A-I-A and FIF.

Figure 183 provides a detailed breakdown of revenue, showing the amount received for each shilling.

**Figure 183: Nandi County Composition of Each Shilling Received in the First Quarter of FY 2025/26**

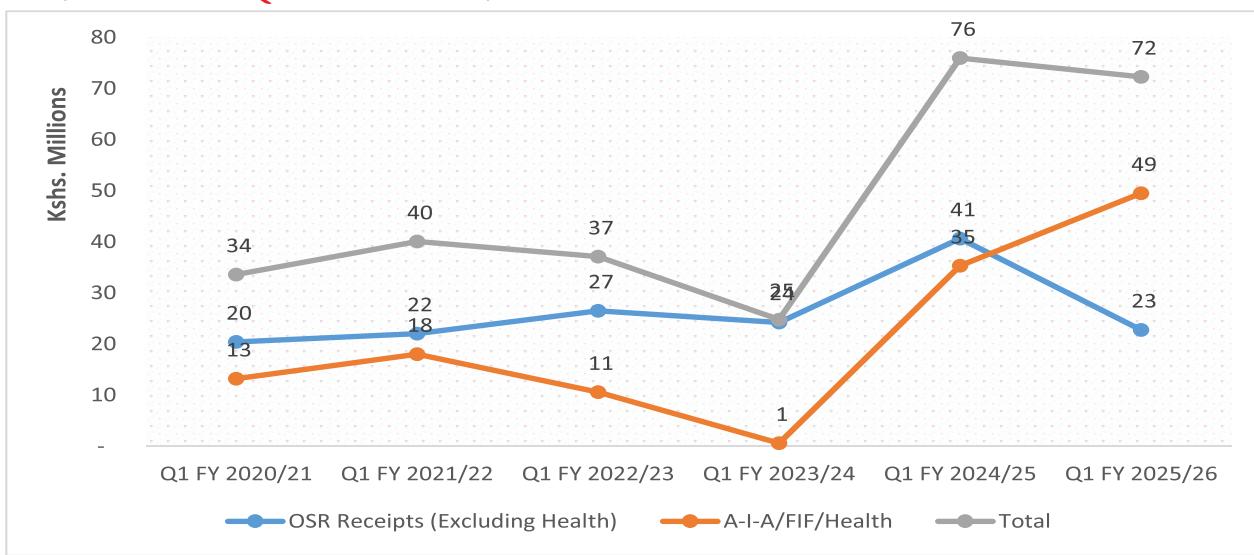

*Source: Nandi County Treasury*

The equitable share of revenue raised nationally, FIF and OSR contributed 94 per cent, 4 per cent and 2 per cent respectively of the total revenue for the reporting period.

Figure 184 shows the collection trend in own-source revenue from the First Quarter of FY 2020/21 to the First Quarter of FY 2025/26.

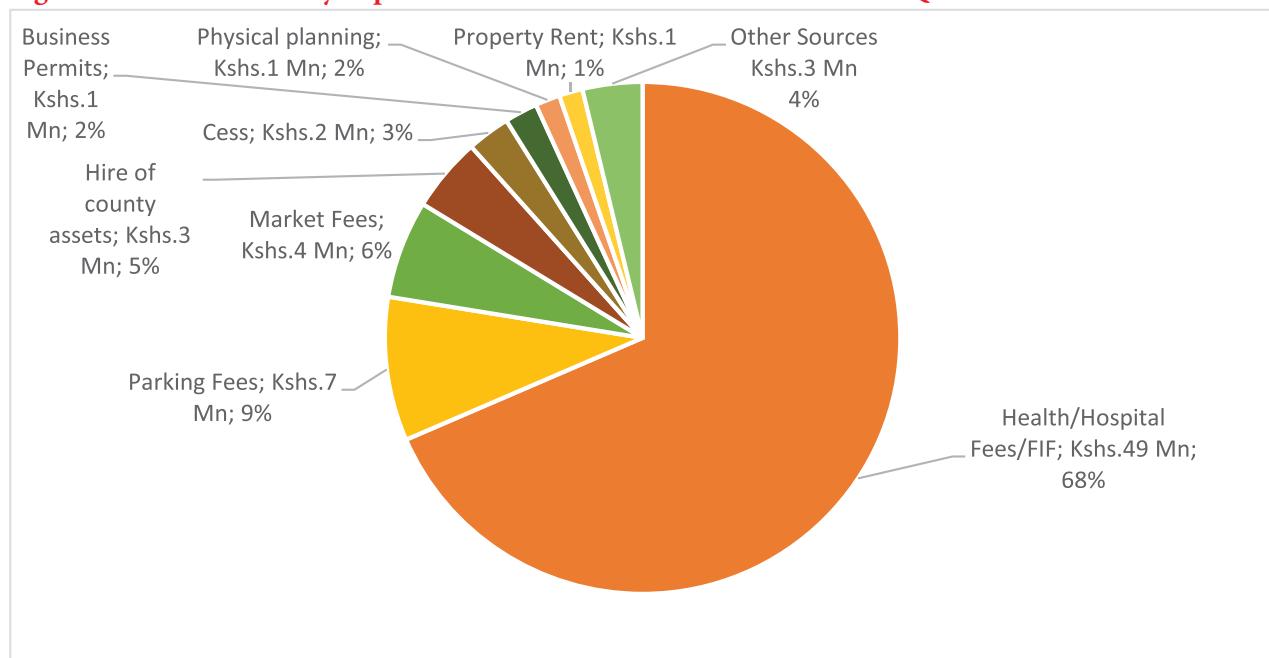

**Figure 184: Nandi County Trend in Own-Source Revenue Collection from the First Quarter of FY 2020/21 to the First Quarter of FY 2025/26**

*Source: Nandi County Treasury*

During the First Quarter of FY 2025/26, the County generated Kshs.72.26 million from its revenue sources, including FIF. This amount was a decrease of 5 per cent compared to Kshs.75.95 million realised in the same period in FY 2024/25, and was 6.8 per cent of the annual target and 5.8 per cent of the equitable revenue share disbursed. The revenue streams that contributed the most to OSR revenue are shown in Figure 185.

**Figure 185: Nandi County Top Own Source Revenue Streams in the First Quarter of FY 2025/26**

Source: Nandi County Treasury

As shown in Figure 185, the highest revenue stream, at Kshs.49 million, was from FIF, accounting for 68 per cent of the total OSR revenue. The County Government indicated that it has automated all revenue streams.

### 3.32.3 Revenue Arrears

The County did not report revenue arrears during the period under review.

### 3.32.4 Exchequers Approved

The Controller of Budget approved withdrawals of Kshs.1.27 billion from the CRF account during the reporting period, which comprised Kshs.37.82 million (3 per cent) for development programmes and Kshs.1.23 billion (97 per cent) for recurrent programmes. Analysis of the recurrent exchequers released indicates that Kshs.808.40 million was towards employee compensation and Kshs.420.59 million for operations and maintenance expenditure.

The operations and maintenance exchequer analysis indicate that 15 per cent was for domestic travel and 1 per cent for foreign travel. The domestic travel exchequer amounted to Kshs.64.44 million and included Kshs.52.88 million for the County Executive and Kshs.11.56 million for the County Assembly. The foreign exchequer totalled Kshs.5.99 million, comprising Kshs.2.72 million for the County Executive and Kshs.3.27 million for the County Assembly.

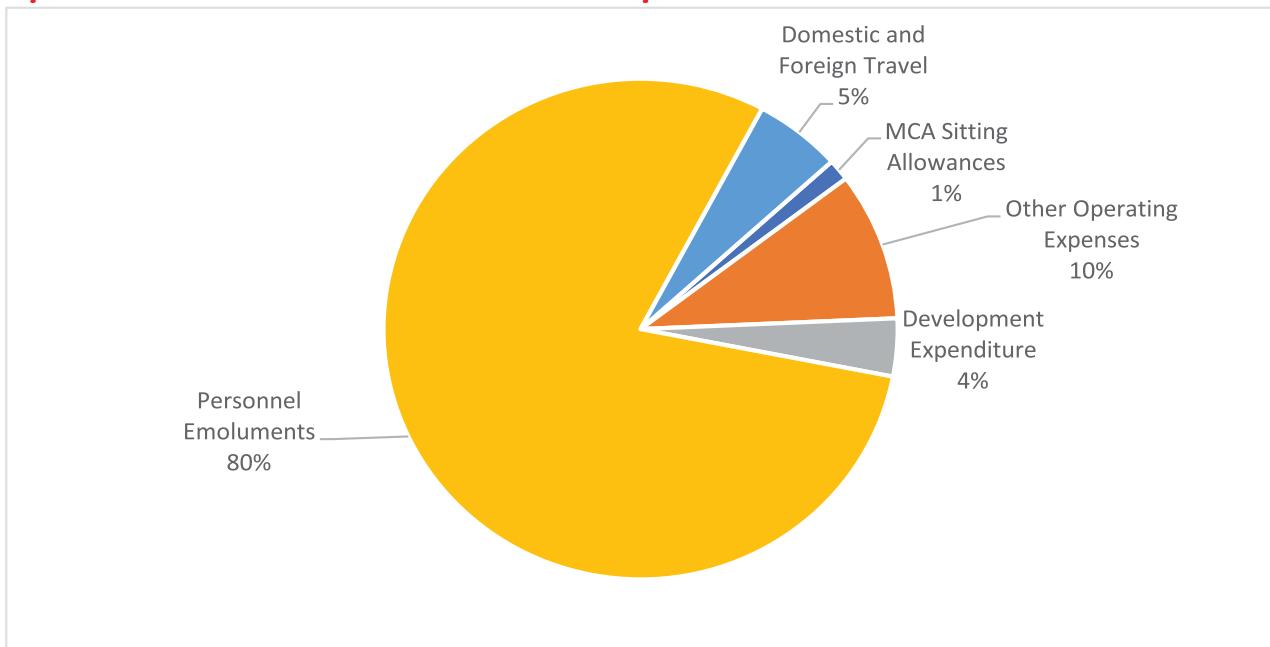

As of September 30, 2025, the County Government's cash balance in the CRF account was Kshs.505 million.

### 3.32.5 Expenditure Review

The County spent Kshs.1.27 billion on development and recurrent programmes in the reporting period. The expenditure represented 100 per cent of the total funds released by the CoB. It comprised Kshs.37.82 million for development programmes and Kshs.1.23 billion for recurrent programmes. Expenditure on development programmes represented an absorption rate of 1 per cent, while recurrent expenditure represented an absorption rate of 19 per cent.

The following chart provides a detailed breakdown of expenditure, showing the relative composition of each shilling spent.

**Figure 186: Nandi County Composition of Each Shilling Paid in the First Quarter of FY 2025/26**

**Source:** Nandi County Treasury

As shown in Figure 186, the three highest expenditure categories were personnel emoluments, other operating expenses, and domestic & foreign travel, which accounted for 80 per cent, 10 per cent, and 5 per cent of total expenditure, respectively, for the reporting period.

### 3.32.6 Settlement of Trade Payables

As of July 1 2025, the County reported Trade Payables totalling Kshs.1.01 billion. This amount included Kshs.993.22 million from the County Executive and Kshs.13.46 million from the County Assembly.

During the reporting period, neither the County Executive nor the County Assembly settled any Trade Payables. The outstanding Trade Payables as of September 30 2025 was Kshs.993.22 million for County Executive and Kshs.13.46 million for County Assembly.

The County Executive submitted a Trade Payables payment plan; however, the County did not adhere to it, as no Trade Payables were cleared in the first quarter. Table 3.376 presents the ageing of the total outstanding bills as of September 30 2025, for the County Executive.

**Table 3.376: Nandi County Executive Pending Bill Ageing Analysis as of September 30 2025**

Category	Ageing analysis (Amount in Kshs.)				Total
	Under one year	1-2 years	2-3 years	Over 3 years	
<b>Development Trade Payables</b>		506,300,690		2,860,712	509,161,402
Recurrent Trade Payables (Goods & Services)		384,798,102		162,400	384,960,502
Recurrent Trade Payables (Salary Arrears and Statutory Deductions)		91,000,000			91,000,000
<b>Total Recurrent Trade Payables</b>	-	475,798,102	-	162,400	475,960,502
<b>Total Trade Payables</b>	-	982,098,792	-	3,023,112	985,121,904
<b>% of Total</b>		99.7	-	0.3	100

**Source:** Nandi County Treasury

Table 3.376 shows that nearly 100 per cent of the Executive pending bills are aged 1-2 years, with over half for development activities.

### 3.32.7 Expenditure by Economic Classification

During the reporting period, the County Executive spent Kshs.654.92 million for compensation of employees, Kshs.319.51 million for operations and maintenance, and Kshs.37.82 million for development activities. Similarly, the County Assembly spent Kshs.153.48 million on compensation of employees and Kshs.101.07 million on operations and maintenance as shown in Table 3.377.

**Table 3.377: Nandi County Summary of Budget and Expenditure by Economic Classification**

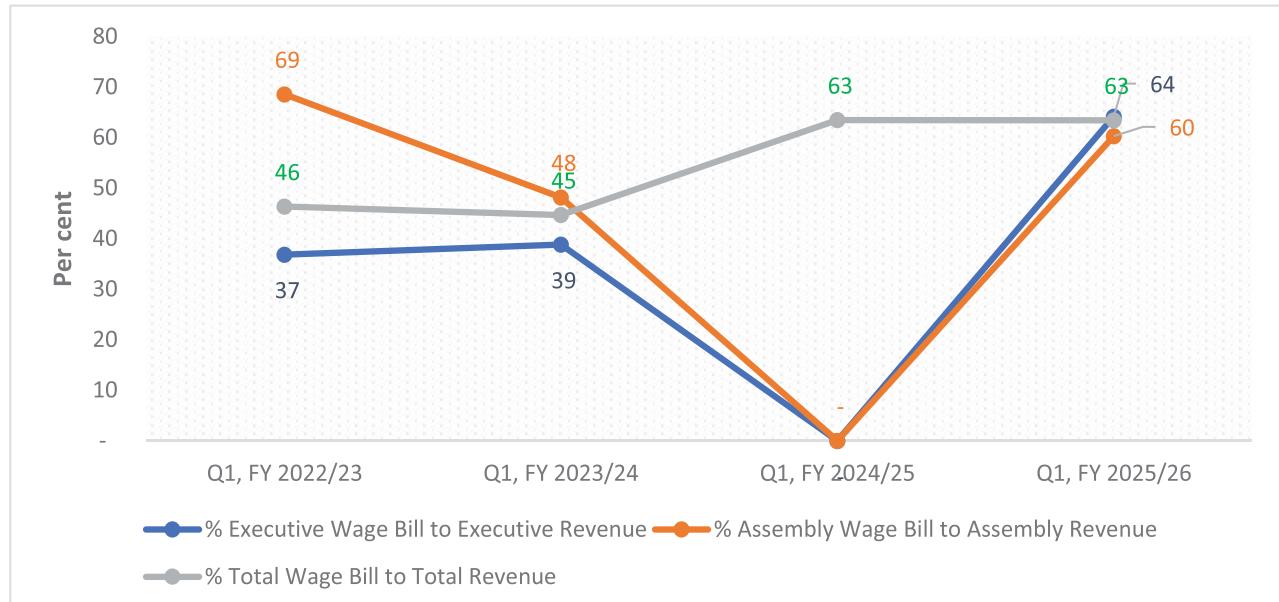

Expenditure Classification	Budget (Kshs.)		Expenditure (Kshs.)		Absorption (%)	
	County Executive	County Assembly	County Executive	County Assembly	County Executive	County Assembly
<b>Total Recurrent Expenditure</b>	5,843,815,695	781,140,379	974,437,468	254,551,224	17	33
Compensation of Employees	3,755,729,756	455,034,007	654,922,903	153,476,622	17	34
Operations and Maintenance	2,088,085,939	326,106,372	319,514,565	101,074,602	15	31
<b>Development Expenditure</b>	3,323,817,006	80,000,000	37,820,914	-	1	0
<b>Total</b>	<b>9,167,632,701</b>	<b>861,140,379</b>	<b>1,012,258,382</b>	<b>254,551,224</b>	<b>11</b>	<b>30</b>

Source: Nandi County Treasury

### 3.32.8 Expenditure on Compensation of Employees

During the period under review, the expenditure on employee compensation totalled Kshs.808.40 million. The percentage of compensation of employees to revenue was 63 per cent. This expenditure on employee compensation shows a decrease compared to the Kshs.813.10 million reported in the same period in FY 2024/25. Of this total, Kshs.243.91 million related to the Health Sector employees, which accounted for 30 per cent of the overall employees' compensation. Figure 187 shows the compensation trend of employees' expenditures as a percentage of total revenue received from the First Quarter of FY 2020/21 to the First Quarter of FY 2025/26.

**Figure 187: Percentage of Employee Compensation to Total Revenue Received from the First Quarter of FY 2020/21 to the First Quarter of FY 2025/26**

Source: Nandi County Treasury

Figure 187 shows that Assembly apportioned 60 per cent of their inflows towards compensation of employees while the Executive apportioned 64 per cent. Both entities exceeded the 35 per cent ceiling set by Regulation 25(1)(b) of the PFM (County Governments) Regulations 2015, highlighting that employee compensation was prioritised over other expenditures in the review period.

Further analysis indicated that PE costs amounting to Kshs.768.27 million were processed through the Human Resource Information System (HRIS). In contrast, Kshs.40.13 million was processed through manual payroll, which accounted for 5 per cent of the total PE cost.

The County Assembly spent Kshs.14.10 million on committee sitting allowances for the 45 MCAs against the annual budget allocation of Kshs.28.83 million. The average monthly sitting allowance was Kshs.104,463 per MCA.

### 3.32.9 Expenditure on Operations and Maintenance

During the reporting period, the County spent Kshs.420.59 million on operations and maintenance, representing an increase of 18 per cent compared to FY 2024/25, when the County spent Kshs.357.10 million. Figure 188 summarises the Operations and Maintenance expenditure by major categories.

**Figure 188: Nandi County, Operations and Maintenance Expenditure by Major Categories**

Source: Nandi County Treasury

### 3.32.10 County-Established Funds

Section 116 of the PFM Act 2012 allows County Governments to establish other public funds, subject to approval from the County Executive Committee and the County Assembly. The County allocated Kshs.71 million to County-Established funds in FY 2025/26, or 0.7 per cent of the County's overall budget. Further, the County allocated Kshs.40 million to the Emergency Fund (0.4 per cent of the total budget) in line with Section 110 of the PFM Act, 2012. Table 3.7Table 3.378 summarises each established Fund's budget allocation and performance during the reporting period.

**Table 3.378: Performance of Nandi County Established Funds in the First Quarter of FY 2025/26**

S/No.	Name of the Fund	Year Established	Approved Budget Allocation in FY 2025/26 (Kshs.)	Exchequer Issues (Kshs.)	Actual Expenditure (Kshs.)	Submission of Financial Statements (Yes/No.)
<b>County Executive Established Funds</b>						
1	Nandi County Car and Mortgage Fund	2018	1,050,000	-	-	No
2	Nandi County Education Scheme	2016	30,000,000	-	-	Yes
3	Nandi County Emergency Fund	2020	40,000,000	-	-	Yes
<b>County Assembly Established Funds</b>						
1	Nandi County Assembly Car and Mortgage Fund	2018	-	-	-	-
Total			71,050,000			

Source: Nandi County Treasury

During the reporting period, the CoB did not receive quarterly financial reports from 1 Fund Administrator, as indicated in Table 3.378 contrary to the requirement of Section 168 of the PFM Act, 2012. The County disclosed that administration costs of the Funds were above the 3 per cent limit of the Fund budget set in Regulation 197(1)(d) of the Public Finance Management (County Governments) Regulations, 2015.

Regulation 197(1)(i) of the Public Finance Management (County Governments) Regulations, 2015, allows County Governments to establish public funds with a lifespan capped at 10 years unless extended by the County Assembly. In FY 2025/26, the CoB established that the lifespan of none of the funds had lapsed.

### 3.32.11 County Corporations

The County has one County Corporation: the Kapsabet Nandi Water and Sanitation Company Ltd (KANAWAS-CO). The County did not provide financial reports for the corporation to the CoB during the review period.

### 3.32.12 Expenditure on Domestic and Foreign Travel

Expenditure on domestic travel amounted to Kshs.66.23 million and comprised Kshs.52.88 million spent by the County Assembly and Kshs.13.35 million by the County Executive. Expenditure on foreign travel amounted to Kshs.5.99 million and comprised Kshs.2.72 million by the County Assembly and Kshs.3.27 million by the County Executive.

### 3.32.13 Facility Improvement Financing

During the review period, the County reported collections of Kshs.6.25 million as FIF, which was 2 per cent of the annual target of Kshs.370.37 million. The collected amount was retained and utilised at source. The County has developed regulations to operationalise the FIF Act of 2023..

The expenditure by the health facilities amounted to Kshs.34.20 million, as shown in Table 3.379.

**Table 3.379: Nandi County Health Facilities Expenditure Performance in FY 2025/26**

No.	Health Facility	Number of Facilities	Approved Budget (Kshs.)	Actual Expenditure (Kshs.)	Absorption rate (%)
1.	Level 5 Hospital	1	15,318,595	15,318,595	100
2.	Level 4 Hospital	7	34,173,423	34,178,423	100
	<b>Total</b>	<b>7</b>	<b>34,178,423</b>	<b>34,178,423</b>	<b>100</b>

*Source:* Nandi County Treasury

### 3.32.14 Development Expenditure

In the review period, the County reported spending Kshs.37.82 million on development programmes, representing a decrease of 25 per cent compared to FY 2024/25, when the County spent Kshs.50.71 million. The development expenditure was a transfer to a special purpose account and thus there were no projects implemented during the review period. The County did not report any stalled development projects as of 30 September 2025. Budget Performance by Department

Table 3.380 summarises the approved budget allocation, expenditure and absorption rate by departments in the period under review.

**Table 3.380: Nandi County, Budget Allocation and Absorption Rate by Department**

Source: Nandi County Treasury

Analysis of expenditure by departments shows that the Department of culture, Gender and Social Welfare recorded the highest absorption rate of the development budget at 16 per cent. For recurrent expenditure, Kapsabet Municipality recorded the highest absorption rate at 88 per cent, while the Department of Trade, Tourism, Industrialisation and Enterprise Development had the lowest at less than 1 per cent.

### 3.32.15 Budget Execution by Programmes and Sub-Programmes

The overall budget execution for programmes was low, with a combined absorption rate of 11 per cent. Performance varied significantly, with two programmes—"Administration and support services" and "General Administration and Support Services", achieving the highest absorption rates of 23 and 22 per cent, respectively. In contrast, several key programmes, including "Revenue Collection and Management Phase 1" and "Infrastructure and Development," recorded no expenditure, while others like "Health Service Delivery Administration Services" saw substantial spending in absolute terms (Kshs.294.71 million) but a low absorption rate of 9 per cent due to its huge budget.

### 3.32.16 Accounts Operated in Commercial Banks

Regulation 82(1)(b) of the PFM (County Governments) Regulations, 2015, requires that County Government bank accounts be opened and maintained at the Central Bank of Kenya. The only exemption is for imprest bank accounts for petty cash and revenue collection bank accounts.

Further, Regulation 82(4) of the Public Finance Management (PFM) Act requires accounting officers to obtain written authorisation from the County Treasury before opening a commercial bank account. Additionally, Regulation 82(5) of the Public Finance Management (County Governments) Regulations, 2015, requires the County Treasury to submit a copy of the letter authorising an accounting officer to open a commercial bank account to the Controller of Budget.

The County Government operated 10 accounts with commercial banks, including There is one account designated for banking revenue from Kaimosi ATC operations, 2 Imprest Accounts for managing petty cash, one account for the National Agricultural and Rural Inclusive Growth Project, one account for the County Devel-

opment Support Programme, one account for the Urban Development Grant, one account for the Urban Infrastructure Grant, one account for youth service programmes and initiatives, one account for health operations and services, and one account for deposits and retentions.

### 3.32.17 Key Observations and Recommendations

- (i) The underperformance of own-source revenue at Kshs.29.02 million against an annual target of Kshs.1.06 billion, representing 3 per cent of the financial year target which is below the expected 25 per cent..
- (ii) Low development performance in the review period as the County incurred Kshs.37.82 million on development activities, achieving a 1 per cent absorption rate.
- (iii) High level of Trade Payables, which amounted to Kshs.1.01 billion as of 30 September 2025. Further, there was non-adherence to the payment plan for the Trade Payables by the County Treasury.
- (iv) Use of manual payroll. Personnel emoluments amounting to Kshs.40.13 million were processed through manual payroll, accounting for 5 per cent of the total payroll cost.
- (v) Non-submission of copies of authorisation letters for opening commercial bank accounts.

The County should implement the following recommendations to improve budget execution:

- (i) *The County should address its own-source revenue performance to ensure the approved budget is fully financed.*
- (ii) *The County should implement strategies to increase development expenditures in FY 2025/26.*
- (iii) *iii. The County Leadership should address the situation of Trade Payables to ensure that genuine bills are paid promptly.*
- (iv) *The County is advised to fast-track the onboarding of all staff onto the HRIS system to minimize the use of manual payroll.*
- (v) *The County Treasury should ensure it submits copies of authorisation letters to OCoB for opening commercial bank accounts to enhance accountability.*

## 3.33. County Government of Narok

### 3.33.1 Overview of FY 2025/26 Budget

The Narok County Approved Budget for FY 2025/26 is Kshs.17.23 billion. It comprises Kshs.6.21 billion (36 per cent) and Kshs.11.02 billion (64 per cent) allocations for development and recurrent programmes, respectively. The budget estimates represent a decrease of Kshs.336.46 million (2 per cent) from the FY 2024/25 budget, which comprised a development budget of Kshs.5.33 billion and a recurrent budget of Kshs.12.23 billion. The decrease in the budget was primarily attributed to the decline in projected fees in the current financial year.

The budget is to be financed from various revenue sources. These include the equitable share of revenue raised nationally, amounting to Kshs.9.65 billion (56 per cent), additional allocations of Kshs.1.21 billion (7 per cent), and Kshs.6.37 million (37 per cent) to be received as own-source revenue. A breakdown of the additional allocations is shown in Table 3.381.

### 3.33.2 Revenue Performance

During the first Quarter of FY 2025/26, the County received Kshs.3.84 billion in revenue. This amount represented a 2 per cent increase compared to the amount received in a similar period in FY 2024/25, amounting to Kshs.3.76 billion. The total revenue consisted of Kshs.1.57 billion from the equitable share of revenue raised nationally, as well as own-source revenue (OSR) collection of Kshs.2.21 billion. Additionally, the County had a cash balance of Kshs.61.87 million from FY 2024/25. The total OSR collection of Kshs.2.21 billion included Facilities Improvement Financing (FIF) of Kshs.37.73 million, and Kshs.2.17 billion from other OSR sources. Table 3.381 summarises the total revenue available to the County Government during FY 2025/26.

Figure 189 provides a detailed breakdown of receipts, showing a breakdown of each shilling received.

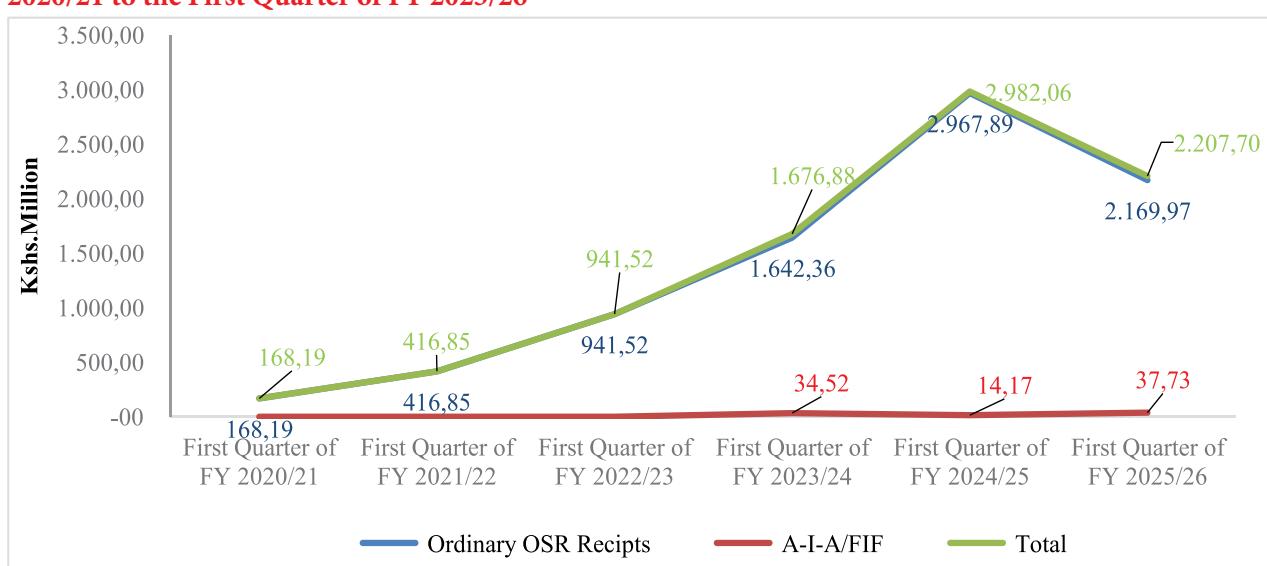

**Figure 189: Narok County Composition of Each Shilling Received in the First Quarter of FY 2025/26**

Source: Narok County Treasury

The equitable share of revenue raised nationally and OSR contributed 41 per cent and 56 per cent, respectively, of the total revenue for the reporting period. Figure 190 shows the collection trend in own-source revenue from the First Quarter of FY 2020/21 to the First Quarter of FY 2025/26.

**Figure 190: Narok County Trend in Own-Source Revenue Collection from the First Quarter of FY 2020/21 to the First Quarter of FY 2025/26**

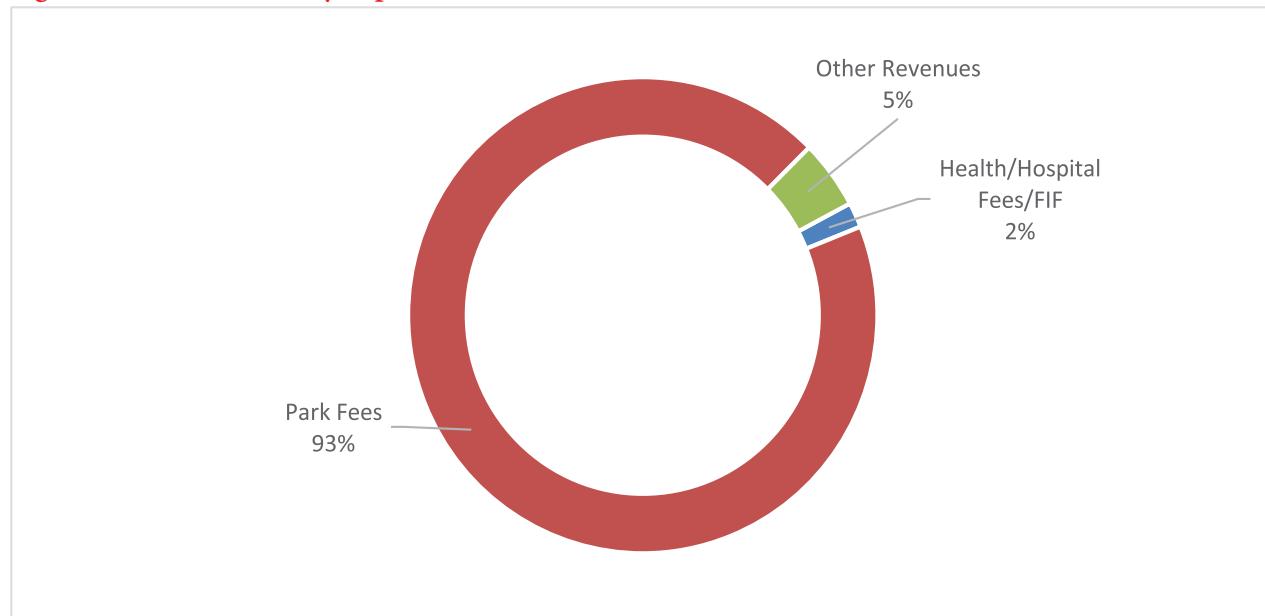

Source: Narok County Treasury

During the First Quarter of FY 2025/26, the County received Kshs.2.21 billion from its revenue sources, including FIF. This amount represented a 26 per cent decrease compared to the Kshs.2.98 billion was realised in a similar period in FY 2024/25, accounting for 35 per cent of the annual target and 41 per cent of the equitable revenue share disbursed.

The decrease in OSR was attributed to a reduction in Park fees from Kshs.2.89 billion in the first quarter of FY2024/25 to Kshs.2.07 billion in FY2025/26. This is attributed to a decline in tourism activities during the reporting period.

The revenue streams that contributed the most to OSR receipts are shown in Figure 191.

**Figure 191: Narok County Top Own Source Revenue Streams in the First Quarter of FY 2025/26**

Source: Narok County Treasury

As shown in Figure 191, the highest revenue stream is park fees, at Kshs.2.07 billion, which accounts for 94 per cent of the total OSR revenue. The County Government indicated that it has automated all revenue streams.

### 3.33.3 Revenue Arrears

As of 1<sup>st</sup> July 2025, the County reported revenue arrears of Kshs.177.71 million. Table 3.382 presents a breakdown of the County's revenue arrears.

**Table 3.382: Narok County Revenue Arrears as of 30th September 2025**

Source: Narok County Treasury

As of 30th September 2025, the revenue arrears totalled Kshs.1.78 billion, comprising Kshs.830.48 million for the Equitable Share for the month of September 2025 (47 per cent). The measures instituted by the County to collect outstanding arrears in FY 2025/26 include engaging the National government to recover arrears on Park fees and outstanding SHA claims.

### 3.33.4 Borrowing by the County

The County did not disclose borrowing information in the review period.

### 3.33.5 Exchequers Approved

The Controller of Budget approved withdrawals of Kshs.1.03 billion from the CRF account during the reporting period, which comprised Kshs.83.91 million (8 per cent) for development programmes and Kshs.943.52 million (92 per cent) for recurrent programmes. Analysis of the recurrent exchequers released indicates that Kshs.863.99 million was towards employee compensation and Kshs.79.53 million for operations and maintenance expenditure.

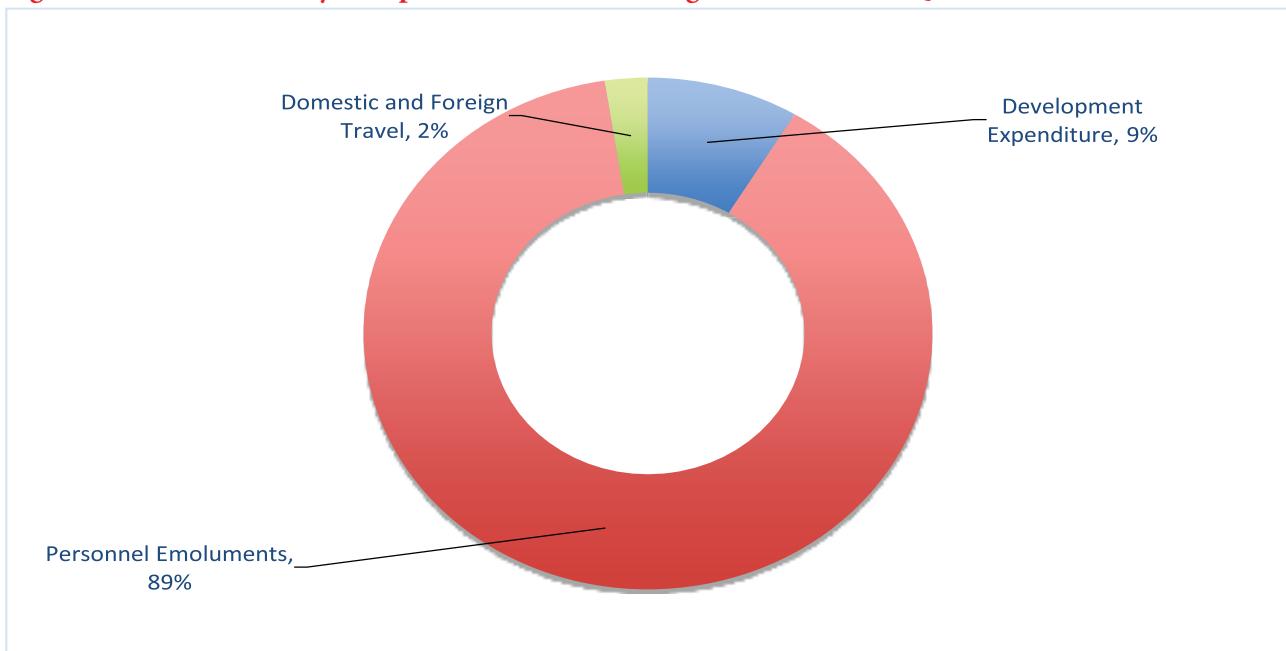

As of 30th September, 2025, the County Government's cash balance in the CRF account was Kshs.1.47 billion.

### 3.33.6 Expenditure Review

The County spent Kshs.1.03 billion on development and recurrent programmes in the reporting period. The expenditure represented 100 per cent of the total funds released by the CoB. It comprised Kshs.83.91million for development programmes and Kshs.943.52 million for recurrent programmes. Expenditure on development programmes represented an absorption rate of 1 per cent, while recurrent expenditure represented 9 per cent of the annual recurrent expenditure budget.

Figure 192 provides a detailed breakdown of expenditure, showing the relative composition of each shilling spent.

**Figure 192: Narok County Composition of Each Shilling Paid in the First Quarter of FY 2025/26**

Source: Narok County Treasury

As shown in Figure 192, the three highest expenditure categories were Personnel emoluments and development expenditure, which accounted for 89 per cent and 9 per cent of total expenditure for the reporting period, respectively.

### 3.33.7 Settlement of Trade Payables

As of 1<sup>st</sup> July 2025, the County reported trade payables totalling Kshs.6.73 billion. This amount included Kshs.6.73 billion from the County Executive. The trade payables from the County Executive consisted of Kshs.4.99 Billion for recurrent expenditures and Kshs.1.74 billion for development expenditures.

During the reporting period, the County Executive settled the trade payables amounting to Kshs.1.30 billion, comprising Kshs.1.22 billion (94 per cent) for recurrent programmes and Kshs.83.91 million (6 per cent) for development programmes. The outstanding accounts receivables as of 30th September 2025 was Kshs5.34 billion for County Executive. Table 3.383 provides additional details of trade payables.

**Table 3.383: Narok County Trade Payables as of 30th September 2025**

		County Entity	Development (Kshs.)	Recurrent (Kshs.)	Total (Kshs.)
As at 1 <sup>st</sup> July 2025 (End of FY 2024/25)	a	County Executive	1,739,741,989.87	4,992,660,482.45	6,732,402,472.32

		Total	1,655,833,865.87	3,773,579,663.97	5,429,413,529.84

*Source: Narok County Treasury*

The County Executive and the Assembly submitted a trade payables payment plan, committing to start paying trade payables in the second quarter of FY 2025/26. The County cleared bills amounting Kshs.1.3 billion for the Executive in the review period.

Table 3.384 presents the ageing of the total outstanding bills as of 30th September 2025 for the County Executive and Assembly, which were Kshs.5.69 billion.

**Table 3.384: Narok County Executive Trade Payables Ageing Analysis as of 30th September 2025**

### 3.33.8 Expenditure by Economic Classification

During the reporting period, the County Executive spent Kshs.777.21 million for compensation of employees, Kshs.66.18 million for operations and maintenance, and Kshs.83.91 million for development activities. Similarly, the County Assembly spent Kshs.86.18 million on compensation of employees and Kshs.13.48 million on operations and maintenance, as shown in Table 3.385.

**Table 3.385: Narok County Summary of Budget and Expenditure by Economic Classification**

Expenditure Classification	Revised Budget (Kshs.)		Expenditure (Kshs.)		Absorption (%)	
	County Executive	County Assembly	County Executive	County Assembly	County Executive	County Assembly
<b>Total Recurrent Expenditure</b>	10,140,195,051	878,624,509	843,389,382	100,127,777	8	11
Compensation of Employees	5,109,706,795	635,068,962	777,209,700	86,780,177	15	14

<b>Development Expenditure</b>	6,062,240,440	150,000,000	83,908,124	-	1	-
<b>Total</b>	16,202,435,491	1,028,624,509	927,297,506	100,127,777	6	10

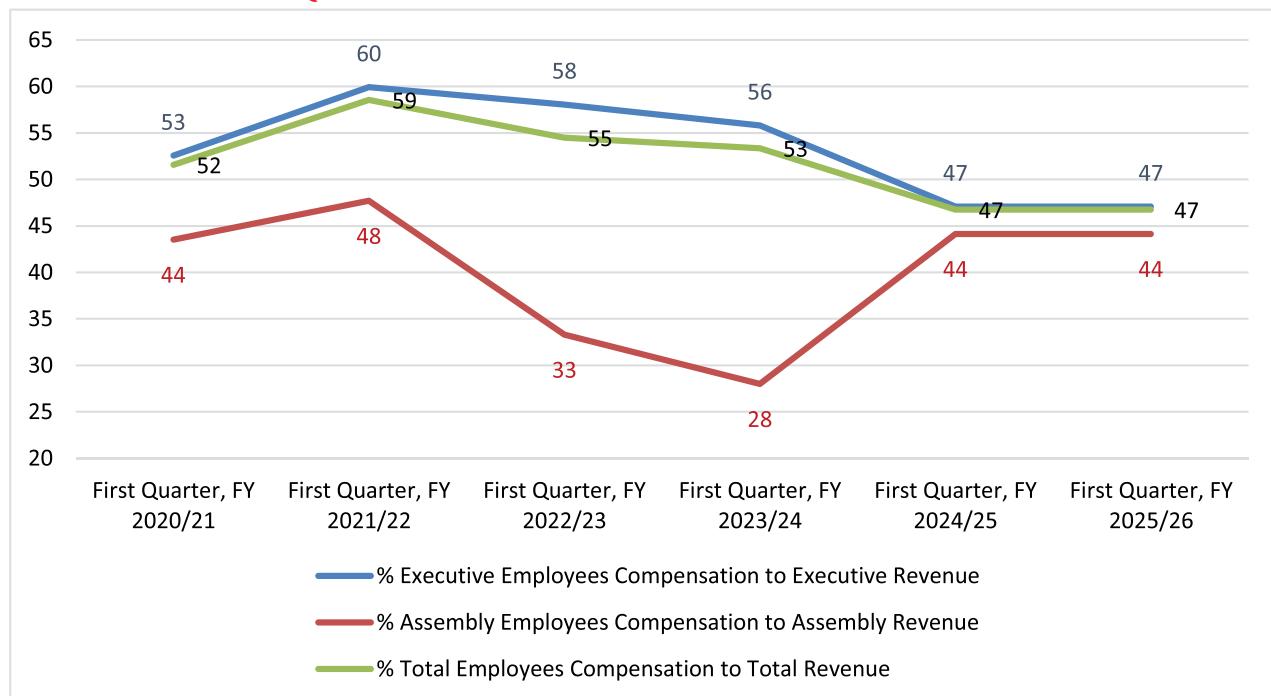

Source: Narok County Treasury

### 3.33.9 Expenditure on Compensation of Employees

During the period under review, the expenditure on employee compensation totalled Kshs.863.99 million. The percentage of compensation of employees to revenue was 84 per cent. This expenditure on employee compensation shows an increase compared to the Kshs.836.54 million reported in a similar period in FY 2024/25. Of this total, Kshs.277.93 million related to the Health Sector employees, which accounted for 32 per cent of the overall employees' compensation.

Figure 193 shows the trend in employees' compensation as a percentage of total revenue from the First Quarter of FY 2020/21 to the First Quarter of FY 2025/26.

**Figure 193: Percentage of Employee Compensation to Total Revenue Received from the First Quarter of FY 2020/21 to the First Quarter of FY 2025/26**

Source: Narok County Treasury

Figure 193 shows that the Assembly apportioned 44 per cent of its first-quarter FY 2025/26 inflows to compensation of employees, while the Executive apportioned 47 per cent. Both entities exceeded the 35 per cent ceiling set by Regulation 25(1)(b) of the PFM (County Governments) Regulations 2015, highlighting that employee compensation was prioritised over other expenditures in the review period.

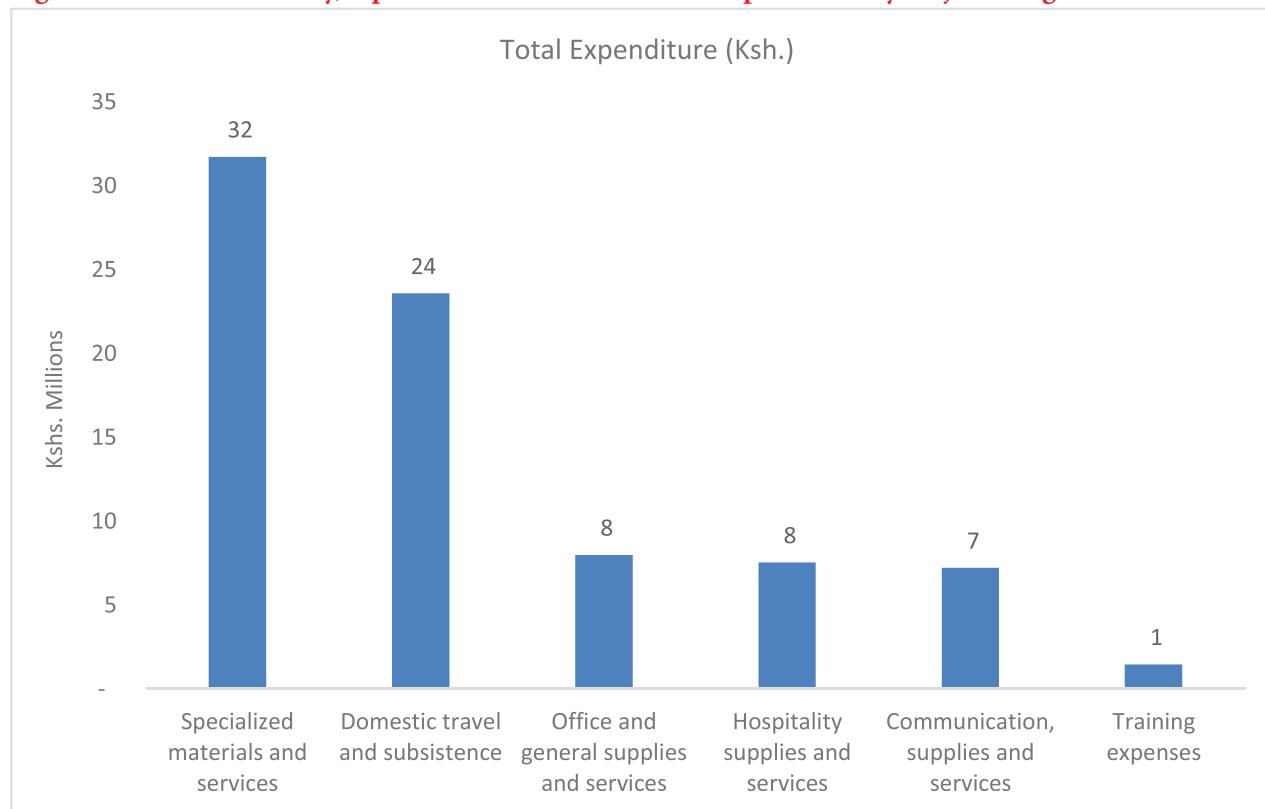

Further analysis revealed that PE costs totalling Kshs.863.88 million were processed through the Human Resource Information System (HRIS). In contrast, Kshs.104,179 was processed through manual payroll, which accounted for less than one per cent of the total PE cost. The manual payroll was entirely for gratuity remittances to pension schemes for staff on contract.

The County Assembly spent Kshs.5.75 million on committee sitting allowances for the 50 MCAs against the annual budget allocation of Kshs.35.11 million. The average monthly sitting allowance was Kshs.38,322.00 per MCA. The County Assembly had 21 House Committees.

### 3.33.10 Expenditure on Operations and Maintenance

During the reporting period, the County spent Kshs.79.53 million on operations and maintenance, representing a decrease of 93 per cent compared to FY 2024/25, when the County spent Kshs.1.16 billion. Figure 194 summarises the Operations and Maintenance expenditure by major categories.

**Figure 194: Narok County, Operations and Maintenance Expenditure by Major Categories**

*Source:* Narok County Treasury

### 3.33.11 County-Established Funds

Section 116 of the PFM Act 2012 allows County Governments to establish other public funds, subject to approval from the County Executive Committee and the County Assembly. The County allocated Kshs.450 million to County-Established funds in FY 2025/26, or 3 per cent of the County's overall budget. Further, the County did not have an allocation to the Emergency Fund contrary to Section 110 of the PFM Act, 2012. Failure to allocate funds to the Emergency Fund, as mandated by Section 110 of the Public Finance Management (PFM) Act, 2012, leaves the County Government severely exposed to unforeseen crises such as natural disasters, pandemics, or other emergencies that require immediate, unbudgeted expenditure. This omission directly undermines the County's financial resilience and its ability to respond swiftly and effectively to protect life, property, and essential services, potentially leading to delayed or inadequate disaster relief, disruption of critical County functions, and the need to re-allocate funds from planned development projects or service delivery budgets, thereby stalling progress and potentially violating other statutory obligations. Table 3.386 summarises each established Fund's budget allocation and performance during the reporting period.

**Table 3.386: Performance of Narok County Established Funds in the First Quarter of FY 2025/26**

S/No.	Name of the Fund	Year Established	Approved Budget Allocation in FY 2025/26 (Kshs.)	Exchequer Issues in First Quarter of FY 2025/26 (Kshs.)	Actual Expenditure in the First Quarter of FY 2025/26 (Kshs.)	Cumulative disbursements to the Fund (Kshs)	Submission of Financial Statements (Yes/No.)
	<b>County Executive Established Funds</b>						
	Narok County Alcoholic Drinks Control and Regulation Fund	2016	-	-	-		No
	Narok County Bursary Management Fund	2013	450,000,000	-	-	470,000,000	No
	Narok County Emergency Fund		-	-	-		No
	Total		450,000,000	-	-		

**Source:** *Narok County Treasury*

During the reporting period, the CoB did not receive quarterly financial reports from all the Fund Administrators Table 3.7, contrary to the requirement of Section 168 of the PFM Act, 2012.

Regulation 197(1)(i) of the Public Finance Management (County Governments) Regulations, 2015, allows County Governments to establish public funds with a lifespan capped at 10 years unless extended by the County Assembly. In FY 2025/26, the CoB established that the lifespan of the Narok County Bursary Management Fund had lapsed.

### 3.33.12 County Corporations

The County has one corporation, i.e., Narok Water and Sewerage Services Company Limited, which did not receive a budgetary allocation in FY 2025/26.

### 3.33.13 Expenditure on Domestic and Foreign Travel

The County did not incur any expenditures for foreign travel in the first quarter of FY2025/26.

### 3.33.14 Facility Improvement Financing

During the review period, the County reported collections of Kshs.37.73 million as FIF, which was 1 per cent of the annual target of Kshs.120.95 million. The collected amount was retained and utilised at source in line with the Facility Improvement Financing Act, 2023. The County, however, has not developed regulations to operationalise the FIF Act of 2023.

The expenditure by the health facilities amounted to Kshs.37.73 million incurred by 6 level four hospitals.

### 3.33.15 Development Expenditure

During the review period, the County reported spending Kshs.83.91 million on development programmes, representing an 82 per cent decrease compared to FY 2024/25, when the County spent Kshs.477.28 million. Table 3.387 summarises the development projects with the highest expenditure in the reporting period.

The decline in development expenditure resulted from the National Treasury's directive that all procurement processes be undertaken through the e-GP system.

**Table 3.387: Narok County, List of Development Projects with the Highest Expenditure**

No.	Sector	Project Name	Project Location	Expected Completion Date	Contract sum (Kshs.)	Amount paid in FY 2025/26 (Kshs.)	Cumulative Expenditure as of 30th September 2025	Implementation status (%)

The County reported no stalled projects as of 30th September, 2025.

### 3.33.16 Budget Performance by Department

Table 3.388 summarises the approved budget allocation, expenditure and absorption rate by departments in the period under review.

**Table 3.388: Narok County, Budget Allocation and Absorption Rate by Department**

Department	Budget Allocation (Kshs.Million)				Exchequer Received (Kshs. Million)	Expenditure (Kshs.Million)		Expenditure to Exchequer Issues (%)		Absorption rate (%)	
	Rec	Dev	Rec	Dev	Rec	Dev	Rec	Dev	Rec	Dev	
County assembly	878.62	150.00	100.13	-	100.13	-	100	-	11	-

Source: Narok County Treasury

Analysis of expenditure by departments shows that the Department of Transport and Public Works recorded the highest absorption rate of development budget at 6 per cent. The Department of Trade, Industry and Co-operative Development had the highest recurrent expenditure-to-budget ratio at 13 per cent. In contrast, the Departments of Environment Protection, Energy, Water & Natural Resources, Transport and Public Works, and Finance & Economic Planning all had the lowest at 6 per cent.

### 3.33.17 Budget Execution by Programmes and Sub-Programmes

The development sub-programmes with the highest levels of budget implementation, based on absorption rates, were: Tourism Promotion and Marketing in the Department of Tourism Development and Promotion at 23 per cent, Board Management Services in the Department of General Administration, Planning & Support Services at 22 per cent, and Forests Conservation and Management at 14 per cent of the budget allocation. Conversely, the recurrent sub-programmes with the highest levels of budget implementation, based on absorption rates, were: Economic Planning Coordination and Monitoring and Evaluation Services in the Department of Economic Policy and County Planning at 1 per cent of the budget allocation.

### 3.33.18 Accounts Operated in Commercial Banks

Regulation 82(1)(b) of the PFM (County Governments) Regulations, 2015, requires that County Government bank accounts be opened and maintained at the Central Bank of Kenya. The only exemption applies to bank accounts for imprest, petty cash and revenue collection.

Further, Regulation 82(4) of the Public Finance Management (PFM) Act requires accounting officers to obtain written authorisation from the County Treasury before opening a commercial bank account. Additionally, Regulation 82(5) of the Public Finance Management (County Governments) Regulations, 2015, requires the County Treasury to submit a copy of the letter authorising an accounting officer to open a commercial bank account to the Controller of Budget.

The County Government operated 123 accounts in commercial banks, all of which were for Health facilities.

The County Treasury did not submit copies of authorisation letters to the Controller of Budget for opening the 123 commercial bank accounts as per Regulation 82(5) of the Public Finance Management (County Governments) Regulations, 2015.

The failure of the County Treasury to submit copies of the authorisation letters to the Controller of Budget (CoB) for opening the 123 commercial bank accounts, as required by Regulation 82(5) of the PFM (County Governments) Regulations, 2015, results in a lack of oversight and transparency over the County's banking arrangements and cash holdings, which is a breach of mandatory financial control procedures. This non-compliance hinders the CoB's constitutional and statutory mandate to authorise the withdrawal of public funds and to monitor their use, thereby creating a significant risk of unauthorised transactions, mismanagement, and potential misappropriation across those accounts, ultimately undermining the integrity of the public finance management system and eroding public trust.

### 3.33.19 Key Observations and Recommendations

In the course of overseeing and reporting on the implementation of the County budget, the CoB identified the following challenges, which hampered effective budget implementation;

- i. The County Treasury's late submission of financial reports to the Controller of Budget affected the timely preparation of the budget implementation report, which was received on 10<sup>th</sup> November, 2025.
- ii. Low development performance was observed during the review period, as the County incurred Kshs.83.91 million on development activities, resulting in a 1 per cent absorption rate.
- iii. Regulation 197(1)(i) of the Public Finance Management (County Governments) Regulations, 2015, limits the lifespan of public funds to 10 years unless extended by the County Assembly. As of 30th September 2025, the lifespan of the Narok County Bursary Management Fund had lapsed, making it ineligible for further withdrawals.
- iv. Fund Administrators failed to submit quarterly financial and non-financial reports to the CoB within the timelines provided by law, which is against the requirement of Section 168 of the PFM Act, 2012. Reports for all established Funds were not submitted to the CoB as of 15th July 2025.
- v. High level of trade payables, which amounted to Kshs.5.43 billion as of 30th September 2025. Further, there was non-adherence to the payment plan for the trade payables by the County Treasury.
- vi. Non-submission of copies of authorisation letters for opening commercial bank accounts as per Regulation 82(5) of the Public Finance Management (County Governments) Regulations, 2015.

The County should implement the following recommendations to improve budget execution:

- i. *The County Treasury should ensure the timely preparation and submission of financial reports to the Office of the Controller of Budget per the timelines prescribed in Section 166 of the PFM Act, 2012.*
- ii. *The County should address its own-source revenue performance to ensure the approved budget is fully financed. Appropriate austerity measures should be implemented to ensure expenditure commitments are aligned with available revenue.*
- iii. *The County should implement strategies to increase development expenditures in FY 2025/26.*
- iv. *The County should ensure timely review and extension of public funds whose lifespan is nearing expiration to prevent operational disruptions. Additionally, any expenditure from lapsed funds should cease immediately, and legal mechanisms should be followed to re-establish or wind up such funds in compliance with the Public Finance Management Act.*
- v. *The CECMF should follow up to ensure Fund Administrators prepare and submit statutory reports in line with the PFM Act, 2012.*
- vi. *The County Leadership should address the situation of trade payables to ensure that genuine bills are paid promptly in the remaining financial year. Further, compliance with the Trade Payables Action Plan should be enforced.*

- vii. *The County Treasury should ensure that it submits copies of authorisation letters to OCoB for opening commercial bank accounts, thereby enhancing accountability and oversight.*

### 3.34. County Government of Nyamira

#### 3.34.1 Overview of FY 2025/26 Budget

The Nyamira County Approved Budget for FY 2025/26 is Kshs.8.65 billion. It comprises Kshs.3.28 billion (38 per cent) and Kshs.5.37 billion (62 per cent) allocation for development and recurrent programmes, respectively. The budget estimates represent an increase of Kshs.543.40 million (7 per cent) from the FY 2024/25 budget, which comprised a development budget of Kshs.2.87 billion and a recurrent budget of Kshs.5.23 billion. The increase in the budget was primarily attributed to higher projections for own-source revenue and a balance brought forward from FY 2024/25.

The budget is to be financed from various revenue sources. These include: the equitable share of revenue raised nationally of Kshs.6.07 billion (70 per cent), additional allocations of Kshs.1.32 billion (15 per cent), a cash balance of Kshs.383.64 million (4 per cent) brought forward from FY 2024/25, and Kshs.868.71 million (10 per cent) generated as own-source revenue. A breakdown of the additional allocations is shown in Table 3.389.

#### 3.34.2 Revenue Performance

During the first Quarter of FY 2025/26, the County generated Kshs.1.82 billion in revenue. This amount represented an increase of 22 per cent compared to the amount received in a similar period in FY 2024/25 of Kshs.1.48 billion. The total revenue consisted of Kshs.941.47 million from the equitable share of revenue raised nationally, additional allocations from the national government and development partners amounting to Kshs.139.36 million, as well as own-source revenue (OSR) collection of Kshs.96.26 million. Additionally, the County had a cash balance of Kshs.1.28 billion from FY 2024/25. The total OSR collection of Kshs.96.26 million included Facilities Improvement Financing (FIF) of Kshs.77.27 million, and Kshs.18.99 million from other OSR sources. Table 3.389 summarises the total revenue available to the County Government during FY 2025/26.

**Table 3.389: Nyamira County, Revenue Performance in FY 2025/26**

The County does not have governing legislation on the operation of ordinary A-I-A and FIF. Figure 195 provides a detailed breakdown of receipts, showing a breakdown of each shilling received.

**Figure 195: Nyamira County Composition of Each Shilling Received in the First Quarter of FY 2025/26**

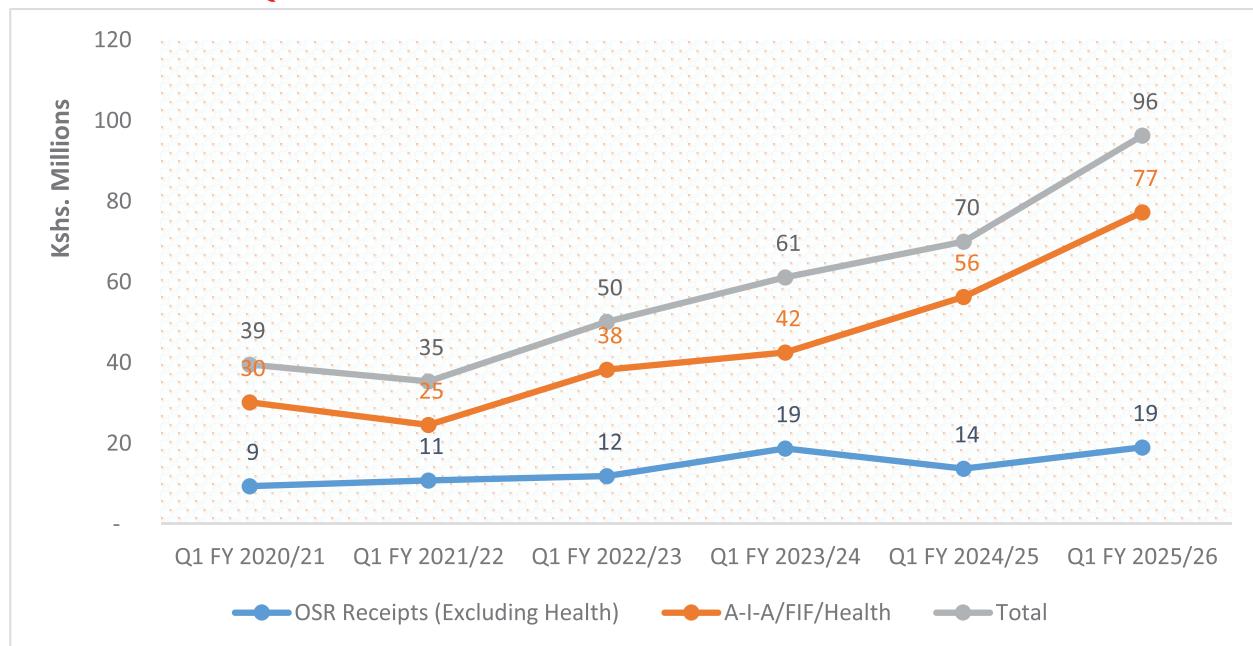

Source: Nyamira County Treasury

The equitable share of revenue raised nationally, balance brought forward, and OSR contributed 52 per cent, 35 per cent and 1 per cent, respectively, of the total receipts for the reporting period.

Figure 196 shows the collection trend in own-source revenue from the First Quarter of FY 2020/21 to the First Quarter of FY 2025/26.

**Figure 196: Nyamira County Trend in Own-Source Revenue Collection from the First Quarter of FY 2020/21 to the First Quarter of FY 2025/26**

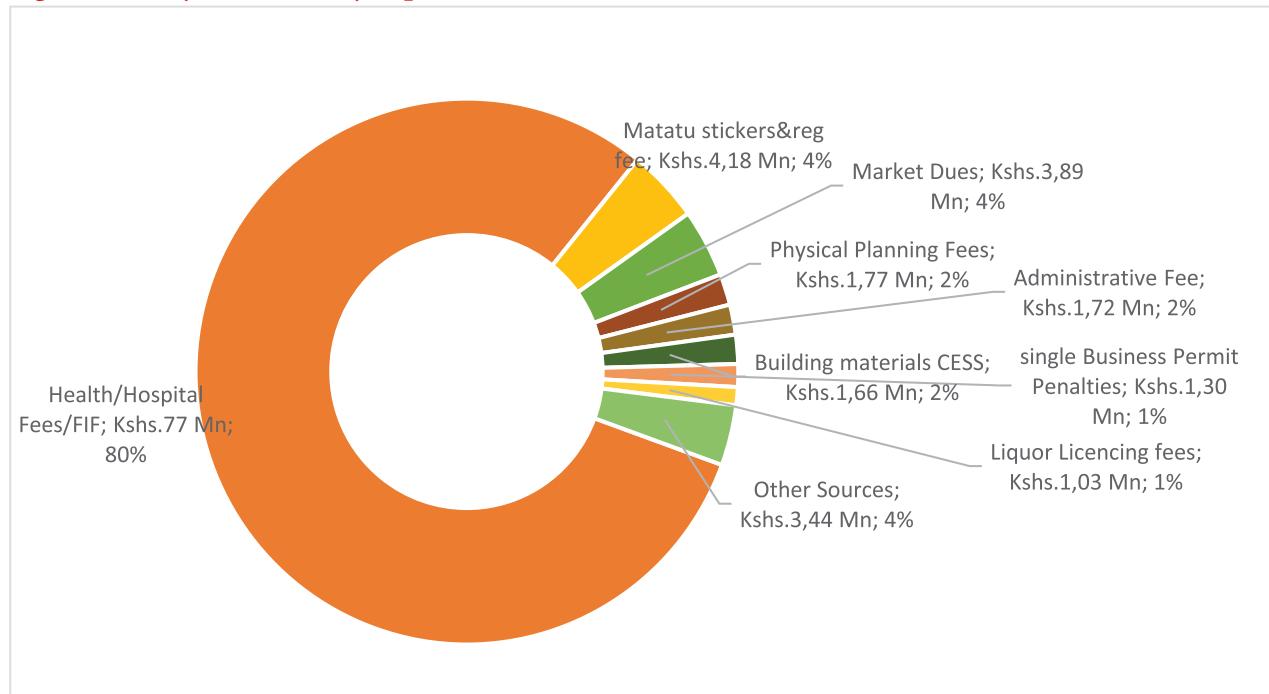

Source: Nyamira County Treasury

During the First Quarter of FY 2025/26, the County generated Kshs.96.26 million from its revenue sources, including FIF. This amount was an increase of 38 per cent compared to Kshs.70 million realised in a similar period in FY 2024/25, and was 11 per cent of the annual target and 10 per cent of the equitable revenue share disbursed.

The increase in OSR was attributed to stringent revenue-collection measures, surveillance, and improved drug supply in health facilities, which, in turn, has led to more visits to County health facilities.

The revenue streams that contributed the most to OSR receipts are shown in Figure 197.

**Figure 197: Nyamira County Top Own Source Revenue Streams in the First Quarter of FY 2025/26**

Source: Nyamira County Treasury

As shown in Figure 197, the highest revenue stream, at Kshs.77.27 million, was from Facility Improvement Financing, accounting for 80 per cent of the total OSR receipts. The County Government indicated that it has automated 29 revenue streams out of 31.

### 3.34.3 Revenue Arrears

As of 1<sup>st</sup> July 2025, the County did not report revenue arrears.

**Table 3.390: Nyamira County Revenue Arrears as of 30 September 2025**

No	Revenue Stream	Revenue Arrears as of 1 July 2025 (Kshs.)	Progress made in FY 2025/26			Revenue Arrears as of 30 September 2025 (Kshs.)
			Waivers (Kshs)	Arrears received in the financial year (Kshs)	Arrears earned in First Quarter of FY 2025/26 (Kshs)

	<b>Total</b>			<b>516,241,920</b>	<b>516,241,920</b>	

Source: Nyamira County Treasury

As of 30 September 2025, the revenue arrears totalled to Kshs.516.24 million, comprising Kshs.516.24 for Eq-  
uitable share (100 per cent).

### 3.34.4 Borrowing by the County

Both the County Executive and Assembly has not disclosed any borrowing during the reporting period.

### 3.34.5 Exchequers Approved

The Controller of Budget approved withdrawals of Kshs.783.34 million from the CRF account during the reporting period, which comprised Kshs.142.02 million (18 per cent) for development programmes and Kshs.642.32 million (82 per cent) for recurrent programmes. Analysis of the recurrent exchequers released indicates that Kshs.591.08 million was towards employee compensation and Kshs.50.24 million for operations and maintenance expenditure.

The operations and maintenance exchequer analysis indicates that 65 per cent was for domestic travel. The domestic travel exchequer amounted to Kshs.42.83 million and included Kshs.16.06 million for the County Executive and Kshs.26.77 million for the County Assembly. There were no foreign exchequer issues.

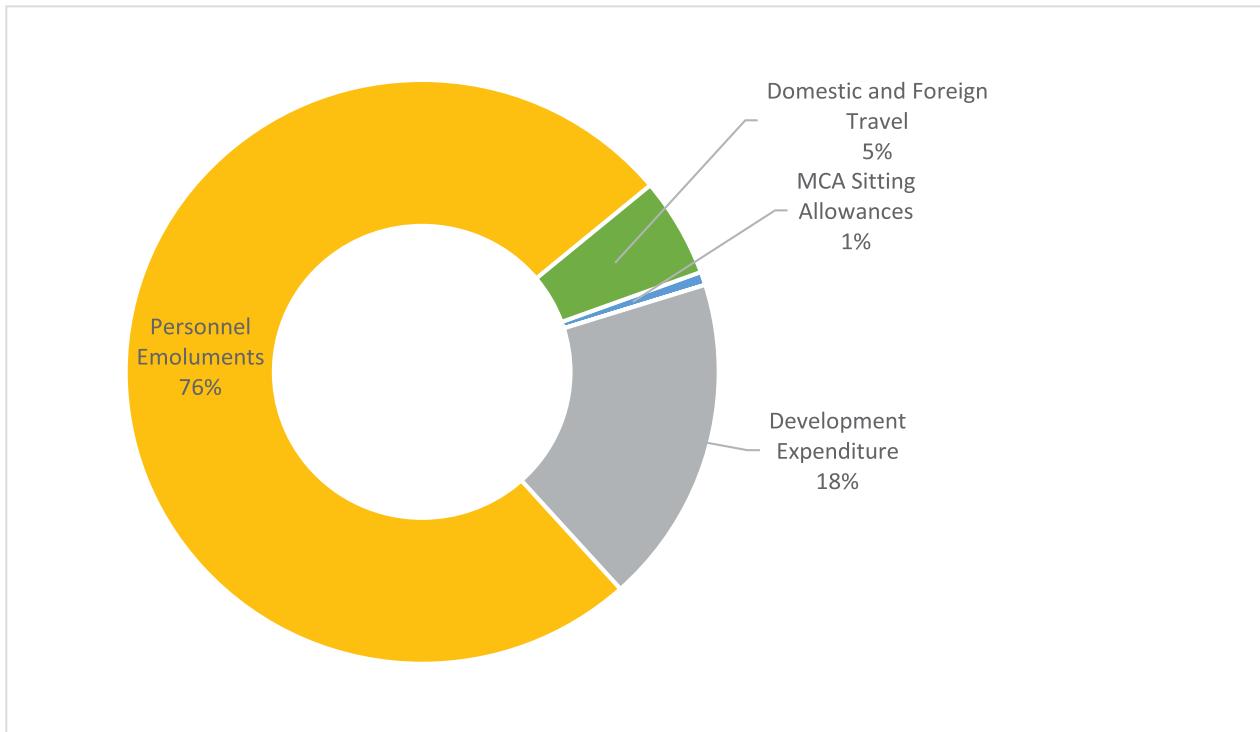

As of September 30, 2025, the County Government's cash balance in the CRF account was Kshs.863.63 million.

### 3.34.6 Expenditure Review

The County spent Kshs.783.34 million on development and recurrent programmes in the reporting period. The expenditure represented 100 per cent of the total funds released by the CoB. It comprised Kshs.142.02 million for development programmes and Kshs.642.32 million for recurrent programmes. Expenditure on development programmes represented an absorption rate of 4 per cent, while recurrent expenditure represented 12 per cent of the annual recurrent expenditure budget.

Figure 198 provides a detailed breakdown of expenditure, showing the relative composition of each shilling spent.

**Figure 198: Nyamira County Composition of Each Shilling Paid in the First Quarter of FY 2025/26**

**Source:** Nyamira County Treasury

As shown in Figure 198, the three highest expenditure categories were personnel emoluments, Development expenditure and domestic travel contributing 76 per cent, 18 per cent and 5 per cent of total expenditure for the reporting period.

### 3.34.7 Settlement of Trade Payables

As of 1<sup>st</sup> July 2025, the County reported trade payables totalling Kshs.340.50 million. This amount included Kshs.332.32 million from the County Executive and Kshs.8.18 million from the County Assembly. The trade payables from the County Executive consisted of Kshs.218.12 million for recurrent expenditures and Kshs.114.20 million for development expenditures.

During the reporting period, the County did not settle trade payables. The outstanding trade payables as of 30th September 2025 were Kshs.332.32 million for the County Executive and Kshs.8.18 million for the County Assembly. Table 3.391 provides additional details of trade payables.

**Table 3.391: Nyamira County Trade Payables as of 30<sup>th</sup> September 2025**

		County Entity	Development (Kshs.)	Recurrent (Kshs.)	Total (Kshs.)
As at 1 July 2025 (End of FY 2024/25)	a	County Executive	114,201,463	218,117,214	332,318,677
		County Assembly	8,179,261		8,179,261

		<b>Total</b>	<b>347,587,705</b>	<b>350,009,822</b>	<b>697,597,528</b>

**Source:** Nyamira County Treasury

The County Executive and the Assembly submitted a trade payables payment plan, committing to pay Kshs.689.42 million and Kshs.8.12 million, respectively, in the first quarter of FY 2025/26. The County did not adhere to this payment plan, as it did not clear the trade payables.

Table 3.392 and Table 3.393 present the ageing of the total outstanding bills as of 30 September 2025 for the County Executive and Assembly, which were Kshs.697.59 million.

**Table 3.392: Nyamira County Executive Trade Payables Ageing Analysis as of 30 September 2025**

Category	Ageing analysis (Amount in Kshs.)				Total
	Under one year	1-2 years	2-3 years	Over 3 years	
<b>Development Trade Payables</b>	217,027,719	64,220,000	11,443,531	46,717,194	339,408,444

Table 3.393 shows that the Assembly's payables are all development-related and are aged between 1 and 2 years.

### 3.34.8 Expenditure by Economic Classification

During the reporting period, the County Executive incurred Kshs.475.99 million for compensation of employees, Kshs.39.53 million for operations and maintenance, and Kshs.131.95 million for development activities. Similarly, the County Assembly spent Kshs.99.03 million on compensation of employees, Kshs.26.77 million on operations and maintenance, and Kshs.10.07 million on development activities, as shown in Table 3.394.

**Table 3.394: Nyamira County Summary of Budget and Expenditure by Economic Classification**

Expenditure Classification	Approved Budget (Kshs.)		Expenditure (Kshs.)		Absorption (%)	
	County Executive	County Assembly	County Executive	County Assembly	County Executive	County Assembly
<b>Total Recurrent Expenditure</b>	4,675,893,205	689,414,409	515,522,767	125,797,800	11	18
Compensation of Employees	2,982,050,590	419,033,364	492,053,267	99,026,400	17	24

*Source: Nyamira County Treasury*

### 3.34.9 Expenditure on Compensation of Employees

During the period under review, the expenditure on employee compensation totalled Kshs.591.08 million. The compensation-to-revenue ratio was 75 per cent. This expenditure on employee compensation shows an increase compared to the Kshs.552.21 million reported in a similar period in FY 2024/25. Of this total, Kshs.254.70 million related to the Health Sector employees, which accounted for 43 per cent of the overall employees' compensation.

Figure 199 shows the trend in employees' compensation as a percentage of total revenue from the First Quarter of FY 2020/21 to the First Quarter of FY 2025/26.

**Figure 199: Percentage of Employee Compensation to Total Revenue Received from the First Quarter of FY 2020/21 to the First Quarter of FY 2025/26**

Source: Nyamira County Treasury

Figure 199 shows that the Assembly apportioned 70 per cent of their inflows in the first quarter of FY 2025/26 to compensation of employees, while the Executive apportioned 74 per cent. Both entities exceeded the 35 per cent ceiling set by Regulation 25(1)(b) of the PFM (County Governments) Regulations 2015, highlighting that employee compensation was prioritised over other expenditures in the review period.

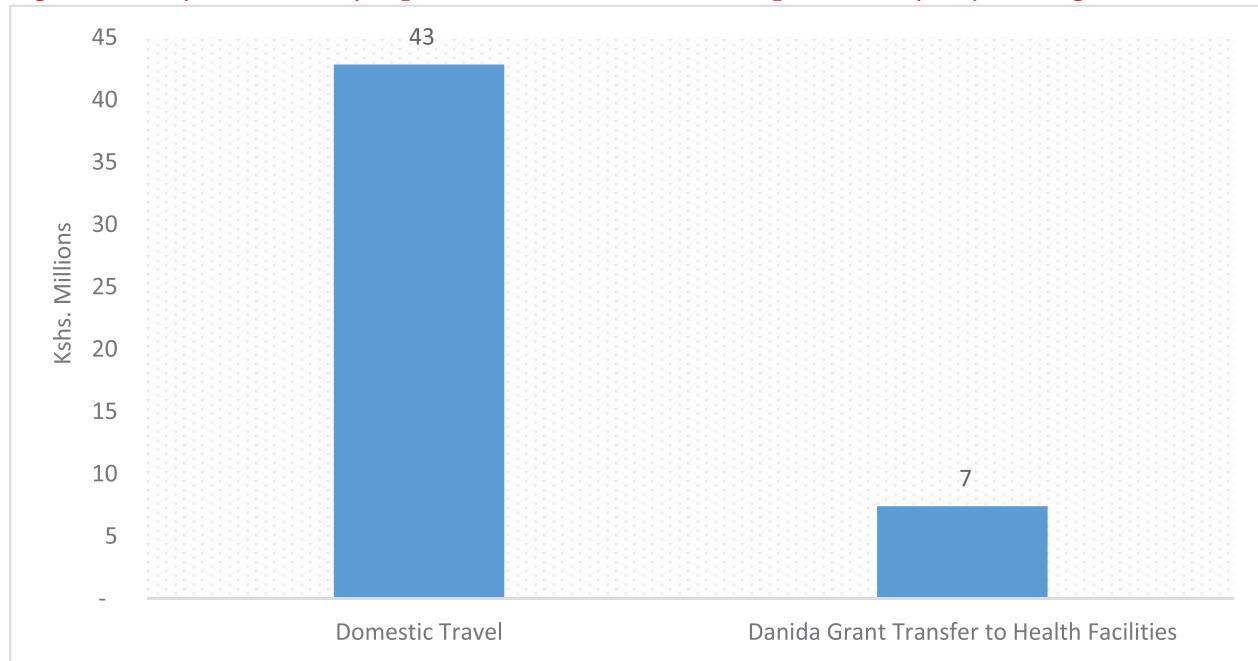

Further analysis indicated that all PE costs were processed through the Human Resource Information System (HRIS).

The County Assembly spent Kshs.5.76 million on committee sitting allowances for the 34 MCAs against the annual budget allocation of Kshs.41.18 million. The average monthly sitting allowance was Kshs.56,499 per MCA. The County Assembly has 20 House Committees.

### 3.34.10 Expenditure on Operations and Maintenance

During the reporting period, the County spent Kshs.50.24 million on operations and maintenance, representing an increase of less than one per cent compared to FY 2024/25, when the County spent Kshs.49.79 million. Figure 200 summarises the Operations and Maintenance expenditure by major categories.

**Figure 200: Nyamira County, Operations and Maintenance Expenditure by Major Categories**

Source: Nyamira County Treasury

### 3.34.11 County-Established Funds

Section 116 of the PFM Act 2012 allows County Governments to establish other public funds, subject to approval from the County Executive Committee and the County Assembly. The County allocated Kshs.55 million to County-Established funds in FY 2025/26, or less than 1 per cent of the County's overall budget. Further, the County allocated Kshs.10 million to the Emergency Fund (less than one per cent of the total budget) in line with Section 110 of the PFM Act, 2012. Table 3.7 summarises each established Fund's budget allocation and performance during the reporting period.

**Table 3.395: Performance of Nyamira County Established Funds in the First Quarter of FY 2025/26**

S/No.	Name of the Fund	Year Established	Approved Budget Allocation in FY 2025/26 (Kshs.)	Exchequer Issues in First Quarter of FY 2025/26 (Kshs.)	Actual Expenditure in the First Quarter of FY 2025/26 (Kshs.)	Cumulative disbursements to the Fund (Kshs.)	Submission of Financial Statements (Yes/No.)
<b>County Executive Established Funds</b>

<b>County Assembly Established Funds</b>							
4.	Car and Mortgage Fund (Assembly)	2017	-	-	-	431,000,000	No
	Total		55,000,000			1,389,415,513	

Source: Nyamira County Treasury

During the reporting period, the CoB did not receive quarterly financial reports from all the Fund Administrators, as indicated in Table 3.395, contrary to the requirement of Section 168 of the PFM Act, 2012.

Regulation 197(1)(i) of the Public Finance Management (County Governments) Regulations, 2015, allows County Governments to establish public funds with a lifespan capped at 10 years unless extended by the County Assembly. In FY 2025/26, the CoB established that the lifespan of the **Car Loan and Mortgage Fund (Executive)**

tive) had lapsed. Consequently, the CoB did not approve any requests for withdrawals to support the operations of the lapsed funds.

### 3.34.12 County Corporations.

The County has two County corporations, which were allocated Kshs.36. 0 million in FY 2025/26. They did not incur any expenditure for the review period as shown in Table 3.396.

**Table 3.396: Performance of Nyamira County Corporations in the First Quarter of FY 2025/26**

S/No.	Name of the Corporation	Approved Budget Allocation in FY 2025/26 (Kshs.)	Exchequer Issues (Kshs.)	Actual Transfers in FY 2025/26 (Kshs.)	Cumulative Transfers to the Corporation since its inception (Kshs.)
1.	Nyamira Investment Corporation	5,498,185	-	-	3,599,826
2.	Nyamira Water and Sanitation Company	30,501,185	-	-	31,506,947
	Total	35,999,370	-	-	35,106,773

*Source:* Nyamira County Treasury

### 3.34.13 Expenditure on Domestic and Foreign Travel.

Expenditure on domestic travel amounted to Kshs.42.83 million and comprised Kshs.26.77 million spent by the County Assembly and Kshs.16.06 million by the County Executive. The County did not report Expenditure on foreign travel.

### 3.34.14 Facility Improvement Financing

During the review period, the County reported collections of Kshs.77.27 million as FIF, which was 12per cent of the annual target of Kshs.650 million. The collected amount was retained and utilised at source in line with the Facility Improvement Financing Act, 2023. The County has however, not developed regulations to operationalise the FIF Act of 2023.

The expenditure by the health facilities amounted to Kshs.114 million, as shown in Table 3.397.

**Table 3.397: Nyamira County Health Facilities Expenditure Performance in FY 2025/26**

No.	Health Facility	Number of Facilities	Approved Budget (million Kshs.Mn)	Actual Expenditure (million Kshs.Mn)	Absorption rate (%)

4.	Level 2 Facility	38	5	2	40
	Total		600	114	19

*Source:* Nyamira County Treasury

### 3.34.15 Development Expenditure

In the review period, the County reported spending Kshs.142.02 million on development programmes, representing an increase of 330 per cent compared to FY 2024/25, when the County spent Kshs.33 million. Table 3.398 summarises the development projects with the highest expenditure in the reporting period.

The increase in development expenditure was attributed to the early Exchequer release for KISIP II grant which was used to improve roads in Keroka town.

**Table 3.398: Nyamira County, List of Development Projects with the Highest Expenditure**

No.	Sector	Project Name	Project Location	Expected Completion Date	Contract sum (Kshs)	Amount paid in FY 2025/26 (Kshs.)	Cumulative Expenditure as of 30 September 2025	Implementation status (%)
County Funded Projects

Source: Nyamira County Treasury

Analysis of expenditure by departments shows that the Department of Land, Physical Planning, Housing and Urban Development recorded the highest absorption rate of development budget at 38 per cent, followed by the Department of Environment, Water, Energy & Natural Resources at 9 per cent. The Department of Crop Development had the highest recurrent expenditure-to-budget ratio at 20 per cent, while Keroka municipality had the lowest at 1.4 per cent.

### 3.34.17 Budget Execution by Programmes and Sub-Programmes

The development sub-programmes with the highest levels of budget implementation, based on absorption rates, were: Housing and urban development in the Department of Lands, Physical Planning, Housing and

Urban Development at 44 per cent, Climate change mitigation and adaptation measures in the Department of Environment, Water, Energy & Natural Resources at 10 per cent, and Infrastructure Development in the County Assembly at 4 per cent of the budget allocation. Conversely, the recurrent sub-programmes with the highest levels of budget implementation, based on absorption rates, were: Policy and Planning in the Department of Transport & Public Works at 71per cent, Supply chain management in the Department of Finance and Accounting services at 39 per cent, General administration and support services in Nyamira Municipality at 22 per cent and General administration and support services in the Department of Lands, Physical Planning, Housing and Urban Development at 21 per cent of the budget allocation.

### **3.34.18 Accounts Operated in Commercial Banks**

Regulation 82(1)(b) of the PFM (County Governments) Regulations, 2015, requires that County Government bank accounts be opened and maintained at the Central Bank of Kenya. The only exemption applies to Imprest bank accounts for petty cash and to revenue collection bank accounts.

Further, Regulation 82(4) of the Public Finance Management (PFM) Act requires accounting officers to obtain written authorisation from the County Treasury before opening a commercial bank account. Additionally, Regulation 82(5) of the Public Finance Management (County Governments) Regulations, 2015, requires the County Treasury to submit a copy of the letter authorising an accounting officer to open a commercial bank account to the Controller of Budget.

The County Government operated 157 accounts with commercial banks, including 103 accounts for Health Facilities, 33 for Vocational Training Centres, four for Established Funds, three revenue accounts, 11 special-purpose accounts (additional allocations), one imprest account, and two recurrent operational accounts.

The County Treasury did not submit copies of the authorisation letters to the Controller of Budget for the opening of commercial bank accounts, as required by Regulation 82(5) of the Public Finance Management (County Governments) Regulations, 2015.

### **3.34.19 Key Observations and Recommendations**

In the course of overseeing and reporting on the implementation of the County budget, the CoB identified the following challenges, which hampered effective budget implementation;

- i. The County Treasury's late submission of financial reports to the Controller of Budget affected the timely preparation of the budget implementation report, which was received on 31<sup>st</sup> October 2025.
- ii. The underperformance of own-source revenue at Kshs.96.26 million against an annual target of Kshs.868.71 million, representing 11per cent of the financial year target against an expected 25 per cent performance.
- iii. Low development performance in the review period as the County incurred Kshs.142.02 million on development activities, achieving a 4 per cent absorption rate against an expected 25 per cent performance.
- iv. Regulation 197(1)(i) of the Public Finance Management (County Governments) Regulations, 2015, limits the lifespan of public funds to 10 years unless extended by the County Assembly. As of 30 September 2025, the lifespan of the Car Loan and Mortgage Fund had lapsed, making it ineligible for further withdrawals.
- v. Fund Administrators failed to submit quarterly financial and non-financial reports to the CoB within the timelines provided by law, which is against the requirement of Section 168 of the PFM Act, 2012. Reports for all Funds were not submitted to the CoB as of 15 October 2025.
- vi. High level of trade payables, which amounted to Kshs.685.42 million as of 30 September 2025. Further, there was non-adherence to the payment plan for the trade payables by the County Treasury.
- vii. Non-submission of copies of authorisation letters for opening commercial bank accounts as per Regulation 82(5) of the Public Finance Management (County Governments) Regulations, 2015.
- viii. The County has stalled projects with an estimated value of Kshs.417.35 million, with Kshs.260 million paid (63 per cent). The stalling of the projects delays the attainment of their intended objectives.

The County should implement the following recommendations to improve budget execution:

- i. *The County Treasury should ensure the timely preparation and submission of financial reports to the Office of the Controller of Budget per the timelines prescribed in Section 166 of the PFM Act, 2012.*
- ii. *The County should address its own-source revenue performance to ensure the approved budget is fully financed. Appropriate austerity measures should be implemented to ensure expenditure commitments are aligned with available revenue.*
- iii. *The County should implement strategies to increase development expenditures in FY 2025/26.*
- iv. *The County should ensure timely review and extension of public funds whose lifespan is nearing expiration to prevent operational disruptions. Additionally, any expenditure from lapsed funds should cease immediately, and legal mechanisms should be followed to re-establish or wind up such funds in compliance with the Public Finance Management Act.*
- v. *The CECMF should follow up to ensure Fund Administrators prepare and submit statutory reports in line with the PFM Act, 2012.*
- vi. *The County Leadership should address the situation of trade payables to ensure that genuine bills are paid promptly in the remaining financial year. Further, compliance with the Trade Payables Action Plan should be enforced.*
- vii. *The County Treasury should ensure it submits copies of authorisation letters to OCoB for opening commercial bank accounts to enhance accountability and oversight.*
- viii. *The County Executive should prioritise and fast-track feasible stalled projects in the budget, ensuring they are monitored for completion. Additionally, enhancing cash flow forecasting and commitment controls is essential to start projects only with secured funding, and to maintain a register of multi-year obligations to align projects with the budget.*

### **3.35. County Government of Nyandarua**

#### **3.35.1 Overview of FY 2025/26 Budget**

The Nyandarua County Approved Budget for FY 2025/26 is Kshs.9.42 billion. It comprises Kshs.3.59 billion (38 per cent) and Kshs.5.83 billion (62 per cent) allocation for development and recurrent programmes, respectively. The budget estimates represent an increase of Kshs.646.71 million (7 per cent) from the FY 2024/25 budget, which comprised a development budget of Kshs.3.17 billion and a recurrent budget of Kshs.5.61 billion. The increase in the budget was primarily attributed to the rise in equitable share and conditional allocations.

The budget is to be financed from various revenue sources. These include: the equitable share of revenue raised nationally of Kshs.6.66 billion (70 per cent), additional allocations of Kshs.1.79 billion (19 per cent), unspent funds of Kshs.78.99 million (0.8 per cent) brought forward from FY 2024/25, and Kshs.975 million (10 per cent) received as own-source revenue. A breakdown of the additional allocations is shown in Table 3.401.

#### **3.35.2 Revenue Performance**

During the first Quarter of FY 2025/26, the County received Kshs.1.39 billion in revenue. This amount represented an increase of 13 per cent compared to the amount received in a similar period in FY 2024/25 of Kshs.1.23 billion. The total revenue consisted of Kshs.1.12 billion from the equitable share of revenue raised nationally, additional allocations from the national government and development partners of Kshs.78.02 million, as well as own-source revenue (OSR) collection of Kshs.118.27 million. Additionally, the County had unspent funds of Kshs.78.99 million from FY 2024/25. The total OSR collection of Kshs.118.27 million included Facilities Improvement Financing (FIF) of Kshs.73.54 million, and Kshs.44.73 million from other OSR sources. Table 3.401 summarises the total revenue received by the County Government during FY 2025/26.

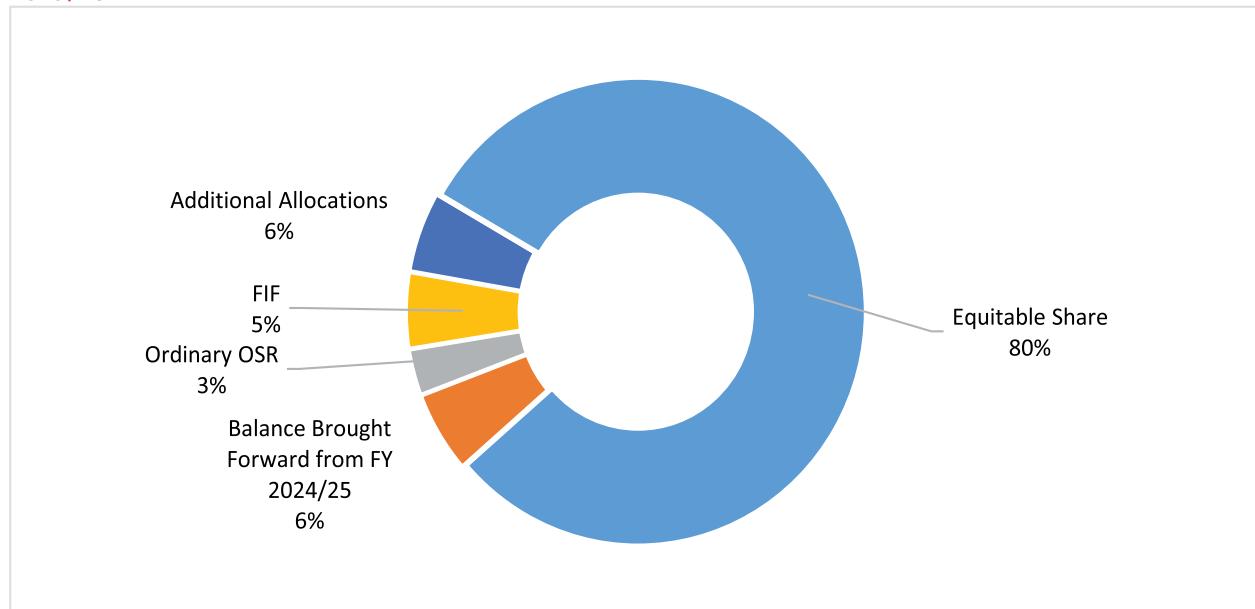

**Table 3.401: Nyandarua County, Revenue Performance in FY 2025/26**

The County has developed regulations to operationalise the FIF Act of 2023. Figure 201 provides a detailed breakdown of revenue, showing a breakdown of each shilling received.

**Figure 201: Nyandarua County Composition of Each Shilling Received in the First Quarter of FY 2025/26**

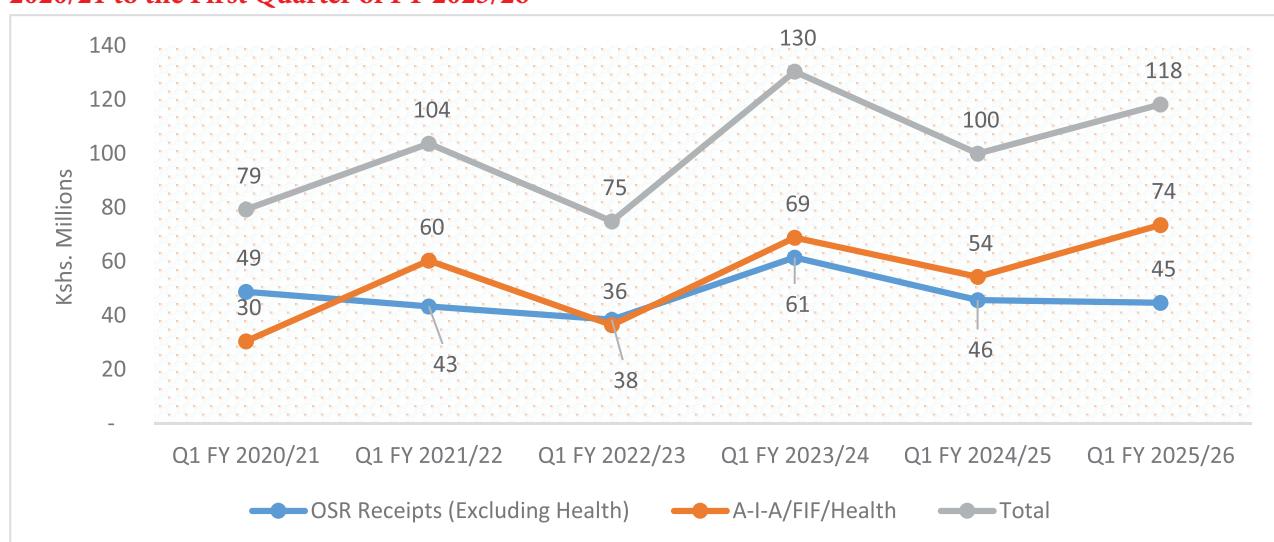

**Source:** Nyandarua County Treasury

The equitable share of revenue received nationally and OSR contributed 80 and 8 per cent respectively of the total revenue for the reporting period.

Figure 202 shows the collection trend in own-source revenue from the First Quarter of FY 2020/21 to the First Quarter of FY 2025/26.

**Figure 202: Nyandarua County Trend in Own-Source Revenue Collection from the First Quarter of FY 2020/21 to the First Quarter of FY 2025/26**

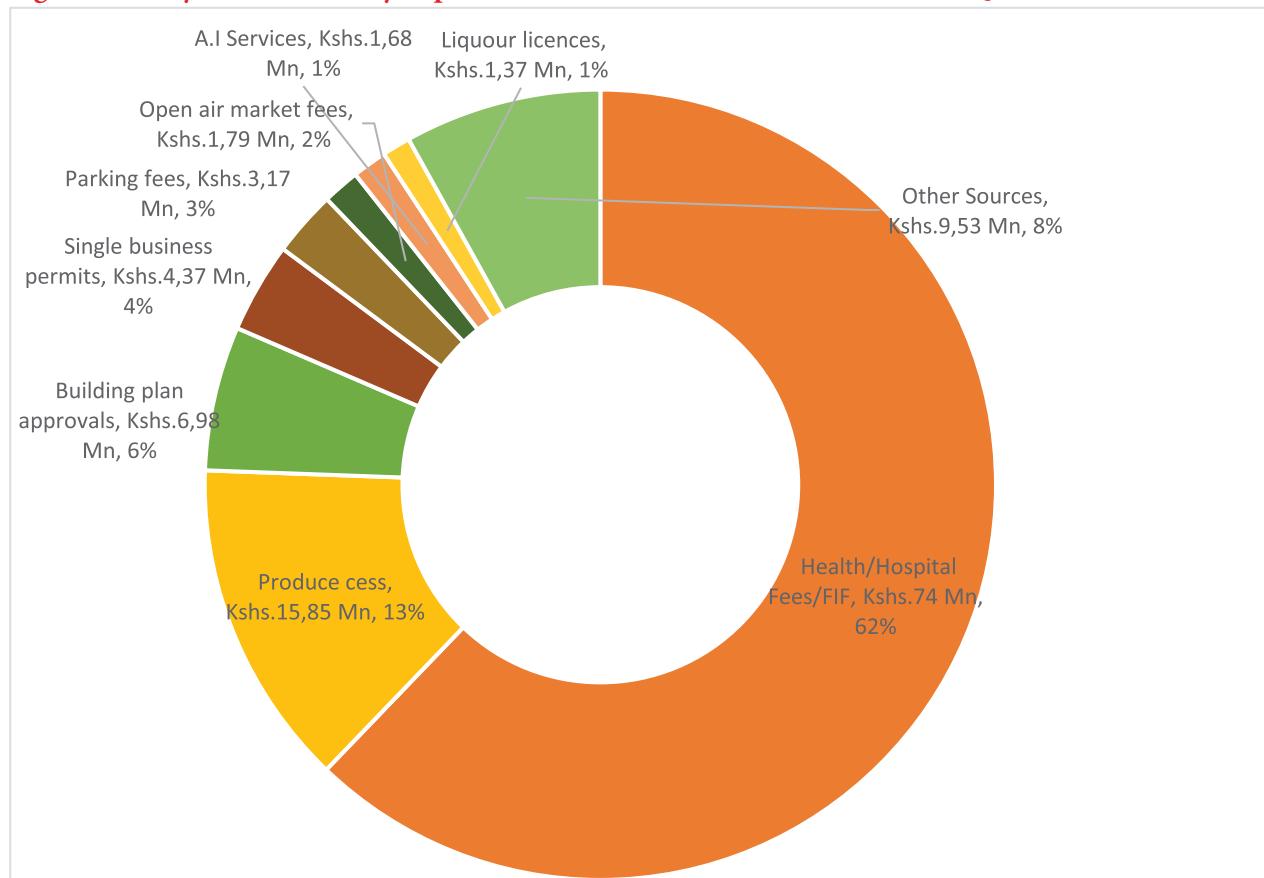

**Source:** Nyandarua County Treasury

During the First Quarter of FY 2025/26, the County received Kshs.118.28 million from its revenue sources, including FIF. This amount was an increase of 18 per cent compared to Kshs.99.97 million realised in a similar period in FY 2024/25, and was 12 per cent of the annual target and 10 per cent of the equitable revenue share disbursed.

The revenue streams that contributed the most to OSR receipts are shown in Figure 203.

**Figure 203: Nyandarua County Top Own Source Revenue Streams in the First Quarter of FY 2025/26**

Source: Nyandarua County Treasury

As shown in Figure 203, the highest revenue stream, at Kshs.74 million, was from hospital collections/FIF accounting for 62 per cent of the total OSR revenues. The County Treasury has indicated that it has automated 75 revenue streams but it has reported experiencing longer downturns with the current system.

### 3.35.3 Revenue Arrears

As of 1<sup>st</sup> July 2025, the County reported revenue arrears of Kshs.565.98 million, this amount increased to Kshs.702.66 million as of 30<sup>th</sup> September 2025. Table 3.402 presents a breakdown of the County's revenue arrears.

**Table 3.402: Nyandarua County Accruals as of 30 September 2025**

Source: Nyandarua County Treasury

As of 30 September 2025, the revenue arrears totalled to Kshs.623.96 million, comprising plot rate, land rate and kiosk rent of Kshs.478.09 million (68 per cent), house rent of Kshs.7.46 million (1 per cent). The County Government is considering waivers in FY 2025/26 to encourage people to clear their accruals.

### 3.35.4 Borrowing by the County

The County Assembly has a credit facility with equity bank where it borrowed Kshs.31.35 million to pay July salaries as a result of delay in disbursement of equitable share. The Assembly has however confirmed that the amount borrowed was repaid in the month of September, 2025. The County executive did not provide any information on borrowings.

### 3.35.5 Exchequers Approved

The Controller of Budget approved withdrawals of Kshs.368.45million from the CRF account during the reporting period, which comprised Kshs.78.02 million (21 per cent) for development programmes and Kshs.290.43 million (79 per cent) for recurrent programmes. Analysis of the recurrent exchequers released indicates that Kshs.283.43 million was towards employee compensation and Kshs.7 million for operations and maintenance expenditure.

The operations and maintenance exchequer analysis indicate that the entire 7 million was for fuel and lubricants for the County Executive.

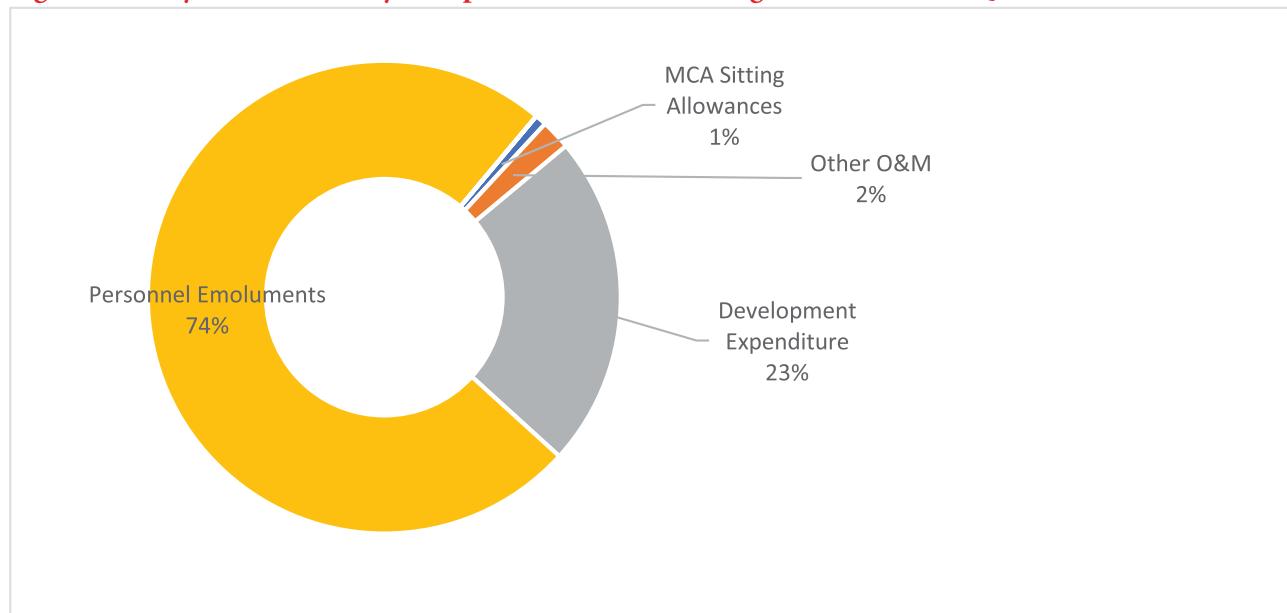

As of September 30, 2025, the County Government's unspent funds in the CRF account was Kshs.756.47 million.

### 3.35.6 Expenditure Review

The County paid Kshs.339.48 million on development and recurrent programmes in the reporting period. The expenditure represented 92 per cent of the total funds released by the CoB. It comprised Kshs.78.02 million for development programmes and Kshs.261.46 million for recurrent programmes. Expenditure on development programmes represented an absorption rate of 2 per cent, while recurrent expenditure represented 4 per cent of the annual recurrent expenditure budget.

The following chart provides a detailed breakdown of expenditure, showing relative composition of each shilling paid.

**Figure 204: Nyandarua County Composition of Each Shilling Paid in the First Quarter of FY 2025/26**

Source: Nyandarua County Treasury

As shown in Figure 204, the three highest expenditure categories were Personnel Emoluments, development and Other O&M contributing 74 per cent, 23 per cent and 2 per cent of total expenditure for the reporting period.

### 3.35.7 Settlement of Trade Payables

As of 1<sup>st</sup> July 2025, the County reported trade payables totalling Kshs.1.53 billion. This amount included Kshs.1.36 billion from the County Executive and Kshs.168.64 million from the County Assembly. The trade payables from the County Executive consisted of Kshs.576.52 million for recurrent expenditures and Kshs.787.01 million for development expenditures.

During the reporting period, the County executive and the County assembly did not settle any trade payables.

**Table 3.403: Nyandarua County Trade Payables as of 30<sup>th</sup> September 2025**

	County Entity	Development (Kshs.)	Recurrent (Kshs.)	Total (Kshs.)
As at 1 July 2025 (End of FY 2024/25)	County Executive	787,010,391	576,516,029	1,363,526,420
	County Assembly	46,069	87,964,784	88,010,853

	Total	787,056,460	745,106,904	1,532,163,364

Source: Nyandarua County Treasury

The County Executive and the Assembly submitted a trade payables payment plan, committing to pay Kshs.233.39 million and Kshs.26.39 million, respectively, in FY 2025/26. The County did not adhere to this payment plan, as it did not settle any trade payable during the period under review.

Table 3.404 and Table 3.405 present the ageing of the total outstanding payables as of 30 September 2025 for the County Executive and Assembly, which were Kshs.1.6 billion.

**Table 3.404: Nyandarua County Executive Trade Payables Ageing Analysis as of 30 September 2025**

Category	Ageing analysis (Amount in Kshs.)				Total

Source: Nyandarua County Assembly

Table 3.405, shows that 66 per cent of the Assembly's payables are less than two years old with a bigger portion being recurrent payables.

### 3.35.8 Expenditure by Economic Classification

During the reporting period, the County Executive settled Kshs.223.72 million for compensation of employees, Kshs.7 million for operations and maintenance, and Kshs.78.02 million for development activities. Similarly, the County Assembly paid Kshs.30.74 million on compensation of employees. The assembly did not report any expenditure on operations and maintenance and development as shown in Table 3.406.

**Table 3.406: Nyandarua County Summary of Budget and Expenditure by Economic Classification**

Expenditure Classification	Approved Budget (Kshs.)		Expenditure (Kshs.)		Absorption (%)	
	County Executive	County Assembly	County Executive	County Assembly	County Executive	County Assembly
<b>Total Recurrent Expenditure</b>	<b>5,035,517,602</b>	<b>798,345,693</b>	<b>230,724,420</b>	<b>30,737,293</b>	<b>5</b>	<b>4</b>

### 3.35.9 Expenditure on Compensation of Employees

During the period under review, the expenditure on employee compensation totalled Kshs.254.46 million. The compensation-to-revenue ratio was 18 per cent. This expenditure on employee compensation shows a decrease compared to the Kshs.317.94 million reported in a similar period in FY 2024/25. Of this total, Kshs.94.12 million related to the Health Sector employees, which accounted for 37 per cent of the overall employees' compensation.

Figure 205 shows the trend in employees' compensation as a percentage of total revenue from the First Quarter of FY 2020/21 to the First Quarter of FY 2025/26.

**Figure 205: Percentage of Employee Compensation to Total Revenue Received from the First Quarter of FY 2020/21 to the First Quarter of FY 2025/26**

Source: Nyandarua County Treasury

Figure 205 Assembly apportioned 51 per cent of its total inflows in the first quarter of FY 2025/26 towards compensation of employees while the Executive apportioned 100 per cent. Both entities exceeded the 35 per cent ceiling set by Regulation 25(1)(b) of the PFM (County Governments) Regulations 2015, highlighting that employee compensation was prioritised over other expenditures in the review period

Further analysis indicated that PE costs amounting to Kshs.229.13 million were processed through the Human Resource Information System (HRIS). In contrast, Kshs.25.33 million was processed through manual payroll, which accounted for 10 per cent of the total PE cost.

The manual payroll comprised salaries for staff not onboarded into the Human Resource Information System (HRIS), salaries for casual staff, top-up allowances for security personnel, gratuity remittances to pension schemes for staff on contract, and LAPTRUST/LAPFUND Pension Contributions, as shown in Table 3.18.

**Table 3.407: Breakdown of Nyandarua County Manual Payroll**

Category	County Executive (Kshs.)	County Assembly (Kshs.)	Total (Kshs.)
Top-up Allowances for security officers	1,750,065	180,000	1,930,065
LAPTRUST/LAPFUND Pension Contributions	6,582,617		6,582,617
Gratuity for contract staff	5,370,057.13	2,166,962	7,537,019.13

Category	County Executive (Kshs.)	County Assembly (Kshs.)	Total (Kshs.)
Community Health Workers	9,277,500		9,277,500
Employer AHL		2,700	2,700
Total	229,80,239.13	2,350,112	25,330,351.13

Source: Nyandarua County Treasury

The County Assembly settled Kshs.2.69 million on committee sitting allowances for the 41 MCAs and the Speaker against the annual budget allocation of Kshs.36.85 million. The average monthly sitting allowance was Kshs.21,391 per MCA. The County Assembly has 17 House Committees.

### 3.35.10 Expenditure on Operations and Maintenance

During the reporting period, the County settled Kshs.7 million on operations and maintenance, representing a decrease of 88 per cent compared to FY 2024/25, when the County spent Kshs.59.28 million.

The only operations and maintenance expenditure the County incurred during the reporting period was Kshs.7 million on fuel and lubricants under the Office of the County Secretary.

### 3.35.11 County-Established Funds

Section 116 of the PFM Act 2012 allows County Governments to establish other public funds, subject to approval from the County Executive Committee and the County Assembly. The County allocated Kshs.284.81 million to County-Established funds in FY 2025/26, or 3 per cent of the County's overall budget. Further, the County allocated Kshs.40 million to the Emergency Fund (0.4 per cent of the total budget) in line with Section 110 of the PFM Act, 2012. Table 3.408 summarises each established Fund's budget allocation and performance during the reporting period.

**Table 3.408: Performance of Nyandarua County Established Funds in the First Quarter of FY 2025/26**

S/No.	Name of the Fund	Year Established	Approved Budget Allocation in FY 2025/26 (Kshs.)	Exchequer Issues in First Quarter of FY 2025/26 (Kshs.)	Actual Expenditure in the First Quarter of FY 2025/26 (Kshs.)	Submission of Financial Statements (Yes/No.)
<b>County Executive Established Funds</b>						
1.	Nyandarua County Emergency Fund	2016	40,000,000	-	-	No

3.	Nyandarua County Executive mortgage fund	2019	60,000,000			No
<b>County Assembly Established Funds</b>						
5.	Nyandarua County Assembly Staff Car & Mortgage		40,000,000	-		No
<b>Total</b>			<b>284,811,420</b>			

Source: Nyandarua County Treasury

During the reporting period, the CoB did not receive quarterly financial reports from the Fund Administrators, as indicated in Table 3.408, contrary to the requirement of Section 168 of the PFM Act, 2012.

Regulation 197(1)(i) of the Public Finance Management (County Governments) Regulations, 2015, allows County Governments to establish public funds with a lifespan capped at 10 years unless extended by the County Assembly. In FY 2024/25, the CoB established that the lifespan of the funds were within the 10-year limit.

### 3.35.12 County Corporations

The County has not established any corporation.

### 3.35.13 Expenditure on Domestic and Foreign Travel

The County did not report any expenditure on domestic and foreign travel during the period under review

### 3.35.14 Facility Improvement Financing

During the review period, the County reported collections of Kshs.73.54million as FIF, which was 24 per cent of the annual target of Kshs.300 million. The collected amount was retained and utilised at source in line with the Facility Improvement Financing Act, 2023. The County has developed regulations to operationalise the FIF Act of 2023.

The expenditure by the health facilities amounted to Kshs.25.47 million, as shown in Table 3.409.

**Table 3.409: Nyandarua County Health Facilities Expenditure Performance in FY 2025/26**

No.	Health Facility	Number of Facilities	Approved Budget (Kshs.)	Actual Expenditure (Kshs.)	Absorption rate (%)
1.	Level 1 Hospitals	2	209,370,922	25,471,775	12%
2.	Level 2 &3 hospitals	87	323,860,000	0	0
	<b>Total</b>	<b>89</b>	<b>533,230,922</b>	<b>25,471,775</b>	<b>5</b>

*Source:* Nyandarua County Treasury

### 3.35.15 Development Expenditure

In the review period, the County reported spending Kshs.78.02 million on development programmes, representing an increase compared to a similar period in FY 2024/25, when the County did not incur any development expenditure.

The County did not provide a list of development projects funded by the RMLF of Kshs.78.02 million received in the first quarter of FY 2025/26.

The County did not report any stalled development projects as of 30th September 2025.

### 3.35.16 Budget Performance by Department

Table 3.410 summarises the approved budget allocation, expenditure and absorption rate by departments in the period under review.

**Table 3.410: Nyandarua County, Budget Allocation and Absorption Rate by Department**

Department	Budget Allocation (Kshs.)		Exchequer Issues (Kshs.)		Expenditure (Kshs.)		Expenditure to Exchequer Issues (%)		Absorption rate (%)

<b>Total</b>	<b>5,833.86</b>	<b>3,592.61</b>	<b>283.44</b>	<b>78.02</b>	<b>254.46</b>	<b>78.02</b>	<b>90</b>	<b>100</b>	<b>4</b>	<b>2</b>

Source: Nyandarua County Treasury

Analysis of expenditure by departments shows that the Department of Public Works, Roads & Transport recorded the highest absorption rate of development budget at 6 per cent. The Department of Public Administration had the highest percentage of recurrent expenditure to budget at 8 per cent

### 3.35.17 Budget Execution by Programmes and Sub-Programmes

The recurrent sub-programmes with the highest levels of budget implementation, based on absorption rates, were: fleet management in the Office of the County Secretary at 11 per cent, preventive and Promotive services in the Department of Health at 8 per cent, and County Assembly services at 4 per cent of the budget allocation.

### 3.35.18 Accounts Operated in Commercial Banks

Regulation 82(1)(b) of the PFM (County Governments) Regulations, 2015, requires that County Government bank accounts be opened and maintained at the Central Bank of Kenya. The only exemption is for imprest bank accounts for petty cash and revenue collection bank accounts.

Further, Regulation 82(4) of the Public Finance Management (PFM) Act requires accounting officers to obtain written authorisation from the County Treasury before opening a commercial bank account. Additionally, Regulation 82(5) of the Public Finance Management (County Governments) Regulations, 2015, requires the County Treasury to submit a copy of the letter authorising an accounting officer to open a commercial bank account to the Controller of Budget.

The County Government operated 135 accounts in commercial banks, including 84 accounts for Health Facilities, 30 accounts for Vocational Training Centres, 7 accounts for Established Funds, 11 special purpose accounts (additional allocations), and 3 accounts for the Municipalities

The County Treasury did not submit copies of authorisation letters to the Controller of Budget for opening of the commercial bank accounts as per Regulation 82(5) of the Public Finance Management (County Governments) Regulations, 2015.

### 3.35.19 Key Observations and Recommendations

In the course of overseeing and reporting on the implementation of the County budget, the CoB identified the following challenges, which hampered effective budget implementation;

- i. The County Treasury's late submission of financial reports to the Controller of Budget affected the timely preparation of the budget implementation report, which was received on 29<sup>th</sup> October 2025
- ii. The underperformance of own-source revenue at Kshs.118.28 million against an annual target of Kshs.975 million, representing 12 per cent of the financial year target which is below the expected 25 per cent.
- iii. Low development performance in the review period as the County paid Kshs.78.02 million on development activities, achieving a 2 per cent absorption rate.
- iv. Fund Administrators failed to submit quarterly financial and non-financial reports to the CoB within the timelines provided by law, which is against the requirement of Section 168 of the PFM Act, 2012. The reports for the Bursary Fund, Emergency Fund, Mortgage Fund for the Executive and Staff Mortgage Fund for the County Assembly were not submitted to the CoB as of 15 July 2025.
- v. High level of trade payables, which amounted to Kshs.1.36 billion as of 30 September 2025. Further, there was non-adherence to the payment plan for the trade payables by the County Treasury.
- vi. The County reported revenue arrears of Kshs.623.96 million, comprising additional allocation arrears of Kshs.57.98 million, ordinary OSR arrears of Kshs.487.98 million, FIF arrears of Kshs.78 million. These revenue arrears limited funding for County activities

The County should implement the following recommendations to improve budget execution:

- i. *The County Treasury should ensure the timely preparation and submission of financial reports to the Office of the Controller of Budget per the timelines prescribed in Section 166 of the PFM Act, 2012.*
- ii. *The County should address its own-source revenue performance to ensure the approved budget is fully financed. Appropriate austerity measures should be implemented to ensure expenditure commitments are aligned with available revenue.*
- iii. *The County should implement strategies to increase development expenditures in FY 2025/26.*
- iv. *The CECMF should follow up to ensure Fund Administrators prepare and submit statutory reports in line with the PFM Act, 2012.*
- v. *The County Leadership should address the situation of trade payables to ensure that genuine bills are paid promptly in the remaining financial year. Further, compliance with the trade payables Action Plan should be enforced.*
- vi. *The County needs to develop strategies to collect these outstanding arrears to improve budget implementation.*

### **3.36. County Government of Nyeri**

#### **3.36.1 Overview of FY 2025/26 Budget**

The Nyeri County Approved Budget for FY 2025/26 is Kshs.8.52 billion. It comprises Kshs.2.69 billion (32 per cent) and Kshs.5.83 billion (68 per cent) allocation for development and recurrent programmes, respectively. The budget estimates represent a decrease of Kshs.235.15 million (3 per cent) from the FY 2024/25 budget, which comprised a development budget of Kshs.2.89 billion and a recurrent budget of Kshs.5.86 billion. The decrease in the budget was primarily attributed to the decline in additional allocations.

The budget is to be financed from various revenue sources. These include: the equitable share of revenue raised nationally of Kshs.6.52 billion (77 per cent), additional allocations of Kshs.1.2 billion (14 per cent) and Kshs.800 million (9 per cent) received as own-source revenue. A breakdown of the additional allocations is shown in Table 3.446.

#### **3.36.2 Revenue Performance**

During the first Quarter of FY 2025/26, the County received Kshs.1.38 billion in revenue. This amount represented an increase of 5 per cent compared to the amount received in a similar period in FY 2024/25 of Kshs.1.32 billion. The total revenue consisted of Kshs.1.11 billion from the equitable share of revenue raised nationally, as well as additional allocations from the national government and development partners, in the amount of Kshs.10.26 million, as well as the own-source revenue (OSR) collection of Kshs.263.19 million. Additionally, the County had a cash balance at CRF of Kshs.5.19 million. The total OSR collection of Kshs.263.18 million

included Facilities Improvement Financing (FIF) of Kshs.127.78 million, and Kshs.135.41 million from other OSR sources. Table 3.446 summarises the total revenue available to the County Government during FY 2025/26.

**Table 3.411: Nyeri County, Revenue Performance in the First Quarter of FY 2025/26**

The County has a governing legislation on the operation of ordinary A-I-A and FIF. Figure 206 provides a detailed breakdown of Revenue, showing a breakdown of each shilling received.

**Figure 206: Nyeri County Composition of Each Shilling Received in the First Quarter of FY 2025/26**

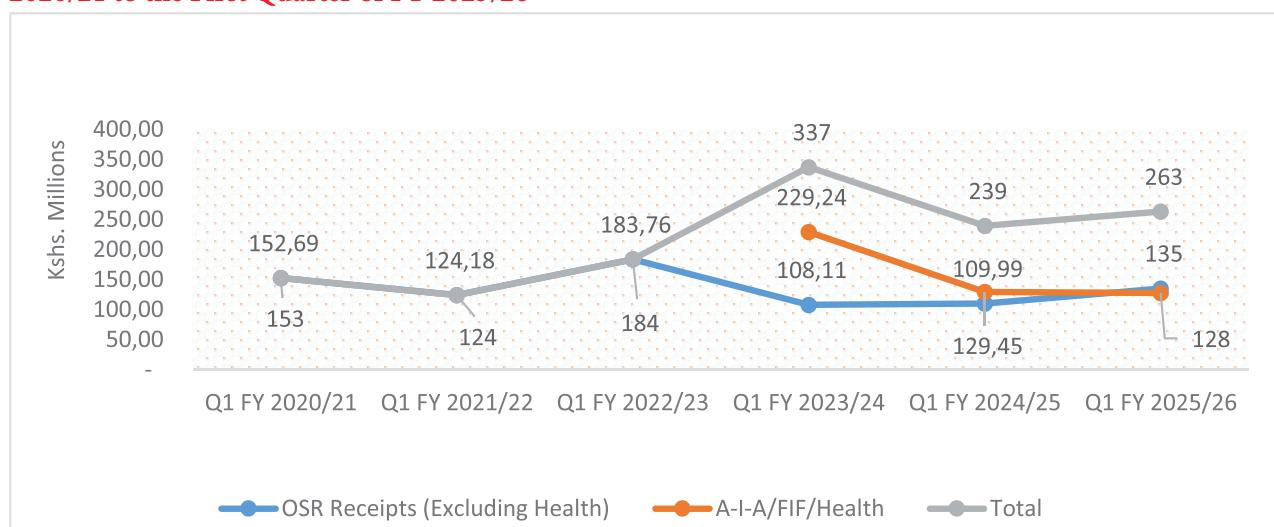

*Source: Nyeri County Treasury*

The equitable share of revenue raised nationally and OSR contributed 80 and 19 per cent respectively of the total Revenue for the reporting period.

Figure 207 shows the collection trend in own-source revenue from the First Quarter of FY 2020/21 to the First Quarter of FY 2025/26.

**Figure 207: Nyeri County Trend in Own-Source Revenue Collection from the First Quarter of FY 2020/21 to the First Quarter of FY 2025/26**

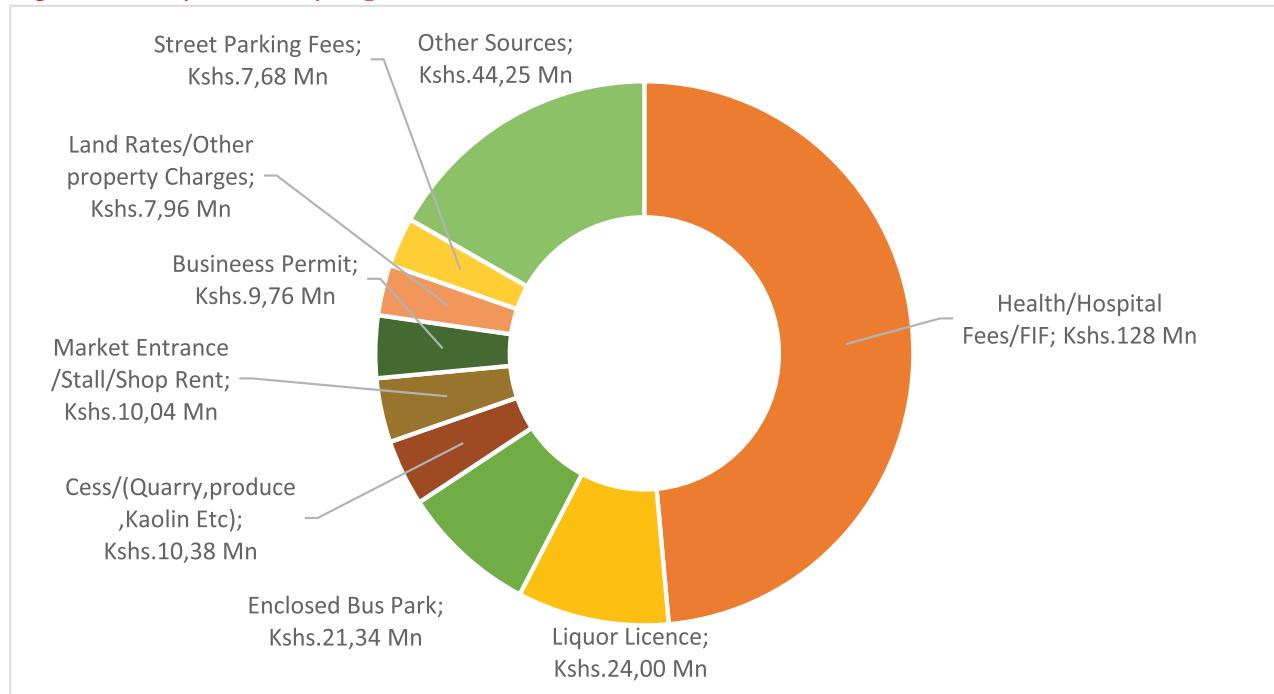

*Source: Nyeri County Treasury*

During the First Quarter of FY 2025/26, the County received Kshs.263.19 million from its revenue sources, including FIF. This amount was an increase of 10 per cent compared to Kshs.239.44 million realised in a similar period in FY 2024/25, representing 16 per cent of the annual target and 24 per cent of the equitable revenue share disbursed.

The revenue streams which contributed the highest OSR Revenue are shown in Figure 208.

**Figure 208: Nyeri County Top Own Source Revenue Streams in the First Quarter of FY 2025/26**

Source: Nyeri County Treasury

As shown in Figure 208, the highest revenue stream, at Kshs.128 million, was from Health/Hospital fees/FIF, accounting for 49 per cent of the total OSR Revenue. The County Government indicated that it has automated 20 out of 55 revenue streams.

### 3.36.3 Receivables/ Revenue Arrears

As of 1<sup>st</sup> July 2025, the County reported Receivables of Kshs.1.12 Billion, this amount increased to Kshs.1.29 Billion as of 30<sup>th</sup> September 2025. Table 3.447 presents a breakdown of the County's Receivables.

**Table 3.412: Nyeri County Receivables as of 30 September 2025**

No	Revenue Stream	Arrears of 1 July 2025 (Kshs.)	Progress made in FY 2025/26			Revenue Arrears as of 30 June 2025 (Kshs.)
			Waivers (Kshs)	Arrears received in the financial year (Kshs)	Receivables earned in FY 2025/26 (Kshs)	
	a	b	c	d	f=a-b-c+d	
A	Ordinary Own Sources of Revenue	660,992,159	17,030,584	2,204,984	12,772,798	654,529,389

<b>Total</b>		<b>1,117,169,937</b>	<b>38,205,575</b>	<b>2,204,984</b>	<b>211,321,930</b>	<b>1,288,081,308</b>

Source: Nyeri County Treasury

As of 30 September 2025, the Receivables total Kshs.1.29 billion, comprising Kshs.654.53 for ordinary own source revenue (51 per cent) and Kshs.633.55 for the Facility Improvement Fund(FIF). The measures instituted by the County to collect the outstanding Receivables in FY 2025/26 include constant follow-up to collect the outstanding Receivables.

### 3.36.4 Borrowing by the County

The County did not borrow any funds during the reporting period.

### 3.36.5 Exchequers Approved

The Controller of Budget approved withdrawals of Kshs.1.21 billion from the CRF account during the reporting period, which comprised Kshs.10.26 million (1 per cent) for development programmes and Kshs.1.2 billion

(99 per cent) for recurrent programmes. Analysis of the recurrent exchequers released indicates that Kshs.1.09 billion was towards employee compensation and Kshs.101.03 million for operations and maintenance expenditure.

The operations and maintenance exchequer analysis indicates that 69 per cent was allocated for domestic travel and less than 1 per cent for foreign travel. The domestic travel exchequer amounted to Kshs.70.15 million and included Kshs.26.7 million for the County Executive and Kshs.43.45 million for the County Assembly. The foreign exchequer totalled Kshs.88,200 for the County Executive .

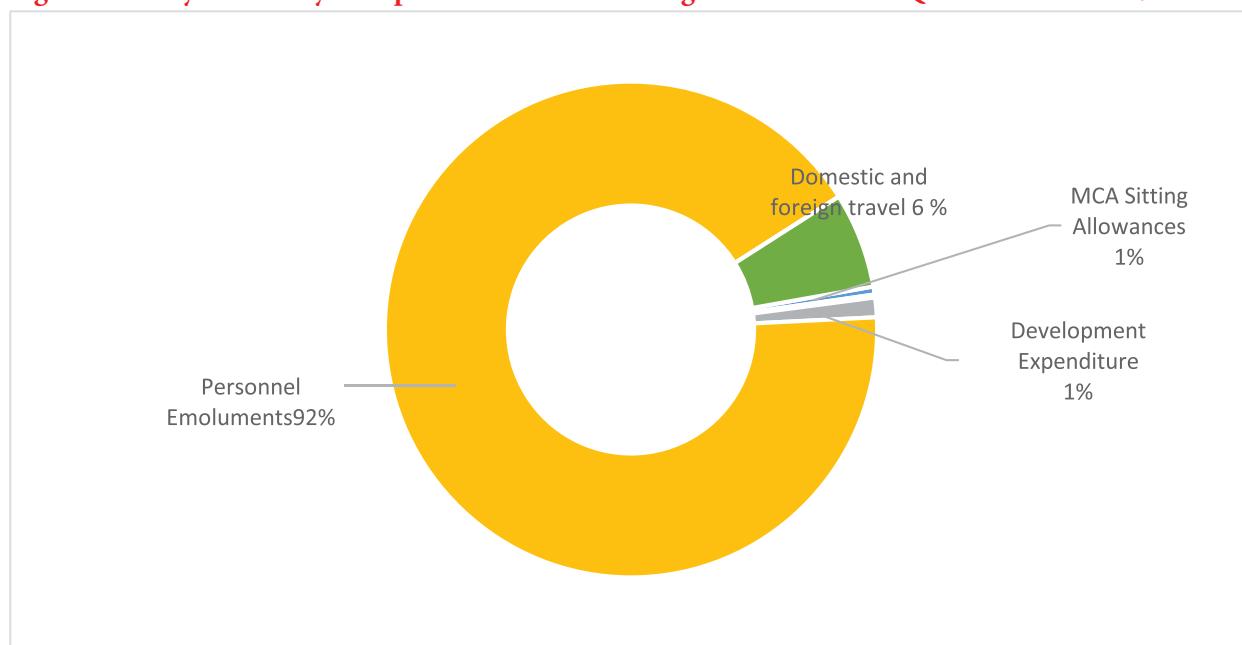

As of September 30, 2025, the County Government's cash balance in the CRF account was Kshs.731.92 million.

### 3.36.6 Expenditure Review

The County spent Kshs.1.17 Billion on development and recurrent programmes in the reporting period. The expenditure represented 98 per cent of the total funds released by the CoB. It comprised Kshs.14.4 million for development programmes and Kshs.1.16 billion for recurrent programmes. Expenditure on development programmes represented an absorption rate of less than 1 per cent, while recurrent expenditure accounted for 19.8 per cent of the annual recurrent expenditure budget.

The following chart provides a detailed breakdown of expenditure, showing the relative composition of each shilling spent.

**Figure 209: Nyeri County Composition of Each Shilling Paid in the First Quarter of FY 2025/26**

Source: Nyeri County Treasury

As shown in Figure 209, the three highest expenditure categories were Personnel Emoluments, Domestic and Foreign Travel and Development, which contributed 92 per cent, 6 per cent, and 1 per cent of the total expenditure for the reporting period.

### 3.36.7 Settlement of Trade Payables

As of July 1, 2025, the County reported Trade payables totalling Kshs.356.63 million. This amount included Kshs.342.36 million from the County Executive and Kshs.14.27 million from the County Assembly. The Trade payables from the County Executive consisted of Kshs 322.46 million for recurrent expenditures and Kshs 19.90 million for development expenditures.

During the reporting period, the County Executive did not settle any Trade payables. On the other hand, the County Assembly settled Trade payables worth Kshs.14.27 million for recurrent activities. As of September 30, 2025, the outstanding Trade payables were Kshs.342.36 million for the County Executive. Table 3.448 provides additional details of Trade payables.

**Table 3.413: Nyeri County Trade payables as of 30<sup>th</sup> September 2025**

	County Entity	Development	Recurrent	Total
As at 1 July 2025 (End of FY 2024/25)	County Executive	19,900,149	322,459,478	342,359,627
	County Assembly		14,270,100	14,270,100
	Total	19,900,149	336,729,578	356,629,727
Amount paid in FY 2025/26	County Executive			-
	County Assembly	-	14,270,100	14,270,100
	Total	-	14,270,100	14,270,100
Outstanding Trade payables as of 30 September 2025 (Kshs.)	County Executive	19,900,149	322,459,478	342,359,627
	County Assembly	-	-	-
	Total	19,900,149	322,459,478	342,359,627

Source: Nyeri County Treasury

The County Executive and the Assembly submitted a Trade payables payment plan, committing to pay Kshs.14.27 million and Kshs.324.36 million, respectively, in FY 2025/26. The County Assembly adhered to this payment plan, as it cleared Kshs.14.27 million, while the County Executive did not adhere to it.

Table 3.449 present the ageing of the total outstanding bills as of 30 September 2025 for the County Executive and Assembly, which were Kshs.342.36 million

**Table 3.414: Nyeri County Executive Pending Bill Ageing Analysis as of 30 September 2025**

Category	Ageing analysis (Amount in Kshs.)				Total
	Under one year	1-2 years	2-3 years	Over 3 years	
<b>Development Trade payables</b>	13,198,418	6,701,731			19,900,149

<b>Total Trade payables</b>	186,505,459	71,700,050	4,939,830	79,214,288	342,359,627
<b>% of Total</b>	<b>54</b>	<b>21</b>	<b>1</b>	<b>23</b>	<b>100</b>

Source: Nyeri County Treasury

Table 3.449 shows that 24 per cent of the Executive's payables are older than two years old. We urge them to use FIFO in settling their liabilities.

### 3.36.8 Expenditure by Economic Classification

During the reporting period, the County Executive incurred Kshs.976.56 million for compensation of employees, Kshs.60.62 million for operations and maintenance, and Kshs.14.4 million for development activities. Similarly, the County Assembly spent Kshs.59.84 million on compensation of employees, Kshs.59.09 million on operations and maintenance, and none on development activities, as shown in Table 3.450.

**Table 3.415: Nyeri County Summary of Budget and Expenditure by Economic Classification**

Expenditure Classification	Revised Budget (Kshs.)		Expenditure (Kshs.)		Absorption (%)	
	County Executive	County Assembly	County Executive	County Assembly	County Executive	County Assembly
<b>Total Recurrent Expenditure</b>						
Compensation of Employees	4,147,204,630	259,872,014	976,561,320	59,837,410	24	23
Operations and Maintenance	971,887,829	450,679,500	60,615,217	59,086,530	6	13
<b>Development Expenditure</b>	<b>2,656,213,975</b>	<b>30,000,000</b>	<b>14,397,435</b>	<b>-</b>	<b>0.5</b>	<b>0.0</b>

Expenditure Classification	Revised Budget (Kshs.)		Expenditure (Kshs.)		Absorption (%)	
	County Executive	County Assembly	County Executive	County Assembly	County Executive	County Assembly
Total	7,775,306,434	740,551,514	1,051,573,972	118,923,940	13.5	16.1

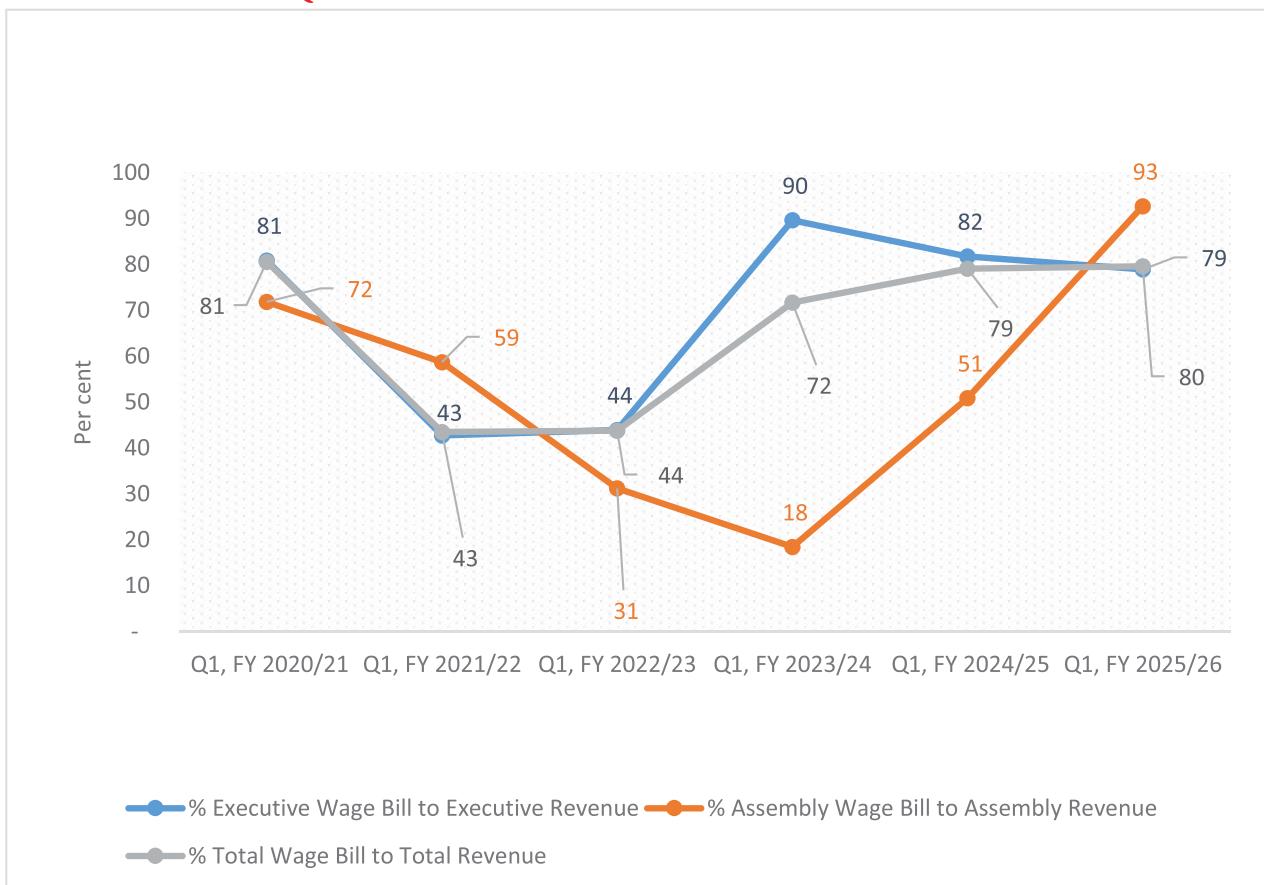

Source: Nyeri County Treasury

### 3.36.9 Expenditure on Compensation of Employees

During the period under review, the expenditure on employee compensation totalled Kshs.1.04 billion. The percentage of compensation of employees to revenue was 86 per cent. This expenditure on employee compensation shows a decrease compared to the Kshs.1.03 billion reported in a similar period in FY 2024/25. Of this total, Kshs.429.32 million was related to Health Sector employees, which accounted for 41 per cent of the overall employees' compensation.

Figure 210 shows the compensation trend of employees' expenditures as a percentage of total revenue received from the First Quarter of FY 2020/21 to the First Quarter of FY 2025/26.

**Figure 210: Percentage of Employee Compensation to Total Revenue Received from the First Quarter of FY 2020/21 to the First Quarter of FY 2025/26**

Source: Nyeri County Treasury

As shown in Figure 210 the Executive's wage bill decreased from 81 per cent in the first quarter of FY 2020/21 to 43 per cent in FY 2021/22, then rose sharply to 90 per cent by FY 2023/24 and stabilised around 80 per cent in FY 2025/26. Conversely, the Assembly's wage bill fell from 72 per cent in FY 2020/21 to 18 per cent in FY 2023/24, before increasing again to 93 per cent in FY 2025/26.

These trends show varying compensation pressures, with both the Executive and Assembly facing alternating periods of relief and strain. Both entities exceeded the 35 per cent ceiling set by Regulation 25(1)(b) of the PFM (County Governments) Regulations 2015, indicating a prioritisation of employee compensation over other expenditures.

Further analysis indicated that PE costs amount to Kshs.1.08 billion were processed through the Human Resource Information System (HRIS). In contrast, Kshs.109.65 million was processed through manual payroll, which accounted for 1 per cent of the total PE cost.

The manual payroll comprised salaries for 152 staff not onboarded into the Human Resource Information System (HRIS), salaries for 57 casual staff, top-up allowances for security personnel, gratuity remittances to pension schemes for staff on contract, and LAPTRUST/LAPFUND Pension Contributions, as shown in Table 3.451.

**Table 3.416: Breakdown of Nyeri County Manual Payroll**

Sno.	Category	County Executive	County Assembly	Total
1	Salaries for staff paid outside the Human Resource Information System (HRIS)	375,510	1,864,419.00	2,239,929
2	Salaries for casual staff	42,267		42,267
3	Top-up Allowances for security officers	945,000	640,080.00	1,585,080
4	LAPTRUST/LAPFUND Pension Contributions	51,186,450	925,143.00	52,111,593
5	Gratuity for contract staff	33,992,878	1,296,204.00	35,289,082
7	Community Health Workers	18,380,000		18,380,000
	<b>Total</b>	<b>104,922,105</b>	<b>4,725,846.00</b>	<b>109,647,951</b>

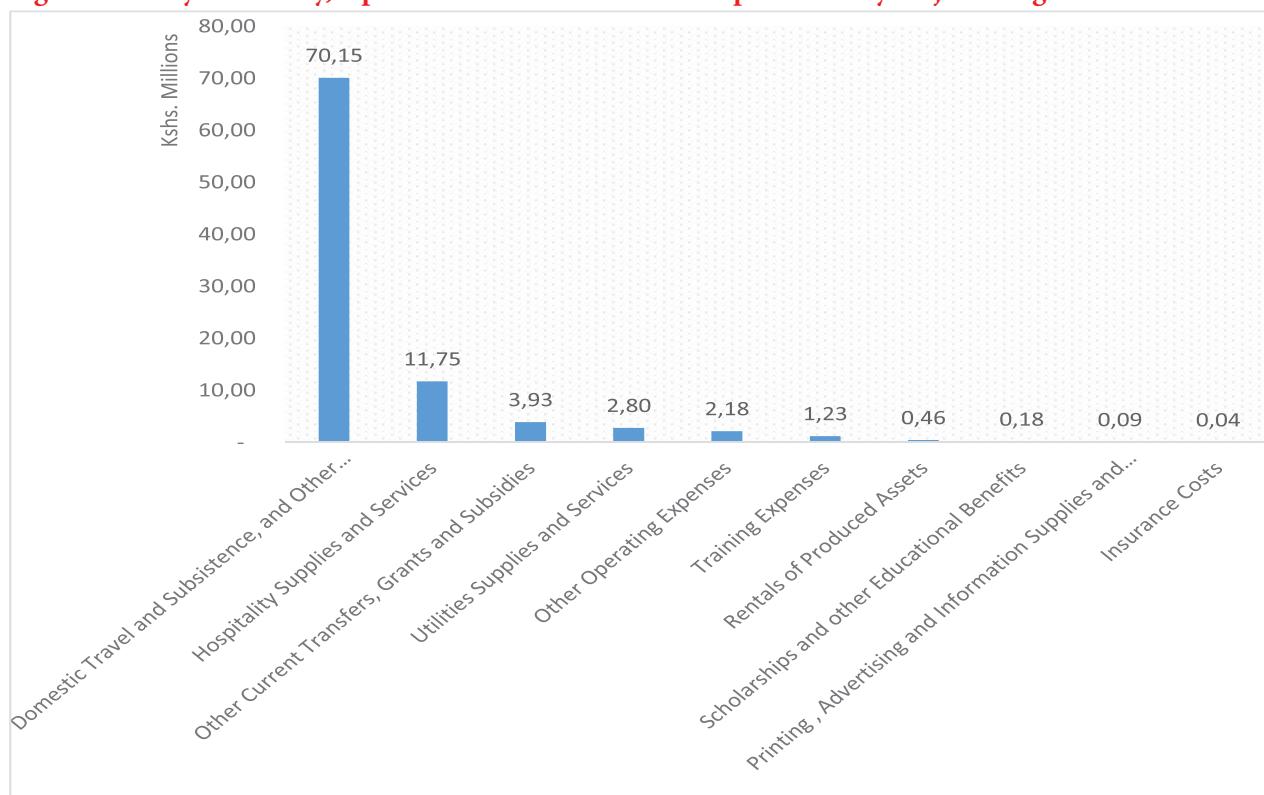

Source: Nyeri County Treasury

The County Assembly spent Kshs.5.86 million on committee sitting allowances for the 43 MCAs against the annual budget allocation of Kshs.18 million. The average monthly sitting allowance was Kshs.45,388 per MCA. The County Assembly has 24 House Committees.

### 3.36.10 Expenditure on Operations and Maintenance

During the reporting period, the County spent Kshs.119.7 million on operations and maintenance, representing a decrease of 3 per cent compared to FY 2024/25, when the County spent Kshs.122.92 million. Figure 211 summarises the Operations and Maintenance expenditure by major categories.

**Figure 211: Nyeri County, Operations and Maintenance Expenditure by Major Categories**

Source: Nyeri County Treasury

### 3.36.11 Unbundling “Other Operating Expenses” Under Operations and Maintenance Expenditures

The budget performance report submitted to the Controller of Budget for the first quarter of FY 2025/26 shows that the County spent Kshs.2.18 million under “other Operating expenses” translates to 2 per cent of the cumulative operations and maintenance expenditure of Kshs.119.70 million. The disaggregated items under the “Other Operating Expenses” category are shown in Table 3.452.

**Table 3.417: Breakdown of “Other Operating Expenses” under O&M Expenditures**

### 3.36.12 County-Established Funds

Section 116 of the PFM Act 2012 allows County Governments to establish other public funds, subject to approval from the County Executive Committee and the County Assembly. The County allocated Kshs.100 million to County-established funds in FY 2025/26, or 1 per cent of the County’s overall budget. Further, the County did not allocate any funds to the Emergency Fund contrary to Section 110 of the PFM Act, 2012. Table 3.453 summarises each established Fund’s budget allocation and performance during the reporting period.

**Table 3.418: Performance of Nyeri County Established Funds in the First Quarter of FY 2025/26**

Source: *Nyeri County Treasury*

During the reporting period, the CoB did not receive quarterly financial reports from Established Funds. During the review period, the CoB determined that the Elimu Fund, established in 2025, had already lapsed.

### 3.36.13 County Corporations

The County Corporations are autonomous, thus did not receive allocations from the mainstream budget.

### 3.36.14 Expenditure on Domestic and Foreign Travel

Expenditure on domestic travel amounted to Kshs.70.15 million and comprised Kshs.43.45 million spent by the County Assembly and Kshs.26.7 million by the County Executive. There was no foreign travel for either the County Executive or the County Assembly during the period under review.

### 3.36.15 Facility Improvement Financing

During the review period, the County reported recognized of Kshs.127.78 million as FIF, which was 15 per cent of the annual target of Kshs.850 million. The recognized amount was retained and utilised at source in line with the Facility Improvement Financing Act, 2023. The County has developed regulations to operationalise the FIF Act of 2023.

The expenditure by health facilities amounted to Kshs 127.78 million, as shown in Table 3.454.

**Table 3.419: Nyeri County Health Facilities Expenditure Performance in FY 2025/26**

No.	Health Facility	Number of Facilities	Approved Budget (Kshs.)	Actual Expenditure (Kshs.)	Absorption rate (%)

### 3.36.16 Development Expenditure

During the review period, the County reported incurring Kshs.14.4 million on development programmes, compared to FY 2024/25, when the County incurred Kshs.448,600.

Table 3.455 summarises the development projects with the highest expenditure in the reporting period.

**Table 3.420: Nyeri County, List of Development Projects with the Highest Expenditure**

No.	Sector	Project Name	Project Location	Expected Completion Date	Contract sum (Kshs)	Amount paid in FY 2025/26 (Kshs.)	Cumulative Expenditure as of 30 September 2025	Implementation status (%)
Donor Funded Projects

Source: Nyeri County Treasury

Analysis of expenditure by departments shows that the Department of Nyeri Municipality recorded the highest absorption rate of development budget at 2 per cent, followed by the Department of Education, Training and Devolution at 2 per cent. The Department of Agriculture, Livestock, and Aquaculture Development had the highest percentage of recurrent expenditure to budget at 47.53 per cent, while the Department of Water, Environment, and Climate Change had the lowest at less than one per cent.

### 3.36.18 Budget Execution by Programmes and Sub-Programmes

The development sub-programmes with the highest levels of budget implementation, based on absorption rates, were: Youth Training and development in the Department of Education, Training and Devolution at 21 per cent, Donor Support Services in the Department of Nyeri Municipality at 9 per cent, and Donor Support Services in the Department of Water, Environment and Climate change at less than one per cent of the budget allocation. Conversely, the recurrent sub-programmes with the highest levels of budget implementation, based on absorption rates, were: Farm development and development of Agricultural land for crop production in the Department of Agriculture, Livestock, Aquaculture development at 50 cent respectively, Administrative and Planning Services in the Department Agriculture, Livestock, Aquaculture development at 48 per cent, Administrative support Services in the Department of Education, Training and Devolution at 38 per cent of the budget allocation.

### 3.36.19 Accounts Operated in Commercial Banks

Regulation 82(1)(b) of the PFM (County Governments) Regulations, 2015, requires that County Government bank accounts be opened and maintained at the Central Bank of Kenya. The only exemption is for imprest bank accounts for petty cash and revenue collection bank accounts.

Further, Regulation 82(4) of the Public Finance Management (PFM) Act requires accounting officers to obtain written authorisation from the County Treasury before opening a commercial bank account. Additionally, Regulation 82(5) of the Public Finance Management (County Governments) Regulations, 2015, requires the County Treasury to submit a copy of the letter authorising an accounting officer to open a commercial bank account to the Controller of Budget.

The County Government operated 32 accounts in commercial banks, including two accounts for Health Facilities, 11 accounts for Established Funds, three revenue accounts, 11 special-purpose accounts (additional allocations),

The County Treasury submitted copies of authorisation letters to the Controller of Budget for opening commercial bank accounts as per Regulation 82(5) of the Public Finance Management (County Governments) Regulations, 2015.

### **3.36.20 Key Observations and Recommendations**

In the course of overseeing and reporting on the implementation of the County budget, the CoB identified the following challenges, which hampered effective budget implementation;

- i. The County Treasury's late submission of financial reports to the Controller of Budget affected the timely preparation of the budget implementation report, which was received on 5<sup>th</sup> November 2025
- ii. The underperformance of own-source revenue at Kshs.135.41 million against an annual target of Kshs.800 million, representing 17 per cent of the financial year target.
- iii. Low development performance in the review period as the County incurred Kshs.14.4 million on development activities, achieving a 0.5 per cent absorption rate.
- iv. The County reported revenue arrears of Kshs.1.29 billion comprising of ordinary OSR arrears of Kshs.654.53 million (51 per cent) and FIF arrears of Kshs.633.55 million (49 per cent). These revenue arrears limited funding for County activities

The County should implement the following recommendations to improve budget execution:

- i. *The County Treasury should ensure the timely preparation and submission of financial reports to the Office of the Controller of Budget per the timelines prescribed in Section 166 of the PFM Act, 2012.*
- ii. *The County should address its own-source revenue performance to ensure the approved budget is fully financed. Appropriate austerity measures should be implemented to ensure expenditure commitments are aligned with available revenue.*
- iii. *The County should implement strategies to increase development expenditures in FY 2025/26.*
- iv. *The County needs to develop strategies to collect these outstanding arrears to improve budget implementation.*

## **3.37. County Government of Samburu**

### **3.37.1 Overview of FY 2025/26 Budget**

The Samburu County Approved Budget for FY 2025/26 is Kshs.7.81 billion. It comprises Kshs.2.51 billion (32 per cent) and Kshs.5.30 billion (68 per cent) allocation for development and recurrent programmes, respectively. The budget estimates represent an increase of Kshs.432 million (6 per cent) from the FY 2024/25 budget, which comprised a development budget of Kshs.2.24 billion and a recurrent budget of Kshs.5.14 billion. The increase in the budget was primarily attributed to the rise in equitable share and own-source revenues.

The budget is to be financed from various revenue sources. These include: the equitable share of revenue raised nationally of Kshs.5.87 billion (75 per cent), additional allocations of Kshs.1.20 billion (15 per cent), a cash balance of Kshs.430 million (6 per cent) brought forward from FY 2024/25, and Kshs.302 million (4 per cent) generated as own-source revenue. A breakdown of the additional allocations is shown in Table 3.422.

### **3.37.2 Revenue Performance**

During the first Quarter of FY 2025/26, the County generated Kshs 1.34 billion in revenue. This amount represented an increase of 30 per cent compared to the amount received in a similar period in FY 2024/25 of Kshs.1.04 billion. The total revenue consisted of Kshs.1.10 billion from the equitable share of revenue raised nationally, as well as own-source revenue (OSR) collection of Kshs.121.99 million. Additionally, the County had a cash balance of Kshs.118.70 million from FY 2024/25. The total OSR collection of Kshs.121.99 million included Facilities Improvement Financing (FIF) of Kshs.10.24 million, and Kshs.111.74 million from other OSR sources. Table 3.422 summarises the total revenue available to the County Government during FY 2025/26.

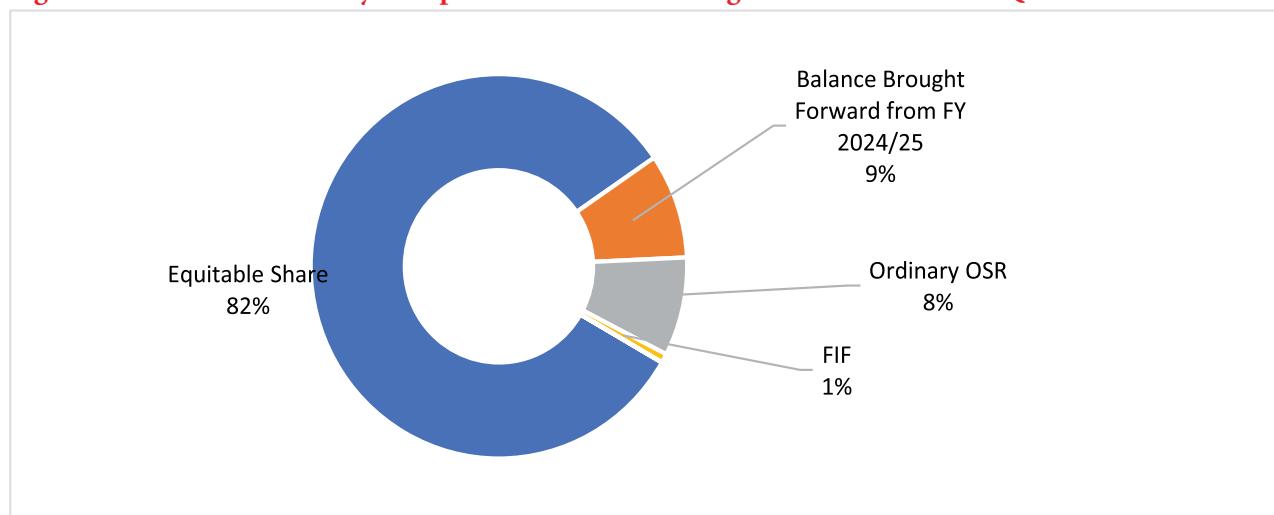

**Table 3.422: Samburu County, Revenue Performance in FY 2025/26**

Source: Samburu County Treasury

An analysis of revenue sources indicated that the County has not enacted legislation to operationalise Ordinary A-I-A and FIF. Figure 212 provides a detailed breakdown of Revenue, showing the amount received for each shilling.

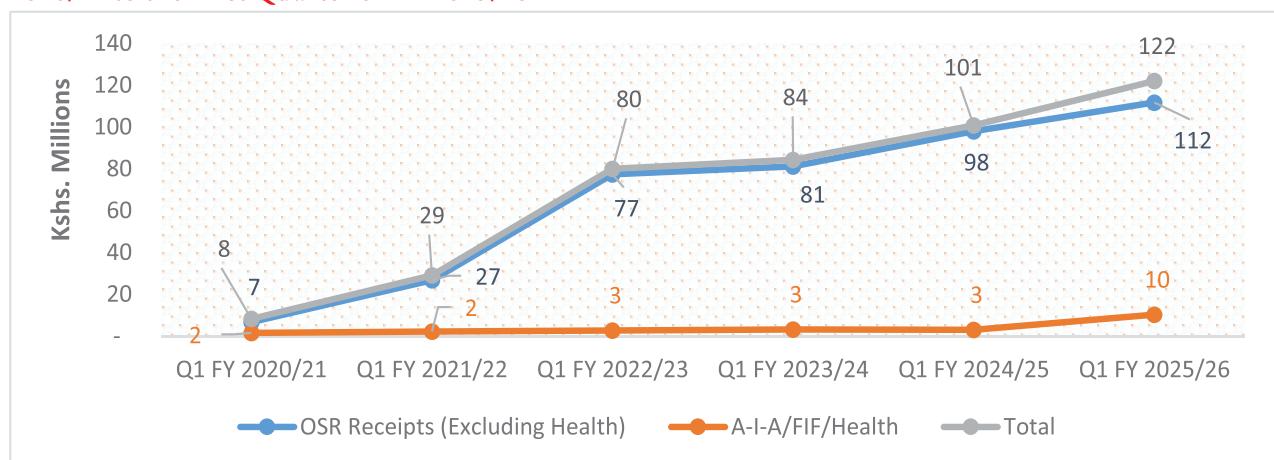

**Figure 212: Samburu County Composition of Each Shilling Received in the First Quarter of FY 2025/26**

Source: Samburu County Treasury

The equitable share of revenue raised nationally, balance brought forward, and OSR contributed 82 per cent, 9 per cent and 8 per cent, respectively, of the total Revenue for the reporting period. Figure 213 shows the collection trend in own-source revenue from the First Quarter of FY 2020/21 to the First Quarter of FY 2025/26.

**Figure 213: Samburu County Trend in Own-Source Revenue Collection from the First Quarter of FY 2020/21 to the First Quarter of FY 2025/26**

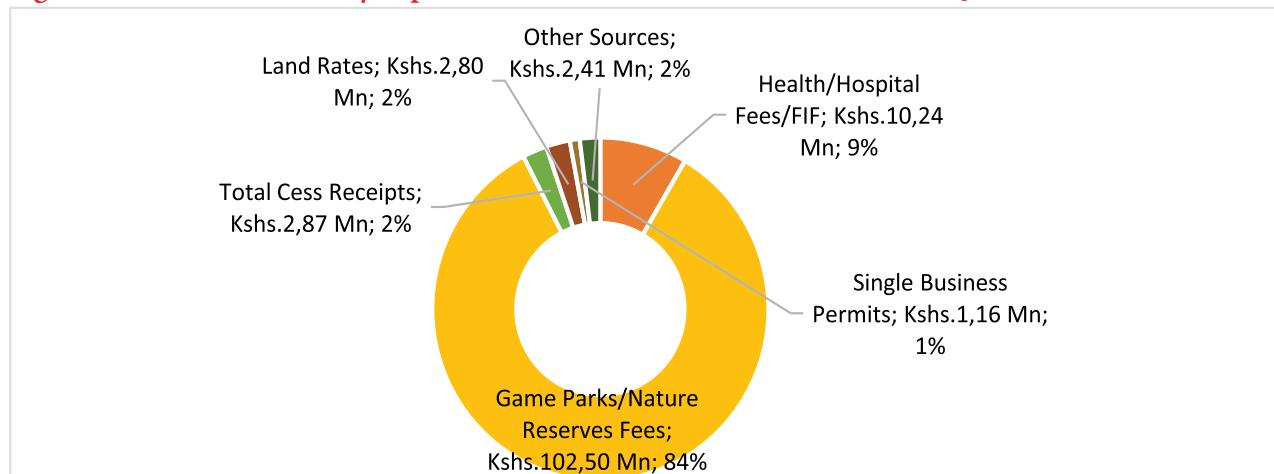

Source: Samburu County Treasury

During the First Quarter of FY 2025/26, the County generated Kshs.121.98 million from its revenue sources, including FIF. This amount was an increase of 21 per cent compared to Kshs.100.86 million realised in a similar period in FY 2024/25, and was 40 per cent of the annual target.

The increase in OSR was attributed to growth in the tourism sector and to the implementation of the revenue system across the wider revenue streams. The revenue streams which contributed the highest OSR Revenue are shown in Figure 214.

**Figure 214: Samburu County Top Own Source Revenue Streams in the First Quarter of FY 2025/26**

Source: Samburu County Treasury

As shown in Figure 214, the highest revenue stream, at Kshs.102.50 million, was from Game Park fees, accounting for 84 per cent of the total OSR Revenue. The County Government indicated that it has automated 16 of 19 revenue streams.

### 3.37.3 Revenue Arrears

As of 1<sup>st</sup> July 2025, the County reported revenue arrears of Kshs.22.83 million, this amount did not vary during the period under review 30<sup>th</sup> September 2025. Table 3.423 presents a breakdown of the County's revenue arrears.

**Table 3.423: Samburu County Revenue Arrears as of 30 September 2025**

No	Revenue Stream	Revenue Arrears as of 1 July 2025 (Kshs.)	Progress made in FY 2025/26			Revenue Arrears as of 30 September 2025 (Kshs.)

	<b>Total</b>	<b>22,825,335</b>		<b>9,075,045</b>		<b>13,750,290</b>

Source: Samburu County Treasury

As of 30 September 2025, the revenue arrears totalled to Kshs.13.75 million, comprising Kshs.9.75 million for SHIF (71 per cent) and Kshs 4 million for the defunct National Health Insurance fund. The measures instituted by the County to collect the outstanding arrears in FY 2025/26 include issuing of constant reminders.

### 3.37.4 Borrowing by the County

During the period under review, the County did not borrow.

### 3.37.5 Exchequers Approved

The Controller of Budget approved withdrawals of Kshs.829.16 million from the CRF account during the reporting period, which comprised Kshs.41.09 million (5 per cent) for development programmes and Kshs.788.06 million (95 per cent) for recurrent programmes. Analysis of the recurrent exchequers released indicates that Kshs.525.40 million was towards employee compensation and Kshs.262.67 million for operations and maintenance expenditure.

The operations and maintenance exchequer analysis indicate that 29 per cent was for domestic travel, while there was no expenditure on foreign travel. The domestic travel exchequer amounted to Kshs.77.24 million and included Kshs.56.03 million for the County Executive and Kshs.21.21 million for the County Assembly. During the period under review there was no expenditure on foreign travel for both the County Executive and the County Assembly.

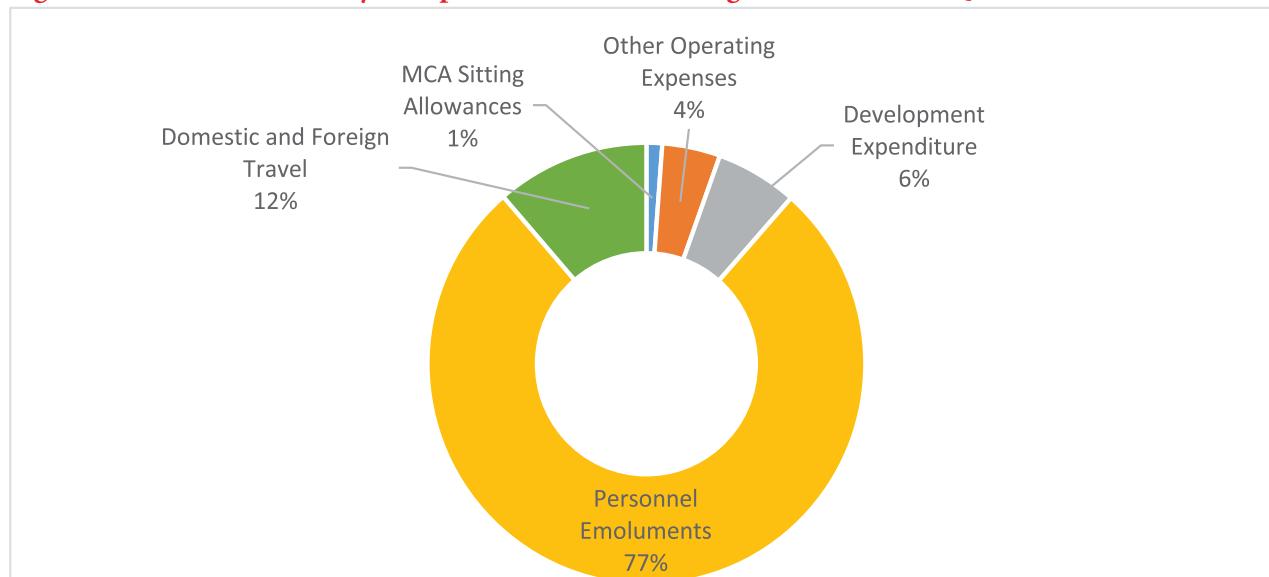

As of September 30, 2025, the County Government's cash balance in the CRF account was Kshs.376.57 million.

### 3.37.6 Expenditure Review

The County spent Kshs.829.16 million on development and recurrent programmes in the reporting period. The expenditure represented 100 per cent of the total funds released by the CoB. It comprised Kshs.41.09 million for development programmes and Kshs.788.06 million for recurrent programmes. Expenditure on development programmes represented an absorption rate of 2 per cent, while recurrent expenditure represented 26 per cent of the annual recurrent expenditure budget.

The following chart provides a detailed breakdown of expenditure, showing relative composition of each shilling spent.

**Figure 215: Samburu County Composition of Each Shilling Paid in the First Quarter of FY 2025/26**

Source: Samburu County Treasury

As shown in Figure 215, the three highest expenditure categories were Personnel Emoluments. Domestic Travels and Development expenditure accounted for 77 per cent, 12 per cent, and 6 per cent of total expenditure for the reporting period, respectively.

### 3.37.7 Settlement of Trade Payables

As of 1<sup>st</sup> July 2025, the County reported Trade Payables totalling Kshs.481.39 million. This amount included Kshs.432.03 million from the County Executive and Kshs.49.6 million from the County Assembly. The Trade Payables from the County Executive consisted of Kshs.231.05 million for recurrent expenditures and Kshs.200.77 million for development expenditures.

During the reporting period, the County Executive did not settle any trade payables, whereas the County Assembly settled trade payables worth Kshs.23.77 million, which was wholly for recurrent activities. The outstanding trade payables as of 30th September 2025 were Kshs.481.39 million for the County Executive and Kshs.25.89 million for the County Assembly. Table 3.424 provides additional details of Trade Payables.

**Table 3.424: Samburu County Trade Payables as of 30<sup>th</sup> September 2025**

		County Entity	Development (Kshs.)	Recurrent (Kshs.)	Total (Kshs.)

		County Assembly	7,721,925	17,867,614	25,589,539
		Total	238,767,258	218,654,018	457,621,276

Source: Samburu County Treasury

The County Executive and the Assembly submitted a trade payables payment plan, committing to pay Kshs.84.36 million and Kshs.26.77 million, respectively, in FY 2025/26. The County **did not adhere** to this payment plan, as it did not make any settlement in the Executive and Kshs.24.77 million for the Assembly.

Table 3.425 and Table 3.426 present the ageing of the total outstanding bills as of 30 September 2025 for the County Executive and Assembly, which were Kshs.457.62 million.

During the review period, the analysis indicated that all trade payables settled by the County Assembly were under one year, while the County Executive's ageing analysis showed noncompliance with the payment plan.

### 3.37.8 Expenditure by Economic Classification

During the reporting period, the County Executive incurred Kshs.456.63 million for compensation of employees, Kshs.229.53 million for operations and maintenance, and Kshs.41.09 million for development activities. Similarly, the County Assembly spent Kshs.68.77 million on compensation of employees and Kshs.33.14 million on operations and maintenance, during the period no expenditures were incurred on development activities, as shown in Table 3.427.

**Table 3.427: Samburu County Summary of Budget and Expenditure by Economic Classification**

Expenditure Classification	Revised Budget (Kshs.)		Expenditure (Kshs.)		Absorption (%)	
	County Executive	County Assembly	County Executive	County Assembly	County Executive	County Assembly
<b>Total Recurrent Expenditure</b>	5,301,870,200	586,086,120	686,153,011	101,913,737	13	17
Compensation of Employees	3,000,743,590	322,074,489	456,625,631	68,772,689	15	21

### 3.37.9 Expenditure on Compensation of Employees

During the period under review, the expenditure on employee compensation totalled Kshs.525.40 million. The compensation-to-revenue ratio was 32 per cent. This expenditure on employee compensation shows an increase compared to the Kshs.475.11 million reported in a similar period in FY 2024/25. Of this total, Kshs.304.14 million related to the Health Sector employees, which accounted for 57.89 per cent of the overall employees' compensation.

Further analysis indicated that PE costs amounting to Kshs.513.30 million were processed through the Human Resource Information System (HRIS). In contrast, Kshs.12.09 million was processed through manual payroll, which accounted for 2 per cent of the total PE cost.

The manual payroll comprised salaries for 68 staff not onboarded into the Human Resource Information System (HRIS), top-up allowances for security personnel, gratuity remittances to pension schemes for staff on contract, and LAPTRUST/LAPFUND Pension Contributions, as shown in Table 3.428.

**Table 3.428: Breakdown of Samburu County Manual Payroll**

Sno.	Description of Manual Payroll	Amount (Kshs.)
1	Salaries for staff yet to be onboarded into HRIS	11,703,955
2	Top-up Allowances for Security Officers	390,600
3	Gratuity for contract staff	11,703,955
	<b>Total</b>	<b>12,094,555</b>

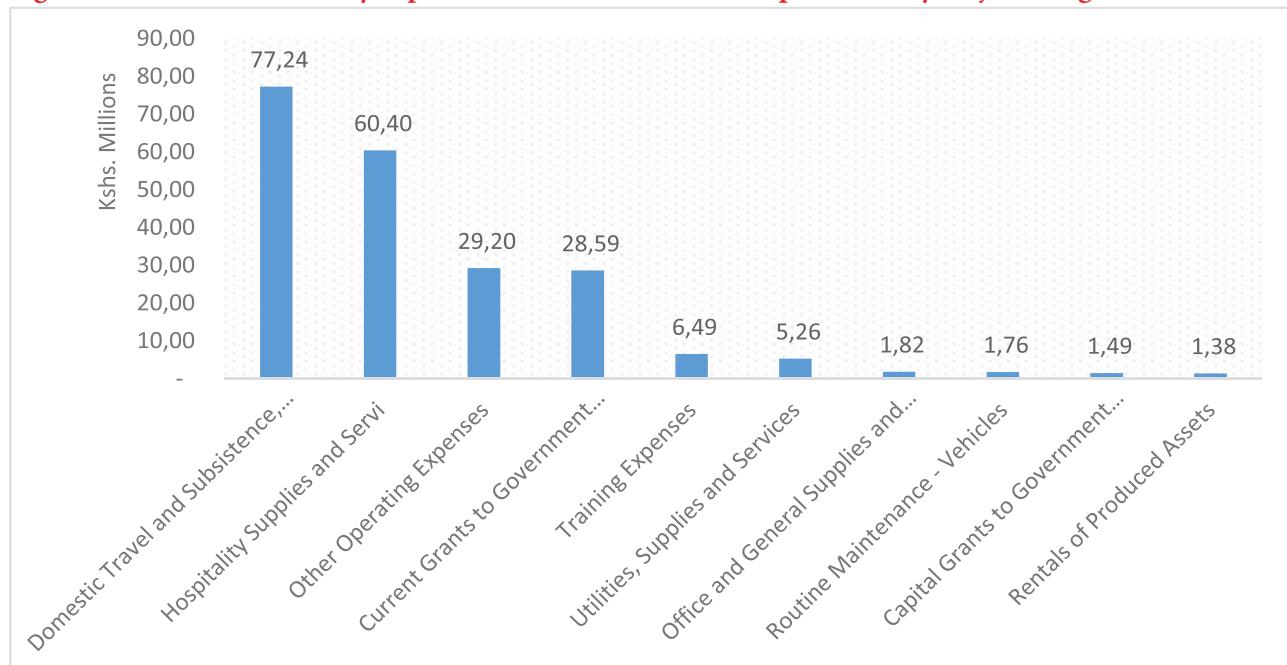

Source: Samburu County Treasury

The County Assembly spent Kshs.7.92 million on committee sitting allowances for the 25 MCAs against the annual budget allocation of Kshs.31 million. The average monthly sitting allowance was Kshs.105,653 per MCA. The County Assembly has 15 House Committees.

### 3.37.10 Expenditure on Operations and Maintenance

During the reporting period, the County spent Kshs.262.67 million on operations and maintenance, representing a decrease of 27 per cent compared to FY 2024/25, when the County spent Kshs.357.46 million. Figure 216 summarises the Operations and Maintenance expenditure by major categories.

**Figure 216: Samburu County, Operations and Maintenance Expenditure by Major Categories**

Source: Samburu County Treasury

### 3.37.11 Unbundling “Other Operating Expenses” Under Operations and Maintenance Expenditures

The budget performance report submitted to the Controller of Budget for the first quarter of FY 2025/26 shows that the County spent Kshs.29.20 million under “other Operating expenses” translates to 11 per cent of the cumulative operations and maintenance expenditure of Kshs.262.67 million. The disaggregated items under the “Other Operating Expenses” category are shown in Table 3.429.

**Table 3.429: Breakdown of “Other Operating Expenses” under O&M Expenditures**

Code	Item	Budget (Kshs)	Expenditure (Kshs.)
2211308	Legal Dues/fees, Arbitration and Compensation Pay- ments	45,000,000	29,204,699.00
	<b>Total</b>	45,000,000	29,204,699.00

Source: Samburu County Treasury

A review of the other operating expenses during the period under review reveals that the total expenditure incurred was for Legal Dues/fees, Arbitration, and Compensation Payments.

### 3.37.12 County-Established Funds

Section 116 of the PFM Act 2012 allows County Governments to establish other public funds, subject to approval from the County Executive Committee and the County Assembly. The County allocated Kshs.264.21 million to County-Established funds in FY 2025/26, or 3 per cent of the County’s overall budget. Further, the County allocated Kshs.20 million to the Emergency Fund (0.3 per cent of the total budget) in line with Section 110 of the PFM Act, 2012. Table 3.430 summarises each established Fund’s budget allocation and performance during the reporting period.

**Table 3.430: Performance of Samburu County Established Funds in the First Quarter of FY 2025/26**

Source: Samburu County Treasury

During the reporting period, the CoB did not receive quarterly financial reports from 6 Fund Administrators, as indicated in Table 3.430, contrary to the requirement of Section 168 of the PFM Act, 2012. The County disclosed that the administration costs of the Conservancy funds were within a **3 per cent limit of the Fund budget set in Regulation 197(1)(d) of the Public Finance Management (County Governments) Regulations, 2015**. The remaining funds could not be ascertained because the reports were not submitted for review.

Regulation 197(1)(i) of the Public Finance Management (County Governments) Regulations, 2015, allows County Governments to establish public funds with a lifespan capped at 10 years unless extended by the County Assembly. In FY 2025/26, the CoB determined that the lifespan of all funds remained **within** their valid period.

### 3.37.13 County Corporations

The County of Samburu do not have any established Corporation.

### 3.37.14 Expenditure on Domestic and Foreign Travel

Expenditure on domestic travel amounted to Kshs.77.24 million and comprised Kshs.21.21 million spent by the County Assembly and Kshs.56.03 million by the County Executive. During the period under review, there was no expenditure on foreign travel. For both the County assembly and the County executive.

### 3.37.15 Facility Improvement Financing

During the review period, the County reported collections of Kshs.10.24 million as FIF, which was 52.2 per cent of the annual target of Kshs.19.64 million. The collected amount was partially retained and utilised at source in line with the Facility Improvement Financing Act, 2023. The County, however, has not developed regulations to operationalise the FIF Act of 2023.

### 3.37.16 Development Expenditure

In the review period, the County reported spending Kshs.41.09 million on development programmes, representing a decrease of 74 per cent compared to FY 2024/25, when the County spent Kshs.162.49 million. Table 3.431 summarises the development projects with the highest expenditure in the reporting period.

The decline in development expenditure was attributed to the National Government's introduction and slow implementation of the new electronic procurement system.

**Table 3.431: Samburu County, List of Development Projects with the Highest Expenditure**

No.	Sector	Project Name	Project Location	Expected Completion Date	Contract sum (Kshs)	Amount paid in FY 2025/26 (Kshs.)	Cumulative Expenditure as of 30 September 2025	Implementation status (%)
Donor Funded Projects								
1	Agriculture and Livestock	Capital Grants to Government Agencies and Other Levels of Government	Samburu		41,094,477	41,094,477	41,094,477	100 26

**Source:** Samburu County Treasury

The County reported two stalled development projects as of 30 September 2025, with an estimated value of Kshs.204.54 million, of which Kshs.168.23 million has already been paid. The stalled projects are shown in Table 3.432.

**Table 3.432: Samburu County Stalled Projects as of 30 September 2025**

Project Name	Project Location	Estimated Value of the Project (Kshs.)	Amount Paid on the stalled project	Outstanding Balance as of 30 September 2025	Percentage of Completion Before Stalling of the Project	Reason for Project Stalling
Proposed construction of the inpatient Block at Samburu County Teaching and Referral Hospital	Maralal	116,951,010	107,790,785	9,160,225	92%	The contractor demanded variations to the work
Construction of the Governor's official residence	Maralal	87,586,528	60,440,153	27,146,375	69%	The contractor demanded variations to the work

Source: Samburu County Treasury

Analysis of expenditure by departments shows that the Department of Water, Environment, Natural Resources & Energy was the only department with activities, recording a 12 per cent absorption rate of the development budget. The County Executive had the highest recurrent expenditure to budget at 26.2 per cent, while the Department of Culture, Social Services, Gender, Sports & Youth Affairs had the lowest at 5 per cent.

### 3.37.18 Budget Execution by Programmes and Sub-Programmes

The development sub-programmes with the highest levels of budget implementation, based on absorption rates, were: Promotion of Value Addition of Livestock and Livestock Products in the Department of Agriculture, Livestock and Fisheries at 14 per cent. Conversely, the recurrent sub-programmes with the highest levels of budget implementation, based on absorption rates, were: Tourism and Infrastructure Development in the Department of Tourism and Trade at 70 per cent and Coordination, Supervision and Human Resource Services and County Policing in the Department of County Executive at 58 and 48 per cent, respectively of the budget allocation.

### 3.37.19 Accounts Operated in Commercial Banks

Regulation 82(1)(b) of the PFM (County Governments) Regulations, 2015, requires that County Government bank accounts be opened and maintained at the Central Bank of Kenya. The only exemption is for imprest bank accounts for petty cash and revenue collection bank accounts.

Further, Regulation 82(4) of the Public Finance Management (PFM) Act requires accounting officers to obtain written authorisation from the County Treasury before opening a commercial bank account. Additionally, Regulation 82(5) of the Public Finance Management (County Governments) Regulations, 2015, requires the County Treasury to submit a copy of the letter authorising an accounting officer to open a commercial bank account to the Controller of Budget.

The County Government operated 29 accounts in commercial banks, including 5 accounts for Health Facilities, 1 account for Vocational Training Centres, 5 accounts for Established Funds, 2 revenue accounts, 10 special-purpose accounts (additional allocations), and 7 payment and ad hoc accounts for special projects.

The County Treasury did not submit copies of the authorisation letters to the Controller of Budget for the opening of 29 commercial bank accounts, as required under Regulation 82(5) of the Public Finance Management (County Governments) Regulations, 2015.

### 3.37.20 Key Observations and Recommendations

In the course of overseeing and reporting on the implementation of the County budget, the CoB identified the following challenges, which hampered effective budget implementation;

- i. The County Treasury's late submission of financial reports to the Controller of Budget affected the timely preparation of the budget implementation report, which was received on 30<sup>th</sup> of October 2025.
- ii. Low development performance in the review period as the County incurred Kshs.41.09 million on development activities, achieving a 2 per cent absorption rate against an expected 25 per cent.
- iii. Fund Administrators failed to submit quarterly financial and non-financial reports to the CoB within the timelines provided by law, which is against the requirement of Section 168 of the PFM Act, 2012. The reports for the Assembly Car Loan and Mortgage, Executive Car Loan and Mortgage, Bursaries and Support Services, People Living With Disability Fund Emergency Fund Executive Car Loan and

- Mortgage Fund were not submitted to the CoB as of 15 July 2025.
- iv. High level of Trade Payables, which amounted to Kshs.345.51 million as of 30 September 2025. Further, there was non-adherence to the payment plan for the Trade Payables by the County Treasury.
  - v. Use of manual payroll. Personnel emoluments amounting to Kshs.12.09 million for 68 staff not onboarded into HRIS were processed through manual payroll, accounting for 2 per cent of the total payroll cost. Manual payroll is prone to abuse and may result in the loss of public funds.
  - vi. Non-submission of copies of authorisation letters for opening commercial bank accounts as per Regulation 82(5) of the Public Finance Management (County Governments) Regulations, 2015.
  - vii. The County has stalled with an estimated value of Kshs.204.54 million, with Kshs.168.23 million paid (82 per cent). The stalling of the projects is attributed to the contractor demanded variations to the work. Stalling of projects limits the attainment of desired project objectives.

The County should implement the following recommendations to improve budget execution:

- i. *The County Treasury should ensure the timely preparation and submission of financial reports to the Office of the Controller of Budget per the timelines prescribed in Section 166 of the PFM Act, 2012.*
- ii. *The County should implement strategies to increase development expenditures in FY 2025/26.*
- iii. *The CECMF should follow up to ensure Fund Administrators prepare and submit statutory reports in line with the PFM Act, 2012.*
- iv. *The County Leadership should address the situation of Trade Payables to ensure that genuine bills are paid promptly in the remaining financial year. Further, compliance with the Trade Payables Action Plan should be enforced.*
- v. *The Government requires that salaries be processed through the HRIS system, and the County is advised to fast-track the acquisition of Unified Personnel Numbers for their staff. The County Public Service Board should regulate staff engagement on contract and casual workers as provided under Section 74 of the County Governments Act 2012. Furthermore, strict adherence to the approved staff establishment should be maintained.*
- vi. *The County Treasury should ensure it submits copies of authorisation letters to OCoB for opening commercial bank accounts to enhance accountability and oversight.*
- vii. *The County should enforce stricter contract management and approval processes for variations of works, including clear timelines and penalties for non-completion, to prevent further fund wastage and ensure timely project delivery.*

### **3.38. County Government of Siaya**

#### **3.38.1 Overview of FY 2025/26 Budget**

The Siaya County Approved Budget for FY 2025/26 is Kshs.12.79 billion. It comprises Kshs.5.82 billion (45 per cent) and Kshs.6.97 billion (55 per cent) allocations for development and recurrent programmes, respectively. The budget estimates represent an increase of Kshs.1.85 billion (17 per cent) from the FY 2024/25 budget, which comprised a development budget of Kshs.4.87 billion and a recurrent budget of Kshs.6.07 billion. The increase in the budget was primarily attributed to the rise in equitable share and own-source revenue.

The budget is to be financed from various revenue sources. These include: the equitable share of revenue raised nationally of Kshs.7.75 billion (60 per cent), additional allocations of Kshs.962 million (8 per cent), a cash balance of Kshs.961 million (8 per cent) brought forward from FY 2024/25, and Kshs.3.11 billion (24 per cent) generated as own-source revenue. A breakdown of the additional allocations is shown in Table 3.434.

#### **3.38.2 Revenue Performance**

During the first Quarter of FY 2025/26, the County had Kshs.2.38 billion as available revenue. This amount represented a decrease of 20 per cent compared to the amount available in a similar period in FY 2024/25 of Kshs.2.99 billion. The total revenue consisted of Kshs.1.24 billion from the equitable share of revenue raised nationally, as well as the own-source revenue (OSR) collection of Kshs.178 million. Additionally, the County had a cash balance of Kshs.961 million from FY 2024/25. The total OSR collection of Kshs.178 million included Facilities Improvement Financing (FIF) of Kshs.129 million, and Kshs.49 million from other OSR sources. Ta-

ble 3.434 summarises the total revenue available to the County Government during FY 2025/26.

The County has a governing legislation on the operation of ordinary A-I-A and FIF. Figure 217 provides a detailed breakdown of receipts, showing a breakdown of each shilling received.

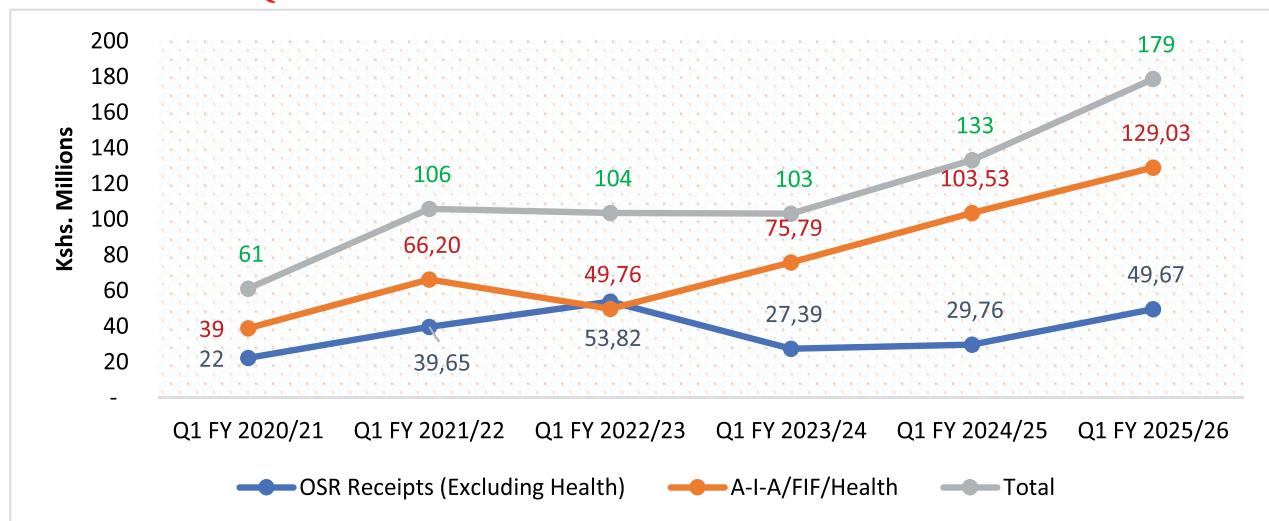

**Figure 217: Siaya County Composition of Each Shilling Received in the First Quarter of FY 2025/26**

Source: Siaya County Treasury

The equitable share of revenue raised nationally and OSR contributed 50 and 2 per cent, respectively, of the total receipts for the reporting period. Figure 218 shows the collection trend in own-source revenue from the First Quarter of FY 2020/21 to the First Quarter of FY 2025/26.

**Figure 218: Siaya County Trend in Own-Source Revenue Collection from the First Quarter of FY 2020/21 to the First Quarter of FY 2025/26**

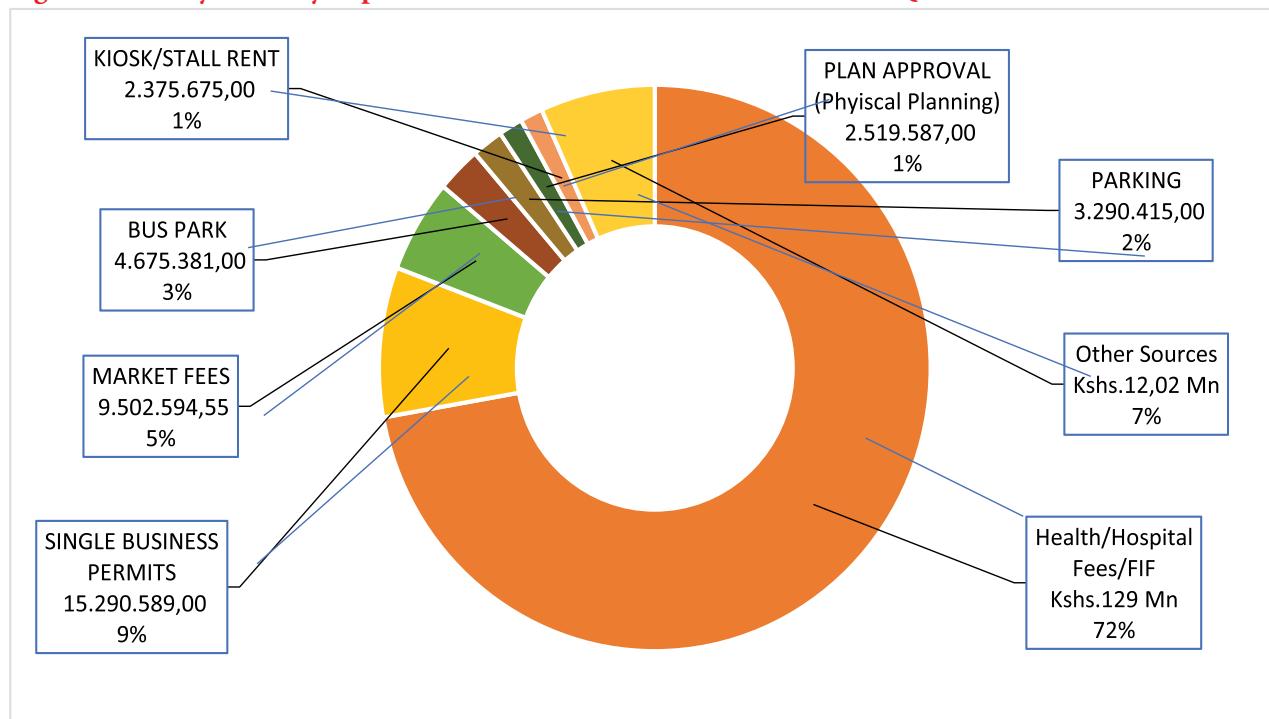

Source: Siaya County Treasury

During the First Quarter of FY 2025/26, the County generated Kshs.178 million from its revenue sources, including FIF. This amount represented a 34 per cent increase compared to the Kshs.133 million realised in a similar period in FY 2024/25, and accounted for 6 per cent of the annual target and 14 per cent of the equitable revenue share disbursed.

The increase in OSR was attributed to the migration from manual to automated revenue collection systems and the enhanced administration of revenue collection through inspections. The revenue streams that contributed the highest OSR receipts are shown in Figure 219.

**Figure 219: Siaya County Top Own Source Revenue Streams in the First Quarter of FY 2025/26**

Source: Siaya County Treasury

As shown in Figure 219, the highest revenue stream, at Kshs.129 million, was from Health/FIF/Hospital Fees, accounting for 72 per cent of the total OSR receipts. The County Government indicated that it has automated 12 out of 25 revenue streams.

### 3.38.3 Revenue Arrears

As of 1<sup>st</sup> July 2025, the County reported revenue arrears of Kshs.189 million, this amount increased to Kshs.332 million as of 30<sup>th</sup> September 2025. Table 3.435 presents a breakdown of the County's revenue arrears.

**Table 3.435: Siaya County Revenue Arrears as of 30 September 2025**

Source: Siaya County Treasury

As of 30 September 2025, the revenue arrears totalled to Kshs.332 million, comprising Kshs.287 million for FIF (86 per cent) and Kshs.45 million for OSR (14 per cent). The measures instituted by the County to collect the outstanding arrears in FY 2025/26 include inspection and penalties for default.

### 3.38.4 Borrowing by the County

The County did not borrow during the reporting period, as reported by the County treasury.

### 3.38.5 Exchequers Approved

The Controller of Budget approved the withdrawal of Kshs.712 million from the Consolidated Revenue Fund (CRF) account during the reporting period, which was entirely allocated to recurrent programs. An analysis of the recurrent expenditures released indicates that Kshs.712 million was allocated for employee compensation, with no funds designated for operations and maintenance expenditures.

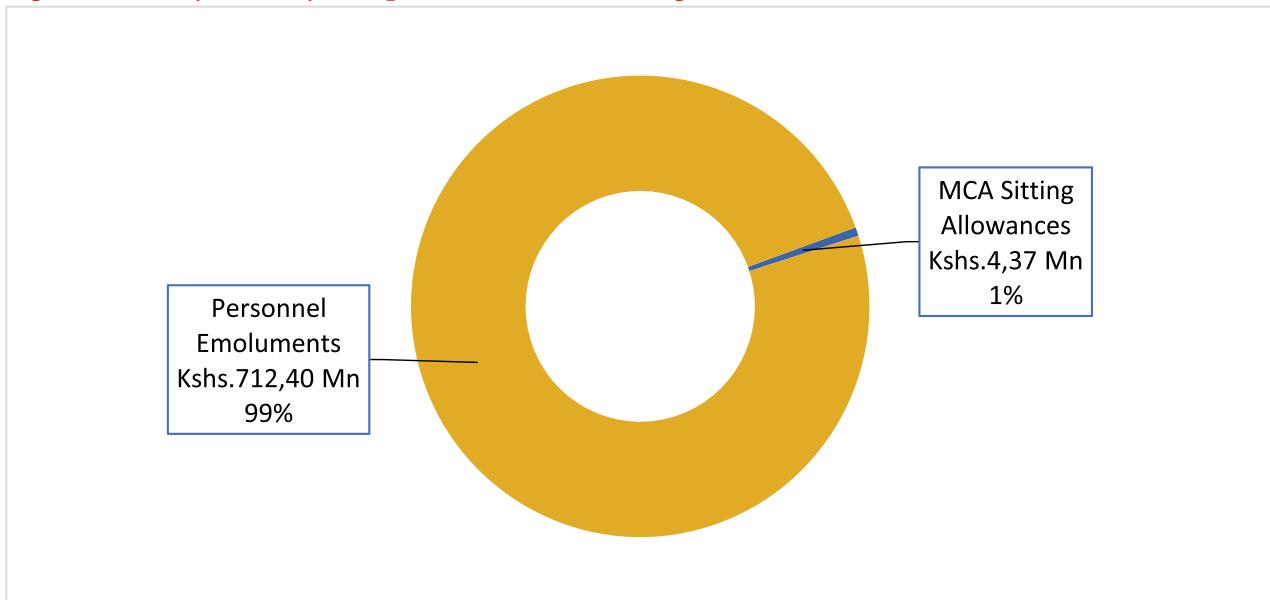

As of September 30, 2025, the County Government's cash balance in the CRF account was Kshs.673 million.

### 3.38.6 Expenditure Review

The County spent Kshs.712 million on recurrent programs during the reporting period. This expenditure accounted for 100 per cent of the total funds released by the CoB. There was no spending on development programs, and the entire Kshs.712 million was allocated to recurrent programs. This recurring expenditure accounted for 10 per cent of the annual recurring expenditure budget.

The following chart provides a detailed breakdown of expenditure, showing the relative composition of each shilling spent.

**Figure 220: Siaya County Composition of Each Shilling Paid in the First Quarter of FY 2025/26**

**Source:** Siaya County Treasury

As shown in Figure 220, the highest expenditure category was personnel emoluments, accounting for 99 per cent of the total expenditure for the reporting period.

### 3.38.7 Settlement of Trade Payables

As of July 1, 2025, the County reported trade payables totalling Kshs.1.9 billion. This amount included Kshs.1.88 billion from the County Executive and Kshs.39 million from the County Assembly. The Trade payables from the County Executive consisted of Kshs.1.05 billion for recurrent expenditures and Kshs.832 million for development expenditures.

During the reporting period, neither the County Executive nor the Assembly settled any payables. As of 30th September 2025, the outstanding payables was Kshs.1.88 billion for the County Executive and Kshs.81 million for the County Assembly. Table 3.3 provides additional details of payables.

**Table 3.436: Siaya County Trade payables as of 30<sup>th</sup> September 2025**

		County Entity	Development (Kshs.)	Recurrent (Kshs.)	Total (Kshs.)

Source: Siaya County Treasury

As neither the Executive nor the Assembly settled any of their liabilities in the first quarter of FY 2025/25, we advise them to prioritise settling the payables on a FIFO basis.

### 3.38.8 Expenditure by Economic Classification

During the reporting period, the County Executive incurred Kshs.654.9 million for compensation of employees, and the County Assembly spent Kshs.57.5 million on compensation of employees, as shown in Table 3.439.

**Table 3.439: Siaya County Summary of Budget and Expenditure by Economic Classification**

Expenditure Classification	Revised Budget (Kshs.)		Expenditure (Kshs.)		Absorption (%)	
	County Executive	County Assembly	County Executive	County Assembly	County Executive	County Assembly
<b>Total Recurrent Expenditure</b>	<b>6,194,657,987</b>	<b>779,893,500</b>	<b>654,871,759</b>	<b>57,525,884</b>	<b>11%</b>	<b>7%</b>

### 3.38.9 Expenditure on Compensation of Employees

During the period under review, the expenditure on employee compensation totalled Kshs.712 million. The percentage of compensation to revenue for employees was 19 per cent. This expenditure on employee compensation shows an increase compared to the Kshs.598 million reported in a similar period in FY 2024/25.

Figure 221 shows the compensation trend of employees' expenditures as a percentage of total revenue received from the First Quarter of FY 2020/21 to the First Quarter of FY 2025/26.

**Figure 221: Percentage of Employee Compensation to Total Revenue Received from the First Quarter of FY 2020/21 to the First Quarter of FY 2025/26**

Source: Siaya County Treasury

As shown in Figure 221, in the first quarter of FY 2025/26, the Executive wage spending to actual revenue was 28 per cent, attributed to the unutilised funds at the CRF. The County Assembly's wage spending as a percentage of actual revenue was 100 per cent in the first quarter of FY 2025/26.

Further analysis revealed that PE costs totalling Kshs.606 million were processed through the Human Resource Information System (HRIS). In contrast, Kshs.105 million was processed through manual payroll, which accounted for 15 per cent of the total PE cost.

The manual payroll comprised salaries for 1021 staff not onboarded into the Human Resource Information System (HRIS), salaries for 8990 casual staff, top-up allowances for 11 security personnel, gratuity remittances to pension schemes for staff on contract, and LAPTRUST/LAPFUND Pension Contributions, as shown in Table 3.440.

**Table 3.440: Breakdown of Siaya County Manual Payroll**

Description of Manual Payroll	County Executive	County Assembly	Total
Salaries for staff paid outside the Human Resource Information System (HRIS)	54,743,819.00		54,743,819.00
Salaries for casual staff	55,268,168.80		55,268,168.80
Top-up Allowances for security officers	1,039,500.00		1,039,500.00
LAPTRUST/LAPFUND Pension Contributions	6,778,230.00		6,778,230.00

<b>Total</b>	<b>126,615,304.57</b>	<b>3,976,939.78</b>	<b>130,592,244.35</b>

Source: Siaya County Treasury

The County Assembly spent Kshs.4.37 million on committee sitting allowances for the 45 MCAs. The average monthly sitting allowance was Kshs.32,405 per MCA. The County Assembly has 23 House Committees.

### 3.38.10 Expenditure on Operations and Maintenance

During the reporting period, the County did not incur any expenditure on operations and maintenance.

### 3.38.11 County-Established Funds

Section 116 of the PFM Act 2012 allows County Governments to establish other public funds, subject to approval from the County Executive Committee and the County Assembly. The County allocated Kshs.221 million to County-established funds in FY 2025/26, or 1 per cent of the County's overall budget. Furthermore, the County allocated Kshs.180 million to the Emergency Fund (1 per cent of the total budget) in line with Section 110 of the PFM Act, 2012. Table 3.441 summarises each established Fund's budget allocation and performance during the reporting period.

**Table 3.441: Performance of Siaya County Established Funds in the First Quarter of FY 2025/26**

S/No.	Name of the Fund	Year Established	Approved Budget Allocation in FY 2025/26 (Kshs.)	Exchequer Issues in First Quarter of FY 2025/26 (Kshs.)	Actual Expenditure in the First Quarter of FY 2025/26 (Kshs.)	Cumulative disbursements to the Fund (Kshs)	Submission of Financial Statements (Yes/No.)
<b>County Executive Established Funds</b>

**Source:** Siaya County Treasury

During the reporting period, the CoB received quarterly financial reports from four Fund Administrators, as indicated in Table 3.441, contrary to the requirement of Section 168 of the PFM Act, 2012.

Regulation 197(1)(i) of the Public Finance Management (County Governments) Regulations, 2015, allows County Governments to establish public funds with a lifespan capped at 10 years unless extended by the County Assembly.

### 3.38.12 County Corporations

The County has no County Corporations in FY 2025/26.

### 3.38.13 Expenditure on Domestic and Foreign Travel

The County reported nil expenditure on domestic travel and foreign travel.

### 3.38.14 Facility Improvement Financing

During the review period, the County reported collections of Kshs.129 million as FIF, which was 12 per cent of the annual target of Kshs.1.08 billion. The collected amount was retained and utilised at source in line with

the Facility Improvement Financing Act, 2023. The County has developed regulations to operationalise the FIF Act of 2023.

The expenditure by the health facilities amounted to Kshs.209 million, as shown in Table 3.442.

**Table 3.442: Siaya County Health Facilities Expenditure Performance in FY 2025/26**

No.	Health Facility	Number of Facilities	Approved Budget (Kshs.)	Actual (Kshs.)	Expenditure	Absorption rate (%)
1.	Level 4 Hospital	16	822,189,842.65	185,083,769.55		22.5
2.	Level 3 Facility	57	156,495,672.00	17,583,955.40		11.2

*Source:* Siaya County Treasury

### 3.38.15 Development Expenditure

During the review period, the County reported no expenditure on development programmes.

The County reported three stalled development projects as of 30 September 2025, with an estimated value of Kshs.46.8 million. The stalled projects are shown in Table 3.443.

**Table 3.443: Siaya County Stalled Projects as of 30 September 2025**

Project Name	Project Location	Estimated Value of the Project (Kshs.)	Outstanding Balance as of 30 September 2025	Percentage of Completion Before Stalling of the Project	Reason for Project Stalling

Source: Siaya County Treasury

Analysis of expenditure by departments shows that the Department of Finance and Economic Planning had the highest percentage of recurrent expenditure to budget at 22.7 per cent.

### 3.38.17 Budget Execution by Programmes and Sub-Programmes

The development sub-programmes had zero levels of budget implementation based on absorption rates. Conversely, the recurrent sub-programmes with the highest levels of budget implementation, based on absorption rates, were: General Administration and Planning Services in the Department of Enterprise and Industrial Development at 36 per cent, The Office of the Governor in the Department of Governance and Administration at 8 per cent, Administration Planning, Revenue & Accounting in the Department of Finance and Economic Planning at 6 per cent, and Procurement at 6 per cent of the budget allocation.

### 3.38.18 Accounts Operated in Commercial Banks

Regulation 82(1)(b) of the PFM (County Governments) Regulations, 2015, requires that County Government bank accounts be opened and maintained at the Central Bank of Kenya. The only exemption is for imprest bank accounts for petty cash and revenue collection bank accounts.

Further, Regulation 82(4) of the Public Finance Management (PFM) Act requires accounting officers to obtain written authorisation from the County Treasury before opening a commercial bank account. Additionally, Regulation 82(5) of the Public Finance Management (County Governments) Regulations, 2015, requires the County Treasury to submit a copy of the letter authorising an accounting officer to open a commercial bank account to the Controller of Budget.

The County Government operated 37 accounts in commercial banks, including 24 accounts for Health Facilities, five accounts for Established Funds, and eight special-purpose accounts (additional allocations).

The County Treasury did not submit copies of authorisation letters to the Controller of Budget for opening commercial bank accounts as per Regulation 82(5) of the Public Finance Management (County Governments) Regulations, 2015.

### 3.38.19 Key Observations and Recommendations

In the course of overseeing and reporting on the implementation of the County budget, the CoB identified the following challenges, which hampered effective budget implementation;

- i. The County Treasury's late submission of financial reports to the Controller of Budget affected the timely preparation of the budget implementation report, which was received on 24<sup>th</sup> October 2025.
- ii. The performance of own-source revenue was at Kshs 178 million against an annual target of Kshs.3.11billion, representing 6 per cent of the financial year target.

- iii. Low development performance in the review period as the County incurred nil expenditure on development activities.
- iv. Fund Administrators failed to submit quarterly financial and non-financial reports to the CoB within the timelines provided by law, which is against the requirement of Section 168 of the PFM Act, 2012. The reports for the Emergence Fund, Cooperative Development Fund, and Flloca Fund were not submitted to the CoB as of July 15, 2025.
- v. High level of pending bills, which amounted to Kshs.1.8 billion as of 30 September 2025. Further, there was non-adherence to the payment plan for the pending bills by the County Treasury.
- vi. Use of manual payroll. Personnel emoluments amounting to Kshs.107.9 million for staff not onboarded to HRIS, accounting for 14 per cent of the total payroll cost. Manual payroll is prone to abuse and may result in the loss of public funds.
- vii. The County reported revenue arrears of Kshs.332.58 million comprising ordinary OSR of Kshs.45.11 million and FIF (SHA) arrears of Kshs.287.48 million. These revenue arrears limited funding for County activities.

The County should implement the following recommendations to improve budget execution:

- i. *The County Treasury should ensure the timely preparation and submission of financial reports to the Office of the Controller of Budget per the timelines prescribed in Section 166 of the PFM Act, 2012.*
- ii. *The County should address its own-source revenue performance to ensure the approved budget is fully financed. Appropriate austerity measures should be implemented to ensure expenditure commitments are aligned with available revenue.*
- iii. *The County should implement strategies to increase development expenditures in FY 2025/26.*
- iv. *The CECMF should follow up to ensure Fund Administrators prepare and submit statutory reports in line with the PFM Act, 2012.*
- v. *The County Leadership should address the situation of pending bills to ensure that genuine bills are paid promptly in the remaining financial year. Further, compliance with the Pending Bills Action Plan should be enforced.*
- vi. *The Government requires that salaries be processed through the HRIS system, and the County is advised to fast-track the acquisition of Unified Personnel Numbers for their staff. The County Public Service Board should regulate staff engagement on contract and casual workers as provided under Section 74 of the County Governments Act 2012. Furthermore, strict adherence to the approved staff establishment should be maintained.*
- vii. *The County needs to develop strategies to collect these outstanding arrears to improve budget implementation.*

### **3.39. County Government of Taita Taveta**

#### **3.39.1 Overview of FY 2025/26 Budget**

The Taita Taveta County Approved Budget for FY 2025/26 is Kshs.7.85 billion. It comprises Kshs.2.63 billion (33 per cent) and Kshs.5.22 billion (67 per cent) allocation for development and recurrent programmes, respectively. The budget estimates represent a decrease of Kshs.330.71 million (4 per cent) from the FY 2024/25 budget, which comprised a development budget of Kshs.2.41 billion and a recurrent budget of Kshs.5.77 billion. The decrease in the budget was primarily attributed to failure to include balance brought down from the financial year 2024/2025.

The budget is to be financed from various revenue sources. These include; the equitable share of revenue raised nationally of Kshs.5.29 billion (67 per cent), additional allocations of Kshs.1.61 billion (21 per cent) and Kshs.949.60 million (12 per cent) to be received as own-source revenue. A breakdown of the additional allocations is shown in Table 3.445

#### **3.39.2 Revenue Performance**

During the first Quarter of FY 2025/26, the County received Kshs.1.12 billion in revenue. This amount represented an increase of 16 per cent compared to the amount received in a similar period in FY 2024/25 of Kshs.965.47 million. The total revenue consisted of Kshs.891.46 million from the equitable share of revenue

raised nationally and own-source revenue (OSR) collection of Kshs.94.52 million. Additionally, the County had a cash balance of Kshs.119.02 million from FY 2024/25. The total OSR collection of Kshs.112.59 million included Facilities Improvement Financing (FIF) of Kshs.41.27 million and Kshs.71.32 million from other OSR sources. Table 3.445 summarises the total revenue available to the County Government during FY 2025/26.

Source: Taita Taveta County Treasury

Taita Taveta County did not receive any additional allocation from development partners as of the date of reporting. Taita Taveta County has a governing legislation on FIF. Figure 222 provides a detailed breakdown of receipts, showing a breakdown of each shilling received.

**Figure 222: Taita Taveta County Composition of Each Shilling Received in the First Quarter of FY 2025/26**

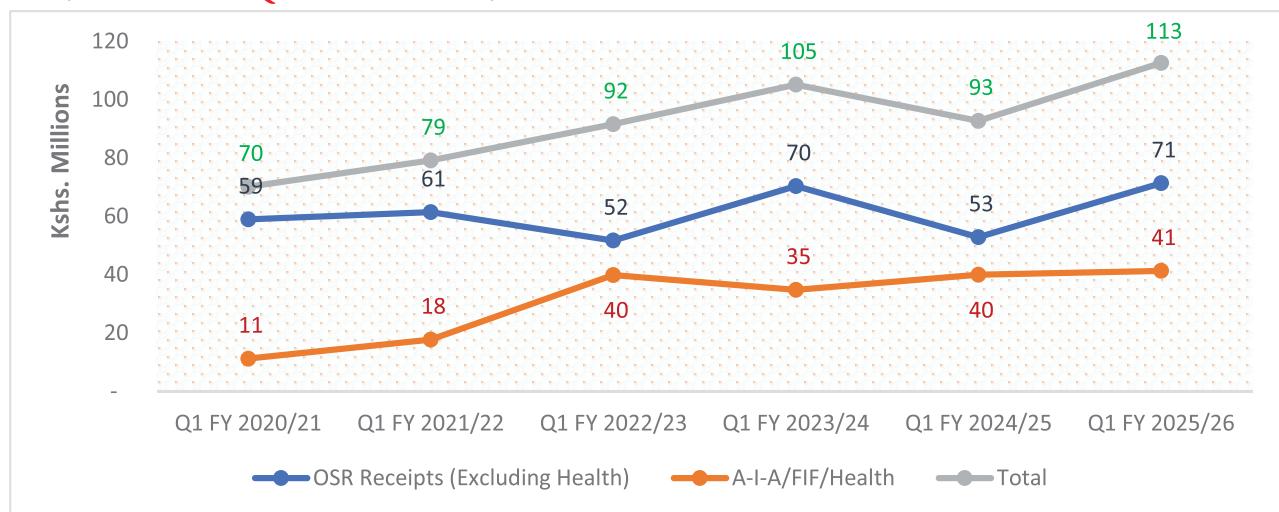

Source: Taita Taveta County Treasury

The equitable share of revenue raised nationally, balance brought forward, and OSR contributed 81 per cent, 11 per cent and 6 per cent, respectively, of the total receipts for the reporting period.

Figure 223 shows the collection trend in own-source revenue from the First Quarter of FY 2020/21 to the First Quarter of FY 2025/26.

**Figure 223: Taita Taveta County Trend in Own-Source Revenue Collection from the First Quarter of FY 2020/21 to the First Quarter of FY 2025/26**

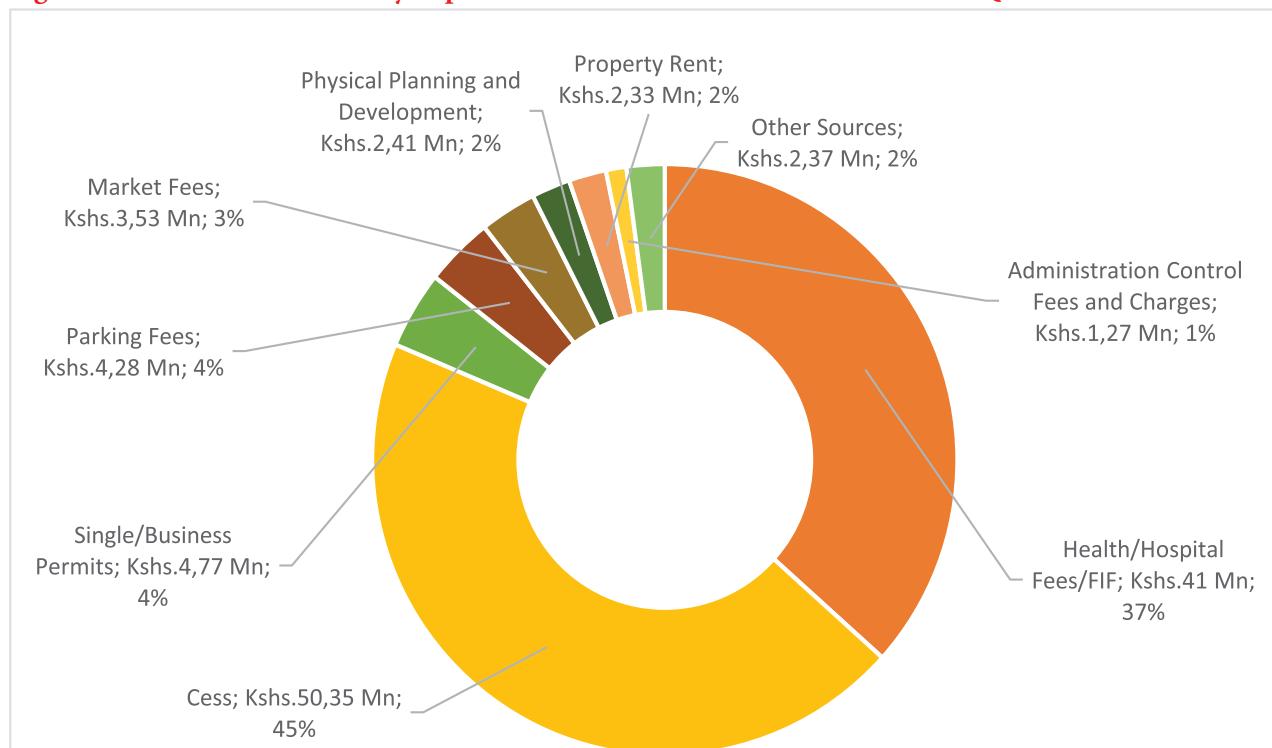

Source: Taita Taveta County Treasury

During the First Quarter of FY 2025/26, the County received Kshs.112.59 million from its revenue sources, including FIF. This amount was an increase of 21 per cent compared to Kshs.92.75 million realised in a similar period in FY 2024/25, which was 12 per cent of the annual target and 13 per cent of the equitable revenue share disbursed.

The increase was attributed to greater collection of the facility improvement funds and more aggressive mapping of local revenue collection avenues.

The revenue streams that contributed the most to OSR receipts are shown in Figure 224.

**Figure 224: Taita Taveta County Top Own Source Revenue Streams in the First Quarter of FY 2025/26**

Source: Taita Taveta County Treasury

As shown in Figure 224, the highest revenue stream, at Kshs.50.35 million was from Cess accounting for 45 per cent of the total OSR receipts. The County Government indicated that it has not automated its revenue streams.

### 3.39.3 Revenue Arrears

As of 30<sup>th</sup> September 2025, the County reported revenue arrears of Kshs.489.64 million,

**Table 3.446: Taita Taitaveta County Revenue Arrears as of 30 September 2025**

No	Revenue Stream	Revenue Arrears as of 1 July 2025 (Kshs.)	Progress made in FY 2025/26			Revenue Arrears as of 30 September 2025 (Kshs.)
			Waivers (Kshs)	Arrears received in the financial year (Kshs)	Arrears earned in First Quarter of FY 2025/26 (Kshs)	
		a	b	c	d	f=a-b-c+d
A	Equitable Share of Revenue Raised Nationally					
1	Month of September 2025				489,638,223	489,638,223
	<b>Sub-Total</b>				489,638,223	489,638,223
	<b>Total</b>				489,638,223	489,638,223

Source: Taita Taveta County Treasury

As of 30 September 2025, the revenue arrear of Kshs.489.64 million was for the equitable share allocation for September 2025.

### **3.39.4 Exchequers Approved**

The Controller of Budget approved withdrawals of Kshs.544.33 million from the CRF account during the reporting period, which comprised Kshs.102.57 million (19 per cent) for development programmes and Kshs.441.76 million (81 per cent) for recurrent programmes. Analysis of the recurrent exchequers released indicates that Kshs.368.99 million was towards employee compensation and Kshs.72.77 million for operations and maintenance expenditure.

The operations and maintenance exchequer analysis indicate that 25 per cent was for domestic travel. The domestic travel exchequer amounted to Kshs.18.32 million and included Kshs.0.92 million for the County Executive and Kshs.17.39 million for the County Assembly. There were no foreign exchequer request during this period of reporting.

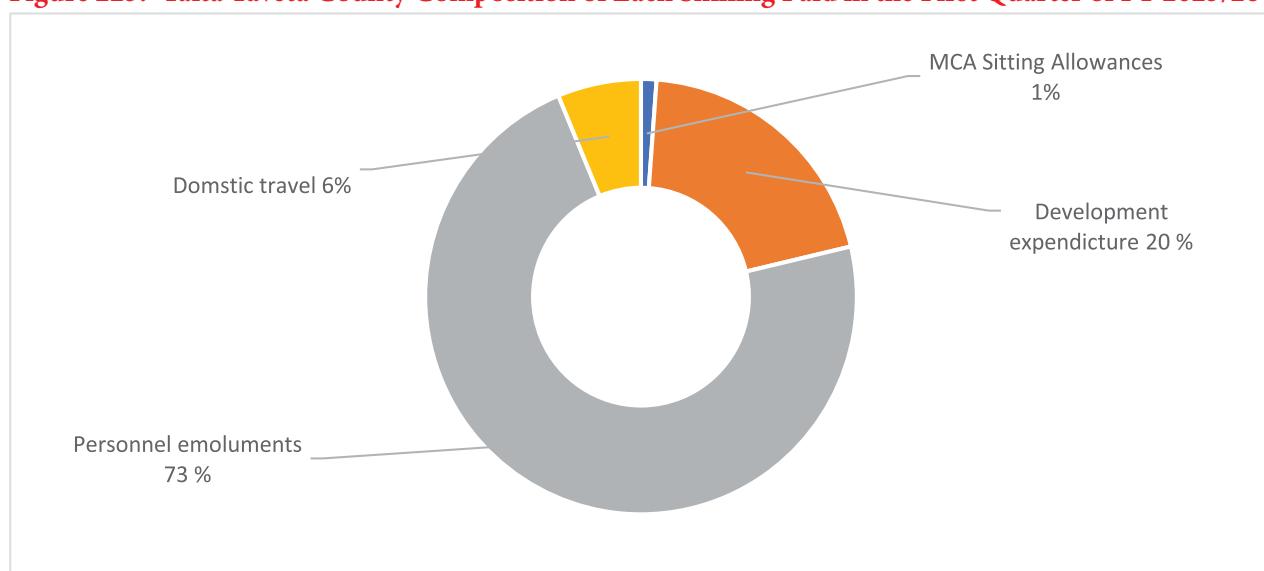

As of September 30, 2025, the County Government's cash balance in the CRF account was Kshs.615.13 million.

### **3.39.5 Expenditure Review**

The County spent Kshs.544.33 million on development and recurrent programmes in the reporting period. The expenditure represented 100 per cent of the total funds released by the CoB. It comprised Kshs.102.57 million for development programmes and Kshs.441.76 million for recurrent programmes. Expenditure on development programmes accounted for 4 per cent of the annual budget, while recurrent expenditure accounted for 9 per cent.

The following chart provides a detailed breakdown of expenditure, showing the relative composition of each shilling spent.

**Figure 225: Taita Taveta County Composition of Each Shilling Paid in the First Quarter of FY 2025/26**

Source: Taita Taveta County Treasury

As shown in Figure 225, the three highest expenditure categories were personnel emoluments, development expenditure, and domestic travel, which accounted for 73 per cent, 20 per cent, and 6 per cent of total expenditure for the reporting period, respectively.

### **3.39.6 Settlement of Trade Payables**

As of 1<sup>st</sup> July 2025, the County reported trade payables totalling Kshs2.06 billion. This amount included Kshs.2.02 billion from the County Executive and Kshs.30.37 million from the County Assembly. The trade payables from the County Executive consisted of Kshs.1.36 billion for recurrent expenditures and Kshs.653.06 million for development expenditures.

During the reporting period, the County Executive settled trade payables amounting to Kshs.102.57 million (100 per cent) for development programmes. On the other hand, the County Assembly settled trade payables

worth Kshs.16.06 million (100 per cent) for recurrent activities. The outstanding trade payables as of 30th September 2025 were Kshs.Kshs.2.12 billion for the County Executive and Kshs.22.31 million for the County Assembly. Table 3.447 provides additional details of trade payables.

**Table 3.447: Taita Taveta County Trade Payables as of 30<sup>th</sup> September 2025**

	County Entity	Development (Kshs.)	Recurrent (Kshs.)	Total (Kshs.)
As at 1 July 2025 (End of FY 2024/25)	County Executive	653,062,038	1,364,444,813	2,017,506,851
	County Assembly	-	38,370,439	38,370,439
	Total	653,062,038	1,402,815,252	2,055,877,290
Amount paid in FY 2025/26	County Executive	102,568,378		102,568,378
	County Assembly		16,059,144	16,059,144
	Total	102,568,378	16,059,144	118,627,522
Trade Payables Incurred in FY 2025/26	County Executive	200,172,892		200,172,892
	County Assembly			-
	Total	200,172,892	-	200,172,892

	County Assembly		22,311,295	22,311,295
	Total	750,666,552	1,386,756,108	2,137,422,660

*Source: Taita Taveta County Treasury*

The County Executive and the Assembly submitted a trade payables payment plan, committing to pay Kshs.100 million and Kshs.29.22 million, respectively, in FY 2025/26. The County cleared Kshs102.57 million for the Executive and Kshs.16.06 million for the Assembly. The amount cleared exceeded the targeted amount in the trade payables payment action plan for the first quarter.

Table 3.448 and Table 3.449 present the ageing of the total outstanding bills as of 30 September 2025 for the County Executive and Assembly, which totalled Kshs.2.14 billion.

**Table 3.448: Taita Taveta County Executive Trade Payables Ageing Analysis as of 30 September 2025**

Category	Ageing analysis (Amount in Kshs.)				Total
	Under one year	1-2 years	2-3 years	Over 3 years

### 3.39.7 Expenditure by Economic Classification

During the reporting period, the County Executive incurred Kshs.343.71 million for compensation of employees, Kshs.39.75 million for operations and maintenance, and Kshs.102.57 million for development activities. Similarly, the County Assembly spent Kshs.25.27 million on compensation of employees and Kshs.33.02 million on operations and maintenance as shown in Table 3.450.

**Table 3.450: Taita Taveta County Summary of Budget and Expenditure by Economic Classification**

Expenditure Classification	Revised Budget (Kshs.)		Expenditure (Kshs.)		Absorption (%)	
	County Executive	County Assembly	County Executive	County Assembly	County Executive	County Assembly
<b>Total Recurrent Expenditure</b>	<b>4,509,189,572</b>	<b>711,797,720</b>	<b>383,460,179</b>	<b>58,297,560</b>	<b>9</b>	<b>8</b>

### 3.39.8 Expenditure on Compensation of Employees

During the period under review, the expenditure on employee compensation totalled Kshs.368.99 million. The compensation-to-revenue ratio was 33 per cent. This expenditure on employee compensation shows a decrease compared to the Kshs.559.74 million reported in a similar period in FY 2024/25. Of this total, Kshs.116.71 million was related to Health Sector employees, which accounted for 32 per cent of the overall employees' compensation. A decrease in employee compensation compared to a similar period in FY 2024/25 was attributed to the delay in paying September salaries for the current financial year.

Figure 226 shows the trend in employees' compensation as a percentage of total revenue from the First Quarter of FY 2020/21 to the First Quarter of FY 2025/26.

**Figure 226: Percentage of Employee Compensation to Total Revenue Received from the First Quarter of FY 2020/21 to the First Quarter of FY 2025/26**

Source: Taita Taveta County Treasury

As shown in Figure 226, the County Executive apportioned 71 per cent of its revenue in the first quarter of FY 2025/26 towards employee compensation, while the assembly apportioned 43 per cent. Both entities exceeded the 35 per cent ceiling set by Regulation 25(1)(b) of the PFM (County Governments) Regulations 2015, highlighting that employee compensation was prioritised over other expenditures in the review period.

Further analysis revealed that PE costs totalling Kshs.342.25 million were processed through the Human Resource Information System (HRIS). In contrast, Kshs.26.74 million was processed through manual payroll, which accounted for 7 per cent of the total PE cost.

The manual payroll comprised Kshs.3.48 million for staff not onboarded into the Human Resource Information System (HRIS), Kshs.1.45 million for top-up allowances for security personnel, Kshs.6.33 million for gratuity remittances to pension schemes for staff on contracts, Kshs.3.45 million for community health workers, Kshs.7.29 million for nurses withheld salaries and Kshs.4.73 million for KRA pay-as-you-earn deductions, as shown in Table 3.451.

**Table 3.451: Breakdown of Taita Taveta County Manual Payroll**

S/no.	Description of Manual Payroll	Amount (Kshs.)
1.	Salaries for staff paid outside the Human Resource Information System (HRIS)	3,483,846
2.	Top-up Allowances for security officers	1,452,700
3.	Gratuity for contract staff	6,325,411
4	Community Health Workers	3,450,420
5	Nurses Withheld Salaries	7,291,667
6	KRA	4,732,543
	<b>Total</b>	<b>26,736,588</b>

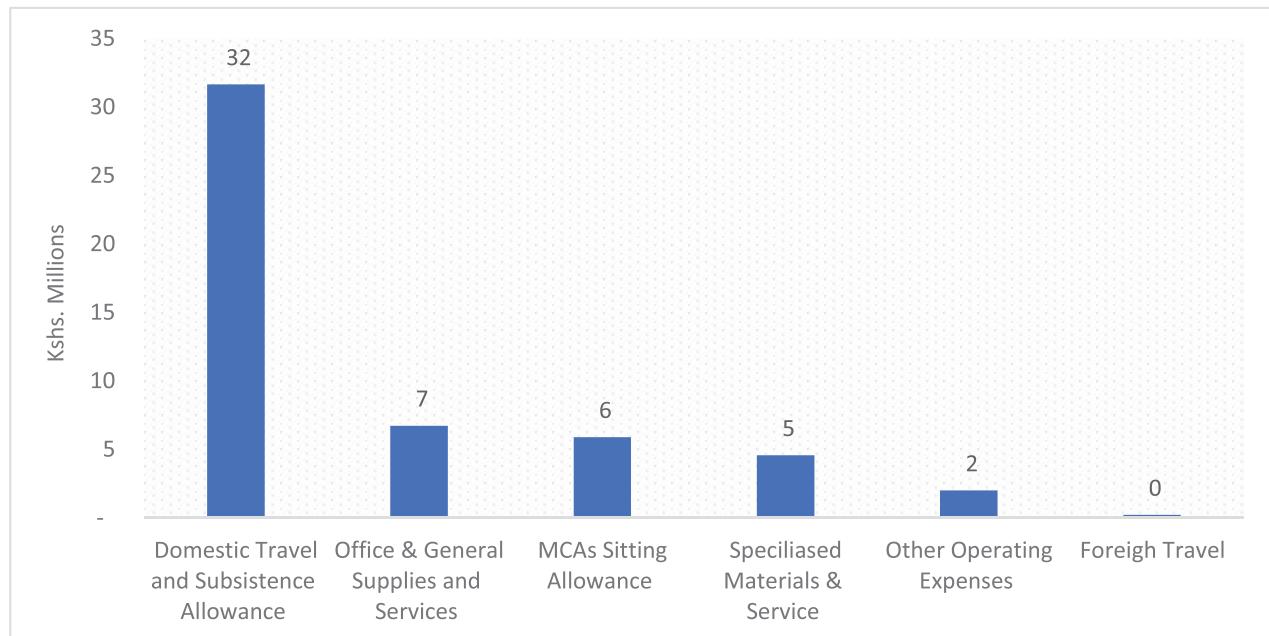

Source: Taita Taveta County Treasury

The County Assembly spent Kshs.5.89 million on committee sitting allowances for the 32 MCAs against the annual budget allocation of Kshs.8.24 million. The average monthly sitting allowance was Kshs.61,357 per MCA. The County Assembly has 23 House Committees.

### 3.39.9 Expenditure on Operations and Maintenance

During the reporting period, the County spent Kshs.72.77 million on operations and maintenance, representing an increase of 11 per cent compared to FY 2024/25, when the County spent Kshs.65.71 million. Figure 227 summarises the Operations and Maintenance expenditure by major categories.

**Figure 227: Taita Taveta County, Operations and Maintenance Expenditure by Major Categories**

Source: Taita Taveta County Treasury

### 3.39.10 County-Established Funds

Section 116 of the PFM Act 2012 allows County Governments to establish other public funds, subject to approval from the County Executive Committee and the County Assembly. The County allocated Kshs.17.05 million to County-established funds in FY 2025/26, which is less than 1 per cent of the County's overall budget. Furthermore, the County allocated Kshs.10.00 million to the Emergency Fund (less than 1 per cent of the total budget) in line with Section 110 of the PFM Act, 2012. Table 3.452 summarises each established Fund's budget allocation and performance during the reporting period.

**Table 3.452: Performance of Taita Taveta County Established Funds in the First Quarter of FY 2025/26**

S/ No.	Name of the Fund	Year Es- tablished	Approved Budget Allocation in FY 2025/26 (Kshs.)	Exchequer Issues in First Quarter of FY 2025/26 (Kshs.)	Actual Expenditure in the First Quarter of FY 2025/26 (Kshs.)	Cumulative disburse- ments to the Fund (Kshs)	Submission of Financial Statements (Yes/No.)

<b>Total</b>			<b>42,050,000</b>	-	-	-	-

Source: Taita Taveta County Treasury

During the reporting period, the CoB did not incur any expenditures in the established funds.

### 3.39.11 County Corporations

The County has one Corporation i.e. the County Investments and Development Corporation which was allocated Kshs.5.35 million in FY 2025/26. There were no transfers made in the review period.

### 3.39.12 Expenditure on Domestic and Foreign Travel

Expenditure on domestic travel amounted to Kshs.31.65 million and comprised Kshs.26.87 million spent by the County Assembly and Kshs.4.77 million by the County Executive. Expenditure on foreign travel amounted to Kshs.0.21 million and was incurred by the County Executive. Expenditure on foreign travel is summarised in Table 3.453.

**Table 3.453: Summary of Expenditure on Foreign Travel in the First Quarter of FY 2025/26**

Arm of County Government	Number of Officers Travelled	Date travelled	Purpose of the travel	Destination	Total Costs of the Travel in (Kshs.)
County Executive	1	Aug-25	Facilitation to attend Vaccinology Course in Kigali, Rwanda	Kigali	211,970
<b>Total</b>					<b>211,970</b>

Source: Taita Taveta County Treasury and County Assembly

### 3.39.13 Facility Improvement Financing

During the review period, the County reported collections of Kshs.41.27 million as FIF, which was 15 per cent of the annual target of Kshs.280.00 million. The collected amount was retained and utilised at source in line with the Facility Improvement Financing Act, 2023. The County has developed regulations to operationalise the FIF Act of 2023.

The expenditure by health facilities amounted to Kshs.41.27 million, as shown in Table 3.454.

**Table 3.454: Taita Taveta County Health Facilities Expenditure Performance in FY 2025/26**

No.	Health Facility	Number of Facilities	Approved Budget (Kshs.)	Actual Expenditure (Kshs.)	Absorption rate (%)
1.	Level 4 Hospital (FIF)	4	276,000,000	18,733,723	7
	<b>Total</b>		<b>276,000,000</b>	<b>18,733,723</b>	<b>7</b>

Source: Taita Taveta County Treasury

### 3.39.14 Development Expenditure

In the review period, the County reported spending Kshs.102.57 million on development programmes, representing a decrease of 3 per cent compared to FY 2024/25, when the County spent Kshs.106.00 million.

The Kshs.102.57 development expenditure was incurred entirely towards the payment of trade payables. No development projects were implemented during the reporting period.

### 3.39.15 Budget Performance by Department

Table 3.455 summarises the approved budget allocation, expenditure and absorption rate by departments in the period under review.

**Table 3.455: Taita Taveta County, Budget Allocation and Absorption Rate by Department**

Source: Taita Taveta County Treasury

Analysis of expenditure by departments shows that the Department of Finance recorded the highest absorption rate of development budget at 49 per cent. The Department of Mwatate Municipality had the highest recurrent expenditure-to-budget ratio at 13 per cent, while the Department of Water & Irrigation had the lowest at 5 per cent.

The non-absorption of funds in some departments was attributed to delays in disbursements from the National Treasury, in line with the established equitable share release schedule.

### 3.39.16 Budget Execution by Programmes and Sub-Programmes

The sub-programmes with the highest levels of budget implementation based on absorption rates were: Legislation and oversight representation in the Department of County Assembly at 30 per cent, general administration & support services in the Department of County Assembly at 28 per cent, and general administration & support services in the Department of Trade at 27 per cent of the budget allocation.

### 3.39.17 Accounts Operated in Commercial Banks

Regulation 82(1)(b) of the PFM (County Governments) Regulations, 2015, requires that County Government bank accounts be opened and maintained at the Central Bank of Kenya. The only exemption applies to imprest bank accounts for petty cash and to revenue collection bank accounts.

Further, Regulation 82(4) of the Public Finance Management (PFM) Act requires accounting officers to obtain written authorisation from the County Treasury before opening a commercial bank account. Additionally, Regulation 82(5) of the Public Finance Management (County Governments) Regulations, 2015, requires the County Treasury to submit a copy of the letter authorising an accounting officer to open a commercial bank account to the Controller of Budget.

The County Government operated 37 accounts with commercial banks, including seven accounts for Health Facilities, two accounts for Vocational Training Centres, four accounts for Established Funds, five revenue

accounts, eight special-purpose accounts (additional allocations), four imprest accounts, six recurrent operational accounts, and one development operational account.

The County Treasury did not submit copies of authorisation letters to the Controller of Budget for opening all commercial bank accounts as per Regulation 82(5) of the Public Finance Management (County Governments) Regulations, 2015.

### 3.39.18 Key Observations and Recommendations

In the course of overseeing and reporting on the implementation of the County budget, the CoB identified the following challenges, which hampered effective budget implementation;

- i. The underperformance of own-source revenue at Kshs.71.32 million against an annual target of Kshs.669.60 million, representing 11 per cent of the financial year target.
- ii. Low development performance in the review period as the County incurred Kshs102.57 million on development activities, achieving a 4 per cent absorption rate.
- iii. High level of trade payables, which amounted to Kshs.2.14 billion as of 30 September 2025. Further, the County Treasury failed to adhere to the payment plan for trade payables.
- iv. Use of manual payroll. Personnel emoluments amounting to Kshs.26.74 million for staff not onboarded to the HRIS accounted for 7 per cent of total payroll costs. Manual payroll is prone to abuse and may result in the loss of public funds.
- v. Non-submission of copies of authorisation letters for opening commercial bank accounts as per Regulation 82(5) of the Public Finance Management (County Governments) Regulations, 2015.

The County should implement the following recommendations to improve budget execution:

- i. *The County should address its own-source revenue performance to ensure the approved budget is fully financed. Appropriate austerity measures should be implemented to ensure expenditure commitments are aligned with available revenue.*
- ii. *The County should implement strategies to increase development expenditures in FY 2025/26.*
- iii. *The County Leadership should address the situation of trade payables to ensure that genuine bills are paid promptly in the remaining financial year. Further, compliance with the Trade Payables Action Plan should be enforced.*
- iv. *The Government requires that salaries be processed through the HRIS system, and the County is advised to fast-track the acquisition of Unified Personnel Numbers for their staff. The County Public Service Board should regulate staff engagement on contract and casual workers as provided under Section 74 of the County Governments Act 2012. Furthermore, strict adherence to the approved staff establishment should be maintained.*
- v. *The County Treasury should ensure it submits copies of authorisation letters to OCoB for opening commercial bank accounts to enhance accountability and oversight.*

## 3.40. County Government of Tana River

### 3.40.1 Overview of FY 2025/26 Budget

The Tana River County Approved Budget for FY 2025/26 is Kshs.9.96 billion. It comprises Kshs.4.32 billion (43 per cent) and Kshs.5.64 billion (57 per cent) allocation for development and recurrent programmes, respectively. The budget estimates represent an increase of Kshs.655.36 million (7 per cent) from the FY 2024/25 budget, which comprised a development budget of Kshs.3.64 billion and a recurrent budget of Kshs.5.67 billion. The increase in the budget was primarily attributed to the rise in equitable share.

The budget is to be financed from various revenue sources. These include: the equitable share of revenue raised nationally of Kshs.7.22 billion (72 per cent), additional allocations of Kshs.1.66 billion (17 per cent), a cash balance of Kshs.878.06 million (9 per cent) brought forward from FY 2024/25, and Kshs.200.42 million (2 per cent) to be received as own-source revenue. A breakdown of the additional allocations is shown in Table 3.456.

### 3.40.2 Revenue Performance

During the first Quarter of FY 2025/26, the County received Kshs.2.06 billion in revenue. This amount represented an increase of 17 per cent compared to the amount received in a similar period in FY 2024/25 of Kshs.1.76 billion. The total revenue consisted of Kshs.1.15 billion from the equitable share of revenue raised nationally, own-source revenue (OSR) collection of Kshs.24.09 million. Additionally, the County had a cash balance of Kshs.878.06 million from FY 2024/25. The total OSR collection of Kshs.24.09 million included Facilities Improvement Financing (FIF) of Kshs.814,356, and Kshs.23.28 million from other OSR sources. Table 3.456 summarises the total revenue available to the County Government during FY 2025/26.

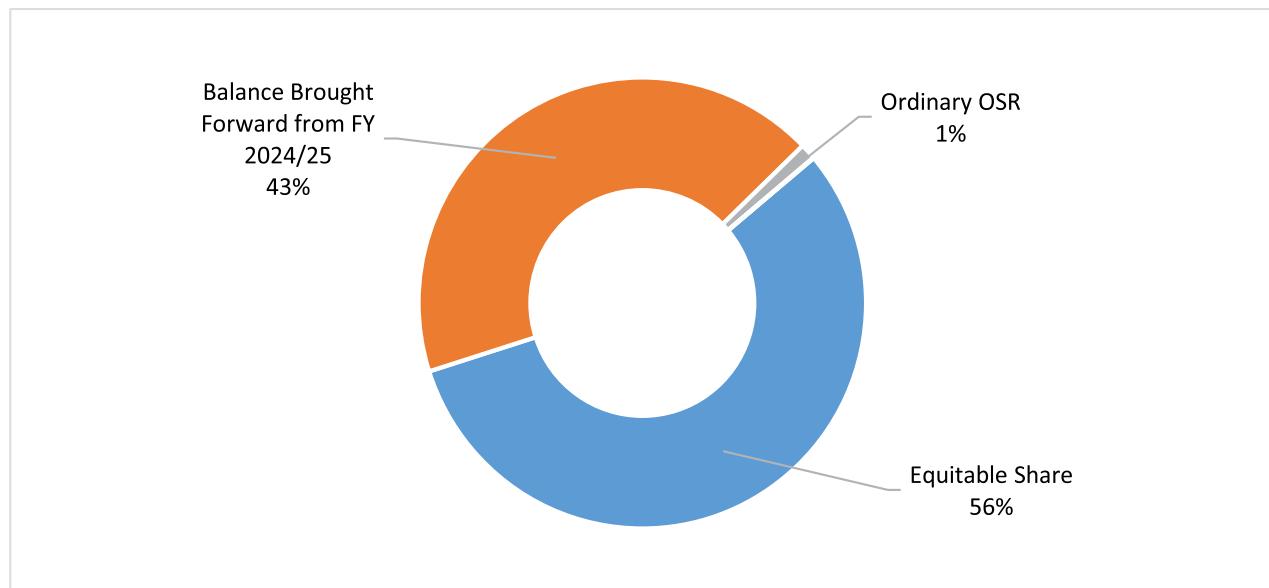

**Table 3.456: Tana River County, Revenue Performance in FY 2025/26**

The County does not have governing legislation on the operation of FIF. Figure 228 provides a detailed breakdown of receipts, showing a breakdown of each shilling received.

**Figure 228: Tana River County Composition of Each Shilling Received in the First Quarter of FY 2025/26**

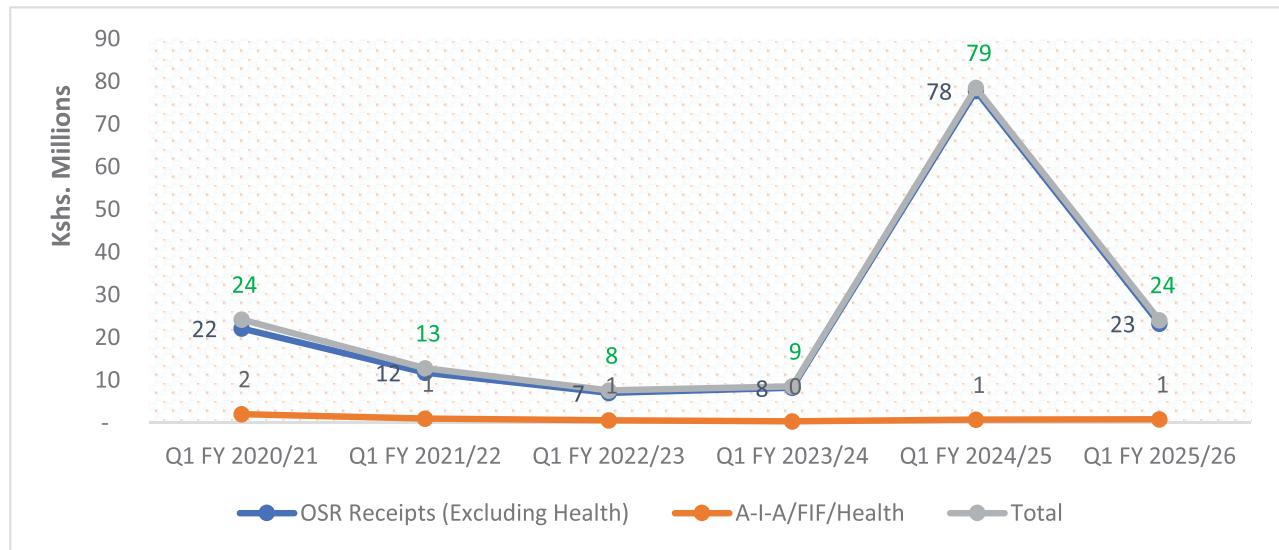

Source: Tana River County Treasury

The equitable share of revenue raised nationally contributed 56 per cent, the balance brought forward 43 per cent, and the OSR 1 per cent of the total receipts for the report.

Figure 229 shows the collection trend in own-source revenue from the First Quarter of FY 2020/21 to the First Quarter of FY 2025/26.

**Figure 229: Tana River County Trend in Own-Source Revenue Collection from the First Quarter of FY 2020/21 to the First Quarter of FY 2025/26**

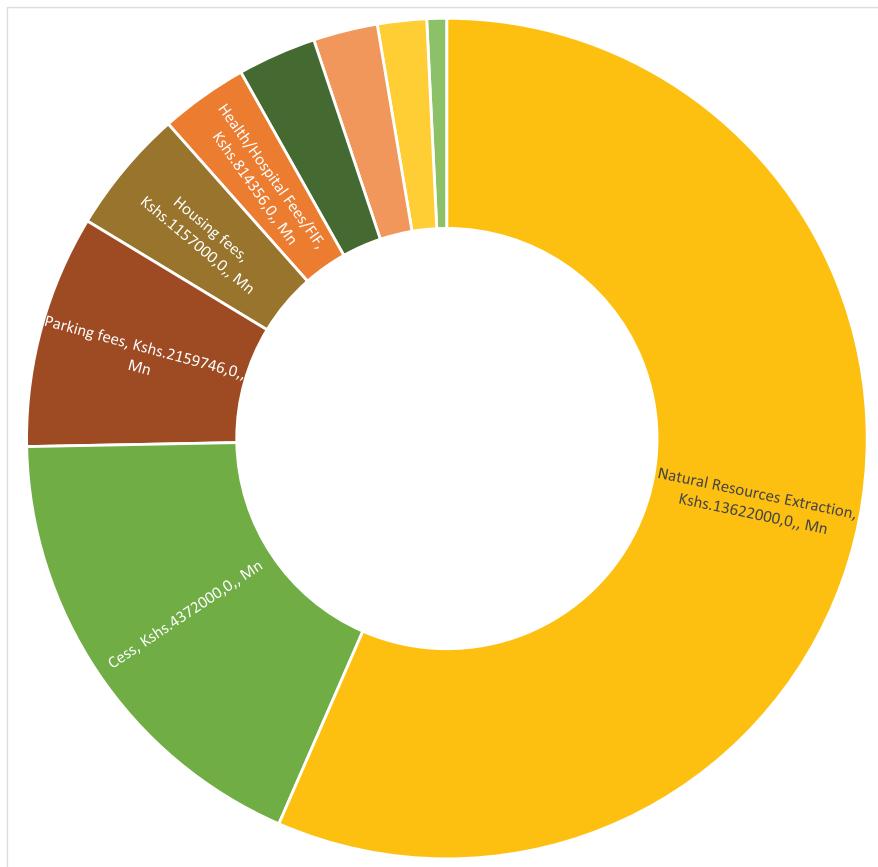

Source: Tana River County Treasury

During the First Quarter of FY 2025/26, the County generated Kshs.24.09 million from its revenue sources, including FIF. This amount was a decrease of 69 per cent compared to Kshs.78.50 million realised in a similar period in FY 2024/25, and was 12 per cent of the annual target and 2 per cent of the equitable revenue share disbursed. The decrease in OSR was attributed to the failure to automate revenue collection, resulting in OSR leakage caused by the manual collection method.

The revenue streams that contributed the most to OSR receipts are shown in Figure 230.

**Figure 230: Tana River County Top Own Source Revenue Streams in the First Quarter of FY 2025/26**

Source: Tana River County Treasury

As shown in Figure 230, the highest revenue stream, at Kshs.13.62 million, was from the extraction of natural resources, accounting for 57 per cent of the total OSR receipts. The County Government has not yet automated revenue collection.

### 3.40.3 Revenue Arrears

As of 30 September 2025, the County did not report any revenue arrears.

### 3.40.4 Borrowing by the County

Tana River County Executive and Assembly did not report any credit facility during the period under review.

### 3.40.5 Exchequers Approved

The Controller of Budget approved withdrawals of Kshs.439.85 million from the CRF account during the reporting period and accounted for recurrent programmes only. Analysis of the recurrent exchequers released indicates that Kshs.404.88 million was towards employee compensation and Kshs.34.97 million for operations and maintenance expenditure.

The operations and maintenance exchequer analysis indicates that 71 per cent was for domestic travel. The domestic travel exchequer amounted to Kshs.24.97 million for the County Assembly. There was no foreign travel exchequer requisition during the period under review.

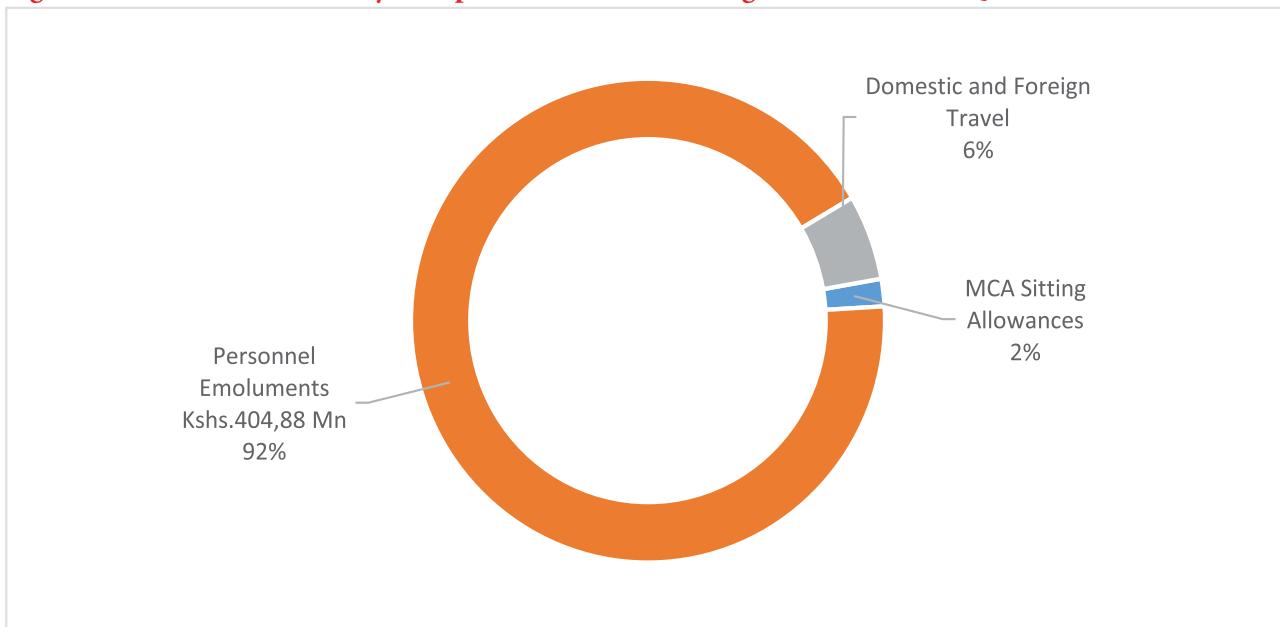

As of September 30, 2025, the County Government's cash balance in the CRF account was Kshs1.30 billion.

### 3.40.6 Expenditure Review

The County spent Kshs.439.85 million on recurrent programmes in the reporting period. The expenditure represented 100 per cent of the total funds released by the CoB. Expenditure on recurrent programmes accounted

for 8 per cent of the recurrent budget. The following chart provides a detailed breakdown of expenditure, showing the relative composition of each shilling spent.

**Figure 231: Tana River County Composition of Each Shilling Paid in the First Quarter of FY 2025/26**

**Source:** Tana River County Treasury

As shown in Figure 231, the three highest expenditure categories were Personnel emoluments, Domestic Travel allowances for the County Assembly, and MCAs' Sitting allowance, which accounted for 93 per cent, 6 per cent, and 2 per cent of total expenditure for the reporting period, respectively.

### 3.40.7 Settlement of Trade Payables

As of 1<sup>st</sup> July 2025, the County reported Trade Payables totalling Kshs.2.35 billion from the County Executive. The Trade Payables from the County Executive consisted of Kshs.1.29 billion for recurrent expenditures and Kshs.1.06 billion for development expenditures. The County Assembly did not report any Trade Payables.

During the reporting period, the County Executive did not settle any Trade Payables. The outstanding Trade Payables as of 30th September 2025 were Kshs.2.35 billion for the County Executive. Table 3.457 provides additional details of Trade Payables.

**Table 3.457: Tana River County Trade Payables as of 30<sup>th</sup> September 2025**

		County Entity	Development (Kshs.)	Recurrent (Kshs.)	Total (Kshs.)

Source: Tana River County Treasury

The Executive are reminded to submit a trade payables payment plan. The plan should be FIFO basis.

#### 3.40.8 Expenditure by Economic Classification

During the reporting period, the County Executive incurred Kshs.358.85 million for compensation of employees only. The County Assembly spent Kshs.46.03 million on compensation of employees, and Kshs.34.97 million on operations and maintenance as shown in Table 3.459.

**Table 3.459: Tana River County Summary of Budget and Expenditure by Economic Classification**

Expenditure Classification	Budget (Kshs.)		Expenditure (Kshs)		Absorption (%)	
	County Executive	County Assembly	County Executive	County Assembly	County Executive	County Assembly
<b>Total Recurrent Expenditure</b>	<b>5,059,036,132</b>	<b>580,218,891</b>	<b>358,845,832</b>	<b>81,004,107</b>	<b>7</b>	<b>14</b>
Compensation to Employees	2,417,751,400	304,745,529	358,845,832	46,034,042	15	15

#### 3.40.9 Expenditure on Compensation of Employees

During the period under review, the expenditure on employee compensation totalled Kshs.404.88 million. The compensation-to-revenue ratio was 20 per cent. This expenditure on employee compensation shows an increase compared to the Kshs.364.93 million reported in a similar period in FY 2024/25. Of this total, Kshs.198.06 million related to the Health Sector employees, which accounted for 49 per cent of the overall employees' compensation.

Figure 232 shows the trend in employees' compensation as a percentage of total revenue from the First Quarter of FY 2020/21 to the First Quarter of FY 2025/26.

**Figure 232: Percentage of Employee Compensation to Total Revenue Received from the First Quarter of FY 2020/21 to the First Quarter of FY 2025/26**

Source: Tana River County Treasury

As shown in Figure 232, the County Assembly apportioned 57 per cent of its first-quarter FY 2025/26 revenue to compensation of employees, while the Executive allocated 20 per cent.

Further analysis indicated that PE costs amounting to Kshs.393.38 million were processed through the Human Resource Information System (HRIS). In contrast, Kshs.11.50 million was processed through manual payroll, which accounted for 3 per cent of the total PE cost.

The manual payroll comprised salaries for Community Health workers as shown in Table 3.18.

**Table 3.460: Breakdown of Tana River County Manual Payroll**

	Category	County Executive	County Assembly	Total
1	Community Health Workers	11,499,568	-	11,499,568
	<b>Total</b>	<b>11,499,568</b>	<b>-</b>	<b>11,499,568</b>

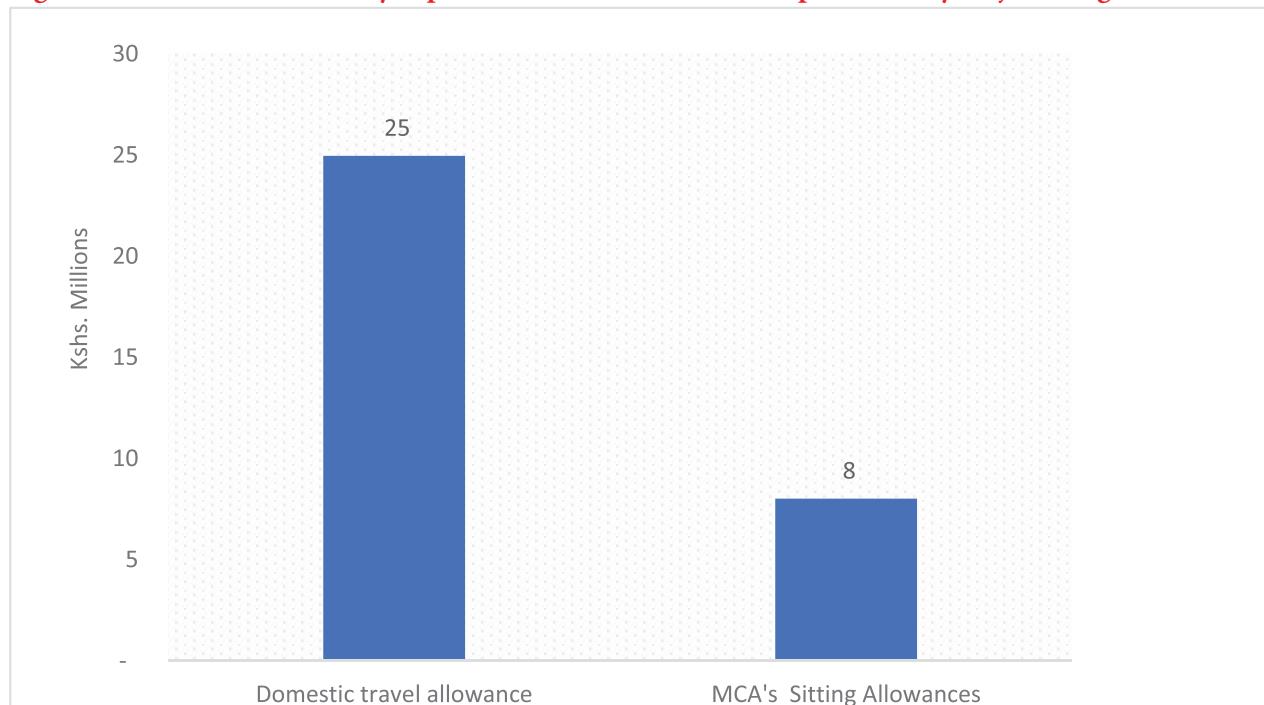

Source: Tana River County Treasury

The County Assembly spent Kshs.8.02 million on committee sitting allowances for the 27 MCAs against the annual budget allocation of Kshs.34.61 million. The average monthly sitting allowance was Kshs.99,044 per MCA. The County Assembly has 20 House Committees.

### 3.40.10 Expenditure on Operations and Maintenance

During the reporting period, the County spent Kshs.34.97 million on operations and maintenance, representing a decrease of 8 per cent compared to FY 2024/25, when the County spent Kshs.38.37 million. Figure 233 summarises the Operations and Maintenance expenditure by major categories.

**Figure 233: Tana River County, Operations and Maintenance Expenditure by Major Categories**

Source: Tana River County Treasury

### 3.40.11 County-Established Funds

Section 116 of the PFM Act 2012 allows County Governments to establish other public funds, subject to approval from the County Executive Committee and the County Assembly. The County allocated Kshs.752.13 million to County-Established funds in FY 2025/26, or 7 per cent of the County's overall budget. Further, the County allocated Kshs.179.07 million to the Emergency Fund (2 per cent of the total budget) in line with Section 110 of the PFM Act, 2012. Table 3.461 summarises each established Fund's budget allocation and performance during the reporting period.

**Table 3.461: Performance of Tana River County Established Funds in the First Quarter of FY 2025/26**

S/No.	Name of the Fund	Year Es-tablished	Approved Bud-get Allocation in FY 2025/26 (Kshs.)	Exchequer Issues in the First Quarter FY 2025/26 (Kshs.)	Actual Expen-diture in the First Quar-ter FY 2025/26 (Kshs.)	Cumu-lative disburse-ments to the Fund	Sub-mission of First Quarter Financial Statements (Yes/No.)
<b>County Executive Established Funds</b>							
1.	Emergency Fund	2020	179,066,825	-	-		YES
2.	Disaster Risk Management Fund	2021	249,066,825	-	-		YES

4.	Bursary Fund	2014	274,000,000	-	-		YES
<b>County Assembly Established Funds</b>							
5.	C. A Car Loan & Mortgage Fund	2014	-	0	0		YES
	Total		752,133,650	-	-		

Source: Tana River County Treasury

During the reporting period, the CoB received all the quarterly financial reports from the 5 Fund Administrators, as indicated in Table 3.461, as required by Section 168 of the PFM Act, 2012. The County disclosed that the administration costs of the five Funds were within the 3 per cent limit of the Fund budget set in Regulation 197(1)(d) of the Public Finance Management (County Governments) Regulations, 2015.

Regulation 197(1)(i) of the Public Finance Management (County Governments) Regulations, 2015, allows County Governments to establish public funds with a lifespan capped at 10 years unless extended by the County Assembly. In FY 2025/26, the CoB established that the lifespan of **Bursary and Scholarship Fund and the County Assembly Car loan &Mortgage Funds** had lapsed. Consequently, the CoB did not approve any requests for withdrawals to support the operations of the lapsed funds.

### 3.40.12 County Corporations

The County has one County corporation which was allocated Kshs.28million in FY 2025/26. There was no expenditure during the period under review as shown in Table 3.462.

**Table 3.462: Performance of Tana River County Corporations in the First Quarter of FY 2025/26**

S/No.	Name of the Corporation	Parent Department	Approved Budget Allocation in FY 2025/26 (Kshs.)	Exchequer Issues in the First Quarter FY 2025/26 (Kshs)	Actual Expenditure in the First Quarter FY 2025/26 (Kshs.)
1.	Tana River Water and Sanitation Company (TAWASCO)	Water, Energy, Mining, Forestry and Natural Resources	28,000,000	0	0
	<b>Total</b>		<b>28,000,000</b>	<b>0</b>	<b>0</b>

*Source:* Tana River County Treasury

### 3.40.13 Expenditure on Domestic and Foreign Travel

Expenditure on domestic travel amounted to Kshs.24.97 million spent by the County Assembly. There was no expenditure on Foreign travel during the period under review.

### 3.40.14 Facility Improvement Financing

During the review period, the County reported collections of Kshs.814,356 as FIF, which was 19 per cent of the annual target of Kshs.4.35 million. The collected amount was retained and utilised at source in line with the Facility Improvement Financing Act, 2023. The County has, however, not developed regulations to operationalise the FIF Act of 2023.

The expenditure by the Health facilities amounted to Kshs.999.000, as shown in Table 3.463.

**Table 3.463: Tana River County Health Facilities Expenditure Performance in FY 2025/26**

No.	Health Facility	Number of Facilities	Approved Budget (Kshs.)	Actual Expenditure (Kshs.)	Absorption rate (%)
1.	Level 5 Hospital	0	-	-	0%
2.	Level 4 Hospital	3	63,370,000	-	0%

	<b>Total</b>	<b>53</b>	<b>104,862,402</b>	<b>999,000</b>	<b>1%</b>

*Source:* Tana River County Treasury

### 3.40.15 Development Expenditure

In the review period, the County reported nil expenditure on development programmes. A similar performance was observed in a similar period in FY 2024/25.

### 3.40.16 Budget Performance by Department

Table 3.464 summarises the approved budget allocation, expenditure and absorption rate by departments in the period under review.

**Table 3.464: Tana River County, Budget Allocation and Absorption Rate by Department**

Analysis of expenditure by departments shows that all Departments recorded a nil absorption rate of development budget. The County Assembly had the highest percentage of recurrent expenditure to budget at 14 per cent, followed by the Department of Medical Services and Public Health at 12 per cent.

### 3.40.17 Budget Execution by Programmes and Sub-Programmes

The recurrent sub-programmes with the highest levels of budget implementation, based on absorption rates, were: Ethics, governance and compliance in the Department of County Public Service Board at 46per cent, Hola municipality program in the Department of Hola Municipality at 41 per cent, Human resource and development in the Department of County Public Service Board at 37 per cent, and Drought management program in the department of Special Programs at 35 per cent of the budget allocation. No development expenditures were reported by any programmes during the review period.

### **3.40.18 Accounts Operated in Commercial Banks**

Regulation 82(1)(b) of the PFM (County Governments) Regulations, 2015, requires that County Government bank accounts be opened and maintained at the Central Bank of Kenya. The only exemption is for imprest bank accounts for petty cash and revenue collection bank accounts.

Further, Regulation 82(4) of the Public Finance Management (PFM) Act requires accounting officers to obtain written authorisation from the County Treasury before opening a commercial bank account. Additionally, Regulation 82(5) of the Public Finance Management (County Governments) Regulations, 2015, requires the County Treasury to submit a copy of the letter authorising an accounting officer to open a commercial bank account to the Controller of Budget.

The County Government operated 58 accounts in commercial banks, including 42 accounts for Health Facilities, one account for Vocational Training Centres, four accounts for Established Funds, one revenue account, and ten special-purpose accounts (for additional allocations).

The County Treasury did not submit copies of authorisation letters to the Controller of Budget for opening 58 commercial bank accounts, as required by Regulation 82(5) of the Public Finance Management (County Governments) Regulations, 2015.

### **3.40.19 Key Observations and Recommendations**

In the course of overseeing and reporting on the implementation of the County budget, the CoB identified the following challenges, which hampered effective budget implementation;

- i. The underperformance of own-source revenue at Kshs.24.09 million against an annual target of Kshs.200.42 million, representing 12 per cent of the financial year target.
- ii. Low development performance in the review period, as the County incurred nil on development activities.
- iii. Regulation 197(1)(i) of the Public Finance Management (County Governments) Regulations, 2015, limits the lifespan of public funds to 10 years unless extended by the County Assembly. As of 30 September 2025, the lifespan of the Bursary and Scholarship Fund and the County Assembly Car Loan & Mortgage Fund had lapsed, making them ineligible for further withdrawals.
- iv. High level of Trade Payables, which amounted to Kshs.2.35 billion as of 30 September 2025. Furthermore, the County Treasury failed to submit the payment plan for the Trade Payables.
- v. Non-submission of copies of authorisation letters for opening commercial bank accounts as per Regulation 82(5) of the Public Finance Management (County Governments) Regulations, 2015.

The County should implement the following recommendations to improve budget execution:

- i. *The County should address its own-source revenue performance to ensure the approved budget is fully financed. Appropriate austerity measures should be implemented to ensure expenditure commitments are aligned with available revenue.*
- ii. *The County should implement strategies to increase development expenditures in FY 2025/26.*
- iii. *The County should ensure timely review and extension of public funds whose lifespan is nearing expiration to prevent operational disruptions. Additionally, any expenditure from lapsed funds should cease immediately, and legal mechanisms should be followed to re-establish or wind up such funds in compliance with the Public Finance Management Act.*
- iv. *The County Leadership should address the situation of Trade Payables to ensure that genuine bills are paid promptly in the remaining financial year. Further, compliance with the Trade Payables Action Plan should be enforced.*
- v. *The County Treasury should ensure it submits copies of authorisation letters to OCoB for opening commercial bank accounts to enhance accountability and oversight.*

## 3.41. County Government of Tharaka Nithi

### 3.41.1 Overview of FY 2025/26 Budget

The Tharaka Nithi County's Approved Budget for FY 2025/26 is Kshs.6.77 billion. It comprises Kshs.2.51 billion (37 per cent) and Kshs.4.26 billion (63 per cent) allocation for development and recurrent programmes, respectively. The budget estimates represent an increase of Kshs.288 million (4 per cent) from the FY 2024/25 budget, which comprised a development budget of Kshs.2.38 billion and a recurrent budget of Kshs.4.10 billion. The marginal increase in the budget was primarily attributed to the rise in equitable share and own source revenue.

The budget is to be financed from various revenue sources. These include; the equitable share of revenue raised nationally of Kshs.4.59 billion (68 per cent), additional allocations of Kshs.1.60 billion (24 per cent) and Kshs.585.40 million (9 per cent) generated as own-source revenue. The budget did not factor in funds carried over from the previous financial year of 2024/25. A breakdown of the additional allocations is shown in Table 3.465.

### 3.41.2 Revenue Performance

During the first Quarter of FY 2025/26, the County received Kshs.1.07 billion in revenue. This amount represented an increase of 17 per cent compared to the amount received in a similar period in FY 2024/25 of Kshs.908.20 million. The total revenue consisted of Kshs.778.62 million from the equitable share of revenue raised nationally, as well as own-source revenue (OSR) collection of Kshs.82.59 million. Additionally, the County had a cash balance of Kshs.205.32 million from FY 2024/25. The total OSR collection of Kshs.82.59 million included Facilities Improvement Financing (FIF) of Kshs.43.85 million, and Kshs.38.64 million from other OSR sources. The County did not receive any additional allocations from the national government and development partners. Table 3.465 summarises the total revenue available to the County Government during FY 2025/26.

Source: Tharaka Nithi County Treasury

The County does not have governing legislation on the operation of ordinary A-I-A and FIF. Figure 234 provides a detailed breakdown of receipts, showing a breakdown of each shilling received.

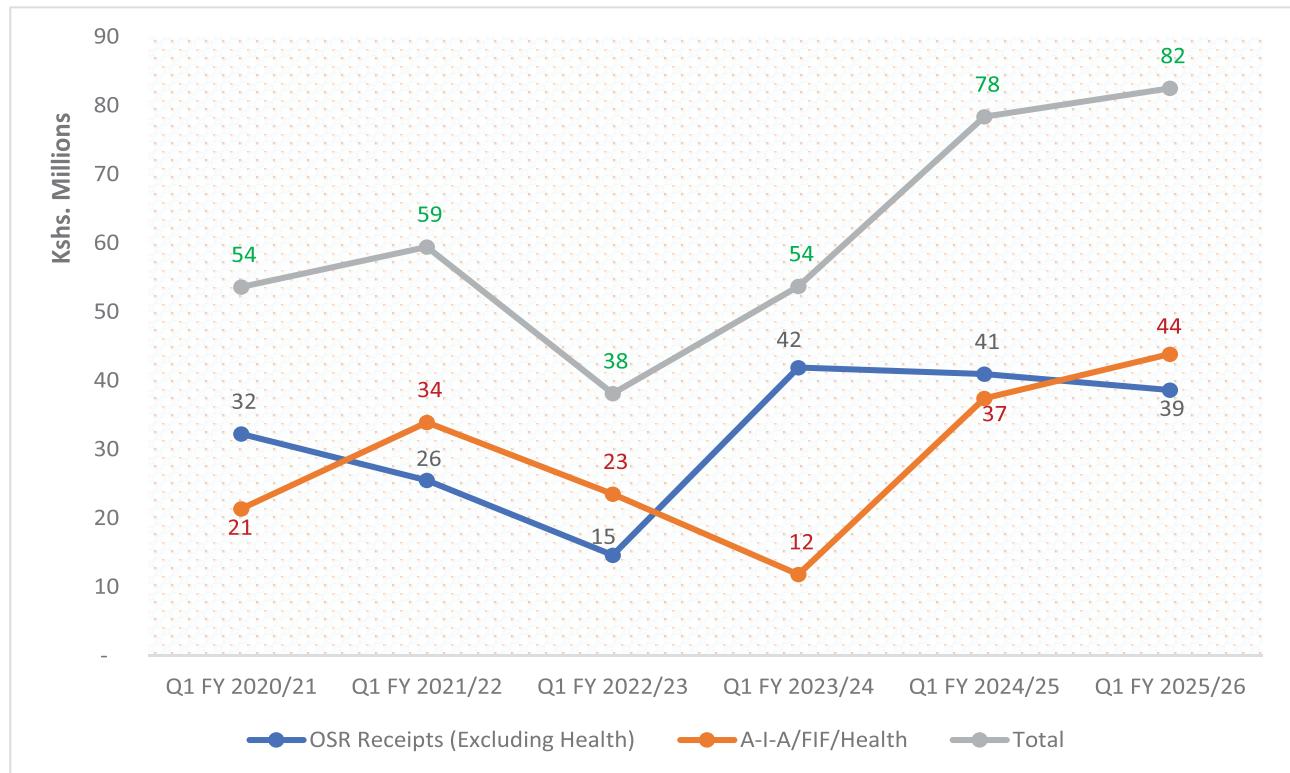

**Figure 234: Tharaka Nithi County Composition of Each Shilling Received in the First Quarter of FY 2025/26**

Source: Tharaka Nithi County Treasury

The equitable share of revenue raised nationally, balance brought forward, and OSR contributed 73 per cent, 19 per cent and 4 per cent, respectively, of the total receipts for the reporting period. Figure 235 shows the collection trend in own-source revenue from the First Quarter of FY 2020/21 to the First Quarter of FY 2025/26.

**Figure 235: Tharaka Nithi County Trend in Own-Source Revenue Collection from the First Quarter of FY 2020/21 to the First Quarter of FY 2025/26**

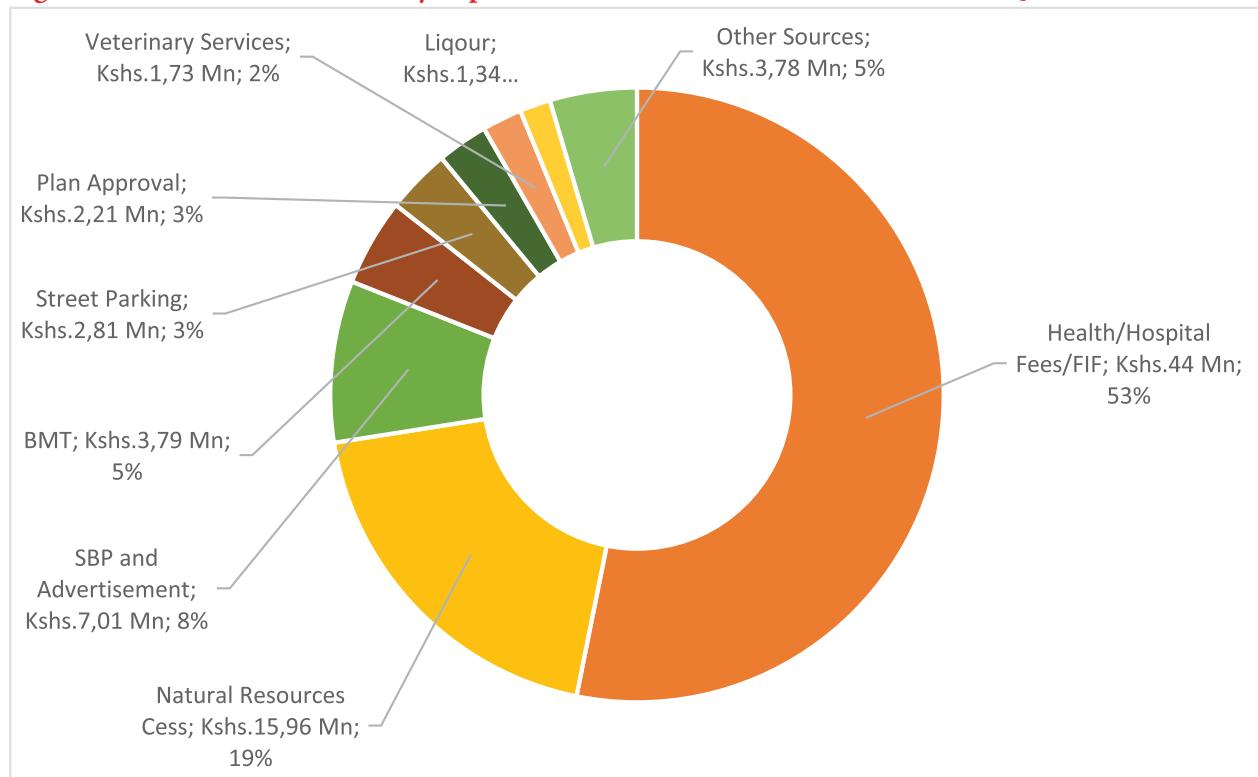

*Source: Tharaka Nithi County Treasury*

During the First Quarter of FY 2025/26, the County generated Kshs.82.59 million from its revenue sources, including FIF. This amount was an increase of 5 per cent compared to Kshs.78.35 million realised in a similar period in FY 2024/25, and was 14 per cent of the annual target and 11 per cent of the equitable revenue share disbursed.

The increase in OSR was attributed to a more aggressive, more organised approach to collecting the FIF in hospitals. The revenue streams that contributed the most to OSR receipts are shown in Figure 236.

**Figure 236: Tharaka Nithi County Top Own Source Revenue Streams in the First Quarter of FY 2025/26**

Source: Tharaka Nithi County Treasury

As shown in Figure 236, the highest revenue stream, at Kshs.43.85 million, was from the Facility Improvement Fund (FIF), accounting for 53 per cent of the total OSR receipts. The County Government indicated that it has automated 16 of 19 revenue streams.

### 3.41.3 Revenue Arrears

As of 1<sup>st</sup> July 2025, the County reported revenue arrears of Kshs.137.53 million, this amount decreased to Kshs.115.25 million as of 30<sup>th</sup> September 2025. Table 3.466 presents a breakdown of the County's revenue arrears.

**Table 3.466: Tharaka Nithi County Revenue Arrears as of 30 September 2025**

			Waivers (Kshs)	Arrears received in the financial year (Kshs)	Arrears earned in First Quarter of FY 2025/26 (Kshs)	
Total	137,527,093.00		-	22,280,041.00	-	115,247,052.00

Source: Tharaka Nithi County Treasury

As of 30 September 2025, the revenue arrears totalled Kshs.115.25 million, comprising Kshs.57.64 million for ordinary own sources of revenue (50 per cent) and Kshs.57.60 million for the Facility Improvement Fund (FIF), representing 50 per cent. The measures instituted by the County to collect the outstanding arrears in FY 2025/26 include stricter enforcement measures and continued digitisation of revenue collection.

#### 3.41.4 Borrowing by the County

The Tharaka Nithi County Executive and Assembly have no credit facilities with banks

#### 3.41.5 Exchequers Approved

The Controller of Budget approved withdrawals of Kshs.568.92 million from the CRF account during the reporting period, which comprised Kshs.64.86 million (11 per cent) for development programmes and Kshs.504.06 million (89 per cent) for recurrent programmes. Analysis of the recurrent exchequers released indicates that Kshs.445.01 million was towards employee compensation and Kshs.59.05 million for operations and maintenance expenditure.

The operations and maintenance exchequer analysis indicates that 24 per cent was for domestic travel and 1 per cent for foreign travel. The domestic travel exchequer amounted to Kshs.14.22 million and included Kshs.2.57 million for the County Executive and Kshs.11.65 million for the County Assembly. The foreign exchequer totalled Kshs.0.75 million, the entire amount being by the County Assembly. The County Executive did not incur expenditure on foreign travel.

As of September 30, 2025, the County Government's cash balance in the CRF account was Kshs.445.17 million.

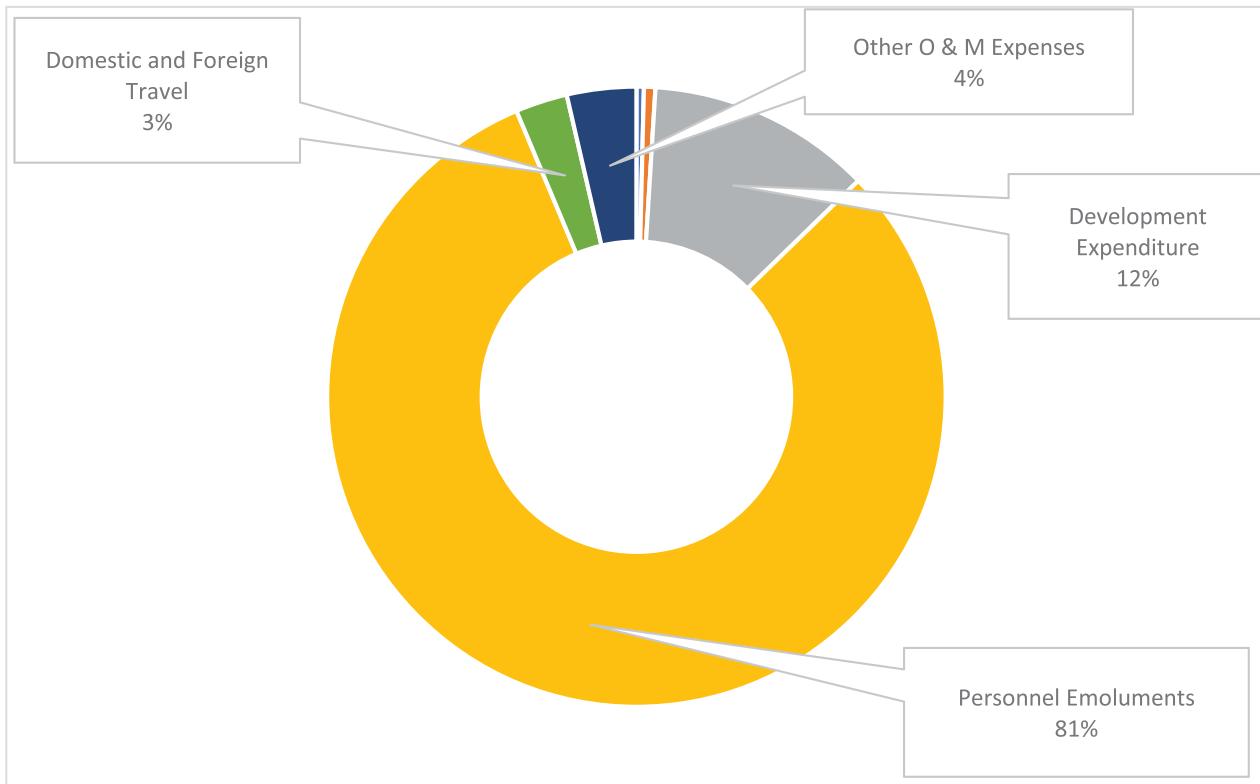

#### 3.41.6 Expenditure Review

The County spent Kshs.551.75 million on development and recurrent programmes in the reporting period. The expenditure represented 109 per cent of the total funds released by the CoB. It comprised Kshs.64.86 million for development programmes and Kshs.486.89 million for recurrent programmes. Expenditure on development programmes represented an absorption rate of 3 per cent, while recurrent expenditure represented 11 per cent of the annual recurrent expenditure budget.

The reason expenditure is higher than the amount of funds released/approved by the Controller of Budget is because of the rolled-over funds not returned to the CRF at the end of the previous financial year, mainly the additional allocations

Figure 237 provides a detailed breakdown of expenditure, showing relative composition of each shilling spent.

**Figure 237: Tharaka Nithi County Composition of Each Shilling Paid in the First Quarter of FY 2025/26**

**Source:** Tharaka Nithi County Treasury

As shown in Figure 237, the three highest expenditure categories were personal emoluments, development expenditure and travel expenditure (both local and foreign) contributing 81 per cent, 12 per cent and 3 per cent of total expenditure for the reporting period.

#### 3.41.7 Settlement of Trade Payables

As of 1<sup>st</sup> July 2025, the County reported trade payables totalling Kshs.754.52 million. This amount included Kshs.622.91 million from the County Executive and Kshs.131.61 million from the County Assembly. The trade payables from the County Executive consisted of Kshs.437.48 million for recurrent expenditures and Kshs.185.44 million for development expenditures.

During the reporting period, the County Executive settled trade payables amounting to Kshs.4.00 million, entirely on settling recurrent payables. On the other hand, the County Assembly settled trade payables worth Kshs.0.11 million, also used entirely to settle recurrent payables. The outstanding trade payables as of 30th September 2025 was Kshs.618.91 million for County Executive and Kshs.131.50 million for County Assembly. Table 3.467 provides additional details of trade payables.

**Table 3.467: Tharaka Nithi County Trade Payables as of 30<sup>th</sup> September 2025**

Source: Tharaka Nithi County Treasury

The County Executive and the Assembly submitted a trade payables payment plan, committing to pay Kshs.224.60 million and Kshs.11.12 million, respectively, in Q1 FY 2025/26. The County did not adhere to this payment plan, as it cleared Kshs.4.00 million for the Executive and Kshs.0.11 million for the Assembly.

Table 3.468 and Table 3.469 present the ageing of the total outstanding bills as of 30 September 2025 for the County Executive and Assembly, which were Kshs.750.42 million.

Source: Tharaka Nithi County Treasury

Both the County Executive and the Assembly were lagging behind in settling trade payables, according to the trade payables payment plans drafted by the County units at the beginning of the financial year. Again, both County units failed to follow the FIFO method in settling trade payables.

### 3.41.8 Expenditure by Economic Classification

During the reporting period, the County Executive incurred Kshs.425.94 million for compensation of employees, Kshs.19.43 million for operations and maintenance, and Kshs.64.86 million for development activities. Similarly, the County Assembly spent Kshs.20.55 million on compensation of employees and Kshs.20.97 million on operations and maintenance. The assembly did not incur any expenditure on development activities in the quarter as shown in Table 3.470.

**Table 3.470: Tharaka Nithi County Summary of Budget and Expenditure by Economic Classification**

Expenditure Classification	Revised Budget (Kshs.)		Expenditure (Kshs.)		Absorption (%)	
	County Executive	County Assembly	County Executive	County Assembly	County Executive	County Assembly

### 3.41.9 Expenditure on Compensation of Employees

During the period under review, the expenditure on employee compensation totalled Kshs.446.49 million. The percentage of compensation of employees to revenue was 42 per cent. This expenditure on employee compensation shows an increase compared to the Kshs.264.86 million reported in a similar period in FY 2024/25. Of this total, Kshs.420.07 million related to the Health Sector employees, which accounted for 94 per cent of the overall employees' compensation. The 94 per cent is not the true cost of the employee compensation in the health sector but more to do with how the County charges the votes. Every department budgets for its wages, but when it comes to charging for votes during requisition and expenditure, the County charges the whole amount to the department. This is erroneous.

Figure 238 shows the compensation trend of employees' expenditures as a percentage of total revenue received from the First Quarter of FY 2020/21 to the First Quarter of FY 2025/26.

**Figure 238: Percentage of Employee Compensation to Total Revenue Received from the First Quarter of FY 2020/21 to the First Quarter of FY 2025/26**

Source: Tharaka Nithi County Treasury

Further analysis indicated that PE costs amounting to Kshs.440.93 million were processed through the Human Resource Information System (HRIS). In contrast, Kshs.5.46 million was processed through manual payroll, which accounted for 1% per cent of the total PE cost as shown in Taable 1.7.

**Table 3.471: Breakdown of Tharaka Nithi County Manual Payroll**

Serial No.	Description of Manual Payroll	Amount (Kshs.)
	Salaries for casual staff	3,906,000
	Top-up Allowances for Security Officers	1,656,000
	<b>Total</b>	<b>5,562,000</b>

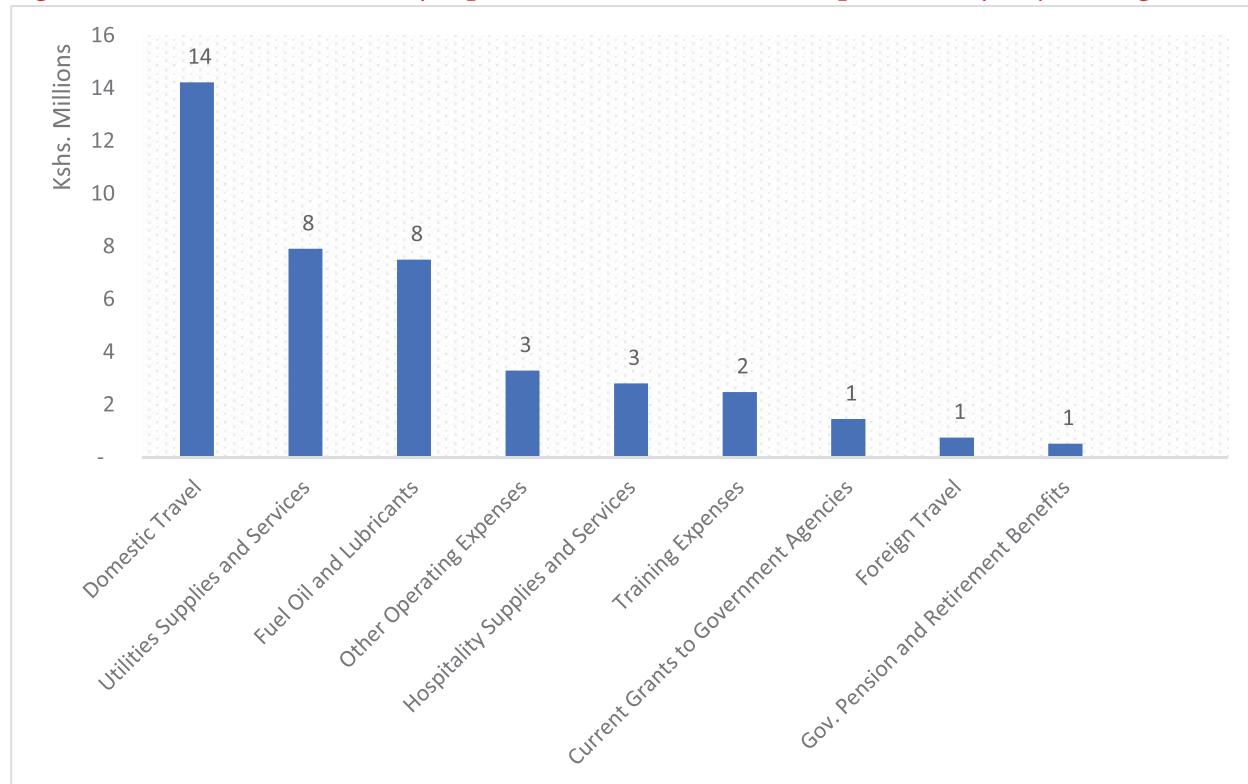

Source: Tharaka Nithi County Treasury

The County Assembly spent Kshs.2.15 million on committee sitting allowances for the 24 MCAs against the annual budget allocation of Kshs.27.90 million. The average monthly sitting allowance was Kshs.29.807 per MCA. The County Assembly has 19 House Committees.

### 3.41.10 Expenditure on Operations and Maintenance

During the reporting period, the County spent Kshs.40.40 million on operations and maintenance, representing a decrease of 56 per cent compared to FY 2024/25, when the County spent Kshs.90.41 million. Figure 239 summarises the Operations and Maintenance expenditure by major categories.

**Figure 239: Tharaka Nithi County, Operations and Maintenance Expenditure by Major Categories**

Source Tharaka Nithi County Treasury

### 3.41.11 Unbundling “Other Operating Expenses” Under Operations and Maintenance Expenditures

The budget performance report submitted to the Controller of Budget for the first quarter of FY 2025/26 shows that the County spent Kshs.3.29 million under “other Operating expenses” translates to 6 per cent of the cumulative operations and maintenance expenditure of Kshs.59.05 million. The disaggregated items under the “Other Operating Expenses” category are as shown in Table 3.472.

**Table 3.472: Breakdown of “Other Operating Expenses” under O&M Expenditures**

Code	Item	Budget (Kshs)	Expenditure (Kshs.)
2211301	Bank Service Commission and Charges	202,900	
2211305	Contracted Guards and Cleaning Services	55,000,000	
2211306	Membership Fees, Dues and Subscriptions to Professional and Trade Bodies	9,280,500	
2211308	Legal Dues/fees, Arbitration and Compensation Payments	13,929,375	
2211310	Contracted Professional Services	50,500,000	
2211320	Temporary Committees Expenses	5,051,250	
2211323	Laundry Expenses	250,000	
2211325	Constituency Office Expenses	22,728,000	3,289,000
<b>Total</b>		<b>156,942,025</b>	<b>3,289,000</b>

*Source: Tharaka Nithi County Treasury*

A review of the other expense items listed in the table did not reveal any inconsistency.

### 3.41.12 County-Established Funds

Section 116 of the PFM Act 2012 allows County Governments to establish other public funds, subject to approval from the County Executive Committee and the County Assembly. The County allocated Kshs.260.00 million to County-Established funds in FY 2025/26, or 4 per cent of the County’s overall budget. Further, the County allocated Kshs.10.00 million to the Emergency Fund (less than 1 per cent of the total budget) in line with Section 110 of the PFM Act, 2012. Table 3.473 summarises each established Fund’s budget allocation and performance during the reporting period.

**Table 3.473: Performance of Tharaka Nithi County Established Funds in the First Quarter of FY 2025/26**

S/No.	Name of the Fund	Year Established	Approved Budget Allocation in FY 2025/26 (Kshs.)	Exchequer Issues in First Quarter of FY 2025/26 (Kshs.)	Actual Expenditure in the First Quarter of FY 2025/26 (Kshs.)	Cumulative disbursements to the Fund (Kshs)	Submission of Financial Statements (Yes/No.)
<b>Tharaka Nithi County Executive Established Funds</b>

	<b>Total</b>		<b>262,000,000</b>	<b>8,915,619</b>	<b>8,915,619</b>	<b>195,843,205</b>	

*Source: Tharaka Nithi County Treasury*

During the reporting period, the CoB did not receive quarterly financial reports from one Fund Administrator, as indicated in Table 3.473, contrary to the requirement of Section 168 of the PFM Act, 2012. Regulation 197(1) (d) of the Public Finance Management (County Governments) Regulations, 2015 sets the ceiling of administration costs of established funds at 3 per cent of the fund budget. For the funds whose financial statements were received by the Controller of Budget, the administrative cost ceilings were not breached.

Regulation 197(1)(i) of the Public Finance Management (County Governments) Regulations, 2015, allows County Governments to establish public funds with a lifespan capped at 10 years unless extended by the County Assembly. In FY 2025/26, the CoB established that the lifespan of the funds had not elapsed.

### **3.41.13 County Corporations**

The County has one corporation, i.e Nithi Water and Sanitation Company (NIWASCO), that does not receive budgetary allocation from the County Budget.

### **3.41.14 Expenditure on Domestic and Foreign Travel**

Expenditure on domestic travel amounted to Kshs.14.22 million and comprised Kshs.11.65 million spent by the County Assembly and Kshs.2.57 million by the County Executive. Expenditure on foreign travel amounted to Kshs.0.75 million and comprised Kshs.0.75 million by the County Assembly. The County Executive did not incur any expenses for foreign travel. Expenditure on foreign travel is summarised in Table 3.474.

**Table 3.474: Summary of Expenditure on Foreign Travel in the First Quarter of FY 2025/26**

Arm of County Government	Number of Officers Travelled	Date travelled	Purpose of the travel	Destination	Total Costs of the Travel in (Kshs.)
County Assembly Executive	1	1 <sup>st</sup> July to 10 <sup>th</sup> July 2025	Leadership and management training	London UK	751,400.00
<b>Total</b>					<b>751,400.00</b>

*Source: Tharaka Nithi County Treasury and Tharaka Nithi County Assembly*

### **3.41.15 Facility Improvement Financing**

During the review period, the County reported collections of Kshs.43.85 million as FIF, which was 14 per cent of the annual target of Kshs.305.00 million. The collected amount was retained and utilised at source in line with the Facility Improvement Financing Act, 2023. The County has, however, not developed regulations to operationalise the FIF Act of 2023.

The expenditure by the health facilities amounted to Kshs.89.51 million, as shown in Table 3.475.

**Table 3.475: Tharaka Nithi County Health Facilities Expenditure Performance in FY 2025/26**

No.	Health Facility	Number of Facilities	Approved Budget (Kshs.)	Actual Expenditure (Kshs.)	Absorption rate (%)
1.	Level 5 Hospital	1 - Chuka	100,700,000	32,389,409	32
2.	Level 4 Hospital	2 – Marimanti & Magutuni	42,150,000	3,599,720	12
3.	Level 3 Facility	16	24,915,600	6,547,000	25

	<b>Total</b>	117	<b>297,015,600</b>	<b>89,507,645</b>	<b>30</b>

*Source: Tharaka Nithi County Treasury*

### **3.41.16 Development Expenditure**

In the review period, the County reported spending Kshs.64.86 million on development programmes, representing an increase of 141 per cent compared to FY 2024/25, when the County spent Kshs.26.95 million. Table 3.476 summarises the development projects with the highest expenditure in the reporting period.

The increase in development expenditure was attributed to existence of a reasonable amount funds from one of the conditional grants rolled over from the previous financial year

**Table 3.476: Tharaka Nithi County, List of Development Projects with the Highest Expenditure**

No.	Sector	Project Name	Project Location	Expected Completion Date	Contract sum (Kshs)	Amount paid in FY 2025/26 (Kshs.)	Cumulative Expenditure as of 30 September 2025	Implementation status (%)
County Funded Projects

Source: Tharaka Nithi County Treasury

Analysis of expenditure by departments shows that the Department of Roads, Infrastructure, Public Works and Urban Development recorded the highest absorption rate of development budget at 10 per cent, followed by the Department of Environment, Mining & Natural Resources at 4 per cent. The Department of Medical Services had the highest percentage of recurrent expenditure to budget at 25 per cent, while six departments had not recorded any expenditure as at the end of the reporting period. Generally, the first quarter of the financial year always record low absorption rates because of issues such as delayed equitable disbursements, delays in uploading the budget, delays in procurement.

### 3.41.18 Budget Execution by Programmes and Sub-Programmes

The development sub-programmes with the highest levels of budget implementation, based on absorption rates, were: Rural Roads Improvement and Maintenance Services in the Department of Roads, Infrastructure, Public Works and Urban Development at 7 per cent and Climate Change in the Department of Environment, Mining and Natural Resources at 4 per cent. Conversely, the recurrent sub-programmes with the highest levels of budget implementation, based on absorption rates, were: Human Resource Management in the Department of Medical Services at 33 per cent, 'Oversight' in the County Assembly at 15 per cent, 'Coordination' in the County Assembly at 13 per cent and 'legislation' in the County Assembly at 9 per cent of the budget allocation.

### 3.41.19 Accounts Operated in Commercial Banks

Regulation 82(1)(b) of the PFM (County Governments) Regulations, 2015, requires that County Government bank accounts be opened and maintained at the Central Bank of Kenya. The only exemption is for imprest bank accounts for petty cash and revenue collection bank accounts.

Further, Regulation 82(4) of the Public Finance Management (PFM) Act requires accounting officers to obtain written authorisation from the County Treasury before opening a commercial bank account. Additionally, Regulation 82(5) of the Public Finance Management (County Governments) Regulations, 2015, requires the County Treasury to submit a copy of the letter authorising an accounting officer to open a commercial bank account to the Controller of Budget.

The County Government operated 16 accounts in commercial banks, including 5 accounts for Health Facilities (4 for specific health facilities and one acting as the central account for FIF), 6 accounts for Established Funds, 3 revenue accounts, one account for asset disposals and another one by the County assembly for loan repayments by the members and staff.

The County Treasury did not submit copies of authorisation letters to the Controller of Budget for opening the commercial bank accounts as per Regulation 82(5) of the Public Finance Management (County Governments) Regulations, 2015.

### **3.41.20 Key Observations and Recommendations**

In the course of overseeing and reporting on the implementation of the County budget, the CoB identified the following challenges, which hampered effective budget implementation;

- i. The County Executive Treasury's late submission of financial reports to the Controller of Budget affected the timely preparation of the budget implementation report, which was received piecemeal with the last piece being received on 10<sup>th</sup> November 2025. The office also notes that this the fourth consecutive quarter that this issue of late reporting by the Executive wing of the County has been reported
- ii. The underperformance of own-source revenue at Kshs.82.49 million against an annual target of Kshs.585.00 million, representing 14 per cent of the financial year target against an expected performance of 25 per cent.
- iii. Low development performance in the review period, as the County incurred Kshs.64.86 million on development activities, achieving a 3 per cent absorption rate.
- iv. Fund Administrator of the County Assembly, with its one fund only, failed to submit quarterly financial and non-financial reports to the CoB not just within the timelines provided by law but for the fourth consecutive quarter, completely failed to submit at all. This is against the requirement of Section 168 of the PFM Act, 2012. The report for the Car and Mortgage Fund has never been submitted for the last one year.

The County should implement the following recommendations to improve budget execution:

- i. *The County Treasury should ensure the timely preparation and submission of financial reports to the Office of the Controller of Budget per the timelines prescribed in Section 166 of the PFM Act, 2012.*
- ii. *The County should address its own-source revenue performance to ensure the approved budget is fully financed. Appropriate austerity measures should be implemented to ensure expenditure commitments are aligned with available revenue.*
- iii. *The County should implement strategies to increase development expenditures in FY 2025/26.*
- iv. *The CECMF should follow up to ensure Fund Administrators prepare and submit statutory reports in line with the PFM Act, 2012.*

## **3.42. County Government of Trans Nzoia**

### **3.42.1 Overview of FY 2025/26 Budget**

The Trans Nzoia County Approved Budget for FY 2025/26 is Kshs.9.92 billion. It comprises Kshs.3.67 billion (37 per cent) and Kshs.6.25 billion (63 per cent) allocation for development and recurrent programmes, respectively. The budget estimates represent a decrease of Kshs.537.36 million (5 per cent) from the FY 2024/25 budget, which comprised a development budget of Kshs.4.34 billion and a recurrent budget of Kshs.6.11 billion. The decrease in the budget was primarily attributed to the decline in the balance brought forward and conditional grants.

The budget is to be financed from various revenue sources. These include: the equitable share of revenue raised nationally of Kshs.7.99 billion (81 per cent), additional allocations of Kshs.804.91 million (8 per cent), a cash balance of Kshs.509.49 million (5 per cent) brought forward from FY 2024/25, and Kshs.600.00 million (6 per cent) received as own-source revenue. A breakdown of the additional allocations is shown in Table 3.479.

### 3.42.2 Revenue Performance

During the first Quarter of FY 2025/26, the County received Kshs.1.90 billion in revenue. This amount represented an increase of 36 per cent compared to the amount received in a similar period in FY 2024/25 of Kshs.1.39 billion. The total revenue consisted of Kshs.1.28 billion from the equitable share of revenue raised nationally, additional allocations from the national government and own-source revenue (OSR) collection of Kshs.106.09 million. Additionally, the County had a cash balance of Kshs.509.49 million from FY 2024/25. The total OSR collection of Kshs.106.09 million included Facilities Improvement Financing (FIF) of Kshs.53.92 million, and Kshs.52.17 million from other OSR sources. Table 3.479 summarises the total revenue available to the County Government during FY 2025/26.

**Table 3.479: Trans Nzoia County, Revenue Performance in FY 2025/26**

*Source: Trans Nzoia County Treasury*

The County has governing legislation on the operation of ordinary A-I-A and FIF.

Figure 240 provides a detailed breakdown of Revenue, showing a breakdown of each shilling received.

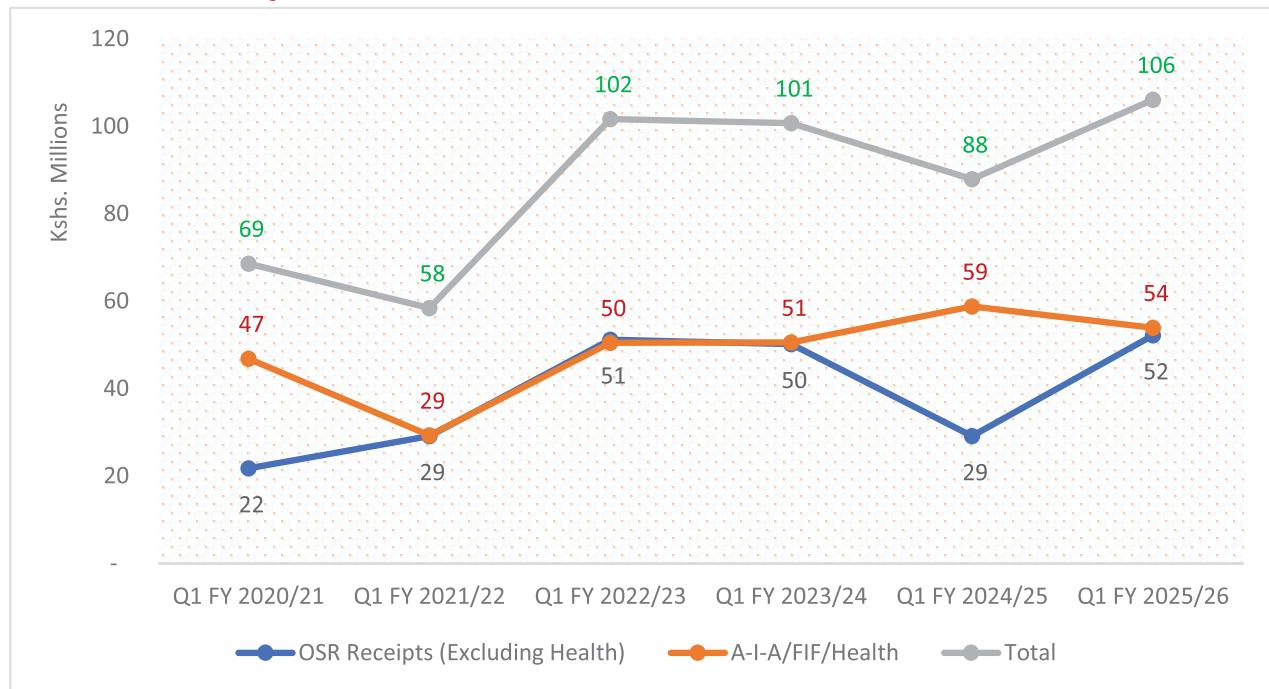

**Figure 240: Trans Nzoia County Composition of Each Shilling Received in the First Quarter of FY 2025/26**

Source: Trans Nzoia County Treasury

The equitable share of revenue raised nationally, balance brought forward, and OSR contributed 67 per cent, 27 per cent and 3 per cent, respectively, of the total revenue for the reporting period. Figure 241 shows the collection trend in own-source revenue from the First Quarter of FY 2020/21 to the First Quarter of FY 2025/26.

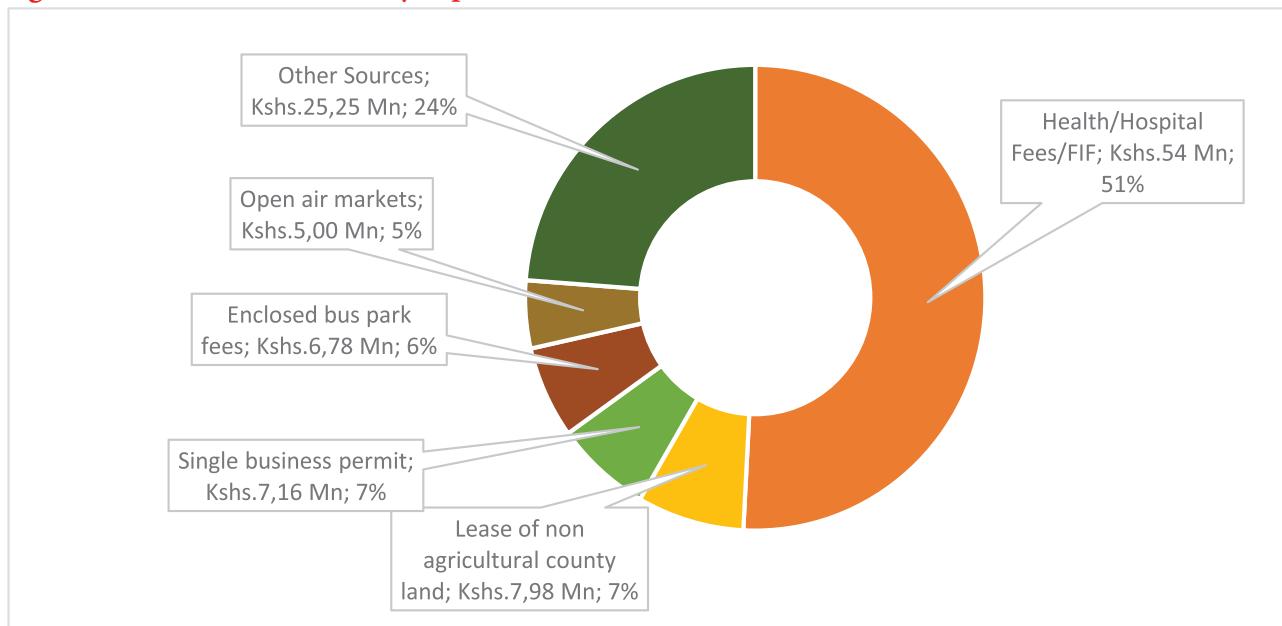

**Figure 241: Trans Nzoia County Trend in Own-Source Revenue Collection from the First Quarter of FY 2020/21 to the First Quarter of FY 2025/26**

Source: Trans Nzoia County Treasury

During the First Quarter of FY 2025/26, the County received Kshs.106.09 million from its revenue sources, including FIF. This amount was an increase of 21 per cent compared to Kshs.87.90 million realised in a similar period in FY 2024/25, and was 18 per cent of the annual target and 8 per cent of the equitable revenue share disbursed. The increase in OSR was attributed to the creation of more revenue streams. The revenue streams which contributed the highest OSR receipts are shown in Figure 242.

**Figure 242: Trans Nzoia County Top Own Source Revenue Streams in the First Quarter of FY 2025/26**

Source: Trans Nzoia County Treasury

As shown in Figure 242, the highest revenue stream, at Kshs.53.92 million, was from Health/Hospital Fees/FIF, accounting for 51 per cent of the total OSR receipts. The County Government indicated that it has automated 37 revenue streams out of 56.

### 3.42.3 Borrowing by the County

There was no borrowing during the reporting period

### 3.42.4 Exchequers Approved

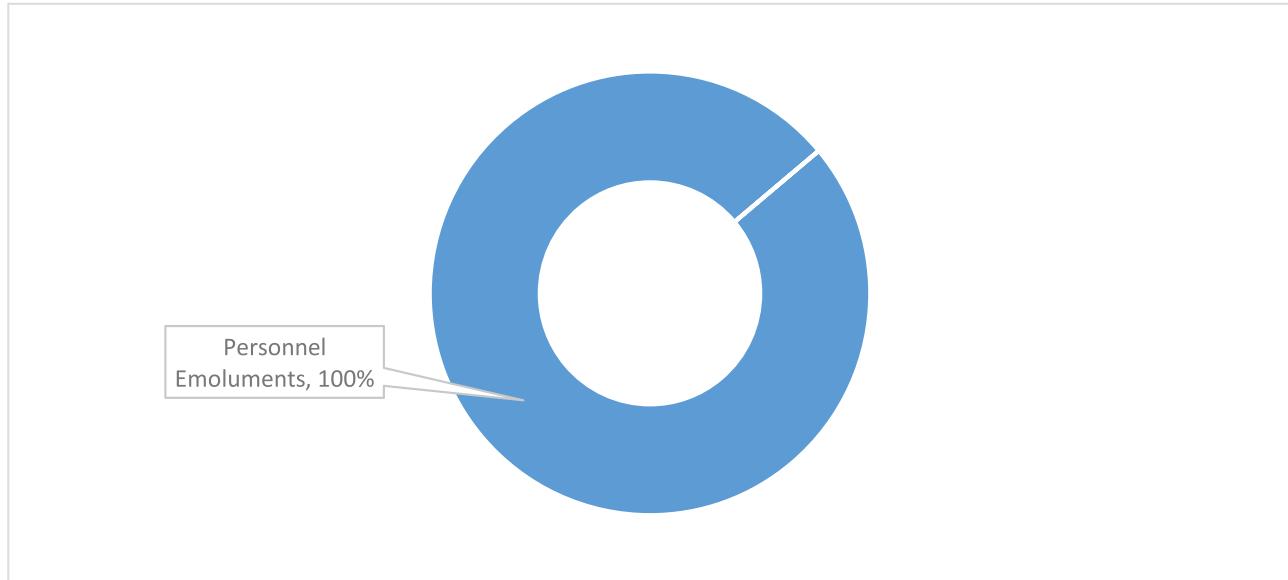

The Controller of Budget approved withdrawals of Kshs.738.45 million from the CRF account during the reporting period, which comprised Kshs.128.82 million (17 per cent) for development programmes and Kshs.609.62 million (83 per cent) for recurrent programmes. Analysis of the recurrent exchequers released indicates that Kshs.575.92 million was towards employee compensation and Kshs.33.70 million for operations and maintenance expenditure.

The operations and maintenance exchequer analysis indicates that there was no domestic travel, and foreign travel, exchequer. As of September 30, 2025, the County Government's cash balance in the CRF account was Kshs.668.26 million.

### 3.42.5 Expenditure Review

The County incurred Kshs.609.62 million on recurrent programmes in the reporting period. The expenditure represented 100 per cent of the total funds released by the CoB. There was no expenditure on development programmes, while recurrent expenditure accounted for 11 per cent of the annual recurrent budget. The following chart provides a detailed breakdown of expenditure, showing the relative composition of each shilling incurred.

**Figure 243: Trans Nzoia County Composition of Each Shilling Paid in the First Quarter of FY 2025/26**

**Source:** Trans Nzoia County Treasury

As shown in Figure 243, the highest expenditure category was Personnel Emoluments Expenditure, accounting for 100 per cent of the total expenditure for the reporting period.

#### 3.42.6 Settlement of Trade Payables

As of 1<sup>st</sup> July 2025, the County reported trade payables totalling Kshs.2.57 billion. This amount included Kshs.2.57 billion from the County Executive, and there were no trade payables from the County Assembly. The trade payables from the County Executive consisted of Kshs.1.08 billion for recurrent expenditures and Kshs.1.49 billion for development expenditures.

During the reporting period, the County Executive did not settle any trade payables. The outstanding trade payables as of 30th September 2025 were Kshs.2.57 billion for County Executive. Table 3.480 provides additional details of Trade Payables.

**Table 3.480: Trans Nzoia County Trade Payables as of 30<sup>th</sup> September 2025**

		County Entity	Development (Kshs.)	Recurrent (Kshs.)	Total (Kshs.)
As at 1 July 2025 (End of FY 2024/25)	a	County Executive	1,486,134,309	1,083,865,221	2,569,999,530

**Source:** Trans Nzoia County Treasury

The County Executive submitted a trade payables payment plan, committing to pay Kshs.2.57 billion, respectively, in the first quarter of FY 2025/26. The County did not adhere to this payment plan. Table 3.481 present the ageing of the total outstanding bills as of 30 September 2025 for the County Executive and Assembly, which were Kshs.2.57 billion.

**Table 3.481: Trans Nzoia County Executive Trade Payables Ageing Analysis as of 30 September 2025**

Category	Ageing analysis (Amount in Kshs.)				Total
	Under one year	1-2 years	2-3 years	Over 3 years

<b>% of Total</b>	<b>27</b>	<b>55</b>	<b>18</b>	-	<b>100</b>

Source: Trans Nzoia County Treasury

The Executive is advised to adhere to the submitted payables payment plan for the remaining period of FY 2025/26, as it did not settle any liabilities in the first quarter.

### 3.42.7 Expenditure by Economic Classification

During the reporting period, the County Executive incurred Kshs.575.92 million for compensation of employees, Kshs.33.70 million for operations and maintenance. Similarly, there was no expenditure by the County Assembly on employee compensation, operations and maintenance, or development activities, as shown in Table 3.482.

**Table 3.482: Trans Nzoia County Summary of Budget and Expenditure by Economic Classification**

Expenditure Classification	Revised Budget (Kshs.)		Expenditure (Kshs.)		Absorption (%)	
	County Executive	County Assembly	County Executive	County Assembly	County Executive	County Assembly
<b>Total Recurrent Expenditure</b>	<b>5,585,864,959</b>	<b>664,759,422</b>	<b>609,621,040</b>	-	<b>11</b>	-

Source: Trans Nzoia County Treasury

### 3.42.8 Expenditure on Compensation of Employees

During the period under review, the expenditure on employee compensation totalled Kshs.575.92 million. The compensation-to-revenue ratio was 30 per cent. This expenditure on employee compensation shows an increase compared to the Kshs.491.31 million reported in a similar period in FY 2024/25. Of this total, Kshs.337.71 million related to the Health Sector employees, accounting for 59 per cent of the overall employees' compensation. There was a 17 per cent increase compared to the previous period due to the recruitment of revenue officers.

Figure 244 shows the trend in employees' compensation as a percentage of total revenue from the First Quarter of FY 2020/21 to the First Quarter of FY 2025/26.

**Figure 244: Percentage of Employee Compensation to Total Revenue Received from the First Quarter of FY 2020/21 to the First Quarter of FY 2025/26**

Source: Trans Nzoia County Treasury

Figure 244 indicates that the Executive allocated 30 per cent of the revenue in the first three months of FY 2025/26 for employee compensation, while the Assembly reported no non-expenditure during the review period.

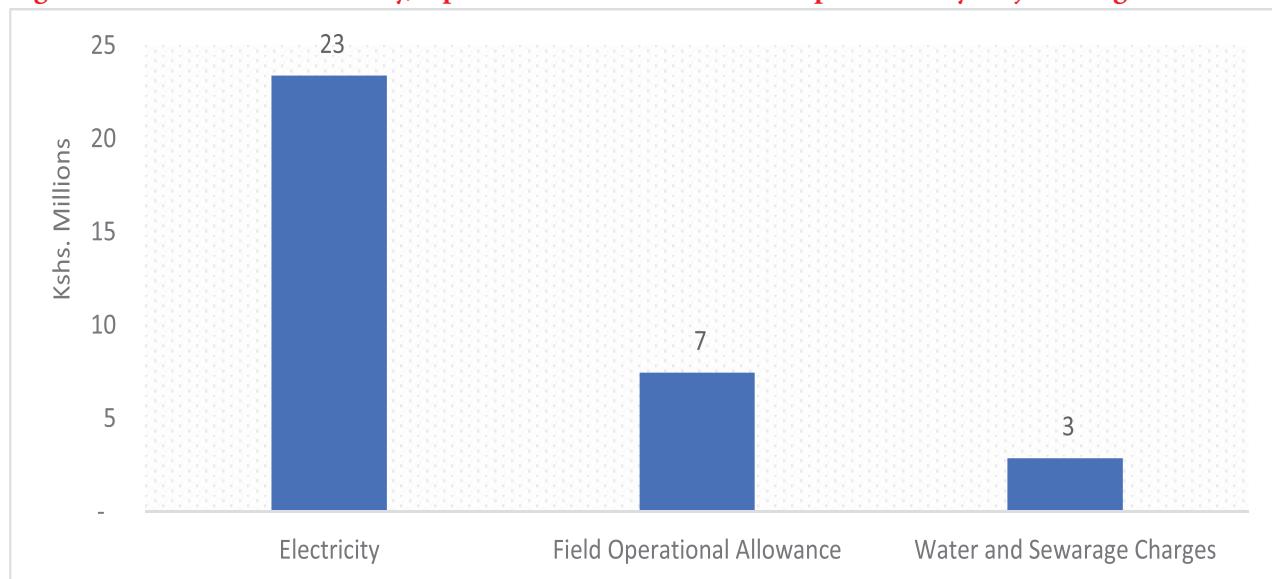

Further analysis indicated that all PE costs amounted to Kshs.575.92 million were processed through the Human Resource Information System (HRIS).

The County Assembly reported nil expenditure on committee sitting allowances for the 33 MCAs against the annual budget allocation of Kshs.42.43 million. The County Assembly has 22 House Committees.

#### 1.1.4 Expenditure on Operations and Maintenance

During the reporting period, the County incurred Kshs.33.70 million on operations and maintenance, representing a decrease of 41 per cent compared to FY 2024/25, when the County incurred Kshs.57.06 million. Figure 245 summarises the Operations and Maintenance expenditure by major categories.

**Figure 245: Trans Nzoia County, Operations and Maintenance Expenditure by Major Categories**

Source: Trans Nzoia County Treasury

### 1.1.5 County-Established Funds

Section 116 of the PFM Act 2012 allows County Governments to establish other public funds, subject to approval from the County Executive Committee and the County Assembly. The County allocated Kshs.80.00 million to County-Established funds in FY 2025/26, or 1 per cent of the County's overall budget. Further, the County allocated Kshs.40.00 million to the Emergency Fund (less than one per cent of the total budget) in line with Section 110 of the PFM Act, 2012. Table 3.483 summarises each established Fund's budget allocation and performance during the reporting period.

**Table 3.483: Performance of Trans Nzoia County Established Funds in the First Quarter of FY 2025/26**

S/No.	Name of the Fund	Year Established	Approved Budget Allocation in FY 2025/26 (Kshs.)	Exchequer Issues in First Quarter of FY 2025/26 (Kshs.)	Actual Expenditure in the First Quarter of FY 2025/26 (Kshs.)	Cumulative disbursements to the Fund (Kshs)	Submission of Financial Statements (Yes/No.)
	<b>County Executive Established Funds</b>						
1	Car Loan and Mortgage	2018	25,000,000	-	-	-	No
2	Elimu Bursary Fund	2014	15,000,000	-	-	995,451,795	No
3	Nawiri Fund	2015	-	-	-	84,000,000	No
4	Emergency Fund	2016	40,000,000	-	-	-	No
	<b>County Assembly Established Funds</b>

	Total		80,000,000	-	-	1,393,190,007	

**Source:** Trans Nzoia County Treasury.

During the reporting period, the CoB did not receive quarterly financial reports from all Fund Administrators, as indicated in Table 3.483, contrary to the requirement of Section 168 of the PFM Act, 2012.

### 3.42.9 County Corporations

Trans Nzoia County has one corporation that had no allocation for FY 2025/26 as shown in Table 3.484.

**Table 3.484: Performance of Trans Nzoia County Corporations in the First Quarter of FY 2025/26**

S/No.	Name of the Corporation	Approved Budget Allocation in FY 2025/26 (Kshs.)	Exchequer Issues (Kshs.)	Actual Transfers in FY 2025/26 (Kshs.)	Cumulative Transfers to the Corporation since its inception (Kshs.)

	Total	-	-	-	14,500,000

**Source:** Trans Nzoia County Treasury

### 3.42.10 Expenditure on Domestic and Foreign Travel

There was no expenditure on domestic or foreign travel during the reporting period.

### 3.42.11 Facility Improvement Financing

During the review period, the County reported collections of Kshs.52.93 million as FIF, which was 20 per cent of the annual target of Kshs.275.03 million. The collected amount was retained and utilised at source in line with the Facility Improvement Financing Act, 2023. The County has developed regulations to operationalise the FIF Act of 2023.

### 3.42.12 Development Expenditure

In the review period, the County reported nil expenditure on development programmes, representing a decrease of 100 per cent compared to FY 2024/25, when the County spent Kshs.304.18 million. The decline in development expenditure was attributed to a delay in budget approval.

The County reported One stalled development project as of 30 September 2025, with an estimated value of Kshs.874 million, of which Kshs.794.52 million has already been paid. The stalled projects are shown in Table 3.485.

**Table 3.485: Trans Nzoia County Stalled Projects as of 30 September 2025**

Project Name	Project Location	Estimated Value of the Project (Kshs.)	Amount Paid on the stalled project	Outstanding Balance as of 30 September 2025	Percentage of Completion Before Stalling of the Project	Reason for Project Stalling
Completion of Kitale Business Centre	Matisi Ward	874,000,000	794,520,064	300,000,000	97	Court arbitration

Source: Trans Nzoia County Treasury

Analysis of expenditure by departments shows that the Department of Water, Environment and Natural Resources had the highest percentage of recurrent expenditure to budget at 19 per cent, while the Department of Economic Planning had the lowest at 0 per cent.

### **3.42.14 Budget Execution by Programmes and Sub-Programmes**

The recurrent sub-programmes with the highest levels of budget implementation, based on absorption rates, were: Administrative and Support Services in the Department of Water, Environment and Natural Resources at 19 per cent, Administrative and Support Services in the Department of Health Corporate at 13 per cent, Administrative and Support Services in the Department of Public Works at 12 per cent, and Administrative and Support Services at 11 per cent of the budget allocation. No development expenditures were reported by any programmes during the review period.

### **3.42.15 Accounts Operated in Commercial Banks**

Regulation 82(1)(b) of the PFM (County Governments) Regulations, 2015, requires that County Government bank accounts be opened and maintained at the Central Bank of Kenya. The only exemption is for imprest bank accounts for petty cash and revenue collection bank accounts.

Further, Regulation 82(4) of the Public Finance Management (PFM) Act requires accounting officers to obtain written authorisation from the County Treasury before opening a commercial bank account. Additionally, Regulation 82(5) of the Public Finance Management (County Governments) Regulations, 2015, requires the County Treasury to submit a copy of the letter authorising an accounting officer to open a commercial bank account to the Controller of Budget.

The County Government operated 135 accounts in commercial banks, including 83 accounts for Health Facilities, 32 accounts for Vocational Training Centres, seven accounts for Established Funds, three revenue accounts, and six special-purpose accounts (additional allocations).

The County Treasury did not submit copies of authorisation letters to the Controller of Budget for opening all commercial bank accounts as per Regulation 82(5) of the Public Finance Management (County Governments) Regulations, 2015.

### **3.42.16 Key Observations and Recommendations**

In the course of overseeing and reporting on the implementation of the County budget, the CoB identified the following challenges, which hampered effective budget implementation;

- i. The County Treasury's late submission of financial reports to the Controller of Budget affected the timely preparation of the budget implementation report, which was received on 29 October 2025.
- ii. The underperformance of own-source revenue at Kshs.106.09 million against an annual target of Kshs.600 million, representing 18 per cent of the financial year target.
- iii. The nil development performance in the review period, as the County incurred nil expenditure.
- iv. Fund Administrators failed to submit quarterly financial and non-financial reports to the CoB within the timelines provided by law, which is against the requirement of Section 168 of the PFM Act, 2012. The reports for all funds were not submitted to the CoB as of October 15, 2025.
- v. High level of trade payables, which amounted to Kshs.2.57 billion as of 30 September 2025. Further, there was non-adherence to the payment plan for the trade payables by the County Treasury.
- vi. Non-submission of copies of authorisation letters for opening commercial bank accounts as per Regulation 82(5) of the Public Finance Management (County Governments) Regulations, 2015.

The County should implement the following recommendations to improve budget execution:

- (i) *The County Treasury should ensure the timely preparation and submission of financial reports to the Office of the Controller of Budget per the timelines prescribed in Section 166 of the PFM Act, 2012.*
- (ii) *The County should address its own-source revenue performance to ensure the approved budget is fully financed. Appropriate austerity measures should be implemented to ensure expenditure commitments are aligned with available revenue.*
- (iii) *The County should implement strategies to increase development expenditures in FY 2025/26.*
- (iv) *The CECMF should follow up to ensure Fund Administrators prepare and submit statutory reports in line with the PFM Act, 2012.*

- (v) *The County Leadership should address the situation of trade payables to ensure that genuine bills are paid promptly in the remaining financial year. Further, compliance with the trade payables Action Plan should be enforced.*
- (vi) *The County Treasury should ensure it submits copies of authorisation letters to OCoB for opening commercial bank accounts to enhance accountability and oversight.*

### **3.43. County Government of Turkana**

#### **3.43.1 Overview of FY 2025/26 Budget**

The Turkana County Approved Budget for FY 2025/26 is Kshs.17.56 billion. It comprises Kshs.6.44 billion (37 per cent) and Kshs.11.12 billion (63 per cent) allocation for development and recurrent programmes, respectively. The budget estimates represent an increase of Kshs.346.22 million (2 per cent) from the FY 2024/25 budget, which comprised a development budget of Kshs.6.64 billion and a recurrent budget of Kshs.10.57 billion.

The budget is to be financed from various revenue sources. These include: the equitable share of revenue raised nationally of Kshs.13.1 billion (79 per cent), additional allocations of Kshs.3.09 million (18 per cent), a cash balance of Kshs.285.60 million (2 per cent) brought forward from FY 2024/25, and Kshs.380 million (2 per cent) to be received as own-source revenue. A breakdown of the additional allocations is shown in Table 3.487.

#### **3.43.2 Revenue Performance**

During the first Quarter of FY 2025/26, the County received Kshs.3.82 billion in revenue. This amount represented an increase of 61 per cent compared to the amount received in a similar period in FY 2024/25 of Kshs.2.37 billion. The total revenue consisted of Kshs.2.23 billion from the equitable share of revenue raised nationally, own-source revenue (OSR) collection of Kshs.43.69 million. Additionally, the County had a cash balance of Kshs.1.26 billion from FY 2024/25. The total OSR collection of Kshs.43.69 million included Facilities Improvement Financing (FIF) of Kshs.14.17 million, and Kshs.29.51 million from other OSR sources. Table 3.487 summarises the total revenue available to the County Government during FY 2025/26.

**Table 3.487: Turkana County, Revenue Performance in FY 2025/26**

Source: Turkana County Treasury

The County does not have governing legislation on the operation of ordinary A-I-A and FIF; instead, it uses national legislation. Figure 246 provides a detailed breakdown of receipts, showing a breakdown of each shilling received.

**Figure 246: Turkana County Composition of Each Shilling Received in the First Quarter of FY 2025/26**

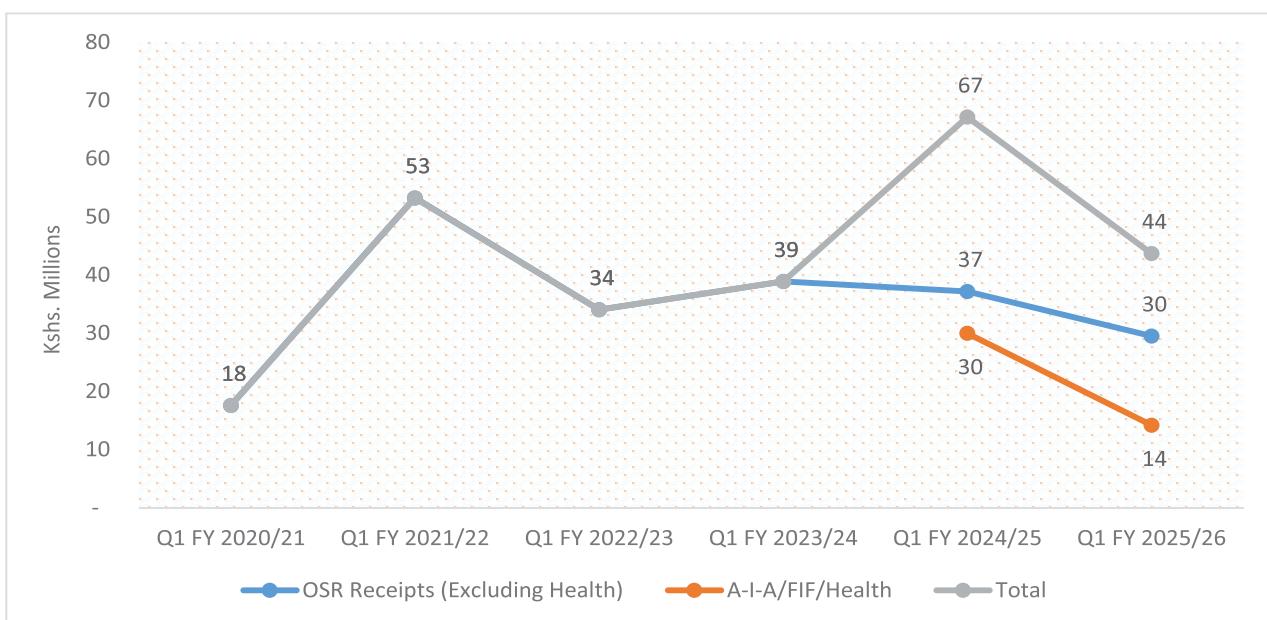

*Source: Turkana County Treasury*

The equitable share of revenue raised nationally, balance brought forward, additional allocations, and OSR contributed 59 per cent, 33 per cent, 8 per cent, and 1 per cent, respectively, of the total receipts for the reporting period.

Figure 247 shows the collection trend in own-source revenue from the First Quarter of FY 2020/21 to the First Quarter of FY 2025/26.

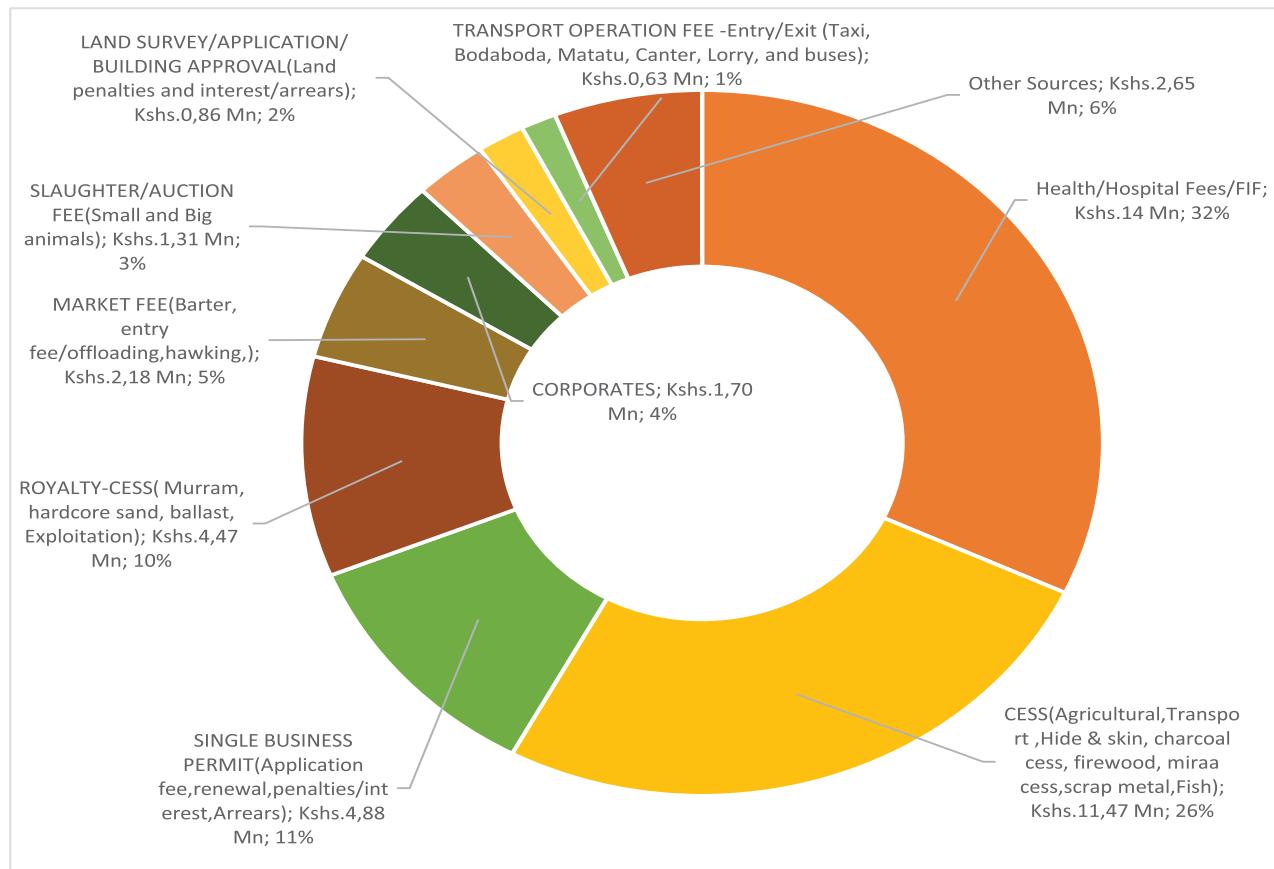

**Figure 247: Turkana County Trend in Own-Source Revenue Collection from the First Quarter of FY 2020/21 to the First Quarter of FY 2025/26**

*Source: Turkana County Treasury*

During the First Quarter of FY 2025/26, the County received Kshs.29.51 million from its revenue sources, including FIF. This amount was a decrease of 56 per cent compared to Kshs.67.13 million realised in a similar period in FY 2024/25, and was 13 per cent of the annual target and 1 per cent of the equitable revenue share disbursed. The decrease in OSR was attributed to slow economic activity in major towns within the County. The revenue streams which contributed the highest OSR receipts are shown in Figure 248.

**Figure 248: Turkana County Top Own Source Revenue Streams in the First Quarter of FY 2025/26**

Source: Turkana County Treasury

As shown in Figure 248, the highest revenue stream, at Kshs.14. million, was from FIF, accounting for 32 per cent of the total OSR receipts. The County Government indicated that it has automated 20 out of 22 revenue streams.

### 3.43.3 Revenue Arrears

As of 1<sup>st</sup> July 2025, the County reported that there were no revenue arrears in the review period.

### 3.43.4 Borrowing by the County

Turkana County Executive and Assembly have reported that they do not have a credit facility with any bank(s).

### 3.43.5 Exchequers Approved

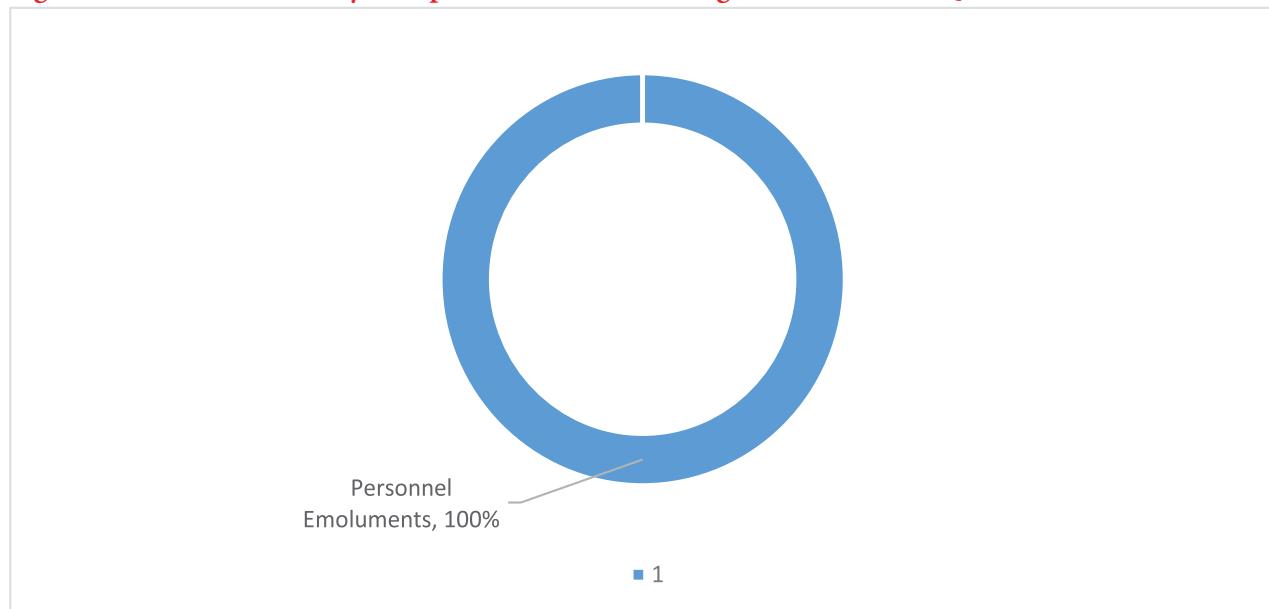

The Controller of Budget approved withdrawals of Kshs.923.77 million from the CRF account during the reporting period, which was entirely for recurrent programmes. Analysis of the recurrent exchequers released indicates that the entire amount was towards employee compensation for the County Executive. As of September 30, 2025, the County Government's cash balance in the CRF account was Kshs.1.29 billion.

### 3.43.6 Expenditure Review

The County spent Kshs.923.77 million on development and recurrent programmes in the reporting period. The expenditure represented 100 per cent of the total funds released by the CoB. It all was spent on recurrent programmes. Expenditure on recurrent expenditure represented 9 per cent of the annual recurrent expenditure budget.

The following chart provides a detailed breakdown of expenditure, showing relative composition of each shilling spent.

**Figure 249: Turkana County Composition of Each Shilling Paid in the First Quarter of FY 2025/26**

**Source:** Turkana County Treasury

As shown in Figure 249, the only expenditure was on personnel emoluments for the reporting period.

### 3.43.7 Settlement of Trade Payables

As of 1<sup>st</sup> July 2025, the County reported trade payables totalling Kshs.721.55 million. This amount included Kshs.571.03 million from the County Executive and Kshs.150.52 million from the County Assembly. The trade payables from the County Executive consisted of Kshs.128.37 million for recurrent expenditures and Kshs.442.66 million for development expenditures.

During the reporting period, neither the County Executive nor the County Assembly settled any trade payables. Table 3.488 provides additional details of trade payables.

**Table 3.488: Turkana County Trade Payables as of 30<sup>th</sup> September 2025**

		County Entity	Development (Kshs.)	Recurrent (Kshs.)	Total (Kshs.)
As at 1 July 2025 (End of FY 2024/25)	a	County Executive	442,656,445	128,372,318	571,028,763
		County Assembly	121,460,148	29,064,313	150,524,461
		Total	564,116,593	157,436,631	721,553,224
Outstanding trade payables as of 30 September 2025	e=a-c*b	County Executive	442,656,445	128,372,318	571,028,763
		County Assembly	121,460,148	29,064,313	150,524,461
		Total	564,116,593	157,436,631	721,553,224

**Source:** Turkana County Treasury

The County Executive and the Assembly submitted a trade payables payment plan, committing to pay Kshs.135.25 million and Kshs.62.41 million, respectively, in the first quarter of FY 2025/26. The County **did not adhere** to this payment plan, as it did not settle any outstanding bills.

Table 3.489 and Table 3.490 present the ageing of the total outstanding bills as of 30 September 2025 for the County Executive and Assembly.

**Table 3.489: Turkana County Executive Trade Payables Ageing Analysis as of 30 September 2025**

Category	Ageing analysis (Amount in Kshs.)					Total
	Under one year	1-2 years	2-3 years	Over 3 years

<b>Total Recurrent Trade Payables</b>	0	<b>29,064,313</b>	0	0	<b>29,064,313</b>
<b>Total Trade Payables</b>	0	<b>29,064,313</b>	<b>128,372,318</b>	0	<b>157,436,631</b>
<b>% of Total</b>	%	18%	82%	%	100%

*Source: Turkana County Treasury*

Looking at the tables above, there are still trade payables that are over three years old. In this regard, it is important that the County Government should prioritise paying them on a FIFO basis. Additionally, the trade payables' action plan should be followed to the letter.

### 3.43.8 Expenditure by Economic Classification

During the reporting period, the County Executive incurred Kshs.923.77 million for compensation of employees, as shown in Table 3.491.

**Table 3.491: Turkana County Summary of Budget and Expenditure by Economic Classification**

Expenditure Classification	Revised Budget (Kshs.)		Expenditure (Kshs.)		Absorption (%)	
	County Executive	County Assembly	County Executive	County Assembly	County Executive	County Assembly
<b>Total Recurrent Expenditure</b>	<b>10,658,605,357</b>	<b>883,842,882</b>	<b>973,772,870</b>	0	9	0

*Source: Turkana County Treasury*

### 3.43.9 Expenditure on Compensation of Employees

During the period under review, the expenditure on employee compensation totalled Kshs.973.77 million. The percentage of compensation of employees to revenue was 25 per cent. This expenditure on employee compensation shows a decrease compared to the Kshs.1.01 billion reported in a similar period in FY 2024/25. The County did not provide data on Health Sector employee spending or its share of overall compensation.

The decrease in employee compensation compared to a similar period in FY2024/25 was due to the County only paying for two months during this review period, compared to three months in a similar period in FY 2024/25. Figure 250 shows the compensation trend of employees' expenditures as a percentage of total revenue received from the First Quarter of FY 2020/21 to the First Quarter of FY 2025/26.

**Figure 250: Percentage of Employee Compensation to Total Revenue Received from the First Quarter of FY 2020/21 to the First Quarter of FY 2025/26**

Source: Turkana County Treasury

As illustrated in Figure 250, the Executive has progressively increased its wage-to-revenue allocation over the years, reaching a peak of 100 per cent in the first quarter of FY 2025/26. This situation restricts funding for other services. In contrast, the Assembly reported no payments in terms of the wage-to-revenue ratio during the same quarter.

Further analysis indicated that PE costs amounting to Kshs.1.45 billion were processed through the Human Resource Information System (HRIS). In contrast, Kshs.53.73million was processed through manual payroll, which accounted for 4 per cent of the total PE cost.

During the review period, the County did not provide manual payrolls. The County Assembly did not spend on committee sitting allowances for the 48 MCAs against the annual budget allocation of Kshs.60.37 million. The County Assembly has 21 House Committees.

#### 3.43.10 Expenditure on Operations and Maintenance

During the reporting period, the County did not spent on operations and maintenance, representing a decrease of 100 per cent compared to FY 2024/25, when the County spent Kshs.344.12 million.

#### 3.43.11 County-Established Funds

Section 116 of the PFM Act 2012 allows County Governments to establish other public funds, subject to approval from the County Executive Committee and the County Assembly. The County did not allocate any funds to County-Established funds in FY 2025/26. Further, the County allocated Kshs.100 million to the Emergency Fund (1 per cent of the total budget) in line with Section 110 of the PFM Act, 2012. Table 3.492 summarises each established Fund's budget allocation and performance during the reporting period.

**Table 3.492: Performance of Turkana County Established Funds in the First Quarter of FY 2025/26**

S/No.	Name of the Fund	Year Established	Approved Budget Allocation in FY 2025/26 (Kshs.)	Exchequer Issues in First Quarter of FY 2025/26 (Kshs.)	Actual Expenditure in the First Quarter of FY 2025/26 (Kshs.)	Cumulative disbursements to the Fund (Kshs)	Submission of Financial Statements (Yes/No.)

	<b>Total</b>		<b>1,212,027,000</b>			<b>7,849,135,578</b>	

Source: Turkana County Treasury

During the reporting period, the CoB did not receive quarterly financial reports from 11 Fund Administrators, as indicated in Table 3.492, contrary to the requirement of Section 168 of the PFM Act, 2012.

Regulation 197(1)(i) of the Public Finance Management (County Governments) Regulations, 2015, allows County Governments to establish public funds with a lifespan capped at 10 years unless extended by the County Assembly. In FY 2025/26, the CoB established that the lifespan of **the 5 Funds** had lapsed. Consequently, the CoB did not approve any requests for withdrawals to support the operations of the lapsed funds.

### 3.43.12 County Corporations

The County has two County corporations, which did not receive an allocation in FY 2025/26. They did not have any expenditure for the review period, as shown in Table 3.493.

**Table 3.493: Performance of Turkana County Corporations in the First Quarter of FY 2025/26**

S/No.	Name of the Corporation	Approved Budget Allocation in FY 2025/26 (Kshs.)	Exchequer Issues (Kshs.)	Actual Transfers in FY 2025/26 (Kshs.)	Cumulative Transfers to the Corporation since its inception (Kshs.)
	Turkana County Rural Water Services				5,000,000
	Turkana Urban Water and Sanitation Company Limited				5,000,000
	<b>Total</b>				<b>10,000,000</b>

Source: Turkana County Treasury

### 3.43.13 Expenditure on Domestic and Foreign Travel

The County did not incur expenses on domestic travel during the period under review.

### 3.43.14 Facility Improvement Financing

During the review period, the County reported collections of Kshs.14.17 million as FIF, which was 9 per cent of the annual target of Kshs.159 million. The collected amount was retained and utilised at source in line with the Facility Improvement Financing Act, 2023. The County has, however, not developed regulations to operationalise the FIF Act of 2023.

The expenditure by the health facilities amounted to Kshs.52.91 million, as shown in Table 3.494.

**Table 3.494: Turkana County Health Facilities Expenditure Performance in FY 2025/26**

No.	Health Facility	Number of Facilities	Approved Budget (Kshs.)	Actual Expenditure (Kshs.)	Absorption rate (%)
1.	Level 5 Hospital	1	384,000,000	39,580,036	10
2.	Level 4 Hospital	8	33,980,575	5,231,300	15

4.	Level 2 Facility	115	33,158,938	1,300,000	4
	<b>Total</b>		<b>476,643,813</b>	<b>52,912,136</b>	<b>11</b>

*Source:* Turkana County Treasury

### 3.43.15 Development Expenditure

In the review period, the County reported not spending on development programmes, representing a decrease of 100 per cent compared to FY 2024/25, when the County spent Kshs.320.39 million. The decline in development expenditure was attributed to challenges with the new procurement system being introduced in the current financial year.

The County reported 19 stalled development projects as of 30 September 2025, with an estimated value of Kshs.268.90 million, of which Kshs.106.04 million has already been paid. The stalled projects are shown in Table 3.495.

**Table 3.495: Turkana County Stalled Projects as of 30th September 2025**

Project Name	Project Location	Estimated Value of the Project (Kshs.)	Amount Paid on the stalled project	Outstanding Balance as of 30 September 2025	Percentage of Completion Before Stalling of the Project	Reason for Project Stalling

Source: Turkana County Treasury

The Department of Public Service, Administration. & Disaster Management had the highest percentage of recurrent expenditure to budget at 14 per cent and was the only department that incurred expenditure in the first quarter of FY 2025/26.

### 3.43.17 Budget Execution by Programmes and Sub-Programmes

The recurrent sub-programmes with the highest levels of budget implementation, based on absorption rates, were: General Administration services in the Department of Public Services, Administration and Disaster Management at 100 per cent, General Administration, Planning and Support Service in the Office of the Governor at 35 per cent, General Administration, Planning and Support Services- Liaison Office in the Office of the Governor and General Administration - Economic planning in the Department of Public Services, Administration and Disaster Management both at 27 per cent of the budget allocation. No development expenditures were reported by any programmes during the review period.

### 3.43.18 Accounts Operated in Commercial Banks

Regulation 82(1)(b) of the PFM (County Governments) Regulations, 2015, requires that County Government bank accounts be opened and maintained at the Central Bank of Kenya. The only exemption is for imprest bank accounts for petty cash and revenue collection bank accounts.

Further, Regulation 82(4) of the Public Finance Management (PFM) Act requires accounting officers to obtain written authorisation from the County Treasury before opening a commercial bank account. Additionally, Regulation 82(5) of the Public Finance Management (County Governments) Regulations, 2015, requires the County Treasury to submit a copy of the letter authorising an accounting officer to open a commercial bank account to the Controller of Budget.

The County Government operated 27 accounts with commercial banks, including ten accounts for Established Funds, two revenue accounts, eight special purpose accounts (additional allocations), four imprest accounts, two recurrent operational accounts and one development operational account.

The County Treasury did not submit copies of authorisation letters to the Controller of Budget for opening 26 commercial bank accounts as per Regulation 82(5) of the Public Finance Management (County Governments) Regulations, 2015.

### 3.43.19 Key Observations and Recommendations

In the course of overseeing and reporting on the implementation of the County budget, the CoB identified the following challenges, which hampered effective budget implementation;

- i. The County Treasury's late submission of financial reports to the Controller of Budget affected the timely preparation of the budget implementation report, which was fully received on 10<sup>th</sup> November 2025.

- ii. The underperformance of own-source revenue at Kshs.29.51 million against an annual target of Kshs.221 million, representing 13 per cent of the financial year target.
- iii. Low development performance in the review period as the County did not incur any funds for development activities, achieving a zero per cent absorption rate.
- iv. Regulation 197(1)(i) of the Public Finance Management (County Governments) Regulations, 2015, limits the lifespan of public funds to 10 years unless extended by the County Assembly. As of 30 September 2025, the lifespan of the Turkana County Biashara Fund, Turkana County Education Fund, Youth and Women Fund and the Turkana County Cooperative Enterprise Fund had lapsed, making them ineligible for further withdrawals.
- v. Fund Administrators failed to submit quarterly financial and non-financial reports to the CoB within the timelines provided by law, which is against the requirement of Section 168 of the PFM Act, 2012. The reports for all the funds except the Turkana Education Fund were not submitted to the CoB as of 15 July 2025.
- vi. High level of trade payables, which amounted to Kshs.721.55 million as of 30 September 2025. Further, there was non-adherence to the payment plan for the trade payables by the County Treasury.
- vii. Use of manual payroll. Personnel emoluments amounting to Kshs.53.73 million for staff not onboarded into HRIS and casual staff were processed through manual payroll, accounting for 4 per cent of the total payroll cost. Manual payroll is prone to abuse and may result in the loss of public funds.
- viii. Non-submission of copies of authorisation letters for opening commercial bank accounts as per Regulation 82(5) of the Public Finance Management (County Governments) Regulations, 2015.
- ix. There was poor mapping of programs on IFMIS, leading to an incomprehensible understanding of the performance in the review period.
- x. The County has stalled projects valued at Kshs.268.90 million, with Kshs.106.04 million paid (39 per cent). The reasons for the stalling were not provided, but it implies delays in achieving objectives and potential loss of value for money.

The County should implement the following recommendations to improve budget execution:

- i. *The County Treasury should ensure the timely preparation and submission of financial reports to the Office of the Controller of Budget per the timelines prescribed in Section 166 of the PFM Act, 2012.*
- ii. *The County should address its own-source revenue performance to ensure the approved budget is fully financed. Appropriate austerity measures should be implemented to ensure expenditure commitments are aligned with available revenue.*
- iii. *The County should implement strategies to increase development expenditures in FY 2025/26.*
- iv. *The County should ensure timely review and extension of public funds whose lifespan is nearing expiration to prevent operational disruptions. Additionally, any expenditure from lapsed funds should cease immediately, and legal mechanisms should be followed to re-establish or wind up such funds in compliance with the Public Finance Management Act.*
- v. *The CECMF should follow up to ensure Fund Administrators prepare and submit statutory reports in line with the PFM Act, 2012.*
- vi. *The County Leadership should address the situation of trade payables to ensure that genuine bills are paid promptly in the remaining financial year. Further, compliance with the Trade Payables Action Plan should be enforced.*
- vii. *The Government requires that salaries be processed through the HRIS system, and the County is advised to fast-track the acquisition of Unified Personnel Numbers for their staff. The County Public Service Board should regulate staff engagement on contract and casual workers as provided under Section 74 of the County Governments Act 2012. Furthermore, strict adherence to the approved staff establishment should be maintained.*
- viii. *The County Treasury should ensure it submits copies of authorisation letters to OCoB for opening commercial bank accounts to enhance accountability and oversight.*
- ix. *The County Treasury should adhere to having the approved budget on IFMIS reflect the true position.*
- x. *The County Executive should prioritise and fast-track feasible stalled projects in the budget, ensuring they are monitored for completion. Additionally, enhancing cash flow forecasting and commitment controls is essential to start projects only with secured funding, along with maintaining a register for multi-year obligations to align projects with the budget.*

## 3.44. County Government of Uasin Gishu

### 3.44.1 Overview of FY 2025/26 Budget

The Uasin Gishu County Approved Budget for FY 2025/26 is Kshs.10.18 billion. It comprises Kshs.3.04 billion (30 per cent) and Kshs.7.13 billion (70 per cent) allocation for development and recurrent programmes, respectively. The budget estimates represent a decrease of Kshs.5.0 billion (33 per cent) from the FY 2024/25 budget, which comprised a development budget of Kshs.6.36 billion and a recurrent budget of Kshs.8.80 billion. The decrease in the budget was primarily attributed to the exclusion of opening balances and also conditional funds from the budget.

The budget is to be financed from various revenue sources. These include the equitable share of revenue raised nationally, amounting to Kshs.8.81 billion (87.2 per cent and Kshs.1.3 billion (12.8 per cent) generated as own-source revenue. A breakdown of the additional allocations is shown in Table 3.497.

### 3.44.2 Revenue Performance

During the first Quarter of FY 2025/26, the County received Kshs.2.33 billion in revenue. This amount represented a decrease of 11 per cent compared to the amount received in a similar period in FY 2024/25 of Kshs.147.24 million. The total revenue consisted of Kshs.2.20 billion from the equitable share of revenue raised nationally, as well as the own-source revenue (OSR) collection of Kshs.131.57 million. The County did not have a cash balance from FY 2024/25. The total OSR collection of Kshs.131.57 million included Facilities Improvement Financing (FIF) of Kshs.5.91 million and Ksh.125 million from other OSR. Table 3.497 summarises the total revenue available to the County Government during FY 2025/26.

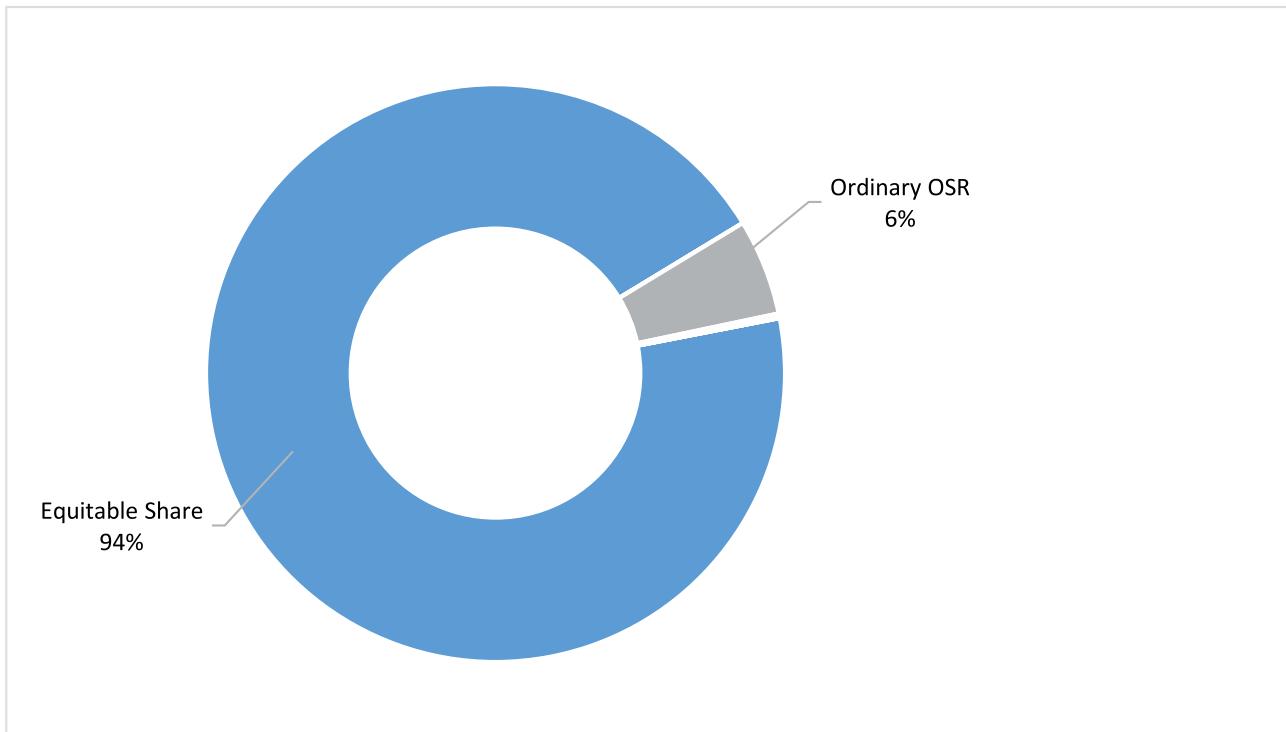

**Table 3.497: Uasin Gishu County, Revenue Performance in FY 2025/26**

Category	Annual Budget Allocation (Kshs)	Actual Revenue (Kshs)	Performance (%)

Figure 251 provides a detailed breakdown of revenue, showing the amount received for each shilling.

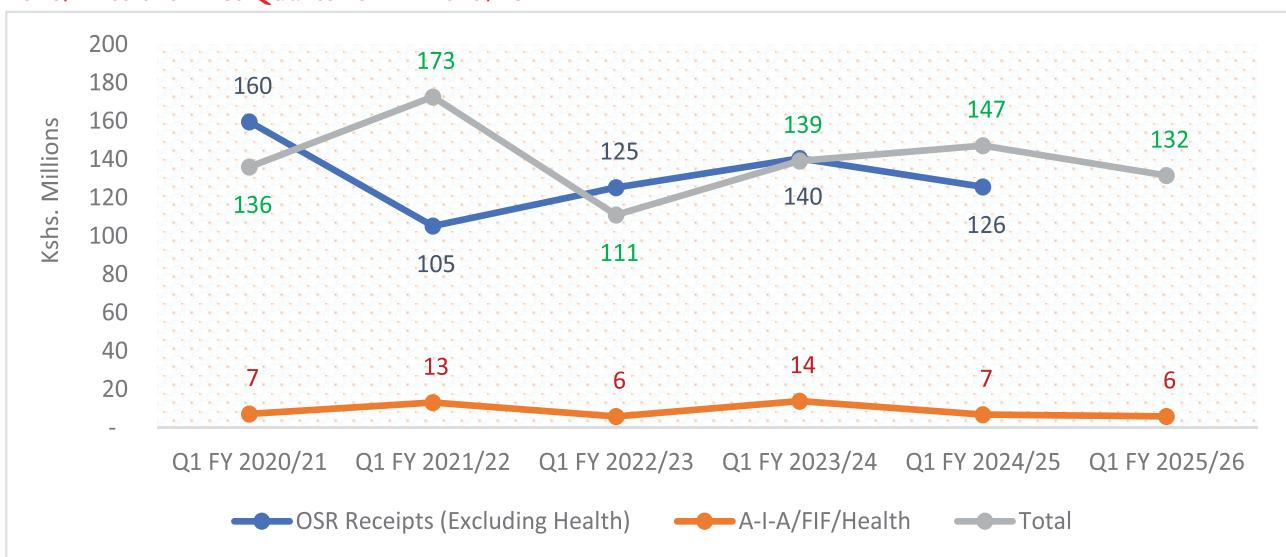

**Figure 251: Uasin Gishu County Composition of Each Shilling Received in the First Quarter of FY 2025/26**

*Source: Uasin Gishu County Treasury*

The equitable share of revenue raised nationally and OSR contributed 94 per cent and 6 per cent respectively of the total revenue for the reporting period. Figure 252 shows the collection trend in own-source revenue from the First Quarter of FY 2020/21 to the First Quarter of FY 2025/26.

**Figure 252: Uasin Gishu County Trend in Own-Source Revenue Collection from the First Quarter of FY 2020/21 to the First Quarter of FY 2025/26**

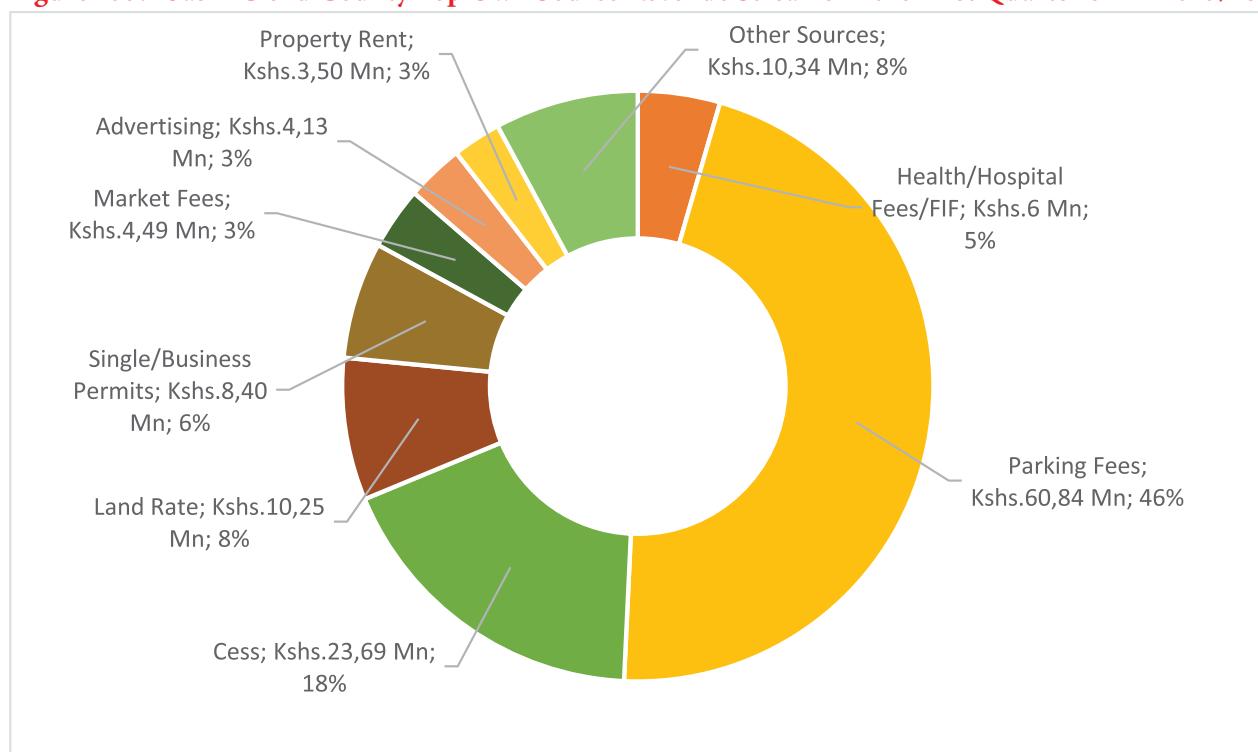

*Source: Uasin Gishu County Treasury*

During the First Quarter of FY 2025/26, the County received Kshs.131.57 million from its revenue sources, including FIF. This amount was a decrease of 11 per cent compared to Kshs.147.24 million realised in a similar period in FY 2024/25, and was 10 per cent of the annual target and 6 per cent of the equitable revenue share disbursed.

The revenue streams which contributed the highest OSR revenue are shown in Figure 253.

**Figure 253: Uasin Gishu County Top Own Source Revenue Streams in the First Quarter of FY 2025/26**

Source: Uasin Gishu County Treasury

As shown in Figure 253, the highest revenue stream, at Kshs.60.84 million, was from Parking fees, accounting for 46 per cent of the total OSR revenue. The County Government indicated that it has automated 37 out of 57 revenue streams.

### 3.44.3 Revenue Arrears

As of 1<sup>st</sup> July 2025, the County reported revenue arrears of Kshs.2.3 billion; this amount remained constant as of 30<sup>th</sup> September 2025. Table 3.498 presents a breakdown of the County's revenue arrears.

**Table 3.498: Uasin Gishu County Revenue Arrears as of 30 September 2025**

No	Revenue Stream	Revenue Arrears as of 1 July 2025 (Kshs.)	Progress made in FY 2025/26			Revenue Arrears as of 30 September 2025 (Kshs.)
			Waivers (Kshs)	Arrears received in the financial year (Kshs)	Arrears earned in First Quarter of FY 2025/26 (Kshs)

Total	2,320,045,654	-	-	-	-	2,320,045,654

Source: Uasin Gishu County Treasury

As of 30 September 2025, the revenue arrears totalled to Kshs.2.3 billion.

### 3.44.4 Exchequers Approved

The Controller of Budget approved withdrawals of Kshs.1.48 billion from the CRF account during the reporting period, which comprised Kshs.1.48 billion (100 per cent) for recurrent programmes. Analysis of the recurrent exchequers released indicates that Kshs.1.13 billion was towards employee compensation, and Kshs.366.99 million for operations and maintenance expenditure.

The operations and maintenance exchequer analysis indicate that 2 per cent was for domestic travel. The domestic travel exchequer amounted to Kshs.14.59 million and included Kshs.9.70 million for the County Exec-

utive and Kshs.4.90 million for the County Assembly. The foreign exchequer totalled Kshs.4.50 million for the County Executive.

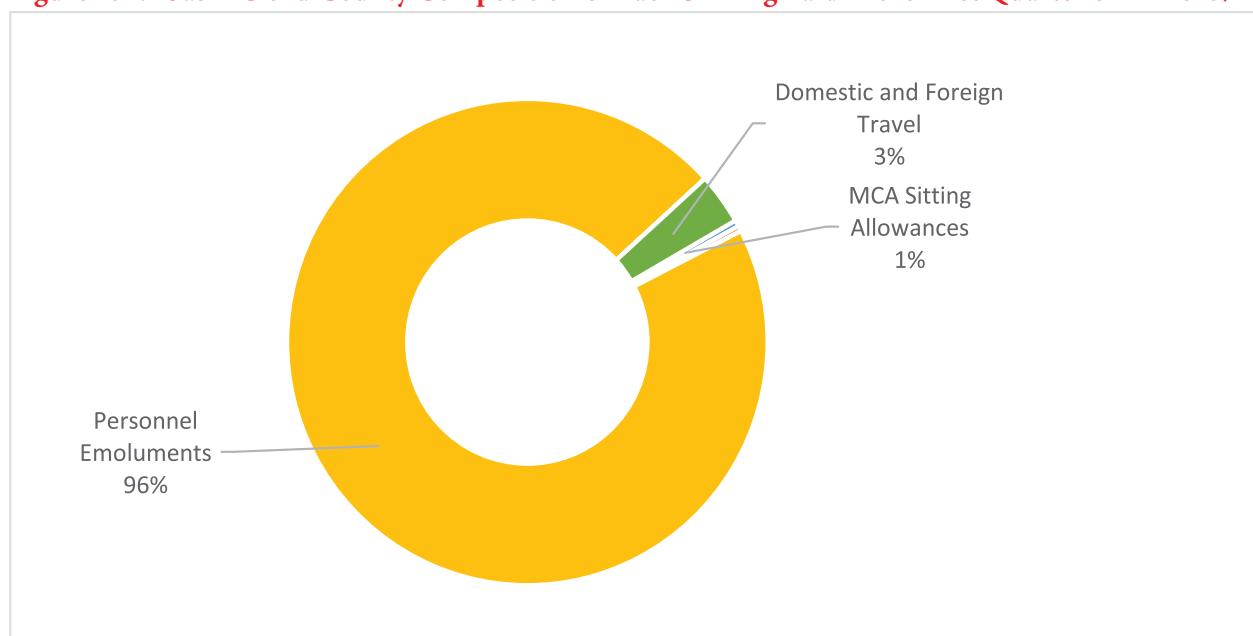

As of September 30, 2025, the County Government's cash balance in the CRF account was Kshs.790.10 million.

#### 3.44.5 Expenditure Review

The County did not incur expenditure on development. However, Kshs.1.42 million was incurred on recurrent programmes in the reporting period. The expenditure represented 93 per cent of the total funds released by the CoB. The expenditure represented 14 per cent of the annual recurrent expenditure budget.

The following chart provides a detailed breakdown of expenditure, showing the relative composition of each shilling spent.

**Figure 254: Uasin Gishu County Composition of Each Shilling Paid in the First Quarter of FY 2025/26**

Source: Uasin County Treasury

As shown in Figure 254, the three highest expenditure categories were personnel emoluments, Domestic and foreign travel, and MCA sitting allowances, contributing 96 per cent, 3 per cent, and 1 per cent of the total expenditure for the reporting period.

#### 3.44.6 Settlement of Trade Payables

As of 1<sup>st</sup> July 2025, the County reported trade payables totalling Kshs.1.55 billion. This amount included Kshs.1.44 billion from the County Executive and Kshs.107.13 million from the County Assembly. The trade payables from the County Executive consisted of Kshs.1.35 billion for recurrent expenditures and Kshs.199.65 million for development expenditures.

During the reporting period, the County Executive and County Assembly did not settle any trade payables. The outstanding trade payables as of 30th September 2025 were Kshs.1.44 billion for the County Executive and Kshs.107.13 million for the County Assembly. Table 3.499 provides additional details of trade payables.

**Table 3.499: Uasin Gishu County Trade Payables as of 30<sup>th</sup> September 2025**

Source: Uasin Gishu County Treasury

The County Executive and the Assembly submitted a trade payables payment plan, committing to pay Kshs.199.56 million and Kshs.107.13 million, respectively, in FY 2025/26. The County did not adhere to this payment plan.

Table 3.500 and Table 3.501 present the ageing of the total outstanding bills as of 30 September 2025 for the County Executive and Assembly, which were Kshs.1.55 billion.

**Table 3.500: Uasin Gishu County Executive Trade Payables Ageing Analysis as of 30 September 2025**

Source: Uasin Gishu County Treasury

Table 3.500 shows that over 60 per cent of the County Executive's trade payables as of September 30, 2025, are two years old or less—54 per cent are under one year, and 16 per cent are between one and two years. The Executive should prioritise clearing older bills based on the first-in, first-out principle, as stated in Regulation 55(1) (b) of the PFM (County Governments) Regulations 2015.

**Table 3.501: Uasin Gishu County Assembly Pending Bill Ageing Analysis as of 30 September 2025**

<b>% of Total</b>	<b>81</b>	<b>7</b>	<b>3</b>	<b>9</b>	<b>100</b>

Source: Uasin Gishu County Treasury

Table 3.501 indicates that 81% of the Assembly's trade payables are due within one year, with 7% aged between one and two years. Efforts should focus on reducing new trade payables, with priority given to settling existing bills.

### 3.44.7 Expenditure by Economic Classification

During the reporting period, the County Executive incurred Kshs 1.07 billion for employee compensation, Kshs 249.07 million for operations and maintenance, and no funds for development activities. Similarly, the County Assembly incurred Kshs.76.93 million on employee compensation, Kshs.20.54 million on operations and maintenance, and no funds were allocated for development activities, as shown in Table 3.502.

**Table 3.502: Uasin Gishu County Summary of Budget and Expenditure by Economic Classification**

Expenditure Classification	Revised Budget (Kshs.)		Expenditure (Kshs.)		Absorption (%)	
	Executive	Assembly	Executive	Assembly	Executive	Assembly
<b>Total Recurrent Expenditure</b>	<b>6,335,238,053.00</b>	<b>762,248,662.00</b>	<b>1,318,308,053.85</b>	<b>97,473,777.00</b>	<b>20.8</b>	<b>12.8</b>

Source: Uasin Gishu County Treasury

### 3.44.8 Expenditure on Compensation of Employees

During the period under review, the expenditure on employee compensation totalled Kshs.1.15 billion. The percentage of compensation of employees to revenue was 49.1 per cent. This expenditure on employee compensation shows a decrease compared to the Kshs.1.19 billion reported in a similar period in FY 2024/25. Of this total, Kshs.554.51million related to the Health Sector employees, which accounted for 48.38 per cent of the overall employees' compensation.

Figure 255 shows the trend in employees' compensation as a percentage of total revenue from the First Quarter of FY 2020/21 to the First Quarter of FY 2025/26.

**Figure 255: Percentage of Employee Compensation to Total Revenue Received from the First Quarter of FY 2020/21 to the First Quarter of FY 2025/26**

Source: Uasin Gishu County Treasury

Figure 255 shows that the Assembly apportioned 43 per cent of their inflows in the first quarter of FY 2025/26 towards compensation of employees while the Executive apportioned 58 per cent. Both entities exceeded the 35 per cent ceiling set by Regulation 25(1)(b) of the PFM (County Governments) Regulations 2015, highlighting that employee compensation was prioritised over other expenditures in the review period.

Further analysis revealed that all PE costs, amounting to Kshs 1.15 billion, were processed through the Human Resource Information System (HRIS). The manual payroll included gratuity remittances to pension schemes for staff on contract, as well as LAPTRUST/LAPFUND Pension Contributions, as shown in Table 3.503.

**Table 3.503: Breakdown of Uasin Gishu County Manual Payroll**

Category	County Executive	County Assembly	Total
Gratuity for contract staff	18,567,275.00		18,567,275.00
1997 Community Health Workers	9,985,000.00		9,985,000.00
<b>Total</b>	<b>28,552,275.00</b>	-	<b>28,552,275.00</b>

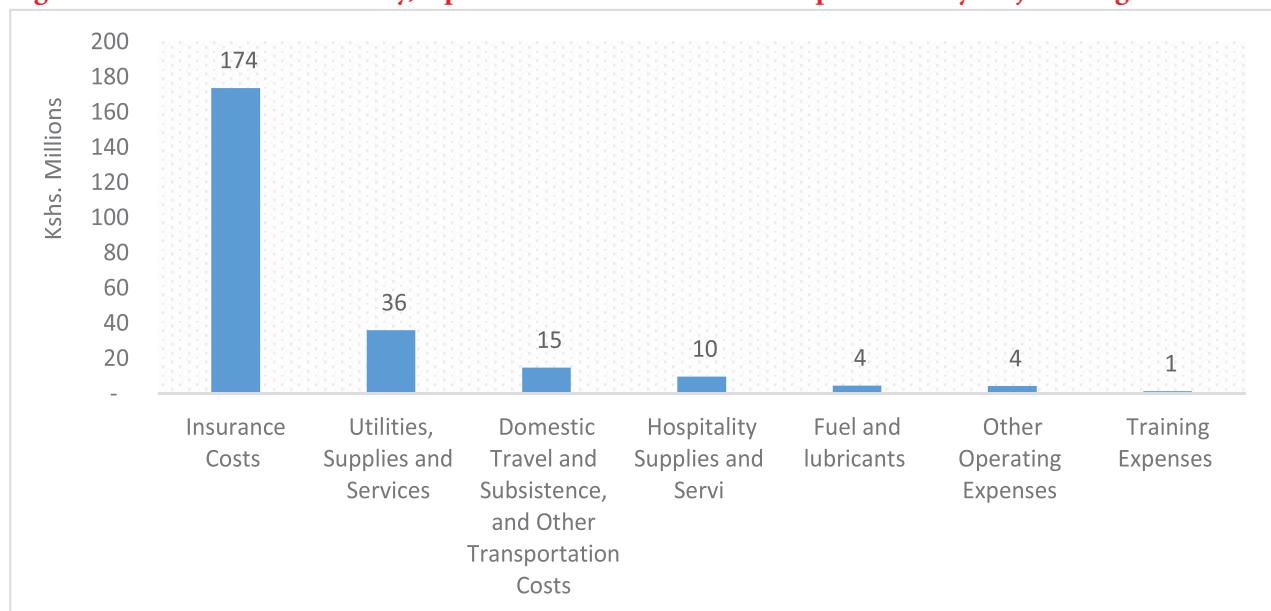

Source: Uasin Gishu County Treasury

The County Assembly incurred Kshs.4.90 million on committee sitting allowances for the 44 MCAs against the annual budget allocation of Kshs.39.92 million. The average monthly sitting allowance was Kshs.111.288 per MCA. The County Assembly has 34 House Committees.

#### 3.44.9 Expenditure on Operations and Maintenance

During the reporting period, the County incurred Kshs.269.62 million on operations and maintenance, representing a decrease of 18.2 per cent compared to FY 2024/25, when the County incurred Kshs.329.5 million. Figure 256 summarises the Operations and Maintenance expenditure by major categories.

**Figure 256: Uasin Gishu County, Operations and Maintenance Expenditure by Major Categories**

Source: Uasin Gishu County Treasury

#### 3.44.10 Unbundling “Other Operating Expenses” Under Operations and Maintenance Expenditures

The budget performance report submitted to the Controller of Budget for the first quarter of FY 2025/26 shows that the County spent Kshs.4.17 million under “other Operating expenses” translates to 1.5 per cent of the cumulative operations and maintenance expenditure of Kshs.269.62 million. The disaggregated items under the “Other Operating Expenses” category were not provided at the time of reporting.

#### 3.44.11 County-Established Funds

Section 116 of the PFM Act 2012 allows County Governments to establish other public funds, subject to approval from the County Executive Committee and the County Assembly. The County allocated Kshs.125.07 million to County-Established funds in FY 2025/26. Table 3.504 summarises each established Fund’s budget allocation and performance during the reporting period.

**Table 3.504: Performance of Uasin Gishu County Established Funds in the First Quarter of FY 2025/26**

S/No.	Name of the Fund	Approved Budget Allocation in FY 2025/26 (Kshs.)	Exchequer Issues in FY 2025/26 (Kshs.)	Actual Expenditure in FY 2025/26(Kshs.)	Cumulative disbursements to the Fund (Kshs)	Submission of Annual Financial Statements (Yes/ No)

	<b>Total</b>	<b>125,070,000</b>	<b>100,000,000</b>	<b>Corporations</b>	<b>14,909,078,589</b>	

**Source:** *Uasin Gishu County Treasury*

During the reporting period, the CoB did not receive quarterly financial reports from Fund Administrators, as indicated in Table 3.504, contrary to the requirement of Section 168 of the PFM Act, 2012. The County did not disclose the administration costs of all the funds.

#### 3.44.12 County Corporations

The County has not established County Corporations.

#### 3.44.13 Expenditure on Domestic and Foreign Travel

Expenditure on domestic travel amounted to Kshs.31.4 million and comprised Kshs.16.81 million incurred by the County Assembly and Kshs.14.59 million by the County Executive. There was no expenditure on foreign travel during the period.

#### 3.44.14 Facility Improvement Financing

During the review period, the County reported collections of Kshs.5.91 million as FIF, the County did not provide the annual target for the FIF in its estimates. The collected amount was retained and utilised at source in line with the Facility Improvement Financing Act, 2023. The expenditure by the health facilities was not provided at the time of reporting.

#### 3.44.15 Development Expenditure

In the review period, the County did not report incurring on development programmes. The County also did not report any stalled development projects as of 30 September 2025. Table 3.505 summarises the approved

budget allocation, expenditure and absorption rate by departments in the period under review.

**Table 3.505: Uasin Gishu County, Budget Allocation and Absorption Rate by Department**

Source: Uasin Gishu County Treasury

Analysis of expenditure by departments shows that the Department of Cooperative and Enterprise Development recorded the highest recurrent budget absorption rate at 42 per cent, followed by the Department of Finance at 35 per cent.

#### **3.44.16 Budget Execution by Programmes and Sub-Programmes**

The recurrent sub-programmes with the highest levels of budget implementation, based on absorption rates, were: Public finance management in the Department of Finance and Economic Planning at 37 per cent, Administration and support services in the Department of Public service management at 35 per cent and Economic Policy Management in the Department of Economic planning at 30 per cent of the budget allocation. No development expenditures were reported by any programmes during the review period.

#### **3.44.17 Accounts Operated in Commercial Banks**

Regulation 82(1)(b) of the PFM (County Governments) Regulations, 2015, requires that County Government bank accounts be opened and maintained at the Central Bank of Kenya. The only exemption is for imprest bank accounts for petty cash and revenue collection bank accounts.

Further, Regulation 82(4) of the Public Finance Management (PFM) Act requires accounting officers to obtain written authorisation from the County Treasury before opening a commercial bank account. Additionally, Regulation 82(5) of the Public Finance Management (County Governments) Regulations, 2015, requires the County Treasury to submit a copy of the letter authorising an accounting officer to open a commercial bank account to the Controller of Budget.

The County Government operated 160 accounts in commercial banks, including 129 accounts for Health Facilities, 4 accounts for Vocational Training Centres, 12 accounts for Established Funds, 8 revenue accounts and 12 special purpose accounts (additional allocations).

The County Treasury had not submitted copies of authorisation letters to the Controller of Budget for opening commercial bank accounts as per Regulation 82(5) of the Public Finance Management (County Governments) Regulations, 2015.

#### **3.44.18 Key Observations and Recommendations**

In the course of overseeing and reporting on the implementation of the County budget, the CoB identified the following challenges, which hampered effective budget implementation;

- i. The County Treasury's late submission of financial reports to the Controller of Budget affected the timely preparation of the budget implementation report, which was received on 27<sup>th</sup> October 2025.
- ii. The underperformance of own-source revenue at Kshs.131.56 million against an annual target of Kshs.1.30 billion, representing 10.1 per cent of the financial year target which is below the expected 25 per cent.
- iii. Low development performance in the review period as the County did not incur on development activities.
- iv. High level of trade payables, which amounted to Kshs.1.15 billion as of 30 September 2025. Further, there was non-adherence to the payment plan for the trade payables by the County Treasury.
- v. Non-submission of copies of authorisation letters for opening commercial bank accounts as per Regulation 82(5) of the Public Finance Management (County Governments) Regulations, 2015.
- vi. The County reported revenue arrears of Kshs.2.32 billion on OSR. These revenue arrears limited funding for County activities.

The County should implement the following recommendations to improve budget execution:

- i. *The County Treasury should ensure the timely preparation and submission of financial reports to the Office of the Controller of Budget per the timelines prescribed in Section 166 of the PFM Act, 2012.*
- ii. *The County should address its own-source revenue performance to ensure the approved budget is fully financed. Appropriate austerity measures should be implemented to ensure expenditure commitments are*

- aligned with available revenue.*
- iii. *The County should implement strategies to increase development expenditures in FY 2025/26.*
  - iv. *The County Leadership should address the situation of trade payables to ensure that genuine bills are paid promptly in the remaining financial year. Further, compliance with the trade payables Action Plan should be enforced.*
  - v. *The County Treasury should ensure it submits copies of authorisation letters to OCoB for opening commercial bank accounts to enhance accountability and oversight.*
  - vi. *The County needs to develop strategies to collect these outstanding arrears to improve budget implementation.*

### 3.45. County Government of Vihiga

#### 3.45.1 Overview of FY 2025/26 Budget

The County Government of Vihiga's Approved Budget for FY 2025/26 is Kshs.6.91 billion. It comprises Kshs.2.16 billion (31 per cent) and Kshs.4.75 billion (69 per cent) allocation for development and recurrent programmes, respectively. The budget estimates represent a decrease of Kshs.193.27 million (3 per cent) from the FY 2024/25 budget, which comprised a development budget of Kshs.2.29 billion and a recurrent budget of Kshs.4.82 billion. The budget decrease was primarily due to the exclusion of the balance brought forward.

The budget is to be financed from various revenue sources. These include: the equitable share of revenue raised nationally, amounting to Kshs.5.42 billion (78 per cent), additional allocations of Kshs.1.11 billion (16 per cent), and Kshs.378.28 million (6 per cent) to be received as own-source revenue. A breakdown of the additional allocations is shown in Table 3.506.

#### 3.45.2 Revenue Performance

During the first Quarter of FY 2025/26, the County received Kshs.1.01 billion in revenue. This amount represented an increase of 6 per cent compared to the amount received in a similar period in FY 2024/25 of Kshs.952.23 million. The total revenue consisted of Kshs.930.60 million from the equitable share of revenue raised nationally, as well as own-source revenue (OSR) collection of Kshs.79.34 million. The total OSR collection of Kshs.79.34 million included Facilities Improvement Financing (FIF) of Kshs.46.42 million, and Kshs.32.92 million from other OSR sources. Table 3.506 summarises the total revenue available to the County Government during FY 2025/26.

**Table 3.506: Vihiga County, Revenue Performance in FY 2025/26**

The County has governing legislation on the operation of ordinary A-I-A and FIF. Figure 257 provides a detailed breakdown of revenue, showing the amount received for each shilling.

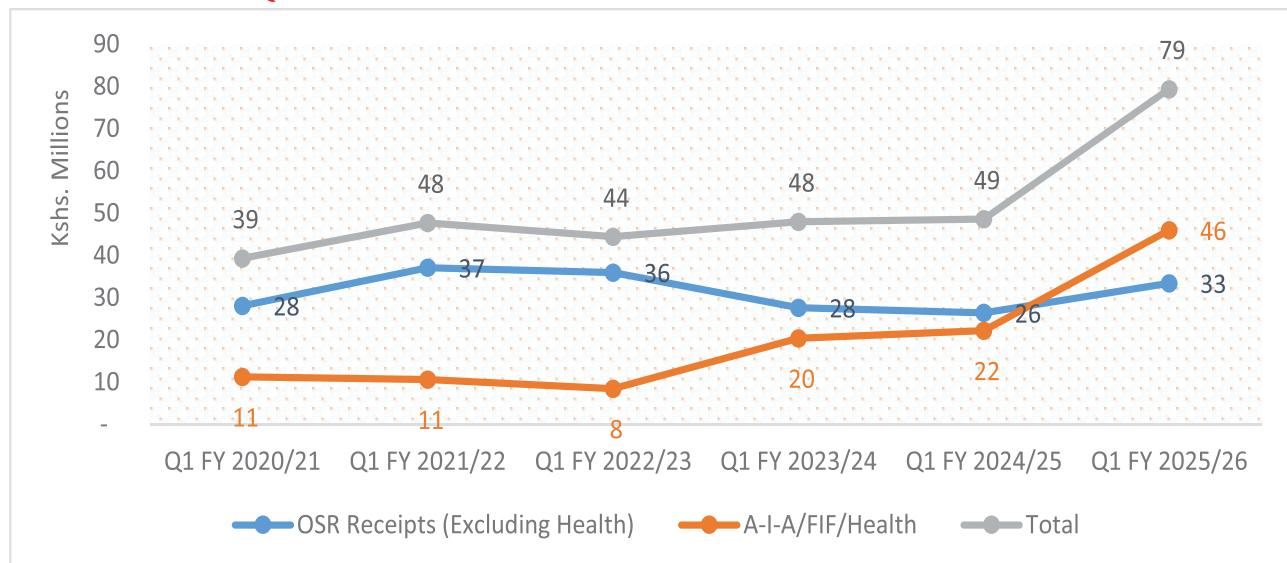

**Figure 257: Vihiga County Composition of Each Shilling Received in the First Quarter of FY 2025/26**

Source: Vihiga County Treasury

The equitable share of revenue raised nationally, FIF, and OSR contributed 79 per cent, 18 per cent, and 3 per cent, respectively, of the total receipts for the reporting period. Figure 258 shows the collection trend in own-source revenue from the First Quarter of FY 2020/21 to the First Quarter of FY 2025/26.

**Figure 258: Vihiga County Trend in Own-Source Revenue Collection from the First Quarter of FY 2020/21 to the First Quarter of FY 2025/26**

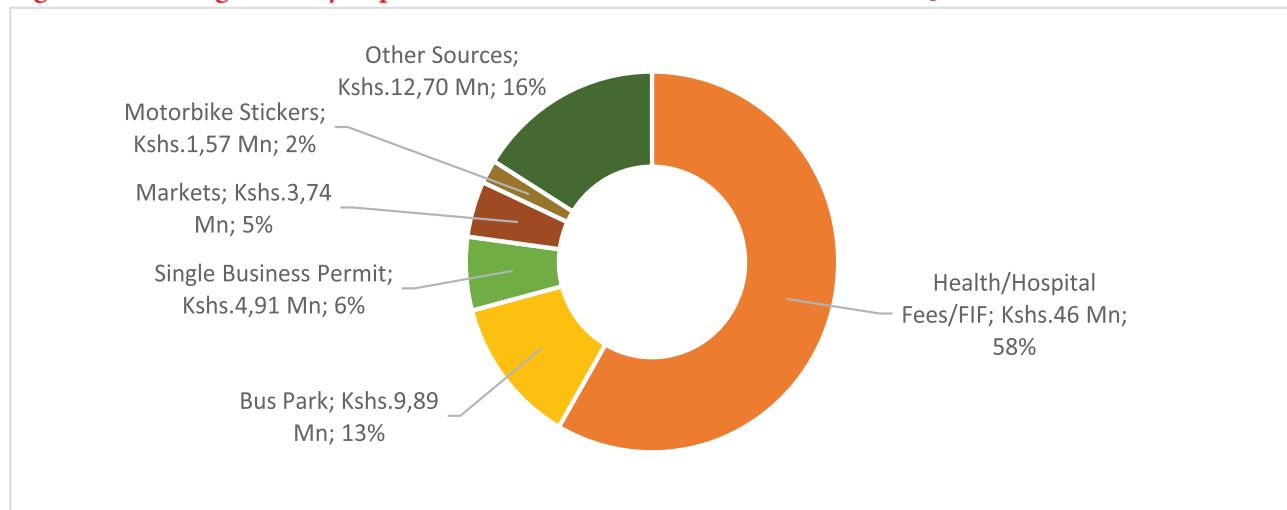

Source: Vihiga County Treasury

During the First Quarter of FY 2025/26, the County received Kshs.79.31 million from its revenue sources, including FIF. This amount was an increase of 51 per cent compared to Kshs.52.57 million realised in a similar period in FY 2024/25, and was 21 per cent of the annual target and 9 per cent of the equitable revenue share disbursed.

The increase in OSR was attributed to enhanced enforcement measures and increased revenue streams. The revenue streams that contributed the most to OSR receipts are shown in Figure 259.

**Figure 259: Vihiga County Top Own Source Revenue Streams in the First Quarter of FY 2025/26**

Source: Vihiga County Treasury

As shown in Figure 259, the highest revenue stream, at Kshs.46.00 million, was from Health/Hospital/FIF, accounting for 58 per cent of the total OSR receipts. The County Government indicated that it has automated 46 out of 48 revenue streams.

### 3.45.3 Revenue Arrears

The County did not report any revenue arrears as of 30<sup>th</sup> September 2025.

#### **3.45.4 Borrowing by the County**

Vihiga County Executive has a credit facility with KCB bank totalling Kshs.137.67 million. The credit facility was used to pay basic salaries to County staff during the review period, as per a memorandum between the County and Kenya Commercial Bank. The County did not have any outstanding amounts as of 30<sup>th</sup> September, 2025.

#### **3.45.5 Exchequers Approved**

The Controller of Budget approved withdrawals of Kshs.684.09 million from the CRF account during the reporting period, which comprised Kshs.22.13 million (3 per cent) for development programmes and Kshs.661.96 million (97 per cent) for recurrent programmes. Analysis of the recurrent exchequers released indicates that Kshs.525.00 million was towards employee compensation and Kshs.136.96 million for operations and maintenance expenditure.

The operations and maintenance exchequer analysis indicate that 33 per cent was for domestic travel and nil for foreign travel. The domestic travel exchequer amounted to Kshs.45.70 million and included Kshs11.85 million for the County Executive and Kshs.33.85 million for the County Assembly. Neither the County Executive nor the County Assembly had an exchequer on foreign exchequer during the period under review.

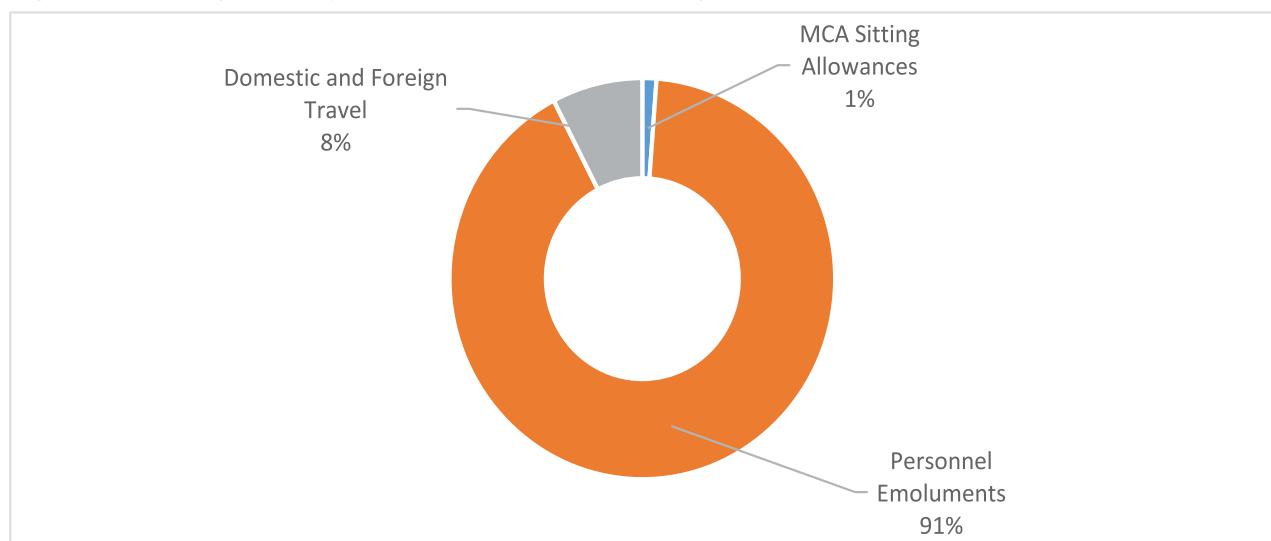

As of September 30, 2025, the County Government's cash balance in the CRF account was Kshs.320.19 million.

#### **3.45.6 Expenditure Review**

The County spent Kshs.661.96 million on development and recurrent programmes in the reporting period. The expenditure represented 97 per cent of the total funds released by the CoB. The expenditure was entirely for recurrent programmes. Recurrent expenditure represented 13.9 per cent of the annual recurrent expenditure budget.

The following chart provides a detailed breakdown of expenditure, showing the relative composition of each shilling spent.

**Figure 260: Vihiga County Composition of Each Shilling Paid in the First Quarter of FY 2025/26**

Source: Vihiga County Treasury

As shown in Figure 260, the three highest expenditure categories were Personnel Emoluments, Domestic Travel, and MCA sitting allowances, which contributed 91 per cent, 8 per cent, and 1 per cent of the total expenditure, respectively, for the reporting period.

#### **3.45.7 Settlement of Trade Payables**

As of 1<sup>st</sup> July 2025, the County reported trade payables totalling Kshs.1.24 billion. This amount included Kshs.1.24 billion from the County Executive and Kshs.4.04 million from the County Assembly. The trade pay-

ables from the County Executive consisted of Kshs.746.00 million for recurrent expenditures and Kshs.492.35 million for development expenditures.

During the reporting period, the County Executive and the County Assembly did not settle any trade payables. Therefore, the outstanding trade payables as of 30th September 2025 were Kshs.1.24 billion for the County Executive and Kshs.4.04 million for the County Assembly. Table 3.507 provides additional details of trade payables.

**Table 3.507: Vihiga County Trade Payables as of 30<sup>th</sup> September 2025**

	County Entity	Development	Recurrent	Total
As at 1 July 2025 (End of FY 2024/25)	County Executive	492,349,560	746,003,956	1,238,353,516
	County Assembly	-	4,035,595	4,035,595

	County Assembly	-	4,035,595	4,035,595
	Total	492,349,560	750,030,551	1,242,389,111

*Source: Vihiga County Treasury*

The County Executive and the Assembly submitted a trade payables payment plan, committing to pay Kshs.400.36 million and Kshs.4.04 million, respectively, in FY 2025/26. The County has not adhered to this payment plan, as it did not pay any trade payables during the review period.

Table 3.508 and Table 3.509 present the ageing of the total outstanding bills as of 30 September 2025 for the County Executive and Assembly, which were Kshs.1.24 billion.

During the period under review, the County did not requisition on trade payables and therefore did not adhere to the Trade Payables Action Plan.

### 3.45.8 Expenditure by Economic Classification

During the reporting period, the County Executive incurred Kshs.495.29 million for compensation of employees, and Kshs.121.42 million for operations and maintenance. Similarly, the County Assembly spent Kshs.29.72 million on compensation of employees, and Kshs.15.55 million on operations and maintenance, as shown in Table 3.510.

Table 3.510: Vihiga County Summary of Budget and Expenditure by Economic Classification

Expenditure Classification	Revised Budget (Kshs.)		Expenditure (Kshs.)		Absorption (%)	
	County Executive	County Assembly	County Executive	County Assembly	County Executive	County Assembly
<b>Total Recurrent Expenditure</b>	<b>4,066,224,660</b>	<b>685,216,240</b>	<b>616,708,938</b>	<b>45,255,276</b>	<b>15</b>	<b>7</b>
Compensation of Employees	2,788,987,901	310,313,668	495,286,353	29,717,976	18	10
Operations and Maintenance	1,277,236,759	374,902,572	121,422,585	15,537,300	10	4

Source: Vihiga County Treasury

### 3.45.9 Expenditure on Compensation of Employees

During the period under review, the expenditure on employee compensation totalled Kshs.525.00 million. The compensation-to-revenue ratio was 52 per cent. This expenditure on employee compensation shows an increase of 3 per cent compared to the Kshs.508.99 million reported in a similar period in FY 2024/25. Of this total, Kshs.251.35 million is related to Health Sector employees, which account for 48 per cent of the overall employees' compensation.

Figure 261 shows the compensation trend of employees' expenditures as a percentage of total revenue received from the First Quarter of FY 2020/21 to the First Quarter of FY 2025/26.

**Figure 261: Percentage of Employee Compensation to Total Revenue Received from the First Quarter of FY 2020/21 to the First Quarter of FY 2025/26**

Source: Vihiga County Treasury

As shown in Figure 261, the County Assembly allocated 66 per cent of its revenue to employee compensation during the first quarter of FY 2025/26. This is the highest percentage observed in the Assembly's trend line since FY 2020/21. The County Executive, on the other hand, allocated 53 per cent of its revenue to employee compensation in the same quarter. Both entities exceeded the 35 per cent ceiling set by Regulation 25(1)(b) of the PFM (County Governments) Regulations 2015, indicating that employee compensation was prioritised over other expenditures in the review period.

Further analysis indicated that PE costs amounting to Kshs.513.71 million were processed through the Human Resource Information System (HRIS). In contrast, Kshs.11.30 million was processed through manual payroll, which accounted for 2 per cent of the total PE cost.

The manual payroll included gratuity remittances to pension schemes for staff on contract, as well as LAP-TRUST/LAPFUND Pension Contributions, as shown in Table 3.18.

**Table 3.511: Breakdown of Vihiga County Manual Payroll**

Sno.	Description of Manual Payroll	Amount (Kshs.)
	LAPTRUST/LAPFUND Pension Contributions	2,637,531
	Gratuity for contract staff	8,658,000
	<b>Total</b>	<b>11,295,531</b>

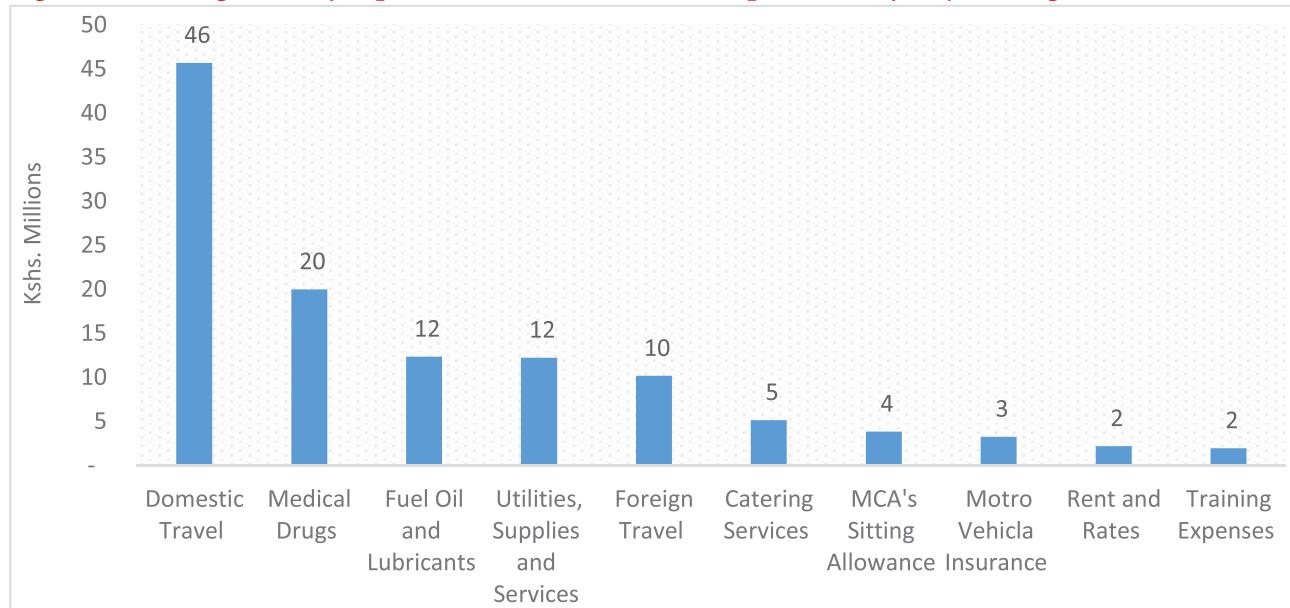

Source: Vihiga County Treasury

The County Assembly spent Kshs.3.85 million on committee sitting allowances for the 38 MCAs against the annual budget allocation of Kshs.30.68 million. The average monthly sitting allowance was Kshs.33,768 per MCA. The County Assembly has 21 House Committees.

### 3.45.10 Expenditure on Operations and Maintenance

During the reporting period, the County spent Kshs.136.96 million on operations and maintenance, representing an increase of 11 per cent compared to FY 2024/25, when the County spent Kshs.123.03 million. Figure 262 summarises the Operations and Maintenance expenditure by major categories.

**Figure 262: Vihiga County, Operations and Maintenance Expenditure by Major Categories**

Source: Vihiga County Treasury

### 3.45.11 Unbundling “Other Operating Expenses” Under Operations and Maintenance Expenditures

The budget performance report for Q1 of FY 2025/26 indicates that the County had no expenditures under “Other Operating Expenses.”

### 3.45.12 County-Established Funds

Section 116 of the PFM Act 2012 allows County Governments to establish other public funds, subject to approval from the County Executive Committee and the County Assembly. The County allocated Kshs.35.00 million to County-Established funds in FY 2025/26, or 0.5 per cent of the County’s overall budget. Further, the County allocated Kshs.5.00 million to the Emergency Fund (0.1 per cent of the total budget) in line with Section 110 of the PFM Act, 2012. Table 3.512 summarises each established Fund’s budget allocation and performance during the reporting period.

**Table 3.512: Performance of Vihiga County Established Funds in the First Quarter of FY 2025/26**

S/No.	Name of the Fund	Year Established	Approved Budget Allocation in FY 2025/26 (Kshs.)	Exchequer Issues in First Quarter of FY 2025/26 (Kshs.)	Actual Expenditure in the First Quarter of FY 2025/26 (Kshs.)	Cumulative disbursements to the Fund (Kshs)	Submission of Financial Statements (Yes/No.)
<b>County Executive Established Funds</b>							
	Vihiga County Bursary Fund	2014	25,000,000	-	-	1,016,743,412	No
	Vihiga County Sport Fund	2019	5,000,000	-	-	65,000,000	No
	Vihiga County Alcoholic Fund	2024	5,000,000	-	-	-	No
	<b>Total</b>		<b>35,000,000</b>	<b>-</b>	<b>-</b>	<b>1,081,743,412</b>	<b>-</b>

Source: Vihiga County Treasury

During the reporting period, the CoB did not receive quarterly financial reports from Vihiga County Bursary Fund, Vihiga County Sport Fund and Vihiga County Alcoholic Fund Administrators, as indicated in Table

3.512, contrary to the requirement of Section 168 of the PFM Act, 2012. Therefore, the administration costs of the above could not be established if they were within or above the 3 per cent limit of the Fund budget as set in Regulation 197(1)(d) of the Public Finance Management (County Governments) Regulations, 2015.

Regulation 197(1)(i) of the Public Finance Management (County Governments) Regulations, 2015, allows County Governments to establish public funds with a lifespan capped at 10 years unless extended by the County Assembly. In FY 2025/26, the CoB established that the lifespan of the Vihiga County Bursary Fund had lapsed. Consequently, the CoB did not approve any requests for withdrawals to support the operations of the lapsed funds.

### 3.45.13 County Corporations

The County has no established County Corporation reported during the period under review.

### 3.45.14 Expenditure on Domestic and Foreign Travel

Expenditure on domestic travel amounted to Kshs.45.70 million and comprised Kshs.33.85 million spent by the County Assembly and Kshs.11.85 million by the County Executive. Expenditure on foreign travel amounted to Kshs.10.17 million and comprised Kshs.9.46 million by the County Assembly and Kshs.0.71 million by the County Executive. However, the County Executive and the County Assembly did not provide additional information on the particulars of the foreign travel.

In addition, under the operations and maintenance costs, the County did not have any expenditure on garbage collection or legal fees/dues/arbitration.

### 3.45.15 Facility Improvement Financing

During the review period, the County reported collections of Kshs.45.95 million as FIF, which was 22 per cent of the annual target of Kshs.208.71 million. The collected amount was retained and utilised at source in line with the Facility Improvement Financing Act, 2023. The County has not developed regulations to operationalise the FIF Act of 2023.

The expenditure by the health facilities amounted to Kshs.33.00 million, as shown in Table 3.513.

**Table 3.513: Vihiga County Health Facilities Expenditure Performance in FY 2025/26**

No.	Health Facility	Number of Facilities	Approved Budget (Kshs.)	Actual Expenditure (Kshs.)	Absorption rate (%)
1.	Level 4 Hospital	1	147,220,000	30,506,375	21
2.	Level 3 Facility	3	38,125,000	2,466,623	7
3.	Level 2 Facility	70	14,655,000	-	
	<b>Total</b>	<b>74</b>	<b>200,000,000</b>	<b>32,972,998</b>	<b>17</b>

*Source:* Vihiga County Treasury

### 3.45.16 Development Expenditure

In the review period, the County reported spending nil expenditure on development programmes, representing a decrease of 100 per cent compared to FY 2024/25, when the County spent Kshs.93.70 million.

The decline in development expenditure was attributed to the slow rollout of the electronic government procurement system and the slow validation and submission of the County's trade payables.

In addition, the County did not report on stalled development projects as of September 30, 2025.

### 3.45.17 Budget Performance by Department

Table 3.514 summarises the approved budget allocation, expenditure and absorption rate by departments in the period under review.

**Table 3.514: Vihiga County, Budget Allocation and Absorption Rate by Department**

Department	Revised Budget Allocation (Kshs.Million)		Exchequer Received (Kshs. Million)		Expenditure (Kshs. Million)		Expenditure to Exchequer Performance (%)		Absorption rate (%)

*Source: Vihiga County Treasury*

Analysis of expenditure by departments shows that all departments recorded a nil absorption rate of the development budget. The Department of Environment, Water, Energy and Natural Resources had the highest recurrent expenditure-to-budget ratio at 32 per cent, while the Department of County Assembly had the lowest at 7 per cent.

### 3.45.18 Budget Execution by Programmes and Sub-Programmes

The development sub-programmes with the highest levels of budget implementation, based on absorption rates, were: Land Survey and mapping in the Department of Physical Planning, Lands and Housing at 50 per cent, Administrative Services in the Department of Transport, Infrastructure and Communication at 48 per cent, and Administrative Services in the Department of Health Services at 14 per cent of the budget allocation. Conversely, the recurrent sub-programmes with the highest levels of budget implementation, based on absorption rates, were: Performance Management in the Department of Administration and Coordination of County Affairs at 3,708 per cent, Drugs and other medical supplies in the Department of Health Services at 74 per cent, Livestock Extension in the Department of Agriculture, Livestock and Fisheries at 50 per cent, and Value Chain Development at 50 per cent of the budget allocation.

### **3.45.19 Accounts Operated in Commercial Banks**

Regulation 82(1)(b) of the PFM (County Governments) Regulations, 2015, requires that County Government bank accounts be opened and maintained at the Central Bank of Kenya. The only exemption is for imprest bank accounts for petty cash and revenue collection bank accounts.

Further, Regulation 82(4) of the Public Finance Management (PFM) Act requires accounting officers to obtain written authorisation from the County Treasury before opening a commercial bank account. Additionally, Regulation 82(5) of the Public Finance Management (County Governments) Regulations, 2015, requires the County Treasury to submit a copy of the letter authorising an accounting officer to open a commercial bank account to the Controller of Budget.

The County Government operated 116 accounts in commercial banks, including 74 for Health Facilities, 34 for Vocational Training Centres, 5 for Established Funds, 1 revenue account, and 2 special-purpose accounts (additional allocations).

The County Treasury did not submit copies of the authorisation letters to the Controller of Budget for the opening of 107 commercial bank accounts, as required by Regulation 82(5) of the Public Finance Management (County Governments) Regulations, 2015.

### **3.45.20 Key Observations and Recommendations**

In the course of overseeing and reporting on the implementation of the County budget, the CoB identified the following challenges, which hampered effective budget implementation;

- i. The County Treasury's late submission of financial reports to the Controller of Budget affected the timely preparation of the budget implementation report, which was received on 31<sup>st</sup> October, 2025.
- ii. The underperformance of own-source revenue at Kshs.79.34 million against an annual target of Kshs.378.38 million, representing 21 per cent of the financial year target.
- iii. The County had no development expenditures during the review period, resulting in a nil absorption rate.
- iv. Regulation 197(1)(i) of the Public Finance Management (County Governments) Regulations, 2015, limits the lifespan of public funds to 10 years unless extended by the County Assembly. As of 30 September 2025, the Vihiga County Bursary Fund Regulation had lapsed, making it ineligible for further withdrawals.
- v. Fund Administrators failed to submit quarterly financial and non-financial reports to the CoB within the timelines provided by law, which is against the requirement of Section 168 of the PFM Act, 2012. The reports for the Vihiga County Bursary Fund, Vihiga County Sports Fund and Vihiga County Alcoholic Fund were not submitted to the CoB as of 15 July 2025.
- vi. High level of trade payables, which amounted to Kshs.1.24 billion as of 30 September 2025. Further, the County Treasury failed to adhere to the payment plan for trade payables .
- vii. Non-submission of copies of authorisation letters for opening commercial bank accounts as per Regulation 82(5) of the Public Finance Management (County Governments) Regulations, 2015.

The County should implement the following recommendations to improve budget execution:

- i. *The County Treasury should ensure the timely preparation and submission of financial reports to the Office of the Controller of Budget per the timelines prescribed in Section 166 of the PFM Act, 2012.*
- ii. *The County should address its own-source revenue performance to ensure the approved budget is fully financed. Appropriate austerity measures should be implemented to ensure expenditure commitments are aligned with available revenue.*
- iii. *The County should implement strategies to increase development expenditures in FY 2025/26.*
- iv. *The County should ensure timely review and extension of public funds whose lifespan is nearing expiration to prevent operational disruptions. Additionally, any expenditure from lapsed funds should cease immediately, and legal mechanisms should be followed to re-establish or wind up such funds in compliance with the Public Finance Management Act.*
- v. *The CECMF should follow up to ensure Fund Administrators prepare and submit statutory reports in line*

- with the PFM Act, 2012.
- vi. The County Leadership should address the situation of trade payables to ensure that genuine bills are paid promptly in the remaining financial year. Further, compliance with the Trade Payables Action Plan should be enforced.
  - vii. The County Treasury should ensure it submits copies of authorisation letters to OCoB for opening commercial bank accounts to enhance accountability and oversight.

### 3.46. County Government of Wajir

#### 3.46.1 Overview of FY 2025/26 Budget

The Wajir County Approved Budget for FY 2025/26 is Kshs.13.99 billion. It comprises Kshs.5.28 billion (38 per cent) and Kshs.8.71 billion (62 per cent) allocations for development and recurrent programmes, respectively. The budget estimates represent an increase of Kshs.476.75 million (4 per cent) from the FY 2024/25 budget, which comprised a development budget of Kshs.5.14 billion and a recurrent budget of Kshs.8.38 billion. The increase in the budget was primarily attributed to the rise in Equitable Share and Own Source Revenue.

The budget is to be financed from various revenue sources. These include; the equitable share of revenue raised nationally of Kshs.10.51 billion (75 per cent), additional allocations of Kshs.2.51 billion (18 per cent), a cash balance of Kshs.583.23 million (4 per cent) brought forward from FY 2024/25, and Kshs.350.00 million (3 per cent) to be received as own-source revenue. A breakdown of the additional allocations is shown in Table 3.515.

#### 3.46.2 Revenue Performance

During the first Quarter of FY 2025/26, the County generated Kshs.2.41 billion in revenue. This amount represented an increase of 30 per cent compared to the amount received in a similar period in FY 2024/25 of Kshs.1.69 billion. The total revenue consisted of Kshs.1.68 billion from the equitable share of revenue raised nationally, as well as own-source revenue (OSR) collection of Kshs.43.38 million and climate change SPA balance of Kshs.40.43 million. Additionally, the County had a cash balance of Kshs.647.83 million from FY 2024/25. The total OSR collection of Kshs.43.38 million included Facilities Improvement Financing (FIF) of Kshs.21.56 million, and Kshs.21.82 million from other OSR sources. Table 3.515 summarises the total revenue available to the County Government during FY 2025/26.

**Table 3.515: Wajir County, Revenue Performance in FY 2025/26**

The County has the governing legislation for the operation of FIF, specifically the Wajir County Health Facility Improvement Financing Act, 2023, and the Wajir County Health Facility Improvement Financing Regulations, 2024. Figure 263 provides a detailed breakdown of receipts, showing a breakdown of each shilling received.

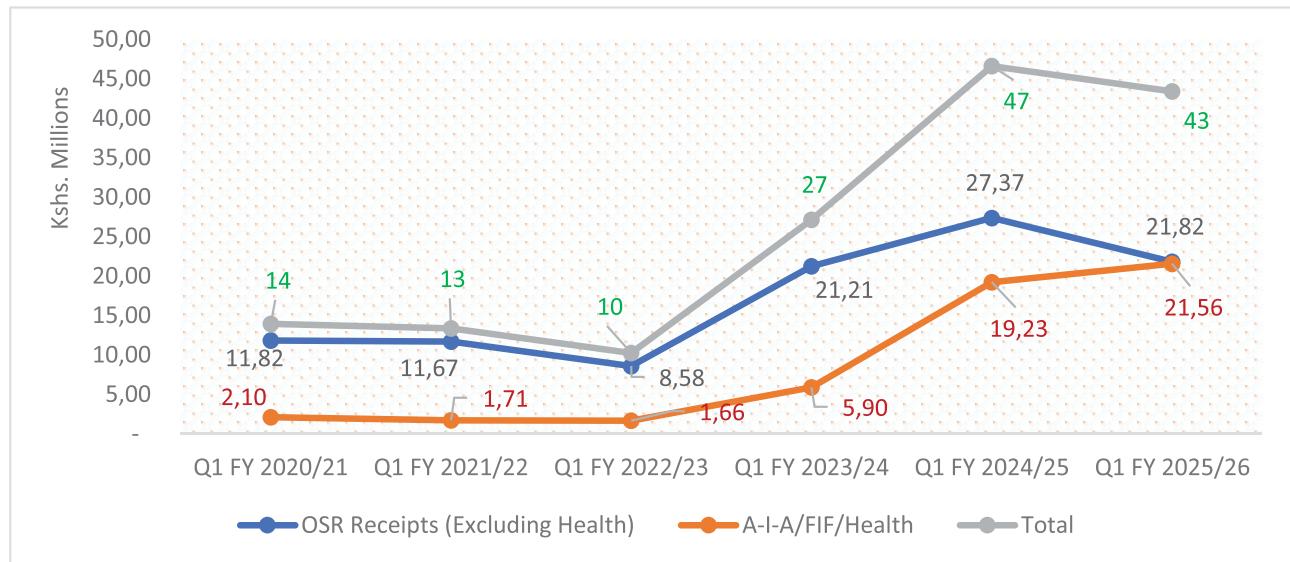

**Figure 263: Wajir County Composition of Each Shilling Received in the First Quarter of FY 2025/26**

Source: Wajir County Treasury

The equitable share of revenue raised nationally, balance brought forward, FIF, and OSR contributed 71 per cent, 27 per cent, 1 per cent, and 1 per cent, respectively, of the total receipts for the reporting period. Figure 264 shows the collection trend in own-source revenue from the First Quarter of FY 2020/21 to the First Quarter of FY 2025/26.

**Figure 264: Wajir County Trend in Own-Source Revenue Collection from the First Quarter of FY 2020/21 to the First Quarter of FY 2025/26**

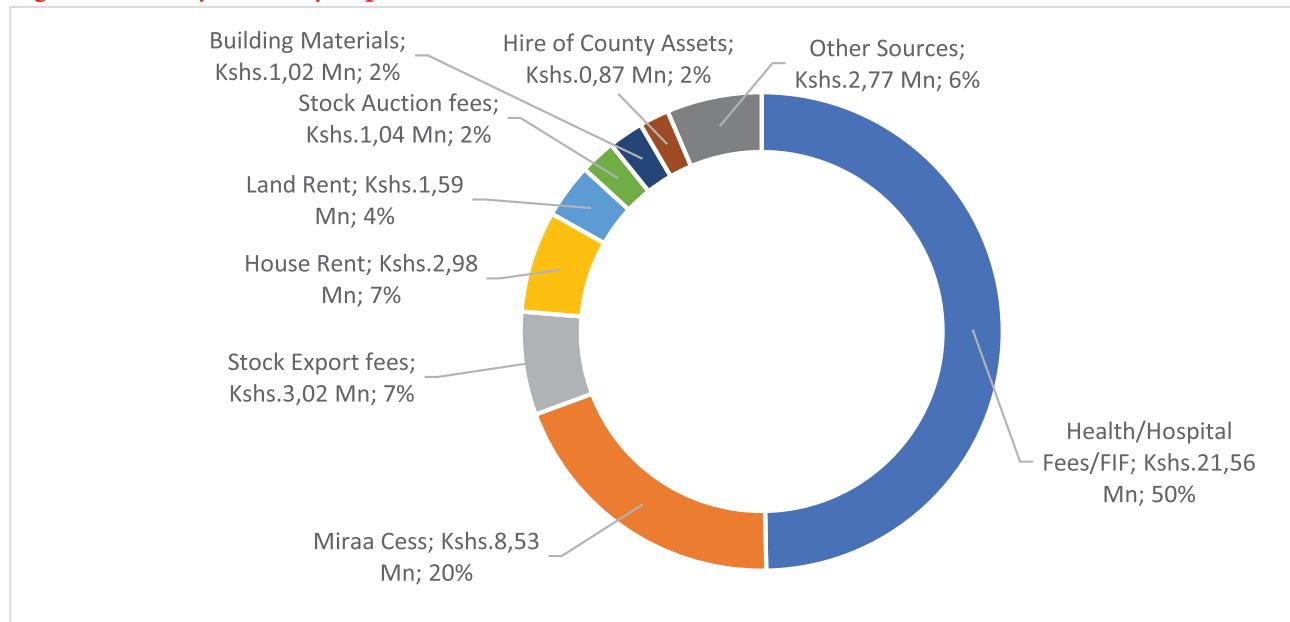

Source: Wajir County Treasury

During the First Quarter of FY 2025/26, the County generated Kshs.43.38 million from its revenue sources, including FIF. This amount was a decrease of 7 per cent compared to Kshs.46.60 million realised in a similar period in FY 2024/25, which was 12 per cent of the annual target and 3 per cent of the equitable revenue share disbursed.

The revenue streams which contributed the highest OSR receipts are shown in Figure 265.

**Figure 265: Wajir County Top Own Source Revenue Streams in the First Quarter of FY 2025/26**

Source: Wajir County Treasury

As shown in Figure 265, the highest revenue stream, at Kshs.21.56 million, was from Health Hospital Fees/FIF, accounting for 50 per cent of the total OSR receipts. The County Government indicated that it has automated its revenue streams.

### 3.46.3 Borrowing by the County

As of September 30, 2025, the County did not report any short-term borrowings.

### 3.46.4 Exchequers Approved

The Controller of Budget approved Kshs.44.48 million in withdrawals from the CRF account for recurrent programs, exclusively for employee compensation. As of September 30, 2025, the County Government's cash balance in the CRF account was Kshs.2.31 billion.

### 3.46.5 Expenditure Review

The County Government of Wajir did not report any expenditure during the reporting period.

### 3.46.6 Settlement of Trade Payables

As of 30<sup>th</sup> June 2025, the County reported trade payables totalling Kshs.3.71 billion. This amount included Kshs.3.48 billion from the County Executive and Kshs.233.51 million from the County Assembly. The trade payables from the County Executive consisted of Kshs.1.32 billion for recurrent expenditures and Kshs.2.16 billion for development expenditures.

**Table 3.516: Wajir County Trade Payables as of 30<sup>th</sup> September 2025**

### 3.46.7 Expenditure by Economic Classification

The County Government of Wajir did not report any expenditure during the reporting period.

### 3.46.8 Key Observations and Recommendations

In the course of overseeing and reporting on the implementation of the County budget, the CoB identified the following challenges, which hampered effective budget implementation;

- i. Delay in Approval of FY 2025/26 Budget Estimates and the subsequent Appropriation Act 2025, which led to no expenditure during the reporting period.
- ii. The under-performance of own-source revenue at Kshs.43.38 million against an annual target of Kshs.350.00 million, representing 12.4 per cent of the financial year target.
- iii. High level of trade payables, which amounted to Kshs.3.72 billion as of 30 September 2025.

The County should implement the following recommendations to improve budget execution:

- i. *The County should ensure the timely passage of the budget estimates as per the PFM Act 20212 to ensure the smooth provision of services to its citizens.*
- ii. *The County should address its own-source revenue performance to ensure the approved budget is fully financed. Appropriate austerity measures should be implemented to ensure expenditure commitments are aligned with available revenue.*
- iii. *The County Leadership should address the situation of trade payables to ensure that genuine bills are paid promptly in the remaining financial year. Further, compliance with the Trade Payables Action Plan should be enforced.*

## 3.47. County Government of West Pokot

### 3.47.1 Overview of FY 2025/26 Budget

The West Pokot County Approved Budget for FY 2025/26 is Kshs.8.63 billion. It comprises Kshs.2.95 billion (34 per cent) and Kshs.5.68 billion (66 per cent) allocations for development and recurrent programmes, respectively. The budget estimates represent an increase of Kshs.957.27 million (12 per cent) from the FY 2024/25 budget, which comprised a development budget of Kshs.2.25 billion and a recurrent budget of Kshs.5.42 billion. The increase in the budget was primarily attributed to the rise in Additional Allocation.

The budget is to be financed from various revenue sources. These include the equitable share of revenue raised nationally, amounting to Kshs.7 billion (81 per cent), as well as additional allocations of Kshs.1.11 billion (12 per cent), a cash balance of Kshs.221.07 million (3 per cent) brought forward from FY 2024/25, and Kshs.290.96 million (4 per cent) to be generated as own-source revenue. A breakdown of the additional allocations is shown in Table 3.519.

### 3.47.2 Revenue Performance

During the first Quarter of FY 2025/26, the County received Kshs.1.40 billion in revenue. This amount represented an increase of 20 (per cent) compared to the amount received in a previous period FY 2024/25 of Kshs.1.17 billion. The total revenue consisted of Kshs.1.12 billion from the equitable share of revenue raised nationally, as well as the own-source revenue (OSR) collection of Kshs.57.93 million. Additionally, the County

had a cash balance of Kshs.221.07 million from FY 2024/25. The total OSR collection of Kshs.57.93 million included Facilities Improvement Financing (FIF) of Kshs35.15 million, and Kshs.22.78 million from other OSR sources. Table 3.519 summarises the total revenue available to the County Government during FY 2025/26.

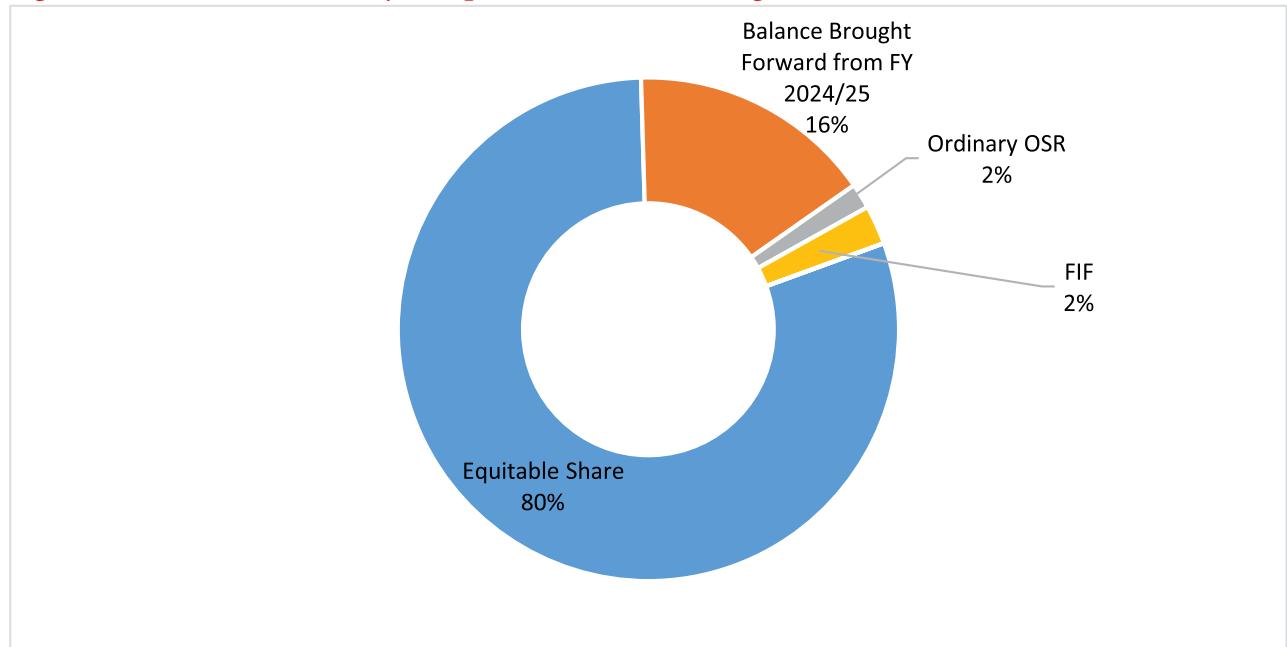

**Table 3.519: West Pokot County, Revenue Performance in FY 2025/26**

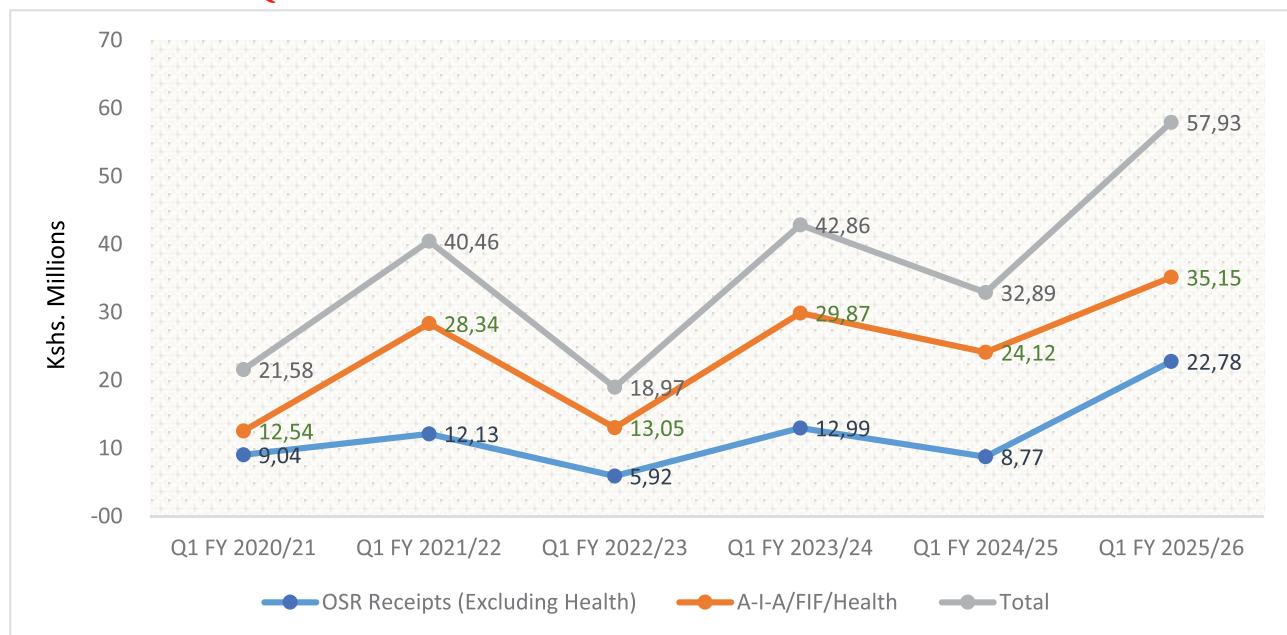

**Figure 266: West Pokot County Composition of Each Shilling Earned in the First Quarter of FY 2025/26**

*Source: West Pokot County Treasury*

The equitable share of revenue raised nationally, balance brought forward, and OSR contributed 80 per cent, 16 per cent and 4 per cent, respectively, of the total receipts for the reporting period. Figure 267 shows the collection trend in own-source revenue from the First Quarter of FY 2020/21 to the First Quarter of FY 2025/26.

**Figure 267: West Pokot County Trend in Own-Source Revenue Collection from the First Quarter of FY 2020/21 to the First Quarter of FY 2025/26**

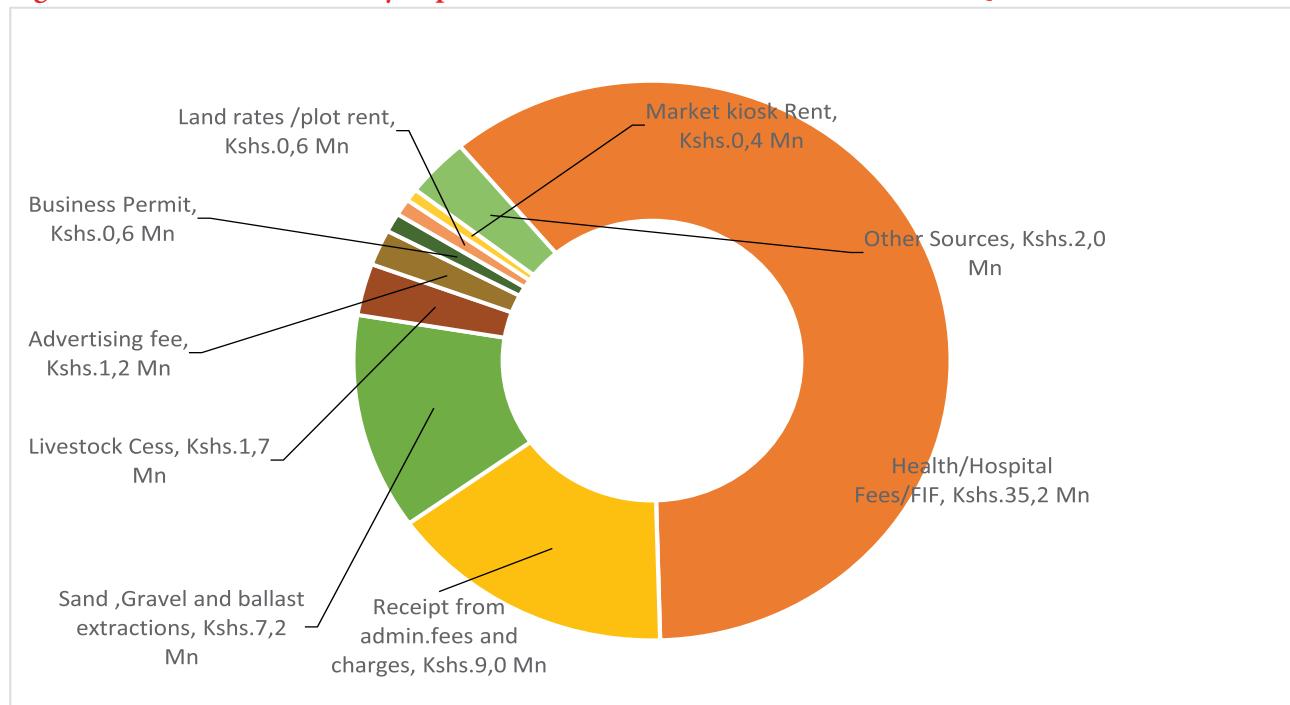

*Source: West Pokot County Treasury*

During the First Quarter of FY 2025/26, the County received Kshs.57.93 million from its revenue sources, including FIF. This amount represented a 76 per cent increase compared to the Kshs.32.89 million realised in a similar period in FY 2024/25, and accounted for 20 per cent of the annual target and 5 per cent of the equitable revenue share disbursed. The increase in OSR was attributed to an increase in the collection of FIF.

The revenue streams which contributed the highest OSR revenue are shown in Figure 268.

**Figure 268: West Pokot County Top Own Source Revenue Streams in the First Quarter of FY 2025/26**

Source: West Pokot County Treasury

As shown in Figure 268, the highest revenue stream, at Kshs.35 million, was from FIF, accounting for 61 per cent of the total OSR receipts. The County Government indicated that it has automated 14 out of 19 revenue streams.

### 3.47.3 Revenue Arrears

As of 1<sup>st</sup> July 2025, the County reported revenue arrears of Kshs.62.50 million; this amount decreased to Kshs.61.95 million as of September 30, 2025. Table 3.520 presents a breakdown of the County's revenue arrears.

**Table 3.520: West Pokot County Revenue Arrears as of 30 September 2025**

No	Revenue Stream	Revenue Arrears as of 1 July 2025 (Kshs.)	Progress made in FY 2024/25			Revenue Arrears as of 30 September 2025 (Kshs.)
			Waivers (Kshs)	Arrears received in the financial year (Kshs)	Arrears earned in FY 2025/26 (Kshs)	
	a	b	c	d	f=a-b-c+d	
A	Ordinary Own Sources of Revenue	62,499,928	-	553,550	-	61,946,378
	Total	62,499,928	-	553,550	-	61,946,378

Source: West Pokot County Treasury

As of 30 September 2025, the revenue arrears totalled to Kshs.61.95 million, comprising the principal amount of Kshs.61.95 million (100 per cent) with no interest and penalties. The measures instituted by the County to collect the outstanding arrears in FY 2025/26 include the introduction of interest and penalties.

### 3.47.4 Borrowing by the County

The County Government did not report any borrowings during the period under review.

### 3.47.5 Exchequers Approved

The Controller of Budget approved withdrawals of Kshs.987.04 million from the CRF account during the reporting period, which were solely for recurrent programmes. Analysis of the recurrent exchequers released indicates that Kshs.856.53 million was towards employee compensation and Kshs.130.51 million for operations and maintenance expenditure.

The operations and maintenance exchequer analysis indicates that 32 per cent was for domestic travel. The domestic travel exchequer amounted to Kshs.42.04 million and included Kshs.2.92 million for the County Executive and Kshs.39.13 million for the County Assembly.

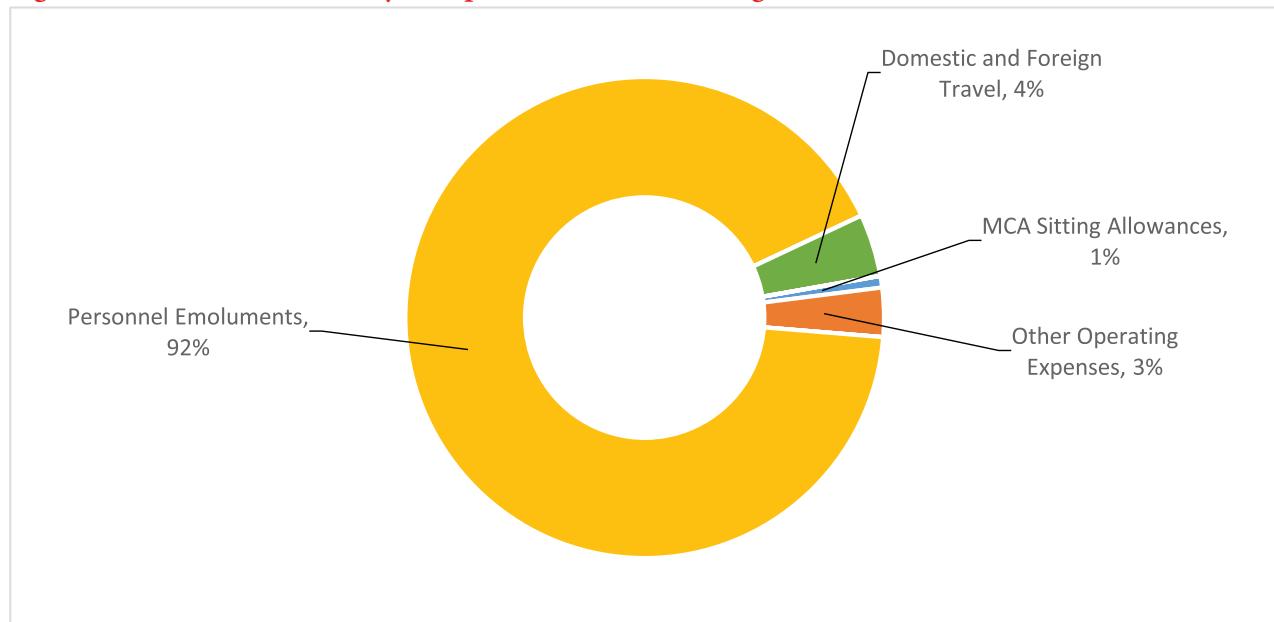

As of September 30, 2025, the County Government's cash balance in the CRF account was Kshs.395.16 million.

### 3.47.6 Expenditure Review

The County spent Kshs.987.04 million on development and recurrent programmes in the reporting period. The expenditure represented 100 per cent of the total funds released by the CoB. The expenditure was entirely on recurrent programmes. Recurrent expenditure accounted for 17 per cent of the recurrent budget.

The following chart provides a detailed breakdown of expenditure, showing the relative composition of each shilling spent.

**Figure 269: West Pokot County Composition of Each Shilling Paid in the First Quarter of FY 2025/26**

**Source:** West Pokot County Treasury

As shown in Figure 269, the three highest expenditure categories were Personnel Emoluments, Domestic and Foreign Travel, and Other Operating Expenses, contributing 92 per cent, 4 per cent and 3 per cent respectively of total expenditure for the reporting period.

### 3.47.7 Settlement of Trade Payables

As of 1<sup>st</sup> July 2025, the County reported trade payables totalling Kshs.311.80 million. This amount included Kshs.290.30 million from the County Executive and Kshs.21.50 million from the County Assembly. The trade payables from the County Executive consisted of Kshs.215.33 million for recurrent expenditures and Kshs.74.97 million for development expenditures.

During the reporting period, the County Executive did not settle any trade payables. On the other hand, the County Assembly settled trade payables worth Kshs.3.03 million, solely for recurrent expenses. The outstanding trade payables as of 30th September 2025 were Kshs.290.30 million for the County Executive and Kshs.18.47 million for the County Assembly. Table 3.521 provides additional details of pending bills.

**Table 3.521: West Pokot County trade payables as of 30th September 2025**

	County Entity	Development (Kshs.)	Recurrent (Kshs.)	Total (Kshs.)

Source: West Pokot County Treasury

The County Executive and the Assembly submitted a trade payable payment plan, committing to pay Kshs.3.03 million in the first quarter of FY 2025/26. The County adhered to this payment plan, as it cleared Kshs.3.03 million for the Assembly.

Table 3.522 and Table 3.523 present the ageing of the total outstanding bills as of 30 September 2025 for the County Executive and Assembly, which were Kshs.308.77 million.

**Table 3.522: West Pokot County Executive Trade Payables Ageing Analysis as of 30 September 2025**

Table 3.523 shows that all the payables for the Assembly are recurring and less than 2 years old.

### 3.47.8 Expenditure by Economic Classification

During the reporting period, the County Executive incurred Kshs.760.61 million for compensation of employees and Kshs.86.44 million for operations and maintenance. Similarly, the County Assembly spent Kshs.95.93 million on compensation of employees and Kshs.44.08 million on operations and maintenance, as shown in Table 3.524.

**Table 3.524: West Pokot County Summary of Budget and Expenditure by Economic Classification**

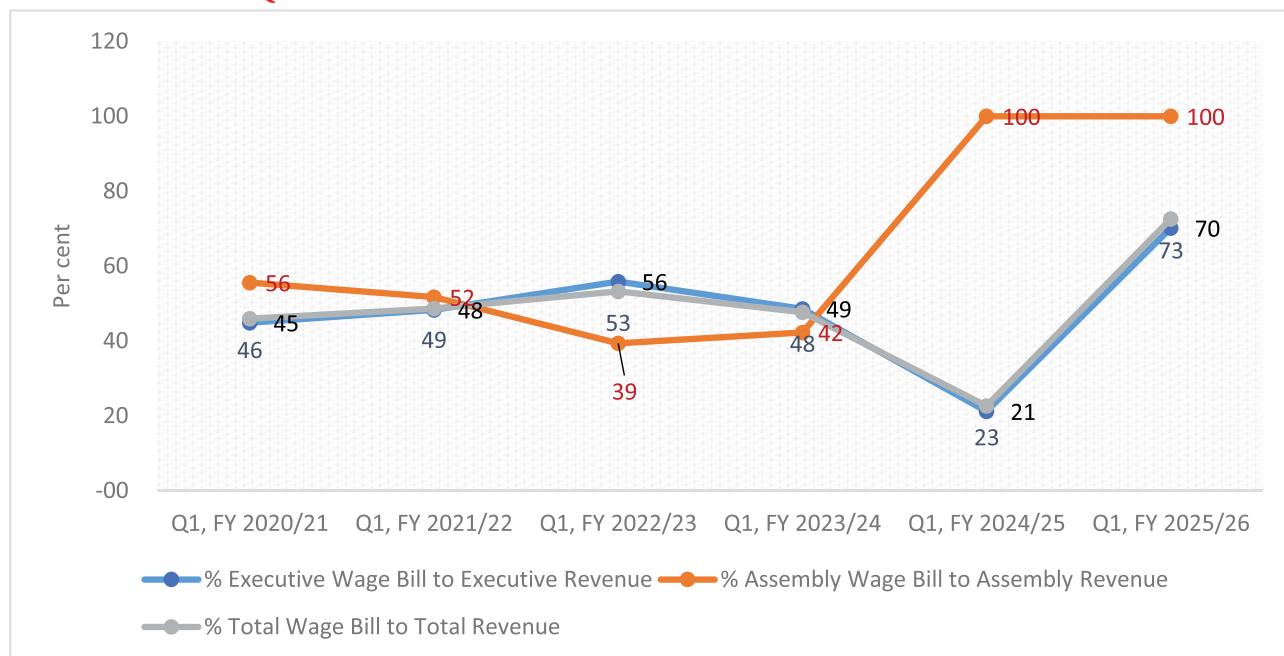

Expenditure Classification	Revised Budget (Kshs.)		Expenditure (Kshs.)		Absorption (%)	
	County Executive	County Assembly	County Executive	County Assembly	County Executive	County Assembly
<b>Total Recurrent Expenditure</b>	<b>4,982,246,009</b>	<b>699,024,354</b>	<b>847,041,453</b>	<b>140,002,928</b>	<b>17</b>	<b>20</b>

### 3.47.9 Expenditure on Compensation of Employees

During the period under review, the expenditure on employee compensation totalled Kshs.856.53 million. The compensation-to-revenue ratio was 61 per cent. This expenditure on employee compensation shows an increase compared to the Kshs.549.73 million reported in a similar period in FY 2024/25. This is attributed to the significant number of casual employees who were absorbed on contract terms, leading to an increase in IPPD. Of this total, Kshs.429.86 million for the Health Sector employees, accounting for 50 per cent of the overall employees' compensation.

**Figure 270: Percentage of Employee Compensation to Revenue Received from the First Quarter of FY 2020/21 to the First Quarter of FY 2025/26**

Source: West Pokot County Treasury

Figure 270 shows that the Assembly apportioned 100 per cent of its first quarter of FY 2025/26 inflows towards compensation of employees while the Executive apportioned 73 per cent. Both entities exceeded the 35 per cent ceiling set by Regulation 25(1)(b) of the PFM (County Governments) Regulations 2015, highlighting that employee compensation was prioritised over other expenditures in the review period.

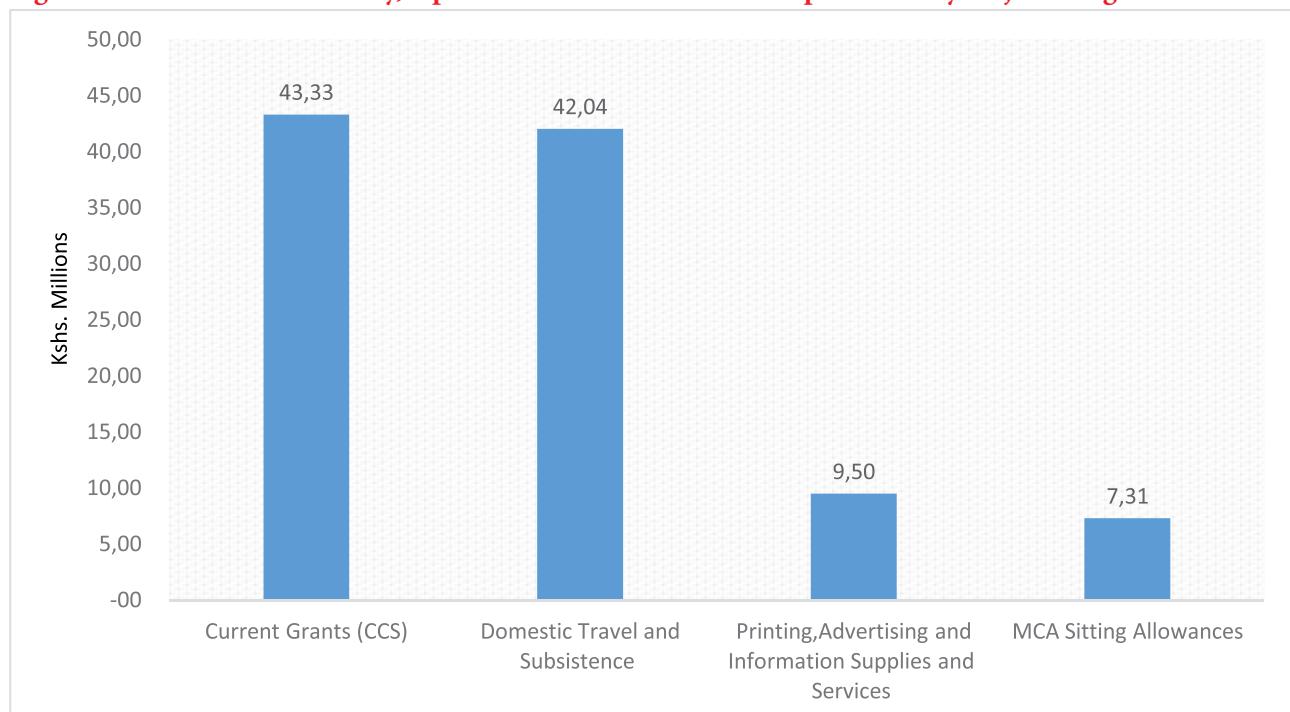

Further analysis indicated that PE costs amounting to Kshs.856.53 million were processed through the Human Resource Information System (HRIS). The County Assembly spent Kshs.7.31 million on committee sitting allowances for the 33 MCAs against the annual budget allocation of Kshs.30.50 million. The average monthly sitting allowance was Kshs.73,851 per MCA. The County Assembly has 26 House Committees.

### 3.47.10 Expenditure on Operations and Maintenance

During the reporting period, the County spent Kshs.130.51 million on operations and maintenance, representing an increase of 476 per cent compared to FY 2024/25, when the County spent Kshs.22.66 million. Figure 271

summarises the Operations and Maintenance expenditure by major categories.

**Figure 271: West Pokot County, Operations and Maintenance Expenditure by Major Categories**

Source: West Pokot County Treasury

### 3.47.11 Unbundling “Other Operating Expenses” Under Operations and Maintenance Expenditures

The budget performance report submitted to the Controller of Budget for the first quarter of FY 2025/26 shows that the County spent Kshs.30.74 million under “other Operating expenses” translates to 24 per cent of the cumulative operations and maintenance expenditure of Kshs.130.51 million. The disaggregated item under the “Other Operating Expenses” category is shown in Table 3.525.

**Table 3.525: Breakdown of “Other Operating Expenses” under O&M Expenditures**

Code	Item	Budget (Kshs)	Expenditure (Kshs.)
2211309	Other Operating Expenses	40,000,000	30,743,967
	<b>Total</b>	<b>40,000,000</b>	<b>30,743,967</b>

Source: West Pokot County Treasury

A review of the other expense items listed in the table revealed that they were recorded with generic descriptions, making it difficult to determine their nature and map them to the correct budget codes.

### 3.47.12 County-Established Funds

Section 116 of the PFM Act 2012 allows County Governments to establish other public funds, subject to approval from the County Executive Committee and the County Assembly. The County allocated Kshs.28.27 million to County-established funds in FY 2025/26, or less than 1 per cent of the County’s overall budget. Furthermore, the County allocated Kshs.10 million to the Emergency Fund (less than 1 per cent of the total budget) in line with Section 110 of the PFM Act, 2012. Table 3.526 summarises each established Fund’s budget allocation and performance during the reporting period.

**Table 3.526: Performance of West Pokot County Established Funds in the First Quarter of FY 2025/26**

S/No.	Name of the Fund	Year Established	Approved Budget Allocation in FY 2025/26 (Kshs.)	Exchequer Issues in First Quarter of FY 2025/26 (Kshs.)	Actual Expenditure in the First Quarter of FY 2025/26 (Kshs.)	Cumulative disbursements to the Fund (Kshs)	Submission of Financial Statements (Yes/No.)
<b>County Executive Established Funds</b>

	Staff Car Loans and Mortgage	2018	-	-	-	191,750,000	No
	<b>Total</b>		<b>28,272,000</b>	-	<b>509,691,075</b>	<b>8,439,600,000</b>	

Source: West Pokot County Treasury

During the reporting period, the CoB did not earn quarterly financial reports from 3 Fund Administrators, as indicated in Table 3.526, contrary to the requirement of Section 168 of the PFM Act, 2012.

Regulation 197(1)(i) of the Public Finance Management (County Governments) Regulations, 2015, allows County Governments to establish public funds with a lifespan capped at 10 years unless extended by the County Assembly. In FY 2025/26, the CoB established that the lifespan of **none of the Funds** had lapsed.

### 3.47.13 County Corporations

The County has two County Corporations, which were allocated Kshs.112.80 million in FY 2025/26. There was no expenditure for the review period, as shown in Table 3.527.

**Table 3.527: Performance of West Pokot County Corporations in the First Quarter of FY 2025/26**

S/No.	Name of the Corporation	Approved Budget Allocation in FY 2025/26 (Kshs.)	Exchequer Issues (Kshs.)	Actual Transfers in FY 2025/26 (Kshs.)	Cumulative Transfers to the Corporation since its inception (Kshs.)
	Chepareria Municipality	12,150,000	-	-	7,150,000
	Kapenguria Municipality	100,647,857	-	-	266,609,300
	<b>Total</b>	<b>112,797,857</b>	-	-	<b>273,759,300</b>

Source: West Pokot County Treasury

### 3.47.14 Expenditure on Domestic and Foreign Travel

Expenditure on domestic travel amounted to Kshs.42.04 million and comprised Kshs.39.13 million spent by the County Assembly and Kshs.2.92 million by the County Executive. Facility Improvement Financing

During the review period, the County reported collections of Kshs.35.15 million as FIF, which was 18 per cent of the annual target of Kshs.192.81 million. The collected amount was retained and utilised at source in line with the Facility Improvement Financing Act, 2023. The County has (however, not) developed regulations to operationalise the FIF Act of 2023.

The expenditure by the health facilities amounted to Kshs.17.23 million, as shown in Table 3.528.

**Table 3.528: West Pokot County Health Facilities Expenditure Performance in FY 2025/26**

No.	Health Facility	Number of Facilities	Approved Budget (Kshs.)	Actual Expenditure (Kshs.)	Absorption rate (%)
1.	Kapenguria County Referral Hospital	1	132,800,000	12,789,282	39
2.	Kacheliba Sub-County Hospital	1	24,005,000	1,514,653	26
3.	Chepareria Sub-County Hospital	1	20,000,000	1,127,280	23

### 3.47.15 Development Expenditure

During the review period, the County reported spending nil on development programmes, which is consistent with FY 2024/25, when the County also spent nil.

### 3.47.16 Budget Performance by Department

Table 3.529 summarises the approved budget allocation, expenditure and absorption rate by departments in the period under review.

**Table 3.529: West Pokot County, Budget Allocation and Absorption Rate by Department**

Source: West Pokot County Treasury

Analysis of expenditure by departments shows that the Department of Public Works, Transport and Infrastructure had the highest recurrent expenditure-to-budget ratio at 27 per cent, while the Department of Special Programmes had the lowest at 1 per cent.

### 3.47.17 Budget Execution by Programmes and Sub-Programmes

The recurrent sub-programmes with the highest levels of budget implementation, based on absorption rates,

were General Administration and Planning and Support Services at the County Assembly, and the Department of Roads, Public Works, Transport, and Infrastructure, at 36 per cent and 31 per cent, respectively, of the budget allocation. No development expenditures were reported by any programmes during the review period.

### **3.47.18 Accounts Operated in Commercial Banks**

Regulation 82(1)(b) of the PFM (County Governments) Regulations, 2015, requires that County Government bank accounts be opened and maintained at the Central Bank of Kenya. The only exemption applies to imprest bank accounts for petty cash and to revenue collection bank accounts.

Further, Regulation 82(4) of the Public Finance Management (PFM) Act requires accounting officers to obtain written authorisation from the County Treasury before opening a commercial bank account. Additionally, Regulation 82(5) of the Public Finance Management (County Governments) Regulations, 2015, requires the County Treasury to submit a copy of the letter authorising an accounting officer to open a commercial bank account to the Controller of Budget.

The County Government operated 24 accounts with commercial banks, including 7 for Health Facilities, 7 for Vocational Training Centres, 5 for Established Funds, 2 revenue accounts, and 3 imprest accounts.

The County Treasury did not submit copies of the authorisation letters to the Controller of Budget for the opening of 24 commercial bank accounts, as required by Regulation 82(5) of the Public Finance Management (County Governments) Regulations, 2015.

### **3.47.19 Key Observations and Recommendations**

In the course of overseeing and reporting on the implementation of the County budget, the CoB identified the following challenges, which hampered effective budget implementation;

- i. The County Treasury's late submission of financial reports to the Controller of Budget affected the timely preparation of the budget implementation report, which was earned on 29<sup>th</sup> October, 2025.
- ii. The underperformance of own-source revenue at Kshs.57.93 million against an annual target of Kshs.290.96 million, representing 20 per cent of the financial year target, which is below the expected 25 per cent.
- iii. Low development performance in the review period, Fund Administrators failed to submit quarterly financial and non-financial reports to the CoB within the timelines provided by law, which is against the requirement of Section 168 of the PFM Act, 2012. The reports for the West Pokot County Emergency Fund, Members Car Loans and Mortgage Fund and Staff Car Loans and Mortgage Fund were not submitted to the CoB as of 15 July 2025.
- iv. Non-submission of copies of authorisation letters for opening commercial bank accounts as per Regulation 82(5) of the Public Finance Management (County Governments) Regulations, 2015.
- v. The County reported revenue arrears of Kshs.61.95 million on ordinary OSR as of 30th September 2025. These revenue arrears limited funding for County activities.

The County should implement the following recommendations to improve budget execution:

- i. *The County Treasury should ensure the timely preparation and submission of financial reports to the Office of the Controller of Budget per the timelines prescribed in Section 166 of the PFM Act, 2012.*
- ii. *The County should address its own-source revenue performance to ensure the approved budget is fully financed. Appropriate austerity measures should be implemented to ensure expenditure commitments are aligned with available revenue.*

- iii. The County should implement strategies to increase development expenditures in FY 2025/26.*
- iv. The County Treasury should ensure it submits copies of authorisation letters to OCoB for opening commercial bank accounts to enhance accountability and oversight.*
- v. The County needs to develop strategies to collect these outstanding arrears to improve budget implementation.*

## 4. KEY OBSERVATIONS AND RECOMMENDATIONS

### 4.1. Introduction

This section highlights the issues that affected budget implementation and reporting in the first quarter of FY 2025/26 and provides recommendations to address the challenges. The cross-cutting challenges included the following:

### 4.2. Delay in Submission of County Appropriation Acts, Budget Books, and Governors' Warrants for FY 2025/26 to the Controller of Budget

According to Article 207 of the Constitution, funds may be withdrawn from a County Government's revenue fund as authorised by an Act of Parliament, County legislation, or an appropriation specified in County law. Additionally, Section 131 of the Public Finance Management (PFM) Act 2012 mandates that the County Executive Committee Member for Finance prepare and publish the approved budget estimates. Furthermore, Regulation 20 of the PFM (County Governments) Regulation 2015 requires that the Governor's warrant be transmitted to the Controller of Budget (CoB) by the County Executive Member to authorise withdrawals in accordance with Article 228 of the Constitution. This process is expected to be completed before the start of a new financial year on 1st July.

**Observation:** There were delays in the submission of Appropriation Acts, Governors' Warrants, and approved budget documents by the County Governments. The last submission occurred on 4th September 2025, as detailed in Annex I. These late submissions hindered the implementation of the FY 2025/26 budgets and delayed exchequer requisitions.

**Recommendation:** *The CoB recommends that County Governments ensure the timely submission of their Appropriation Acts, Governors' Warrants, and Budget Books by the beginning of the financial year on 1st July. This will facilitate the prompt commencement of budget implementation, including the submission of exchequer requisitions.*

### 4.3. Delay by the Parliament to enact the County Governments Additional Allocations Bill 2025

The County Governments Additional Allocation Bill (CGAAB) facilitates the transfer of additional funds to County Governments from the National Government's revenue share and from development partners' loans and grants.

**Observation:** The CGAAB of 2025 proposes additional allocations to County Governments for FY 2025/26, amounting to Kshs.93.53 billion to be disbursed through the relevant National Government ministries, departments, and agencies. However, delays in enacting this bill hinder the timely release of additional funds, which, in turn, affect the implementation of related programs within the budget.

**Recommendations:** *The CoB recommends the prompt enactment of the CGAAB to ensure the timely implementation of the associated programs during the remaining period of FY 2025/26.*

### 4.4. Delay by the National Treasury to disburse the Equitable Share of Revenue raised nationally.

For effective budget implementation, predictability and timely release of funds are essential. Article 206 establishes the Consolidated Fund, while Article 207 establishes the County Revenue Funds. The County Allocation of Revenue Act of 2025 outlines the equitable allocation of Kshs.415 billion among the County Governments from revenue collected by the National Government for the financial year 2025/26. This amount is to be disbursed monthly from the Consolidated Fund to the respective County Revenue Funds, in accordance with an approved disbursement schedule.

**Observation:** As of 30th September, 2024, the National Treasury had disbursed Kshs.66.13 billion as the equitable share for the FY 2025/26 for July and August. However, by the end of the first quarter, a one-month lag had occurred, as the National Treasury had not yet disbursed the September allocation. This delay negatively

impacted the County Governments' cash flow and hindered budget implementation.

**Recommendation:** *The National Treasury should ensure the timely disbursement of the equitable share of revenue raised nationally, in accordance with the disbursement schedule. Disbursements from the Consolidated Fund to the County Funds should be made by the 15th day of each month.*

#### 4.5. Underperformance in Own-Source Revenue Collection

Article 209(3) of the Constitution allows County Governments to impose property rates, entertainment taxes, and any other taxes authorised by an Act of Parliament.

**Observation:** In the first quarter of FY 2025/26, County Governments collectively generated Kshs13.94 billion in own-source revenue, including the Facility Improvement Financing. This amount represented 15 per cent of their annual target of Kshs.93.89 billion. Underperformance in revenue generation has led to budget shortfalls, hindering the full execution of planned activities. Six County Governments collected 10 per cent or less of their OSR targets, while thirty-one Counties collected between 11 and 19 per cent, and ten Counties achieved 20 per cent or more.

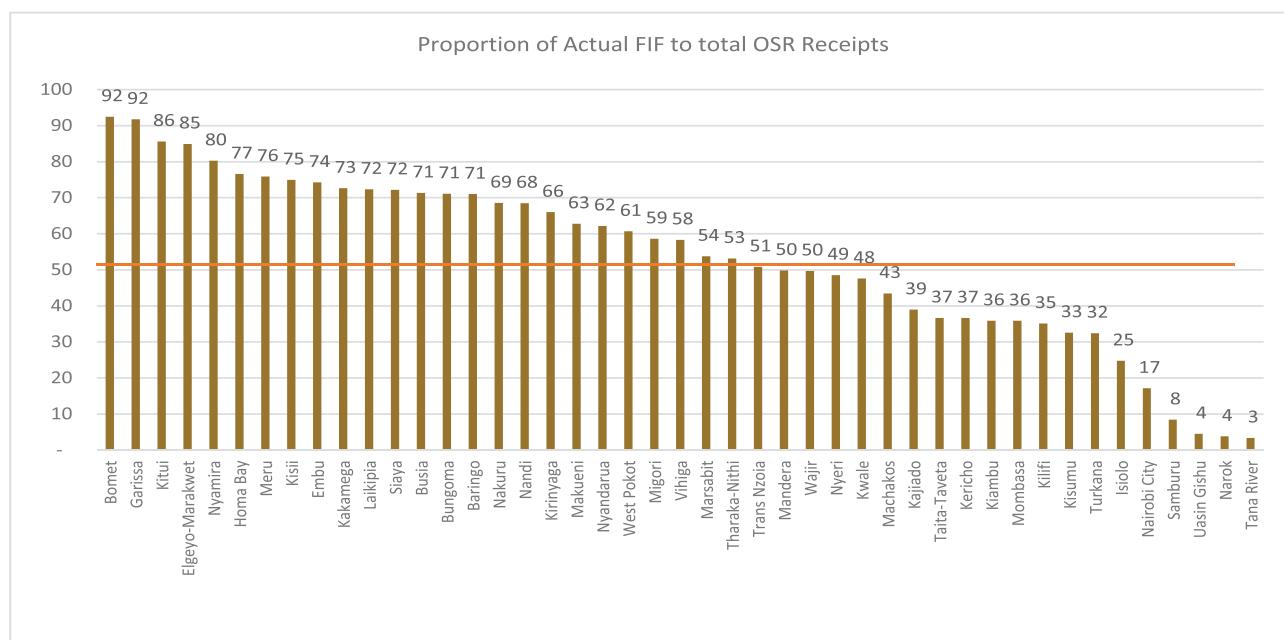

**Recommendation:** *County Governments should enhance revenue collection mechanisms by improving revenue administration. Counties are encouraged to explore innovative strategies to broaden the revenue base and collection of revenue arrears, which had accumulated to Kshs.156.23 billion as of 30th September 2025*

#### 4.6. Increased Overdependence on Funding from Facility Improvement Financing

The Facilities Improvement Financing Act of 2023 establishes an efficient, secure, and accountable mechanism for collecting, retaining, and managing revenue derived from health services provided at public health facilities in Kenya. It also encourages equitable financing for health facility improvements, including benefit-sharing, in accordance with relevant Kenyan laws.

According to Section 107(2)(f) of the Public Finance Management (PFM) Act of 2012, the County Treasury is responsible for managing the County Government's public finances while ensuring that fiscal risks are handled prudently.

**Observation:** In the first quarter of FY 2025/26, revenue from the Facilities Improvement Financing (FIF) accounted for over 50 per cent of total local revenue in 28 Counties, up from 26 during the same period in FY 2024/25. This growth can be attributed to several factors, including improved health service delivery at the County level. While this advancement is commendable, it also raises concerns about potential overdependence on a single revenue stream.

**Recommendations:** The CoB commends the County FIF's performance but recommends that Counties also enhance the performance of other revenue streams to mitigate the risk of relying too heavily on a single funding source.

#### 4.7. High Levels of Trade Payables

Regulation 41(2) of the Public Finance Management (County Governments) Act of 2012 states: "Debt service payments shall be a first charge on the County Revenue Fund, and the Accounting Officer shall ensure this is done to the extent possible so that the County government does not default on debt obligations."

In the FY 2025/26, with support from the Kenya Devolution Support Program II (KDSP II) and multi-stakeholder involvement, County Governments implemented an approved template for trade payables. This includes a trade payables universe listing all outstanding bills held by a County, an action plan outlining the trade payables to be settled in FY 2025/26, along with proposed payment timelines, and a tracking template to monitor the implementation of this plan.

**Observation:** As of 30th September, 2025, the Controller of Budget reported that County Governments had cumulative trade payables amounting to Kshs.177.47 billion, a decrease from Kshs.183.03 billion reported as of 30th June 2025. As indicated in Chapter Three of this report, several County Governments did not adhere to their payment plans for trade payables for the first quarter of FY 2025/26. The accumulation of trade payables hinders service delivery and disrupts business operations.

**Recommendations:** County Governments are advised to prioritise the settlement of eligible trade payables as a first charge on their budgets, in compliance with the law, and to adhere to the trade payables action plan submitted for FY 2025/26.

#### 4.8. Low Expenditure on Development Programmes

According to Section 107(2)(b) of the Public Finance Management (PFM) Act of 2012, at least 30 per cent of County Governments' budgets must be allocated to development expenditures over the medium term. Additionally, Regulation 25(1)(g) of the PFM (County Governments) Regulations 2015 stipulates that the actual spending of County Governments on development should align with this requirement.

**Observation:** In the first quarter of FY 2025/26, County Governments spent Kshs 3.69 billion on development activities, representing an absorption rate of 2 per cent of the annual development budget of Kshs 220.46 billion. This reflects a 45 per cent decrease compared to the Kshs 6.71 billion spent during the same period in FY 2024/25. Further analysis revealed that 20 County Governments reported nil development absorption rate, while 26 Counties reported an absorption rate of 10 per cent or less for their development programs.

**Recommendation:** The Controller of Budget advises County Governments to increase their expenditures from development budgets for the remainder of FY 2025/26. This action will help improve the absorption rate of development funds and promote overall County development.

#### 4.9. Lapsing of Established Fund Regulations

According to Regulation 197(1)(i) of the PFM (County Governments) Regulations 2015, the lifespan of public funds is limited to ten years unless the County Assembly extends it.

**Observation:** As of 330th September 2025, seventy-nine regulations governing established County Funds have either lapsed or are nearing expiration (see Chapter Two for details). The lapsing of these regulations means that these funds are no longer eligible for further withdrawals from the Exchequer.

**Recommendation:** The Controller of Budget recommends that County Governments review and extend these regulations to prevent operational disruptions. Additionally, the Controller advises that all expenditures from lapsed funds should cease immediately, and legal measures should be taken to either re-establish or wind up these funds in accordance with the PFM Act of 2012.

#### 4.10. Delay in Submission of Financial and Non-Financial Reports to the Controller of Budget

County Governments are obligated to prepare and submit both financial and non-financial reports as required by Section 166(4) and Section 168(3) of the Public Finance Management (PFM) Act, 2012. These reports should be submitted no later than one month after the end of each quarter. Additionally, Section 16 of the Controller of Budget Act, 2016, mandates that Accounting Officers cooperate with the Controller of Budget and respond promptly to any inquiries.

According to these regulations, the Controller of Budget has set the submission deadline for financial and non-financial reports for the review period as 15th October, 2025.

**Observation:** Despite these legal requirements, County Governments delayed submitting their financial and non-financial reports within the recommended timeline. This delay hindered the timely finalisation of the First Quarter County Budget Implementation Review Report for the FY 2025/26. Several County Governments submitted their first-quarter reports late, including Garissa (submitted on 11th November 2025), Nairobi (11th November 2025), Narok (10th November 2025), and Tharaka Nithi County (10th November 2025).

**Recommendation:** *County Governments should establish mechanisms to ensure compliance with the legal requirements for submitting quarterly financial and non-financial reports to the Controller of Budget as outlined in the law.*

## 5. CONCLUSION

The County Governments' Budget Implementation Review Report is prepared and published in accordance with Article 228(6) of the Constitution, which mandates the Controller of Budget (CoB) to submit a report on the budget implementation status for both the National and County Governments to each House of Parliament every four months. This report provides an overview of budget implementation for the first quarter of FY 2025/26. It presents an analysis of revenue performance and expenditures in relation to annual targets, and also highlights the key challenges faced by County Governments during this period.

For FY 2025/26, the combined budgets of County Governments total Kshs.603.72 billion. This amount includes Kshs.217.80 billion (36 per cent) allocated to development expenditure and Kshs.385.92 billion (64 per cent) to recurrent expenditure. During the reporting period, County Governments collected Kshs.13.94 billion in own-source revenue, which represents 15 per cent of the annual target of Kshs.93.89 billion. This marks an improvement compared to the Kshs.12.68 billion collected during the same period in FY 2023/24.

The equitable share of revenue raised nationally and transferred to County Revenue Funds for the financial year amounted to Kshs.66.13 billion. Additionally, Counties reported receipts from additional allocations totalling Kshs.874.88 million, along with a balance brought forward from FY 2024/25 of Kshs.26.32 billion. Overall, County Governments had a total of Kshs.107.27 billion available for spending during the first quarter of FY 2025/26. Total expenditure during this period was Kshs.55.15 billion, which represents an absorption rate of 9 per cent of the annual budget of Kshs.603.72 billion. Of this, recurrent expenditure totalled Kshs.51.46 billion, accounting for 13 per cent of the annual recurrent budget, while development expenditure was Kshs.3.69 billion, representing a 2 per cent absorption rate.

Key challenges that negatively impacted budget implementation during this reporting period included delays in the submission of County Appropriation Acts and budget books to the Controller of Budget, delays in the enactment of the County Governments Additional Allocations Bill 2025, delays by the National Treasury in disbursing the equitable share of nationally raised revenue, underperformance in own-source revenue collection, an overreliance on facility improvement financing, a high level of trade payables, and low expenditure on development programs. The report offers recommendations to address these challenges.

The Controller of Budget recommends that the County Executive and the County Assembly implement the recommendations outlined in Chapter Four of this report to enhance budget implementation.

# ANNEXES

## Annex I: Submission of Appropriation Acts, Governors' Warrant and Budget Books to OCoB
